PETERBOROUGH BRANCH

E. HARDLEY-WILLOT, MANAGER

The Appropriations Will Greatly Benefit Peterboro'

Money to be Spent on Trent Canal for Nine Months Ending May 1st, 1907, Will be of Great Local Benefit—$2000 to Clear Otonabee River Above Waterworks—$8000 for Works to Conserve Waters and Insure Steady Flow--Other Items of Expenditure on the Canal.

The details of the appropriation made for expenditure on the Trent Canal for the nine months ending May 1, 1907, have been received by The Examiner, and from them it is learned that the Government has provided for some very important work on the canal between now and that date. Some items of proposed expenditure are of particular local interest, and it will be good news to learn that the Government has decided to spend the money as indicated.

For Purer Water.

Perhaps the item of the most vital interest to the city is the appropriation of $2,000 which has been made for the purpose of re-rapping (facing with broken stone) the banks of the river above the waterworks power house to Lakefield, and removing dead trees and logs from the bottom of the river, as well as other rubbish, which has from time to time found its way into the water, and the presence of which has a tendency to pollute the water. This work was decided on at the request of the Water Commissioners, and the chairman of the Board has written a letter in which he expresses the appreciation of the work of Mr. R. R. Hall in securing this appropriation for the benefit of the citizens of Peterborough.

Conservation of Water.

Another item in the appropriation in which Peterborough people are specially interested is that of $8,000 for improving the dams on the Gall and Burnt Rivers. The effect of this work will be to make it possible to ensure a steady flow of water on the river, a matter of great importance to the interests, both of navigation and power, by which interests it will be fully appreciated. It is impossible to over-estimate the value to this city of being able to guarantee for the whole year a full flow of water.

Stop Floating Islands.

The expenditure of $1,000 at Pigeon Creek is also a matter of considerable local interest. For years the cottagers at Chemong Park and the steamboat men, and others navigating that lake, have been annoyed by what are known as floating islands, large deposits of partially decayed vegetable matter which float around the lake. It is now proposed to place a boom on Pigeon Creek, at an expense of $1,000, and the effect of this will be that it will prevent these masses of weeds from getting into the lake, consequently there will be no further trouble from this source.

The Details of Expenditure.

Other items of interest are:

Dredging Little Lake, $1500.

Dredging channel in Lake Katchewanooka, $2500.

Dredging in Otonabee River below Peterborough, $1500.

New storehouse at Peterborough, $1500.

(It might be mentioned that this storehouse is at No. 6 lock, and is already under construction.)

New landing pier at entrance of Buckhorn Lake, $2500.

New landing pier upper entrance to the lock at Young's Point, $2500.

Buoying out channel in Stony and other lakes, $1000.

Painting bridges, $1500.

Lockmaster's residence at No. 4 lock, $1500.

General repairs, $23,500.

The major part of this expenditure will be in West Peterborough, and the appropriations have been made at the instance of Mr. R. R. Hall, who succeeded in working them through the House, for his action in doing which no doubt his constituents will remember him.

In East Peterborough.

At Burleigh in East Peterborough, $3500 will be spent in repairs to the lock gates, for which Mr. John Finlay must receive credit.

In addition to all the above $15,000 was voted for maintenance and repairs to the Balsam Lake Division of the canal.

Lindsay has not been forgotten, either, for $2500 is included in the moneys to be spent, for a new steel bridge across the river at that town, a structure which the citizens have been wanting for some time.

Every Estimate Passed.

The superintendent of the canal in connection with these appropriations, enjoys an unique position in that every dollar asked for by him for expenditure on canal account was voted, his estimates passing through without the usual reductions being made.

This money voted must all be spent by May 1st, 1907, when another appropriation will be made by the Government, and work will be begun at once.

Mr. H. Morgan Appointed The Carpenters' Delegate

Will Attend Annual Meeting of United Brotherhood at Niagara Falls, N.Y.—Many Matters of Importance to Come Up.

At the last meeting of the local branch of the United Brotherhood of Carpenters and Joiners of America, Mr. H. Morgan was appointed delegate to attend the annual meeting of the Brotherhood which will be held this year at Niagara Falls, N. Y., commencing on September 17th, and continuing in all probability for two weeks, or until all the business has been wiped off the slate. Mr. W. H. Roberts was named as alternative.

It is expected that at this meeting the question of the proposed amalgamation of the United Brotherhood and Amalgamated Society will be settled. In the meantime the result of the referendum vote taken on the question will have been received, and the feeling of the local unions will be known.

The meeting will be attended by several hundred delegates and considerable important business will be up for consideration.

MR. H. MORGAN,
Appointed Delegate to Carpenters' Annual Meeting.

Mr. Mulhern Rested Well Yesterday

Letter From Toronto Speaks Hopefully of His Condition.

A letter was received from Toronto to-day stating that Mr. H. A. Mulhern was resting easily and was doing as well as could be hoped. His friends here join in the wish that his condition may continue to improve.

In Honour Of Young Couple

Mr. W. C. P. Heathcote Gave Reception at Chemong Last Night.

Last night at Chemong Park, Mr. W. C. P. Heathcote, gave an enjoyable reception and tea to nearly one hundred guests, in honour of his sister, Mrs. Noel Baxendale, and Mr. Baxendale, of Allington Manor, Hampshire, England.

Tea was served from 5.30 to 7 o'clock, Mr. Harry Long catering most acceptably. The large table was becomingly decorated with ferns and sweet peas, and the spread was delightful. Mrs. Baxendale proved a most charming hostess.

Both Mr. and Mrs. Baxendale were enthusiastic in their opinions of this country and characterized Ontario as a delightful province.

They have made many friends in Peterborough and vicinity, and their departure from these parts will be sincerely regretted.

The Russian Situation Hourly More Desperate

The Czar Making Preparations to Make His Escape at Moment's Notice--U. S. Ambassador Meyer Sends His Family Away.

Examiner Special.

St. Petersburg, July 25.—So desperate is the situation to-day that foreigners, including the wife and children of the United States Ambassador, Meyer, are fleeing from St. Petersburg. Mrs. Meyer and the children left on the northern express to-day. The Imperial yacht is anchored off Peterhof with steam up ready to take the Czar to a place of safety at the first sign of danger.

Another Assassination.

Warsaw, Russian Poland, July 25.—Col. Salomatoff, of the Gendarmerie was stabbed to death here to-day. The assassin escaped.

Moscow's Danger.

Moscow, July 25.—The massing of troops in this city continues. The leading railway lines are carefully guarded and the whole city is under semi-martial law. In addition to the regular troops guarding Nicholas station, the terminus of the line between Moscow and St. Petersburg, a machine gun detachment is on duty.

The Railway Company Loses Important Suit

Must Maintain and Operate in Future and For All Time the Swing Bridge Across Canal Here—Exchequer Court Renders Judgment.

An important suit in which the Dominion Government and the C.P.R. are involved and which is of considerable local interest, has just been decided in the Exchequer Court, at Ottawa. It appears that since the Trent Canal from the Lift Lock to the Little Lake has been open, and the swing bridge across the canal operated, the C.P.R. has rendered monthly accounts to the Department of Railways and Canals for the maintinence of the bridge. The Government refused to honour the accounts and the Company took the matter to the Court, entering a suit to recover the cost of operating the bridge since it opened, and also making it obligatory upon the Government to maintain and operate it in the future.

The Solicitor General defended the Government in its suit and produced an agreement with the Ontario and Quebec Railway, of which the C.P.R. are the successors, by which the Company agreed to construct and maintain a swing bridge over the Otonabee River at Peterborough in case it was necessary to do so in the interests of navigation, in return for the privilege of crossing the river with this bridge.

The Government claimed, of course, that the bridge on the canal here should be taken as a bridge over the river, and the Court upheld that view, and as a result a judgment was rendered in favour of the Government, with costs to the Railway Company. So that in future the Company will have to maintain for all time bridge over the canal here.

24th Battery Hard At Work

They Will Go to Pettawawa on August 11th.

The 24th had another fine gun-laying practice last night in East City. The turnout was very encouraging and good progress is being made. The members of the battery present a very neat appearance and are becoming very proficient. There will be another drill to-morrow night.

Those who will go to Pettawawa have not yet been chosen, but will be in the near future. It is definitely learned that the date the battery will go to Pettawawa will be the 11th of Aug.

The 21th distinguished themselves at the Cobourg Camp with comparatively no drilling and at Pettawawa should make a showing that will be a credit to themselves and the city as well.

It is proposed to erect a monument to Emile Zola in the garden of the Tuileries, Paris [illegible]

ENGAGED ONE HOUR; THEN SHE WEDDED

Greencastle, Ind., July 24.—As a Vandalia passenger train sped toward this city bearing John M. Stanley and his sweetheart, Miss Bessie Bentley, both of Brazil, the young man "popped the question," which, having been answered with a satisfactory "yes," resulted in their marriage here shortly after their arrival an hour later.

When they boarded the train at Brazil they had no intention of marrying.

Mechanics

Who appreciate accurate time will profit by having their Watch Repaired at Frost's Diamond Hall.

Every Watch left with Frost for Repairs receives the closest attention skilled hands can give, and every Watch Frost repairs is fully guaranteed to give good account of itself.

Another important matter is that while Frost's Work is First Class in every particular Frost's prices are always the lowest that good work can be done for.

We also make a specialty of small Jewellery Repairs.

Rare Chance —FOR— BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Ingle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice shrubs and ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Carla streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving to Peterborough, we are authorised to dispose of the above property en bloc or sub-divided as per plan at our office [illegible] and full particulars on application.

The Largest Jack Manufacturer in the World Writes about

Zutoo

Regarding your Zutoo Tablets I beg to say: I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market, till warned by my physician to discontinue their use on account of their bad effects on the heart. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "sick" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever needed with equally good results. I have frequently given them to friends who were suffering from headache and they never fail to give quick relief. I find them a good remedy for "sour" stomach as well as headache. I always carry them in my grip on the road and would not be without them at any cost.

Best Kidney Remedy Known To Science

For pain in the back—scanty urine—highly colored urine — irritated bladder — irregular bowels—bad stomach — there is nothing that will bring such quick relief and so certain a cure as FRUIT-A-TIVES.

These marvelous tablets are nature's natural remedy for irritated or weakened kidneys. They act directly on the kidneys—soothe the irritated membranes—clean, heal and strengthen the organs—and help them to new vigor with their work.

Often kidney trouble is not due to any organic defect in the kidneys. If the bowels are constipated—if the skin does not throw off the tissue waste of the body—then these impurities are carried to the kidneys. In a vain endeavor to rid the system of impurities, the kidneys are overworked—the blood vessels are dilated—the nerves inflamed. That causes a host of kidney troubles.

Fruit-a-tives OR "FRUIT LIVER TABLETS"

not only heal and strengthen the kidneys but they also increase the action of the skin, and act directly on the liver, thus curing the constipation.

FRUIT-A-TIVES are the natural and logical cure for all kidney troubles. They are made of fruit and tonics—are pleasant to take—and a guaranteed cure when faithfully used. 50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

WEDNESDAY, JULY 25, 1906.

NON-PARTIZAN GOVERNMENT

Mr. Whitney, on assuming, or shortly after assuming, office, made considerable parade of his intention to administer his great trust without regard to partizan considerations. He also declared that he would dismiss no member of the civil service without fair trial. How he has kept or rather broken, these pledges, there is abundant evidence. He was to rescue the license law from political influences, and we all know how he has kept, or rather broken, this implied pledge. We all remember the Toronto License Inspector, the Peterborough License Inspector, and scores of other License Inspectors and Commissioners who have had to walk the plank to make room for political party favourites. Three Hamilton hotelkeepers were deprived of their licenses for cause this year, and it was supposed that under Mr. Whitney's policy of divorcing license law administration from party politics, this incident was closed. But the politicians became active and the licenses are to be restored—"to the victors belong the spoils"—and thus we have another instance of Mr. Whitney being "bold enough to be honest." He declared that under Conservative rule License Commissioners would be removed from political influences. Yet we have here an example of these hotel licenses being cut off because the premises, or persons represented by them, did not comply with the law and were undesirable, restored, and the dictum of the Commissioners over-ridden at the beck of a few ward politicians. Under the previous Government the policy of the License Department was a refusal to interfere with the course the local Commissioners adopted, but of course, under the late Government, there was no lofty policy of separating the administration of the License Department from political influences. The Welland Telegraph, narrow-guage Conservative, says: "There is many a Beatedo in the Ontario civil service, and the whole outfit should be made to walk the plank. The man who holds a Government job should know no party." Yet it is rapidly coming to pass in Ontario that only the civil servant who is a good Conservative can hold an office, and he must, in the discharge of his duty, keep in touch with the Conservative members, and if he is an official of the Fisheries Department, perform his duty in conformity with the wishes of said members in regard to licenses, etc.

IN THE INTERESTS OF SPOILSMEN.

The mining law passed by the Whitney Government is so defective and so little in the public interests that even Conservative papers as rabid as the Ottawa Citizen, are finding vigorous fault with it. As the Opposition predicted while it was under discussion, it is working out so as to permit of partizan favours being liberally extended. A near relative of Mr. Dennis Murphy, ex-M.P.P., Ottawa, should know something about being on the ground floor in respect of a gold claim. This is only an isolated instance of what the mining law is capable of doing in the way of conferring partizan favours. It will prove a valuable adjunct to the civil service in providing rewards for the faithful.

"WATCH US GROW."

The foreign trade of Canada for the year ending June 30th, 1906, reached the enormous total of over half a billion dollars—five hundred and fifty-two millions —an average, placing our population at six millions, of $92 per head, a larger figure perhaps than that of any country in the world. Nothing but such figures could demonstrate the abundant prosperity and amazing growth and development of Canada, which is bound to be more or less permanent, for so great are our resources that we are just beginning to realize upon our tremendous natural assets. Thirty years ago the total foreign trade of Canada was less than one hundred and seventy-five millions. Between that and 1896 a period of twenty years, the growth of trade was only sixty-five millions; whereas between 1896 and 1906, or a period of ten years, the increase of foreign trade was three hundred and thirteen millions. That is in ten years, or since the Liberal Government came into power, our total trade has more than doubled. In the preceding years under the Conservative regime the increase was an average of two and one-quarter millions per year, while under the Liberal regime it has been thirty-one millions a year, or the increase under Liberal administration was about fourteen times greater than under that of the preceding Conservative administration. Coincident with the increase in trade there has been a corresponding improvement in every department of national life. Under Divine Providence the future greatness of Canada is assured.

EDITORIAL NOTES.

If the city is to provide a site for the Normal School building to be erected here, it is time that something was being done. A news paragraph in another column states that the Provincial Architect has prepared plans for the four buildings which have been approved by the Government. It is high time that Peterborough was on the alert selecting a site. Such a site must necessarily be approved by the Government, and since the first site offered to the Government may not be accepted, it is desirable that the question should be settled at once so that unnecessary delay in beginning building operations may not be placed to the credit of the city.

The Ottawa Free Press says that it is unlikely that the camp for No. 3 District, will go to Cobourg again, and unless Kingston rises to the occasion and does something to secure the return of the camp there, some other site will be selected. The Cobourg camp ground is too out up, and the units have to be separated too widely for convenience. Peterborough has, with energetic action, a chance for the camp next year.

The sale of the Penman Woollen Mills, at Paris is, says the London Advertiser, of more than ordinary interest at a time when many woollen manufacturers are in a complaining mood. The $10 shares of the company have realized $346. This handsome figure cannot be reconciled with the statement that the Canadian Woollen industry is not receiving fair treatment. The success of the Penman Company suggests that if some Canadian woollen manufacturers are not prospering the fault cannot be laid at the door of the tariff.

There is an agitation in some quarters for an improvement in the amount of the stipends of ministers. This is a proposition which should not escape commendation. We have Scriptural assurance that the "labourer is worthy of his hire," but apart from this, modern conditions demand that ministers have a position in society and the dignity of the sacred office to maintain. Their profession excludes them from entering into secular occupations to provide for their future of their families. Another reason is that a minister's usefulness is lessened and his capacity for effective pulpit ministration impaired if he is subject to harassment on the score of ways and means.

Big Excursion From Oshawa

Metcalf Street Sunday School Going to Stony Lake.

The people of Oshawa are evidently in love with Stony Lake. For the second year in succession the Metcalf street Methodist church Sunday school ran an excursion to Burleigh Falls, and at 9.30 this morning a double-header G.T.R. train pulled into the station, carrying about 500 excursionists, the majority of whom continued on to Lakefield, where one of the steamers of the Trent Valley Navigation Co. was boarded for a trip to Burleigh Falls, calling en route at McCracken's Landing. A number remained off at Peterborough and will spend the day visiting friends here.

Thought Feathers Were Wasted

Realism of Moving Pictures Called Forth Peculiar Comment.

Jackson Park was again the scene of a large crowd last night which appeared to enjoy the excellent band concert as all as the moving pictures, which are yet in their infancy. "Peck's Bad Boy" and "The White Caps" are probably the favourites of this week's novelties and were warmly greeted.

The realism of the latter called forth many comments of more than passing interest. When the soul of feathers was being applied to the miscreant a lady who evidently thought of all the parlour cushions that might been filled with the downy material was heard to exclaim —"Oh what an awful waste of feathers!"

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Many Cities Have Early Closing

List of Those Places in Which it Was Effected.

The Labour Gazette this month reports that early closing arrangements went into effect in a large number of cities, including St. John, N.B., Ottawa, Ont., Peterborough, Ont., Niagara Falls, Ont., Brantford, Ont., Guelph, Ont., Woodstock, Ont., Stratford, Ont., London, Ont., St. Thomas, Ont., Windsor, Ont., Sault Ste. Marie, Ont., Brandon, Man., New Westminster, B.C., and Ladysmith, B.C.

THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well.

The "Best" Tonic is FERROZONE, which is both a food and a tonic; it aids digestion, promotes assimilation and converts food into blood, muscle, bone and nerves. No wonder it builds up the weak, makes them strong and vigorous!

FERROZONE

THE GREAT FOOD TONIC

FERROZONE contains exactly what your run-down system lacks. It supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles.

No combination of strength-giving, life-sustaining elements can surpass FERROZONE. Instant in effect, lasting in results, no medicine can benefit as much. You'll eat, sleep, think and feel better by using FERROZONE, which is a true tonic. Try it—now.

Ferrozone is sold everywhere in tin boxes or six for $2.50 by mail to any address from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

BOARD OF WORKS MEETING POSTPONED

A meeting of the Board of Works was called for last night but did not materialize owing to lack of a quorum. Most of the members of the committee were present but not at the same time, so that the meeting was postponed until Friday night.

MRS. O. D. ROBINSON.
Every Woman in America Is Interested in This Woman's Experience.

HER HEALTH DESTROYED BY PELVIC CATARRH.

"Pe-ru-na has prolonged my life and made a new woman of me."—Mrs. O. D. Robinson.

Mrs. O. D. Robinson, 48 St. Felix St., Brooklyn, N. Y., writes:

"I have taken Peruna and it did me more good than all my two years' treatment by special physicians.

"I can really say that I feel like another person. No more swollen feet and limbs. No more bloating of the abdomen. No more shortness of breath. No more stiff and sore joints. You have no idea what your treatment has done for me. It has prolonged my life and made a new woman of me.

"O, such a blessing I have received through your kindness, Doctor, and the assistance of the medicine which you so kindly prescribed.

"I am able to work since I began your treatment, but before I was not able to help myself, much less do any work. All praise is due to Dr. Hartman and his treatment."

COOLING
—AND—
NOURISHING

You will find Coleman's Ice Cream delicious, refreshing, strengthening. Being made from the purest Cream, it is as good as meat and yet it is cooling in its effects on the blood and by invalids is easily digested. Give it to Your Children.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—*Light to moderate winds and a little warmer. Thursday*—Moderate to fresh winds, fair and warm, with local thunder storms at night.

St. John's Church Choir.

—Will meet for full practice on Thursday of this week at 8 o'clock. Choral Evensong on Sunday next.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 226 McDonnel street. 'Phone 199.

Joint Meeting.

—To-night a joint meeting of the young people's society and those who usually gather at prayer meeting will be held in St. Andrew's.

Ladies' Aid Excursion.

—The Ladies' Aid Society of the Mark Street Methodist Church will run their third annual excursion to Idyl Wyld, on Tuesday, July 31.

Deacon's Meeting.

—To-night a meeting of the Deacons of the Murray street Baptist church will be held at 7.30, and at 8 o'clock the regular prayer meeting.

A Phonograph.

—Is one of the necessities for your summer home or your camp. Buy the Edison. It's the best. Call and hear them. J. M. Greene, Music Co. 6d19

Excursion From Toronto.

—To-morrow the excursion of the employees of Gooderham & Worts' distillery, Toronto, will be run to this city. A large number of persons are expected.

A Lively Scrap.

—This morning a lively scrap, in which two dogs were the participants, took place near the corner of Hunter and George street. A great crowd was quickly attracted.

Night Robes.

—If you can possibly do with another night robe or two, take a look in Lang & Maher's window, and there at 69 cents you'll find regular $1.00 quality. They won't last long at the price.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valiet," presser, cleaner and repairer of clothes, 351 1-2 George street. 'Phone 575.

Lawn Social.

—To-night four young ladies of All Saints' Junior Auxiliary will give a lawn social on the rectory grounds. An enjoyable evening is anticipated. The young ladies who will give this social are Misses Pearl Haskill, Marjory Latimer, Mabel Hooper and Bessie Latimer.

This is What You Want.

—The Sons of England Excursion to Jubilee Point on Thursday afternoon, August 2nd, via steamer Water Lily. Adults' tickets 40 cents children's 20 cents. Tell your friends to get their tickets early. The S.O.E. never advertises anything that isn't a success.

St. Luke's Sunday School.

—Excursion to-morrow promises to be a great success. The congregation and friends intend making it a congregational event, so that a happy time might be spent. The Sunday school officers will have a refreshment booth on board and sell ice cream, fruit, candies, etc. Races, etc., will be run at Jubilee Point, and prizes given to the winners. A prize for the largest family on board will also be provided.

The Government Will Pay For Normal Site

Deputy Minister of Education Declares Emphatically That Government Will Pay For It--Was in Hamilton Looking Over the Ground.

It now seems probable that the idea gained by the majority of persons that the city would have to donate the ground for the Normal School site to the Government is erroneous. At least, in Hamilton, according to the following despatch from that city, the Deputy Minister stated that the Government would pay for the site. The despatch says:

"Deputy Minister of Education Colquhoun and Inspector Seath arrived in the city from Toronto this afternoon. They were met by J. Orr Callaghan, chairman of the Board of Education, and other trustees, and driven to the various city schools. At 4 o'clock a meeting was held at the Collegiate, at which plans for the Normal School, which the Government proposes to erect here, were gone into. The Deputy Minister stated emphatically that the Government intended to pay for the site. He would not commit himself as to where this site might be."

It is highly probable that the Government will adopt the same policy in its treatment of all the schools, so that at present it looks as if the anxiety about the city's providing and paying for a site is unwarranted.

Thousands Of Dollars To Cover Storm Damage

Ennismore and Harvey Suffered Severely From Sunday's Storm--Fifty Farms Damaged From $200 to $500 Each--Some Crops Ruined.

It appears that the storm which passed over this city last Sunday, was much more severe north than it was here, Ennismore and Harvey particularly being heavy sufferers. In the former township fully fifty farms were affected, and it is estimated that the amount of damage done will run from $200 to $500, or even more, each. In some cases the field peas and potatoes were almost completely destroyed, while mangolds and other root crops suffered severely from the hail.

In some localities the fruit was pretty badly damaged and in the two townships mentioned the loss will run up to several thousand dollars.

Fortunately the storm did not spread over the whole county, and Mr. W. H. Wrighton who was in the eastern part of the county yesterday inspecting cheese, reports that beyond driving the grain to the ground, the storm did little damage.

Tax Collector Reports Money Coming In Freely

Many Persons are Paying Their Taxes Ahead of Time—Tax Collector Green Works Union Hours Now.

Tax Collector Green is a pretty busy man these days, and he pretty nearly makes his office his home. His hours are from 7 a.m. to 5 p.m., without any intermission for dinner. He does this in order that no one may have any excuse for not paying his taxes. Those who have to work until 6 o'clock can catch him at the noon hour.

Mr. Green states that the taxes are coming in at a satisfactory rate, and that he is kept busy every day until closing time.

Those who pay their taxes on or before Wednesday, Aug. 1st, one week more, will be given a discount of 2 per cent. off their bills and the majority of tax payers take advantage of this discount, the balance not paid by that date being always the hardest to collect.

Former Peterboro' Boy Tells Of Soo's Progress

New Blast Furnace Necessary to Supply Pig Iron for Steel Rail Mill--Business of the Town on Good Solid Basis Now--Mr. Geo. Porter Returns to Visit Mayor Best.

Mr. Geo. Porter, of Sault Ste. Marie, Ont., formerly of Peterborough, is in the city visiting his uncle, Mayor Best. Mr. Porter, who is on the staff of the large dry goods store of Ex-Mayor Thompson, is paying his first visit to Peterborough in four years, and is, of course, impressed with the progress made in that interval. Speaking of the Soo, he states that business there has been re-established on a more substantial basis since the troublesome times which the Consolidated Company passed through, and, happily safely weathered, and he looks forward to seeing the town make steady progress in the future.

The success of the Algoma Steel Co., one of the subsidiary concerns of the Lake Superior Corporation is particularly gratifying to Mr. Porter, as, of course, it is to all Scotties—and incidentally to many citizens who have property or other interests there—and he is confident that the future will see great things for this industry. At the present time they need another blast furnace to supply the steel rail mill with the pig iron, the two furnaces already in operation being insufficient to supply the demands the rail mill makes upon them for the raw material, and at present the company has to import the pig iron from the United States, the furnaces at Midland, from which some iron is procured being unable to supply the demand.

Another blast furnace which will cost about $1,000,000, seems to be the most pressing necessity of the company now, and it is not improbable that it will be erected in the near future.

Mr. Porter is accompanied on this trip by Mr. Brown, who is private secretary to Mr. D. D. Lewis, the superintendent of the steel plant, and the man who has succeeded in placing the plant, from a mechanical standpoint, on a satisfactory working basis.

PERSONAL MENTION

Those going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms, Telephone, Bell, 234; Machine, 57.

Please write proper names carefully and avoid annoying errors. The Examiner is always pleased to publish the news and many are interested in the coming and going of summer visitors. Tell your friends of your holiday through the Examiner.

Hon. Senator Cox was in the city to-day.

Pushing The Building Of Normal Schools

Plans for the New Buildings Have Been Approved by Education Department.

No time is to be lost by the Government in commencing the new Normal Schools to be erected at Hamilton, Peterborough, Stratford and North Bay. The plans and specifications prepared by the Provincial Architect have been approved, and the Department in conjunction with the municipalities is now determining the sites. In each case, as has been announced, the city furnishes the Government with a free location.

To-morrow Mr. A. H. U. Colquhoun, Deputy Minister of Education, and Dr. Seath, Superintendent of Education, leave for Hamilton to meet with the Board of Education there and finally pass upon the location. This done the Hamilton school will start at once, and others will follow almost immediately after.—Toronto News.

Norwood News Of This Week

Personal Items of Interest From the Busy Village.

Examiner Special.

Norwood, July 24.—Mr. J. C. Potts and sister, Myrtle, of Hoard's Station, were in town on Monday. Mr. Potts was making farewell calls on his many friends here before going West, where he has secured a lucrative position in Kamloops, B.C.

Misses Susie and Ella Mahoney, Toronto, are visiting their parents, Mr. and Mrs. D. Mahoney.

Miss Laura Dickson, Campbellford, was a guest of Miss Annie Birt this week.

Mr. D. Johnston, (of the Union Bank, Warkworth, was in town this week.

Mr. E. P. Cuttle has engaged Mr. Snell, an expert at the sale business, to carry on his sweeping cash sale, which begins on Thursday, July 26, and continues for 10 days.

Miss Knapp, Toronto, is visiting her friend, Miss F. R. Pettigrew.

Mrs. A. Fitzgerald and children, of Tweed, are visiting friends in town.

Mr. and Mrs. Richard Lees and family, Peterborough, are guests at the home of Mr. and Mrs. R. Waters.

Paper bound, as low a five cents each, or 8 for 35 cents Illustrated cover on heavy paper; 2 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

The Wiring Expert Has Presented His Report

Tells the Cause of Death of Team of Horses Last April—Gives Some Advice to the Council on Street Wiring—Report Will be Discussed at Board of Works Meeting on Friday Night.

The report of Mr. K. L. Aitken, the Toronto expert, who investigated the city's wiring system, has been received, and will come up for discussion before the Board of Works Committee meeting on Friday night.

Mr. Aitken in his report said that the killing of Mr. Gibbs' horses last April, was due to the lack of proper grounding.

It is stated that the street systems were not in any worse condition than could be expected in the city, which is growing very rapidly, and which has given franchises to two telephone and two power companies. The present congested and miscellaneous arrangement of lines is undoubtedly due to this condition, and the tendency will be to get worse rather than better, with the reasonably anticipated growth of the city. It is an extremely difficult matter to point out at the present time a satisfactory solution of the difficulty, but a conference should be held with the four companies to prevent the crossing, re-crossing and intermingling of their respective lines. An underground system would be ideal from the city's point of view but it is extremely probable that the cost of such a system would be prohibitory. As a compromise, a main distributing system, either overhead, or underground, running to the centre of each block, from which point the individual service wires could be strung, would be the most satisfactory. This would carry the bulk of the wires away from the fronts of the buildings, and from the streets, the chances of grounding through trees or interference with the fire department, being minimized.

High Tension Lines.

The Canadian General Electric Company's line is substantially built, but is very much in the trees at certain points, and the ground detector at the Nassau plant showed a serious intermittent ground, which is probably chargable to contact with the trees.

The report suggested that while the company is not supplying light or power to consumers in Peterborough, it would do no harm to have the line cleared, as it was impossible to tell under what circumstances it might cause trouble.

The report stated that the Otonabee Power Company's lines were substantially built, and free from tree interference. The ground detector showed their transmission line free from ground.

Low Tension Lines.

The Otonabee Power Company have two low tension circuits running from the sub-station equipped with a ground detector, which showed the secondary line fairly free from grounds.

The report suggested that as the company grew in size the two outgoing lines should be split into two thus rendering more simple the location of the ground.

Speaking of the Peterborough Light and Power Company's equipment, the report said that the lines from the three generating stations were coupled together, the station nearest the Cewal Works being equipped with a ground detector, and the lines showing a minimum ground.

The wires at present are very much in the trees and this is a source of considerable danger, Grounding in wet weather may result, both in personal and fire hazard, and the report earnestly recommends that the council give the companies every facility for cutting the tops off the trees away from the lines.

The wires of both telephone and power companies are pretty well mixed and crossed, the result of which is that personal and fire hazard exists, both through the breakage and consequent falling of wires, and the actual stringing of new ones. At the corner of Park and Charlotte streets, the service wire is hanging loose, and at the corner of Park and Elm streets a power wire is almost touching the telephone cross arm, while on the west side of George street between Simcoe and and Charlotte streets the service wires are so arranged as to greatly hinder the fire department.

The ground wires leading down the poles from the overhead barbed wire should be connected to earth in an absolutely permanent and reliable manner. The only ground which can be relied upon is either the waterworks system or the street railway rails, of which the former is much preferable. Absolutely no deleterious effects will be experienced from connecting these ground wires to the water works piping, as electrolytic action comes from direct current only, and the ground wires will carry a current only in case of lightning discharge or an accidental contact with the alternating current circuits. The lack of proper ground was the cause of the death of the horses last April.

The grounding of the neutral point of transformer secondaries has been adopted in some localities, and while it may have prevented accidents which might have been serious, the idea is open to certain criticism. He did not have an opportunity of observing whether this scheme had been adopted in Peterborough.

Outside of accidents due to the direct falling of wires, the remedy for which is a substantial mechanical construction, fire and personal hazard can be attributed to the grounding of lines through objects which are more or less good conductors.

The killing of the horses was an exceptional case, and one which should never occur with proper ground connections. When a wire comes in contact with a wet tree, pole or building the current leaks through such objects to the ground in varying volume, and with the resistance which causes this ground being the chances of fire are proportionately great, but whether high or low, the personal hazard almost invariably exists, the action being very similar to that found in the case where the horses were killed, with the difference that in this case the voltage distributed itself between the butt of the pole and the street railway rails, along the surface of the ground, while in most cases the distribution will take place along the object from the point of contact to the nearest point of ground.

In the abstract the remedies are simple. Where a ground connection has to be made, make such connection permanent and reliable; where connection to ground is to be avoided make such grounding as impossible as modern material and engineering experience can accomplish.

Some rules which while simple were yet effective, were cited

Interior Wiring.

Under this head the report states that considerable fire and personal risk comes from the allowance of unqualified and unscrupulous men to instal this class of work, and he believed that the remedy was in an effective system of licensing contractors and wiremen.

Summary.

In conclusion the report advised that it was most desirable for the corporation to appoint an inspector, to keep a general check on all old lines, to check new wires being in ing installed, to inspect house wiring and in general to see that the suggestions made in the report were properly carried out. The inspector should have the power to enter the generating stations, of the various companies, to examine the ground detectors or any other apparatus he may deem fit, to insure the safety of lives and property. Such inspection is carried out in all large cities to a greater or less extent, and where a good man is appointed the results should be satisfactory.

Mechanics, Farmers, Sportsmen

Why everybody likes Abbey's Salt

It is so pleasant to the taste that even children take it with pleasure.

It does not "cake" or flake on top of the water.

It effervesces slowly—may be drunk leisurely, without choking or blinding the user like seidlitz powders.

The granules all dissolve—thus the full benefit of the salt is obtained with every dose.

It is the ideal laxative and tonic to purify the blood—regulate stomach, liver, kidneys and bowels—and build up the system.

25c. and 60c. a bottle.

Abbey's Effer-vescent Salt

Drove 300 Miles In Sixteen Days

Rev. E. A. Langfeldt Returns From a Delightful Trip.

Rev. E. A. Langfeldt, M. A., returned yesterday from two weeks spent in a driving trip through the northern part of Peterborough and Haliburton counties. In company with Venerable Archdeacon Warren, of Lakefield, Mr. Langfeldt, in the last sixteen days, drove over 300 miles, and visited the greater number of villages in the northern parts of the two counties mentioned.

In all the places visited the work of the Anglican church was found to be in a splendid condition. New churches are being built and rectories erected and the cause is prospering satisfactorily.

The trip Mr. Langfeldt describes as having been a delightful one, and he has returned with a good coat of tan.

A National Necessity Now Faces Canada

The West Demands Men and Ontario's Sons Must Respond to the Call—20,000 Men Required to Reap the Harvest—C. P. R. Will Assist in Securing Them.

The growing interdependence of the Provinces of this Dominion must be apparent to all. The product of one is a necessity for another. Not alone are the eyes of the Eastern Provinces, but those of every country in the world, directed to the almost phenomenal wheat producing qualities of Manitoba, Saskatchewan and Alberta. Every hamlet, concession and side line in Ontario has contributed to the settlement of these fertile western Provinces. The crops, according to the Governmental reports for this season, if safely harvested and garnered, will far surpass previous years in quality and quantity.

It is estimated 20,000 farm labourers will be required from the older provinces in assisting in the harvest of their wealth. The sons of the West are now urgently appealing to the parental and patriotic instincts of the farmers of the East to send every strong, able-bodied man they can to aid them in this work of national importance.

The Canadian Pacific Railway has made the wonderful growth of the West possible. In the saving of the wheat and other crops, the interest of Canada and the Canadian Pacific are identical. The latter is Canada's National Highway. It has announced that on Aug. 14th, 17th and 22nd, it will transport from different territories in the East farm labourers to the Canadian North-West at the nominally low rate of twelve dollars; in fact, this National Highway is offering an inducement to European farm labourers by making an exceptionally low rate over its Atlantic steamship service in connection with its railway lines. It now remains for the Ontario farmer to show his pride in the growth of his nation by co-operating with the Canadian Pacific in sending every available able-bodied man he can to the West.

Victoria Cheese Sold For 11 1-4c.

A Drop in Price Reported at Lindsay.

Lindsay, July 24.—Smiles adorned the features of the salesmen on the Lindsay Cheese Board yesterday morning, when all the cheese was sold at 11 1-4c, and each buyer got a "hunk." The different factories boarded an aggregation of 1,612 boxes.

Bidding was brisk, but was soon over, and all the cheese sold at 11 1-4c, the buyers securing same as follows:

Mr. Gillespie—Star, Dunsford, Maple Leaf, North Ops.
Mr. Brown — Cameron, Mariposa, Cambray.
Mr. Flavelle—Reaboro, Bobcaygeon, North Harvey.
Mr. Kerr—Omemee, North Verulam, Red Rock.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Toot The Horns To Frighten Horses

This is Complaint of a Horse Owner in the City.

A local horseman informed the Examiner this morning that the motorists have a pernicious habit of tooting their auto horns just as they come up behind a horse and buggy, obviously to warn the driver of their approach. He said it was his opinion that the reason they did it was just to see the horses frolic a little. Last night when he was out driving his horse became frightened from the above cause and a runaway nearly ensued.

"There is no question," he said, "that the offenders should be punished. The time is coming when the horse owners will have no right to exist at all."

HAPPY RESULTS OBTAINED

By the Use of the New Scalp Antiseptic

It wouldn't take long to number the hairs in the heads of some people, the reason being they haven't many to number. In most instances, however, the fault is their own. A germ at the root soon plays havoc with the most luxuriant growth and causes it to fade and fall out. A remedy for this has recently been discovered, called Newbro's Herpicide, that acts by destroying the germ that does the damage, besides removing all impurities from the scalp. In addition, it permits new life and vigour to enter the scalp, and happy results are sure to be obtained from its use. Try it. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Coal Bins Not Filling Up Rapidly

On Account of the Cash System That Prevails.

A local coal dealer informed the Examiner this morning that the people are not getting their coal in this year as rapidly as they were last year on account of the cash system basis.

"They will not begin to get in their coal," he said, "until after they come back from the lakes, when they will get a whiff of the fall air, reminding them of winter.

"There's no doubt," he added, "that the cash system is the best one, both for the seller and buyer in every line of business."

First Annual Elks' Excursion

Will be Held To-morrow to Gore's Landing.

The first annual picnic of the Elks' Club of Peterborough will take place on Thursday, July 26th. The steamer Water-Lily will leave the wharf at the end of the street car line at 3 p.m., for Gore's Landing. All members are requested to be on hand promptly. Each has the privilege of bringing one male friend.

Big Bass Bagged At Rogers' Dan

Messrs. B. A. Lillie and R. Kerr Meet With Success.

Mr. B. A. Lillie, of the Machine Telephone Co., is one of the proudest men in the city to-day. He had been over to the Rogers' dam, above the Hunter street bridge, in company with Mr. R. Kerr this morning, trying his luck with the rod and line, and returned with a 4 1-4 pound bass, 20 inches in length. Mr. Lillie was not expecting to land such a magnificent prize at such a place, and in landing the monster broke the rod in two places, and lost his hat. The latter was quickly recovered, but the remainder of the forenoon was spent in getting the rod together again.

Mr. Lillie is naturally elated at his brief angling expedition, as it is an uncommon occurrence to find a bass in that vicinity.

BILEANS CURE HEADACHE AND WEAKNESS

The following letter speaks for itself:

722 Dufferin street,
Toronto.

To the Bilean Co.,—

Gentlemen, — I wish to express my appreciation of what Bileans have done for me. I have been troubled with biliousness, wind, feelings of fullness, and a dull miserable feeling. I had headache and constipation, and was altogether run down and out of order. All the remedies that I tried failed. I tried your Bileans and am pleased to say that they have succeeded where other things had failed. They have made me well again. In gratitude for my cure I give you my full permission to use this information as you may think proper. Gratefully yours, Frank O'Neill.

For indigestion, constipation, piles, summer fag, debility, loss of appetite, wind, etc., Bileans are a certain cure. 50 cents a box. All druggists.

The Sales Department Head Will Be In Toronto

In Future the Sales Business of Peterborough Cereal Company Will be Directed From That City—Mr. H. B. Collier Will be Sales Manager—Reasons for the Change—New Food on the Market Soon.

An important change will be made in the business arrangements of the Peterborough Cereal Company commencing next week, after which time Mr. H. B. Collier will be located in Toronto, where he will direct the sales department of the company. This change was made necessary by the decision of the Company to take over the sales agency conducted since January, 1906 by Messrs. Roelfson Brothers, of Toronto. The Company found that this arrangement did not work to their entire satisfaction, and yesterday the Messrs. Collier went to Toronto and took over the agency, buying out the office equipment of that firm, and in future the Cereal Company's selling offices will be located there, with Mr. H. B. Collier as sales manager, and the Company will once more place their own salesmen on the road. They will sell not only the Canada Flakes, but the Kiowah Jellies, for which the Cereal Company have the selling rights in Canada, and, in about two weeks, when it is expected the new food, "Corn-Krisp" will be ready for market, the salesmen will also handle this product.

Mr. H. B. Collier will, it is expected, spend about five days each week in Toronto, managing the office there, while Mr. W. H. Collier will attend to the manufacturing end of the business.

This arrangement it is expected, will work out more satisfactorily and as a result, no doubt, the business will show an increase, which in the past has been growing at a rate which will, no doubt, be gratifying to the shareholders.

A Non-Resident Taxpayer's Queries

A Texas Gentleman Has Evidently Received His Tax Bill for 1906.

To the Editor of the Examiner,—

Dear Sir, — Will you kindly have the following questions answered in your columns? The answers will, I am sure, interest many others besides myself.

1.—Is Peterborough what percentage of the value of real estate is represented by the assessment?

2.—Why is the Roman Catholic Separate School rate always so much higher than the Public School rate?

3.—Is there any public park in Ward No. 1? If so, what is its acreage?

4.—What manufacturing firms at present enjoy exemption from taxation, or a fixed assessment?

5.—Did the street railway company pay any money to the city for its franchise?

6.—Do any of the public service corporations pay the city for the use of the streets?

Yours truly,
NON-RESIDENT TAXPAYER.

1.—The assessment law directs the assessor to assess real estate at its actual cash value, and on assuming office he takes a declaration to that effect. What percentage of the value is represented by the actual assessment it is difficult to determine.

2.—The Roman Catholic Separate tax rate is higher than the Public School rate because the Separate School assessment is less in amount in proportion to the school population.

3.—There is no public park in ward No. 1, except a little triangular park at the intersection of Park and Downie streets, and this cannot be called a public park, because the city authorities take no interest in it whatever, and make no attempt at its care or improvement.

4.—There are a half dozen establishments that have a fixed assessment and there is probably none that is absolutely exempted. Official figures are not at present obtainable. The total amount of fixed assessment, however, aggregates about $250,000 or $300,000.

5.—No.

6.—The Peterborough Light and Power Company, and the Otonabee Light and Power Company each pay $400 for the privilege of placing poles on the streets; and for a similar privilege the Auburn Power Company pays $160 per year. The two telegraph and two telephone companies, and the Radial (street) Railway Company pay nothing to the city for the use of the streets.

GOOD PROSPECTS, SAYS DIRECTOR

"The fair was never better than it was last year," remarked one of the directors to-day, "and a large number of those desiring to exhibit are asking for prize lists. It would be a shame to let it drop as the prospects for a successful show were never better."

MR. R. J. KIDD'S MOTHER IS DEAD

Mr. R. J. Kidd, Brock street, received a telegram this morning that his mother, Mrs. Wm. Kidd, Harriston, Ont., had died last night. Mr. Kidd left on the noon train to-day to attend the funeral. Full particulars have not yet been received, but it is understood she had been ill for some time.

Stony Lake Visited By Storm Monday Afternoon

Some Boats Upset as a Result--Parties Driven Away From Home by the Gale Unable to Return--More Arrivals at the Lake.

Examiner Special.

Stony Lake, July 24.—The high wind and rough seas were accountable for several accidents on the lake yesterday, none of which, however, proved serious. In the afternoon a report was circulated to the effect that a sail-boat containing two men was seen to sink between the islands of Mr. Richard Hall and Mr. Austin. Mr. Fred. Collins claims to be the cause of the trouble. A fishing party was forced to seek shelter on Black Rock, where they waited until sundown, expecting the wind to go down, which, however, it did not do, so it was decided that the safest way was to walk home, which they did, arriving there about 10 o'clock. About 9 o'clock a telegram, with Lakefield as its office of origin, was received from Mr. H. Sutherland, of Inglestone, to the effect that he would not be at home for the night. It appears that a party went to Lakefield on the afternoon boat to return with a sailing yacht, and when a short distance from that place, a sudden squall overturned the craft. The party was rescued and spent the night at Lakefield.

Messrs. Harley Smith and Albert Knight, Cleveland, and Miss Evelyn Green, Toronto, are guests at Ivanhoe Cottage.

Mr. Gordon Miller, city, is a guest at Fern Rock.

Miss Simpson, Peterborough, spent yesterday on the lakes.

Mr. Hubert McBain went down to the city yesterday afternoon.

Miss Metheral, Trenton, took the round trip on the steamer yesterday.

The "What's What" Camp, consisting of Messrs. Gordon Long, Donald Shook and Stan. Woods, Peterborough, is located on Juniper Island.

Mr. J. H. and Mrs. Follett, Toronto, are guests at Tawasentha Cottage.

Messrs. Oscar E. Browne, R. Collins, Howard L. Boyer, Misses Margaret Vockel, M. Pearl Lloyd and Mr. J. H. Wilson, Pittsburg, and Miss Nellie L. Gordon, Lakefield, are guests at Shadyside.

Mr. J. T. Hill, Mrs. Hill and Master Vernon Hill, Toronto, and Miss Olive E. Hutton, New York City, are guests at Forest Nook.

Mr. W. J. Shapley, Toronto, is a guest at Glendonnan.

Miss Mina L. Foster, Miss F. E. Dodds and Mr. Gilbert Dodds, Toronto, are guests of Miss Goumlock at Ethelona.

Mr. J. G. Mansell, Toronto, is at Chateau du Lac for a time.

Mr. S. E. and Mrs. Hare, Sewickley, Pa., are guests at Forest Nook.

A lecture will be given in the Juniper pavilion on Wednesday evening by Rev. Mr. Bingham, Toronto, superintendent of African Missions. Everybody is welcome.

Otonabee Farmers Begin Crusade Against Dogs

Petitions Being Circulated to Get Redress For Sheep Worrying—Government Will be Asked to Investigate —Many Farmers Sign Their Names—Other Townships Expected to Follow Suit.

In consequence of the letter which appeared in the Examiner some time ago, signed by "Otonabee Farmer," and referring to the wholesale destruction of sheep by dogs, a petition is being circulated among the ratepayers of Otonabee asking for redress. The petition, which is brief but to the point, will be submitted to the Township Council first. This body will be asked to have the County Council deal with the matter and submit the complaints to the Government, which will be requested to consider the steps the farmers think necessary to mitigate the evil of sheep killing by dogs.

It is understood that the things the council will be asked to impress upon the government will be somewhat similar to those contained in the letter written by "Otonabee Farmer" which has met with much favour throughout that township. The principal item of the request will be the one referring to the time all dogs will be unsafe on foreign premises and which will be liable to be shot if found off their owner's property without a muster. In the letter this time was mentioned as 7 o'clock.

This petition, if the proper action is taken in the matter will undoubtedly be one of the greatest protection to the farms and consequently farmers. The county is fast becoming filled with all kinds of noxious weeds and it is a well known fact that sheep are among the best of scavengers. Irregardless of this side of the question, they are also among the most profitable animals the farmer can raise.

The farmer who handed the petition to the Examiner to-day for publication remarked that the farmers of Otonabee were at last given an opportunity to have the sheep-worrying evil lessened and that they were taking the benefit of it.

A number of petitions are in circulation now throughout this township and it is understood are being extensively signed by non-owners of sheep as well as by those who are now in need of protection from savage dogs.

It is expected the other townships of the county will take similar steps and call upon the County Council to submit their grievances to the Government.

The following is the petition, concise, but pointed:—

To the Reeve and Council of the Township of Otonabee:

We, the undersigned ratepayers, petition your honourable body to take such proceedings that will be necessary to do away with the sheep killing nuisance which is becoming too prevalent in this township.

TOOTSIE'S ENGINE WAS DISABLED

The steam yacht Tootsie, while cruising on the Otonabee last night just below the Yankee Bonnet, became stranded on account of something going wrong with the engine. The distress signal was given and the Tootsie was generously towed into port by the Eko Camp's yacht.

Strike Everywhere And Spare Not, Says New Premier

Preserve Order and Crush Enemies of Society, Says Stolypin.

A GREAT HOST INDICATED

Constitutional Democratic Party, Whose Clubs Everywhere Have Been Closed, Is Included With the Revolutionaries and Socialists—Still They Meet In Secret Caucus and Discuss Tactics to Meet Czar's Coup—Anxious to Strike.

St. Petersburg, July 25.—War to the knife and the knife to the hilt, with revolution, was proclaimed yesterday by Premier Stolypin in a telegram addressed to the division governor-generals, governors and prefects throughout Russia, and to the viceroy of the Caucasus, who are ordered to strike and spare not in efforts to preserve order and crush the enemies of society.

Included in this category, as shown by the events of the day, are not only Revolutionists and Socialists, but also the educated Liberal and landed classes represented in the Constitutional Democratic party, whose clubs everywhere have been closed, and all the progressive newspapers which are not permitted to lift their voices anywhere throughout the entire land.

Stolypin's Telegram.

Premier Stolypin's telegram is as follows: "In conformity with instructions received from the Emperor with the view to securing full co-operation between the different local authorities, I hereby inform you that the Government expects you to exercise your vigilant and untiring supervision over your subordinates so that order may be promptly and definitely restored.

Must Be Put Down.

"Disturbances must be suppressed and revolutionary movements must be put down by all legal means. The measures you take must be carefully considered. The struggle begun is against the enemies of society and not against society itself. Consequently wholesale repression cannot be approved of. Impudent and illegal acts are likely to give rise to discontent instead of conducing to calm and cannot be tolerated.

Intentions of the Czar.

"The intentions of the Emperor are immutable. The Government firmly desires to assist in the amendment of legal procedure and the laws hitherto enforced which no longer serve their purpose. The old regime will be regenerated, but order must be fully maintained. You must act on your own initiative, as you are invested with responsibility. Firm and vigorous steps taken on these lines will doubtless be upheld by the best part of society."

Anxious For Strike.

The railroaders are anxious to have the general strike declared at once. Members of the Railway Employes' Union, with whom the Associated Press correspondents here and in Moscow have talked, declare that they were ready to walk out at the first call from the League of Leagues, with which the union is federated.

Arranging Secret Caucus.

The Constitutional Democratic Club and two other political clubs were closed last night by the police. A caucus of Constitutional Democrats was being held at the time. Prince Paul Dolgopoukoff, chairman of the central executive committee appointed at Viborg on Monday, has called a meeting of that committee, which will arrange a secret caucus to-day, to discuss further tactics.

Meetings were held last night in a dozen houses here and just across the frontier railway employes, peasants, Socialists and Revolutionists are discussing the best plan of action to throw the whole machinery of the Government out of gear.

Agrarian disorders have broken out near St. Petersburg.

Talks on Orange Meat

(THE PURE FOOD)

Oven Perfection.

If you are a woman, you would revel in the huge ovens that cook Orange Meat. Much of the crisp deliciousness of Orange Meat is due to their matchless baking.

After the wheat has been cleaned, steam cooked, malted and flaked—the moist flakes are conveyed by automatic carriers to the ovens.

Endless steel screens carry the flakes back and forth, toasting each flake to a rich, golden brown—the final stage in our peerless process of converting a grain of wheat into the most perfect food known to science.

As the major part of every meal for thin people—dyspeptics—"bloodless" folk—those whose systems are "all run down"—and especially for children—Orange Meat has a place that nothing else can satisfy.

A lady in Walkerton says—"Orange Meat is very wholesome. My brother at 81 years old, has taken a great liking to it, and I am glad, as it seems such a light wholesome food. I would recommend to those afflicted with stomach trouble."

At all grocers in 15c. and 25c. packages. Every 15c. package contains a coupon, good for premiums. 25c. or "Jumbo" package contains 2½ times the quantity of 15c. size. Write "Orange Meat, Kingston," for new premium catalogue.

Latest News Of Various Sports

CITY BASEBALL LEAGUE MEETING FOR TO-NIGHT

An important meeting will be held to-night in the T. A. S. rooms at 8.30 o'clock, for the purpose of forming a city baseball league. It is expected that at least four teams will enter a league, if one is formed, and the proposal is that the games shall be played on Saturday afternoon, a double-header (being played each week. The four teams that will probably enter are the Shamrocks, C. G. E., Charlotte Street and George Street. These four teams should be able to put up some good games, and no doubt considerable interest could be worked up in the series.

MR. M'WILLIAMS WILL QUIT GAME

Mr. N. E. McWilliams, manager of the Charlotte Street baseball team, will retire from the management of the team and baseball generally for this season, after the three-innings game between Charlotte Street and George Street, which will be played in a short time. Mr. McWilliams finds that he has not the necessary time at his disposal to "stay with the game." He is an able and energetic manager and takes a great interest in ball. His retirement will be much regretted by the Charlotte Street team.

LACROSSE

The Port Hope Guide says: The Peterborough Examiner gets off a lot of bosh about the lacrosse match here on Saturday last, claiming that Port Hope's victory was chiefly due to their rough tactics. The play at times was rough but the Peterborough players were just as much to blame as the locals. Many of the Ontarios are yet bearing marks of the rough treatment received. The last paragraph of the report refers to holding the Peterborough team over night, and we quite agree with the Examiner's remarks.

LAWN BOWLING

The meeting of the Bowling Reception Committee, which was to have met last night, was postponed till this afternoon at three o'clock, in the Ontario Bank Chambers.

• • • •

The games played last evening resulted as follows:

R. Kerr	R. Wescott

Hogs Reached The $8.00 Mark

That Price Paid on Toronto Market Yesterday.

The receipts of live stock at the Union Stock Yards, Toronto, yesterday were: 99 cars; consisting of 2,070 cattle, 66 sheep, 34 hogs, 10 calves and 8 horses

The quality of fat cattle was fair. Trade was moderate. Export prices ranged from $4.80 to $5.00, the bulk selling at $4.75 to $4.85. Export bulls sold at $3.50 to $4.35. Butchers prices for picked lots of choice ranged from $4.50 to $4.70; good from $4.30 to $4.50; medium $3.75 to $4.15; common $3.50 to $4.75; butcher cows $3.50 to $5.50; canners $1.50 to $2.25; feeders from $3.75 to $3.50; stockers from $2.75 to $3.00. Veal calves sold at $5.00 to $6.00 per 100 lbs.; milch cows and springers at $30.00 to $50.00. Sheep and Lambs — Export ewes from $5.25 to $4.40; bucks, $3.00 to $3.75; yearling lambs, $4.50 to $5.00; spring lambs at $7.00 to $7.75. Hogs — Selects sold at $8.00; lights, $7.75; sows $4.50 to $5.00; stags, $3.00 to $3.50 per 100 lbs.

Villagers Go On Huckleberry Tour

They Find the Fruit Scarce—Bridgenorth Expects Railroad.

Special to The Examiner.

Bridgenorth, July 21.—The annual huckleberry excursion to Burleigh left here on Friday afternoon and returned the following night. Mr. W. R. Kelly's steam yacht, "The Lady of the Lake," carried the party consisting of about 35, and one of the most enjoyable times in the history of these yearly events was the result. The boat stopped at Buckhorn on Friday night where a pleasant social evening, including a dance, was held at the residence of Mr. Pearson. The music was delivered by Mr. Jack Torrer, violinist. The sail was continued to Burleigh in the morning where the berries were supposed to grow but the party were forced to return empty handed on account of their great scarcity.

The inhabitants of the village are jubilant over the fact that surveyors are in the vicinity looking for a route for the proposed C.P.R. short line. They expect the line to pass a short distance to the south of Chemong Park.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 25. — The upward movement in stocks was continued to-day. C. P. R. on sales of 1500 shares, opened 1 1-2 higher, and then gained another point. The buying was reported to be for foreign investment, and the floating supply was said to be very small. Southern Pacific was the feature, making a new high record for several years. The other active issues were from one to two points higher. The London market was strong and sentiment much better owing to the lack of revolutionary news from Russia.

The strength continued throughout the entire day. C.P.R. went to 164 and closed there; St. Paul and Reading were also run up in the late trading. The closing was strong at the best of the day.

Detroit & Buffalo Steamboat Co.

Synopsis Of Canadian North-W HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

BARGAINS IN BOYS' SUITS

Just now is the time to buy a Suit for your boy. We have the famous Sanford make of Boys' Clothing. They have had the largest experience in the manufacture of Boys' Clothing of any firm in Canada, which is a very strong argument as to quality. They know where the boy requires the extra stitches in order to strengthen the weak spots. It's easy enough to make a Suit look right, but to have it equal to every strain, every tussle—that's a different proposition, and that's where ours excel. Prices like these:—

BUSTER BROWNS

$2.75 and $4.00 Suits $2.95
$3.50 and $5.00 Suits 3.95
$5.00 and $6.00 Suits 4.95

BOYS' SUITS 22-28

$2.50 Suits for $1.95
$3.00 Suits for 2.45
$3.50 and $4.00 Suits 2.95

BOYS' SUITS 29-33—Norfolk and 3-Piece Suits

$3.50 and $4.00 Suits, for $2.95
$4.25 and $4.50 Suits, for 3.45
$4.75 and $5.00 Suits, for 3.95

Regular 35c. and 50c. Boys' Blouses 25c; Boys' Hosiery at 15c and 25c. guaranteed stainless. See our showing in south window of Men's Night Shirts at 69c. regular $1.00 quality; also the special Dress Shirts at 50c., worth $1.00.

Our Sale Still Continues in all Departments and our prices almost blush at their cheapness.

409-411 GEORGE STREET, - - PETERBOROUGH

Apple Theft Case Was Dismissed By Magistrate

No Evidence to Prove Bellow McManus Guilty of Trespassing—The Young Fellow Was Not Seen by Any Person on Mr. Redmond's Property—Trouble Would Cease With Non-existence of the Fruit Tree.

The only case before Magistrate Dumble this morning at the police court was that against Bellow McManus, charged with trespassing upon the property of Robert Redmond, which ended in young McManus' dismissal.

Mr. Redmond lives on Donegal street, and complained that on Monday morning a "gang" of boys, among whom was McManus, visited his orchard and stole his harvest apples. The boys, he said, were hanging around his fence waiting for an opportunity to get at the fruit. He came down street, and, on returning, he said he was informed by a little lad, Sanderson by name, that his apples were being taken. Mr. Redmond also stated that the Sanderson boy told him that Bellow McManus was among the crowd. This, however, was contradicted by the little fellow, who said he only told Mr. Redmond that boys were in his orchard.

The magistrate pointed out that the trouble was due to the existence of the apple tree, and remarked that if it were cut down the trouble would cease.

Mr. Gordon appeared for young McManus, who pleaded not guilty. He gave an explanation of his actions on Monday morning and said he had not been on the plaintiff's property that morning or on any other occasion. He also testified that Mr. Redmond had come to him that morning and threatened to strike him on the head with his cane.

The discussion was continued for some time, but no evidence was aired that would in any way reflect on the character of the boy accused, and the magistrate dismissed the case.

Building Is Brisk, Says Labour Gazette

A Satisfactory Report Presented by the Local Correspondent—June a Busy Month in Peterboro'—Many Business Establishments Enlarging to Meet Demand of Increased Business.

Add. W. J. Johnston, the correspondent to the Labour Gazette, for July, reports the conditions of labour in this city and neighbourhood as follows:

Work of all kinds was very plentiful during June, especially in the building trades, some of which were taxed to their utmost capacity. Many large works, such as sewers, cement sidewalks, the dredging of the river bed, the spreading of dredgings taken from the river, the building of a carpet factory, and the commencement of a new school, gave employment to large numbers of men. Curtis Brothers' brickyard is turning out 40,000 bricks per day; the firm has received an order for 54,000 bricks from Kingston. A new generating plant has been installed in the Peterborough Cereal Company's mills for generating its own steam for cooking products; the company's growing business demanded the new addition. The Canoe Company was doing a heavy business; the company has shipped over 150 canoes of different kinds to Cobalt inside of the last six weeks. The lift lock has been opened for traffic. The new line being erected by the Bell Telephone Company, connecting Peterborough and Toronto, is making rapid progress and employing a large staff of men. The Peterborough Light and Power Company is making preparations for laying large extensions to gas mains, and changing the system of street lighting. It was reported that $40,000 has been subscribed towards the establishment of a new sugar factory in or near Peterborough. The Sandstone Brick Company's machinery is now placed in position and the manufacturing of bricks will soon be in progress. A large departmental store has been completed in the village of Warsaw, and is now open for business. Work on the Grand Trunk Railway Company's line to Midland gave employment to some 60 men and 12 teams. The building trades were all very active, and houses were very scarce. In some parts of the city tents were being used temporarily until houses can be procured. Commercial activity was very brisk and banks reported trade good.

Condition of Local Industries.

Agriculture.—Work principally consisted of summer fallowing for fall grain, preparing for harvest, and looking after root crops of all kinds.

Lumbering.—Mills could hardly supply the demand for local buildings.

Manufacturing.—All establishments except the sugar factory were active.

Mining.—There was little activity during the month.

Railway Construction and Employment.—Both the Canadian Pacific Railway Company and the Grand Trunk Railway Company were laying sixty-foot of heavy rails and ballasting their roadbeds.

Other Industries.—Industries of all kinds were very active, and employing full staffs of workmen. Some shops were working overtime to keep up with orders.

Condition of Particular Trades.

On the whole, labour, both skilled and unskilled, was actively employed during the month; the members of some trades were very busy, but wood cutters, harnessmen tailors and cab drivers and hack drivers found employment quiet.

District Notes.

Cheese making throughout the district was in full operation; large shipments were being made, and in some instances prices were as high as 11 5-16c. Farmers were busy with root crops, and are getting ready for haying, which will commence about the first week in July. Crops throughout the country look well, and prospects for a good harvest are excellent. Large shipments of livestock were made almost daily.

Funeral Of The Late Mrs. Moore

Took Place Yesterday Afternoon to Little Lake Cemetery.

The funeral of the late Mrs. C. H. Moore, which took place yesterday from the family residence, 142 Hunter street, East City at 3 o'clock, was largely attended by friends and relatives of the deceased, and bespoke the high esteem in which she was held during her lifetime.

The floral tributes were many and beautiful, and consisted of wreaths from St. Luke's Bible Class, R. Hall and Son's store, the Peterborough Hockey Club, the bugle band of the 57th Regiment; baskets of flowers and numerous floral tributes from private parties.

Interment took place at Little Lake Cemetery. Rev. Dr. Torrance officiated, both at the cemetery and at the home.

The pall-bearers were Messrs. A. Moore, Harry Moore, Frank Odette of Hamilton, Wm. Mallock of Belleville, J. Gillespie and Joseph Craig, Oshawa.

Peterboro' Boys Have Good Luck

Some Good Fishing is Reported From Chemong.

While Messrs. A. O. Harran and Roy Walker, Peterborough, were guests at "Peek-a-Booley Camp," Chemong Park, over the week-end, they were successful in catching two large lunge, one weighing twelve pounds and the other twenty. This has been the best catch of the season, and they are to be congratulated on their success.

WEDDING BELLS

PICKARD—WATERS.

Norwood, July 25. — The home of Mr. and Mrs. R. W. Waters, Queen street, was the scene of a quiet but pretty wedding on Wednesday afternoon, July 25, the occasion being the marriage of their youngest daughter, Miss Edna, to Mr. Norman A. Pickard, of Port Arthur, formerly of this town. The ceremony was performed by Rev. W. H. Adams, the bride wearing a handsome gown of white point d'esprit, trimmed with white satin, baby ribbon, over white Louisine silk, and carrying a bouquet of bridal roses. She was unattended, and was given away by her father.

The guests included only the immediate relatives and a few friends of the contracting parties.

Mr. and Mrs. Pickard left on the 4.40 train for Port Hope, where they will take the boat for Kingston, Montreal and other points east, before going to Port Arthur, where they will reside, and where the groom is manager of a semi-ready clothing and furnishing business.

The bride's travelling suit was a princess gown of brown chiffon broad cloth with a hat to match.

Mrs. Pickard will be very much missed in this town by a large number of her intimate friends, and her voice will truly be missed in the Methodist church choir, of which she has been a faithful and helpful member for some years.

ST. LUKE'S ANNUAL S.S EXCURSION

To Jubilee Point, Thursday, July 26th, per steamer "Monarch." Boat leaves Wolfe Street Wharf at 8.30, East Peterborough Wharf at 9.00. Return Tickets, Adults, 40c.

Reckless Driving At Jackson Park

Policeman Gave a Young Man Some Good Advice.

Last night as the crowd was leaving Jackson Park at the conclusion of the programme many of them were in danger of being mercilessly run down by careless drivers. One young man with his lady friend came dangerously near driving over several persons and had it not been for the watchful eye of P. C. McGinty, who was on the alert at the Park, some one would have been injured.

The young man was made an example of before the crowd and threatened to be separated from his fair companion if his horsemanship could not be improved on. P.C. McGinty was commended for his action by the bystanders.

No Sleep For The Kidneys.

Old people are especially liable to Kidney and Bladder Irritation. The organs are weakened by age. This starts up inflammation—blood is not properly purified as it goes to the kidneys—and the bladder is unable to retain the urine properly. There is a constant desire to urinate day and night—and scanty, scalded sleep is unknown.

Ba-Ja

THE GENTLE KIDNEY CURE

gives the vigor and strength of youth to Kidneys and bladder. It soothes and heals the irritated surfaces—tones up the organs—enables them to do their work easily and naturally—and cures all kidney troubles.

Cures Rheumatism Too.

"For Heavens Sake, Help Me!" Was Lady's Stifled Scream

Tall, Well Dressed Man Attempts Disgraceful Assault at Jackson Park—Maiden Grasped Rescurer's Arm With Above Exclamation—Open Knife Grazed His Thumb—Villain Disappeared Among the Trees—An Unknown Figure.

A tall man with a nice light, dressy suit was the cause of an incident at Jackson Park last night which, although the particulars are not fully known, looks very suspicious and which almost resulted in a serious stabbing case.

A gentleman who works in the northern part of the city was watching the moving pictures at the Park together with his wife and some others. He left them and took a walk aimlessly among the trees when, without any warning he was startled by a little, stifled scream from a lady who grasped him by the arm with the cry "For Heaven's sake, save me."

The gentleman quickly took in the situation and made an attempt to catch the villainous creature who, it is supposed, tried to commit a disgraceful assault upon the young lady. An open knife lay in his hand and he made a sweep at the breast of the rescuer, but the blade merely grazed his thumb leaving a slight mark which is visible to-day and then vanished among the thick foliage and was seen no more.

The affair occurred about 9.30 in a dark, lonely portion of the park and had not the timely assistance arrived, there is a probability that a foul murder might have been committed in the lonely spot within a couple of hundred yards from more than a thousand people, as the unknown man had the knife open when help was given.

The rescuer talked lightly of the episode to the Examiner to-day and declined to have his name published. However, his act was a worthy one and deserves more than a passing consideration.

Commissioners Inspect The Waterworks Plant

With a View of Making Any Repairs Necessary to the Dam—Commissioners Pleased With Decision of the Government to Clear River.

This afternoon the members of the Board of Water Commissioners went to the waterworks dam and made an inspection of that structure, with a view of ascertaining what repairs, if any, are necessary to place it in a condition to stand the strain which will be put upon it in the next few months.

The commissioners will make a general inspection of the plant, and anything necessary to place it in a perfect state of repair will be carried out at once.

One of the commissioners to-day expressed his appreciation of the action of the government in deciding to spend $2000 in clearing the river bed between the power house and Lakefield. He stated that this work would most certainly be a decided benefit to the city in that with the river bed cleaned, as it is proposed to clean it, the quality of the water will be much improved necessarily.

Mr. Seath Here To Arrange About Normal School Site

Mr. Bradburn Says He Will Come as Soon as the City Has Any Sites to Show Him—A Joint Meeting May be Held in the Near Future.

It is probable that in the near future Mr. Seath, Deputy Minister of Education, will be in the city for the purpose of conferring with the local authorities in reference to a site for the new Normal School. Mr. Bradburn, the local member, stated to The Examiner that he was waiting to send for him and that he would come any time the Council and School Board had any sites to offer him. He had been speaking to the mayor about the matter, and the latter had informed him that he was trying to arrange a meeting of the Board of Education and the Committee of the Whole Council to consider the proposal to turn over the Central Park grounds, north of that portion selected for the armouries, for the purpose of erecting the Normal School. As yet he has been unable to arrange this meeting, but it is probable that it will be held in the near future.

A member of the Board of Education to-day stated that if the statement contained in The Examiner yesterday, to the effect that the Government intended to buy the site, the whole face of the matter would be changed, and it would assume a different aspect.

He had no doubt that if the Government bought the site in Hamilton, as Mr. Seath declared was the intention, it would do the same in Peterborough.

ONE THING AND ANOTHER

Accomodating.

"WHAT WOULD you do if I were to offer you work?"

"It 'ud be all right, mister," answered Meandering Mike; "I kin take a joke as well as anybody."

• • • •

Literally Obededient.

"NOW, LOOK here, young man," said the editor to the young reporter, "when you're writing these paragraphs you must always say 'alleged,' else you'll soon get us into serious trouble."

So when the young reporter was sent to do a concert that evening he wrote: "Mr. Brown, the alleged tenor, sang an alleged song, and duly responded to an alleged encore."

• • • •

William—"Please, sir, 'e 'it me on the nose, and I've only got one."—Smile.

Took Isolation Hospital Plans

To Toronto to Discuss Them With Dr. Hodgett's.

Mr. Wm. Eyres, chairman of the local Board of Health, went to Toronto to confer with the Provincial Board of Health in reference to the Isolation Hospital, which the Board proposes to erect in Peterborough. Mr. Eyres took three sets of architect's plans with him and will lay them before the secretary of the Provincial Board of Health, and it is probable that when he returns he will have some definite word in reference to the decision of the Provincial Board in respect to the new hospital.

The condition of the Otonabee River above Peterborough, and the alleged pollution which is going on, will also be discussed by Mr. Eyres with the Provincial Board to-day.

City Water Must Not Be Wasted

Every Person Must Come to the Fountain for Their Drinks.

Ice has at last been put in the city water fountain and to-day the citizens have helped themselves to refreshing draught of the cool beverage which they have for so long a time been denied.

The Chief of Police informed the Examiner this morning that there were some restrictions placed upon the way the water is to be used.

No person will be allowed to carry away in vessels small or large and none must be wasted. The by-law said if these regulations were carried out, there would always be enough for all and it would be always cool at the same time.

Cheese Industry Dead In County Of Simcoe

Farmers of That County Are Not as Much Alive to the Benefits to be Derived From That Industry as Peterborough—Thirteen Cheese Factories Idle.

In a special despatch from Barrie the Toronto Globe to-day tells of the decadence of the cheese industry in that section. It says: — Thirteen cheese factories within a comparatively short radius of this town, all furnished with up-to-date and expensive equipment, are idle. Not a pound of cheese is being manufactured, and not a quart of milk is being received in establishments equipped to turn out the finest product in large quantities. Four or five years ago these cheese manufacturing concerns were very busy, while prospects for extensive business seemed as bright as anywhere in Ontario. In this same district two factories are still running, though their capacity is limited. All this happened in an agricultural community which is extremely well adapted to successful dairy farming, and where farmers are intelligent, thrifty, and in many spots wonderfully progressive. When the price of cheese is soaring around the record figure of 11 2-4 a pound it must be concluded that Simcoe county farmers are hopelessly awake to their opportunities. Thirteen cheese factories are capable of handling an immense amount of milk for which the farmer would receive approximately a dollar a hundred pounds at the present state of the market. Neither is particular attention being turned in the direction of butter-making. Dairying in Simcoe county has simply died away and the reason is hard to find.

Mr. A. H. Stratton At Famous Springs

Sends Mr. Alex. Elliott Word From Appolinaris Springs, Germany.

To-day Mr. Alex. Elliott received a postal card from Mr. A. H. Stratton, from Appolinaris Springs, Germany, the greatest aerated springs in the world. In these springs the gas is so strong in the water that a certain proportion of it has to be discharged before the water can be bottled for shipment.

Mr. Stratton states that he is having a delightful time on the continent, but he has not forgotten Peterborough by any means.

550 Came On The Excursion

Employees of Gooderham and Worts in the City To-day.

The merry-go-round at Jackson Park is merry this afternoon, and the refreshment booth is busy. The other places of interest, including the much visited Lift Lock, of course, are also the scenes of many pilgrimages. The reason for the stir in the visit of 550 employees of the Gooderham and Worts distillery, of Toronto.

The party came in this morning at 10.30, via the C. P. R., on a special consisting of nine coaches.

The street cars are particularly busy this afternoon and the Chemong auto-bus is being used by the visitors to journey around the city. The 57th Regimental Band has been engaged to furnish music.

Commencing at 2.30 this afternoon races for the children of the employees of the distillery were run off at Jackson Park, the prizes being donated by the employers. A baseball game was played between the married and the single men, the latter winning by 7—4.

The committee in charge of the arrangements in connection with the excursion are Messrs. T. Morley, chairman, Geo. Laurish, B. Minty, and W. H. Brereton.

OBITUARY.

ANN LAING.

The many friends and relatives in this city and county will be grieved to learn of the death of Ann Laing, the beloved wife of Mr. Andrew Riddell, at North Easthope, Ont., on Sunday, July 8, at the age of 60 years, five months and eight days. The funeral took place on July 11 to the St. Andrew's Cemetery.

It is estimated that the value of the presents which Prince Arthur of Connaught brought home from Japan is no less than $200,000.

Bed Clothes And Mattress Burned

Spark Fell From Pipe and Set the Dry Goods on Fire.

A disastrous fire was narrowly averted last night at the house of Mr. John Lee, George street.

Mr. Lee had retired to bed about 11 o'clock, but before going off to sleep had a quiet smoke. A spark accidentally caught in the bed clothes, which were badly burned. A hole was made in the mattress by the flames about three feet square, but Mr. Lee himself escaped. With great presence of mind and promptitude Mr. Lee, without giving any warning to the other inmates of the house, proceeded to extinguish the flames. He carried the bedclothes to the bath room and quickly performed his mission. By carrying water in cupfuls to the mattress he also succeeded in quenching the fire, and little damage was the result.

Normal School Site Discussion

Special Meeting of Committee of Whole Council Called.

A special meeting of the Committee of the Whole Council, will be held to-night to confer with the Board of Education in reference to the Normal School site.

If these two bodies are able to come to an amicable agreement in respect to this matter, it is probable that Mr. Seath will be asked to come to Peterborough in the near future to select the site.

Mechanics

Who appreciate accurate time will profit by having their Watch Repaired at frost's Diamond Hall.

Every Watch left with frost for Repairs receives the closest attention skilled hands can give, and every Watch frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that while frost's Work is First Class in every particular frost's prices are always the lowest that good work can be done for.

We also make a specialty of small Jewellery Repairs.

Rare Chance —FOR— BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Ringle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office.

THURSDAY, JULY 26, 1906.

THE OTTAWA MINING CONCESSION.

The more the mining concession granted an Ottawa Syndicate by the Temiscamingue Railway Commission, of which Mr. Dennis Murphy, ex-M.P.P., is a member, is considered, the more it becomes evident that a gross act of favouritism has been committed. It appears that the Ottawa syndicate which received the concession, has upon it a son of Mr. Murphy a member of the commission and also a business associate.

It would, perhaps, be drawing the lines rather closely to hold that because Mr. Murphy's son and his business associate were members of a syndicate, that no concession should be given by a commission of which the father was a member. This would not be so objectionable, if the concession were granted upon the advertised terms and conditions. But when the facts disclose that no tender complying with the new conditions permitted by the commission were received, the face of things is changed. The original conditions were a minimum cash payment of $50,000 for a mining concession on the line of right of way of the Temiscamingue Railway. This $50,000 represents an approximate rental of $50 a year for 999 years. The second condition was that the syndicate receiving the concession should pay specifically defined mining royalties on all ore lifted. In response to the advertisement embodying these conditions, no tenders were received. Mr. Murphy, a member of the commission, explains that subsequently the Ottawa Syndicate were willing to pay the bonus of $50,000 on condition that the royalties were re-arranged—that instead of royalties of ten per cent. gross value upon ore assaying at the mine less than $400 per ton, instead 25 per cent. on ore $400 to $1,000 per ton and instead of 50 per cent. upon ore assaying $1,000 or over per ton — the commission should make the royalty 25 per cent. flat rate. The commission accepted this offer and according to the statement, or excuse, of Mr. Murphy, a member of the Commission, no vertisement of the modified conditions was made, and a bargain which certainly gave the Ottawa Syndicate a decided advantage was to all intents and purposes secretly concluded. The facts are that advertising for tenders were abandoned in favour of the syndicate and that no opportunity for public competition in regard to disposing of the people's property was afforded on the modified terms. This practically secret concession, bad as it is, would not be so bad if the province stood to receive as much under it as if it had been granted upon the advertised terms. The Ottawa Free Press figures out the royalties as follows:—On a ton of ore assaying $300 the Ottawa syndicate will pay a royalty of $75 instead of $30; on a ton of ore assaying $600, they will pay $150 as originally provided; but on a ton of ore assaying $1,000 they will pay only $250 instead of $500. When it is remembered that somewhere in the three miles, embraced in the secret concession, there is strong probability that a vein of thousand dollar ore will be struck, the extent of the advantage which has been given to the Ottawa syndicate over all others will be apparent, as well as the extent to which the favour extended to a syndicate of which a son of one of the members of the Commission is a member, will diminish the revenues of the province. There seems to be some very tenable ground for the demand made that the bargain should not be allowed to stand. It is bad enough in principle that party favouritism should be shown in the administration of the mining law, but it is worse when that favouritism involves the financial disadvantage of the province. Mr. Murphy's usefulness on the Commission seems to be at an end. He admits that his son and also his business associate are members of the syndicate, which got the benefit of the secretly re-arranged conditions. The Commission originally imposed severe terms, which the Ottawa syndicate apparently regarded as too exacting. These terms were were modified to the advantage of the syndicate and the disadvantage of the province. Nobody else was notified of the amelioration of the conditions, there was no opportunity to tender, but the favoured syndicate is secretly given the concession upon its own terms. We shall hear something more of this when the Legislature meets. The public interests demand investigation. The immense possibilities of provincial revenue from our immense mineral deposits in New Ontario must be protected.

THE SUNDAY LAW.

It turns out that the first official rendering of clause 15 of the Lord's Day Act was incorrect, and to set matters right a special edition of the Canada Gazette has been issued. When the bill came back from the Senate there had been added to it a provision which everybody took to mean that prosecutions under the act could not be instituted without the assent of the Attorney-General of the Province in which the acts complained of were committed, nor after 60 days from the date of the alleged offence. When the official copy of the bill came out, however, the wording was different. The word "nor" had been left out, the act then meaning only that after sixty days had elapsed the consent of the Attorney General was necessary before proceedings could be instituted. Attention was promptly called to the mistake, and the all-important "nor" has now been restored. The bill means, therefore, what at first it was thought to mean. It places a great deal of responsibility with the Attorney-General, and may subject him, in time, to great pressure from powerful corporations, against whom the law is most likely to be invoked. The experiment is worth a trial, however, if it allays Provincial unrest.

PRAISE FOR THE PREMIER.

There is a certain class of Conservative journals and politicians that takes every opportunity to discredit the Liberal Government and its leader, no matter what national or public interests may be injured in the process. Their attitude to the legislature in regard to the observance of Sunday has been extreme and indefensible and does not meet the approval of those especially concerned in the observance of the Day of Rest.

Rev. J. G. Shearer, general secretary of the Lord's Day Alliance, observes the Brantford Expositor, has a very complimentary reference to make to the Liberal Government at Ottawa, including a personal reference of a very flattering nature to Sir Wilfrid Laurier. Mr. Shearer says:—

"I desire for myself and for my colleague, R. U. McPherson, LL. B., and for all members of the Lord's Day Alliance, to express our grateful appreciation of the personal kindness shown and the practical aid given us by our public men in general at Ottawa. This applies with few exceptions to the members of Parliament, and to many members of the Senate on both sides of politics, and it applies specially to members of the Government, with whom, naturally and necessarily, we had much more to do than the leaders of the Opposition. It is highly probable that such a law could not have been passed had it been other than a Government measure, and it is doubtful if the Government would or could have successfully carried it through Parliament under any but a French-Canadian Premier, and that, therefore, those who appreciate the Lord's Day Act, and the country in general, are put under a lasting debt of gratitude to Sir Wilfrid Laurier."

The Czar of Russia, in his manifesto dissolving Parliament, says he was cruelly disappointed at the course of the parliament — it insisted on doing things, refused to confine itself to obeying the behests of "our Imperial will." The autocratic attitude that regards the people as mere beasts of burden — serfs, as truly as they were serfs before the ukase of liberation, this attitude of tyrannic exercise of power, is responsible for the condition in which Russia finds itself to-day. The greatest hope of improvement comes from the frank recognition by the governing powers, and even the Czar himself, that Russia requires "regeneration."

Big Wheat Yield At Mt. Pleasant

Forty-five Bushels to the Acre— Other News Items.

Examiner Special.

Mount Pleasant, July 24.—Many of the friends of Dr. Thompson, Coboconk, were favoured with a flying visit from him on the 21st inst. We were glad to find that he has quite recovered from the accident that happened to him some time ago.

From the appearance of the sheaves of fall wheat lying on the fields cut by Mr. Joseph Fee, of this place, we are led to think he will have an average of 45 bushels of wheat per acre. It's hot working in the fields when the thermometer is at 90 in the shade and scarcely a breeze to fan the brow of the men who work under Sol's rays.

Our village, and especially Mr. Wm. Greig, is highly favoured with a visit from Miss Florence Pilkey, Public School teacher of Mt. Carmel, as the name of the place brings to our remembrance the scenes that transpired there during the reign of King "Ahab," whom the prophet Elijah told to gather all the prophets of Baal unto Mt. Carmel. Elijah said to the people, "How long halt ye between two opinions? If the Lord be God, follow Him; but if Baal, then follow him." We hope that none of the scenes that transpired after all the prophets of Baal were gathered together, shall ever occur at that lovely spot chosen by Miss Pilkey as a temporary residence, to teach the young idea. May her reign in her school at Mt. Carmel, Ont., be happy and prosperous. No doubt her health will be greatly improved during her stay here, where no Chicago germs are found, and the butcher, who supplies our village with the best of meat, will not allow any of the so-called germs to get a resting place in his several departments.

We wish to draw the attention of our council to the state of the public road at Best's mill. If any improvement is to be made on it, now is the time, before winter sets in.

Squire McNeil has returned from his Northwest tour, and as the worry that has attended the Cavan swamp drain seems to be at rest just now, and he is in possession of his scalp, we claim his kind attention to put in good repair all sections of our public roads, as there will soon be a day of reckoning, when the faults of our council will be fully exposed, and their good deeds will follow them when they are laid where no traveller returns.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—Citizens generally express the opinion that Mr. Dumble's facetious endorsation of the action of the merry little hoodlums who hold up garden owners in Peterborough was wholly uncalled for. Some years ago, it will be recalled Mr. Dumble departed from his usual commonsense laws and laughed with amiable glee at the hallow e'en pranks of some of the young highwaymen. After they had done a great deal of damage, but more particularly after they had robbed Mr. Dumble's orchard, in fact, sitting on the case of his own despoiled orchard he gave utterance to entirely different sentiments and fined the culprits $5 and costs. Playful remarks on the bench are, in many people's opinion, out of place, and may very well be left to others of less importance. According to his theory the best way to prevent robbery is to give away one's property.

CITIZEN.

Editor Post Card Column:

What is the market square for? At present, from the collection of junk there and the scattered hay lying around, it presents a very disgraceful appearance for a city like Peterborough. Can't something be done to make it look respectable? Isn't it the duty of the city to keep the market square clean?

RATEPAYER.

Undigested Food

When any portion of food remains in the stomach and refuses to digest, it causes the torments of indigestion. This undigested food rapidly ferments, irritating the sensitive coating of the stomach, while other parts of the body, particularly the head, suffer in consequence.

So long as this undigested food remains in the stomach, the discomfort continues. A few doses of

BEECHAM'S PILLS

stop all fermentation, sweeten the contents of the stomach and give natural assistance that relieves the stomach of its burden. The use of Beecham's Pills gradually strengthens the stomach nerves and soon restores them to a normal, healthy condition.

Beecham's Pills positively cure all stomach troubles, while their beneficial effects on the liver and kidneys greatly improve the general health.

Beecham's Pills have been used and recommended by the general public for over fifty years.

Prepared only by the Proprietor, Thomas Beecham, St. Helens, Lancashire, Eng.

IVES BRASS AND ENAMELLED BEDS

A brass bed is always in keeping with any furniture for a cozy bedroom. It imparts an atmosphere of richness and luxury that can be equaled in a wooden bed only at great expense.

A brass bed is more easily kept clean than one made of wood, does not gather the dust, and, when necessary to sweep under, is so light that it rolls aside at almost a touch.

Rigidity, finish and the harmony of the lines in construction, have combined to make Ives Brass Beds famous.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate to fresh winds, mostly fair and warm. Local thunder storms during the night and the first part of Friday.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Brotherhood Will Meet.

—There will be a meeting of St. Andrew's Junior Brotherhood to-night at 8 o'clock in St. John's schoolhouse.

Cottagers to Meet.

—An important meeting of the Stony Lake Cottagers' Association will be held to-morrow night at the Juniper Island Pavilion.

A Phonograph.

—Is one of the necessities for your summer home or your camp. Buy the Edison. It's the best. Call and hear them. J. M. Greene, Music Co. 6d19

Very Dusty.

—The residents of Gilmour street are not satisfied with the service rendered by the man on the water wagon. The dust is very bad. Is he "on the water wagon now?"

Lathers at Cobourg.

—Mr. Archie Moore has a gang of men at work lathing at Cobourg for which he has taken the contract. Mr. Moore has taken several contracts for steel lathing both in the city and outside.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Vallet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Another Operation.

—Mr. Jas. Geary, who, a short time ago, was in the St. Joseph's Hospital suffering from a wound in his foot, caused by stepping on a rusty nail, and had returned home, came to the city again yesterday from his home in Ennismore to undergo a further operation.

Dance at Glenwood.

—Last night Glenwood Cottage, Stony Lake, was the scene of a charming time. The cottage was thrown open to the guests and a numbere of the cottagers and visitors on the Lake and a few hours was pleasantly passed in dancing and by other social means.

A Majestic Band.

—The most gorgeously uniformed band in the British military service is that of the 2nd Life Guards. This is the band that will this year play at the Canadian National Exhibition. Every man is of imposing stature and with plumed helmet and steel breastplate presents a majestic appearance.

Y.W.C.A.

—Will those members of the W. C.A. who have at present library books belonging to the association, in their possession, kindly return them to the secretary as soon as possible, as all the books have been called in for re-cataloguing. It is requested that all the books be brought in by next Wednesday, August 1, at the latest.

Cuba for Negroes.

—Mr. D. Kingsbury and family, of Percy, will leave here in a few days to take up their residence near Aransposa, B.C. Mr. Kingsbury, during the past two months has visited both Cuba and the Canadian West and his decision on a place to move to was unanimously in favour of British Columbia. Cuba is all right for Spaniards and negroes, he says.—Hastings Star.

Hard on Cab Drivers.

—A somewhat new case came up at St. Catharines, before the Police Magistrate there, last week, when a livery firm were charged by a lady from Seaforth,—who had been visiting there—of causing her to miss her train. She left a call for a cab to take her to the station and it was not sent. She also stated to the Court that once before, while on a visit to St. Catharines, the same firm disappointed her in a similar way. The magistrate, after hearing the particulars, decided in her favour, the Livery firm having to pay the costs of the Court and all the extra expenses caused by her having to remain over for another train.

MET DEATH IN DETROIT; HAD SON IN THIS CITY

A despatch from Detroit announces the death of Mrs. M. J. Youmans, of Orillia, 49 years of age. She stepped from a rapidly-moving street car, and though her injuries were not apparent on examination, and she was able to walk upstairs to bed, a relapse set in, and half an hour later she died. Deceased had a husband in Hamilton and a son in Peterborough.

Two Accidents In One Week

Mr. Rocque Brion Fell From Tree and Was Badly Injured.

For the second time this week, Mr. Rocque Briou, a Great Western lineman, has met with an accident.

He was engaged this morning at the corner of Sherbrooke and Bethune streets, pruning some trees to admit of a passage for wires when the limb he was resting his weight upon suddenly broke and dropped him to the ground. It is understood he was severely shook up. No bones, as far as could be learned, were broken.

On Monday afternoon it will be remembered by Examiner readers, that Mr. Briou collided with a street car in an attempt to save a little boy, and besides having his bicycle broken, emerged with a badly marked arm.

IS IT A FACT?

To the Editor of the Examiner:

Mr. Editor,—Discussing the question of the excessive expenditures and waste of the people's money by the City Council, with one of our aldermen yesterday, the retort came back, courteously, at me:

"Perhaps, sir, you don't happen to know, but it is a fact, nevertheless, that only about fifteen per cent. of the total revenue of the city is under control of your aldermen for the current year's expenditure. The other eighty or eighty-five per cent. is swallowed up with fixed charges—such as providing for our debenture indebtedness, school expenditure and appropriations, administration of justice, officers' salaries, etc. This may strike you as being incredible, but it is an absolute fact."

Mr. Editor, the statement did stagger me a trifle; in fact, it made me incredulous. If it is true, there certainly in not much ground for "hollering" about the extravagant expenditures of our aldermen. Can you add any light, Mr. Editor?

CITIZEN.

The Use of Malt Extract in Food

Cooked Wheat Treated With It and Then Baked Crisp and Brown Is Nutritious and Delicious.

Remarkable results are secured by treating whole wheat with malt extract, as is illustrated by that widely known food product, Malta-Vita, sometimes called "The Perfect Food."

In the preparation of Malta-Vita we have these two factors,—(a) the whole wheat, steamed and cooked in absolute cleanliness and containing every food element necessary to the sustenance of the human body, (b) pure malt extract containing all the nutrition of best selected barley in a readily digestible form, so nutritious and strengthening that doctors everywhere recommend it.

The malt extract, mixed with the cooked wheat, converts the starch of the wheat into maltose, or malt sugar, an active digestive agent. The result is a perfect food, rich in all the nutrition that builds up bone and blood, brain and muscle, healthy tissue and nerve force.

And Malta-Vita is good to eat. There's nothing like it, nothing that can take its place. After being mixed with the malt, the wheat is rolled into wafer-like flakes,—every grain a little flake—and then baked in great ovens under most intense heat. From the ovens Malta-Vita comes crisp and brown, "done to a turn," the most delicious, the most healthful food in the world. All grocers sell Malta-Vita.

Newsy Notes From Omemee

An Aged and Respected Resident Has Passed Away.

Examiner Special.

Omemee, July 23rd. — The weather has just been elegant for the ripening of all grains. The haying is pretty nearly concluded, and safely too. Some parties are cutting their fall wheat.

Mather's men are busily shipping the last of their grain from the Morrison warehouse, and will resume business here.

Mrs. Widow Edward Dancey died this morning after a lingering illness at the advanced age of 77 years. She was one of our oldest and most respected residents and a life-long member of the Presbyterian church. She leaves Samuel of Peterborough, and two other sons, and two daughters, to mourn the loss of a kind and affectionate mother.

Miss May Clancy, a former citizen, is renewing old acquaintances, and is the guest of John Jas. Lamb, and Miss Lamb. Miss Clancy is a favourite vocalist here.

Everyone is settled down to work agin after the 12th of July.

The next event is a social under the auspices of the Presbyterian church, about the first week in August.

Labour promises to be scarce and wages high.

The Peterborough binder twine is giving great satisfaction this year, consequently the home industry will no doubt be largely patronized.

One of the choicest delicacies in Jamaica is a huge white worm found in the heart of the cabbage-palm. It tastes, when cooked, like almonds.

The United States Navy Department is preparing to build a drydock to be the largest in the world. It is to be a concrete dock and is to be so constructed that it can be lengthened if vessels of greater length should be built in the future. It will be 57 feet deep.

Between the City of Mexico and Xochimilco the Mexican Government is constructing a new aqueduct at a cost of nine million dollars. It is to be built of armoured concrete with expanded metal reinforcement. It will be over 15 miles long, six feet wide, and five feet high.

In view of the fact that acetylene gas is used in Germany to a very large extent, it is proposed to form a guild of acetylene apparatus owners for the purpose of collecting, arranging and distributing information on methods of preparation and stopping end on the uses of acetylene.

PERSONAL MENTION

Mr. Morley Lyle went to Hastings to-day.

Miss A. Cameron went to Paisley yesterday.

Mr. Basil Hall went to Stony Lake last night.

Mr. Chas. A. Watt, Gamanoque, is at the National.

Hon. Senator Cox went up to Stony Lake last night.

Mr. A. W. Tripp, Picton, is a guest at the Snowden House.

Mr. E. Singer has left for a few days outing on the lakes.

Miss May Ford of Toronto, is spending a few days at Chemong.

Dr. Morrison returned to his cottage, Stony Lake last night.

Mr. Ed. Mannell, of St. Thomas, is in the city visiting relatives.

Mr. T. E. Bradburn went to his Stony Lake cottage last night.

Miss Nora Reynolds, of Stirling, is spending a few days in the city.

Captain P. J. Young of the steamer Majestic was in the city to-day.

Mr. Fred McFadden went to Stony Lake yesterday to spend a few days.

Mr. and Mrs. G. Borland, Toronto, are in the city, visiting the latter's mother.

Miss Weatherhead of Rochester and Miss Daisy Conroy went to Stony Lake yesterday afternoon.

Mr. Frank Buckham, of the Oriental Hotel, is spending his holidays at Eldorado, North Hastings.

Mr. George Gillespie, cheese buyer, of the firm of White and Gillespie, is in Montreal on business.

Mr. J. Huycke, Peterborough, and Miss Mabel Sawyer, Montreal, are visiting Mrs. L. T. Huycke.—Hastings Star.

Mr. G. L. Main, of Fenlon Falls, was in the city to-day, on his way home after spending his holidays at Galt.

Mr. T. H. Whittlesey, who has been on a fishing tour to Burleigh, Stony Lake, returned to his home in Buffalo to-day.

Miss Ruby Lane of Oshawa, returned home last night after spending a pleasant visit with friends in the city.

Messrs. E. H. D. Hall and G. M. Roger, of this city, registered at the International Hotel, Sault Ste. Marie, this week.

Mrs. G. L. Stevens, Miss Olive Stevens and her guest, Miss Nellie Gould, of Bowmanville, spent yesterday at Stony Lake.

Mr. Dick Baker left at noon to-day for Stony Lake where he will spend a week at the "What-What" camp on Juniper Island.

Mr. G. L. Main of the Bank of Montreal, Fenelon Falls, passed through the city to-day after spending a three weeks' visit at his home in Galt.

Mrs. Harry Phelan and son, Nagle, have returned from a visit with Rev. Father Phelan, Young's Point. Nagle is proud of the fact that he caught four big bass while on the trip.

Mr. Fred A. Sterling, travelling auditor of the Manufacturers' Life Insurance Company, was in the city yesterday, inspecting the local agency, which, under the direction of Mr. Marks, is doing good work.

Mrs. R. F. Byers and Master Leonard, Cameron street, Mrs. R. G. Parks, McCaul street, Miss G. Watson, Spadina avenue, Toronto, are guests at the home of Mr. Joseph Byers, "Harmony Hall," South Monaghan, Rice Lake.

The N. Y. P. and O. Fishing Club of Grenville, Pa., passed through the city to-day en route for their camping ground near Bobcaygeon. The party consists of R. E. Beatty, J. Cowen, John Jackson, H. N. Shrom, E. J. Schadle, J. T. Holmeers.

Rev. J. G. Lewis has taken a cottage about three miles down the river, and will spend a few weeks there enjoying the river breezes. Rev Mr. Lewis will continue to take his work at Mark street and his post office will still be Peterborough.

Mr. Jos. Inwin, Chicago, arrived in the city this morning and will be the guest of his uncle, Mr. M. McFadden, for the next few weeks. He was accompanied by his cousin, Miss Gertie McFadden, who has been visiting relatives in Chicago and Kankakee, Ill., for the past two months.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — o anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low, a five cents each, or 8 for 35 cents Illustrated cover on heavy paper; 2 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

It is reported that the lead mines in the Eyam district of Derbyshire, England, are shortly to be re-opened. The importation of cheap foreign lead was the cause of the mines being closed many years ago.

Green Sickness or Chlorosis

Just at the threshold of womanhood, that trying period when the whole system is undergoing a complete change, many a girl falls a victim of chlorosis, or green sickness.

Her disposition changes and she becomes morose, despondent and melancholy. The appetite is fickle, digestion is imperfect, and weariness and fatigue are experienced on slight exertion.

Chlorosis is much like anaemia, because it arises from poor quality of blood. Iron and all the other restoratives and blood builders as are combined in Dr. Chase's Nerve Food, are demanded by the system.

The regular and persistent use of Dr. Chase's Nerve Food cannot fail to benefit any girl or young woman suffering from chlorosis, anaemia, or weakness and irregularities which result from poor blood and exhausted nerves.

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.—1.

THWARTS GRAVE ROBBERS.

Financier Sage Laid Away — Arrangements Cost Nearly $25,000.

Troy, N. Y., July 26.—The body of Russell Sage, financier and multi-millionaire, was laid to rest in Oakwood Cemetery yesterday afternoon. The same simplicity that characterized the deceased in life was apparent in the transfer of the body to its last resting place.

Best He Could Do.

The funeral cortege proceeded from the Union Station to Oakwood, where a large number of persons had gathered at the Sage family lot. After a brief service, read by Rev. Dr. Andrew Hageman of New York, the body was committed to the ghoul-proof vault of chilled steel, ready for its reception. The grave is beside that of Mr. Sage's first wife. The words which are to be engraved on the Sage monument are: "I have done the best that I could by the light of the day."

Ghoul-Proof Case.

The body of Russell Sage was encased in a hermetically sealed copper envelope within a mahogany coffin, and placed in a chilled steel case four inches thick, riveted with steel bolts and locked with a lock which can never be opened. The steel case weighs three tons. It is seven feet eleven inches in length, two feet six inches in depth and three feet six inches in width. Immediately after the steel box and the contents were lowered into the grave, electrical connections were made and strung so that an immediate alarm will be given if any attempt is made to tamper with the remains.

The extraordinary efforts to thwart attempts by grave robbers were taken at the instance of Charles L. Medler, sexton and funeral director of the Collegiate Church, Troy, N. Y., and were sanctioned by Mrs. Sage. The coffin cost $1,000, and the steel case, with its unpickable lock, $22,000.

All to Mrs. Sage.

New York, July 26.—The World to-day says:

"Every dollar of Russell Sage's great fortune is left to Mrs. Sage by a will, made in 1901, except an insignificant bequest made to Mrs. Fannie Chapin of Oneida, N. Y., an only sister, who died two years ago.

"The fortune of Mr. Sage amounts to only about $66,000,000."

CANADIAN CURRENCY.

Short Paragraphs Which Contain Meaty Wire News.

Keating's cheese factory, near Lansdowne, was consumed by fire. Origin unknown. Insurance $1,100, which does not cover loss.

Mayor Wigle of Windsor has been appointed Crown Attorney for Essex County during the absence of Crown Attorney Rodden.

Oliver T. Jennings of the Royal Hotel, Kincardine, who was severely burned on Monday night by the explosion of a lamp, died Wednesday.

David French, a South Elmsley farmer, lost his barns and contents by fire, said to be the work of an incendiary. The loss is $5,000, with insurance $1,500.

While in swimming at Waterloo Wednesday with several other boys, Bert Moyer, 12 years of age, son of Alf. Moyer, got beyond his depth and was drowned.

Six of the crew of the S. S. Empress of Britain are held at Quebec in connection with the row on Monday night, when two sailors were drowned, making 17 in all.

Capt. Taylor of the schooner Taylor says he kept the soldiers from his schooner at the point of a revolver on the night of the row, and even after the two men were in the water. He also says he discharged a shot in the air, and held the men at bay.

A prominent Belleville merchant has identified a lot of tobacco, cigars and cigarettes, captured by the police a few days ago, as his property. Burglars broke into his cellar and stole the goods, and he did not know it till he saw the stuff in the hands of the police.

James Cornwall was killed on Victoria Bridge, Montreal, Wednesday. He was for years engaged as a painter on the bridge, and it is believed that he had forgotten about the change in the running rule of the G. T. R. and stepped on the wrong track when he heard the train.

ERIE COUNTY'S BIG SCANDAL.

Officials Entered Into Compact With Undertaker to Defraud.

Buffalo, July 26.—Rowland J. Conover, the undertaker, who removed the bodies from the old North street cemetery, took the stand in the trial of John W. Neff, former auditor of Erie County, yesterday morning. Neff is charged with grand larceny. Conover, who has been convicted on similar charges, is star witness for the people and told of several meetings with Neff and Supervisors Jackson, Gibson and Stock.

"We computed a rate of $34.43 for each body removed," said Conover. "They proposed that they get $6.43 of this amount and leave me $18 per body. The proposition was put in writing and the document was given to Supervisor Gibson."

On Nov. 2, 1900, Conover testified, he gave Jackson $5,000 to be used among the members of the board of supervisors to secure the contract for the removal of the bodies.

BRIEFS FROM BRITAIN.

Fire broke out in the heart of Leeds, England, Wednesday night, and was still burning fiercely early this morning. The Great Northern Hotel is threatened.

The British House of Commons early this morning completed the report stage of the education bill, amid Ministerial cheers and Opposition cries of "gag."

GLOOM IN HOLLAND.

Queen Wilhelmina Taken Suddenly Ill, and There is No Heir.

The Hague, July 25.—Queen Wilhelmina was taken ill Monday night. A premature delivery followed, casting gloom throughout Holland. It was announced yesterday morning that the expectation of an heir to the throne at this time will not be realized.

Last evening Queen Wilhelmina's condition was satisfactory, and it is expected she will regain her normal health shortly.

Stromboli Active.

Palermo, Sicily, July 25.—The Stromboli volcano, after quieting down, has again become violently active. The population of the Island of Stromboli is most excited.

The Necessity Of More Dwellings

A Suitable Class of Houses is Urgently Demanded.

Notwithstanding the activity in building operations in Peterborough, there is a great scarcity of houses, especially those adapted to persons of moderate requirements. Within a short time there will be an influx of population required to man new industries and those which will be greatly enlarged. The additions to the buildings of the Canadian General Electric Company will represent a large increase of our industrial population, and these must be housed. Persons with vacant real estate in the vicinity will find the erection of suitable houses a profitable investment. It is desirable that vacant property to the east and north-east of these great industries should be built up. Thus that portion of the city will be more compact, and civic conveniences, such as sewers, water service, pavements, etc., will be now available, and the tendency of residences built in the area mentioned will be more desirable. They will also have the advantage of being more accessibble to the market and business centre of the city, an additional commendation to prospective tenants. There can be little doubt that dwellings of a suitable character will be a profitable form of investment in themselves, and also tend to improve the value of surrounding property. The house problem is giving great concern to Toronto and other large cities. The wise way in Peterborough is to anticipate the conditions that are sure to arise, if, as there is every probability, the city maintains the present rate of growth. This can be done by providing a suitable class of houses while property in the occupied parts of the city is not too costly and sites are available. It is better to build up the occupied portions of the city compactly and give the benefit of the taxation to the city, instead of having buildings dispersed to outlying limits, when the population that derives its living from Peterborough's industries will not contribute to the revenue of the city.

24th Battery Drill To-night

Helmets, Great Coats and Boots Will be Issued.

There will be another drill of the 24th Battery to-night at the Drill Hall, East City, when helmets, great coats and boots will be issued to the men who are to go to the camp at Pettawawa next month. The mounted gun laying and sighting drill will be given to-night. The Major is greatly pleased with the work of the men so far, and he is confident that they will do themselves credit at the shooting ranges at Pettawawa.

Industrial Fair Has Not Yet Passed Into History

Will be Held This Year as Usual—Meeting Yesterday to Attempt its Resuscitation Was Successful—Present Directors Given Assistance—Grant of $600 Will be Given as Originally Requested.

The Peterborough Industrial Exhibition has not yet passed away. The apparent collapse which happened some time ago was merely a trance from which it awakened yesterday afternoon and from present appearances more active than ever. This was the result of the meeting in the City Council Chambers yesterday afternoon to which citizens, farmers and all interested in the resuscitation of the Fall Fair were invited to express their opinions and if possible to revive the meagre hopes of holding the annual exhibition. Although the meeting was not a largely representative one numerous opinions were presented and much discussion arose which finally ended with a motion to have the Directors go on with the Fair, after granting their original request.

The Directors absolutely refused to have anything to do with the matter unless they either received a guarantee from the City Council of $1,000 or a grant of $600. Upon this basis the whole question hinged and it was this determination that brought the pressure to bear in converging the arrangements which kept the Fair on its feet. The City Council had previously agreed to give the Directors a grant of $400. The other $200 will be collected by subscription, making the necessary $600 to insure the holding of the Exhibition this fall.

In view of the fact that a number of the Directors were absent from the city a committee was appointed to assist the remainder and to canvas the citizens for subscriptions.

The membership of the Society was also another important point for consideration, as 80 paid up members must be on the list by Aug. 1st, before the Government grant is forthcoming. This was thought to be an easy matter so that all obstacles in the way of prolonging the Fair's existence were removed.

Among those present were, Alex. Elliott, Ed. M. Elliott, K .Eardley-Wilmot, Dawson Kennedy, R. Hicks, W. E. Conway, Wm. Stewart, Otonabee; F. H. Dobbin, F .J. Hall, A. Rountree, R. Munro, M. Connors, Wm. Menzies, Geo. Elliott, Wm. Collins, R. H. Larmonth, Jos. Barnard and Hurley.

Mr. Dawson Kennedy who was elected to take the chair, pointed out that the meeting was called to discuss the advisability of going on with, or abandoning the fair. For the past while, he said, the community had been simply beating time and it was then to be decided whether they advance or retreat. It appeared to him that the annual Exhibition had not received the support deserved in the past. People from here go to Toronto Fairs and when they do not find as good attractions in Peterborough are dissatisfied. This Association, he said, did not belong to the Directors, nor any other private body, but belongs to the whole community and depends upon it. In Norwood every person for miles around look upon that fair as theirs and go to boom it along and until the same thing occurs here it will never advance.

The chairman then called for the opinion of some of those present and asked Mr. Alex. Elliott, Vice-President, to state his views, but Mr. Elliott remarked that the meeting had been called for the citizens. The Directors had stated their part and he would like to hear what the citizens had to say first. He had expected to see more of the merchants present and also more of the farmers.

Mr. Dobbin asked the secretary in what condition the finances were and was informed by Mr. Hall that the treasury contained $16.

George Elliott.

Mr. Geo. Elliott said he had not expected to see many farmers at the meeting on account of the harvest at home. In his opinion the general public were anxious that the fair should go on. Fairs are national institutions and a city so thriving as Peterborough should not drop the idea. He advised the Directors to go on with the yearly exhibition.

Mr. Kennedy said he understood that the Board of Directors had asked for a guarantee of $1,000 from the City Council, or $600 direct, and asked Mr. Geo. Elliott if the Council would not conform to this.

Mr. Elliott said that $400 was the grant the Council had decided upon and he could not answer for anything different and pointed out that the City Council agreed to put up $400 on the conditions that the County gave $250.

Ed. M. Elliott.

Mr. Ed. M. Elliott remarked that the directors did not want to load all the responsibility on the city, but thought that they should do their share.

Three years ago the Fair started out with $1100. Last year the funds were not handled the way they should have been, and in a contract with the street railway they lost quite a large amount. The directors, he said, have spent $1100 in reviving the Fair, but did not succeed in getting the number of exhibits desired, although they did succeed in getting the quality. At one time the farmers were allowed to exhibit whatever they pleased under the one entry fee, but now this was changed, so that a fee was paid for each entry. Yet last year they wound up without finances. They had spent the money to revive the Fair, and had done so last year, but were swamped in the financial situation. The citizens, therefore, came to the rescue and helped them out, but agreed not to do so again. He had suggested that the city council, therefore give a guarantee in case of emergency. He did not think it too much for them to do, considering the benefits the holding of the Fair gave to Peterborough. It was out of the question, he said, for the city to agree to give $400 in lieu of the county giving $250. The county has to give grants to fairs in five or six places, but the city has only the one society to contribute to.

Over $2000 was paid out last year awards. This was taken chiefly by the farmers, besides the benefits they derived from the education received.

Last year, he said, there were five thousand strangers in the city, who must have left not less than $10,000, over and above what the Fair received. He did not therefore think the directors were asking too much, when they asked for a guarantee of $1000, or a grant of $600.

William Collins.

Mr. W. Collins knew some of the difficulties the Fair had to contend with. He did not think the citizens had patronized their home show as much as they should. He thought there was too much money spent in attractions. In Millbrook and Norwood, he said, there was not $10 spent on them, yet the fairs there were successes. The attractions had the effect of drawing the people away from the exhibits. The Peterborough exhibition, he said, was not intended for an amusement centre, but for a benefit.

Mr. Collins pointed out that there must be at least 80 paid up members before a grant can be given to them by the government.

Mr. George Elliott here moved that the Fair be continued, since it was the wish of the citizens, and that the present directors remain in office. The motion was seconded by Mr. Collins.

This motion was pointed out to be of little use in solving the difficulty at that time, as Mr. Alex. Elliott, the vice-president, said that the directors had resolved some time ago to call upon the council and unless the council agreed to give them a $600 grant, or the guarantee, the present directors will have nothing more to do with the fair. He thought anyway it was time that some others should take the matter up and get some experience, and he positively refused to do anything unless the original intention of the directors was complied with.

J. H. Larmonth's Suggestion.

A dead-lock had been reached, but from a suggestion of Mr. Larmonth the difficulty was finally removed. He said that since the city council had promised a grant of $400 cash, a guarantee of $600 to the directors would straighten out matters. The street railway promised a guarantee of $100.

R. Hicks.

Mr. Hicks was next called upon, and explained the council's action. In consideration of Mr. Larmonth's suggestion he thought that if a guarantee of $600 was to be given it would be a hardship for the directors to go around and get it.

The Right Chord.

Finally the right chord was struck, and one which seemed to meet with the approval of all. A suggestion was made that the council give their promised grant of $400, and that the citizens contribute the other $200 by subscription, thus making the $600, which the directors had asked for. This idea rapidly gained ground and the original motion of Mr. Geo. E. Elliott was carried unanimously with a clause added naming a committee to assist the directors, and to obtain the necessary subscriptions. The committee consisted of Messrs. W. Collins, J. H. Larmonth, D. Kennedy, Wm. Stewart, R. Hicks, Geo. E. Elliott, and F. H. Dobbin.

The secretary began at once to obtain some of the 80 members required and those present—at least the great majority—left the council chamber much relieved.

Head Of The Lake People All On Pleasure Bent

Many Dinghies and Sloops Cruising at Stony Lake Daily --Things are Generally Quiet at the Head—American Visitors Have Unique Experiences.

Special Staff Correspondence.

Head of the Lake, July 24th. — Beautiful weather is favouring the summer dwellers at Stony Lake just now, and a result the lake during the day is alive with people on pleasure bent. There has been no rain to speak of and the days have been bright, comparatively cool, and with light breezes prevailing. There has hardly been enough of the latter to please owners of sailing craft, although they are making the best of the prevailing conditions. Yesterday was more to their taste, especially in the afternoon, when the white wings of sloops, dinghies, and canoes, could be seen in all directions.

Socially, things are quiet at the head of the lake. There have been no social gatherings on a large scale. The people appear bent on having an enjoyable time in a quiet way, and dances and other society amusements seem to have been forgotten. Two of the most hospitable entertainers are missed at the head of the lake this season. Mrs. R. B. Lundy has been ill, and Mrs. H. LeBrun is spending her vacation elsewhere and has rented her cottage. As a result the enjoyable little gatherings that usually took place several times during the season, are not in evidence this season.

Mrs. Lundy, whose illness is being generally regretted among the cottagers, left this morning for Peterborough, to receive medical attention. Mr. Lundy has engaged a cottage at Young's Point.

Mr. Davidson's new gasoline launch during a trip across the lake yesterday, broke down and drifted before the wind for over half a mile before a flotilla of small boats came to the rescue and towed the craft back to her moorings. There was a half gale blowing at the time, and the rescuers had their work cut out for them.

Mr. Tonisee Guerin of Peterborough, is spending a week with Mr. R. B. Lundy.

Mr. and Mrs. McMillan of Norwood are the guests of Miss Williams at Maplehead.

A jolly party of Norwood people are staying at Crowe's Landing.

Norwood people who drive out to the lake are delighted with the new road constructed since last fall.

Several members of the summer colony will take part in the annual tea of the Carmel church on Tuesday night. A number of Norwood clergymen will be present, and an interesting time is expected.

Divine service was held in the Carmel church on Sunday and the greater part of the cottagers attended.

The lake at this end seems quieter than usual, and there have been very few picnic parties from down the lake to Eel's creek or other popular resorts. The spectacle of a small steam yacht, with a dozen or more canoes or rowboats in tow, was formerly a common one here, but so far this season has not been in evidence at all.

The fishing is not as good as usual, the reason generally given for this being the high water. Catches are being made, however, and one man has been heard to say that he never saw better fishing in twenty years. So there must be some around after all.

Some of the American visitors are learning to do without guides and two of these the other day came near having to spend the night with no other shelter than an upturned skiff. They had managed to reach Jack's Creek at the head of the lake, but in coming back in the early evening lost their way, and after rowing around for several hours in the neighbourhood of the Quarry Rock, saw a light on the opposite shore and crossed the lake. They were put on the right way but it was long after bed time before they reached their destination and their absence had caused general alarm.

Pretty Home Wedding Celebrated Last Night

Miss Anna Mabel Maguire and Mr. John Stuart Mannel the Principals in Interesting Social Event—A Very Pretty Wedding.

One of the most interesting weddings that has taken place in the city in some time was that solemnized at the residence of Mr. and Mrs. Aaron S. Maguire, 59 McDonel street, last night at 8 o'clock, when Miss Anna Mabel, their eldest daughter, became the bride of Mr. John Stuart Mannell, of Victoria, B.C., but formerly of this city.

The ceremony, which was witnessed by about 50 invited [illegible], was performed in the drawing-room, which was artistically decorated with palms, ferns and flowers, Rev. S. J. Shorey, of Oshawa, a former pastor of the bride, being the officiating clergyman.

The bride was becomingly attired in a beautiful Empire gown of cream silk mull, with lace bolero, and carried an attractive bouquet of bridal roses.

As she entered the drawing-room Lohengrin's wedding march was played by Mr. Charles Ackerman, of this city, cousin of the bride.

Little Miss Gladys Pentland, the daughter of Mr. and Mrs. J. B. Pentland, was maid of honour. She looked very pretty in a frock of pink silk mulle and carried a bouquet of sweet peas. Mr. Ed. Mannell of St. Thomas, Ont., brother of the bridegroom, was the groomsman.

After the nuptials, cordial congratulations were extended to Mr. and Mrs. Mannell, and a reception tendered them. The bride received a large number of handsome gifts, evidencing in no small degree the esteem and appreciation in which she is held by her many friends.

The bride is a graduate of St. Luke's Hospital, Ottawa, and during the past four years has been engaged in private nursing in Jersey City.

Among the out-of-town guests were Miss Lucie Farmer, of the County of Carleton General Hospital, Ottawa; Miss Maud Gallaher, of St. Luke's Hospital, Ottawa, and Miss Leila MacAdam, superintendent of the Victoria Hospital, Renfrew, all former associates of the bride. Miss Megill, of El Hospital, Mapimi, Mexico; Miss Florence Johnston, of Vancouver, B.C.; Miss T. Baumer, Miss Annie Dittmar and Miss H. Lumsden, of Jersey City; Miss Madeline Hecker, of Chicago, Ill.; Mr. John M. Price, of New York City; Miss Elizabeth Choate, Port Hope; Mr. Lawrence J. Maguire, of New York City, and Mr. Millard J. Maguire, of Toronto, brothers of the bride; Mr. Ed. Mannell, St. Thomas, and others.

Mr. and Mrs. Mannell left at an early hour this morning on a trip east. They will return in a few days, and, after a short stay with the bride's parents, will leave for their future home on Catharine street, Victoria, B.C.

The bride's going-away costume was of golden brown taffeta, with lace waist and turquoise blue hat. Many friends will join in wishing Mr. and Mrs. Mannell every success, happiness and prosperity in their new abode in the West.

Waylaid And Assaulted; Accused Heavily Fined

After Escorting His Lady Friend Home Young Man Was Mobbed by Crowd of Youths—Carried a Revolver for Protection—Fracas Broken Up By Police Officers—The Inner Side of the Little Romance.

The last act of the little romance familiarly known, since its occurrence on Monday night, as the mobbing case," was presented to a large audience in the police court this morning, which culminated in the conviction of John McWilliams, charged with assaulting Ross Graham.

Mr. T. S. Medd looked after the case for Graham, while Mr. Gordon appeared in the interests of the accused.

The evidence given this morning was at times of a very interesting character, particularly when it was understood that a revolver, with chambers loaded, played an important part in the assault, and which lay upon the magistrate's desk during the trial.

Ross Graham.

McWilliams pleaded not guilty, and Graham was placed in the box. His story appeared to be a straightforward one and did not vary in any way from the expected occurrences. He testified that on Monday night, when coming up George street, he overheard a conversation between two gentlemen unknown to him, that a fellow by the name of Graham would be mobbed if he went to the south end that night. At Hunter street he met his young lady friend, who resides in the south end, and escorted her home. Leaving her house about 11 o'clock, he began his homeward journey, and, he said, was waylaid at the driving park by McWilliams and a number of others whom he did not recognise. The accused stopped him and asked him if he were Graham. He replied in the affirmative. The next query was whether he had said he could "lick" him or any four in the south end. He (Graham) replied that he had not said any such a thing, and declined to be mixed up in a scrap. McWilliams, he said, caught him, and the others assisted in the mobbing. When he heard of the scheme on foot to attack him he took a revolver along for protection, but the weapon was taken away from him after he had been thrown down.

John McWilliams.

John McWilliams, the accused, pleaded not guilty to the charge, and told his story. He testified of having met Graham about 9 o'clock that evening with two ladies near Perry street. Some of the boys were playing ball in the driving park, but he did not that night. He had heard from some persons that Graham alleged he could trim him or four like him. About 11 o'clock the boys were all at the corner of the driving park. He walked away from the others without saying anything about Graham, and met the latter returning north towards the city. He asked him if the reports being circulated were true, and Graham had said they were not. He saw Graham put his hand toward his hip pocket but he caught both his arms and prevented him. He also explained to him that there would be no mobbing, so that he need not fear. The rest of the fellows then crowded around, and Mr. Clancy, one of the number took the revolver from him.

Frank Clancy.

The evidence of Mr. Clancy was along the same line as that of the accused. He was at the corner with the rest of the boys, and heard someone ask, "Where is Graham?" He did not know why they were interested in him. He had heard he had a gun in his possession.

P. C. Newhill.

P. C. Newhill testified that he and P. C. McGinty were informed by two men at the station that a conspiracy was being formed to mob Graham. They appeared on the scene of the fracas just as it was at its height, and most of the young fellows ran. The policeman caught Peters, one of the number, who said McWilliams was the only person who struck Graham, and also gave some other information. Graham also explained the situation to the officers.

The magistrate, in reviewing the case, said he was satisfied there was a conspiracy pre-arranged, and that the young men were evidently awaiting their victim. From what Graham heard on the street in the fore part of the evening, and from what really occurred, it was evident, he said, that the intention was to mob him. McWilliams had courted a row, and, like a blackguard, had taken something from a pocket which he was afraid of, and found him guilty of "insulting, interfering and meddling with the young man's affairs without any justification," and fined him $10 and costs, amounting to $11.80.

"If there is any more of this sort of thing," he added, "I will have these young men bound over to keep the peace."

Lady Fined For Riding Pavement

Drunks and Disorderlies Were Assessed Usual Fine.

The police magistrate was a busy man this morning. Four cases of a varied nature were before him for consideration, and convictions were made in each. The city treasury was enriched by $16, made up of three twos, and a ten spot.

George Thibault.

Geo. Thibault was charged with being drunk and disorderly on Monday last. He pleaded guilty and his case was speedily disposed of by paying $2 and costs, amounting to $4.60 in all.

Riding on the Pavement.

A young lady appeared before the magistrate for discovering that the pavements were a little smoother than the city streets. She admitted her guilt, and had to pay $2.

Robert McIlwain.

The charge against Robert McIlwain was disorderly conduct in a public place on Monday last. "Guilty" was the ejaculation and two more dollars rolled in with costs amounting to $4.60.

The Social Was Well Patronized

Enjoyable Event Under Auspices of Junior Auxiliary.

The lawn of All Saints' rectory was the scene of a social under the auspices of Misses Pearl Haskill, Marjorie Latimer, Bessie Latimer and Mabel Hooper, of the Junior Auxiliary of All Saints', last evening. The lawn was prettily illuminated by Chinese lanterns and the affair was well patronized, a considerable amount being realized. The proceeds will be devoted to the church. A number of these socials will probably be arranged during the coming summer months by members of the Junior Auxiliayr during the holiday season, which lasts until the end of August. The proceeds of all will be used for the same purpose as those of last night's social.

These were the tables at last night's gathering and those in charge of them:

Candy Table—Marjorie Latimer and Mabel Hooper.

Flower Table—Mabel Hooper, Hilda Cubitt.

Ice Cream Table—Mrs. Hooper, Mrs. Blois.

Of all the stores within this town, There's one that certainly wins renown;
For bargains great or bargains small
408 George street beats them all.

On Friday, July 27th, at B. Y. Moyes' the above mentioned store, we have these "bargains great." The warm weather now being on, we are endeavouring to put our white wear within the reach of every one's purse. In fact we are making these two days general bargain days in the store, a number of things going at ridiculously low prices.

In fact we are making this day a general bargain day in the store. Just a few of our "awful sacrifices":—

All descriptions of wash belts, 25c.
Collar and cuff sets, regular 30c., for 25c.
Linen towelling, regular 10c., for 8c.
Beautiful Japanese mats, regular 30c., for 20c.
White flannelette blankets, regular $1.25, for 79c.
All these and "loads" of other values at B. Y. MOYES', 408 George street.

Burketon House Broken Into

Stole Feather Bed and Canned Fruit.

On Wednesday night the home of Mr. Everet Strutt, of Burketon, was broken into, and a quantity of canned fruit, a feather bed, three pillows, some quilts and some of their best clothes, were taken. Five cans of the fruit were found between the house and the gravel road. The thief should be looked after, as this is the second time the house has been broken into.

Bonus System To Agents Was The Discussion

Great West Life Investigation Continued.

MR. BROCK WARMLY DEFENDS

Encouragement of Agents a Legitimate Method of Meeting Competition in the Insurance Business—"Not Taken" and "Lapsed" Policies Dealt With—As to Securities Bought by Great West Life Co.

Winnipeg, Man., July 26.—The Royal Insurance Commission concluded the investigation into the affairs of the Great West Life Co. last evening, and adjourned sine die.

Managing Director Brock was again on the stand yesterday. Mr. Brock produced the correspondence and contract with Mr. Matson, agent for Vancouver Island. By the terms of this contract Mr. Matson was to receive a bonus of 10 per cent., on condition that his business exceeded $150,000 per annum. The company had no other contract in Canada which gave that commission.

Some years ago they did have a contract of an additional commission of 10 per cent., but that was to cover the traveling expenses instead of making a traveling allowance. It was conditional, of course, on a certain amount of business being done. This was a Provincial arrangement where they had no branch office, and was not applied to towns or cities.

Mr. Tilley—Is it a common practice to give an additional 10 per cent. for a certain amount of business?

Witness—Yes; in order that the agents shall give attention to our business.

Q.—Is that looked upon by insurance managers as a judicious sort of contract to have in force? A.—I cannot speak for all the managers. My experience has proved it absolutely essential, because our agents will not give their time to the business. It is very hard and strenuous work getting insurance business.

Q.—That is a species of bonusing agents, and a substantial bonus, too? A.—Yes.

Witness explained that this arrangement in question did not apply to men who gave their whole time to the work.

Secretary Jardine admitted that 20 per cent. of new business resulted in "not taken" policies, which last year involved an expense of $10 per policy. Mr. Brock discountenanced the suggestion that from an advertisement point of view the company preferred to place policies among the "not taken" instead of the "lapsed" class. Lapsed policies last year amounted to $1,182,806.

Mr. Tilley—Isn't that a rather large lapsed rate.

Witness—No.

Mr. Tilley—You had $2,300,000 of "lapsed" and "not taken" policies out of $6,200,000 last year?

Witness—No; "lapsed" would be previous years' business.

Commissioner Langmuir—Don't you look upon that as the result of abnormal forcing of agents?

Mr. Brock—Yes, it may be a man might take out a policy and change his mind.

In answer to Mr. Tilley the same gentleman stated that the notes in question were not taken into account where an agent obtained the special commission of 10 per cent. The agent had to make his commission, less cost of collecting

Asked as to securities, witness told of Winnipeg five per cent. debentures for $2,520 written up to the market value, and afterwards put back at cost price, the company having made a profit in real estate. The market value of their securities was now over $10,000 greater than the price they were taken for.

Mr. Brock warmly defended his method of encouraging agents as a legitimate way of meeting competition.

Excitement in Persia.

Teheran, Persia, July 26.—Political discontent here is again assuming an acute phase. The people are loudly demanding the dismissal of the grand vizier, the return of the Mullahs and a codification of the laws. There are now over 5,000 refugees under the protection of the British legation here.

Toss Babes to Firemen.

Rochester, N. Y., July 26.—Mrs. Louise Helling was burned to death at an early morning fire at 224 North street. Five other persons narrowly escaped with their lives. Mothers tossed babies from the second-story windows into the arms of policemen and firemen.

Girl Cut in Two by Train.

Syracuse, N. Y., July 26.—Emma Kroft, 13 years of age, while picking up coal yesterday on the Delaware, Lackawanna and Western tracks, in Oswego, was struck by a train and her body cut in two.

Had Diarrhoea so bad he had to give up work.

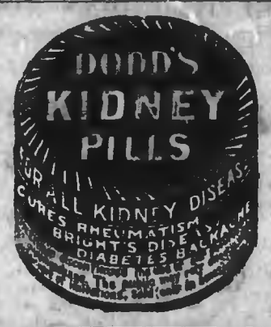
HAVE YOU EVER BEEN IN THIS POSITION?

If you have not been, but ever do be, remember that Dr. Fowler's Extract of Wild Strawberry is nature's specific for all Bowel Complaints.

It has been on the market for 60 years. Surely this is reputation enough as to its efficacy.

Mr. Henry Voll, Carthage, Ont., writes: "I have used Dr. Fowler's Extract of Wild Strawberry with the best of results. Last summer I had the Diarrhoea so bad that I had to give up work. A friend of mine persuaded me to give Dr. Fowler's Extract of Wild Strawberry a trial, which I did, and can say that it cured me entirely. I can recommend it to all who are troubled with Diarrhoea."

Be sure and ask for Dr. Fowler's and take no substitute. All dealers sell it.



The Terrorists Assassinate A Russ. Colonel

Colonel Had Taken Part In the Repressive Measures.

THE STRIKE IS POSTPONED

Why the Douma Was Dissolved as Told by Premier Stolypin—He Alleged That Fourteen Delegates Incited Disorder In House—Three Members of Douma Urge People to Submit to the Imperial Will.

Warsaw, Russian Poland, July 26.—Colonel Salamatoff, of the gendarmerie, was stabbed to death here yesterday. The assassin escaped.

Salamatoff, who was assistant to the chief of gendarmes of the Province of Warsaw, had been active in the repressive measures. He was walking in the street, when he was attacked by two men, who stabbed him several times, and then walked quickly away in different directions, without interference from the spectators.

General Strike Postponed.

St. Petersburg, July 26.—All indications point to the postponement of the threatened general strike until the Government shall be less and the country more prepared for such an event, until the harvest is finished and the revolutionary movement develops spontaneously among the idle peasantry. News from the provinces yesterday indicates that conditions in the famine districts scarcely are ripe for an upheaval. The strategists of the revolutionary councils are seeking to defer the call for a general strike until it can come as a supplement to the movement already under way. A definite decision will be reached within a day or two in the reorganized council of workmen.

Premier Stolypin announced to the Council of the Empire yesterday that he had obtained from Emperor Nicholas special powers for Admiral Skrydloff in restoring and maintaining order and discipline in the Black Sea fleet.

Why Douma Was Dissolved.

Premier Stolypin last night authorized the official St. Petersburg agency to issue this statement to the foreign press:

"From the very first days of its existence the Lower House overstepped all the limits of the law. In its reply to the speech from the throne, a modification of the fundamental law was demanded in the shape of suppression of the council of the empire, and the creation of a responsible Cabinet. By its agrarian program, based on the expropriation of the land, the land, the House missed hopes that could not be realized and weakened the respect for the property of others, already enfeebled. In the speeches of its members the House consistently discredited the Government, accusing it of organizing programs and disorders. By sending a deputation to Bialystok it openly aspired to usurp executive power.

Fourteen Incited Disorder.

"Fourteen deputies appealed to the people, inciting disorder, a step which called forth no expression of disapprobation from the House. In the last moment of its existence the House declared the Government had acted illegally in explaining to the population the nature of the agrarian project proposed by itself, and decided to address a manifesto to the people persuading them not to believe in the Government regarding the question, but to await its settlement by Parliament. Several members also undertook journeys to the interior of Russia with the object of supporting agitation, their appearance being followed by renewed disorders, pogroms and strikes. All these causes necessitates the decision to dissolve the House."

Submit to Czar.

Count Heyden, Prince Lvoff, and M. Stakovich, the three members of Parliament who refused to sign the address to the country issued at Viburg, July 23, yesterday issued a separate address, appealing to the people to submit quietly to the imperial decree dissolving Parliament, and to prepare for the elections of members to the new Parliament. The address points out that the Emperor acted within his constitutional rights under the fundamental law, and says that the signers of the address in offering this advice act from the profound conviction that it would be a crime in the midst of the present dangers to attempt to shake the power of the sovereign.

French Ships to Protect Jews.

Paris, July 26.—The International Israelite Alliance, whose headquarters are here, has addressed a letter to Foreign Minister Bourgeois, asking that French warships be sent to Odessa for the purpose of protecting the Jews against another massacre.

The signatories of the letter include a number of members of the French Institutes and of the French Academy. M. Bourgeois has not yet replied, but no ships can be sent, as the Dardanelles is closed by treaty to warships of foreign powers.

Dies From Fall.

Hamilton, July 26.—William Elliott, 2 Argue street, the laborer who fell at the Savoy Theatre Tuesday, died at St. Joseph's Hospital yesterday, and an inquest will be held. The dead man came from Ireland recently, and had no friends here. The other laborers on the job have gone out on strike until some constable are erected.

Ontario Gives Assistance To The Railway

Provincial Government Gives a $3,360,000 Guarantee.

TO CANADIAN NORTHERN RY.

Principal and Interest on Debenture Stock Will Be Guaranteed Up to $20,000 a Mile—How the Money is to Be Paid the Company—New Railway Completed to Owen Sound —New Government Loan.

Toronto, July 26.—The following statement was issued yesterday from the Parliament Buildings:

"The execution by the Government has been completed of the guarantee of principal and interest of debenture stock of the Canadian Northern Ontario Railway Co. (formerly the James Bay Railway Co.), at a rate not exceeding $20,000 per mile of the company's line between Toronto and Sudbury, a distance of 248 miles, the total amount of the guarantee being $3,360,000. This debenture stock is payable on July 10, 1926, and bears interest at the rate of 2 1-2 per cent. per annum. The company's line is almost completed between Toronto and Parry Sound, and 70 per cent. of the grading on the balance has been completed, in addition to bridge work, etc. The guarantee was given under the authority of chapter 26, Ontario Statutes, 1904.

How Money Will Be Paid.

"One of the sections of the act provides that the purchasers of the securities shall pay the money directly into a bank approved of by the Government, to a special account in the name of the Treasurer of the Province. The Treasurer has the authority to pay out the money from time to time to the Railway Co., on the certificate of a Government engineer, due regard being had to the work done and materials or equipment provided, and to that remaining to be done or provided. It is only upon completion and equipment of the line of railway that any balances are to be paid to the railway company."

$1,300,000 Already Subscribed.

Another $160,000 of the new provincial 3 1-2 per cent. loan has been subscribed, making $1,300,000, and many other applications are on file. Those who wish to get the benedit of the July interest, which is worth $3 on the thousand, must mail their applications on or before Tuesday next, the 31st inst.

Government Road Profits.

The receipts for the T. and N. O. Railway for the month ending May 31 were $50,054, leaving a net profit of $24,947. The passenger traffic alone accounted for $27,000 of the receipts. Last year the net profits for the month were $6,866. The engine mileage, to the end of May, was 31,000, an increase over last year of 50,000 miles. The net earnings for the five months ending May 31, this year, were $36,088. Last year, when the corresponding period was shorter, as traffic did not begin until well on in January, the net earnings were $17,616.

GRAIN TRADE COMMISSION.

All Matters Concerning Inspection Come Within Scope.

Ottawa, July 26.—The Grain Trade Commission has received its instructions. The allowance of the chairman is $15 per diem and each of the two commissioners get $12. They are to be allowed such contingencies traveling and living expenses as the Minister of Trade and Commerce may deem necessary.

The commission has been instructed to take into consideration all matters connected with the grain inspection, and the Manitoba grain act, and is given power to visit grain growers and elevators all over the wheat growing area to enquire into the methods of handling, distribution of cars, grading and handling at ports.

Drowns at Rondeau.

Blenheim, July 26.—A sad accident happened yesterday morning about 11 o'clock at Rondeau, when Arch Nichol, aged 25, of Harwich Township, was drowned.

The gasoline launch owned by Nichol and Reynolds was making a trip from Rondeau to Government Park with a party of Dresden excursionists on board. When about one mile from the dock at Government Park the boiler of the engine exploded and Nichol was blown into the lake and drowned. The rest of the party were picked up by a tug from Rondeau.

Sunshine Furnace

INEXPENSIVE HEAT

It is not the price you pay for a furnace that makes it cheap or expensive, but the fuel it afterwards consumes.

A common furnace may cost you $5 or $10 less than a "Sunshine," but if it eats this up the first winter in extra fuel, what do you gain? Nothing, but all the annoyance and extra work that go with a poor furnace.

The "Sunshine" is in use from Halifax to Vancouver, and we have hundreds of testimonials from pleased users.

Sold by enterprising dealers everywhere. Booklet free.

Latest News Of Various Sports

CITY BASEBALL LEAGUE WAS ORGANIZED LAST NIGHT

At a meeting held in the T. A. S. rooms last night a city baseball league was organized. The league will consist of a team from the C. G. E., the Athletics, the Strathconas and the Shamrocks. The nines in the league will have some fast players and the quality of ball furnished should be gilt edged and deserving of the support of the public.

Following were the officers elected; Hon.-President—T. P. Connor.

President—C. G. Graham.

Vice-President—Dr. Wightman.

Secretary.—W. Metheral.

Executive Committee — A. Quinlan, Shamrocks; B. Laing, Athletics; F. O'Connor, C. G. E.; W. Parnell, Strathconas and the secretary.

The series will open on Saturday, July 28th, at the Riverside Park, when the Shamrocks and Athletics and Strathconas and C. G. E.'s will clash.

Below is the schedule;

July 28—Shamrocks versus Athletics; Strathconas versus C. G. E.

Aug. 4—Athletics versus Strathconas; Shamrocks versus C. G. E.

Aug. 11—Athletics versus C. G. E.; Shamrocks versus Strathconas.

Aug. 18—Shamrocks versus Athletics; Strathconas versus C. G. E.

Aug. 25—Athletics versus Strathconas; Shamrocks versus C. G. E.

Sept. 1—Athletics versus C. G. E.; Shamrocks versus Strathconas.

Sept. 8—Shamrocks versus Athletics; Strathconas versus C. G. E.

Sept. 15—Athletics versus Strathconas; Shamrocks versus C. G. E.

Sept. 22—Athletics versus C. G. E.; Shamrocks versus Strathconas.

Saturday will be ladies' day.

Good Programme For The Regatta

Annual Event Which Will Take Place on Civic Holiday.

The annual Stony Lake regatta, which will be held as usual, on Peterborough's Civic Holiday, Aug. 13th, promises to be a great success this year. As usual there will be a good list of events, among them the following:

1. Men's single canoe.
2. Sailing race, for skiffs and yachts, 18 feet and under.
3. Sailing race, all yachts over 18 feet.
4. Canoe sailing.
5. Boys' tandem canoe, 15 years and under.
6. Ladies' single skiffs, with coxswain.
7. Punt race.
8. Ladies' tandem canoe.
9. Ladies' single canoe.
10. Tub race.
11. Tilting.
12. Boys' tandem skiff.
13. Ladies' single canoe.
14. Men's tandem skiff.
15. Swimming.
16. Tandem canoe, lady and gent.
17. Upset race.
18. Indian single canoe, three or more to start.
19. Pleasure launch race, any form of power.
20. Hurry scurry race.

The starting point will be opposite Juniper Island headquarters.

Little Yorks Are Now Champions

Unless They Give Quakers an Opportunity.

Brampton, July 25.—Eight hundred people, half of whom came from Toronto, witnessed the football match between Preston and the Little Yorks, of Toronto, this afternoon. The two teams were a tie for the intermediate championship of Ontario, each side having won one each. The contest today was in every way a credit to the players on both sides. There was clean, scientific work from start to finish. The Little Yorks won by 3 goals to 1. Their superiority as runners won them the game. Ward, of Stratford, refereed with splendid success. The following are the names of the players:

Little Yorks—P. Ruse, G. Gilding, Fred Gilding, Frank Gilding, Gentle Busby, Johnston, Woodward, Rogers, Gibbons, A. Dunn, F. Dunn, S. Thom.

Preston—F. Schlater, W. Tilk, J. Schwartz, A. Kinder, J. A. Bernhardt S. W. Smith, E. A. Herman, O. G. Bernhardt, H. Schurman, H. Wismer W. J. Wilson.

BASEBALL

An important meeting of the executive of the Guild Baseball League will be held to-night at 8 o'clock in the Y. M. C. A.

• • •

The city league is a good thing and should be well supported. As far as the quality of the ball that will be provided goes there is no doubt it will be first class and the spectators will get their money's worth.

LACROSSE

The Toronto Star says: Orillia goes up against the Talagoos of Newmarket in an important and decisive C. L. A. game to-day. That 9 to 6 game in Orlolia was a sad disappointment to the Newmarket twelve, and the chances are decidedly against the possibility of the Talagoos trimming Joe Miller's pets, even in the Tannery Town on Yonge street. As the Intermediate series are shaping up now, it looks as if Toronto Junction and Orillia would be in at the finish, though nobody can tell yet what that St. Thomas aggregation will do.

OLD SOL PLAYS ROLE OF A HEN

Upper Sandusky, Ohio, July 24. —Mrs. J. B. Bremeyer is the owner of ten little chickens that were hatched in a peculiar manner. About three weeks ago Mrs. Bremeyer placed fifteen eggs in a box with some straw and covered the box with a glass. She then placed the box in the yard, where the sun might shine on it, and Friday ten little chicks were brought out. Mrs. Bremeyer is very proud of her new incubator, and does not know but what she will get a patent on the princess.

Fort Blunder Really Exists

Scotchman Wins in the Debate About Uncle Sam's Mistake.

A discussion arose some time ago between two citizens regarding the existence of a Canadian fort by the name of "Fort Blunder." The argument waxed hot, but no records could be found to substantiate the fact that such a spot existed. Finally, however, the affirmative of the debate, who is a Scotchman, and careful never to make assertions without being able to back them up, has discovered the following facts about the matter, which shows why Uncle Sam once built on British soil:

It seems that after the war of 1812 the Government of the United States became convinced that the entrance to Lake Champlain should be guarded by a fort strong enough to engage any British fleet which might attempt to force an entrance to the lake, and so Fort Montgomery was constructed at a cost of nearly $500,000. It was an immense fortification for those days and was arranged for three tiers of guns.

Just about the time it was completed, the joint surveyors fixing the line between the United States and Canada came along and, after doing a good bit of figuring, announced that Fort Montgomery was on Canadian soil. The northern boundary of New York State was the forty-fifth parallel, and this fort was several hundred yards over the line. Work on the fort came to an immediate standstill, and the matter was made the subject of a special treaty.

It was decided that in view of the fact that the United States had not intentionally encroached on Canadian soil the forty-fifth parallel should be bent a little out of its course at this point, so as to include the fort. That is why the fort is called "Fort Blunder." It was never armed, and has never been occupied by more than one or two men.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 26.—Very heavy profit-taking was in evidence in the market to-day. This was especially noticeable in Southern Pac., at the opening. There were spots of strength throughout the general list further short covering, but the desire to get profits in sight caused general recessions. Copper, selling ex-dividend and Colo. Fuel were higher London sent higher prices and the foreign markets were firm.

Montreal advices say the recent rise in C.P.R. has directed attention to the excellent crop prospects in this territory and well informed interests are confident that the directors of the C.P.R. at the meeting next month will make a bonus of some kind to the stockholders, from the big land sale fund.

The market grew strong after 2.15. Prices advanced quickly under the lead of Colo. Fuel and the Steels. We are told Colo. Fuel is to have a big move up. The close was furiously active and strong at the best of the day.

A WIDE-SPREAD GRAFT.

New York State Robbed by Sale of Washed State Tax Stamps.

New York, July 26.—Five men, arrested Tuesday night, were yesterday held in $1,000 bail in the Police Court for further examination in connection with the washing and reselling state tax stamps.

It was stated by the police yesterday that 2,000 men and boys in the Wall street district are implicated in some way in stamp frauds, in which the State Government has lost about $200,000.

Lightning Destroys Church.

Chambery, Department of Savoie, France, July 26.—A cloudburst, accompanied by lightning, yesterday destroyed the Church of Les Chevannes, about 25 miles from here, melting the church bells into a solid mass, injuring a number of persons and causing an enormous amount of damage along the Franco-Italian border. Railway traffic by way of Mont Cenis is interrupted.

Synopsis Of Canadian North-W HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

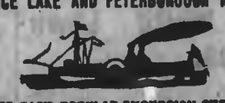
RICE LAKE AND PETERBOROUGH ROUTE



THE FAST POPULAR EXCURSION STEAMER

"Water Lily"

During the season of 1906 the "Water Lily" will be open for charter for excursions at moderate rates.

Saturday Market Trips

FRIDAY EVENINGS the steamer leaves her Wolfe street wharf at 8.15 for Rice Lake, for the purpose of making an early Saturday morning trip from lake and river points to Peterborough.

SATURDAY MORNING she leaves Harwood at 6.30, calling at Gore's Landing, Jubilee and river points, arriving in Peterborough at 10 o'clock. Returning will leave Wolfe street, Peterborough, at 2.30 p. m., and street car wharf foot of George street at 4.00 p. m. Return tickets 75 cents; single fare, 50 cents; Saturday Market Ticket good for ten round trips, $5.00.

Saturday Afternoon Trips

The popular Saturday afternoon trips afford an opportunity for a delightful sail to Rice Lake and return. Steamer leaves at 3.30 p. m., and returns same evening; leaving Harwood at 6.30; arriving in Peterborough at 10.30. Return fare only 50c.

For particulars apply to Capt. W. H. White, 110 Simcoe street, Peterborough, telephone 214A or to W. Bunton, G.T.R. Uptown Ticket Office.

BARGAINS IN BOYS' SUITS

Just now is the time to buy a Suit for your boy. We have the famous Sanford make of Boys' Clothing. They have had the largest experience in the manufacture of Boys' Clothing of any firm in Canada, which is a very strong argument as to quality. They know where the boy requires the extra stitches in order to strengthen the weak spots. It's easy enough to make a Suit look right, but to have it equal to every strain, every tussle—that's a different proposition, and that's where ours excel. Prices like these:—

BUSTER BROWNS

$3.75 and $4.00 Suits $2.95
$4.50 and $5.00 Suits 3.95
$6.00 and $6.00 Suits 4.95

BOYS' SUITS 22-28

$2.50 Suits for $1.95
$3.00 Suits for 2.45
$3.50 and $4.00 Suits 2.95

BOYS' SUITS 29-33—Norfolk and 3-Piece Suits

$3.50 and $4.00 Suits, for $2.95
$4.25 and $4.50 Suits, for 3.45
$4.75 and $5.00 Suits, for 3.95

Regular 35c. and 50c. Boys' Blouses 25c; Boys' Hosiery at 15c and 25c. guaranteed stainless. See our showing in south window of Men's Night Shirts at 69c. regular $1.00 quality; also the special Dress Shirts at 89c., worth $1.00.

Our Sale Still Continues in all Departments and our prices almost blush at their cheapness.

400-411 GEORGE STREET, - - PETERBOROUGH

Three Big Parades And Three Addresses Of Welcome

Will be Features of the Oddfellows Grand Lodge Meeting —Degree of Chivalry to be Conferred on Mrs. Ryan, of Toronto—Her Historic Association With Last Meeting Held in Peterborough.

Mayor Best will be a busy man when the Grand Lodge of Oddfellows meets here in August. He will have to deliver no less than three addresses of welcome to the visiting Oddfellows.

At a meeting of the Grand Lodge Committee last night the details of the meeting were practically arranged, only a few minor matters remaining to be cleared up at the last meeting of the committee, which will be held next Wednesday night.

During the progress of the Grand Lodge there will be two parades, that on Tuesday night, August 7, will be a parade of the Canton, which will be headed by the two bands, and the members of the Canton will follow in uniform. After the parade the degree of Chivalry will be conferred in the market hall, which has been engaged for the occasion, the proposal to use the Brock street rink having been abandoned on account of the fact that there is no floor in it. In connection with the ceremony of conferring this Degree of Chivalry, there is a peculiar coincidence. The degree will be conferred upon Mrs. Ryan, Toronto, who, in 1887, had charge of the committee of ladies who collected money to pay for a new banner for Toronto Canton when the Grand Lodge met in Peterborough the last time. After 19 years the work of this body is to be recognized in this manner.

The general parade will take place on Wednesday night, leaving Central Park at 7.30 sharp. The 57th brass and bugle bands have been engaged for this parade, which will be participated in by at least 1,200 Oddfellows. The historic goat of Brantford fame will also be given a place in this parade. The route to be followed has not yet been decided on, but this will be decided at the next meeting of the committee.

On Wednesday night there will be two parades, for, following the general parade, that of the Orientals will take place. This will be an amusing spectacle, and at its conclusion the Degree of Humility will be conferred upon all aspirants to the Oriental Degree. The moon feast will close this feature of the proceedings, and on the same night the Degree of Perfection will be conferred in the large dining hall of the lodge rooms.

The assembly will meet on Tuesday, the encampment on Wednesday, and the Grand Lodge on Thursday, to all of which bodies the mayor, as the civic head, will deliver addresses of welcome. The committee has completed arrangements for the steamer which will be at the disposal of the visitors for trips over the lift lock, which no doubt all the visiting members of the Order will want to see.

Were Guests Of Rev. Father McColl

Annual Outing Provided by the Rector of St. Peter's Enjoyed.

Yesterday a jolly crowd of 150 persons took a trip to Hastings by the steamer Water Lily, as the guests of Rev. Father McColl, rector of St. Peter's Cathedral, who, each year, takes as his invited guests the choir of St. Peter's, the altar boys, school trustees, school teachers, ushers of the church and the collectors. The trip this year was somewhat of a variation from that usually taken, and the change was an enjoyable one, the outing proving a delightfully pleasant day to the 150 who participated in it. The ideal weather conditions no doubt contributed to the success of the day, while the host in his usual affable manner, made everyone feel at home.

Leaving here at 8 o'clock, the trip down the Otonabee was made in the early morning, and Hastings was reached at 1 o'clock, after lunch had been taken on the steamer.

Two hours and a half were pleasantly spent in various ways. The return trip was commenced at 3.30 and the steamer reached Peterborough at 6.30, the universal opinion being that the day had been the most pleasant ever spent under similar auspices. Rev. Father McColl's outings are looked forward to with pleasure by those who participate in them, and that of yesterday proved to be particularly enjoyable.

The Otonabee Attracts Crowds

Many Enjoyed That Popular Outing Last Night.

The Otonabee River as a boater's paradise is becoming more popular than ever. Last night almost all Mr. Rye's boats were out on the water and there were as many more private canoes and skiffs. This outing during the past two years has most wonderfully increased, probably more due to the erection of the boat house at the end of the car line than anything else.

SUN AND SNOW

Sometimes Help the Hair to Go.

In any changeable climate ith hair is apt to become brittle and to break off stubby here and there. This makes a hair dressing almost a necessity, especially to ladies. In using a hair dressing, why not get the best, one that combines with it the efficiency in killing the dandruff germ, the germ that eats the hair off at the roots, causing what is called falling hair, and, in time, baldness? Newbro's "Herpicide" is that kind of a hair dressing. You have no idea how delightful your scalp will feel and how stylish your hair will appear, after an application of two of Herpicide. It is certainly a wonderful innovation as a scalp antiseptic and hair dressing. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Found a Purse And Kept It

There Will be Trouble if it is Not Left at Police Station.

Yesterday afternoon a woman dropped a hand satchell with a purse in it on George street. Another woman coming along picked it up. Still another reminded the finder to leave her find at the police station, which she promised to do. She has not done it yet, however, and the Chief wishes it distinctly understood that if she does not do so at once, she will be brought there herself.

You have read the Sailor Boy's Plea buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or Substitutes?

The Fashionable

GREYS

or the Ever Popular

SERGES

Successful Close Of An Enjoyable Outing

Y. M. C. A. Camp of 1906 Has Passed Into History—A Delightful Two Weeks Spent at Clear Lake—"The Scribe" Sends His Last Letter—The Results of Field Day.

The ninth Y.M.C.A. Boys' Camp of the Peterborough Association, is now a matter of history. It will live for many years in the memories of the 39 boys and leaders, who were so pleasantly associated for the past two weeks on the shore of Clear Lake.

The boys all returned home safely last evening without an accident of any kind having been recorded.

My last letter was dated Monday morning, so I take up the narrative where I left off in my last letter.

The storm was quite cleared away by noon, and in the afternoon some of the boys paid their final regular visit to Juniper.

Some were quite late in returning but finally all turned up in time for the stereopticon exhibition, which included many amusing caricatures on the funny side of camp life. Here Layfield and Saxby shone, their clever productions being well applauded.

It is still a mystery why Hall, who visited the store in the afternoon, retired to bed so quietly. He never was guilty of it before. Some say he was sailing in the afternoon.

Martin and Jim Patterson got lost up the shore quite close to Rogers' camp, but the young ladies of that place very kindly piloted them home.

I neglected to mention before that on Monday the senior members of the camp, headed by Mr. Harding, and armed with grub hooks, axes, saws, etc., got into the underbrushing business, and besides securing a good quantity of firewood, made a decided change in the appearance of the place.

Tuesday morning broke fair and cool and proved to be the crowning day of the camp—it being the closing day of the land programme.

The final baseball struggle took place in the morning, when the Tecumsehs easily secured the cup, defeating the Chips by a score of 5 to 1. Hall's men stubbornly contested the game, but were badly handicapped because a number of his men had gone home. Fortye was captain of the winning team.

Early in the afternoon the annual red cedar fever struck the boys, and every hatchet and saw was kept busy for a while gathering material, for paddles, or to be stored in the woodshed at home.

The annual field sports were called by "Si." at 3 o'clock. The following is the list of events and winners:

Field Sports.

1.—Running (boys 13 and under), 60 yards—1st, Parks; 2nd, Stevens.

2.—Running (boys 13 and over), 80 yards—1st, F. Patterson; 2nd, Hall.

3.—Men's Handicap—1st, Harding; 2nd, Arnott.

4.—Broad Jump—1st, Fortye; 2nd, Stevens.

5.—Hop, Step and Jump—1st, E. Saxby; 2nd, W. Saxby.

6.—Potato Race—1st, Hall; 2nd, Patterson.

7.—Wheelbarrow—1st, Hall and E. Saxby; 2nd, Patterson and Fortye.

8.—Three-Legged Race—1st, W. Saxby and Parks; 2nd, Fortye and Layfield.

9.—Boot Race—1st, Parks; 2nd, Fortye.

M. Perks, (Frigy) won the Bronze medal, which was put up for the highest number of points. After tea the boat races were run off with the following results:

Boat Races.

1.—Single Sculls—1st, E. Saxby; 2nd, Layfield.

2.—Double, 100 yards—1st, D. Layfield and Dean; 2nd, Hall and Sanderson.

3.—Single Rowing—1st, Hall; 2nd, Layfield.

4.—Double—1st, Hall and Sanderson; 2nd, Layfield and Dean.

Arthur Hall won the highest number of points, becoming the possessor of the Bronze Medal donated for that section of the sports.

The evening entertainment was voted as the best ever held.

A mammoth bonfire blazed on the shore while our forces were strengthened by the arrival of all the members of the Rogers camp.

Tom gave the first part of the programme, the selections on his excellent phonograph being greatly enjoyed.

Then Manager Patterson introduced the entertainers of the evening. The Johnson family were supposedly coloured and proved to be a strong aggregation. Their songs provoked a great deal of merriment. Then the "Georgia Minstrels," a very "highly coloured" group of performers, were heard. Their leader was "Si," who always makes a success of everything he touches. Jokes were given at the expense of nearly every person in camp, and there were clever dialogues and singing mixed in with it. Ern. Saxby and Hall were "all right."

The evening concluded with Auld Lang Syne, sung in the old style.

The Rogers party was given a royal send off befitting the many kindnesses they showed to us all while in camp.

Several of the tents were dropped and their occupants took refuge with neighbours for the night.

Wednesday all were up by sunrise, breakfast was soon over, the tents struck, and packed, and the boat boarded at 7.30 o'clock.

We went down to Lakefield and then returned with the Majestic, which carried part o fthe Oshawa excursion to Burleigh, Mount Julian, Boschink and McCracken's. Lakefield was reached at 4.30. We arrived in Peterborough at 5.30, and the ninth camping party dispersed.

Before we close we wish to thank all who contributed treats to the camp, which included Mesdames J. R. Stratton, Dutton, Harding, Monrgan, Stevens, R. B. Rogers; and Messrs. Layfield, G. K. Martin, Harding and Pringle.

THE SCRIBE.

In the new funnel fitted to the Dover-Calais steamer Nord, a party of 10 persons could easily be seated at dinner.

Bold Robbery Committed Just Before Daybreak At The Beehive Store

Hole Cut in Door Sash at Rear of Store With Jack Knife —Till Emptied of Contents—P. C. Meharry's Good Detective Work—A Suspicious Character Caught and Arraigned in Police Court—The Circumstances of the Case.

Resting with apparent easiness and with a face calm, but wrinkled with the spoils of the sun and wind, John Thorpe sat in the prisoner's box this morning at the police court, charged with having burglarized Mr T. C. Elliott's store, the Bee-Hive, during the early hours of the morning. The news of the robbery had rapidly spread through the city this morning, and the court room was crowded shortly after 9 o'clock with an audience eager to get a glimpse of the prisoner, who had been arrested by P. C. Meharry about 4 o'clock this morning, and who had just spent a few hours behind the bars.

Story of the Robbery.

The circumstances surrounding the robbery which Thorpe is supposed to have committed, are of an interesting character. P. C. Meharry was on duty last night, and, as is his custom, he took a stroll down the alleyway leading off Hunter street to the rear of H. LeBrun's store. Presently he heard a noise which appeared to be in close proximity to his position, and proceeded to investigate the cause. He tried the back door of the Bee-Hive, and found it locked, but lying on a box beside the closed entrance he discovered a coat, hat and vest. He peered through the window in the door, but saw no person. Everything appeared to be quiet inside, and he only noticed that a number of lights were burning. He then moved on down the alleyway, and found the remainder of the doors locked, and, returning again, saw the coat, hat and vest still lying on the box, and examined them. He looked through the window again, but all was apparently quiet in the interior of the Bee-Hive. He next went down to the corner, and shortly after met Mr. Finnie, the night-watchman, to whom he related the story of the dry goods lying on the box. Presently a man of about five feet eight inches in height, emerged from the alleyway and proceeded on down Hunter street towards the bridge across the Otonabee. Meharry remarked to the watchman that he was wearing the same coat and hat that lay outside the door, and asked Mr. Finnie to investigate while he kept an eye on the suspicious character, who was then travelling eastward at a rapid rate.

The clothes had then disappeared, and Mr. Finnie also discovered, as the dawn was just beginning to break, that a hole had been cut near the bottom of the door, large enough for a man to enter. He informed Meharry of these circumstances, and the latter proceeded after the rapidly-disappearing character, and arrested him on the Hunter street bridge.

Thorpe, as he was afterwards found out to be, was taken to the police station by the officer, searched, and placed behind the bars. In his pockets were found $11.06 in cash, consisting of a $1 bill, a 50-cent piece, 25 25-cent pieces, $2.90 in small Canadian silver, five Yankee nickels, 12 Canadian coppers, and three American coppers, and also a 10-cent brown handled, one-blade jack knife, beside a red, dirty pocket handkerchief.

On examining the door through which the robber must have entered the store, it was found that the sash about one inch in thickness, had been hacked and cut with a jack knife, close to the ground with a large pile of shavings and cuttings on the threshold.

Mr. Elliott was notified of the occurrence, and on arriving searched the till, in which the cashier, Miss Florence Derry, testified that she had locked yesterday afternoon about 12.30, with about $12 inside. All this had disappeared except $1.60 found scattered on the floor. Miss Derry also stated to the court that among the change was a $1, several quarters, some smaller sums, a few American coppers and, she thought, some American nickels.

Mr. Elliott testified that he locked the door yesterday afternoon about 1 o'clock himself, and to his knowledge there was no person in the store during the remainder of the afternoon. When he came down this morning he crawled through the hole to see whether it was large enough for a man to do so.

Mr. Finnie stated he had been down the alleyway about 2 o'clock and saw nothing unusual at the rear of Mr. Elliott's store. At 4 o'clock at the officer's request, he went down again and saw the panel of the door broken, but the clothes were not there and he also saw the prisoner searched at the station.

Tried By Jury.

The prisoner elected to be tried by jury, and the Magistrate concluded that sufficient evidence had been given to commit him for trial at the Fall Assizes.

Interview With Prisoner.

Thorpe heard the decision with apparent outward calmness, and marched steadily down to the cells, where he was locked up for the time being. In conversation with an Examiner representative he asked if he would have to stay in that cell until his trial in the fall, and when informed that his lodgings would be changed he was noticeably relieved. After taking a deep draft of water from a cup the reporter handed him he remarked that he could prove how he came by the money. He was a native of Ottawa, he said, and had come here from Perth yesterday, where he had been working for three farmers at the hay harvest. One farmer's name was Rogers. He arrived in the city on a freight with about $22 in his pockets and broke a number of the bills at the city hotels. He also explained why he had gone into the alleyway.

Prisoner's Appearance.

Thorpe is a man apparently of about 30 years of age, with a rough, ruddy, narrow, clean-shaven face. His chin was conspicuous from its absence and his lips hung slightly apart. His clothing and hat are dark and not of the best, and, as well as his face, look as if they had been subject to a great deal of weather.

Liquor Case Dismissed At Mornings Police Court

No Evidence to Convict Mr. Holland of Selling to Minors—Two Youths Claim a Man Bought the Bottle of Whisky For Them—They Disagreed in Some of the Evidence.

At the police court this morning, Stephen Holland, hotel keeper, on Hunter street, was arraigned before the Magistrate charged with having sold liquor to Herbert Comrie, a minor, on Monday night. He pleaded not guilty, and after the evidence of Comrie and Hilton Roach, the boy who was with him that night, was taken, the case was dismissed.

Comrie first went into the box and stated that he was 18 years of age. He had been in Mr. Holland's hotel about 11 o'clock on Monday night alone, and asked the bartender for a bottle of whisky. The latter refused, saying that he was not old enough. On going outside again he met his friend Roach, and they agreed to ask the first person who came along to get them the liquor. A tall man with a slouch hat soon appeared and each put in a quarter and he agreed to get them the beverage. They gave him a drink, and emptied the rest of the bottle themselves. Comrie had never tasted liquor before and was pretty sick that night. He stated that he had never seen the tall dark man before or since.

Both boys work at the Oriental, and on going back Comrie testified that Roach told a number of men they got the whisky at Holland's. This, he said, was untrue, and would not have been told if he had not been drunk.

Hilton Roach's story agreed in the particulars about the person who bought the bottle for them but differed in a number of other respects. He said that neither had gone into Holland's hotel that evening, and also that they stopped the man on the side opposite to that on which Mr Holland's hotel is situated. He, moreover, said he did not tell any person where he got the liquor, and no person had told him what to say about it. He admitted somebody must be telling a lie but didn't know who it was.

The evidence, the magistrate remarked, was contradictory, but there was none upon which to convict Mr. Holland, and the case was accordingly dismissed.

Comrie is a native of Cobourg, and Roach recently came from Port Hope.

Cigarette Bylaw Will Probably Be Sustained

Committee of the Whole in Favour of This—Steps in Victoria Park Will Probably Be Repaired.

At the conclusion of the joint meeting of the Council and Board of Education last night, the Committee of the Whole met and dealt with a number of important questions. The steps at Victoria Park was the subject of considerable discussion and it is altogether probable something thing will soon be done to have them repaired. In connection with this matter it was moved by Ald. Mason and Johnston, that Ald. Hicks and Elliott be a committee to interview the Horticultural Society and see what arrangements can be made to repair the walk in the Victoria Park leading up to the County Buildings, and report to the Board of Works at its next meeting.—Carried.

Another matter talked over was the Cigarette bylaw. The discussion brought out the fact that the majority of the members of the Council were in favour of its being sustained. The outcome was a motion by Ald Mason and Wilson, that the Solicitor be instructed to appear on the motion to quash the cigarette bylaw and to take all necessary steps to sustain the bylaw, which was carried.

Has The Fall Fair Received Body Blow?

Meeting of the Directors Called For Last Night Did Not Materialize—A Director Lays Blame on Citizens—80 Members Must Be Reported by Wednesday—To-day There Are 3.

Do the people of Peterborough really want a fall fair? According to some of the directors of the Society they do not. A meeting of the directors was called for last night for the purpose of revising the prize list, but no meeting was held. There were not enough directors present to form a quorum, and outside of an informal discussion on matters in general in connection with the fair, there was nothing done. One of the directors to-day laid the blame upon the committee appointed at the citizens' meeting on Wednesday in connection with the movement to raise the extra $300, none of the members of which, he said, were present last night. It was learned, however, that one of the members was there at 8 o'clock, but had to leave to attend another meeting, while another telephoned that he could not come until later, and before he got around the meeting was adjourned.

The director referred to above stated that the meeting last night was characteristic of the attitude of the citizens, and he was to-day very pessimistic over the prospects for the fair this year. He, and others spoken to, incline to the belief that there will be no fair this year. Out of the eighty members which the Society must have by Wednesday next to secure the Government grant, only three have been secured so far, and last night no arrangements were made for holding any further meetings.

Unless someone, to use a slang phrase, "gets a move on," pretty soon it will be impossible to hold the fair this year. What will be done, remains to be seen.

Excursionists To St. Anne Had Their Pockets Picked

Thieves Were Operating There During Excursion Time.

A special C.P.R. train arrived here this morning at 11 o'clock from St. Anne de Beaupre. Only a small proportion of those who left Peterborough returned on the special train, the majority remaining over to spend some time in Quebec and other cities.

Reports have been received from Quebec to the effect that pickpockets yesterday made a good haul at St. Anne de Beaupre, where thousands of pilgrims are gathered. A number of people were relieved of good sums of money, and hurry calls to the city for the aid of detectives were despatched. Among the sufferers was a lady who lost $180, and two gentlemen, one of whom was relieved of $130, and the other of $75.

AN EXAMINER AD. DID THE WORK

The Examiner certainly pays as an advertising medium. The other day a lady lost a satchel and purse on George street and went to the police station mourning her loss. The Chief told the Examiner reporter about it, and a paragraph was published. The party that found the satchel and purse has returned it to the police station on the strength of the notice in the Examiner and the loser may now have her property. The Examiner brings results.

Board Of Works To Consider Report

Of Mr. K. L. Aitkin on the City's Street Wiring System.

To-night a meeting of the Board of Works will be held—if there is a quorum present.

It will be remembered that a meeting was called for Tuesday evening to consider the report of Mr. K. L. Aitken, on the street lighting system of the city. There was no meeting of the Board because there was no quorum, and it was decided to postpone the meeting until to-night, when it is hoped there will be sufficient members present to transact business.

Mission Circle Was Entertained

Ladies of Park Street Circle Spent Afternoon in the Country.

The Ladies' Mission Circle of the Park street Baptist church were the guests of Mr. and Mrs. Robert Smith, of Monaghan, yesterday. A large party drove from the church about 2.30 o'clock. The weather was charming. They were royally entertained, and, after roaming around the new-made hay and shade lanes, returned home about 8 o'clock. It looks as if the outing would result in adding several new members to the circle.

Mechanics

Who appreciate accurate time will profit by having their watch repaired at Frost's Diamond Hall.

Every watch left with Frost for repairs receives the closest attention skilled hands can give, and every watch Frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that while Frost's work is first class in every particular Frost's prices are always the lowest that good work can be done for.

Frost makes a specialty of small jewellery repairs.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellog of Denver, Color Bearer of the Woman's Relief Corps, Sends thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.:

Dear Mrs Pinkham:

"For five years I was troubled with a tumor which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope.

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacements or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female trouble.

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

FRIDAY, JULY 27, 1906.

YANKEES IN WESTERN CANADA

The New York Press has the following article:

When, a few years ago, there began a movement of farmers from the Northwest into Canada the Dominion lifted up its voice, and sang paeans of praise unto itself. The Yankee was deserting the house of bondage in the United States to take up his abode in the land flowing with rivers and ripe with grain — the wonderful Promised Land of the Canadian West. The born of Canada was to be exalted, and that of the boastful Yankee was to be put down. "We will feed the world," cried the Canadians, "and the Canadian Pacific shall bear to Montreal, Quebec, and other ports of the Dominion such crops as shall make the exports of New York and Boston look like thirty cents—Canadian silver." But no sooner had the Americans got fairly settled and at work in the region to which they had migrated, then along comes "Jim" Hill with a railroad, whereby he proposes to divert the commerce of the region aforesaid to Duluth. Also the American settlers, so far from becoming Canadianized, are far more Yankee than the Yankees themselves, and are talking about secession from the eastern provinces. The settlers do not say as yet that they want to take over to the United States the region in which they have settled, but they do say emphatically that they do not want to be joined to the eastern provinces, and that after Hill gets his railroad in operation they will have neither commercial nor political interests which they can share in common with the Canadians of the east. The Government at Ottawa is seriously alarmed over the situation.

The Press is altogether too sanguine, and writes largely with lack of knowledge of the real conditions. There may be vague danger to Canadian integrity by the large influx of Americans into the Northwest, but it can be easily over-estimated. The talk of secession from the eastern provinces is chiefly talk confined to American journals. The American settlers come into the country to better their condition, and this betterment is not altogether confined to soil conditions, and opportunities for successful farming. The great majority of the American immigrants have burned their boats, sold their holdings in the United States, and invested their all in the Northwest for the purpose of making a home there. The improvement in their conditions is largely composed of superior institutions, governmental, social, and in respect of law and prevalence of order, and the general opportunities making for good homes and desirable conditions of living. No sane American will run his head against a stone wall, by trying to restore conditions from which he has fled, and to destroy conditions that influenced his taking a residence in Canada. There is a large doubt as to whether American settlers in the Northwest become "more Yankee than the Yankees." Very many of the immigrants are Germans, or of German descent, and with their ideas of thrift will not be inclined to take a course that will imperil the integrity of the conditions under which they are prospering, and, if not making money, are making a good living. As to the large figure which Mr. Hill's railway is likely to cut, is overdrawn. If the Press had any idea of the immensity of production of the Canadian West, and of the transportation problem, it would realise that the Hill railway, if the effect of its operation is as anticipated, will have a very small share—one quarter—in the transportation of the West, and it is probable that this share will be only enough to take to the United States the Canadian wheat required, and to be consumed in that country. The Government at Ottawa is not losing much sleep over the question. The weather must be affecting the Press.

THE OTTAWA MINING "GRAFT"

The Toronto News, very friendly to the Whitney Government, has the following in regard to the action of the Temiskamingue Railway Commission in secretly granting a valuable mining concession to an Ottawa syndicate, composed in part of Mr. G. B. Murphy and Mr J. P. Dickson, one a son and the other a business partner, of Mr. Dennis Murphy, formerly Conservative member for Ottawa in the Legislature, and a member of the Commission. The News says:—

But within the last few days a really serious charge has been made against the Commission. In brief it is that the Board modified the regulations concerning mining on the Temiskaming Railway right of way, and then granted a concession to an Ottawa syndicate of which Mr. Denis Murphy's son was a member. Mr. Murphy has made a public statement giving the details of the arrangement and assuring the public that he personally had no interest whatever in the syndicate. His explanation is, that under the original regulations any person or persons getting a mining concession on the right of way should pay $50,000 cash for a 999 year lease, and a royalty on all ore mined, ranging from 10 per cent. on low grade ores to 50 per cent. on that assaying over $1,000 to the ton. The Commission advertised throughout Ontario inviting tenders on this basis. None were received. Then the Ottawa syndicate put in an appearance and expressed a willingness to do business with the Commission provided the royalty basis was made 25 per cent. flat, no matter what was the value of the ore. Under the circumstances the Commission considered this very fair, and revised the specifications as desired. Then a contract was made with the syndicate, of which Mr. Murphy's son was a member.

The main point of objection to this procedure is not the fact that one of Mr. Murphy's relatives has been favoured, though this, we believe, was unwise. The Commission made a mistake in changing the specifications without advertising for new tenders. If the original provisions of the contract as announced in the Legislature were deemed too stringent, the Commission was at liberty to change them, but not secretly. It is quite possible that if other mining men had known the royalty changes had been or could be reduced to a flat 25 per cent., the Ottawa syndicate might have had competition for the concession. As a matter of fact the Commission disposed of the mining rights by private sale. Private sale has no place in Government business of any kind, for it is a fruitful source of irregularity and impropriety.

When Mr. Murphy's son was a member of the syndicate purchasing the mining rights in this quiet way the transaction was injudicious in the last degree. If the Ottawa syndicate had accepted the original schedule of royalties as advertised Mr. Murphy would have been subject to some criticism because of his son's connection with the transaction. In view of the private agreement, he cannot complain if his prestige is seriously weakened.

The News puts the matter very moderately, but this is not to say that the Commission is guiltless of a gross act of partizan favouritism, politically immoral, and likely to result in serious reduction of provincial revenue. The situation must be pretty bad when newspapers supporting the Government are impelled to criticise the course of the Commission. The Galt Reporter, another staunch Conservative journal referring to the matter says that "to put a contractor on a Government Commission having the power to let contracts and grant concessions is a dangerous proceeding." Here we have an added condemnation, the News condemns the action of the Commission, and the Reporter condemns the Government for constituting a Commission with inherent probabilities of falling an easy prey to the "graft" element.

NORMAL SCHOOL SITE.

The attitude of the members of the Board of Education at the joint meeting last night, to confer regarding a site for the proposed Normal School, in deciding to retain the Central Park site for the Collegiate Institute, is quite commendable. It is an ideal site for this purpose, and should not be alienated nor surrendered for any other purpose. While the presence of a Normal School is an honour and an advantage to Peterborough, it is a Provincial building, while the Collegiate Institute is our very own, and is deserving of the best site that can be procured, even if there were no legal obstacles to its diversion. This site is not only admirably adapted in every way to all the purposes of such a school, but from an architectural point of view, the proposed Collegiate Institute building will be as good a structure as the Normal School building, if not better, and will constitute as great an ornament to the city upon a centrally situated and prominent site. Now that the Central Park site is practically out of consideration for a Normal School site, the city authorities, aldermanic and School Board, should act promptly in procuring options on the several good sites that seem to be available. This should not be a difficult matter. Several have already been suggested through The Examiner, and if any person has one which seems to meet the requirements, it should be made known either through The Examiner or directly to the authorities, the former preferably, for then the public who are interested in the matter, will be kept in touch with the progress of events in that connection.

Fined Heavily For Practicing Medicine

Belmont Township Man Had no Medical Standing But Charged Fees.

Mr. J. J. H. B. Moss, of Belmont, who is something of an amateur doctor, and who has lately been charging fees for his services in that capacity, was fined $25.00 and costs before Magistrate S. S. Joyce at the town hall here on Tuesday. The complaint was laid by Provincial Detective Rose on behalf of the Ontario Medical Council and Mr. Moss pleaded guilty to the charge.—Havelock Standard.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business tranactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Hail Just As Good As Ice

Hastings Hotelman Makes Use of a Substitute.

Last Sunday, Mr. T. Spellman, the well-known Hastings hotelman, was about to make ice cream for his guests, when the hail storm commenced. The stones were so large and plentiful that he substituted them for ice, and the ice cream was highly satisfactory.

This is told as a true story by a local gentleman who was a witness of the unique process.

Patti, of all the vocalists in the world, stands alone in earning ability. Her marvelous voice, aided by histrionic ability of high order, has frequently brought her $5,000 a night. Next to her stood, and probably still stands, Jean de Reszke.

"IT IS A MIRACLE!"
—say Hamilton People

Bleeding Piles Cured
—after Years of Suffering.

Miracle-days may be past—but the day of saving people from suffering is ever-present.

What is there distressing than Itching, Bleeding Piles? Some say the only cure is the knife. We say, operations are unnecessary. Read this letter:

"For years I had Piles, which protruded and bled freely. The itching pain was sometimes almost unbearable. Often I suffered so severely it was next to impossible to remain on duty. It was a hardship to walk. I tried many remedies, but with poor success.

"This winter, in New York—at the Beach, I suffered greatly—was almost compelled to remain in my room. I tried several remedies—without relief.

"On my return home, Mira Ointment was advised. I used it. In only a short time, all the irritation and pain ceased. I can now walk with ease and attend my duties as a member of the Fire Department.

"I strongly recommend Mira Ointment to anyone suffering from this annoying complaint.

"Hamilton, March 9, 1906."

(Signed) *Mark O'Rourke, 168 Hess St. N.*

Isn't that the sort of proof you want?

Mr. O'Rourke is the well-known, breeder of bull-terrier dogs. Everyone in Hamilton knows him.

Mira Ointment brings quick, lasting relief, and permanently cures the worst cases of Piles, Eczema, Ulcers, Sores, Chafing, Burns and other skin troubles. 50c. a box—6 for $2.50. At druggists' or from The Chemists' Co. of Canada, Limited, Hamilton—Toronto.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate winds, mostly fair and warm To-morrow warm with some local thunder storms.

Cottagers to Meet.

—To-night an important meeting of the Stony Lake Cottagers' Association will be held at the pavilion.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 190.

Leather Workers' Excursion.

—The steamer Water Lily will carry the Leather Workers' Excursion to Rice Lake to-morrow afternoon.

Novelties in Photos.

—The latest of novelties in photos at the new studio, over the City Grocery, 314 George street. Photos from 10 cents up. Studio Unique.

A Phonograph.

—Is one of the necessities for your summer home or your camp. Buy the Edison. It's the best. Call and hear them. J. M. Greene, Music Co. 6d19

Increased Efficiency.

—The Havelock Electric Light Company installed another water wheel in their power house last week, thereby increasing their plant to the extent of 300 h.p.

Fashionable Ties.

—To wear one of our ties is to wear what the most fashionable people are now wearing. Prices that surprise one for lowness; 50c goods for 35c and 25c. Lang & Maher.

Dance at Chemong.

—The night before last an enjoyable informal dance in which about twenty young couples took part, was given at Chemong Park pavilion. The music was provided by a graphaphone.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Pass It On.

—The discovery of a Chicago dog tag in a can of packing house meat is no sign that the dog was in that can, says the Buffalo Express. No, but it's near enough to make the one who opened the can decide to pass it on.

The Examiner's Thanks.

—The Examiner has to thank Mr. H. Rush for an illustrated copy of an address of the Grand Master and Grand Officers' reports at the 61st Annual Communication of the Grand Lodge of Masons held at Massey Hall, Toronto, July 18th and 19th.

The Dog Days.

THE almost simultaneous rising of the sun and Sirius, the most magnificent star in the sky, a few days after the summer solstice, caused the ancients to associate the abnormal heat of July and part of August with the great Dog Star; hence the "Dog Days."

Knights Will Visit Kirkfield.

—The annual outing of the Peterborough and Lindsay Councils of the Knights of Columbus will be held this year to Kirkfield. The trip will be on Thursday, Aug. 2nd, and the boat will be taken at Lindsay for Kirkfield, where the new lift lock will be viewed.

Heavy Costs for Scrap.

—On the 7th of July two youths of Cordova mixed it up rather freely and the result was a police court case in which Wagg was the plaintiff and Rupert the defendant. The fisticuffs was settled on Friday last when Magistrate Mathison fined Rupert $1.00 and costs, but the costs amounted to the substantial sum of $20.00.

Bathing Beach Thronged.

—During the hot weather the bathing beach has been much patronized. The water has been exceptionally warm and numbers have been bathing and innumerable children at picnic parties have enjoyed the cool lake breezes. There has also been a good deal of boating which has been very enjoyable.—Port Hope Times.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — o anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low a five cents each, or 8 for 35 cents Illustrated cover on heavy paper; 2 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

Credit Given.

—A Water street resident called on the Examiner this morning, and said that Mr. McDonald, in charge of the laying of gas mains on Water street, deserves credit for the excellent manner in which the filling of the trenches is done. It is a pleasure to give publicity to this fact for there is too much careless trench-filling for the good of the streets.

New Pews for St. Mary's.

—Ven. Archdeacon Casey has arranged for the re-seating of St. Mary's church, and the old pews that have done service for so many years have been removed and sold at 25c. for single and 50c. for double seats. They sold like "hot cakes" for lawn seat purposes. The new pews are being furnished by the Office Specialty Company, of Preston, Ont., and are of modern design and handsome in appearance.—Lindsay Post.

Are You Looking for Souvenirs?

Visitors desirous of taking home with them Souvenirs of their visit will find the largest variety, by long odds, at the Peterborough Bookstore. Views of the most prominent city buildings, streets, churches, parks, lakes, etc., depicted in many different styles. Photogravures of the hydraulic lift lock in numerous views. See our Souvenir display in north window. A. H. Stratton & Co.

Creditable "College Chronicle."

—The Examiner has received the midsummer number of the "St. Margaret's College Chronicle," a publication edited and written by the pupils and ex-pupils themselves. It contains a number of criticisms of school concerts and lectures, and class room compositions of a very creditable kind, and personals and illustrations that must appeal strongly to all who are interested in the school. The most striking feature of the magazine is the record of the pupils and ex pupils at examinations during the year, which shows in a very clear manner how the school ranks with the large Collegiate Institutes of the Province.

PERSONAL MENTION

Mr. W. E. Brown, Chicago, is at the Oriental.

Mr. M. Pappas went to Oshawa today on business.

Mr. W. J. Shaver of Chicago is a guest at the Oriental.

Mrs. R. P. Watt has gone to Millbrook for a week's visit.

Mrs. Martin Connors is visiting with friends in Rochester.

Mr. W. G. Doherty, Clinton, is a guest at the Oriental to-day.

Mr. M. J. Barrie, of the Queen's Hotel, Havelock, is in the city.

Mr. Arthur McAuliffe and Mr. Leo Clancy left to-day for Rochester, N.Y.

Mrs. Frank de Laplante and children has gone to Rochester for a visit.

Mr. Myrtle Reid, Downie street, is visiting in Millbrook, the guest of Dr. Clark.

Mrs. Frank McCoy has gone for a trip to Detroit, Michigan, and other points.

Miss Etta Webster, Port Hope, is visiting her aunt, Mrs. Geo. Reid, Downie street.

Mr. J. J. Graham, of Toronto, was renewing old acquaintances in the city yesterday.

Miss B. McMartin of St. Michael's Hospital, Toronto, is visiting at home for a few days.

Mr. J. E. Ivey, of Peterborough, has been visiting his cousin, Miss Hawkey.—Port Hope Times.

Miss Stella Collinson, of Peterborough, is visiting Miss Mary Hendren.—Norwood Register.

Miss Ida McIrose, Summerside, P. E. I., is visiting her friend, Miss Clara Bellegham, Bethune street.

Mrs. F. Burgess and Miss Lelia Burgess, have returned home after visiting Mrs. S. Clegg, Stewart street.

Mr. T. J. Maher of Lindsay is in the city for a few days' visit to his brother, Mr. Jos. Maher, of Lang & Maher.

Miss Sadie E. Staunton, of Benson street, is a guest at the summer home of Mr. and Mrs. A. E. Dixon, Chemong Park.

Miss Eva Montgomery and Mrs. Jane McGaldrich, of Rochester, N.Y., are visiting Mrs. T. Cavanagh, of the Cavanagh House.

Misses Emma and Ethel Tedford and Miss Ingle, of Toronto, are visiting Mr. and Mrs. Wm. Hawes, Bennett street, for a few days.

Miss Sarah A. Sullivan and Miss Mary E. Sullivan, of St. Paul, Minn., are the guests of their brother, Mr. Patrick Sullivan, Water street.

Mr. R. Desautel has left for Pittsburg, where he has secured a good position in the office of the Buffalo, Rochester and Pittsburg R. R.

Miss Julia O'Donnell, of Peterborough, is visiting her cousin, Miss Kate English.....Miss Josie Herr, of Peterborough, is home for holidays.—Caughnawaga correspondent to Norwood Register.

Mr. Fred Pope, Dominion Express Messenger at North Bay, is home on a visit with his father, Mr. Geo. Pope, of the Federal Life, and left yesterday to spend a few of his holidays in Elmira, N.Y.

Mr. James C. Rogers, principal of Brooklyn, N.Y., Grammar School, formerly principal of Bradford and Hawkesbury High Schools, is in the city the guest of his friend, Mr. R. Lees, P. S. I., at his Stony Lake cottage.

Misses Polly Chiles, of Toronto, and Lottie Chiles, of Peterborough, are the guests of their brother, Mr. Geo. Chiles.....Mr. Mauthan, of Peterborough, conducted the services in St. John's church, on Sunday.—Havelock Standard.

Mrs. R. F. Byers, 18 Cameron street, Mrs. F. W. Parkes, 86 D'Arcy street, and Miss N. G. Watson, 41 Kensington avenue, all of Toronto, are visiting Mr. and Mrs. Jas. Byers, Harmony Hall, Rice Lake. Miss G. Byers has been ill for a few days.

Miss Tess Powley returned to Peterborough, after spending two weeks' vacation here.....Miss Maud Mowry, Peterborough, is visiting Mrs. J. B. Henderson, West street .....Mrs. Hill and son, Holland, of Peterborough, are the guests of Mr. Joseph Hill this week.—Orillia Times.

Last night Mr. and Mrs. Roy Turner, entertained at their residence, 114 Gilmour street, about thirty of the lady employees of Turner & Sons' factory. A delightful evening was spent in the manner usual to such occasions, to which Mrs. Turner's warm welcome and graceful hospitality largely contributed. Such commendable social amenities do much to brighten the monotony of industrial relations.

Mrs. J. Hamilton, is the guest of her sister, Mrs. R. H. Bradburn, of Peterborough, at the latter's cottage, Stony Lake.....Mr. Wm. Orsewell, forest superintendent for the Dickson Lumber Company, Peterborough, was in town yesterday on business.....Mr. J. Ingram, of Peterborough, was in town to-day..... Messrs. G. A. Gillespie and M. Storey, of Peterborough, were guests at the Simpson House yesterday ..... Miss Courtney, of Peterborough, is the guest of Mr. and Mrs. R. Miller, at Stoney Point. — Lindsay Post.

A man complained to the magistrate at a London police court that a woman whom he had summoned for assaulting him had framed the arguments against him and pulled it to pieces. Another summons was given to him.

Power Company Is Organized

Northumberland and Durham Power Company Elects Directors — Will Develop Healey Falls.

The Port Hope Times has the following optimistic report of a meeting held in Cobourg:—The final organization meeting of the Northumberland-Durham Power Company, Limited, was held in the council chamber at Cobourg on Tuesday. The meeting was attended by some 35 of the leading men of the United Counties. The organizer of the company announced at the meeting that the company has received a thirty years' lease of the Healey Falls including both sides and the whole bed of the river and also the whole of the lower rapids. He also referred to the fact that the company also owned portions of the upper rapids, the remainder of the upper rapids being the property of the Dominion Government, which had purchased them some thirty years ago from private parties for lumber crib sliding purposes, for which purpose they are no longer used. The company expects to obtain the portion of the upper rapids now held by the Dominion Government, but it is advised by a prominent firm of consulting engineers that the company at present is able to develop a water power of 35 feet head of the whole river which is estimated at 4,400 horse power in the dry season. The lease was issued at the request of twelve municipal councils of the United Counties. During the meeting it was shown that an eager market for this power already exists in Cobourg, Port Hope, Colborne, Brighton and other places in the United Counties and that estimates of engineers of the cost of development and delivering of power and light to the district showed that it could be supplied at cheap rates which would be profitable to both users and stockholders.

The meeting lasted from eleven o'clock in the morning until six in the evening and details of organization were carefully considered. A board of eighteen directors consisting of representative business and manufacturing men of the district was elected and an executive committee of five.

The immediate development of the property was decided upon and a leading firm of engineers in Toronto has been engaged to complete the plans necessary before calling for tenders. It was stated that the development of the power can be completed in about six months. The head office of the company is at Cobourg, as is stipulated in the company's charter, and all communications for the company may be addressed to the managing director there.

DOES YOUR SCALP ITCH?
Are Your Hairs Dropping One by One?
If your scalp itches you are doubtless suffering from dandruff. The dandruff germ is digging up your scalp in little flakes, called dandruff, and sapping the life of the hair bulb. No hair preparation that is a mere hair stimulant and tonic will cure dandruff, because it won't kill the germ that causes the trouble. Newbro's Herpicide is the latest scientific discovery, and it will kill the dandruff germ. Destroy the cause, and you remove the effect; kill the germ and you will have no more dandruff, falling hair or baldness. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detoirt, Mich. Ormond & Walsh, Special Agents.

Football Club's Annual Outing

Baltimore Club Took 200 Persons to Hastings Yesterday.

The annual excursion of the Baltimore Football Club was held yesterday by steamer Rainbow, about 200 persons boarding that boat at Harwood, bound for Hastings. A scow for dancing was attached to the steamer and dancing was indulged in to music provided for the occasion.

A delightful day was spent at Hastings and the steamer arrived back at Harwood about 10 o'clock.

Nervous and Worried.
Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Succi, the professional faster, finished a 30-day fast at Geneva, Switzerland. During his fast he used only lemon soda water. He lost about nine pounds in weight. His health at the close of the fast was good.

SLIDES AND BOOMS ON RIVERS ARE TRANSFERRED

An Ottawa despatch says: — An order in Council has been passed transferring the slides and booms on the Ottawa River, the Hastings River, and all the back lakes from this Public Works Department to the Department of Railways and Canals. In future they will be administered by the Minister of Railways. Superintendent McClellan of the Trent Canal will have immediate charge.

NO CAUSE FOR COMPLAINTS.

Report of the Commission on British Columbia Fisheries.

Ottawa, July 27.—In connection with the announcement of the Chicago canned meat revelations and their possible effect upon the markets for canned goods, the Minister of Marine and Fisheries ordered the British Columbia Fishery Commission, then sitting, to investigate and inspect the salmon canning operations and salmon canneries from hygienic and sanitary standpoints. Mr. Brodeur has received their report. It says: "The commission has made a thorough inspection of the canneries operating in the Fraser River district. We were accompanied by Dr. Fagan of the Provincial Board of Health. Without exception we found the sanitary conditions satisfactory. The salmon being packed were fresh from the cold waters of the Pacific, and were placed in the cans in absolutely a fresh condition and in the most cleanly manner. We found no cause for complaints. The Provincial Government Board of Health maintains a continuous and systematic inspection of all the canneries each year. From our inspection we have to assure you that the salmon canned in this province is fresh and wholesome."

The report is signed by Commissioners Sweeny, Babcock and Brown.

STRUCK ST. LOUIS.

An Unknown Negro Blown From Wagon Under Fire Engine.

St. Louis, July 27.—A terrific wind and rainstorm struck St. Louis and vicinity yesterday afternoon. Lightning started seven fires in different parts of the city.

A negro, name unknown, was blown from his wagon under a passing fire engine and was killed.

Electric wires were blown down, sheds and a frame house were demolished and a number of persons were hurt by debris.

The excursion steamer Liberty, filled with pleasure-seekers, was driven through the Mississippi River at uncontrollable speed by the storm and dashed on to a dike on the Missouri side. The boat held firmly on the dike, and when the storm had abated sufficiently, the Government boat Lela transhipped the passengers and landed them in Alton.

Henry Scadding Is Dead.

Toronto, July 27.—Never once regaining consciousness from his injury and shock, from falling from a moving street car, Henry Scadding, 70 years old, died at 10 o'clock yesterday morning from cerebral hemorrhage. Mr. Scadding was formerly manager of the Dominion Bank at Orillia. He was the son of an early pioneer, Charles Scadding, and was a nephew of the Rev. Henry Scadding, author of "Toronto of Old." He leaves a widow and four sons —Charles Scadding, bishop-elect of Oregon; Dr. H. Crawford Scadding, Walter Reginald Scadding, and J. L. S. Scadding, of Wilkesbarre, Pa. All the sons but the latter were with him when he died.

Insanity Was Feigned.

Montreal, July 27.—Duclos, who tried to kill Desrosiers, the musical agent, and was sent to the insane asylum, escaped from that institution yesterday, an automobile being in waiting for him at the gate. It now looks as if insanity was feigned. In fact Dr. Villeneuse, the superintendent of the asylum, declares that Duclos is all right and that he will report to the Attorney-General to this effect.

Rocky Roads To Nicholl's

Patient Complains of a Rough Time in the Ambulance.

A patient who has recently been released from the Nicholls Hospital, says the road up the hill to the hospital is in a shameful condition and says that it was a harrowing experience to him to have to travel over it in the ambulance, in one of the most painful periods of his sickness. This stretch of road has been the source of many complaints lately, and above all other bad spots in the city's streets, should be remedied at once.

Mail Clerk On Noon G.T.R. Train

An Important Change In Mail Service Inaugurated.

The Port Hope Times of this week says :—Starting to-day, there will be a great improvement in the mail service of the Midland division.

The train arriving at 12.50, which up to the present has only carried closed mails from a few points, will have a mail clerk on board and mail will be distributed and collected at all points on the line.

The train leaving Port Hope at 4.30 will, in future, also carry a mail clerk, and a complete mail service will be given to all points.

The clearing house was opened in London in 1775 and the stock exchange clearing house was formed in 1874.

Board Of Education Want To Keep Institute Site

But Might Possibly Give Away if an Equally Good Site Was Given Them—Several Locations Suggested for the New Normal School—Another Meeting Will be Called to Further Consider the Matter.

It was quite evident from the joint meeting of the Committee of the Whole and the Board of Education last night, that there will be no trouble in agreeing upon a site for the proposed new Peterborough Normal School. Although the members of the Board of Education, who expressed their opinions last night, thought the present site for the Collegiate Institute should be retained, yet they were quite willing to give up this location if the council would give them in exchange a site equally as good, providing the exchange could be legally made.

A number of sites were suggested by different speakers, but one that appeared to be the most acceptable was that composed of an acre on Mr. Bradburn's, and one on Mr. Dumble's property, taking in the 66 feet of roadway between, which is is unopened and not necessary. The property lies between McDonel and London streets, west of Stewart street.

The members of the council present were Mayor Best, Ald. Ball, Johnston, Graham, Wilson, Elliott, McIntyre, Mason, McWilliams, Hicks; and of the Board of Education Chairman W. G. Ferguson, D. W. Dumble, R. Fair, Dr. Burnham, J. Crane, Dr. Morrison, W. H. Hill, and W. Pringle. Mr. J. Coyle Brown, P.S.I., was also present.

The Mayor pointed out that the meeting was called to discuss the Normal School site question in a joint meeting.

The feeling, he said, of the council was that they would like to have the building lots for the new school transefrred to the Government, on which to erect the Normal School.

The question was asked whether the Government paid for the site or not, and Ald. Johnston said that when the matter was brought up at the time of the deputation, it was agreed that the city should give a free site for the school, if one happened to come this way.

The Hilliard farm had been mentioned, Mr. Hill said, but he thought that it would be of little use.

The Question at Issue.

The question was, however, whether the Board of Education would be willing to hand over the site selected for the Institute in lieu of their getting an equally good site for their building, and the Mayor asked for their several opinions.

Mr. Dumble remarked that the School Board should never have been asked to give up the lots on Central Park, because they never owned them. Neither law nor pressure he said could induce the council to grant them the lease. Legally, he thought, the exchange could not be made. The vote of the people was that they asked for debentures to be issued to pay for the new Collegiate Institute on that property, so that it would not be right, he thought, for anything else to be done.

Mr. Ferguson said a site was required for the Institute, and the Board was well pleased with the one selected, and he did not think it fair to give it away.

A Site Suggested.

Mr. Brown thought that there was no other site in the city equally as good for a Collegiate Institute as the present site is, and he would not blame the Board in retaining it as a more centrally located place could not be found. He thought the best site available for a Normal School building would be the Dickson pling grounds near the river, which would be close to the Central school. There were three places, he thought, which would meet the requirements —one near the Central School, a second near the South Central school, and the third near the new school in the course of erection in the south end. But the former, he thought, was the best.

Institute More Important.

Mr. Hill said that it was far more important to have an Institute in a central part of the city, than it was to have a Normal School, and thought that as the Board of Education had secured the Central Park, they should hold it. He also pointed out that some requirements which would be necessary in the armouries could be used by the Collegiate Institute, thus saving a great deal of expense. He thought the Dickson pling grounds a good suggestion.

Mr. Dumble agreed with Mr. Hill that the placing of the Collegiate Institute was of more importance to the citizens than having the Normal School, but he would also very much like to see the latter in Peterborough. The students coming to the city would be an ambitious lot, and would serve greatly in toning the educational interests of the city. For this reason he thought it was most important to obtain the school. If the Normal School were centrally located the students could go to the Central School, the Roman Catholic school, the South Ward, or the new school in the south end. He did not think, however, that the Board should give up the Central Park site, as they could not gain anything by so doing. He thought that one of the most handsome sites in the city would be the two acres, part on Mr. Bradburn's property on McDonel street, and part on his own and also taking in the intervening street which might be had for nothing, and which, he said, would never be needed. He would, if necessary, dispose of his property, if it was so desired.

Dr. Morrison agreed with Mr. Hill and Mr. Dumble. There were legal difficulties, he said, in the way of giving up the present site on the Central Park, for the Normal School. He thought that no better centrally located situation could be found for the Institute than it. He did not think it essential that the Normal School should be centrally located. The rest of the city, he thought, would be the best place to locate, and suggested some property between Charlotte and King streets, or the old homestead on the George A. Cox property.

Mr. Fair mentioned as a site that part of the present Central School grounds, bordering on McDonel street, together with a portion of the property between that and Water street.

An East City Site.

Dr. Burnham agreed with the other members of the Board in the exchange proposition, but would not stand in the way of giving the Central Park site, if the city would furnish an equally good site for the Institute. He mentioned some property of Mr. McAllister's, East City, which would also be near a public school.

Mr. Pringle's remarks were on the same line as the other members of the Board who had previously spoken, and he added that rather than lose the Normal School he would give away, and consent to have it erected on the Institute location on the Central Park.

Here it was decided to adjourn and call another meeting on Tuesday night, and in the meantime to carefully consider the matter.

Fishery Inspsctor Brown Of Belmont Dismissed

An Appointee of the Liberal Government Replaced by Orders of East Peterborough Patronage Committee—An Ex-Warden and Prominent in Public Affairs For Years.

This week's Havelock Standard says:—Mr. John Brown, of Rockdale, fishery overseer for Belmont and Methuen, has been summarily dismissed by the Government without cause or reason, and the position given to Mr. T. C. Caskey, postmaster, of Blairton, who evidently stands in with the local patronage committee.

Mr. Brown has been an efficient official and has succeeded in reducing illegal fishing within his jurisdiction to the vanishing point. No complaints have ever been made against him in this capacity, and the only logical inference that can be drawn from the action of the Fisheries Department, is that his politics were at fault. He has been a magistrate since 1884, warden of the county, county councillor, reeve of Belmont, and Methuen, enjoys the confidence of the community, and has occupied all his life positions of trust among big companies, and yet supposedly because he is a Liberal, the axe falls, and his office given to one who, according to reliable information, can not, and has not, fulfilled the duties of fishery overseer.

Mr. Brown has told prominent local Conservatives that if the office was wanted by a supporter of the Government, to tell him so and he would resign, but even that little courtesy was denied. Such dismissals as these, and there have been many of them of late, will soon tend to weaken the thinking public's confidence in Premier Whitney and his colleagues, who have publicly declared themselves against introducing such methods in the administration of the affairs of the Province.

Supplied Their Drug Wants

What Do You Think of Selling Patent Medicines to TORONTO People?

During the last two excursions from that city to Peterborough, many of the visitors took home a good supply of their drug wants from our store—and they were all unanimous in declaring **our Prices the lowest they had seen anywhere.**

Our Prices are not only the lowest found in our city, but compare favourably with those of the large departmental stores of the Province. As a comparison of prices charged by drug stores, departmental stores and our store, we quote you a few of our best sellers :—

Gooderham and Worts' Excursionists Pleased

With Their Visit to the City—Remarked the Excellence of the Car Line.

The annual excursion of the employees and their friends of Gooderham and Worts' Distillery, which took place to this city yesterday, was a most enjoyable one for the excursionists, who thoroughly appreciated the many advantages Peterborough offers to a visitor. Jackson Park was made the pleasure headquarters of the visitors, and in the afternoon 13 races, six for boys and seven for girls and ladies were run off. The prizes were appropriate and costly, and were donated by the firm. Sixteen members of the 57th Regimental band provided excellent music.

Previous to coming to the city, through the enterprise of Secretary H. R. Brereton, of the committee, who has had much experience in this line, having been secretary of the excursion committee for three years and former private secretary of the Toronto Industrial Exhibition, and Thos. Morley, chairman, and Robt. Minty, treasurer, all arrangements were made, and the accommodation, car service, etc., was most satisfactory. It was the intention of a section of the excursionists to take a trip over the *lift* lock on the Monarch, but as a guarantee of 100 persons could not be made, this feature of the outing had to be abandoned.

The visitors were highly pleased with the city in general, and noticed many changes since last Gooderham and Worts' excursion came here seven years ago. They were surprised at the excellence of the cars and car service, and were of the opinion that the local street car system is one of the best.

They returned to Toronto last night at 7 o'clock, via the C. P. R., on a special of six coaches. They conducted themselves well while in the city, and will be made welcome on any future occasion.

Orillia Elks Come To Peterborough

Will Run Another Excursion Here on August 9th.

The number of excursions which will make Peterborough their objective point on Thursday, Aug. 9th, grows day, is growing rapidly. Another excursion is advertised from Orillia, the Times, of that town, saying of it:—

"Orillia Lodge, No. 16, Canadian Benevolent Protective Order of Elks, will run their first annual excursion to Peterborough on Thursday, Aug. 9th, Orillia's Civic Holiday. A through special train has been engaged to start from Orillia at 8.30 a.m., and returning leave Peterborough at 8 o'clock p.m. The fare for adults is only $1.15, and for children 60c. Tickets good for two days. The great Barnum and Bailey shows will be in Peterborough on that date, giving excursionists a splendid opportunity of visiting the finest young city in Canada and the largest of shows on the earth."

Last year the number of cremations in Great Britain totalled 500, as compared with 566 in 1904 and 475 in 1903. In 1904 there were only nine crematories at work, but in 1905 there were 12.

"North End" Commends The Examiner's Efforts

For Securing the Repairs to the Smith Street Bridge—Says That They Will Remember Aldermen Who Were Indifferent.

To the Editor of the Examiner,—

Sir, — People in the north end of the city, are very thankful to the Examiner for getting the Smith street bridge put in shape for them. They will remember the city council next election day. The loss was too great for them to put up with such neglect. The bridge has been repaired, and at no very great expense, but there is no doubt but that a new bridge will have to be built. It's a strange thing that good public men not come forward, but that we have to rely upon those who wish to gratify their own ambitions. The pretence of being "requested by a large number of ratepayers" works out very badly for some of us sometimes, although it may be intended as a harmless joke. We were being buttered into silence, and had we not had a newspaper in the Examiner we should have been stuck. The Examiner has always been an ably-run newspaper and the residents of the north end appreciate the fact more than ever now. Long live the Examiner!

NORTH END.

"Old Folks" Night At The Juniper Pavillion

Rev. R. V. Bingham Gave a Lecture on African Missions to Large Number—Many New Visitors at the Lakes—Largest Excursion of the Season That From Oshawa.

Stony Lake, July 26.—Last night was "old folks'" night at the pavilion. While everyone was welcome to attend, yet the majority of those present were not those who are frequently seen there in the evening. The lecture, which was delivered by Rev. R. V. Bingham, of Toronto, the subject being "African Missions," was very interesting and was listened to with much attention.

Miss Ida Scrymgeour, Toronto, Miss Ada M. Scrymgeour, and Mr. George Scrymgeour, Rochester, are guests at Glenwood.

Mrs. K. P. Ellis, Mr. Jas. Ellis, Miss A. Ellis, Miss M. Ellis, Mr. A. W. Wray, Miss Clara Kidd, Peterborough; Mrs. Thos. Ellis, Mr. T. W. Ellis, Toronto, and Mr. W. T. Ellis, Detroit, are at Fairview Cottage.

Senator G. A. Cox came up to the lake last night and is the guest of Mr. A. L. Davis.

Mr. B. C. Kelson, London, Eng., is a guest of Mr. Piper at Kimo II.

Mr. Walter Robinson, Trenton, is spending a few days on Juniper Island.

Mrs. Warren Miss Mary and Mr. E. Warren, Lakefield, took the round trip on the steamer yesterday.

Mrs. V. P. Thowlis and Miss Frances Thowlis, New Bedford, Mass.; Mr. C. M. Caldwell, Toronto, and Mrs. F. Mason, Peterborough, are guests of Mr. John Nugent at Moda Wambeck.

Miss Elsie M. Brown, Toronto, is a guest at Grassy Isle.

The following persons are guests at Dulce Domum: George Geddy, Mrs. Geddy, Beeton, Ont.; Miss Pearl Ayers, Rochester; J. Hollyar, Miss J. McLean, W. T. Cawker, Miss G. Young, C. H. Haddy, Bowmanville; Miss McLaughlin, Arthur, Ont., and Miss Myra Reynolds, Stirling.

Mr. Howard Robinson, city, came up yesterday morning and will spend the remainder of the season here.

Miss Doughty and Miss Barbara Doughty, Toronto, are guests at Vizmede.

Dr. and Mrs. Stevenson, Cleveland, O., who have been at Victoria House for some time, returned home yesterday.

Miss G. MacLachlan, Norwood, who is visiting in Bowmanville, accompanied the Oshawa excursion yesterday.

Miss R. Jones, Miss B. Hastings and Mr. F. J. Mayo, Toronto, are guests at Kilkenny.

Miss May Jones, Miss Jennie Rose, and Messrs. Ken. and Ben. Simpson, and Sam. Brown, Peterborough, are at Hazelwood Lodge.

Mr. C. Esmonde White, New York City, is a guest at Ojai.

Misses Elfreda and Ida Merner, Toronto, who are touring the Kawartha chain, were guests at the Victoria yesterday.

Miss Helen Routley, city, came up to the cottage yesterday.

Mr. J. M. Price, Miss T. Baumer, Mr. L. L. Maguire, New York City; Miss A. Dittmar, Jersey City, and Miss M. E. Becker, Chicago, who have been at Victoria House for a couple of weeks, went down to Peterborough yesterday.

Mr. A. M. Goulding, Toronto, is a guest at Gladhaiken.

Mr. W. F. Erby, D.D., and Miss Cora Macdonald, Pittsburg, are guests at Shadyside.

The largest excursion of the season was that from Oshawa, which was on the lake yesterday. The Stoney Lake and Majestic were both required to carry the pleasure-seekers.

A Long Session At Police Court

Young Man Fined for Committing Assault—Drunk Remanded.

For over two hours this morning justice was dispensed by Magistrate Dumble at the Police Court session. Five cases in all were before him, two of which pleaded guilty, one was satisfactorily settled, one dismissed and in the other the prisoner was committed for trial.

John Strain.

A drunk and disorderly charge was laid against John Strain, a familiar figure among the many that appear in the prisoners' box. He pleaded guilty and was remanded for sentence for eight days.

Joseph Sullivan.

Sullivan was charged with committing an assault upon Thos. Sayles and pleaded guilty. Sayles testified that he and a friend, Matthew by name, were going down Charlotte street about 11 o'clock when he met Sullivan. The latter struck Matthew and knocked him down. He, Sayles, remarked that Matthew was a darn fool to take that and was immediately struck and knocked off the sidewalk himself. His face bore some marks of the fray.

Matthew next went into the box and testified that he had made some remark about a girl in the restaurant in Sullivan's hearing. The latter struck him and knocked him down.

The magistrate fined the accused $10 to be paid forthwith, or in default 10 days in jail, and added, "If you think you can knock down any person you like, you'll have to pay for it, it's a luxury."

St. Luke's Excursion To Jubilee Point

Was Held Yesterday and It Was a Grand Success.

Everything helped yesterday to make St. Luke's Sunday School excursion to Jubilee Point a great success. There was excellent weather, a large crowd, a pleasant time—it was no wonder, therefore, that everyone was satisfied and pleased with the outing. The courtesy and readiness to oblige, of Capt. Harris and his crew, were the subject of much appreciative comment, and added to the pleasure of the outing.

The Monarch left Peterborough wharf at 8.30 with a large crowd on board, which was supplemented by a large number from East Peterborough wharf. The sail down the river was excellent. Dinner was partaken of at Jubilee, which place was reached at about 12. The sports began at 3 o'clock.

The following are the names of the prize-winners:

Infant Class—

Boys—1, Lionel Lipsett. 2, Joseph Colquhoun.

Girls—1, Prudie Long; 2, Isabel Parker.

Boys 6-8—1, Bryan Carpenter; 2, Jas. Colquhoun.

Girls 6-8—1, Millie Curtis; 2, Emma Whittaker.

Boys 8-10—1, Arthur Lipsett, Victor Sedgwick.

Girls 8-10—1, Eunice Curtis; 2, Maggie Colquhoun.

Boys 10-12—1, Evelyn Stewart; 2, Hugh Stewart.

Girls 10-12—1, Ada Adams; 2, Gladys Whittaker.

Boys 12-14—1, Evelyn Stewart; 2, Gillespie Stewart.

Girls 12-12—1, Ada Adams; 2, Elesta Strong.

Boot Race—

Girls—1, Ada Adams; 2, Lizzie Manjeco.

Boys—1, Gillespie Stewart; 2, Percy Neil.

Girls—1, Elesta Strong; 2, Eunice Curtis.

3-Legged Race—

Edward Hanwell and Evelyn Stewart.

Young Ladies' Race—

1, Miss Florence Howden; 2, Miss Lulu Scott.

Men's Race—Mr. Chas. Crane.

Married Woman's Race—Mrs. Scott.

A prize for the largest family on board was given to Mrs. Geo. Curtis, Sr.

The refreshment stand, of which Mr. Arthur Kingdon was in charge, was well patronized.

The party arrived home about 8 o'clock, very much delighted with their outing.

During the afternoon the steamer went to Idyl Wyld with a large number of the party.

WEDDING BELLS

KING—SHERWOOD.

A very pretty July wedding took place last night at the home of Mr. and Mrs. Robert King, 126 Park street, when their son Alexander was united in marriage to Miss Rebecca E. Sherwood, second daughter of Mr J. W. Sherwood, of 294 Aylmer street, in the presence of a number of invited guests. The ceremony took place under an arch of evergreens in the drawing room.

The bride entered leaning upon the arm of her father, and was attended by her sister, Leah, while the groom was supported by his brother, Mr. Irvine King. Rev. A. H. Brace, of the Park street Baptish church, officated.

The bride looked charming carrying a bouquet of lilies of the valley. She wore a dress of cream crepe de chine, with a yoke of silk applique. Her going away dress was navy blue broadcloth with a hat to match. The bridesmaid was gowned in a most becoming cream shirred flounced with embroidered silk yoke.

The groom's present to the bride was a gold turquoise ring set in pearls, and a gold bracelet with opal set in pearls. The groom's present to the bridesmaid was a gold chain with slide in opal and pearls.

A tasty dejeuner was served, after which the bridal party posed for a flash light photograph. The presents were numerous and useful. Mr. and Mrs. King will reside in Peterborough.

Band Concert At Victoria Park

An Interesting Programme for the Public To-night.

By kind permission of Lieut.-Col. Miller the 57th Band will give the following programme at Victoria Park to-night, under the direction of Bandmaster Glidden:

MUNICIPARITY OF OTONABEE
Voters' List '06

NOTICE IS HEREBY GIVEN THAT I have transmitted or delivered to the persons mentioned in Sections 8 and 9, of the Ontario Voters' List Act, the copies required by said sections to be so transmitted or delivered of the said list, made pursuant to the said Act, of all persons appearing by the last revised Assessment Roll of the said municipality to be entitled to vote at said municipality at elections for members of the Legislative Assembly, and at Municipal elections; and that said list was first posted up at my office at Keene, on the 18th day of July, 1906, and remains there for inspection.

Electors are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

J. M. DRUMMOND,
Dated—29, 1 E Township Clerk.

New Province Is Now In Complete Control Of Land

Premier Scott Finishes Work For Saskatchewan.

ACTUAL TRANSFER SEPT. 1

Land Titles System and Offices and Public Institutions and Buildings Handed Over by Dominion—Railway Extensions, However, the Premier's Main Object in Ottawa—What He Has Done.

Ottawa, July 27.—Premier Scott of Saskatchewan completed his business here yesterday, and left for Montreal, whence he goes home by way of Owen Sound. Attorney-General Lamont proceeded west a week ago. While in Ottawa Messrs. Scott and Lamont obtained final arrangements for the transfer to their Province of the land titles system and offices, and of the public institutions and buildings, including the jails at Prince Albert and Regina, Government House at Regina, and all the court houses in the Province. These have been assessed as worth, roundly, $212,000, which sum the Province will pay in five equal annual instalments. The necessary order in Council repealing the old Dominion land titles act and transferring the local registration system has been passed, but the necessary advertisement of the order in four issues of The Canada Gazette will delay the actual transfer to September 1.

Railway Extensions.

When leaving yesterday Premier Scott stated that his main purpose in Ottawa had been in connection with railway subjects. He joined a Saskatoon delegation in representations to the Grank Trunk Pacific Co. regarding the service to be given the city of Saskatoon, and obtained satisfactory assurances from Messrs. Morse and Wainwright. With Mr. Lamont he had urged upon the Government here the importance of the construction of several Canadian Northern branch extensions. One of these, to run from Hartney to Regina, has been definitely agreed to by Sir Wilfrid Laurier, and Mr. Scott hopes that at least the grading to Regina will be completed this fall. In view of the purchase by the Canadian Northern of the road from Regina to Prince Albert, it is highly important that the eastern connection to Rgeina be made at the earliest moment. Mr. Scott looks upon this acquisition of the old Prince Albert road by the Canadian Northern as an event of great importance to Saskatchewan as a whole. Until now the C. P. R. has had the monopoly of the business of the whole southern portion of the Province, and the transaction at once gives a strong competitor access to the very heart of that area and puts the Northern in a position to quickly reach all parts of Saskatchewan with feeder lines. Another extension, to which the Government has virtually consented to grant aid, is for a line from Prince Albert to Battleford, which involves a bridge over the river at Prince Albert. Towards the bridge the Saskatchewan Legislature at its first session voted a money grant.

Hudson's Bay Route.

Mr. Scott says that the Canadian Pacific is now exhibiting commendable activity in pushing out branches. Their work, together with that of the Canadian Northern, the rapid construction of the Grand Trunk Pacific and the expected incoming of the Hill lines from the south are at once proof of the tremendous traffic that western Canada is soon going to furnish, and an encouragement to the western people that their business is going to be well handled. "But after all is said and done," declared the Premier, "the people of western Canada refuse to take their eyes off the Hudson's Bay route. For twenty years they have been looking that way. In the elections last fall both parties in both Alberta and Saskatchewan made distinct pronouncements on that subject, and in May the Saskatchewan Legislature adopted a strong memorial, urging the project on Sir Wilfrid Laurier's attention for immediate action. But for my determination to leave no stone unturned to bring about action upon this project, I should not have remained so long here. It is now brought to the point where concrete terms are being considered. The Prime Minister is most favorably impressed, and I have every confidence that the Hudson's Bay Railway will within a comparatively short time be an actuality."

THE KING AND BRYAN.

His Majesty and Noted Democrat Talk Over Peace.

London, July 27.—William J. Bryan, who was introduced by Ambassador Whitelaw Reid, was received in private audience by King Edward at Buckingham Palace yesterday. The visit was paid at the King's special request, his Majesty having notified Mr. Reid that he desired to meet Mr. Bryan. The interview was quite informal and was marked by the pleasing cordiality which the King is accustomed to show Americans in whom he is interested.

Only the King, Mr. Reid and Mr. Bryan were present. The conversation largely turned on the subject of peace and the conference of the Inter-Parliamentary Union, with the objects of which his Majesty showed himself to be thoroughly in accord.

Subsequently the King received some eighty members of the Inter-Parliamentary Union in the throne room.

Cart Driver Loses His Life.

Kingston, July 27.—At Duffy's Mill, Parham, yesterday morning, Alexander Murdock, aged 27, lost his life. He was on a cart which he was backing up. It went too far, and the outfit fell into deep water. Murdock was carried underneath and didn't rise again. He was married three months ago.

Successful Canadians.

London, July 27.—Among those admitted to membership in the Royal College of Surgeons, England, yesterday were: Charles McManus Middleton, W. C. Orrison, A. B. Scallie and G. E. Selden, Toronto University; R. B. Hill and A. E. Rankin, McGill University. All are identified with London hospi-

Russian Ruler Practically Lives Over A Volcano

Russ Malcontents May Erect Provisional Government.

PREMIER STATES CZAR'S CASE

Stolypin Scores the Douma as a Dying Body and the Most Merciful Treatment Was Its Prompt Despatch—Constitutional Democrats, as a Body, Highly Dangerous—Policy Czar Will Follow.

St. Petersburg, July 27.—The Government is using every means at its disposal to create the impression both at home and abroad that the crisis has been successfully passed, and that the probability of a general upheaval has disappeared. The semi-official press is filled with comforting assurances that the Government now has a firm hold of the situation and that the confusion and demoralization in the councils of the Opposition political organizations produced by the coup d'etat render united action impossible.

Living Over a Volcano.

As a matter of fact, the Government can hardly be blind to the fact that it is living over a volcano and that the danger of an eruption is far from ended. For the last forty-eight hours the central committees of the Social Democrats, Social Revolutionists, Peasant League, Railroad Men's Union and Telegraphers' Union and the military committees have been conferring both separately and jointly with the Parliamentary groups, not only on the question of calling a general strike, but actually on the question of attempting a counter coup d'etat by setting up a provisional Government. No final decision has yet been taken, but practically all the proletariat organizations, including that of the railroad men, but excepting the telegraphers, have already pronounced in favor of this step.

Soldiers to Fight For People.

The possible extent of the support which a revolutionary movement will receive from the army is, therefore, vital. At Helsingfors, Finland, Tuesday night 1,500 soldiers and sailors of the garrison took an oath to fight on the side of the people.

It is quite apparent to disinterested persons of the situation that the Government in entering on its present policy made a perhaps fatal blunder in lacking the hardihood to arrest the members of the outlawed Parliament.

Douma a Dying Body.

Premier Stolypin, in an interview yesterday, said, speaking feelingly:

"There has been no coup d'etat and nothing has been done which was not in accordance with the prescribed constitutional methods. The Emperor was empowered by the fundamental law to dissolve Parliament and there was no other course open to his Majesty.

"The Douma, as a whole, was a dying body, and the most merciful treatment was its prompt despatch, terminating its unprofitable existence."

Last Straw.

Continuing, M. Stolypin said the Emperor's recent words had shown that Parliament's agrarian manifesto was the last straw which caused the "Cadets bundle to burst" (Constitutional Democrats), but the whole proceedings of Parliament during the last few weeks had rendered its closing inevitable if the Emperor's authority was still to be recognized in Russia.

In reply to a question as to the role of the "Cadets," M. Stolypin answered that the party included many dilettante and doctrinaries without policy or political substance. He considered that the tendencies displayed by the "Cadets," as a body, were highly dangerous, to use no stronger word.

Three Policies.

Asked as to the extent the counteraction was likely to go, M. Stolypin replied:

"At the present moment three policies are open to the Emperor and his advisers: First, reaction; second, impassivity towards the threatened revolution; third, a policy of strong-handed reform.

"It is the last mentioned upon which the Emperor has resolved and upon which we have entered. A policy of reaction is the furthest removed from his Majesty's wishes, but the revolutionists must be thwarted before there can be any possibility of deciding on a definite basis for a stable future."

"I personally place implicit reliance on the innate patriotism and civic sense of the masses of the nation. I believe that the Emperor's appeal to them, backed up by constant evidences of good faith and honest endeavor on the part of his Majesty's representatives will result in the extinction, or at least in the effective repression of the anarchial forces."

Close to His Heart.

M. Stolypin declined to express an opinion of Parliament's demand for general land expropriation. He said:

"The interests of the peasants lie near the Emperor's heart. His Majesty and those closest to him admit the justice of many of the claims of the peasants, and nothing will be left undone to solve the agrarian problem in a spirit of sympathy, generosity and equity. I believe the peasants will recognise this when the details of the land proposals are fully explained to them with the aid of local commissions nominated from among those enjoying the confidence of the peasantry. When the Cabinet is complete we will come forward with an exhaustive program covering the land question and other subjects demanding immediate solution.

Opera Bouffe.

The Viborg manifesto Mr. Stolypin described as an opera bouffe production, unworthy of criticism. He laughed at the idea that the Government had not arrested the signatories of the manifesto because of fear. No steps, he said, would be taken against the members of the Parliament unless they attempted to agitate in their own constituencies or elsewhere in Russia. If they did they would be promptly arrested.

Six Upper House Members Resign.

Six of the elected members of the Council of the Empire (upper House of Parliament) have resigned.

There are indications that the Government, following the complete surrender to the demands of Finland, will seek to propitiate Poland and the Baltic provinces by concessions, for the purpose of divorcing them from the revolutionary movement in Russia proper.

Why Czar Struck Blow.

Paris, July 27.—According to The Journal's St. Petersburg correspondent the Russian authorities discovered in the course of recent searches the existence of a gigantic organization for a general revolutionary strike in October next, the plans which had been prepared perfectly. The Emperor consequently decided to strike a sharp blow by dissolving the representative assembly and thus prevent Parliament from becoming a tribune for revolutionists.

Police on Strike.

Helsingfors, Finland, July 27.—This city is without police protection owing to a strike of patrolmen on all beats. The residents will undertake the preservation of order until the organization of a new police force.

Attempted Assassination.

Warsaw, July 27.—A plan to kill Gen. Kritnitsky was frustrated Wednesday. The would-be assassin, who was heavily armed, resorted to bribery and then to force in order to remove the guard from the route by which the Governor-General was to pass, but failed. He was arrested.

Valuable Find Of Mineral On Gillies' Limit

Provincial Geologist Finds Vein of Rich Silver.

OFFICIALS HAVE VISIONS

Top Part of Vein Has Now Been Uncovered, and Shows a Rich Deposit of Cobalt Bloom—Although No Assays Have Yet Been Made, It Is Believed the Whole Find Is One of Great Value to Province.

Toronto, July 27.—Visions of old pensions, repeal of all taxation and a dozen other paternal Government measures were floating around the Parliament Buildings yesterday when the news arrived by wire from Prof. Miller that the vein of ore reported a couple of days ago from the Gillies' Timber Limit had been found on further digging to be very rich in silver.

Rich Cobalt Bloom.

The first report was of a vein of smaltite six inches wide. The top part of the vein has now been uncovered, and shows a rich deposit of cobalt bloom. This is the arsenate of cobalt—smaltite being the arsenite—and it carries a much higher percentage of cobalt.

A good deal of preliminary trenching and digging had been done before the trench was run which exposed the new vein at a depth of three or four feet below the surface. All the veins in the district are practically vertical, and run to a great depth, 250 feet having been sunk in some of the mines. The present vein was apparently lost after some work, but it was found to break off at right angles when after an interval the original strike was resumed.

The whole find is one of very great value, but no assays have yet had time to be made.

Struck When Hit by Train.

Orillia, July 27.—As the evidence at the adjourned inquest on the body of Robert Barbour, found dead on the Midland track on the night of the 17th, went to indicate that the man was dead when he was struck by the train, an adjournment was made for a week to allow of a post-mortem examination.

Off to Hudson Bay.

Ottawa, July 27.—Major Moodie left yesterday afternoon for Halifax to join the chartered steamer Adventure, which is expected to arrive there to-day from New York, and to sail on Monday for

Sanitaris
A Health Protector

Most Typhoid Fever cases are due to drinking impure water. SANITARIS guards the whole system against disease.

It prevents Typhoid, because it is absolutely pure.

It prevents Gout and Rheumatism, because it neutralizes uric acid.

It prevents serious Kidney and Liver Trouble, because it cleans and heals and strengthens these organs.

SANITARIS used regularly, is the surest and pleasantest way of keeping well. It is a delightful table water—clear as crystal—sparkling and buoyant.

AT ALL DEALERS.

A. ROUNTREE, Agent for Peterborough.

Do You Know That the Heads of the Beef Trust Never Eat Meat?

J. Ogden Armour says, "No, I never eat meat. I am committed to a vegetable diet." Mr. Swift, the head of the Swift Packing Co., and Nelson Morris are also vegetarians. President Tilden, of the National Packing Co., says, "A flesh diet coarsens the intellect."

These men recognize the harmful results of a flesh diet. The whole secret of correct diet is to get the stomach right—the rest comes naturally.

Life Chips, Granose Biscuits, Granose Flakes, Granola and Caramel Cereal Coffee

are scientifically prepared foods, properly cooked and ready for the table.

This is the solution of the problem—"the Battle Creek idea."

Latest News Of Various Sports

Chicago Enthusiasts See Some Fast Lacrosse Games

Calumets and Chicago Play a 5-4 Game—Great Work of Percy Rubidge Is Praised.

The Canadian game of lacrosse has taken a firm hold on the people of Chicago, and some pretty games are being played in the Windy City between the Chicagos and Calumets, the two teams playing a series of games for the Comiskey Cup. The Inter-Ocean, in a recent issue, tells of a hard-fought battle between these two teams, and the Chicagos won by the narrow margin of 5-4. Percy Rubidge, formerly of this city, is the captain of the Calumets, and the Inter-Ocean, speaking of his work, says:—"Rubidge, for the Cals., played a grand game despite his injured knee. That it was a hard contest is indicated by the introduction of the article describing it, which is as follows:

"In a game of lacrosse, marked by the fastest and prettiest work imaginable on both sides, but marred to a degree by a free-for-all fight on the field, which almost precipitated a riot, the Chicagos defeated the Calumets by the close score of 5 goals to 4 yesterday afternoon at the South Side ball park. The victors earned their second leg on the handsome Comiskey championship cup, each team having won one game in the series prior to the geontest.

"That each team was out to win at all hazards was plain from the moment the ball was faced, and though it was some time before any rough play cropped up, the men worked like fiends in their efforts to score, and it was evident that there would be something doing of a personal nature among the players if the referee was not on the alert. But Danny Whyte, who had come all the way from St. Paul at the request of both clubs to referee the match, was sadly lacking in discipline, and as the game progressed the desire of the players to take undue liberties increased."

Newmarket Team Beaten At Home

Orillia Trimmed Them 7-1 Yesterday.

Orillia, 7; Newmarket, 1, was the result of the intermediate lacrosse game at Newmarket yesterday. By losing this game, Newmarket's chance of winning the district vanishes. It is true that both teams have to play Bradford and two wins for the rude forefathers will make a three-cornered tie. However, yesterday's game tells who is the better team. The Newmarket defence played well, but McKibbon's absence off the home was felt. That Newmarket was anxious to win is shown when they got Liston up from Montreal to play. Liston played for the Shamrocks a few years ago, and last year figured on the Montreal team. Readers, be not mistaken, Montreal was amateur then. It matters not who he played with, he did not fill McKibbon's shoes. However, all due victory must be given to Orillia, who are the better team.

Referee Percy Quinn kept the players well in hand. Teams:

Newmarket (1)—Goal, Bachus; point, McKim; cover, Morgan; defence field; Clapper, T. Doyle, Reaves; centre Meagher; home field, E. Doyle, Leadley, Doonan; outside, Liston; inside Pinner; field captain, L. Doyle.

Orillia (7)—Goal, Orme; point, Quinn; cover, Hinds; defence field, Rose, Hanley, O'Brien; centre, Grace; home field Curran, McCormick, Carter; outside Pennock; inside, Watson; field captain, B. R. Kean.

Run It Two Out of Three

Cobourg Man Thinks This Race Would be a Good One.

A gentleman from the front was in the city yesterday and remarked that a race between Lady Gothard, Harry Direct and Muriel Wilkes at the driving park here would be a great event. He suggested that the race be run best two out of three, if those conditions were more satisfactory to Dr. Johnston.

City League Opens Saturday

Strathconas and Athletics Will Appear in Initial Game.

The first game in the City Baseball League will be played next Saturday afternoon at 2.30, at the Riverside Park, when the Strathconas and Athletics will cross bats. "Buck" Quinlan will do the slab work for the Strathconas, which team will be practically picked from the George Street Guild; Parnell will receive. The Athletics will be formed mostly of Charlotte Street players, with Whitcroft at second bag. Roddy and Lang will be the battery. Ladies will be admitted free.

BARTENDERS AND BARBERS TO-DAY

At three o'clock this afternoon one of the most important matches of the season will be played at the Riverside Park. The barbers and bartenders will endeavour to connect with the horsehide. There will be no admission fee charged.

BASEBALL

The opening of the city league on Saturday should be the signal for a bumper attendance. Baseball is a good game and can stand revival in Peterborough.

With four fast teams fighting for the championship the games will be most interesting.

Any game will soon die out unless it is properly patronized.

In three months the total earnings of the Central South African railways, which convey the traffic from the coast ports to Johannesburg, amounted to £5,731,000.

Will Play Off Next Wednesday

Final Game in the Guild Baseball League.

The executive of the Guild Baseball League met last night and decided on Wednesday night next as the time when the final Guild League game between Charlotte Street and George Street will be played at the Riverside Park. The first ball will be pitched at 7.15. This game should prove very interesting, as both teams are playing good ball and are evenly matched. It will be the last chance of seeing a Guild League game this season.

The batteries will be: Charlotte Street, Roddy and Lang; George Street, Pedlar and Parnell. This will be the last half of the game between Charlotte Street and George Street, the former having at present a lead of two runs, the score at the first half being 3—1.

Teddy Webb Has The Best Story

A Fish Story Fresh From Stony Lake.

Mr. "Teddy" Webb, who has been at Stony Lake, working on the new cottage for Mr. Acton, of Toronto, has a brand new fish story. He tells that two years ago he was at the lake and, losing his fish rod he decided to take a willow pole and try to gaff a 'lunge. He cut the pole, and got hooked into a 'lunge, but the pole broke off and the fish got away.

After two years, however, he had his revenge. This summer, he says, he saw a willow bush floating in the water, and, pursuing it found to his surprise, that the willow which he had lost two years ago had grown into the fish, and had gotten to be a good sized bush. He caught the fish this time.—he says.

Cough Lasted Three Months.

"I was taken with a severe cough which lasted three months, and I tried all sorts of remedies but they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine, and I was completely cured by two bottles." — Miss Ada O'Brien, Cape Cove, Gaspe Co., Quebec.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 27.—The bulls were in complete control in the stock market to-day and put prices higher than ever. The opening was above last night's figures, under the influence of higher prices from London, where sentiment was favourably influenced by the smooth settlement. Attention was turned to some issues which have been laggards heretofore, and they were brought into the limelight. This included Smelters, National Lead, Republic Steel, L. & N., Penna. and Copper. The market was a very broad one, and though profit-taking was much in evidence, the market showed good absorbing power.

The market continued strong throughout the afternoon, although the realizing in certain stocks, like St. Paul, shocked them. C. P. R. suffered in this respect, too. The close was active and firm.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

BARGAINS IN BOYS' SUITS

Just now is the time to buy a Suit for your boy. We have the famous Sanford make of Boys' Clothing. They have had the largest experience in the manufacture of Boys' Clothing of any firm in Canada, which is a very strong argument as to quality. They know where the boy requires the extra stitches in order to strengthen the weak spots. It's easy enough to make a Suit look right, but to have it equal to every strain, every tussle—that's a different proposition, and that's where ours excel. Prices like these:—

BUSTER BROWNS

$3.75 and $4.00 Suits $2.95
$4.00 and $4.50 Suits 3.25
$5.00 and $5.00 Suits 4.95

BOYS' SUITS 22-28

$2.50 Suits for $1.95
$3.00 Suits for 2.45
$3.50 and $4.00 Suits 2.95

BOYS' SUITS 29-33—Norfolk and 3-Piece Suits

$3.50 and $4.00 Suits, for $2.95
$4.25 and $4.50 Suits, for 3.45
$4.75 and $5.00 Suits, for 3.95

Regular 35c. and 50c. Boys' Blouses 25c; Boys' Hosiery at 15c and 25c, guaranteed stainless. See our showing in south window of Men's Night Shirts at 50c, regular $1.00 quality; also the special Dress Shirts at 50c., worth $1.00.

Our Sale Still Continues in all Departments

and our prices almost blush at their cheapness.

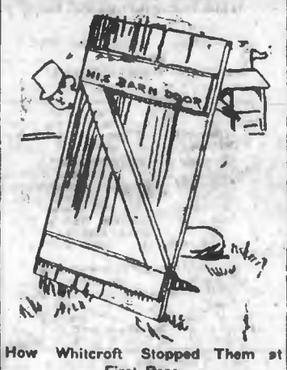
Clothiers and Furnishers to Men Who Know,

409-411 GEORGE STREET, - - PETERBOROUGH

First Annual Outing Of Peterborough Lodge Elks

An Enjoyable Trip Yesterday to Gore's Landing—Water Lily Carried Members of Elks and Guests to the Number of 75 to Rice Lake—Some Incidents of the Trip.

"I've had $1,400 worth of fun this afternoon, and that's making money some," was the way one of the Peterborough Elks described his experiences of the half day, on the return trip of the steamer Water Lily last night, after the first annual outing of the Peterborough Lodge No 14, C.B., P.O.E., which was taken yesterday afternoon to Gore's Landing. The outing was participated in by about 75 gentlemen, members of the Elks, and their friends, but to



How Whitcroft Stopped Them at First Base.

describe it as being an enjoyable one would be putting it in much too mild a form. It's no commonplace affair when one gets $1,400 worth of sport in one half day, and he must have had it, too—for he's a truthful man always.

The weather conditions, which, of course, contributed largely to the success of the outing, were ideal, and the trip, both going and returning, was a source of great delight to those who were present, either as hosts or guests.

The committee in charge of the outing did their work in a thorough manner, and nothing that would in any way contribute to the comfort or pleasure of the participants was forgotten. It was a jolly, good-natured crowd of men—out for a day's fun—and they had it. Music of all kinds was present in abundance. An Edison phonograph, kindly loaned for the occasion by the Greene Music Co., delighted those on the upper deck, while on the main deck a quartette of male voices, to banjo accompaniment, played by Mr. Frank Clarke, was an appreciated feature, of the return trip, especially. There were no logs to retard the progress of the good ship Water Lily, which, with "Skipper" Snowden at the helm, made a record trip down, reaching Gore's Landing, after stops at Wedlock's, where the proprietor and some of his guests were taken aboard, and Jubilee, about 4 o'clock. The Water Lily, since she has been remodelled, is an ideal boat. She makes good time and rides the water as steadily as an ocean liner. Captain White proved an ideal master, too, and was most anxious to please his passengers.

Three delightful hours were spent at the Landing, where tea was taken at the admirably conducted hotel.

The Ball Game.

The feature, however, (was the baseball game, played on the Landing diamond, between the Elks and their guests. This contest attracted a considerable crowd of interested spectators, who were unanimous in their opinion that for fast baseball the Elks had them all beaten. It

"Rup" Bradburn Surveying the Slaughter in the Last Innings.

was a great slaughter, with the scattered brethren as the slayers, and their guests as the victims. There are, however, those who claim that the victory of the Elks was due to the good work of Umpire Frost, and George Hatton, who played as an whose work with the willow and whose work with the rubber and on the bases was the feature of the game. The score book tells the tale. It records the fact that after the smoke of battle had clear-

Chris. Graham's Suggestion for a Catchers' Outfit to Gather in McIlroy's Shoots.

ed away, and the umpire had been rescued from the clutches of George VanBlaricom, who was particularly sore on the defeat of the guests — because George has some baseball ambitions—the score was 9—4, with the 4 for the guests.

Will Cranley did the pitching for the losers, but it must be said to his credit that it was not his fault that his team lost. The outfielders had a most annoying habit of secreting themselves in the opposite corners of the field from where a ball was batted, which fact coupled with what the dispenser of the benders, alleges was the wretched support of Fred Whitcroft at first-base, was responsible for the victory of the other team.

Another feature—there were many—was the work of Jimmy Lewis at the plate. He got two hits—in the ear—but was called out both times stealing second bag.

There was considerable shifting on the Elks' team. McIlroy started in to pitch, but three innings were sufficient, and he was replaced by Sheridan, who lasted one innings, when Graham was taken from behind the bat and put into the pitcher's box.

Macdonough Purloins Second Sack.

Hutchinson doing the receiving for the balance of the game.

The official scorer, Walter Davidson, furnishes the Examiner with the following "bill of costs" of the game, which he verifies by an affidavit:

ELKS.	R.	H.	E.
Graham c and p	0	2	0
Lewis cf	0	0	3
Hutchinson, 3b and c	2	1	11
Stinson, 1b	1	1	2
McIlroy, p and 1b	1	2	3
McDonough, ss	2	3	1
McKercher, rf	1	4	0
Sheridan, 1b and p	1	3	2
McPherson, 2b	1	1	0
Hatton, outfield	0	5	0
	9	22	22
GUESTS.	R.	H.	E.
Cranley, p	0	2	0
Waram, c	2	1	2
Hughes, cf	0	1	3
Gillespie, 2b	0	2	2
Bradburn, cf	0	1	0
Runnels, 3b	0	1	2
VanBlaricom, rf	0	0	15
Snider, ss	2	3	2
Whitcroft, 1b	0	2	3
	4	18	29

It will be noticed that the bulk of the errors recorded in the game were typographical errors.

The winners were given a box of cigars, donated by Mr. McDonough of Mac's cigar store.

After the game the whole party adjourned to the hotel where supper was served and about eight o'clock the return trip was embarked upon. Peterborough being reached shortly after eleven. On the steamer refreshments were served by Mr John Jayes, who anticipated the wants of the guests to a nicety.

This, the first stag of the Peterborough Elks, was voted a huge success, and further stags under their auspices, will be awaited with interest.

MUSIC AND DRAMA

The New York Musical Courier of July 11, 1906, says:

"Eduard Parlovitz, the clever pianist, who has just returned to England after a very successful tour in Canada, with Alys Bateman, the English soprano, has been already booked for over thirty concerts for the coming season, opening in Canada in October next. Miss Bateman returns with him for the coming season, and the whole tour will be under the management of Maude C. Bradley, of Brockville, Canada, who successfully managed the four just completed.

Cut Prices for New Books.

—You are neglecting your chance in summer reading if you haven't found out that the Peterborough Bookstore is selling paper-bound books for f-i-v-e cents each. The titles and authors are just as popular as the 25c, 50c, 75c and $1.25 editions. Better still, you can buy eight of these books, all for 35c. This is another little lot that has just come in, and don't think any more can be got at anything like the price. A. H. Stratton & Co.

The largest manoeuvres ever planned by the United States navy department, will take place this summer. Evolutions without signals, will be one of the leading features.

A Big Initiation At Court Chemong

Twenty New Members Taken In Last Night.

Mr. G. N. Brown, Inspector of the I.O.F. for Eastern Ontario, has been in the city for the past few days, and at the meeting of Court Chemong of that Order last night, the result of this work was seen in the initiation of 20 candidates into the Order.

Mr. Brown, who was in Peterborough about one year ago, gave a short address at the meeting of the court last night, in which the progress made by the Order in the last few months was referred to. He pointed out the splendid financial condition of the Order at the present time, stating that the accumulated funds on May 1 had reached $10,060,758.33, increased from $9,709,583.83 on December 31, 1905. The membership on the latter date was 233,914, and on April 1, three months after, 239,450.

Mr. Brown expresses himself as extremely well satisfied with the progress of the Order, and with that made by Court Chemong in Peterborough.

A Polish chemist is said to have invented an anaesthetic, which volatilises readily on exposure to the air, rendering the persons near unconscious for a long time. A pellet which was broken under a man's nose put him to sleep for four hours. It is asserted that in warfare bombs charged with this material will make large bodies of an enemy incapable of resistance.

$5.00 SALE OF $6.00 AND $8.00 TROUSERS

Made-To-Measure

"How Shall I Know I Have Kidney Trouble"?

- Pain in the Back
- Lumbago
- Rheumatism
- Sciatica
- Feverishness
- Scanty Urine
- Highly Colored Urine
- Brick Dust Deposit
- Painful Urination
- Frequent Desire
- Pain in Joints and Hips
- Puffiness under Eyes
- Spots Before the Eyes
- Bloating
- Irregularity of the Bowels
- Foul Breath
- Loss of Appetite
- Irritation of the Bladder
- Gravel and Gall Stones
- Dribbling
- Dropsical Swellings
- Bright's Disease
- Loss of Flesh.

Hundreds of men and women are asking themselves that question. They are not well—and yet not exactly ill. Doctors say—"all run down—need a tonic." But tonics fail to bring back health and strength. It may be that your kidneys are affected. Here's a simple test to prove it:—

Collect the urine passed in the morning, in a glass vessel or bottle, and let stand 12 hours. If there is a reddish deposit—if the urine is cloudy or milky—or if there are floating particles or shreds—then assuredly there is some serious derangement of the kidneys.

Healthy urine stays perfectly clear.

"Bu-Ju" The Canada Kidney Pill

clears up the urine. That's the way you know that it is doing your kidneys good. "Bu-Ju" reaches every part of the kidneys—replaces the diseased tissues with strong, healthy membrane—gives the kidneys the strength and power to properly filter the blood.

"Bu-Ju" has thousands of cures to its credit, right here in Canada, among people you know. 50c. a box. At all druggists.

Another Toronto Man Is Drowned At Stony Lake

Mr. Stuart Jupp, Visiting Dr. Wilson of Norwood for Sunday, Met Death While Swimming at the Lake—Deceased Was an Englishman—Parents Live at Staffordshire, England.

Another drowning accident has occurred at Stony Lake, this time the scene being the east end of the lake, and the victim, as in the case of the first fatality, a Toronto man.

It appears that Mr. Stewart Jupp, a young man living in Toronto, came down to Norwood on Saturday, to spend Sunday with his friend, Dr. Cameron Wilson, son of Rev. J. P. Wilson, of Belleville, formerly of this city. They went to Stony Lake Saturday night, to spend Sunday near Crowe's Landing, and passed a most delightful day yesterday.

During the evening they went for a swim, and although Mr. Jupp was considered a fair swimmer, the pastime proved fatal to him. It is not known whether he took cramps, but the supposition is that he did. He sank in deep water, and after some little time the body was recovered.

Dr. Wilson, who, of course, was nearly heart broken over the accident, worked with him for hours, in an effort to resuscitate him, but it was unavailing, the body having been in the water too long.

It was removed to Norwood last night, and this morning Dr. Wilson notified Dr. Gray, the County Coroner, of the accident, the latter deciding than an inquest was unnecessary, as it was an accident pure and simple.

The deceased was a native of England, and had been living in Canada only about two years. When Dr. Wilson was attending college he ed a friendship with the young man and they became fast friends.

The deceased's father lives in Staffordshire, England, and a cablegram was sent to him last night, advising him of his son's death and the circumstances.

It is probable that the funeral will take place in Toronto.

Later—Stuart Jupp, who was drowned last night at Crowe's Landing, had just arrived on Saturday to spend two weeks' holidays with Dr Wilson. He went in for a swim last night, diving off the dock at the landing. He was an expert swimmer. The first time he dived he came up all right and swam around for a while and came to the dock. On the second time diving it is supposed he struck his stomach and injured himself, for he did not come up, and after waiting a short time for him to re-appear, his friends became alarmed, but it was some time before they could do anything to recover the body, because there was no boat near. Finally, one was procured, and Walter Crowe recovered the body after half an hour, with grappling irons, in 16 feet of water. Deceased was 30 years of age. The funeral will take place in Toronto.

Ennismore Reeve's Wife Injured On Saturday

Horse Became Frightened at Auto Bus and Bolted, Throwing Her to the Road—Shoulder Injured and Otherwise Hurt—Mr. Killen Will Take Legal Action, He States.

An accident which may have serious consequences occurred on Saturday evening, on the Bridgenorth road, near the school house on the 2nd line of Smith. Mr. Samuel Killen, Reeve of Ennismore, with Mrs. Killen, was driving home from the city, and at this point they met the auto 'bus coming in. The horse became frightened, and Mr. Killen got out of the buggy going to the animals head, and as the 'bus came up with the buggy the horse bolted across the road dragging Mr. Killen with it and upsetting the buggy, throwing Mrs. Killen to the road with considerable force, and injuring her shoulder, and giving her a bad shaking up generally. Mr. Killen states that his wife held up her hand to the chauffeur for him to stop, and intimates that if he had done so there would have been no trouble, but he states the 'bus did not stop until it had reached the buggy, and that no one got out to help him until the buggy had been upset and Mrs. Killen was thrown out.

He intimated that he was in the city for the day for the purpose of taking legal action against the Auto 'Bus Company, as he claims that the driver disregarded the instructions given by the reeve of Smith, who told them that they must stop and assist anyone whose horse was frightened.

Lightning Throws Man From Two Story Window

The Awful Predicament of Sixteen Young Men in Lighthouse Near Port Hope—Two Men Lost Their Lives—Watches Stopped—Other Damage Done.

Examiner Special.

Port Hope, July 29.—At 4 o'clock this afternoon Gull lighthouse was struck by lightning and several of a party of sixteen young men from Port Hope, bound for Cobourg, in McMahon's gasoline launch, who sought shelter in the building, were injured.

The party comprised S. Welch, W. Welch, J. Bradley, C. Brimicomb, A. Melkroy, H. Jordan, C. McMahon, H. Holdaway, W. Mercer, W. Thomas, G. Lavery, N. Johnston, J. Baggs, L. Boney, R. McMahon, J. Sinnott and Mr. Layman.

W. Welch was seriously burned about the legs, and lost two toes. Sam Welch's feet were badly burnt, and Charlie McMahon's nose was broken. Others received minor injuries.

The building was shattered, but there was no fire. The shock stopped several watches. The injured men were conveyed to Port Hope in a launch, and Doctors Powers and Dickinson were summoned.

Both the Welches are suffering great pain, but will recover.

One of the men was thrown out of the second storey window into the lake, but, fortunately was rescued. The accident has created great excitement here, and those who safely passed through it are looked upon as having been snatched from the very jaws of death.

COBOURG MAN SEVERELY BURNED BY GAS EXPLOSION

Mr. J. R. Taylor, 594 George street, received word on Saturday of a dangerous accident to his brother-in-law, Mr. Milton Stott, of Cobourg. Mr. Stott was doing some plumbing work on Wednesday last in the vault of the town hall at Cobourg, when a gas pipe exploded, the gas catching fire and inflicting some severe injuries to him. His clothing, flagrs, hands and back were badly burned, but the greatest injuries were caused to his eyes, in which the doctor fears blood-poisoning will set in. Since the accident he has been lying in a mask and suffering a great deal.

Mr. Taylor telephoned to Cobourg Saturday night and found that the unfortunate man was resting easily.

PREPARATIONS TO COMMENCE BUILDING C. G. E. EXTENSION

That the Canadian General Electric Company intends to commence at once with the extensive additions to the buildings here, is evidenced by the fact that the equipment to carry on the work, is arriving, and being placed on the ground, in readiness to proceed with the work. On Saturday morning a concrete mixer considerably larger than that recently purchased by the city council, arrived, and it was unloaded during the afternoon. It is understood that other building machinery will arrive at once, and that preparations will be made to proceed with the building operations, which, as soon as they are commenced, will be rushed.

Delightful Trip With Y.M.C.A. Boys

Mr. Ray Best Spent Two Weeks on Lake Ontario Cruise.

Mr. Ray Best returned on Saturday from a two weeks' trip around Lake Ontario on the cruise with a crowd of 36 Hamilton Y.M.C.A. boys. They left the Ambitious City on a sailing along, and cruised along the shores of the lake, crossing and re-crossing as their inclination—and the wind—took them. A trip down to the Thousand Islands, by steamer, was one of the features of the two weeks' outing, which the boys fully appreciated. Mr. Best returned with a good coat of tan, and full of enthusiasm over the trip.

Young Organist Does Good Work

Mr. Charles Ackerman Handled George Street Organ Yesterday.

During the absence of Mr. McCann, the organist at the George street Methodist church, Mr. Chas. Ackerman is taking his place, and presided at the organ yesterday, acquitting himself most creditably. His work was a revelation to those who heard him for the first time. He handled the difficult organ like a veteran, his expression being particularly good. For a young man of his age he is looked upon as a phenomenal player.

At the evening service yesterday, Miss Stewart, who is visiting Miss Huffman, Dalhousie street, sang "Face to Face," by Johnston.

Shipping Horses To Northwest

Mr. Leary Sends Off Another Load To-day.

Mr. R. H. Leary is shipping a carload of sixteen horses to Binscarth, Manitoba, to-day. The animals were weighed this afternoon on the market and placed in a car for the west. The horses will be under the care of Messrs. William Guy and Alfred Parker.

Mr. Leary himself is going west again as far as Banff, and will be accompanied by Mrs. Leary. From Owen Sound they will travel by boat as far as Fort William.

Police After The Suspicious Ones

West End Residents Aroused by Tramps Saturday Night.

On Saturday night a couple of "weary willies" in the west end aroused considerable consternation among a number of the citizens. They drifted in presumably in search for something not their own, and after a few signals had passed between them, some Sherlock Holmes caught on and informed the police, but not until they had disappeared. When the officers arrived on the scene there was nothing doing.

Later on during the night the same characters were seen vanishing through an alleyway on Simcoe street and lost to view. No robberies have yet been reported, if any were committed by the unknown men.

Printers Will Go To Idyl Wyld

Annual Excursion Will be Held on Civic Holiday.

—The annual excursion of Peterborough Typographical Union, No. 249, will this year be held on Civic Holiday. The steamers Water Lily and Rainbow have been chartered for the day and a delightful outing will undoubtedly be enjoyed by those who go to Idyl Wyld with the printers. A good programme of sports will be run off during the day.

Clear Market Of Old Machinery

Resident Points Out That Conditions are Displeasing.

A resident of Water street, near the market, called upon the Examiner to suggest that in view of the fact that the city was soon to entertain a large number of prominent visitors, the authorities should see that the pile of old vehicles, farm machinery, etc., at present piled on the market square, was removed. Not only is it an eyesore but it greatly inconveniences those doing business there. It takes up considerable valuable space on the market.

Fly Your Flags On Wednesday

In Honour of the British Bowlers' Visit.

A patriotic gentleman suggests that in honour of the visit of the British Bowlers on Wednesday, those citizens who own British flags should fly them on that day. The suggestion appears to be a good one, and no doubt will be acted upon.

Bad Sidewalk Caused Fall

Condition of Walk on Reid Street is Referred To.

A resident of the northwest portion of the city called upon The Examiner to-day to protest against what he terms the disgraceful condition of the sidewalks in that section. He states that near the corner of Reid and Dowale streets, or Reid street, at noon to-day, a gentleman met with an accident which might have resulted seriously. He stepped on a plank which flew up at the opposite end, throwing him into the ditch and bruising him considerably.

Remember the unreserved Auction Sale of the household effects of Mr. J. A. Fife, at 87 Beacon Street, on Wednesday, Aug. 1st, at 1 o'clock sharp. Terms, cash.

Mechanics

Who appreciate accurate time will profit by having their watch repaired at Frost's Diamond Hall.

Every watch left with Frost for repairs receives the closest attention skilled hands can give, and every watch Frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that while Frost's work is first class in every particular Frost's prices are always the lowest that good work can be done for.

Frost makes a specialty of small jewellery repairs.

MONDAY, JULY 30, 1906.

BRITISH JUSTICE.

A United States judge has written an article contrasting the quality of "American" justice despensed, with that which obtains under British rule. He points out the striking prevalence of cases where convictions, hardly obtained, are overturned by purely technical objections, in contrast with the swift and sure course of British justice. Investigations conducted by the American Bar Association revealed the fact that new trials were granted in forty-six per cent. of all cases coming under review in the appellate courts and in sixty per cent. of these cases, the appeals did not hinge on questions of fact or merit, but on pleading and practice. The judge in question goes further and by personal investigation supports the conclusions of the Bar Association. He found that between 1890 and 1900, of all cases, brought to appeal in England, new trials were granted in less than 3 1-2 per cent. of them. The same thing applies to Canadian justice. We may be slower than our "American cousins", but we are at the same time more sure. We may be somewhat erratic at times in our ideas and practice of political morality, but we manage to keep the stream of justice comparatively pure.

THE PREMIER'S PATRIOTISM.

Sir Wilfrid Laurier, Premier of Canada, is receiving from the highest sources, much praise for his broad-minded attitude in regard to the Lord's Day Bill, which, it is held, would hardly have been made law if it had not been strongly backed by the Premier. There was strong opposition to many details of the measure in Parliament, even among his own supporters. If he had not taken a strong and steady stand there is every probability that the bill would have been killed. Rev. Robert Johnston, a prominent Presbyterian divine, of Montreal, says:—

"It is well understood that the passage of the bill could never have been secured had it not been for his broad-minded and generous support of it. Personally, and I believe I speak for a great many, my always fervent admiration for the Premier has been profoundly increased. It is something for which Canada should be thankful that our Premier was willing even to oppose life-long supporters for the sake of passing a bill dealing with a great moral question, which he felt to be desirable for the best interests of the country."

Sir Wilfrid's action in regard to the measure in question was dictated by lofty motives. He stood to incur the displeasure of many of his supporters and in a political sense to lose largely. But he evidently believed that a firm stand on a great moral question was in the best interests of the country and he preferred patriotism to political expediency.

SOCIAL ELEMENT OF DRINK HABIT.

The New York World has the following in regard to the manner in which the social element enters into the development and maintenance of the drink habit:—

For seventy-nine days the doors of the San Francisco saloons, side doors included, were closed. Liquor was fairly plentiful, but it was to be had only of boot-leggers. The social attractions of the saloon were lacking.

When finally the saloons were opened their proprietors were surprised to find their hopes of a golden harvest illusory. Some of them even doubted whether their receipts would "break even" with their high-license fees and rentals.

Comparatively few men in San Francisco seem to have had the "liquor habit." It was not the craving for drink that sent them into the saloons—and that will presently take them back there again in the lack of an alternative—but the normal, legitimate and proper desire for companionship and social relaxation.

When temperance workers have met that desire without preaching or offensive patronage they will have gone a long way toward solving the drink problem.

This condition presents another argument in favour of the abolition of the treating practice, as a measure of moral reform, whose origin is not due to a craving for strong drink but to social custom. There is no doubt that it is responsible for a great deal of the excessive drinking that prevails, that it leads persons to drink who have no desire for drink, for drink's sake. The practice if followed, is almost sure to lead to habits of drunkeness. Mankind is a social animal and when the challenge to the enjoyment to social intercourse comes in the form of exchange of "treats" those participating are in danger. There is a demand for social relaxation and intercourse which must be met, and if the energies of temperance workers were directed to supply a substitute for the treating system and the saloon, their course would be rational. Abolition of the bar has this defect as a moral movement, that it destroys a recognized social place of resort without the substitution of something that will meet the demand of the people for social intercourse. Treating effects, instead of causes, is not sound medication.

EDITORIAL NOTES.

The granting of the secret mining concession to the Ottawa syndicate may aptly be styled a sin of commission.

Miners are stealing ore at Cobalt. This is a trivial offence, a petty retail sort of larceny, compared to a recent robbery, by which wholesale loss was inflicted upon the people of the provinde.

The bones of Russel Sage, the New York millionaire, are provided with a burglar proof steel vault. If his soul could count upon the same protection the matter would be satisfactory.

"Sixty Switzerlands rolled into one," is the description of the Rocky mountains of Canada, given by Edward Whymper, one of the world's greatest mountain climbers. It will not be many years before the world will be flocking to climb the magnificent sea of mountains, whose peaks pierce the western sky of the Dominion.

If that mining privilege which Commissioner Murphy's son and business associate's syndicate got without out competition turns out to be half as rich as people think it will, and as the Government thought it would when it withdrew it from the public, they can well afford, the Hamilton Times thinks, to turn over a million or so to Whitney's campaign fund.

Mr. Burden, the Opposition leader, is credited with an intention to tour the country on behalf of his party. If he tells the truth, says the Hamilton Times, and gives an honest recital of the legislative and administrative acts of the Government his tour should do Sir Wilfrid good. The prosperous condition of the country would be a capital text for Mr. Borden to enlarge upon.

The exodus of young men from New Brunswick to western Canada is a problem which is taking on a very serious aspect, and yet it seems that nothing can be done to persuade the residents of this province to remain at home. All classes are affected.

THAT PALE TIRED GIRL.

You see her everywhere—in the office, behind the counter, in society—weak, unstrung, awfully nervous and tired.

She hasn't heard of Ferrozone or she would be perfectly well. How quickly it strengthens! What an appetite it gives!

Makes you strong, healthy, vigorous, happy.

It nourishes the blood, gives the body the right kind of material to build up with. Ferrozone puts color in pale cheeks, makes the whole body tingle with vim and vivacity. No tonic so instant in effect. Thousands of attractive, happy women use Ferrozone—why not you?

Price 50c per box or six for $2.50 at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn. U.S.A.

First Floor Of House Of Refuge

County Engineer Says Building Will be That High This Week.

Mr. J. E. Belcher, County Engineer, who is superintending the construction of the county House of Refuge, at Lakefield, was in the village on Saturday, to see what progress was being made with the work. He stated to the Examiner to-day that the contractor was doing splendid work, and that he expected that by Wednesday of this week the joists of the first floor would be laid.

Mr. McPherson of this city, who has the contract for the masonry, is making satisfactory progress, and is doing good work.

Annual Excursion Of Leatherworkers'

Was Held to Jubilee Point and Gore's Landing on Saturday.

The first annual outing of the local Leatherworkers was held to Jubilee Point and Gore's Landing on Saturday afternoon last and the event was a most enjoyable one. The excursionists left Wolfe street wharf at 1.30 Saturday afternoon, conveyed by Steamer Water Lily and barge and returning about 11 o'clock in the evening. At Jubilee Point a baseball match was played between the married and single men, the latter winning by 7—4. A large number of other sports were scheduled, but owing to lack of time could not be run off. Coming home at night dancing was indulged in to the splendid music of Armstrong's orchestra, and Mr. B. Brenner's heel and toe Scottish dancing at the landing was very clever and entertaining. About two hundred were on board and all were unanimous in voting the trip a thoroughly delightful one.

Platform Meeting Was A Success

At Park Street Church Last Night.

At Park street Baptist church the rain interfered somewhat with the attendance yesterday. Nevertheless, there was a good turnout, and the platform meeting on Sunday evening is an institution which has come to stay. Three workingmen engaged in the service, a G.T.R. section man and two engine fitters from the Canadian General Electric Works. The addresses were able and effective. The pastor made an appeal with the text, "He loved me, and gave Himself for me." Many responded, and in the after meeting results were manifest.

The B. Y. P. U. session will be held to-night at 8 o'clock, the young people being in charge.

Public service will be held on Wednesday evening.

Brick Work On New Fire Hall

Mr. Jas. Rose Has the Contract for the Work.

Contractor Jas. Rose has the contract for the brick work on the new firehall on Aylmer street. Operations on the building will begin at once, and it is expected that the walls will soon begin to rise. About 150,000 brick will be used.

No Difference.

No distinction is made as to the kind of piles that Dr. Leonhardt's Hem-Roid cures.

The names, Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply the names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure, and no case of piles has ever been found it failed to cure. Money back if it does.

A guarantee with every package. Price $1, at any druggist's, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont.

News Notes From Charming Keene

The New Concrete Bridge Piers Under Way—Personal Movements Mentioned.

Keene, July 28.—Misses Annie and Bella McIntyre are visiting friends in Lakefield.

Mr. A. Fee, of the local branch of the Bank of Toronto, is spending his holidays at Omemee.

Misses Emma and Louise Deakon, Toronto, are the guests of Mrs. Thos. Taylor.

Master Willie Kerr, of Smith, is visiting at Mr. Edwin Braden's.

Mrs. Geo. Howson, Peterborough, and Mrs. (Dr.) Mitchell, of Drumbo, visited in Keene Wednesday.

The work of building the cement piers for the new bridge was commenced this week. Mr. David Conroy, Jr., has a gang of about fifteen men engaged mixing and filling in the cement.

Mr. Wm. Clarry, Asphodel, was in the village Wednesday.

Mr. Jas. Wedlock's steam yacht Marmaid, with a Millbrook party aboard, visited Keene on Wednesday.

Don't Use Drug Cures for

Headache

They Hurt You. Use Zutoo.

Don't think because the drug cures for headache do not make your heart palpitate, dull your nerves or upset your stomach just when you take them, that they are not hurting you, for they are.

The magazine "Health" speaks truly when it says: "Every dose of such drugs is at the expense of vitality, and sooner or later the penalty for outraging nature will be exacted."

You can avoid this penalty and cure your headaches just as quickly by taking the vegetable cure, Zutoo.

It is Harmless as Soda.

TALKING PARROTS

THE NEWS OF CITY AND THE DISTRICT

The Weather—Fresh westerly to north westerly winds. Fine and a little cooler to-day and on Tuesday.

Charity Board.

—A meeting of the Charity Board will be held to-night.

Cheese Board.

—The next meeting of the Peterborough Cheese Board will be held on Wednesday.

A Special Train.

—The G.T.R. will run a special train to Campbellford after the circus on August 9th.

Quarterly Board.

—The Quarterly Board of the Charlotte street Methodist church will meet on Friday night next.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonnel street. 'Phone 199.

Must Return Books.

—All members of the Y.M.C.A. having books from the library, are requested to return the same by Wednesday, August 1st.

Bethany Excursion.

—An excursion was run from Bethany to Stony Lake this morning. Two G.T.R. coaches carried the crowd to Lakefield.

A Phonograph.

—Is one of the necessities for your summer home or your camp. Buy the Edison. It's the best. Call and hear them. J. M. Greene, Music Co. 6d19

Trip to Burleigh.

—A party of young men, consisting of grocery clerks, drivers, meat-slicers, break-breakers, wood-butchers and fruit hustlers, spent Sunday with friends at Burleigh Falls.

Were Prepared.

—In a party of English immigrants who arrived in Toronto last week were several women wearing furs. They had been reading about the severity of the weather in Canada and had come prepared.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Quarterly Service.

—Next Sunday the quarterly meeting services will be held in Charlotte street church. The Sacrament of the Lord's Supper will be observed at the close of the morning service.

Chemong Guides.

—Guides from the Indian reserve at Chemong Lake are finding employment at Bobcaygeon, and are greatly preferred by the American tourists, who say the white punters are growing more rapacious and lazy each year.—Lindsay Post.

Will Picnic the Visitors.

—The ladies of the Peterborough Golf Club will give a picnic tea to the ladies of the visiting bowlers' club at the golf links on Wednesday afternoon, August 1. All members of the golf club are invited to be present.

Lines in Lane.

—The Automatic Telephone Company are placing their poles along the lane between Colborne and Dalhousie streets instead of placing them along the front thoroughfares. A gang of men were engaged at the work to-day.—Brantford Expositor.

Smith Farmer's Complaint.

—Wm. Grant, of Smith, intends laying a complaint against the Peterborough and Chemong Auto Co., for not stopping one day last week he gave a signal. His horse was badly frightened, and, he says, was in danger of his life.

At St. John's Church.

—During the absense of Rev. J. C. Davidson on his holidays, during the month of August, the services at St. John's will be taken on Sunday next by Rev. T. F. Summerhayes, of Gore's Landing, and on the following Sundays of the month by Rev. E. W. Pickford, Norwood.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — o anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low a five cents each, or 8 for 35 cents Illustrated cover on heavy paper; 2 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

Sons of England Excursion.

You don't have to persuade the people to go to the Sons of England excursion—all you have to do is to remind them. Thursday afternoon, August 2nd, is the date, Jubilee Point the place. Steamer Water Lily leaves Wolfe street wharf at 1.30 p.m.; street railway wharf at 2 p.m. Adult tickets 40c., Children 20c. Cut this out and get your basket ready.

Another Boat.

It is reported that the Niagara Navigation Company are building a large new steamboat which will be completed this coming winter, and which they intend next year to run daily between Cobourg and Toronto, calling at all intervening points. She will leave Port Hope at 7 o'clock, and make Toronto, after calling at Whitby, at 11 o'clock, which means she wil also be a very fast boat.

Havelock Entertains Many Summer Guests

A Batch of Interesting Personal Items From That Progressive Village.

Examiner Special.

Havelock, July 28. — Miss Lillie Martin of Norwood, has been spending a few days in town visiting the Misses Cole.

On Friday evening of last week, a large number of the young people drove out to Cashemore's summer resort, and enjoyed a dance in Mr. Cashemore's new pavilion. A heavy storm came on during the evening and prevented ang boating.

Miss Gertrude and Miss Nellie Hockenhull of Smith's Falls, are the guests of Mrs. Charles Powers.

Miss Katie McDonald of Peterborough, is in town visiting Miss Marie Dineen.

Miss Loretta Bennett entertained a number of her young friends at her home on Monday evening.

Mrs. George Galbraith and children left on Wednesday noon for Camden East where they intend to spend a month with friends.

Dr. Jeffs of Englington, was in town this week, renewing old acquaintances.

Miss Way and Mrs. A. J. Lasenby, and daughter of Detroit, are spending a few days in town as the guests of Mrs. S. J. Cross.

Mr. and Mrs. W. A. McMaster attended the funeral of Mrs. McMaster's mother at Madoc on Friday of last week.

Mr. Ed. Dorricott spent Sunday with friends in Norwood.

Miss Mary Seeney is spending a few days at Round Lake as the guest of Mrs. Wanamaker.

Mr. R. H. White spent Wednesday evening with friends in Hastings.

Mr. and Mrs. John Weir of Norwood, paid Havelock a flying visit on Thursday evening.

Mrs. Wyer and her two daughters are spending a week or so at Ste. Anne's and Kingston.

Mrs. John Foote is visiting with friends in Toronto.

Mr. and Mrs. A. McGuire and family of Toronto, spent Wednesday at Mrs. Jas. Watson's on their way to Trent Bridge to camp.

Miss Bessie Lock is visiting with friends in Lindsay.

Mr. and Mrs. Ben Hoig and family are camping at Round Lake.

Mr. and Mrs. Bateson and Master Percy, Mr. and Mrs. Jas. Watson and family, Mrs. Mears and Miss Vera of Cleveland, and Mr. and Mrs. Geo. Galbraith and family, all spent Sunday at Trent Bridge.

The Journalist Did Not Return

As a Result "It-Sawle" Off With an Evening Journal.

The fascination which Stony Lake, the beautiful seems to exert over newspaper men, appears to have no bounds and as a result, the local local evening contemporary has met with an unfortunate accident to-day. Mr. Chas. H. Sawle, the city editor, took a jaunt up to Kawarthadom on Saturday afternoon presumably on the search for "copy" with which to fill half a dozen pages of "blue" Monday's paper, but—the tale is a mournful one to relate— he has not returned.

In its diligent search of enquiry the Examiner learned on the "best" of authority that he "s-awle" right. He was seen sometime this afternoon wending his "sawletary" voyage among the rocks of Stony Lake and it is hoped will be on duty again to-morrow.

"Sawliliquising" beneath the pines of Mr. Winch's Island in digging up scoops doesn't appear, after all, to be the very best employment for a journalist when a boat is to be caught at 6 o'clock.

Auction sale of the entire household effects of Mr. J. A. Fife, 87 Benson Street, Wednesday, August 1st, at 1 o'clock, sharp. No reserve. Terms, cash.

Spent Two Weeks At Stony Lake

A Party of Thirteen Return After Pleasant Outing.

Mr. Chas. Reid and a party of thirteen young persons, organized by him have returned after spending two weeks at Sandy Lake, near Buckhorn. They drove to Chemong and took a yacht to Buckhorn and disembarked and drove to Sandy Lake, where they spent two delightful weeks' fishing.

Sunday Services At Union Hall

Rev. E. A. Langfeldt Will Preach There Next Sunday.

Church of England service will be held at the Union Hall next Sunday at 3 o'clock. Rev. E. A. Langfeldt will preach on "The Second Birth," and Miss Ruth Dawson, Soprano soloist at St. Luke's, will sing, "The Plains of Peace." Mr. Armstrong, organist at St. Luke's will officiate at the organ.

PERSONAL MENTION

Dr. Bell of Apsley is in the city to-day.

W. R. Deaton, Hanover, is in the city to-day.

Rev. E. A. Langfeldt went to Orillia to-day.

Mr. Henry Johnston, Hastings, is at the National.

Mr. T. W. Moore has gone to Belleville on a business trip.

Miss Eva Moore has gone to Coboconk to spend a vacation.

Mr. C. West of New York, is registered at the Oriental.

Mr. and Mrs. Hazendale, Chemong Park, are at the Oriental.

Mr. W. H. Cluxton has gone to Muskoka for his holidays.

Mr. Walter Baker has gone to Brockville for the re-union.

Mrs. Mellville has gone to Lake Simcoe to spend a vacation.

Mr. Sherwood, of the Trent Canal, went to Napanee over Sunday.

Miss Margaret A. English, Detroit, is home spending her vacation.

Mr. Goodwill has been in Kingston, attending the Old Boys' re-union.

Mr. and Mrs. Noughton, Buffalo, are visiting friends in Ennismore.

The Misses Melville have go to Coboconk on a two weeks' vacation.

Mr. and Mrs. Shea have gone to Fenelon Falls, to spend two weeks.

Messrs. B. Lorimer and Howard Waram spent Sunday at Idyl Wyld.

Miss Annie Hardell left on Saturday to visit friends in Galt and Berlin.

Rev. Dr. Terrance and family will spend the month of August in Port Hope.

Mr. T. C. Easton went to Brockville on Saturday for the Old Boys' Re-union.

Mr. and Mrs. Hettenhauser have gone to Brockville to attend the Old Boys' Reunion.

Mr. Gordon Miller returned to Stony Lake to-day after spending Sunday at home.

Mrs. F. J. Fox, Miss Paton, and Miss A. W. Paton, Lindsay, are guests at the Oriental.

Mrs. Chas. Pocock and daughter, Miss Edith, are visiting Mr. R. H. Hunter, George street.

Mr. George Welch of Port Hope, is the guest of his aunt, Mrs. George Reid, 535 Downie street.

Miss Cora McMullen has gone for a two weeks' vacation to Toronto, Niagara Falls and Buffalo.

Mrs. John Riley, Miss Lizzie Diamond and Miss Nellie Brady, Lindsay, are visiting in the city.

Miss Christian of Toronto is visiting in Peterborough, the guest of Mrs. Davy of St. Joseph street.

Miss Mabel Rae, who has been visiting at Stony Lake, came down for Sunday and returned this morning.

Miss Jessie Reid of Clarke, is visiting in the city, the guest of her aunt, Mrs. George Reid, 535 Downie street.

Misses Ethel and Edith Hardwick, 490 Gilchrist street, are spending holidays at Chemong and Ennismore.

On Tuesday next Rev. J. C. Davidson, Mrs. Davidson and family, go to Consecon, Prince Edward county, to spend the month of August.

Mrs. W. B. Smith and children, Donald and Ines, Chicago, are visiting Mrs. A. M. Hanmer, Charlotte street.

Master Herbert McClelland, Gilmour street, is a guest of Mrs. and the Misses McCollum, Halcyon, Stony Lake.

Mr. and Mrs. Laurent Paquette, of Hawkesbury, Ont., are visiting their niece, Mrs. Angus McPherson, Crescent street.

Miss Mabel Moore, Benson avenue, and Miss Mabel M. Moore, Homewood avenue, spent yesterday and to-day at Rice Lake.

Mr. J. Sutcliffe, of Toronto, formerly of the staff of Messrs. J. Sutcliffe & Sons, here, was in the city visiting friends over Sunday.

Mrs. S. J. Fox, Miss A. S. Paton, and Miss Alexia Paton, Lindsay, are in the city to-day on their way home from a visit to Montreal and Quebec.

Miss Minnie Rae, sister of Mrs. R. Adams, Stewart street, has returned to the city after a 14 months' visit to her sister, Mrs. Mallett, Manchester, England.

Mr. Jack Thirnbeck, foreman of pavement construction, and the well known custodian of the Brock street hockey rink, is ill in the hospital with typhoid fever.

Mrs. J. Harris McClelland, Gilmour street, after returning from Port Darlington, is a guest for a fortnight at Mr. John Crane's cot age, Gleahalken, Stony Lake.

Mr. D. McCrea, of the Bersaw staff, has returned from Maxwell, where he has spent the last two weeks, and, according to his own statement, has had a "whale" of a time.

Mr. and Mrs. J. H. Cobb left this morning for Brockville to visit their son, and will attend the Old Boys' Reunion. While they are away Mr. and Mrs. Cobb will take a trip down to the Thousand Islands.

Mrs. James and Miss Lila James left to-day on the excursion to the Thousand Islands. On their return Mrs. James will visit Peterborough friends and Miss James will spend a couple of weeks in Belleville.—Lindsay Post.

Mr. John Withers, a former resident of Peterborough, and at one time an employee of this office, where he learned his trade, was in town on Saturday for a few hours, having come up from Norwood, where he is summering. This is Mr. Withers' first visit to Peterborough in 17 years.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

Great Activity In Stony Lake Social Circles

Delightful Juniper Island Dance on Saturday Night—Story of Cleveland Man's Voyage to McCracken's Landing—Yesterday in Stony Lake Churches—Many Peterborough People Spent the Week End at the Lake.

Examiner Special.

Stony Lake, July 30.—To-morrow will witness the close of the first month of the gay summer season at Stony Lake. But the passing of July has only served to bring the climax of the gayety, which has infested every cottage, camp and boarding villa on the lake. The month has seen hundreds of transient visitors come and go, and witnessed the joviality of scores of gatherings which have given to this idylic sheet of water among the rocks the popularity it has so long enjoyed. The population at present has been placed by many at moe than 2,000 people, and is by no means on the decline. Every day the three steamers sail through with crowded decks, and heavily laden with all sorts of baggage and freight, necessary to grouping existence on the islands.

On Saturday night alone the str. Stoney Lake carried about 150 passengers to different points on the lake, the majority of whom will not return for some time. The Majestic and Empress in the afternoon and morning also had many calls and were kept on the move disposing of their living freight in time for train connections.

Another Delightful Dance.

The largest crowd of the season participated in the delightful week-end dance Saturday night at the Juniper pavilion. Every available launch on the lake was utilized to bring the merry dancers to this popular spot. The young ladies had the advantage in numbers, and were always on the floor, while they watched a number of the sterner sex sit around expectant for their opportunity. Among those who joined in the event were the Misses Florence Cameron, Gwendoline Hall, Annette and Eleanor Collins, Edna Hogg, Marion Ross of Ottawa, Marion Rush, Isabella Smith of Chatham, Mollie Meldrum, Grace Henderson, Clara Koch of Pittsburg, Olive Bradburn, A. Durkin, Toronto; Cora Macdonald, of Pittsburg, Helen Hall, Edna Lea, of Toronto; Alberta Gooding, Mabel Rice, Toronto; Mrs. A. P. McLean, Stella Gray, Toronto; Messrs. Fred. Collins, Basil Hall, Chas. Heintzman, Lawrence McGlennan, H. Aikens, Leonard Acton, Clarke Acton, Wilfrid B. Rice, Toronto; Horace Wadkey, Byron M. Green, John Green, C. Ross Cameron, Bob Hall, Hamilton Hall, E. A. Clagry, Wm. Hamilton, Harry Hall, Wm. Cox, L. M. Watson, C. Currier, G. Pope, Montreal; Gerald Hall, B. C. Heacock, Cleveland; Chas. Starr, Toronto; W. M. Robinson, of Trenton, W. T. Mayo, Toronto.

The music was delightfully furnished by the Misses Gwen. and Helen Hall, Miss Mollie Meldrum, and Mr. Leonard Acton.

Trip With No Parallel.

From Cleveland, O., to McCracken's Landing, Stony Lake, by water, in a 20-foot gasoline launch, is a trip made by Dr. Henry Barnes and his assistant, W. J. Lewis.

When here last year Dr. Barnes purchased some property on the Dummer shore, opposite Eagle Mt., and made arrangements for the erection of a cottage, and also planned the trip from Cleveland. The launch, which is 20 feet long, is propelled by an eight horse-power engine, and was built by Dr. Barnes during his leisure hours.

The start was made at 9.30 a.m. on July 17, and when Erie was reached they joined the 40-foot yacht Lucelia with which Dr. C. W. Hyatt and family were going to Montreal, and with whom they sailed as far as Toronto. A delay of four days was occasioned in the Welland Canal on account of the washing out of five gates. Much delay was caused by weeds in the Welland and Trent Canals. When Port Hope was reached the yacht was portaged to Bewdley, Rice Lake. The greatest speed was made from Toronto to Port Hope, this distance being covered in seven hours and 45 minutes. When crossing Lake Erie 81 miles were covered in 10 hours, and in the Welland Canal for a period of nine hours only two miles were made, during which Mr. Lewis was out many times poking weeds from the screw.

Cleveland Point, as the doctor's summer home is named, was reached at 5 o'clock on Friday last.

This is the first time this trip has been made, and it proved to be such a delightful one that Dr. Barnes has no hesitation in recommending it to anyone contemplating a yachting trip.

In Stony Lake Churches.

The weather at Stony Lake seems to have a spite against the parsons. Yesterday the rain, during the afternoon and evening, prevented those who usually attend divine service from doing so. A week ago the terrific storm on the lake intimidated the church-goers, so that few ventured out in the evening.

The Juniper Island pavilion contained the largest congregation of the season yesterday morning. Launches, dinghies, skiffs and canoes brought the crowds from all over the lake, who listened to a very able sermon delivered by an American preacher, the Rev. J. F. Clokey, of Braddock, Pa.

Mr. J. B. Clarke preached to large congregations in the morning at the Victoria House and Vizmede, but in the evening St. George's church at McCracken's Landing contained few of the lake population on account of the heavy rains.

Of Personal Mention.

Mr. B. Harris, Cleveland, O., came to Ivanhoe cottage on Friday, where he will be a guest for a couple of weeks.

Miss Harriet Smith, Ivanhoe cottage, went down to Lakefield on Friday.

Miss Maggie Hamilton went down to the city Saturday.

Miss Marie Armstrong, who has been spending a couple of weeks at Tigh-na-Bruaich, went down to the city Saturday.

Arrivals within the last few days at Kilkenny are Mr. and Mrs. Harvey Sheppard, R. Meredith, Miss A. Durkin, Mrs. J. D. Lea, Miss H. Lea, Miss Edna Lea, E. E. Sheppard, W. T. Mayo, H. White, Chas. Starr, Toronto, G. Pope, Montreal, Dr. A. H. Mead, B. C. Heacock, Cleveland, J. Green, Peterborough.

Mr. Byron M. Green was a guest at Cairndhu Sunday.

Mr. and Mrs. F. L. Kohn, Toronto, were guests at the Victoria House Saturday.

Departures from the Victoria this morning were Mr. W. Curtis, Mrs. Sarah B. Curtis, Chicago; Mr. Jas. B. Brooks, Mrs. Brooks, Miss E. Brooks, Mr. H. J. Miller, Mrs. Miller, Wm. Marsh, Pittsburg.

Mr. R. and Mrs. Watson, Lakefield, who have been spending a couple of weeks at the Victoria, returned home Saturday.

Mrs. A. S. Maguire and Miss Libbie Lumsden, Peterborough, are spending a week at the lake, the guests of Mr. J. Lumsden.

Mr. J. O. McCarthy, and party of seven, of Emerald Isle, took the round trip on the steamer on Saturday.

Judge Weller took the round trip on Saturday.

Mr. D. W. Dumble came up to Balyragit to spend the week's end.

Miss Mina Foster, Miss Dodds, Albert May and J. M. Goudlock are guests of Miss Goudlock at Edithena.

Miss Alma Barnes, Cleveland; Miss Winterspill, Toronto; Miss Halleran, Miss A. C. Bell, and the Messrs. Halleran, Cleveland; J. B. Clarke and W. S. Battin, Toronto, went picnicing at Gilchrist Bay Saturday.

The Cottagers' Association will hold a meeting at the Juniper Island pavilion to-night.

Mr. and Mrs. E. B. Milligan, the Misses Mary, Mabel and Margaret and Mr. Elmer Milligan, Pittsburg, are at Pinehurst cottage.

Miss Isabella Smith, Chatham, is a guest at Cairndhu.

Mr. Ryerson Ritchie, Toronto, is a guest at Kawartha Lodge, Clear Lake.

Messrs. C. R. and M. J. Murphy, Detroit, are guests at Kawartha Lodge.

Dr. H. Barnes and Mr. J. Lewis, Cleveland, are recent arrivals at the Victoria.

Mr. and Mrs. Lefevre, Lakefield, came up to their cottage Saturday night.

Mr. R. B. Rogers came up to his cottage on Eagle Mount.

Mr. Trebilcock and party of four came up to Vizmede on Saturday evening.

Mr. Millard J. Maguire, Toronto, is a guest at Victoria House.

Mr. Herb. G. Baggs, Toronto, is a Glenwood guest.

Miss Minnie Rush, Toronto, is at Glenwood cottage.

Misses Cecil Denison and May Whitehead, Toronto, are visitors at the lake.

Mr. Herbert Locke, Toronto, is spending a few days at the lake.

Miss Mary Myers, Pittsburg, is at Pinehurst cottage.

Mr. Clayton Chown spent Sunday at the lake.

Miss Reinie Stubbs, Toronto, is at Chateau du Lac.

Misses Marion Ross, Ottawa, and Alma Maxwell, Toronto, are guests at Cairndhu cottage.

Mr. C. F. Meharry, Toronto, is a guest at Chateau du Lac.

The No-Kix-Go Club of Pittsburg, which contemplated coming to the lakes on August 15, have been forced to cancel their visit. One of the party has entered matrimonial life, and another was recently taken ill. They expect to be here next season, however.

Miss Gladys Lewis is a guest at Mr. Bloomfield's cottage, Maisonlie.

Miss Daisy Conroy and Miss Helen Weatherhead are at Dulce Domum.

Miss Florence Batiste, Toronto, is a Glenwood guest.

Mrs. Jos. Irwin, Toronto, is a guest at Glad Hal Kee.

Mr. A. E. Griffin, Lakefield, is at his cottage, Eagle's Nest, on Eagle Mount.

Mr. and Mrs. K. Davis and family are spending two weeks' holidays at Young's Point.

Mrs. Jos. Young is visiting friends at Young's Point.

Misses Mollie and Irene Young, the Misses Kennedy and Master Harold Young were holidaying at Ivy Lodge, Mt. Julian, last week.

Miss Maye MacPherson is visiting friends at Young's Point.

Mr. T. E. Bradburn, M.P.P., spent Sunday at his cottage.

Mr. Chas. Gunn and Miss Emma Gunn were visitors at the lakes yesterday.

Mr. Horace Walkey, of the Ontario Bank, was a Sunday visitor at the lakes.

Mr. Basil Hall came up from the city Saturday evening.

Mr. and Mrs. C. B. Boothby came up to their cottage on Saturday evening.

Mr. and Mrs. John Nugent came up to their cottage, Meadowmbook, on Little Otter Island, on Saturday night.

Miss Helen Hall spent Sunday at Wenonah cottage.

Mrs. Wm. Robertson and Miss Mattie were Sunday visitors at the lakes.

Mr. Richard Hall came up to his cottage, The Anchorage, Saturday evening.

Mr. C. Young spent Sunday at Young's Point.

Mr. J. E. Sullivan spent Sunday at the Park Hotel, South Beach.

Mr. W. H. Maldrum came up to his cottage, Cairndhu, Saturday evening.

Mr. Jas. Connal spent Sunday at the lake.

Mr. L. Bolin was a visitor at the Park Hotel, South Beach, over Sunday.

Mr. L. M. Watson was a guest at Wenonah cottage yesterday.

Miss Cook was a Sunday visitor at the lakes.

Mr. J. Blackburn came up to Glenwood cottage Saturday evening.

Mrs. J. Hayes spent yesterday at Glenwood cottage, Boschink.

Mr. Geo. Driver, Gananoque, is having a two weeks' holiday at Young's Point.

Mr. B. Shortly spent Sunday at his cottage, Stony Leigh.

Mr. W. G. Ferguson was at Syndicate Island over Sunday.

Miss Maggie Walsh of Keene, went up to Stony Lake this morning for a week's outing.

Mr. W. E. Brooks, proprietor of the Park Hotel, South Beach, went down to Peterborough this morning.

Miss Mary O'Brien, is spending a few weeks at the lakes.

Mr. 'Sport' Ayotte, of Young's Point, spent a few days at Vizmede last week, and reports the fishing there as excellent.

Mr. and Mrs. James Patterson spent Sunday at Vizmede.

Sheriff Hall returned to Peterborough this morning.

Mr. C. Currier of the Bank of Ottawa, returned home this morning, after a two weeks visit at the cottage of Mr. T. E. Bradburn.

Mr. John Green, barrister, is spending a few days at Mount Julian.

Miss Mabel Clarry returned home on Saturday, after spending two weeks at Dr. Morrison's cottage.

Mr. C. H. Sawle of the Review, spent Sunday as the guest of Mr. Winch, Boschink.

Many Improvements To Popular Local Hotel

Fifteen New Rooms Added to This Hotel—To Meet the Increased Demand for Accommodation—A Popular House Adds to its Facilities for Guests' Comfort—$12,000 Spent in Improvements.

Among the best hotels in the province of Ontario must be counted the Oriental, a hostelry which for years has been recognized as one of the best conducted and most comfortable hotels in the country. Proof of this is furnished by the fact that it is invariably filled to capacity. Seldom except on a Sunday night, when the commercial men all get away to their homes, is there a vacant room to be had, and it frequently happens that it is impossible to accommodate all who wish to make this hotel their temporay home.

This evidence of popularity means that the travelling public get what they want, and the increasing volume of business offering has created a demand for additional accommodation which has now been supplied, and the enlargements which have been quietly carried on for some time are now practically complete, the result being that the house has a number of additional rooms and many other conveniences, which will most certainly be appreciated by those patronizing the house, have been provided.

With the additional accommodation provided the hotel now has ninety rooms available for guests, an addition of fifteen having been made recently. The prospects are, too, that these new rooms will not long wait for occupants. The hotel has been modernized and there is now no reasonable want which cannot be supplied here. The gymnasium on the third floor has been abolished, and the room occupied by it made into comfortable and airy bedrooms, a number of them having private baths connected with them, while a number of baths have been provided separate from the rooms and available for any of the guests. The provision of additional rooms, however, has not, by any means exhausted the list of improvements made. In practically all the rooms new furnishings have been provided, and new carpets have been laid in the halls and many of the rooms, adding to the homelike character of the house. Several suites of rooms have been constructed and these have been elaborately furnished. In planning and carrying out the work of improvement those in charge have had the comfort of the guests in sight, and as a result it would be hard to imagine anything which could be added that would be conducive to this condition.

The work of improvement, however, has not been confined to the upstairs. The rotunda has been repainted and now presents a brighter and more cheerful appearance. A new lavatory fitted up with the most modern sanitary equipment has been built where the writing room was formerly. In this lavatory the new double flushing system is employed, while marble fittings and tile floor give it an appearance of cleanliness and ensure its sanitary condition. A new writing room is being provided, and will be fitted up with individual desks, with an electric light fixture over each.

The determination to provide the very best obtainable has forced its way into the kitchen, too, where a new oven has been installed. This oven, it should be hardly necessary to state, is of the very latest design and adds still more to the possibility of effecient service which this house gives its patrons, and which it will now be in a better position to give than in the past.

In the improvements enumerated about $12,000 has been spent, $2,500 in furnishings and the balance in providing additional rooms and the other mechanical work of improvement. Ald. Graham had the contract from the owners of the property, the Dickson Company, and performed the carpentery and masonry, while Messrs. Duncan and Doupe did the painting and paperhanging. The proprietor of the hotel, Mr. G. N. Graham, purchased the new furnishings from local firms, each getting a share.

In spite of the many improvements effected the rates at this hotel remain the same, $2.00 to $2.50 per day; the latter figure being for a room with bath, and for this price it is not going beyond the truth to say that there is no hotel in the province where a better service is given its patrons than at the Oriental. Mr. Graham, with the assistance of his son, Mr. C. G. Graham, manages the hotel, while Mr. T. McDonough is the efficient clerk. The proprietor and staff are always obliging, and those who make this house their home while in the city are unanimous in their praise of the service.

Citizen Suggest An East City Site For School

The Dickson Company Property at Corner of Hunter and Burnham Streets as a Site for New Normal School.

Suggestions for the site of the new Normal School continue to be received, one of the latest being that it be erected in East City, and the gentleman who suggests this also names a site which, to the mind, is equal, if not superior, to any named yet. His suggestion is that it be erected at the corner of Hunter street and Burnham street, the first street running south after one crosses the Otonabee River bridge. He points out that this property, which he believes could be purchased reasonably would be a splendid commanding site for a building of the proportions of the Normal School. It would give a good view and from a sanitary standpoint, in his opinion could not be improved upon. The property in question belongs to the Dickson Company, and extends south to meet the Calcutt property, which would give ample room for the building and provide plenty of grounds too. On the property at the present time there are two dwelling houses, which, of course, would have to be removed, but he is inclined to the belief that this is not a serious matter and could easily be overcome.

There is, of course, one consideration in this connection, which might prejudice this site, viz., the fact of the close proximity of what has developed into a source of annoyance, if not indeed a menace to the health of those living in the vicinity, the unused tail-race below the McAllister Mill. There is no reason to apprehend, however, that this is not a matter which could very easily be remedied, and will be no doubt in a short time, in any event.

HUSBAND LEFT AS RESULT OF A DOMESTIC QUARREL

The Port Hope Times says:—There have been exciting times recently in an Englishtown household.

The family consisted of a father, mother and two children. The man returned home one evening recently and a quarrel ensued over matters in which the husband thought that he had a grievance. During the dispute the husband drew a revolver and threatened to shoot his wife. He ended by taking his savings and walking out of the house. He has not been seen since. He has not appeared either at his home or at the place of employment and is believed to have left town.

The household furniture was left in the wife's possession but the man left no money. His wife and her two children are now living with the wife's mother.

The sale by auction of the entire household effects of Mr. J. A. Fife will be held at his late residence, 97 Benson Street, on Wednesday, Aug. 1st, at 1 o'clock sharp. Terms, cash.

Self-Feed, Not Spoon Feed

Fountain Pens

The Pen Prophet says:—"A GOOD pen fights half the battles of the business man."

Therefore, the first care of the purchaser should be to secure a GOOD pen—one that is mechanically perfect, durable and reliable.

The New "Flash" Fountain Pen

possesses these requirements, and, besides, is a SELF-FEEDER.

It is "filled in a flash." Worth your while to come and investigate its ideal construction.

Price Only $1.25

The Pen Prophet also says:—"Dip pens, like dull tools, spoil much work."

We have pen needs for all kinds of writers.

Waterman's Fountain Pens from $2.50 to $10

"A.H.S." Special Fountain Pens, only $1 Each.

Thought is elusive. Get it down in black and white before it vanishes.

Head-Of-The-Lake-News Told By Correspondent

Things are Somewhat Quiet Now—Dances at the Pavilion are Enjoyed—A Delightful Hop at Glenwood—A Number of New Visitors to the Lakes.

Special Staff Correspondence.

Stony Lake, July 28.—While the lake has an unusually large crowd of visitors and as many boats as usual are seen, things seem a little quiet just now, although they will liven up before long. An informal "hop" is held in the pav. on every night, which is very enjoyable and well attended by the cottagers. Small gatherings at the cottages seem, in some measure, to have taken the place of the large ones at Juniper Island, and many are being held.

Glenwood was the scene of a pleasant little dance last evening, which was attended by several from down the lake points. Miss Breeze made an ideal hostess, and her hospitality was greatly enjoyed.

Miss Mary A. Anderson, Miss Flossie E. Nichol and Miss Mary B. Nichol, Norwood, are at Doon Brae, near Crowe's Landing.

Mrs. Cuthbertson, Norwood is a guest at Salmon Island.

Miss Stella Gray, Toronto, is at Britannia.

Mrs. F. Mason, Peterborough, Mrs. U. P. Thewlis and Francis Thewlis, New Bedford, are at the lake.

Mr. and Mrs. J. F. Crosbey and Mr. and Mrs. W. K. Cosad, Pittsburg, are holidaying here.

Mr. A. P. Knight, Cleveland, is at Viamede.

Mr. C. W. Collins, Toronto, is at Kozy Corner.

Miss May Jones, Miss Jennie Ross, Messrs. Ben. Simpson, Ken. Simpson, Sam. Cowan, Peterborough, and Mr. Bruce Simpson, Toronto, are at Hazel Nook Lodge.

George Duffield, Arthur Duffield, Lloyd Duffield and Mrs. Geo. Duffield, Norwood, are at Oak Crest.

Mrs. K. P. Ellis, Peterborough; Mrs. Thos. Ellis, Toronto; Miss A. Ellis, Miss M. Ellis, Peterborough; Messrs. W. F. Ellis, Detroit; Jas. Ellis, Mr. A. W. Wray, Miss Clara Kidd, Peterborough, are at Fairview.

Miss H. Lumsden, Jersey City, is at Pompadour Island.

Messrs. Oscar E. Brown, M. R. Collins, Howard L. Bogue, J. H. Wilson, Misses Margaret Vookel, Pittsburg; Lillian R. Gordon, Lakefield; Louise H. Lambert, Cambourne; Cora Macdonald, Lillian Llewellyn, Pittsburg, are at Shadyside.

Messrs. J. M. Price and T. Baumer, New York, are at the Victoria.

Mr. H. G. Buck's yacht Maida Vale left yesterday morning for a two days' cruise through the Kawarthas Lakes to Fenelon Falls. Several of the Norwood cottagers accompanied Mr. Buck and his party on the trip.

The Rob Roy, of Peterborough, passed through yesterday en route on a cruise of several days through Kawarthadom.

Mr. Walter Fitzgerald, Peterborough, is the guest of Mrs. C. H. Winch for a few days.

Busy Times At Collector's Office

Only Two Days After To-day to Pay Taxes.

This week will be a busy time for the tax collector, and during the first three days especially, a considerable portion of the city's taxes will be paid. The collector wishes to remind ratepayers that there are only three days left in which to pay taxes to take advantage of the discount, Wednesday being the last day. He advises those who go to pay their bills to go early in the day and avoid the rush incidental to the afternoon and later hours of the day.

Anyone who has lost his tax-bill should make it a point to visit the collector's office at a slack hour of the day, preferably in the morning, because in the rush hours it will be impossible to attend to their wants.

A good many thousand dollars will pass over the collector's counter during the next three days, since the great majority of ratepayers prefer to take advantage of the two per cent. discount for prompt payment.

WE NEVER SLEEP

The members of Cyclone Sanatorium, No. 24, O. O. H. & P. will meet on Monday night, July 30th, immediately after lodge. Business of Importance. J. T. C. LANG, Registrar

Special Music Much Enjoyed

Delightful Musical Services in Charlotte Street.

The music in the Charlotte street church yesterday was of a more than usually interesting character. In the morning at the conclusion of the sermon Miss Manning rendered with excellent effect and in a thoroughly musicianly manner, "Entreat Me not to Leave Thee," by Gounod, and at the evening service the solo number, in addition to the anthem, was "The Ninety and Nine," by Campion, which Miss Belleghem, in her usual good voice, sang. With Mr. Freund, Miss Belleghem also took a duet in the evening anthem, and both sang solos in the morning anthem. At the evening service just as Miss Belleghem was in the midst of her solo, the lights suddenly extinguished themselves, and the number had to be concluded in the darkness. A blown fuse caused the trouble and it was remedied in a few minutes.

Rev. A. H. Brace To Take Vacation

Those Who Will Preach During His Absence.

Rev. A. H. and Mrs. Brace leave for their vacation in the morning. They will visit the Ottawa Valley, Toronto, and Richmond Hill, and call at Grimsby Park the last week in August to fix up their summer cottage for the winter. The pulpit of Park street will be well supplied during August. The first Sunday the Rev. L. McKinnon, of Gilmour Memorial church; second Sunday, Rev. I. S. Steedman, of Warsaw; third Sunday, Rev. Victor Collins, of Lakefield, and the fourth, the Rev. L. McKinnon.

The public service on Wednesday will be under the direction of the Deacons after the first night.

IT IS FOR LADIES, TOO

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair, and whose hair is falling out, can prevent the hair falling out and can thicken the growth with Newbro's Herpicide. Besides Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the hair will shoot up at once and the hair will grow as long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease; it will not stain or dye.

Sold by leading druggists. Send 10 cents in stamps, for a sample to The Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

Anniversary At Park St. Church

Nineteenth Sunday School Anniversary on Sept. 2nd.

The teachers of the Park street Baptist Sunday School met yesterday and decided that Sept. 2nd, shall be the date on which the nineteenth anniversary of the school will be held, also that flower Sunday shall be combined with it, the pastor to be requested to preach a sermon to children and parents in the morning; the history of the school to be read by the Superintendent, Miss M. Mann, and an address read to two young men leaving for Woodstock College, to enter the Baptist Ministry, by Assistant Superintendent Gilespie, in the afternoon. The Flower Committee and Music Committee were appointed. The question was considered as to how much of the balance in treasury should be presented to Building Fund, and it will be decided at the adjourned Teachers' Meeting on Aug. 13th.

Mr. Wm. Lamb was appointed to preside at the pastor's Bible class during August.

Officer Meharry Was Disgracefully Abused

While Performing His Duties on Saturday Night—Ordered Wm. McKnight to Move on and the Latter Refused—Called Officer Names and Was Finally Arrested—P. C. Meharry's Face Badly Scratched.

Wm. McKnight was the cause of much trouble on Saturday night, and has apparently, as a result, placed himself in a difficult position. A friend of his, Ernest Hodgson, is also in trouble in connection with the row, which occurred about 9.30 o'clock, on the corner of George and Charlotte streets.

It appears that McKnight was ordered to move on by P. C. Meharry, but refused to do so. The officer dealt with him as reasonably as possibly, but McKnight, who seemed to have imbibed to some extent, called him some ugly names, and could not be persuaded of the advisability of obeying the officer's commands. Then the officer proceeded to place him under arrest, and in so doing was shamefully treated, McKnight vigorously resisting being taken into custody, and used his finger nails with telling effect on P. C. Meharry's face. The right hand side of the latter's countenance and his nose bear the marks of the fray. The scratches are many and deep, but, unless blood poisoning sets in, no more serious results than an extremely sore and painful face, are anticipated. During the row an immense crowd gathered around, and the congestion was so great that all kinds of traffic, including that of the street cars, was blocked. Men, women and children were in the mass and, strange to say, did not appear to sympathise with the officer, who was discharging his duties. During the scuffle the latter had much hard luck. He was knocked down and kicked and the leather on his nippers broke while he had it on McKnight's wrist. P. C. Newhall, who was up the street at the time, hearing of the row, arrived on the scene of action, and McKnight was finally taken to the police station and landed behind the bars. A large crowd followed the constables and their prisoner to the station, and one Dan Cow, by name, was very persistent in making himself obnoxious, and had finally to be thrown out of the police station by P. C. McGinty. But this did not seem to have the desired effect, and he still seemed to find the station a place of great attraction for him. P. C. Newhall later placed him under arrest. Ernest Hodgson was also arrested, P. C. Meharry recognizing him as a man who had kicked him.

At the police court, at which City Clerk Armstrong was in the chair, this morning, a large audience gathered to listen to the hearings of McKnight and Hodgson. The former pleaded guilty to being drunk and disorderly, and was assessed $2 and costs. The second and more serious charge, against him, that of unlawfully assaulting John Meharry, a police officer, while arresting him on Saturday night, July 28th, was not proceeded with. The prisoner was also charged with assaulting P. C. Newhall, while assisting P. C. Meharry. On the two latter charges he was remanded until Wednesday. Bail was fixed at $100. Through his solicitor, Mr. D. O'Connell, McKnight said that this would be put up in cash by his mother.

Ernest Hodgson is a stranger in the city, and represents a Philadelphia firm, and was also remanded until Wednesday. He said that he had some money at home and that he could put up $50 in cash for bail.

This amount was accepted, and he was escorted by P. C. Meharry to his boarding house on Waterford street to enable him to get the money.

McKnight also secured bail.

Ernest Leflay Anxious To Find Children

Says He Will Spend Rest of His Life, if Necessary, to Locate His Erring Wife and His Family—Is in Buffalo, But His Search So Far Proved Fruitless.

Buffalo, July 29.—The Sunday Express says:—Ernest Leflay came to Buffalo two days ago, and since that time has been, with the assistance of the police, searching for his two little children. Leflay had sold his home in Peterborough, Ont., and he says that he will spend the proceeds of that sale and all that he can earn in the effort to find his children.

Up to two weeks ago Leflay lived happily with his wife, Emily. Leflay had a good position and a good home. Joseph Dare was a frequent visitor at the Leflay home. On several occasions Leflay had received warnings from friends that Dare was paying too much attention to Mrs. Leflay, but he always showed them to his wife, and the two laughed over them.

About two weeks ago, Leflay says, he went to his home after his day's work, only to find it vacant. He waited until late in the evening but neither his wife nor his children returned. He searched the town for them, but could find no trace until he got to the railroad station, where the station agent told him that his wife had taken an afternoon train, and that the two children had gone with her. Dare disappeared about the same time, he told the police.

Leflay says he intends to travel from city to city in search of his children, and that he will not stop as long as his money lasts or he is able to do a stroke of work.

The police have promised to do all in their power to help Leflay in his search.

We've Been Living In A Fool's Paradise

The City Will Have to Provide Site for Normal School After All—This is What Deputy Minister of Education Says.

The Mail and Empire of to-day says: A conference was held in Stratford between A. H. U. Colquhoun, Deputy Minister, and Mr. J. Seath, Superintendent of Education, recently, with reference to the establishment of a new Normal School there. It is understood that no definite selection of a site has been made.

The Deputy Minister points out that a misunderstanding has arisen in regard to the location at Hamilton. It has been said that the Government would purchase a site for the school. This is not the case. The city will, like other municipalities, be expected to provide the land.

Song Sermon At Charlotte Street

Next Sunday Night's Services Will be of Unusual Interest.

At the Charlotte street church next Sunday night the service will be somewhat out of the ordinary line. The pastor announced that it would be in the nature of a song service, and the subject, "The Church's Duty to the Young Man," makes it one of more than usual interest. The choir of the church will assist in the service.

Synopsis Of Canadian North-West

HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

A Plea For The C.P.R. New Line

Mr. John Bell Commends the Project.

Editor Examiner:

Dear Sir,—Since the inception of the C.P.R. in Peterborough, our town, now a city, has advanced wonderfully. I remember some private correspondence which I had with the Railway men at that time, advocating their way to pass through my grounds between Wolfe and Townsend streets, and they did survey through my gardens, but adopted the present route, a few rods south.

I am sorry to see so many letters condemning this good railway company for surveying their short line through Jackson Park. Because I believe it would be a good thing for our city and park, if they would adopt that route, and continue from Jackson Park to the Canadian General Electric Grounds, and tap their spur line. Our city Council might induce the Company to place a small station near Jackson Park, and if they did, it would be a great convenience to our people at the north of our city.

Yours truly,
JOHN BELL.

July 30th, 1906.

POLICE COURT.

At the police court this morning an old lady, 73 years of age, was given two months in gaol on a charge of vagrancy.

Dan Cow, of Hiawatha, pleaded guilty to being drunk and disorderly on Saturday night.

"I think he has had enough punishment," said the Chief; "he has been in the cells since Saturday night."

Cow was allowed to go, but was warned not to appear in court again.

THESE HOUNDS ARE IN DANGER

There are three hounds belonging to this city that are continually making trouble among cattle in North Monaghan. The chief this morning said he wished to warn the owners of these animals that if they were not kept at home they would be shot.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Sir,—Why does not No. 3 water wagon go all the way up Gilmour street, and more than once every week? Dear knows, the taxes are enough. People would think the town is levying taxes on the waterman for every square foot of ground he covers.

RATEPAYER.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 30th. — Opening prices to-day were unchanged from Saturday. After some hesitation Reading and Southern Pacific were rushed up and the general market sympathized. Some of the specialties were made active at advancing prices, among these being Rock Island, Peoples Gas, Cotton, Oil and Leather. There was a large amount of profit taking in others which have been put up recently.

The announcement of the passing of the dividend on Brooklyn Gas caused a break of over 6 points on New York Gas. The general list promptly sold off quickly, losing the the early gains. Support appeared on the break and a rally followed, closing prices firm.

Train Robbery; Government Loses Money

$117,500 Stolen On Railways By Russian Revolutionists.

KILL HIGH ARMY OFFICERS

Gen. Zukat, Chief of the Frontier Guards, Among the Dead—Held Up the Trains in Russian Poland, and From One Got $37,500 and From the Other $80,000 — General Strike Will Come Later On.

Warsaw, July 30.—Two daring train robberies were committed in Russian Poland Saturday, one of them resulting in considerable loss of life.

A train from the frontier station Herby, bound for Czenstochowa, was carrying money received from the customs house to the branch of the Imperial Bank under protection of seven frontier guardsmen. Gen. Zukat, chief of the frontiers guards; Gen. Weiterring, chief of the customs service of Warsaw, and Col. Brzezicki and Capt. Laguna were passengers.

Fifteen persons boarded the train at a way station. They evidently had been waiting for it and made an attack on the guardsmen, who were reinforced by the officers named. A skirmish followed, in which the two generals, two officials, five soldiers and one robber were killed, and Col. Brzezicki and one robber wounded. All the wounded and dead were taken to Czenstochowa. The robbers escaped, taking $80,000 and the arms of those who had attempted to defend the train against robbery.

Got $37,500.

The second robbery was committed Saturday night on the Warsaw-Vienna Railway, six miles from Warsaw. While the train was under way, unknown persons pulled the danger signal, causing it to stop. Robbers, who were aboard, jumped out and seized the locomotive and detached the mail car from the train and ran it down the line. They secured $37,500 of Government money.

Disorder Growing Daily.

Public disorder is growing daily throughout Russian Poland, and scarcely a day passes without some robbery or other crime being recorded.

Saturday a panic occurred in a public park here. Many shots were fired, and one person was killed and four were wounded. It is believed to have been an attempt by revolutionary agents to precipitate on outbreak.

The Proletariat Scheme.

St. Petersburg, July 30.—It is evident that the proletariat organizations' refusal to accept the challenge at this time upon grounds of the Government's choosing, does not mean that it is not their intention to give battle later.

Indeed the proletariat organizations, backed by all the political parties, including the Group of Toil, Social Democrats, Social Revolutionists and the Peasants' League, have thrown themselves into the campaign of agitation for a simultaneous general strike, to be followed by a rising in the cities and the country, although the time is not propitious for the peasantry, as the country is in the midst of the harvest season.

The leaders believe that a month or six weeks at most will suffice to bring about a general strike, and they confidently expect that their campaign will be aided by the universal repressions to which the Government will be compelled to resort in its policy of open war against revolution.

The Constitutional Democrats are holding aloof, fearing to throw in their lot with their former allies, who see nothing ahead but red revolution, yet they are ready if the masses rise, and the Government fails to seize the resultant victory.

Stolypin Meets Obstacles.

New obstacles have been encountered by Premier Stolypin in his efforts to secure the services in a reorganized cabinet of men of standing in Russia outside of official life. The conditions laid down by M. Gechkoff and Prince Lvoff are understood to have been rejected and that they have definitely refused to enter the Ministry.

Distributing the Manifesto.

Over a million copies of a manifesto to the army, navy, peasants and workmen, which was adopted yesterday and already has been printed at Viborg and St. Petersburg, have been started into the interior through underground revolutionary channels.

It has been learned that almost the determining factor for the postponement of a rising was the information that many of the fresh troops who had been introduced into St. Petersburg and Moscow, were strangers to the revolution propaganda, having been carefully selected for this reason.

Mutineers Sentenced.

Sebastopol, July 30.—A naval court-martial yesterday passed sentences upon the seamen who were arrested for complicity in the muting of the Black Sea fleet of November, 1905. Four men were condemned to death, one to life imprisonment, 32 to varying terms of penal servitude and 50 to imprisonment. Six were acquitted.

Fred Olmstead Suicides.

Windsor, July 30.—Fred Olmstead, who with his wife and family lived at the Crawford House here, committed suicide on Belle Isle Saturday morning by taking morphine. He left a note addressed "To Mother," in which he said, "This is my last day on earth." The cause for this act is not yet established.

Insane Man's Awful Crime In Nova Scotia

Hacks His Wife's Life Out With Axe and Then Suicides.

CUTS THROAT, JUMPS IN RIVER

Six-Year-Old Son Disarms the Crazed Murderer, Who Was Intensely Jealous of His Wife, a Handsome Woman of 40 Years — Would Not Permit His Brother to Rescue Him From the River.

Digby, N. S., July 30.—Avard Morine, a laborer of Bear River, killed his wife Saturday morning with a hatchet and then, after cutting his own throat with a razor, rushed to the river and threw himself in, drowning before a rescue could be effected.

About a year ago, Morine contracted typhoid fever, and since his recovery has been mentally unbalanced.

About 5.30 o'clock Saturday morning Morine's 6-year-old son, says Morine came into the room making a great noise by which he was awakened. His father attacked his mother in bed with a hatchet, striking at her viciously. The unfortunate woman finally managed to get clear of the bed-clothing, only to be pursued by her frenzied husband brandishing the hatchet.

At this time the lad found his voice and shouted to his father to cease hurting his mother, and getting from his bed succeeded in taking the hatchet from the man, but not before the latter had inflicted an ugly cut on his throat in an attempt at suicide.

Meanwhile Mrs. Morine had succeeded in dragging her bleeding body from the room and reached that of her mother-in-law, and then fell dead.

Morine then rushed from the house and crossing the road, plunged into the river. Edward Morine, brother of the man, attempted to effect a rescue, but Avard was determined not to be saved, and by the time Edward was able to get to him life was extinct.

Morine's insanity also showed itself in jealousy of his wife. She was 40 years old and very handsome.

STABBING AT HAMILTON.

Quarrel Over a Dollar May Cost George Gerrie His Life.

Hamilton, July 30.—George Gerrie, a builder's laborer, who hails from Oakville was stabbed, probably fatally, Saturday night, by Charles Cook, in a quarrel over $1. It took place at their boarding house 53 North John street, and each man had his own version. Cook was immediately placed under arrest. His story is that Gerrie owed him $1 and he went to Gerrie's room to collect it. Some words passed and Cook says that Gerrie went to strike him.

Cook had a jackknife in his hand cutting tobacco, and he claims that he stabbed Gerrie in self-defence. When Dr. McCabe was called in he found that Gerrie had several wounds. The most serious was the one over the heart. The blade of the knife struck a rib and glanced over tearing the covering of the heart. He was also bitten on the shoulder, and one hand was painfully cut.

His condition was considered so critical Saturday night that Crown Attorney Washington took ante-mortem statement. His story is that he ordered Cook out of his room, but that Cook bit him on the shoulder and stabbed him.

Cook, the prisoner, is an Englishman, about 27 years old. He came from Birmingham about two months ago. Gerrie, the wounded man is 25 years of age, and has relatives in Toronto and Oakville.

Did Selwood Suicide?

Toronto, July 30.—George Selwood, a local real estate man, is dead. He was found in his bed at 210 West Richmond street on Saturday. Asphyxiation was the cause of death. Selwood was quiet, and about 55 years of age, and well-known. A warrant for an inquest has been issued. The circumstances point to suicide.

Park Packers Discharged.

Ottawa, July 30.— John Wilson, William Villeneuve, Thomas Fenton, the Montreal men charged with being implicated in the park packing operation so extensively engaged in here recently, were discharged in the Police Court Saturday morning.

2,976 Ohio Saloons Pass.

Columbus, O., July 30.—The Aiken liquor law, passed by the last Legislature, has knocked out 2,976 saloons in Ohio.

one feels the need of a nice cooling glass of Beer such as comes from our Brewery. It quenches the thirst without giving one that sleepy heavy feeling that follows the drinking of some other beers. This brew of ours is clear, cool, sparkling and is made from the three best ingredients possible in brewing—pure water, pure malt and pure hops. Try one bottle of our Beer, and we are certain that you will later order a box.

Latest News Of Various Sports

British Bowlers Are In Montreal To-day

They Arrived Safely on Saturday by Str. "Virginian"—Playing in Montreal To-day, Valleyfield Tuesday and Come to Peterborough on Wednesday.

Examiner Special.

Montreal, July 28.—The Virginian, of the Allan Line Steamship Company, arrived Saturday morning at 7.30 o'clock, after a very fast trip. The weather continued fine throughout and the journey was made without any eventful incidents. The passengers were well pleased with the trip and all spoke well of the excellent treatment accorded them by the officials on board.

Among the passengers were the Hon. Edward Blake, member of the Imperial Parliament for North Longford, Ireland, and Mr. F. Cockshutt, M.P., of Bradford, Ont., together with many others. They got off at Quebec and made the journey to Montreal by rail.

The British bowling team came through on the turbiner. There are fifty-two of them in all, including wives and daughters. They were met at the boat by a committee from the Westmount Bowling Club, Messrs. H. S. Mussen, president; H. Mason, vice-president; W. Brown, secretary; and J. W. Fulton, treasurer; C. Postlethwaite, secretary of the Ontario Bowling Association, Toronto; Mr. Geo. Anderson, Toronto; Dr. Russell, Hamilton, and George J. Bennett, Toronto, were outside representatives of the Canadian reception committee. The occasion was especially delightful for Messrs. Anderson and Bennett, both having been on the team which visited the Old Country in 1904, the former acting as captain of the Canadians. They were very pleased to meet their old contestants on the "green," and assured them of an interesting journey through Canada.

The Visitors.

The officers of the visiting players are: Mr. S. Fingland, Glasgow, captain, also president of the Scottish Bowling Association, and Messrs. John C. Hunter, of Belfast, and Jas. Telford, of Newcastle, vice-captains.

Mr. Andrew Hamilton, secretary of the Britishers, when interviewed, spoke well of the reception they have met with since landing on Canadian territory. He also spoke in high terms of the pleasant trip and good treatment aboard. There are 40 bowlers, all of whom are in trim, having stood the journey well.

They were escorted by the reception committee to the Windsor Hotel. The programme for to-day is: Ride around the mountain in a private car, to start at 10 o'clock. At 3 p.m. they will play a friendly game at the Westmount green, six rinks contesting. This evening they will be entertained by the Westmount Club and will play a second series by electric light. To-morrow morning they will attend special service in Melville Presbyterian church, after which they will repair to the Windsor Hotel for lunch. At 2.30 p.m. they will be the guests of the Montreal Street Railway, and will be taken around the city and the adjoining municipalities. They will play again at Westmount on Monday, and will leave on Tuesday morning for Valleyfield, where they will play that day, leaving the same night for Peterborough to play on Wednesday

Peterborough Y. M. C. A. Athletes To Compete

In Annual Meet of Y. M. C. A. Athletic Union of Canada —It Will be Held in Orillia on Thursday, Aug. 9th.

The Orillia Times says: What will no doubt develop into one of the most interesting athletic events ever held in the town of Orillia is called for Thursday, August 9, the occasion being the third annual meet of the Y.M.C.A. Athletic Club of Canada in competition for the magnificent Penman shield which, for the past two seasons has been held by the West End Y.M.C.A. of Toronto. This elaborate trophy is competed for every year by the pick of our athletic talent in Canada, being emblematic of the championship of Canada for track athletes, and is won by the association making the greatest number of points in competition, to be scored as follows: Five points for first place; three points for second place; and one point for third place. In addition to the shield, which becomes the property for one year of the winning association, handsome medals will be presented to the first and second man in each event, as well as a most handsome gold medal to the winner of the all-round championship.

Peterborough, Oshawa, Hamilton and Toronto Y.M.C.A.s will be represented by their best athletes, there being two associations in Toronto, the West-End and the Central. A special rate has been secured on the G.T.R. of $1.25 from Toronto, and a big crowd will be up from the city. The Central Y.M.C.A. is bent on winning the shield this year, and with Walter Knox of Orillia on their team should pretty near land the trophy. Knox now holds the Y.M.C.A. world's championships for pole vault and shot put.

Some idea of the cleverness of these athletes may be judged from the fact that the West End athletes defeated Buffalo and Rochester a few days ago by 52 points to 26 and 11.

Mr. Harry Gill, the former all-round athletic champion of the world who is now a professional coach in a United States university, is visiting his old home here and it is expected that he will be prevailed upon to give an exhibition of the ancient sport of throwing and putting the shot.

ATHLETICS WIN FIRST CITY LEAGUE GAME

The City League opened on Saturday when the Athletics put it over the Strathconas by a score of 13 runs to 2. The winners had the game well in hand pretty nearly all the time, and the Strathconas didn't have a chance. They made a number of errors and the infield did not display particularly keen judgment, Quinlan, who pitched, was a little wild in the first three innings, Philling did the slab work in good style for the winners and kept his hits well scattered, although he was touched up oftener than Quinlan. Although the winners had the game all through the losers were minus the services of two of their best players, Sheridan and Weatherstone. The game was not a first class exhibition owing to the looseness of the play. The crowd was very small and its size could not have given much encouragement to the teams.

The teams:

Strathconas—Parcell, c; McMillan, 2b; Graham, 1b; Shaw, lf; Swanston, lf; Curtis, cf; Davidson, 3b; Crane, rf; Kendry, ss; Quinlan, p.

Athletics.—Crowe, cf; E. Roudy, rf; Pilling, p; Lang, c; Heaslip, 1b. Waram, ss; Adamson, 3b.

Score by innings:

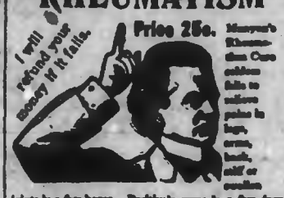
	R.	H.	E.
Strathconas	2	3	3
Athletics	13	4	4

Shamrocks To Play In Lindsay

Will Play Off the Tie With Oshawa Next Thursday.

The Shamrocks and Oshawa play off the first game in the three-cornered tie existing in District 12, Junior C. L. A., on Thursday afternoon next in Lindsay. In all probability an excursion will be run from here. If it is a big crowd will probably accompany the boys. They deserve every support and have done exceptionally well. The game will certainly be well worth going a long distance to witness.

RHEUMATISM



Joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system.

Regatta Will Be A Success

Great Preparations Being Made at Chemong Park.

The Chemong regatta, which will from present indications, be held on either the 23rd or 24th of August, promises to be most successful. The entries will be large and the event will be one of the gayest ever held at the park. Great interest will centre in the dinghy race and it is expected there will be a particularly large number of competitors for, in addition to the Kawartha Cup, Mr. Noel Baxendale, a popular visitor at the park, will donate a silver cup to the boat finishing first in this event.

LACROSSE

If the Shamrocks run an excursion to Lindsay where they play off next Thursday, there is no reason why it should not be well patronised—there is in fact every reason why it should. The boys have worked hard this summer and have practiced most faithfully and consistently—although they have not been given the support they deserve. They play remarkably well for a junior aggregation and their games are well worth witnessing.

NEW SCHEDULE FOR CITY LEAGUE

Following is the new City League schedule, necessitated by the retirement of the C. G. E. nine:

July 28—Athletics vs. Strathconas.
August 4—Shamrocks vs. Athletics.
August 11—Strathconas vs. Shamrocks.
August 18—Strathconas vs. Athletics.
August 25—Athletics vs. Shamrocks.
Sept. 1—Shamrocks vs. Strathconas.
Sept. 8—Athletics vs. Strathconas.
Sept. 15—Shamrocks vs. Athletics.
Sept. 22—Strathconas vs. Shamrocks.
Game played on Saturday.

NEWFOUNDLAND LIKES GREY.

Confers With Premier Bond Cabinet on Fishery Question.

St. John's, Nfld., July 30.—Earl Grey's visit to Newfoundland is proving a great success. He and his party are being feted daily.

To-day they leave for a three days' fishing trip into the interior.

The earl has conferred with members of the Colonial Cabinet, respecting the Anglo-American fishery question now being negotiated between London and Washington, and especially regarding Newfoundland's enforcement of the Bait Act against American fishermen.

London Strike Peters Out.

London, July 30.—The union has been beaten by the Street Railway Co. Saturday two-thirds of the men were back on the job, and on Monday every man whom the company wants will be at work.

OUR $100,000.

Senator Cosgrain Wants Light on Canada's Gift to 'Frisco.

Santiago, Cal., July 30.—Senator Charles E. Casgrain, of the Canadian Parliament openly declared yesterday, at Hotel Alexandria, Los Angeles, that on his return home he would see that the Canadian Government at once investigate the disposition of the $100,000 donated by Canada for the relief of the San Francisco earthquake sufferers.

He has learned from various sources that thousands of dollars donated by other parties and organizations have never yet been heard of after leaving the donors' hands.

The Daylight Store

BARGAINS IN BOYS' SUITS

Just now is the time to buy a Suit for your boy. We have the famous Sanford make of Boys' Clothing. They have had the largest experience in the manufacture of Boys' Clothing of any firm in Canada, which is a very strong argument as to quality. They know where the boy requires the extra stitches in order to strengthen the weak spots. It's easy enough to make a Suit look right, but to have it equal to every stanch, every tensile—that's a different proposition, and that's where ours excel. Prices like these:—

BUSTER BROWNS

$3.75 and $4.00 Suits $2.95
$4.50 and $5.00 Suits 3.95
$5.00 and $6.00 Suits 4.95

BOYS' SUITS 22-28

$2.50 Suits for $1.95
$3.00 Suits for 2.45
$3.50 and $4.00 Suits 2.95

BOYS' SUITS 29-33—Norfolk and 3-Piece Suits

$3.50 and $4.00 Suits, for $2.95
$4.25 and $4.50 Suits, for 3.45
$4.75 and $5.00 Suits, for 3.95

Regular 35c. and 50c. Boys' Blouses 26c; Boys' Hosiery at 15c and 25c, guaranteed stainless. See our showing in south window of Man's Night Shirts at 69c. regular $1.00 quality; also the special Dress Shirts at 50c., worth $1.00.

Our Sale STILL Continues in all Departments

and our prices almost blush at their cheapness.

409-411 GEORGE STREET, - - PETERBOROUGH

Stony Lake Steamers Will Make Fewer Calls

Travellers Coming Down the Lake Without Baggage Must Meet Boat at Regular Landing Places—Are Delayed in Making Train Connections—Some Irritating Incidents—Companies are Now Considering the Matter.

The captains on the Stony Lake steamers are very indignant over the way many of the cottagers take liberties in having the boats call unnecessarily at their islands. It is well known that the steamers on the upper lakes are of the very best, and that their crews are most obliging to the thousands that use them every summer. No doubt there are a few, who might be termed the "cranks," who could not be satisfied with any service and who will always continue to growl at "incompetent services," wherever they happen to bob up in the world.

But the captains and crews of the steamers on Stony Lake, who have served the summer tourists for many years in the past, receive nothing but praise from the majority.

Want Fewer Stops.

In speaking to an Examiner representative on Saturday evening one of the captains said that the two companies running boats on the lake contemplated stopping only at certain points, in order to make the train connections in time. The increased traffic on the lakes during the last couple of years has made it a difficult proposition for the steamers to call at half a hundred cottages every morning and afternoon, and yet connect at Lakefield with the trains on time.

The captain emphasized the point by relating a number of special cases which have come under his gaze and which have greatly irritated his usual geniality.

A white flag was hoisted at an island, within 200 yards from the Juniper Island wharf, where the steamers all stop for a considerable time and on calling a lady with a hand satchel stepped on board. As the boat backed off a young gentleman from the island rowed over to Juniper. The captain says this occurs daily and what is worse, calls are left at the Juniper Island store, which, when made, are not responded to, and, he added, "If the people imagine we are sailing around the lakes for the good of our health they are sadly mistaken."

The captain did not object to calling at points where heavy baggage was being loaded, but where persons have the boat land just to see the faces on board it was time for a change. Those coming down the lake, especially in the morning and on the first afternoon trip, when it is most necessary that the trains arrive in the city in time for connections, might with few exertions meet the steamers at any of the regular landing places in the neighbourhood, or in the channel, whose little time is lost in stopping, providing they have no heavy baggage to transfer.

The companies owning the steamers on the lakes are considering the matter and unless the public will assist them in this way they will stop only at certain points, and baggage and passengers will have to be brought to these or left on their islands.

Some of the Stopping Places.

At Buschink the regular landing place is at Mrs. Breeze's cottage, Glenwood, which is centrally located and easily reached. Among the others are Viamede, Mount Julian, Juniper Island Burleigh, McCrackens, and Sheriff Hall's Island. At the head of Clear Lake, where the steamers generally transfer, Majestic Island is the best of the landing places.

Alberta's New Capital Adopts New Methods

Mr. J. A. Fife's Enthusiastic Belief in Future Prosperity and Progress of Edmonton—A City of Rapid Growth—Many Fine Public Buildings—It Follows Glasgow's Methods of Civic Government—Single Tax System in Vogue.

Mr. J. A. Fife, B. A., who for many years was on the staff of the Collegiate Institute here, and who since May last has been living in Edmonton, where he occupies a position on the High School staff, is in the city on a visit, and for the purpose of moving his family to his new home. Mr. Fife is greatly pleased with the west and with Edmonton especially. He expects to remain here until about August 10th, when the whole family will leave for the west. In an interview this morning, Mr. Fife gave the Examiner some interesting information respecting the new capital of Alberta. He said:—

"Gilbert Parker, in a recent number of the Canadian Monthly, said that 'no city in the world had a finer situation than Edmonton,' and any one who visits it will readily agree with him.

"Crowning the high bank on the north shore of the Northern Saskatchewan, it overlooks that swiftly-flowing stream, bearing away in a north-easterly direction, and carrying with it, at this season, a large quantity of sediment to help in the formation of new land to the east of us.

Beauty of Site.

"The view is simply charming, and a description of it is far beyond the powers of my halting English. Suffice it to say, that as far as the eye can see, east, west, and south, stretch in encircling beauty, the spruce and poplar clad banks of the river, while to the south, about a mile and a half distant, nestles the flourishing town of Strathcona.

"A gentleman who, the other day 'was standing gazing up the river valley,' was heard to remark that 'he had sailed into the Bay of Naples and had visited many of the world's beautiful places, but he had never seen any place, which, for natural beauty, could compare with that upon which he was then looking.'

"The growth of the city since 1902 has been marvellous—a population of 14,000 being now claimed, and it must be increasing rapidly for every incoming train brings large numbers.

"Everywhere from early morning until late at night, the clink, clink, of the mason's trowel and the buzz of the carpenter's saw may be heard, and it is quite within the mark to state that fully 1,500 people are living in tents, some of them because they cannot secure houses to rent and others who refuse to pay the exorbitant rates asked for rooms and board.

Edmonton's Buildings.

"Edmonton has many buildings which would do credit to a place of longer growth. Among them are two fine brick public schools, erected two or three years ago at a cost of $36,000 each.

"The High School is less pretentious, but it is said that we are soon to have one in keeping with the city's 'up-to-date' standing.

"Alberta College is a large, preparatory school under the control of the Methodist body and last year had an enrolment of 300 students.

"The Roman Catholic are at present building a large school at an estimated cost of $46,000.

"The Presbyterians, Baptists, Anglicans and Roman Catholics have beautiful churches and the Methodist body find Melbourne Church too small and have decided to build.

"In addition to the above provision for intellectual moral and religious training the city can boast of three splendid hospitals, the Roman Catholic General and Maternity Hospitals and the City General Hospital.

"The Banks, of which there are 14, are buildings which any eastern city might be proud of.

Glasgow Civic Method.

and there are many fine commercial houses.

"The city is quite modern in the management of its civic affairs, having public ownership of its water supply and electric lighting, and has persistently refused to grant to any company a franchise for the running of an electric railway, as it intends to build and operate the latter as soon as conditions warrant the undertaking.

"Single tax, too, is in vogue, and the city's business is managed by paid commissioners.

"In natural resources the Edmonton district is very rich. The soil is a deep vegetable loam with a good clay sub-soil, and at present is almost too rich, but will improve with tillage. It produces the very finest of oats and barley, and also a good sample of wheat, but its cultivation has been limited on account of the difficulty in marketing, but with the increase in railway facilities there is no doubt that this part of the province will contribute largely to the filling of the world's bread basket.

"A trip east last week from two points — Wetaskewin and LaCombe—for a distance of about one hundred miles, afforded an opportunity to learn something of the country's stock-producing capabilities. Thousands of cattle and horses, sleek and fat, knee deep in rich grasses and wild peas, roam the boundless prairies.

"Rich pasture certainly is in abundance, and one is informed that in this district it is only rarely in winter that stock of any kind requires feeding.

Coal Resources.

"Probably Edmonton's finest resource is her coal, of which there seems to be an almost inexhaustible supply, and of a very good quality; it is a semi-bituminous variety, and gives excellent satisfaction for household purposes.

"Several mines are in operation close to the city, one of which your correspondent visited recently; it is 2 1-2 miles east on the river bank, and has only been in operation since February last. A short descent of 60 feet down the main shaft lands one in a large room, the walls of which are about 6 feet high, and composed of beautiful, shiny coal, with scarcely a pebble in the way of impurity. From this central room extend four or five alleys, which widen out into other rooms, bounded everywhere by the same lustrous wall of coal.

"An hour spent at even this short distance below the surface of the ground, watching the miner wield his pick and shovel in cramped and, sometimes, dangerous positions, with no light save that afforded by a wax candle, and in a damp and chilly atmosphere, makes one thankful that he is privileged to labour above ground, and to think that coal put in your cellar at from $2.50 to $3 per ton is remarkably cheap.

"Real estate in the city is very high; business sites, centrally located, have changed hands at $650 per foot frontage, and one sale of $800 per foot frontage is reported. It is the opinion of many that business property will reach a still higher level in the near future.

"The area of desirable residential property is somewhat limited, and consequently high priced, ranging from $2000 to $3500 for lots 50 x 150 feet close to the river bank, and from $1000 to $1500 for those farther back. Farm lands are rising rapidly in value owing to the great influx of population from the western states. These people coming from a country in which land is high priced, consider our lands at $8, $10 or $12 per acre very cheap, and many of them are buying heavily and are firmly of the opinion that this land will in the very near future command $20 to $30 per acre.

Climate is Superb.

"The climate, so far as I am able to judge, both from personal observation and hearsay, is all that can be desired. Long sunshiny days, with lovely cool nights have been the rule since my arrival on April 12th. Have not been up early enough to see the sun rise yet, but have heard the birds whistling at 2.30 a.m., and it is light enough to read without lamplight at 9.45 p.m. In fact one scarcely knows when it is time to go to bed.

"June and July are months when most of the rain falls, and when it rains it does it in good style, and the adhesive properties of the mud are first-class.

"The temperature for the past two weeks has been pretty high, the thermometer ranging from about 75 to 80 degrees during the day, which is a little higher than you are accustomed to in Peterborough.

"Everybody speaks of the beautiful autumns and winters, but I shall be able to speak with more authority regarding these seasons when I have had my nose frozen a few times.

"Growth has been very rapid during the last six weeks; the crops look first class, and there is every prospect of a bountiful harvest.

"The population is a very mixed one—English, Irish, Scotch, Danes, Swedes, Germans, Darkies, Indians, Scotch half-breeds, and French half-breeds, etc., etc. I have noticed that most of the half-breeds want to be considered Scotch, and will tell you that their names are McKay, McPherson, etc."

"I consider the future of Edmonton as well as of the west as a whole very promising."

Many Arrivals At South Beach

This Popular Summer Resort Well Patronized by Tourists.

Special Staff Correspondence.

South Beach, July 30.—The Park Hotel, at South Beach, is among the Kawartha points which have been well patronized this season by summer tourists. The hotel has been well filled since the opening of the fishing season last month, and the guests have enjoyed the best fishing for many years.

The arrivals at the Beach during the past few days were the following: Miss A. McFaddan, Peterborough, Fred. McFaddan, Peterborough; H M Dawson, Chicago; R. Parker, Peterborough; P G Frazier, wife and family, Rochester; Miss A Atkinson, Rochester; G N Frazier and wife, Richmond, Va.; C L Blakeslee and wife, Rochester; F B Kilburn, Lakefield; F A Kilburn, Lakefield; S G Gibson, Lakefield; R D Luisford, Rochester; Chas. Kerrigan, Rochester; F B Smith and family, Rochester; John Jones, wife and family, Rochester; C A Simpson, Rochester; F M Simpson, Rochester; S R Gilkasen and wife, H C Phillips, E R Huddleson, M E Gilden, I I Gilden, Miss Stella Gilden, A E Keale, all of Rochester; G W Lorimer, Dayton, O.; Harry White, Toronto; C G Meets, Rochester; G V Kindolf, Rochester; W S Riley, Rochester; Mrs. Riley, and Marjorie, Rochester; Miss Campbell, nurse, Rochester.

John Stancroft Drowned In Otonabee This Morning

Was Reaching for Log With Pike Pole--Lost His Balance and Fell In--Companion Was Lucky Enough to Save Himself--Fatality Occurred at Waterworks Dam.

The first drowning fatality in the Otonabee among river-men since the death of Jos. Starr five or six years ago, occurred this morning at about 7 o'clock, when John Stancroft, about 20 years of age, a river driver in the employ of the Cavendish Lumber Company, found a watery grave in the Otonabee River, in the treacherous eddy below the dam of the Peterborough Waterworks. The eddy is a dangerous one and is the source of much trouble whenever a drive is brought down the river.

The drive on which Stancroft was working was in charge of Foreman George Jackson. All yesterday afternoon the foreman had his men at work clearing the logs out of the eddy, and found it necessary to resume the same work this morning. Stancroft, in company with a fellow worker, John Drain, had waded out about one hundred yards from the shore and were standing on a stone, about fifty yards below the dam, with pike poles in hand, attempting to release a large log that was whirling around in the eddy. Both made a spear at it with their poles, but missed it, and, dosing their balance, fell into the river. Just beyond the stone the water becomes suddenly deep, and into this deep water the two men were carried. Drain, after a struggle, finally managed to again reach the shallow water, but Stancroft was swept away beyond his depth by the merciless waters, and disappeared beneath the surface before anything could be done to save him. Foreman Jackson and the men rushed to the assistance of the two as soon as they fell off the stone, but owing to the great depth of the water and the swift current it was found impossible to do anything for the young man, who met such an untimely end. More unfortunate still, it was found impossible to reach the bottom of the river at the scene of the fatality, with the pike poles, and nothing, therefore, could be done to bring Stancroft to the surface and attempt to resuscitate him. The river drivers were very willing and anxious to do everything in their power to rescue him, but, under the circumstances, could do nothing.

Up to the time of going to press the body had not been recovered.

Deceased was a good living young man and popular with his associates. His father is a well-known Minden farmer.

Daughter And Her Aged Mother Driven From Home

Ennismore Residents Complain of Ill Treatment--Windows Broken and Furniture Piled Out Upon the Road—Are in the City for Redress.

An aged widow, with her daughter, called upon County Magistrate Edmison last night and this morning, complaining against the disgraceful conduct imposed upon them by Ennismore residents last week. The couple live in a little house in the township of Ennismore and have been working for a living with different parties there. One night during the past week, they said, while they were absent from the dwelling, some person or persons came and broke almost all the windows with stones, and created a general havoc among the furnishings. Not satisfied with these depredations, they re-visited the house the following night, took out the windows completely, and carried the furniture out on the road and left it lying there.

The story of the old lady, who is getting well up in years, was a particularly sad one, as she and her daughter had been working hard, and did not know the incentive which caused such conduct on the part of the Ennismore people. Yesterday they left home in the morning to lay the complaint before the magistrate, and walked almost the entire distance to the city before being given any assistance. They remained in the city over night, and this morning started out to look up some friends who reside here, with whom they wished to stay for a few days.

The case is a puzzling one, and the cause so far remains unsolved, but it is rumoured that some of the residents of that township did not want the couple to remain there longer, as the council would soon be called upon to lend assistance.

Mr. Madill Attending Diamond Wedding

Of His Father and Mother—An Interesting Celebration Held in Toronto Yesterday—Mr. and Mrs. James Madill Married Sixty Years Yesterday—Six Sons and One Daughter Were Present

Mr. Wm. Madill is in Toronto where he attended, yesterday, the diamond wedding anniversary of his parents, Mr. and Mrs. James Madill. The Toronto World, reporting it today says:—

Surrounded by their children, grand-children and great grandchildren, under a gaily decorated marquee, on the lawn of the residence, at 526 Ontario street, Mr. and Mrs. James Madill, formerly of Whitby, yesterday afternoon celebrated the sixtieth anniversary of their wedding.

The invited guests were Rev. Dr. John Abraham and Mrs. Abraham, Mrs. Hunt and Miss MacKay, of Whitby, Rev. Dr. Turnbull and Dr. G. B. Smith, for twenty-five years the family physician. Also present were Mr. and Mrs. Henry Madill, the only survivors of the original wedding.

At the breakfast table were, besides the bride and groom, six sons and one daughter, Mr. and Mrs. Thomas Madill, of Syracuse, son and daughter, and two grandchildren; Mr. and Mrs. John Madill, of St. Catharines, and four children; Mr. and Mrs. Benjamin Madill, of Toronto and daughter, Loule; Mr. and Mrs. William Madill, of Peterborough, and son; Mr. and Mrs. Walter R. Madill, of Toronto, and two children, and Mr. James Madill, of Toronto; one daughter, Mrs. (Rev.) George Gadsby, and son, of Marietta, Ohio.

The toast to the ancient bride-groom and bride was responded to by Mr. Jas. Madill, sr., in an interesting review of his life. He told, amid the blushes of the bride, and much to the amusement of the guests, how courtship, love and marriage were carried on sixty years ago. Instead of an automobile, the wedding party drove in a lumber wagon drawn by a team of oxen.

He and Mrs. Madill had been brought up together in Ireland. As a child he came to Canada with his parents and settled in Pickering in 1837, and in 1845 Mrs. Madill, whose maiden name was Finney, settled in Manvers. Rev. Mr. Lambe of the "auld kirk" performed the ceremony in 1846.

An amusing feature of the courtship was the antipathy of the bride's mother to her marriage to young Madill. She liked the young man but was anxious that he should take one of the two elder daughters, "but I could not see it that way," said Mr. Madill.

In 1878 Mr. and Mrs. Madill moved to Whitby, where they lived until about nine years ago, when they took up residence with their son, James, on Ontario street.

Worked Way Around World

Two Cobourg Men Return From Long Trip.

Two young men from Cobourg, Messrs. P. McCallum and F. Merrill, were in the city this morning, on their way home from a trip around the world. Three years ago they left home, and went to British Columbia and from there they worked their way to Australia, and around Cape Horn to South Africa, and back to the British Isles. They arrived in the city today and left on the noon train for Cobourg, where no doubt they will be warmly welcomed home.

An Upset Which Had Almost Fatal Results

Six Persons Thrown Out of Dinghy Into Waters of Clear Lake Yesterday—Messrs. Basil Hall and Charles Heintzman Rescued Them—Other News From Stony Lake.

Examiner Special.

Stony Lake, July 31. — An upset, which might easily have resulted fatally to six persons, occurred on Clear Lake yesterday afternoon. Mr. Reid Munro and party, were enjoying a sail in his new dinghy, when a squall came up and overturned the craft. Messrs. Basil Hall and Chas. Heintzman, who were out in the "Pando," and who happened to be near, rescued the party.

A party of six from Rochester, arrived last evening at the Victoria House, where they will spend a couple of weeks.

Mrs. W. Darcy, Burleigh Falls, visited friends at the Victoria House, yesterday.

Mr. J. C. Battin, Britannia, is spending a few days in Toronto.

Miss Mildred Delaney, Wanboe, accompanied a party to Lakefield on Monday.

Mr. Albert Knight of Cleveland, O., who has been a guest at Wanboe, returned home yesterday.

Mr. Richard Hall went down to the city yesterday afternoon.

Hon. J. R. Stratton and Mrs. Stratton went down to the city yesterday.

Miss Wintersgill and Mr. J. E. Clarke, who are guests at the Victoria House, accompanied departing friends to Lakefield on Monday.

Miss Eleanor J. McColl, Toronto, is a guest at Boschink.

Messrs. Richard A., Sara and Geo. L. Lepate, Toronto, are at camp Keewokath.

WATER COMMISSIONERS TO TOUR CHAIN OF LAKES

The Water Commissioners will likely take a trip this week, or early next week, up the Otonabee River, and through the whole chain of lakes forming the feed waters of the Otonabee, for the purpose of familiarizing themselves with the conditions which are prevailing there. They will probably be accompanied by the chief clerk of the Provincial Board of Health, whom they will try to interest in the movement to prevent the pollution of the waters.

The Board held a meeting yesterday afternoon, when a number of applications for water services were taken up and other matters dealt with. Some complaints were received and adjusted.

Entertain Ladies At The Golf Links

A Drive Will be Taken by Ladies With British Bowlers.

The ladies of the Peterborough Golf Club are arranging to entertain the ladies accompanying the British bowlers to-morrow in a pleasant manner. The programme, as arranged now, is for the visitors to be taken for a drive around the city, leaving the Oriental Hotel at 3.30, and after the drive they will take tea at the golf links.

Cricketers Were Hard To Identify

The Picture in Saturday's Paper Was Not Easy.

The publication of the old cricket picture in The Examiner on Saturday has created considerable interest, and a number of persons have been busy making guesses at the identity of the men whose pictures were given. No one was able to name them all, though some good guesses were made, but none were correct.

In the top row of the picture, reading from left to right, the names are Mr. Parkenham principal of the Technical School, Toronto, and Mr. W. Wrighton, of this city. On the bottom row are Messrs. M. Giroux, now of Montreal; W. J. Minari, Dr. Burnham, Water street; Mr. H. S. Macdonald, and the late R. S. Davidson.

Some of the faces were familiar, but to the majority of readers there were not more than three or four known.

Chief Clerk Will Post Proclamation

Warning Persons to Desist from Water Pollution.

The chief clerk of the Provincial Board of Health will be here this week for the purpose of posting the proclamations issued by that Board along the Otonabee River and at Stony Lake. These proclamations state that pollution of the water will not be allowed, and that anyone found guilty of it will be prosecuted to the limit of the law. The local Board of Health will work in conjunction with the Provincial Board in this matter. The Inspector of this Board will look for offenders, and report to the Provincial Board, the responsibility of prosecution resting with it.

The intention, evidently, is to put a stop to the practice of polluting the water.

Mechanics

Who appreciate accurate time will profit by having their watch repaired at Frost's Diamond Hall.

Every watch left with Frost for repairs receives the closest attention skilled hands can give, and every watch Frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that while Frost's work is first class in every particular Frost's prices are always the lowest that good work can be done for.

Frost makes a specialty of small jewellery repairs.

ONE THING AND ANOTHER

Completely at Peace.

(Sir Frederick Nicholson in the Washington Post.)

INDIA is completely at peace, though there are now quartered along the northern frontier 70,000 British and 140,000 native soldiers.

A Sad Ending.

A YOUNG clerk, grown up in the employ of a prosperous German grocer, was, by reason of his ability and knowledge, of all the details, virtually intrusted with the management of the business, and, although given frequent advances in salary, began to feel that his services were absolutely indispensable and not properly appreciated from a money point of view. He laid the matter before his employer, laying particular stress on what a difficult matter it would be for him to operate the business without him. This claim was admitted by the employer, who further enquired,

"But, Chon, vat if you should die?"

"Oh, then, you would have to get along without me," remarked John.

After a few minutes deep thought the employer looked up at John, and said—

"Vell, Chon, shust consider yourself dead."—Harper's Weekly.

Are You Looking for Souvenirs?

Visitors desirous of taking home with them Souvenirs of their visit will find the largest variety, by long odds, at the Peterborough Bookstore. Views of the most prominent city buildings, streets, churches, parks, lakes, etc., depicted in many different styles. Photogravures of the hydraulic lift lock in numerous views. See our Souvenir display in north window. A. H. Stratton & Co.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

HELP WANTED—MALE.

WANTED—AT ONCE A GOOD Machine caulker at the new Gas Holder. Apply at the Gas House. 5d25-547

MACHINIST WANTED—MUST BE GOOD lathe hand; state experience and salary expected. The Lakefield Portland Cement Co., Lakefield.

LABOURERS WANTED—15 TO 20 GOOD men to go to work at Coldwater; wages $1.25 to $2.00 per day. Apply to Nicola Rouzetti, 204 Charlotte Street. 3d22—532

TUESDAY, JULY 31, 1906.

LAW AND ORDER.

The disgraceful assault of a police constable which took place in the streets on Saturday night gives prominence to the fact that there is a lawless element in our midst which demands prompt and strong measures of repression. The resistence to the officer, does not particularly signify; for that was very probably due to drink, but the serious element in the affair is the sympathy with resistance of the law which was exhibited by a large proportion of the large crowd which the fracas attracted. The citizens have been demanding additional police protection, but here we have an example of a gathering of citizens, apparently in sympathy with a violater of the law and an assailant of a policeman. It is to be expected that the hoodlum element will give their sympathy and countenance to a fellow tough and "knock" a police officer, on every possible occasion, but it was expected that respectable citizens with substantial interests at stake, and who will be gainers by the maintenance of law and respect for constituted authority, would have stood by the policeman and aided him in every way. But it is stated that a business man on George street used his best efforts to prevent a street car from dispersing the crowd and breaking up the row, and had it not been that some level-headed citizen urged the car forward and so dispersed the gathering, it is estimated by a reliable spectator that a terrible free fight with possible loss of life and deeper disgrace to the city, would have ensued.

Talking about the hoodlum or hooligan element there is reason to fear that this is more numerous than is suspected, and there are more cases of annoyance and insult of ladies than is generally become known. It is to be remembered that of late years Peterborough has grown rapidly, and it is evident that a considerable influx of hooligans has accompanied the increase of population. The primitive and peaceful conditions, previously prevailing under which citizens were generally a law unto themselves, that is in regard to keeping the law and leading orderly, quiet and respectible lives, have disappeared, by the infusion of a rough element, and we have to reckon upon city conditions. Heretofore the outskirts of the city have governed themselves, but the time has come when we should have police supervision in the outlying portions. As things are, a lady or young girl, unaccompanied by a male escort, and often with an escort, are subject to insulting and lewd addresses by hoodlums who seem to think that they can exercise their brutality of speech and demeanour with impunity. It may be said that the safe way is for ladies to refrain from frequenting the streets in the night hours. This might be, for especially young girls, a wholesome practice, but there are many who have legitimate reason for being abroad. In the fine summer evenings it is a pleasant thing for ladies to drop in upon a neighbour and make an informal call, thus contributing to the most pleasant incidents of social intercourse in summer months and they should be able to do this without being subject to any molestation or fear of insult. The occasional, and all the better, if irregular, appearance of a policeman in the outskirts in the evening would doubtless have a restraining effect upon the blackguards who trust to the absense of policemen to insult ladies. If it is impracticable to detail an officer for such occasional service, would it not be well to swear in special resident constables in certain quarters who whould have the authority of the law behind them, and would be able to deal with the kind of cases mentioned as they may arise. Whatever measures are practicable are strongly indicated. Our streets, in especially the early evening, should be as safe for ladies as their own drawing rooms.

How Athletes Keep Strong and Healthy

Their Diet Should Be a Revelation To All Men and Women.

Physical perfection, great endurance and unfailing Health are positively essential in severe athletic work and great attention is given to the diet.

In schools where a "training table" is provided for the athlete, only the most nutritious food is served, and in cases where there is no training table the athlete is advised to eat the most healthful food only. Whether or not he follows such advice is soon shown by his physical condition. If the average man—the business man—the lawyer, the teacher, the clerk, the mechanic, the laborer—took such care as to the food he eats as the athlete does, there would be far less of sickness and suffering in this world.

Among athletes the food value of whole wheat is recognized. They have demonstrated what scientists have long declared to be true: that the various food elements found in wheat are the food elements with which the blood and muscle, the tissues and cells, the bone and brain of the human body must be replenished if life and perfect strength are to be sustained.

Every nutritive element of the best white wheat grown is found in Malta-Vita, and it is fast becoming as popular among other people as it long has been among athletes.

And Malta-Vita is so good to eat! Always crisp! All grocers, 10 cents.

WILL NEWFOUNDLAND JOIN?

Newfoundland has hitherto fought shy of entering the Canadian confederation, but her conditions at present make her fit to enter the provincial sisterhood. We are revelling in prosperity, and Newfoundland has an unusually bright story of financial and industrial progress for the fiscal year which has just ended. The customs revenue of the Ancient Colony reached $2,325,000, or $50,000 in excess of the previous year, which was the banner year in its history. This increase is all the more remarkable by reason of the fact that considerable reductions were made in the tariff a year ago. The exports also reached an unusually high figure. This steady growth in the volume of trade together with the activity observable in every branch of industrial enterprise, proves the progress of Newfoundland, and, the Manitoba Free Press points out, makes all the more regrettable the failure of the Conservative Government at Ottawa, in 1895, to accept the very favourable terms on which Newfoundland then offered to enter the Dominion—"terms which it is highly improbable will ever be offered again." Why it should not occur again, or something equivalent, is not so sure. True, Newfoundland, with an insolent hauteur, porbably due to codfish aristocracy breeding, has held aloof from the Confederation's embrace, but she seems now to be in a more amiable mood. We were told that Earl Gray, our Governor-General, of Canada, would get a cold reception on his visit to Newfoundland, but he is being greeted with great cordiality, feted, feasted and addressed daily.

MR. SIFTON'S POWER.

Toronto News.

Last year it was the Autonomy tangle; this year it was the scandals. About mid-season the outlook for the Government was distinctly dark. The revelations made were damaging, the attention of the country was being attracted, Liberal members of the better class were growing restless and discouraged. Suddenly Mr. Sifton, who had contemptuously abstained himself from the House, appeared; it was curious to note the thrill of interest created by that event alone. Then came his brilliantly plausible defence and his counter-attack, the latter a masterpiece of Parliamentary vituperation. Up went the Ministerialist spirits; off came some of the edge of the attack. The Liberals liked to think that it was his arguments which convinced everybody, but it was not; his investive was the force which elated them, and which fairly cowed some of his bitterest assailants. Politics resembles war in one respect. Often in battle and in Parliament a leader can change the whole aspect of affairs by communicating his own buoyant hopefulness, his own unconquerable determination, to his comrades, and so can win the fight, without any accession to the material forces at his command in one case, without any increase in the weight of his arguments in the other.

EDITORIAL NOTES.

Sherring, the winner of the Marathon road race, is just beginning to know what the taste of fame is. A Mount Pleasant baseball team has been named "Sherring."

Canadian tinned meats, it seems, cannot compete, for pastimes, with the Chicago article. The Dominion Government analyst has reported that in only four samples of canned meat out of upwards of three hundred analyzed, were evidences of decomposition found. Three-quarters of one per cent. is not a very high record of defect.

Stratford is so anxious for a Provincial Normal School building, that it offers to give as a site, a portion of Queen's Park, in that city. If the people of Stratford would look ahead, they would see the folly of alienating a public park for building purposes. Peterborough got her parks easily, but we should not be willing to give them away to gain piles of stone and brick.

It is difficult to get a clear idea of the state of the Northwest wheat crop. On the one hand we have the optimistic estimate of the land dealer who wishes to find purchasers for his broad acres, and whose interest it is to exploit the fertility of the soil to the highest point possible. On the other hand we have the pessimist, the grain speculator, who may have something to gain by "bearing" the crop prospects. From one source we have glowing, and from the other gloomy, forecasts of the harvest. We shall know when the cutting is done, but even before that time the weight of evidence is in favour of a general bountiful crop.

The Canadian Pacific Railway Company, in its advertisements, is appealing to the farmers of Ontario to send help to ex-Ontario farmers in the Northwest. While we must respect the enterprise of the great railway, and sympathise with its desire to help the people of the Northwest, Ontario really can't spare any harvest help. The farmers of this province are having the greatest possible difficulty in getting in their own grain. They feel more like asking the C. P. R. to bring back from the West a few thousand of the Ontario boys, whose help at home would be very profitably utilized, than sending harvest labourers to the Northwest. In spite of the fact that the Ontario Immigration Department at Toronto, has placed 12,000 immigrant farm labourers in the province this season, there is still great scarcity of farm help.

Don't Like The Lakefield Mud

Visitors Passing From Train to Boat Have Dirty Clothes.

There are other spots on the globe that might be improved on besides the city streets. Visitors to Stony Lake are complaining about the mud holes at the Grand Trunk station in Lakefield, and also at the steamboat wharf. The juice at these points will scarcely allow pedestrians to get to the boats without soiling boots and clothes. Lakefield has always been among the elevated towns in the question of cleanliness, but these pools of water, lying in the path of those who help to make the place a lively one, are a disgrace to those who have the condition of the streets under their supervision.

It's about time, everybody thinks, that Lakefield council should wake up and treat their visitors right as well as their citizens, who like to see the beauty of their little town maintained in the memories of those who pass through.

Good Prices For Belleville Cheese

3,955 Boxes Sold at From 11 1-2c. to 11 3-4c. Saturday.

A Belleville despatch says: There was, on Saturday, an animated discussion about cool curing rooms, the consensus of opinion being that their installation in this district must certainly be proceeded with next year, if Belleville district is to keep up with the procession.

The boardings on Saturday were 3,955 boxes, of which 505 boxes were coloured.

The prices ranged from 11 1-2c to 11 3-4c, and all the cheese was sold.

A well-known cheese man risked the opinion on Saturday that cheese would not go much lower for some time.

At the same date last year the boardings were 3,715 boxes, against 3,955 on Saturday last. The highest price at the same date in 1905 was 11 3-16c, against 11 3-4c on Saturday last.

BIRTH.

WEIR—At 14 St. James Avenue, Toronto, on Friday, July 27th, a daughter to Mr. and Mrs. Alfred Weir.

A Boon to the Bilious

Are you compelled to deny yourself many wholesome foods because you think they make you bilious? Do you know that your condition is more to blame than the foods? Your liver and stomach need attention more than the diet. When you find yourself suffering with a bilious attack, take

BEECHAM'S PILLS

and all annoying symptoms will soon disappear. They settle the stomach, regulate the liver and exercise the bowels. Their good effects are felt immediately.

Beecham's Pills mingle with the contents of the stomach and make easy work of digestion. The nourishing properties of the food are then readily assimilated and the residue carried off without irritating the intestines or clogging the bowels.

Beecham's Pills should be taken whenever there is sick headache, furred tongue, constipation, sallow skin or any symptoms that indicate an inactive liver.

"SILVER-PLATE THAT WEARS"

THE IMPOSSIBLE.

It is impossible to judge the quality of Silverware by its appearance. The reputation of the maker must be the guide.

THE ACTUAL.

In Platedware, the Meriden Britannia Co., by half a century's honest manufacturing, has made its trade marks a guarantee the world over.

THE CERTAIN.

If your Silverware is stamped with this trade mark you will have the best that is made in plate.

MARK AND GUARANTEE OF MERIDEN BRITANNIA CO.

COOLING —AND— NOURISHING

You will find Coleman's Ice Cream delicious, refreshing, strengthening. Being made from the purest Cream, t is as good as meat and yet it is cooling in its effects on the blood and by invalids is easily digested. Give it to Your Children.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate variable winds; fine and moderately warm to-day and to-morrow.

L.O.L. No. 80.

Diamond L.O.L. No. 80, will hold its regular meeting in the Lodge Rooms on Monday night.

At the Police Station.

—A long, thin pocket book, and a Bank of Commerce Bank Book, await owners at the police station.

No Charity Board.

—The Charity Board did not meet last night as there were not enough members present to form a quorum.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street, 'Phone 199.

Gold Pin Found.

—A gold crescent pin, with rubies, was found this morning on London street, near Harvey. Owner may have same on application to this office.

Canadian-born Resident Dies.

—Arthur Donaghue, who was born in Emmismore, Canada, died on Wednesday, July 26, at his residence in Chicago, aged 70 years. The funeral was private.

Attention No. 4. Company.

No. 1 section of No. 4 Company of the 57th Regiment will meet in the Drill Hall to-morrow evening at 7.30 o'clock in forage caps, serges and trousers.

A Good Surplus.

—The town of Campbellford has a surplus of $400 after paying all expenses in connection with the inaugural celebration held in that town July 2.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 576.

New Edison

—Phonograph records for August just arrived. The finest list ever published. Don't fail to hear them. J. M. Greene Music Company, New Opera House Building. 6d25

A Practical Joke.

—A correspondent writes: — When two young men at a local boarding house attempted last Thursday night to step into their respective beds, they were surprised to find that each of the beds contained thistles. No serious injury was done, excepting a little smartness from the Scotch emblem. Who played the joke remains a mystery yet to be solved.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — or anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low as five cents each, or 6 for 30 cents Illustrated cover on heavy paper; 25 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

Sons of England Excursion.

You don't have to persuade the people to go to the Sons of England excursion—all you have to do is to remind them. Thursday afternoon, August 2nd, is the date, Jubilee Rink the place. Steamer Water Lily leaves Wolfe street wharf at 1.30 p.m.; street railway wharf at 2 p.m. Adult tickets 40c., Children 20c. Cut this out and get your basket ready.

New Mail Clerk.

—Mr. Thomas J. Atkins, of Toronto, is now on the mail route, Toronto-Midland-Port Hope. It is a matter of 22 years, since Mr. Atkins was in Port Hope, at which time he was on the Midland Division. In the meantime he has been on the Northern Division. His running mate is Dr. Brent, with Mr. C. Burton Peacock, alternate. There are now two mails a day each way between Port Hope and Midland.—Port Hope Guide.

Bleeding Piles.

"For two years I suffered from bleeding piles and lost each day about half a pint of blood. Last summer I went to the Ottawa General Hospital to be operated on but my old trouble returned and again I lost much blood. My father advised me to try Dr. Chase's Ointment and two boxes cured me. I have every reason to believe that the cure is a permanent one." — Mr. Arthur Lepine, school teacher, Granite Hill, Muskoka, Ont.

Fire in Stanhope.

—On Thursday morning of last week Mr. Mark Simon of Maple Lake, Stanhope, got up early, lit the kitchen fire and went to the woods to get his cows before the family got up. While absent the over-heated stove pipes through the chamber floor set fire to the boards and the entire house was soon in flames, the family barely escaping with their lives and nothing scarcely of the contents of the house was saved. The loss is quite a heavy one and he had no insurance. We understand that his neighbours have assisted him to put up a little shack in which to live until he can build a house.

PERSONAL MENTION

Miss Dumble went to Geneva, N.Y., to-day.

Mr. W. S. Davidson went to Toronto to-day.

408 George Street.

Large Meeting Held Sunday

Many Young Men Listened to Rev. H. Taylor.

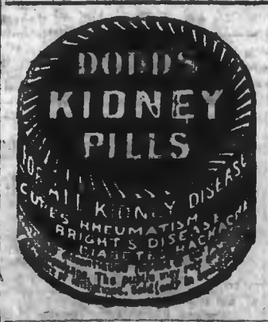
A large and interested company of men greeted Rev. Herbert Taylor, at the Y.M.C.A. men's meeting on Sunday afternoon.

Mr. Williamson presided and introduced the speaker as a former active worker in the association.

Rev. Mr. Taylor, who is now pastor of the Congregational church, in Pelican Rapids, Minn., told what he owed to the association, and how he had been converted through the influence of one of the general secretaries in another city.

His address was on "The Law of Retribution," and in a clear and forcible manner he presented the subject, concluding with an impressive appeal to men to become followers of Christ.

Mr. Freund sang several selections in a way which added much to the meeting. The Evangelistic Band will have charge next Sunday.



SEE THE FOUNTAIN! DRINK THE SODA!

Have you seen our beautiful Onyx Fountain with its canopy of artistic beauty?

Have you tasted our Soda? There is something about it that you remember permanently. It is pure; it is cold; Snappy, refreshing Syrups, Fruit Juices and Crushed Fruits are pure, too.

The ICE CREAM is par excellence, made from Sweet Jersey Cream and we are generous with it.

Long Bros., 360 and 414 George Street.

The Kidneys and Uric Acid.

Uric acid is the name given by medical men to the poisonous matter which the kidneys filter from the blood.

When the kidneys are weak, inactive and diseased they fail to perform their functions as filters, and the uric acid poison remains in the blood to find lodgment in the weaker organs and produce the most painful and fatal diseases.

In view of the frightful risk which you run in neglecting kidney derangements and the undoubted efficiency of Dr. Chase's Kidney-Liver Pills as a cure for diseases of the kidneys, it remains a duty for you to apply the remedy and be cured.

In every town, village and township of Canada there are people who can testify to the extraordinary merits of this great medicine. Ask your friends and neighbours about it, and them prove its merits in your own case. Dr. Chase's Kidney-Liver Pills, one pill a dose; 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

A Great Heat Radiator

"Sunshine" furnaces have a large, heavy sheet-steel dome and radiator, with a wide space between them for the circulation of air.

This gives an immense radiating surface, and means that every atom of heat from the fire is used for heating purposes, and forced through hot-air pipes into the house.

If you need a furnace, you should examine the "Sunshine"—it will save you untold expense, worry and work.

Sold by enterprising dealers everywhere—booklet free.

Throws Responsibility Upon City Council

This is Probably What Board of Health Will Do In Respect to the Isolation Hospital—A Meeting to be Held in Near Future.

The responsibility of providing an Isolation Hospital will, in all probability, be left with the city council.

The Board of Health has not yet met to decide on any definite course of action in respect to the question, since the visit of the chairman to Toronto, where he conferred with the Provincial authorities in reference to Isolation Hospital matters, but it is understood that when it does meet this will be the line of action pursued.

It appears that the Board of Health has not the authority to erect a permanent Isolation Hospital unless the council grants the money, but it has the power to provide temporary accommodation for contagious disease patients and to spend as much money as may be necessary to do this.

It is probable that the Board will therefore, throw the responsibility of the provision of the Isolation Hospital upon the shoulders of the members of the council and make that body take action.

Arrangements Complete For Bowlers' Reception

A Delightful Day's Programme in Prospect for the Visiting Bowlers From the Old Sod—Trip Over Lift Lock Will be One of the Features—The Personnel of the Local Rinks.

Last night the local Reception Committee of the Peterborough Bowling Club, met to make final arrangements for the reception and entertainment of the British Bowlers to-morrow. The programme will be practically the same as given by the handbook issued by the Ontario Association, the only material change being that the banquet will be held at 8.30 instead of at 6 o'clock.

The cars in which the bowlers will travel will be attached to the 5.10 C.P.R. express, and will arrive to-morrow morning. The Committee of reception is composed of Messrs. D. H. Moore and G. H. Giroux, the President and Secretary, respectively, of the local Club, and they will meet the train, and, on behalf of the Club extend a welcome to the city. They will escort the visitors to the Oriental Hotel for breakfast, and at 9 o'clock the whole party will take special cars provided by the Street Railway Company for a trip over the line, which will end at the Street Railway wharf, where the steamer Water Lily will be in waiting to take them for a trip over the lift lock. At the lock, His Worship, Mayor Best, on behalf of the city, will deliver an address of welcome to the visitors.

All the members of the local Club and especially those who are to participate in the games are invited to accompany the bowlers, on this trip over the lock.

They will return about 12.30 and will take dinner.

At three o'clock the games will commence on the Brookside Lawn, the following local rinks taking part in it:—

W M Lang
S T Medd
G K Martin
W E. Talbot
R M Waddell, skip.

A L Talbot
C J Seymour
R Cottrell
R Sturgeon
Dr. T N Greer, skip.

Dr. McKercher
W F Johnston
T F Matthews
J E A Fitzgerald
D H Moore, skip.

R Davidson
E Runnells
D Belleghem
Dr. N McClelland
Dr. R R Boucher, skip.

J W Ferguson
W Aitcheson
E W Cox
R Kerr
G H Giroux, skip.

In addition to the above five local rinks there will be one rink each from Port Hope, Oshawa and Stouffville. Refreshments will be served at half time.

The banquet will be held, commencing at 8.30 in the Oriental Hotel. It is expected that about 125 persons will be present at this function. There are a few tickets available yet for the public, and anyone wishing to attend may secure tickets at Mr. W. H. Hill's office, or from Mr. G. H. Giroux at the Trent Canal office.

(With weather like that of to-day the visit of the British Bowlers to this city is bound to be a delightful affair.

It is announced in connection with the banquet that the guests may wear full dress or not as they wish.

The members of the Entertainment Committee are Dr. Boucher, Dr. Greer, Dr. Caldwell, Messrs. D. H. Moore, T. F. Matthews, G. H. Giroux, John Crane and R. M. Waddell.

Drowned Man Was a Tailor

Late Mr. Jupp Worked at Fountain's Tailor Shop.

The Toronto Star has the following further particulars in reference to the late Mr. Jupp, whose sad death by drowning at Stony Lake, was recorded yesterday:—

For the past year and a half Mr. Jupp had been employed in William Fountain's tailor establishment, 30 and 322 Adelaide street west. He was about 25 years of age and was unmarried. He was a very quiet and reserved young man, and his employer speaks highly of him. He went on his holidays last Thursday. He had been living with Mr. Scadding, 33 Bloor street east, and Mr. Scadding will look after the remains when they arrive to-night. It is understood that his family are well-to-do people in England.

Ernest Leflay To Stay In Buffalo

And Make an Attempt to Find His Wife.

The Buffalo Courier recording the presence in the city of Ernest Leflay, who is searching for his wife and children, says:—Saturday Leflay secured work at a hotel in Pearl street, as he thinks his wife is in this city, and he will settle down here and search for her. If he fails to find the children in Buffalo he will move on to another city and devote his time to locating them. The police have promised to aid him in his search.

New Pictures For This Week

Another Big Crowd Spend an Evening at the Park.

Jackson Park again held the usual big Monday evening audience last night. The new pictures for the week were on and from the warm reception given, they appear to be among the most popular that have been presented on the canvas for some time. "The Black Hand" captured the crowd particularly, and the course of the scene was keenly watched throughout. The exciting finale especially was captivating. The "Misguided Bobby" was among the other most favoured scenes.

The merry-go-round was more merry than usual last night and seemed to travel at its fastest gait. The box-ball alley was also well patronized and many dropped into the refreshment booth during the evening to see Mr. Cheveril.

Mechanics, Farmers, Sportsmen

Big Excursion From Millbrook

Methodists and Their Friends Spent the Day at Kawartha Lakes.

Another large excursion passed through the city this morning for Stony Lake. This time it came from Millbrook and carried about 400 Methodists and their friends. A special train of ten coaches carried the crowd, which left here at 8 o'clock. On its arrival at Lakefield it was met by the steamer Stoney Lake, and went to Buckhorn, where a few hours were spent. A large number of Peterborough people joined the excursion here.

J. H. Scriver Is Released On Bail

Saskatoon Land Agent Who Got Into Trouble.

Yesterday's Toronto Telegram says: Five hundred dollars in bail was demanded and received by Magistrate Kingsford this morning for the appearance next Friday of James H. Scriver, the Saskatoon land agent, who has been running foul of the banks over negotiable paper given to Frank Melville, of this city.

"I have friends who will get the funds for me," observed Scriver.

"Pay the money back to Melville if you can," said the magistrate.

Mr. J. McCaig Gets New And Important Position

Is Made Superintendent of City Schools for Edmonton, Alberta—Has Been in the West for Some Years.

J. McCaig, M.A., LL.B., son of the late Inspector of Schools (for Collingwood, and formerly of the staff of the Peterborough Collegiate Institute, has been appointed to the important position of superintendent of city schools for Edmonton. Mr. McCaig is a graduate of the University of Toronto, and has been pursuing his work in the West for the past eight or ten years. He taught for some time in the Peterborough Collegiate Institute, and went from there to Lethbridge, Alta. Subsequently he became Inspector of Schools for Northern Alberta, and vice-principal of the Provincial Normal School at Calgary. Mr. McCaig's well-known pastoral proclivities should qualify him for his new position as shepherd of the flumbs of the flock.

Cottagers Want Some Standard Level Fixed

For the Water at Stony Lake—An Important Meeting o the Association Held Last Night—Decision to Hold Annual Regatta on August 13th—Other Business Transacted at the Meeting.

Examiner Special.

Stony Lake, July 31. — A meeting of the Cottagers' Association was held at Juniper Island last evening, the object of which was to set a date and make arrangements for the annual regatta, and to deal with matters that might have arisen since the last meeting.

The attendance was not as large as might have been expected, considering the importance of the meeting, yet the fifteen members who were present were deeply interested in the proceedings.

In the absence of the president, Mr. R. B. Rogers, and the vice-president, Mr. D. W. Dumble was voted to act as chairman.

A copy of the minutes of the last meeting was read, but as this was incomplete it was not accepted, and was held over until the next meeting.

The nomination and election of the Regatta Committee was next held, and resulted as follows: Messrs. Lawrence Graham, S. Henderson, J. S. Knapman, J. O. McCarthy, F. Collins, Jas. Acton and R. B. Rogers.

It was moved and seconded that the regatta be held on Peterborough's civic holiday, August 13th.

Moved by Mr. Graham, seconded by Sutherland, that the money derived from the advertising in the Stony Lake year book be placed in the Regatta Fund, and that derived from the sale of the book go to the general fund. A great deal of difficulty has been experienced in getting the cottagers and campers to become members of the association and pay the annual fee. Several suggestions were made which if carried out, might result favourably, but it was decided the committee should use their own judgment in the matter.

It was moved and seconded that the entertainment committee make arrangements for the dance on the evening of the regatta.

High Water.

The high water question was then taenk into consideration and after much discussion the following resolution was formed, a copy of which the secretary was requested to forward to the Minister of Railways and Canals:

"That the Cottagers' Association of Stony Lake feel that the interests of the cottagers have been seriously impaired by the changes from time to time in the lake level and would ask the Government to establish at as early a date as possible, a fixed level upon which those owning property on Stony Lake could depend."

As it was understood that the Provincial Board of Health is making new arrangements governing the sanitary conditions of the lake, the matter was left over until such arrangements are completed.

It was moved and seconded that the unexpended portion of the money collected in aid of the Pianola fund at the minstrel show held last August, be returned to Mr. Gerald Hall.

It was the unanimous decision that every effort be put forth to make the regatta of 1906 the most successful in the history of the association.

The sale by auction of the entire household effects of Mr. J. A. Fife will be held at his late residence, 87 Benson Street, on Wednesday, August 1st, at 1 o'clock sharp. Terms, cash. No reserve.

Directors Are Working Hard For Fall Fair

Meeting Held Last Night to Talk Over Important Matters —Committee Appointed for Revision of Prize List—Meeting Preferred a Two-Day Fair.

A meeting of the Peterborough Industrial Fair directors was held last night in the Munro House parlours, and had up for consideration a number of matters in connection with the Fall Fair. The chief questions discussed were the revision of the prize list, and whether a two or three days Fair should be held.

Those present at the meeting were Messrs. Ed. M. Elliott, K. Hardley-Wilmot, H. C. Winch, F. Hall, F. H. Dobbin, W. B. Stewart, J. H. Larmonth, Ald. Geo. E. Elliott, J. M. Brooks and R. J. Munro.

Revision of Prize List.

The prize list was the first point to consider, and although nothing definite has yet been arrived at, it was the general opinion that it would be advisable to do away with the prize-list for stallions. A committee was appointed, consisting of Ald. Elliott, Alex. Elliott, and J. H. Larmonth to look after the revision of the whole list and report to the committee.

Mr. Ed. M. Elliott has been engaged in looking over the prize-list for horses and stock, and submitted a partially revised one last night at the meeting.

A Two Day Fair.

It is quite probable, if the Fair is held, the number of days will be reduced to two, instead of three, as in former years. This was the general opinion of the meeting, and, the directors thought, would have the effect of bringing the crowd on the latter day, thus keeping down the expense. This, however, will be finally settled at the next meeting.

Another matter decided upon was to give the Peterborough Turf Club $150 to look after the speeding in the ring, provided the Fair is held.

Peterboro' Men On Fishing Trip

Messrs. R. J. and D. Menzies Off to Rosedale.

"Camp Togo," comprising the following: R. J. Menzies, Dan Menzies, of Peterborough; Percy and Harry Menzies, "Pinky" Preston and Orvil Bain, left for Rosedale this morning for a two weeks' vacation. B. D. Menzies and "Chuck" Welsh leave this evening for the Falls, where the yacht Togo will meet them and take them up to Rosedale. The camp will welcome any visitors and will endeavour to give them some good fish dinners.—Lindsay Post.

Auction sale of the entire household effects of Mr. J. A. Fife, 87 Benson Street, Wednesday, August 1st, at 1 o'clock, sharp. No reserve. Terms, cash.

CHEESE TOO GREEN TO BE SOLD TO-MORROW

There is a possibility that there will be no sale at the Peterborough Cheese Board to-morrow. A leading buyer pointed out to The Examiner to-day that the cheese will be altogether too green if it is sold up to the close of the month. He stated that it was too risky to buy green cheese and have to hold them a week, and perhaps see the bottoms fall out of the market in the meantime. In his opinion, at the last meeting, the Board should have adjourned for three weeks instead of two, and if that had been done the cheese would have been ready to ship at once.

MANY CASES OF TYPHOID FEVER REPORTED IN CITY

Is Peterborough in the throes of an epidemic of typhoid fever? It looks very much like it. It is understood that within the last few days a number of persons suffering with this disease have been taken to the city hospitals, and others who are being cared for in their homes are ill with the same disease.

Some of the medical men of the city were communicated with by the Examiner in an effort to learn if the epidemic was widespread, but they stated that while they had some cases themselves they had no means of knowing the extent of the disease in the city. They blamed the water for the prevalence of the fever, and cautioned those who use it to boil it before drinking.

WE CAN GIVE YOU CORRECT VISION IN BOTH EYES

The majority of people find that one eye is worse than the other. We can bring the vision of the poor eye up to the standard of the good one, or, if the good eye ought to be better we can improve that and thus give you perfect vision in both eyes, providing always that anything in glasses will do it. Fifteen years experience in optical work, a thorough knowledge of opthalometry and using the best and most scientific instruments in examinations.

Mooney's Perfection Cream Sodas

Canada's finest crackers, from Canada's finest bakery. Crisp, inviting, delicious. In the air-tight boxes, that keep them in faultless condition.

"Flag Incident" At Crow's Bay

Young Campbellford Boy Wins Approval of Ladies.

While camping at Crow Bay last week, Mr. Oscar Young, of Chicago, an old Campbellford boy, hoisted the Stars and Stripes over his tent. This angered one of our popular young clerks who evidently was filled with "patriotism," and in the twinkling of an eye he pulled from his hip pocket a british bulldog, and with decisive aim he cut from the mast the banner which floated as an eye sore to him. Some of the young ladies of town are now circulating a subscription list for the purpose of presenting him with a handsome leather medal.—Campbellford Despatch.

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

India Officer To Speak Here

Capt. Annie Gower Will be at S. A. Barracks.

On Wednesday and Thursday nights, Capt. Annie Gower, a Salvation Army officer, who has spent some time in India will be at the Barracks here, and will give an address each night on her work in that country, in connection with the Army. Capt. Gower is a very entertaining speaker, and no doubt her addresses will be listened to with interest by those who are fortunate enough to hear her.

Sunday Bathing Will Be Stopped

Chief of Police Will See That Sunday Swimming in the North End Will Cease.

The Chief of Police intends putting a sudden stop to the ungentlemanly performance of youths in the northern part of the city who go in bathing on Sunday. They make themselves obnoxious to all passers-by and are a general nuisance to the vicinity in which they display their ignorance.

Their actions have been reported, and a sharp lookout will be kept for all those swimming on Sunday, as the chief says this practice must be stopped at once. If it still continues an example will be made of a few of these boys in the police court some of these Monday mornings.

BOYS ESCAPED FROM MIMICO

The Chief of Police has been notified by Mr. C. Farrier, supt. of the Victoria Industrial School, at Mimico, of the escape of two boys from the school. One is Charles Clyde, an Ottawa boy, aged 13, and of fair complexion. The other is Robert Hodgins, aged 14, fair complexion, and a native of Toronto. It was supposed that the boys would make for Ottawa and the assistance of the local police was requested for their capture.

Normal School Site Question

The Location Will Probably be Determined at To-night's Meeting.

A joint meeting of the Committee of the Whole and Board of Education will be held this evening in the city clerk's office to consider again the Normal School site question. It will be remembered that on Thursday evening last a meeting was held to discuss the proposition of the Board of Education handing over the Collegiate Institute site for the erection of the new school and the meeting was adjourned until to-night.

It is altogether probable that the Normal School site will be chosen at the meeting to-night as the available locations have been investigated since the last meeting.

Will Mr. Brooks Get The Southern?

It is Understood He Has Made Application for the License.

It is said that Mr. J. M. Brooks has offered to take the Southern Hotel license, giving the present proprietor valuation for liquors, etc., and $400 more for his good will. It is also said that Mr. Brooks is willing to expend $5,000 or $6,000 on the property and make it into a 40-roomed house. During the time Mr. Brooks has conducted the Palace there has not been a single complaint against him and with his ability as a hotelman he should make a most desirable landlord for the Southern, and furnish first-class hotel accommodation.

A Half Holiday Trip To Lindsay

An Excursion to Accompany the Lacrosse Team Thursday.

An excellent way to spend the half holiday on Thursday next will be to go with the lacrosse team to Lindsay. A special train will run an excursion, leaving here at 2 o'clock sharp, and the return will be by the regular train leaving Lindsay at 8.10 p.m. The return fare is very low, only 65 cents being charged.

The lacrosse match will in all probability decide the district championship, the contesting teams being Oshawa and Peterborough Shamrocks.

Unclaimed Dog Shot By Police

Was Brought by a Lady to the Police Station.

A lady came into the police station this morning, at the conclusion of the court, with a speckled dog, which had been claiming her friendship for the past few days. She asked advice from the chief as to what to do with it, and suggested that some person who had no dog might be pleased to get it. It had a bad habit, she explained, of running out and catching hold of ladies' dresses, although not intent on being vicious in any way.

The animal was apparently part coach and part something else, and not inclined to make a mark in the canine world, and the chief ordered it to be shot. One of the officers led it to the back yard without giving it a hearing, and it soon passed away.

G. T. R. Station Was A Busy Spot

Hundreds Leave on Their Vacation This Morning.

The Grand Trunk station this morning was a busier spot than it has been for many years. The end of July has brought the holidays in earnest, and everybody seemed to be making their exodus on the last day.

Most of those leaving the city are taking long journeys by rail, chiefly to the other side, while comparatively few left to spend their vacation at the Kawartha Lakes. Rochester, Cleveland, Geneva, New York and many other American points were some of the destinations.

No License For Mr. S. Campbell

Was Refused Southern Hotel License at Last Night's Meeting.

A meeting of the License Commissioners was held last night, at which there were present Dr. Morrison, Jas. Kendry and Inspector Joseph Stewart. The application of Mr. Samuel Campbell for the Southern Hotel license was considered, but the license was not granted. Mr. A. P. Bousaette, K.C., appeared in Mr. Campbell's interests. It is understood that the Commissioners will not grant a license to anyone unless the applicant will furnish a bond to put the house in condition required by the law.

RED ROSE TEA

"Carlo never makes a mistake"

"IS GOOD TEA"

So good, that the increased demand necessitated the construction of the largest tea warehouse in Canada.

One package is sufficient to prove its quality and value.

The Blue Label is especially recommended.

Prices, 25c., 30c., 35c., 40c., 50c., and 60c., in lead packets.

Black, Green, and Mixed.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New July 31. — To-day's stock market was a quiet, dull affair, with a slowly rising tendency. Sou. Pac. was again in demand and Union Pacific showed strength. Consolidated Gas rallied sharply, regaining yesterday's loss of six points. Trading was entirely professional but the offerings were small, and in the afternoon when some big buying orders for Steel appeared shorts became nervous and covered, this operation causing the entire market to rally.

In Chicago wheat sold down to new low records, carrying corn and oats with it. During the late trading stocks grew stronger; C. P. R. sold at 166, Southern Pacific and Union advanced sharply, and Colo. Southern and Colo. Feul showed strength. The close was strong at the best of the day.

THERE IS NO ICE IN THE FOUNTAIN

There is no ice in the fountain at the police station. A short time ago the fountain was put in working order and ice installed. To-day and yesterday it was minus the ice. The fountain has been the topic of so much conversation lately that it would require a mighty large hat if a human being.

It all comes back to Purity

Proper materials—proper brewing—proper ageing—all help to make beer taste good.

But you have got to start right to end right. And purity is the foundation of a beer that is good for you.

O'KEEFE'S PILSENER LAGER

is PURE and wholesome.

It's brewed where purity is the watchword. From the time the malt and hops and water are brought together, until the bottles are sealed and pasteurized, every known precaution is taken to insure "PILSENER" being absolutely PURE and HEALTHFUL.

The delightful flavor is the best proof of its perfect brewing, age and PURITY. Insist on having

"THE LIGHT BEER IN THE LIGHT BOTTLE"

(Registered)

Sold by leading dealers, cafés and clubs. Brewed by

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

PORT HOPE BALL TEAM DEFEATS COBOURG BUNCH

The Port Hope Guide says: You have read, no doubt, in another column, about the lightning striking Gull Lighthouse yesterday afternoon, but that is nothing compared with the sorrow which struck Cobourg on Saturday afternoon when the local nine trimmed up that bunch of "big leaguers" to the tune of 5 to 3.

Why, this is the bunch that has been talking about playing Port Hope for money! Cobourg, however, plays the wise act, and before making any bet they invite the Port Hope team down to play a benefit for Mr. D. Kerr. Port Hope accepts and trims them on their own ground. Now, as for the money games, well, we never heard that word "money" mentioned in Cobourg during the afternoon. No, sir; they don't want to play for money. They are forced to admit that Port Hope has the better team; and, indeed, they would be foolish to squander any change. However, as the Manager of the local team says, "we don't need the money—it is glory we are after," and we got it good and plenty, on Saturday.

But it is only last week that the Cobourg Post remarked that since Port Hope had trimmed a bunch of "has beens" from Peterborough, they were anxious to play the Cobourg nine for $100. Well, Peterborough and Cobourg all look alike, and seeing that the scores are much alike we will use the Post's term, and put in the "has been" class.

THE FINAL LEAGUE GAME ON WEDNESDAY NIGHT

To-morrow night the final game in the Guild League series will be played between Charlotte and George Street teams. Whichever team wins this game takes the championship of the league. In the first half, by a couple or errors, the Charlotte Street team pulled out with a lead of two runs, the score being 3—1. The George Street team expresses confidence in its ability to overcome this lead, and win out. Whether they can do this or not remains to be seen, but at any rate there will be a warm contest, and the team that wins will have to do some ball playing.

SPECIAL EXCURSION FOR GAME ON THURSDAY

The game which will, in all probability, decide the championship of this district in Junior C. L. A., and possibly the whole junior series, will be played at Lindsay on Thursday next, between the Shamrocks of Peterborough and the Oshawa team. In order to encourage the boys, who have to a certain extent been running in hard luck this season, it has been decided to run an excursion to the town of the Scugog on Thursday afternoon, and it is hoped that there will be a large number to accompany the team and to witness the game, which will, in all probability, be a fast one. The special train will leave the G. T. R. station at 2 o'clock sharp, and the return fare will be 45 cents. In view of the fact that this will be the half holiday there should be a bumper crowd to go with the team to help cheer them on to victory.

Wants Turf Club To Put In $400

Cobourg Horse Owner Asks Too Much Money.

Mr. A. Rountree a short time ago wrote to Mr. R. Coyle, Jr., owner of Muriel Wilkes, making the proposition to have the above mare, Hazy Direct and Lady Gothard start over the turf club track, each horse owner to put in $200, the turf club also contributing to the purse. To-day he received a reply, but says the Turf Club cannot take up the proposition, as $400 is altogether too much for that body to put up for the race.

Below is the letter.:

July 30th, 1906.

Mr. Rountree, Sec.-Treas. Peterborough Turf Club, Peterborough.

Dear Sir,—Your favour received and noted. In reply beg to say Mr. Coyle most emphatically declines your most generous proposition.

However, we have a five-year-old horse without a mark, named "Apple King," which we will match against the horses named in your letter, on the following conditions: Race to take place over Peterborough track, we to appoint one judge, you one judge and the two judges to appoint the third judge. The three judges to appoint a starter independent of themselves; you to give us second position on the track to score, that is for the first heat, after that we take whatever position we may be entitled to. The race to take place any time after Sept. 1st, as may be agreed upon. The amount of purse to race for, namely, the owner of each horse to deposit the sum of two hundred dollars and the Peterborough Turf Association the sum of four hundred dollars, the winner to take all.

Awaiting your reply at your earliest convenience, I remain

Yours truly,
J. S. YEOMANS.

License inspectors made a raid on the stands at Winnipeg exhibition and took away a wagon-load of beer and other spirituous liquors. Most of the bottles were labelled as soft drinks.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. DR. CHASE'S OINTMENT.

Vagrant Goes To Jail For a Month

Drunk Was Fined $2 at This Morning's Police Court.

The prisoner's box at the police court contained two representatives this morning, both ole men with grey this morning, both ole men with gray hairs. City Clerk Armstrong, in the absence of Mr. Dumble, occupied the magistrate's chair.

Jas. Loucks Fined.

Jas. Loucks was charged with being drunk in a public place yesterday, and to the magistrate's query, remarked, "I guess I was drunk all right." He was fined $2, to be paid in 10 days, or 10 days in jail.

Wm. Jones.

Wm. Jones appeared on a vagrancy charge, and attributed the cause to inflammatory rheumatism, with which he has been troubled for some time. He was over 60 years of age, he said, and was selling laces for a living about the streets. He had a mother to support, and asked for his freedom, promising to get out of the city. He came from Montreal, he said.

The Chief of Police testified that he had been peddling without a license, he had no home, and no legitimate employment. When arrested he was under the influence of liquor and had been around the city for three or four days.

Mr. Fred Reid stated he had seen him selling laces on the streets and used obscene language when no purchase was made.

He was given one month with hard labour in Castle Nesbitt.

Stomach Cramps. COLIC.

THESE are very painful, and their attacks are often sudden and sometimes fatal. The principal seat is in the stomach and bowels, producing severe twisting, cramping pain, and often accompanied by vomiting. If you are troubled in this way, there is only one remedy to cure you, and that one is Dr. Fowler's Extract of Wild Strawberry. It has a record of cures extending over 60 years and we have yet to hear of it failing to either relieve or cure.

MRS. M. SECORD, Bristol, N.B., writes: "I was terribly troubled with cramps for some time and had several doctors attend me, but their medicine did not do me any good. I got two bottles of Dr. Fowler's Extract of Wild Strawberry and they completely cured me. I would not be without it in my house."

REFUSE ALL SUBSTITUTES. THEY'RE DANGEROUS.

"In the Dog Days"

one feels the need of a nice cooling glass of Beer such as comes from our Brewery. It quenches the thirst without giving one that sleepy heavy feeling that follows the drinking of some other beers. This brew of ours is clear, cool, sparkling and is made from the three best ingredients possible in brewing—pure water, pure malt and pure hops. Try one bottle of our Beer, and we are certain that you will later order a box.

RICE LAKE AND PETERBOROUGH ROUTE

FIRST POPULAR EXCURSION STEAMER

"Water Lily"

During the season of 1906 the "Water Lily" will be open for charter for excursions at moderate rates.

Saturday Market Trips

FRIDAY EVENINGS the steamer leaves her Wolfe street wharf at 5.15 for Rice Lake, for the purpose of making an early Saturday morning trip from lake and river points to Peterborough.

SATURDAY MORNING she leaves Harwood at 6.30, calling at Gore's Landing, Jubilee and river points, arriving in Peterborough at 10 o'clock. Returning will leave Wolfe street, Peterborough, at 3.30 p. m., and street car wharf foot of George street at 4.00 p. m. Return tickets 75 cents; single fare, 50 cents; Saturday Market ticket good for ten round trips, $5.00.

Saturday Afternoon Trips

The popular Saturday afternoon trips afford an opportunity for a delightful sail to Rice Lake and return. Steamer leaves at 3.30 p. m., and returns same evening; leaving Harwood at 6.30; arriving in Peterborough at 10.30. Return fare only 50c.

For particulars apply to Capt. W. H. White, 110 Simcoe street, Peterborough, telephone 514A or to W. Bunton, G.T.R. Uptown Ticket Office.

WARNE'S Jewelry Store

STANDARD TIME is never possible unless your Watch is in the pink of perfection. Your Watch has a pulse, and if it's running irregularly, hand it in to Warne's Jewelry Repair Department. No feature of our business receives more attention than Watch Repairs.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Misguided Lady Ran Into Fence

Made an Attempt to Catch the Car at Jackson Park.

The moving pictures had not concluded last evening when a stout lady with a baby in her arms suddenly became aware that it was time she were at home where the "old man" was left in charge of the rest of the family. The fascination for the realistic scenery on the canvas evidently was responsible for her over stepping the time limit.

Without a moment's hesitation a bold dash was made for the trolley car which had just added a new light to the incident, but she was suddenly brought to a sitting posture by the strong wires that encircle the park and which had apparently faded from view before the all important problem of "gettin' 'ome in time" so's not to arouse any suspicions. A volume of audible indignation was poured out against the moving picture man, the man that built the fence and didn't erect light houses on the posts and almost all others of the masculine sex since Adam's appearance on the globe.

Upon a close examination of the fence it was discovered that four cross wires out of six were broken and had she made another tackle the car would certainly have made in time.

NORTH MONAGHAN.

A North Monaghan correspondent writes: Mr. Henry Cox, Armour's Hall, is wearing a broad smile these days. He has heard of the arrival of his seventh grandchild, all being grand-daughters.

Remember the unreserved Auction Sale of the household effects of Mr. J. A. Fife, at 87 Benson Street, on Wednesday, Aug. 1st, at 1 o'clock sharp. Terms, cash.

Bishop O'Connor Visits Parish Of Ennismore

Administers the Holy Rite of Confirmation--An Impressive Sermon Preached.

An Examiner correspondent writes: Last Sunday, July 29, His Lordship Bishop O'Connor paid his official visit to the parish of Ennismore, where he administered the Sacrament of Confirmation to 72 children, 45 being boys, and 30 girls. His Lordship arrived at noon on Saturday, and the afternoon was devoted to examining the children on Christian doctrine. After a careful examination, lasting over three hours, His Lordship being pleased with the answers of the children, admitted all to Confirmation. On Sunday morning at 8 o'clock His Lordship said mass, at which the children received Holy Communion for the first time. At the close of the mass he spoke to the children on the importance and significance of the great sacrament they had just received. After high mass, sung by Rev. M. F. Fitzgerald, the Bishop administered the Sacrament of Confirmation, assisted by the pastor and Rev. M. O'Leary, after which he preached a very eloquent sermon on the gospel of the Sunday, and concluded by exhorting the parents to be watchful over their children and to use every means in their power to preserve them in their present state of goodness and purity. "If you want your children to be good, practical Catholics, and useful members of society," said His Lordship, "you must, above all, set them the example." Be exact in the fulfilment of your own religious duties, and your children will follow your good example. Precept is good, but example is better. His Lordship congratulated pastor and people on the many evidences of progress which he observed on all sides, notably, a large Total Abstinence Society, a new township hall, and a school for higher education.

North End Of Stony Lake Is Very Lively

Crowe's Landing Approaches Juniper in Activity—Some Good Fishing is Reported—A Story of a Young Lady and an Apple Pie—Weather is Perfect Now.

Special Staff Correspondence.

Stony Lake, July 29.—Stony Lake was visited by the first rain for a week yesterday evening, when a downpour took place shortly after 6 o'clock. It made things somewhat disagreeable to week-end visitors, but on the whole the day was fine. People have no cause for complaint, as the last week has been a perfect one from the weather standpoint and the cottagers have been able to spend each day enjoyably and profitably, too, as the constant exercise and life on the water cannot help but have been beneficial. The mid-season rush is on in earnest now, and big parties are arriving at the boarding places, and many more are expected during the next two weeks. Twelve American visitors arrived at Kilkenny on Saturday, and similar parties are coming to all the other headquarters. August 4 seems to be a favourite day for visitors, as Mrs. Breese, of Glenwood, and Mrs. Graham, of Viamede, both expect a large number of boarders on that day.

Rev. D. E. Johnston, B.A., B.D., of South Dummer, preached at the Carmel church on Sunday afternoon. The service was an anniversary one in connection with the annual tea of the congregation, to be held to-morrow night. The service was attended by many of the cottagers on the lake, some of whom will assist in the programme on Tuesday night.

The young son of Mr. Merril, of Pittsburg, who is occupying Mr. H. LeBrun's cottage, Belle Chasse, is ill with typhoid fever.

Mr. Chas. H. Sawle, city editor of the Review, spent Sunday the guest of Mr. R. J. Winch, at "Yarrow Brae."

Mr. and Mrs. T. E. Lamb, Montreal, have been the guests of Mr. Benj. Sherrit for the past week.

Mr. A. Mitchell, Toronto, who has been spending some time with his family at Sunnyside, were down this morning.

The Misses Burnham, Peterborough, with a number of guests, are occupying Mr. L. Burnham's cottage near Crowe's Landing.

Mrs. Geo. C. Burnham, (of Toronto, is the guest of the Misses Burnham.

Miss Mary A. Anderson and Miss Nichol, Norwood, who have been spending a few days at Doon Brae, have returned home.

Crowe's Landing at certain periods in the day almost approaches Juniper in its lively appearance, and is an indication that the east end of the lake is bound to flourish. As is natural with its proximity to Norwood, this end of the lake is very much in vogue with the people of that village. Crowe's Landing is the terminus of the stage line between Stony Lake and Norwood, and this fact, combined with its geographical advantages and with the additional prestige of having the only store within five miles, makes it the busiest point in this section of Stony Lake.

Fishing is very good just at present, and one man was heard to remark that he could go out and catch bass anywhere. Whatever the amount of accuracy in this remark, the fact remains that big catches of bass are being made, and the chief difficulty encountered is in getting bait. Minnows are the lure which are bringing in the big ones, but they are harder to get, almost, than the bass.

An amusing contretemps occurred at Crowe's Landing on Saturday. A young lady came down from the store with a contribution towards the Sunday dinner in the shape of two large, luscious apple pies. She reached over to place the pastry in a canoe, lost her balance, and pies and young lady disappeared from the scene. The latter was quickly on dry land again, but the pies, alas, are no more.

Mr. Mitchell, Toronto, captured a 10-pound lunge on Saturday near his own island.

Did Not Get Hotel License

Commissioners Refuse Transfer From A. Dunn to I. Eastwood.

Mr. I. Eastwood has been refused the transfer of license of the Southern Hotel, from Mr. A. Dunn, the present licensee, to himself. This was decided at a meeting of License Commissioners Jas. Kendry and Dr. Morrison, in the latter's office on Saturday afternoon last. The Commissioners have decided that the hotel must be enlarged. The hotel is the property of the Chamberlen estate.

Good Catches At Stony Lake

Two Young Girls Caught Six Good Bass.

Fishing at Stony Lake is getting good. Yesterday a couple of young girls staying there from Peterborough, were out in the afternoon and caught six good sized bass, one of which was large enough to qualify for the Star rod competition.

A number of good catches are being reported every day now.

NERVOUS DEBILITY

—muscular weakness—all wasting blood and nerve diseases—yield quickly to the tonics contained in Mira Tablets.

They increase the red corpuscles in the blood and oxygenize the system. Most helpful in many forms of female weakness, anaemia, pain in the back, loss of memory—and other evils attendant on a debilitated condition of the body.

At druggists'—50c. a box—6 for $2.50—or from The Chemists' Co. of Canada, Limited, Hamilton—Toronto. *Note the trademark—*

PETERBOROUGH ROYALLY HONOURS THE BRITISH BOWLERS AND THEIR FRIENDS

The Wonderful Hydraulic Lift Lock a Revelation to the Visitors From Across the Seas —Local Bowlers and Aldermen Entertain Their Guests—Address of Welcome Given by Mayor Best---Details of the Royal Reception.

Dressed in one of its gayest apparels and intent upon displaying its highest appreciation for a great honour, the city this morning bid welcome to almost half a hundred bowlers with their wives and daughetrs from the Motherland across the Atlantic. Their visit to the Electric City has been looked forward to for many days by Peterborough's citizens and it will be many days to come before their brief sojourn here will vanish from the memories of those who were fortunate enough to meet their British friends.

Although the visitors only landed on Canadian soil by the Virginian on Saturday, they have already shaken off all bad effects occasioned by the long voyage and expressed themselves as being in the very pink of condition. They are highly delighted with Canada and with Canadians and have nothing but praise to offer for the royal welcome given wherever

MAYOR BEST,
Who Presented the Address of Welcome to the British Bowlers To-day

they have appeared. A more genial crowd, the city has never harboured within its limits and the time has only sped too swiftly away when host and guest must separate.

Twenty-five of the forty British Bowlers hail from Scotland, the home of the great national game. England sent her ten while the Emerald Isle is represented by the remainder. Gallant little Wales alone of the British Isles failed to send her contingent, although the game is looked upon with favour there as well as in the other countries.

A Cordial Welcome.

The visitors arrived in the city at 5 o'clock and were met by the Reception Committee of the local club and escorted to the Oriental Hotel where breakfast was partaken of. They were then met by a large number of the other bowlers and also by a number of the city aldermen and shown the sights of the city from the street car. Jackson Park was first visited and then the car carried them to the southern terminus of the railway where they embarked on the steamer Water Lily for the lift lock. Here they were met by the Mayor and a number of the aldermen, and shown through the big cement apartments of the world-famed lock, and were given brief explanations of the intricate machinery which operates the big pontoons.

G. H. MOORE,
President of the Peterborough Bowling Club.

The 65-foot lift, in 2 1-2 minutes was a revelation to the Old Countrymen, who expressed their wonderment at such an undertaking. It was of course the central attraction of the whole reception and pleased the visitors beyond their greatest expectations. The Finance Committee could not have voted money for a superior method of entertainment in Peterborough.

Many Ladies Present.

A notable feature of the day was the large attendance of ladies on board. Eleven came across the Atlantic with their husbands and fathers, and were more delighted even than the sterner sex with the wonderful experience of going over the greatest lock in the world, and they were not slow to express their appreciation of the reception. A large number of them were armed with cameras and succeeded no doubt in carrying away many beautiful negatives of the lock as well as many positive delightful memories of their visit to the Electric City.

Picture of the Scene.

A camera picture was taken by Mr. Lendrum of the boat and visitors just as they ascended, and a loud cheer arose when Ald. Mason announced that each would be presented with a photograph to-night before their departure.

Address of Welcome.

The steamer after leaving the lock sailed up the canal as far as the little lake in front of the Golf grounds where the following address of welcome was presented by the Mayor:

To the Representatives of the Bowling Clubs of Great Britain and Ireland.

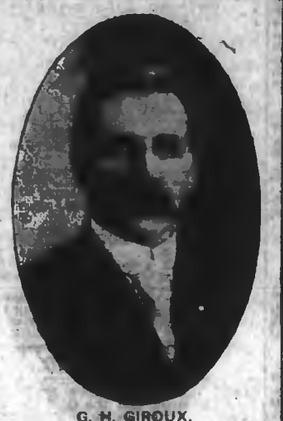
Ladies and Gentlemen:

It gives me great pleasure, acting on behalf of the Municipal Council and citizens, to welcome you to Peterborough. We all have a warm place in our hearts for the Old Land. From which most of us or our ancestors came. We look to it as the Mother of our youngen country, upon which we can rely for guidance and assistance, and to which our affections turn as the centre and head of our great Empire.

We are always pleased to receive visitors from the Mother Land, and an occasion such as this gives us an opportunity to give expression to our sentiments. You will find that our people are deeply interested in amateur sports, which not only develop the physical side of man, but also give relaxation to the mind, and, by bringing the players together in friendly rivalry, increases the spirit of comradeship and brotherhood that should always prevail. As representatives of one branch of such sport, and especially as representing kindred sporting organizations on the other side of the ocean, we are honoured by your presence, and are highly pleased to have the opportunity of bidding you welcome.

Peterborough is the youngest, though not the smallest, city in our young country, and we hope that the evidences you will see here of progress and prosperity among the manufacturing industries and business places, and of comfort among the people, will give you a good impression of our Dominion.

We are not a little proud of our industries, and of the fact that their products are not only sent to all parts of Canada, but are shipped in large quantities to other shores. In fact, your home land receives the



G. H. GIROUX,
Secretary of Peterborough Bowling Club and a Member of the Reception Committee.

bulk of the products of some of these industries, and it is with pleasure we see the growth of trade between the Mother Country and the Dominion.

We hope that your visit in Peterborough, although it will be short, will be most pleasant, and that you will carry with you pleasing recollections of our city.

HENRY BEST,
Mayor of Peterborough.

Mr. Peter Campbell, the oldest man on board the boat and one of the oldest bowlers in Great Britain, replied. He could not allow the kind words said without acknowledging the generous reception given by Peterborough. All the British hearts, he said, responded to the innumerable favours so gladly given by Canadians wherever they went, earnestly desired to see a closer union existing between the colonies and the motherland, and reciprocated, on behalf of his fellow voyagers the kind sentiments displayed by Peterboroniens.

Mr. Samuel Fingland, the captain of the team added a few remarks, thanking the Mayor and Alderman for their great kindness.

Mr. Robert Gall also made a short reply expressing his thanks and informed the company that he was the man who came from nearest the North Pole—from Inverness, Scotland. He had come not so much for bowling but to shake hands with his fellowmen across the seas, and, he added, "If you could only lower the thermometer down to 60 degrees, I would be quite satisfied."

The Return Cruise.

The steamer changed her course again and returned to the Wolfe street wharf. The drop down the lock was equally as enjoyable and made with great rapidity. The big machine worked perfectly on both

Pittsburg Man To Work Local Mines

Mr. B. S. Cutler Here to Investigate Merits of Peterboro' and Hastings County Gold Mines—Will Look Into Ennismore Oil Fields.

The question as to whether there is oil in Ennismore will probably be determined to-morrow. Mr. B. E. Cutler, of Pittsburg, Pa., is in the city to-day. He is an oil expert, and expects to take a trip out to the alleged location of the oil discovery, and after he has looked over the locality, no doubt he will be in a position to state if the rumour that there was oil there is founded on fact.

Mr. Cutler has other plans in which the people of this county will be interested. He spent a week at Havelock, and took options on a number of gold properties north of that town, in the vicinity of Cordova. He states that there are undoubtedly quantities of gold in that section, and if his investigation leads him to believe that it is as rich as he believes it is, he will commence extensive mining operations. He can control plenty of capital, and will be able to work the mines for all there is in them.

He is a mining engineer and knows a gold mine when he sees it.

The gold mines of the north of Hastings County will also be looked into by Mr. Cutler on this trip, and he may put some money into those propositions.

Mr. Cutler has recently returned from Cobalt and states that while a number of good strikes have been made, there are few good finds being made at the present time.

Justice Street Died At Dansville To-day

A Judge Who Was Well Known in This City—The Last Time He Presided Over Court Here.

Examiner Special

Toronto, August 1. — Word was received in the city to-day of the death at Dansville, N. Y., of Hon. William P. R. Street, Judge of the King's Bench Division of the High Court, a resident of Toronto. Mr. Street had been ill for several months. He was born in London, in 1841. The body will be taken to London for interment on Friday.

The last occasion on which the late Justice Street was in Peterborough presiding at a session of court was when Charles Gow was on trial, and his sentence on that occasion was the subject of some considerable comment.

Will Secure The Steel Industry

Manufacturers' Committee Will Try to do This To-morrow.

To-morrow night a special meeting of the Manufacturers' Committee will be held to confer with the shareholders of the new steel company, relative to terms upon which the industry can be secured for this city. The company has not yet decided where it will locate, and the purpose of this meeting is to ascertain what inducements the city will give to the company to locate its plant here.

WHEELMAN HURT IN A COLLISION

Two wheelmen collided this afternoon on the cinder path on the side of the G.T.R. tracks, near the corner of Bethune and Simcoe streets. One of the bicyclists was rather seriously hurt, his head striking the projecting end of one of the ties and inflicting a rather painful gash. His name could not be learned.

Mechanics

Who appreciate accurate time will profit by having their watch repaired at Frost's Diamond Hall.

Every watch left with Frost for repairs receives the closest attention skilled hands can give, and every watch Frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that while Frost's work is first class in every particular Frost's prices are always the lowest that good work can be done for.

Frost makes a specialty of small jewellery repairs.

Especially For Women

FRUIT-A-TIVES are the finest medicine in the world for women.

As a mild and gentle laxative—as a positive and speedy cure for Constipation and Biliousness—as the only cure for weak and irritated kidneys and especially for "that pain in the back"—as a positive cure for headaches—and as a general tonic to build up and invigorate the whole system — FRUIT-A-TIVES stand supreme.

In cases of irritated Ovaries, Ovarian Pains, Vaginal Catarrh, Excessive and Scanty Menstruation, Ulcerations, Bearing Down Pains—and all those troubles peculiar to women—

Fruit-a-tives

OR "FRUIT LIVER TABLETS"

have the most remarkable effect.

Ninety-nine cases out of a hundred of Female Troubles are due to neglect. Bowels become constipated — kidneys irregular — skin neglected — and the poisons of the body, which should be carried off by these important organs, are taken up by the blood carried to the female organs and poison them, thus starting up a train of female troubles.

FRUIT-A-TIVES are made from fruits and by their remarkable action on bowels, kidneys and skin, rid the system of poisons, purify the blood, and restore the delicate organs of generation to new vigor and health.

No woman, who suffers, should ever be without them. 50c. a box—6 for $2.50, at your druggist's or sent postpaid by FRUIT-A-TIVES LIMITED - OTTAWA.

WEDNESDAY, AUGUST 1, 1906.

THE DEAL AND ITS MEANING

Throughout the province, Liberal, Conservative and Independent journals, and unprejudiced public opinion have condemned the mining deal with an Ottawa syndicate under circumstances which indicate a very improper guardianship of provincial interests on the part of the Temiscamingue Commission. The advertised terms and conditions of the sale of a mining concession on the right-of-way of the provincial railway were modified by the Commission in favour of the syndicate of which one of the members was a son of Mr. Murphy, a member of the Commission and another his business partner. The concession was secretly granted to the syndicate without an opportunity for public competition. The terms were so modified as to give an important advantage to the syndicate and to result in a loss of revenue to the province. A demand has been made in the name of the public interests and in the name of square dealing for the cancellation of the bargain. It is very probable that the force of public opinion will compel the government to set aside a very improper sale. Hon. Mr. Foy, acting Premier, states that the concession was made by the Commission which had authority to do so, subject to the approval of the Lieutenant-Governor-in-Council. It is plain that the Government cannot take the course of approving of this deal and must therefore set it aside. This action will necessarily bring under review the position of Mr. Murphy, one of the members of the Commission, in the transaction. His son and business partner were specially favoured by him and his associates, not only in the granting of the concession but there is reason to believe that the syndicate had been put into possession or had access, improperly, to the information revealed by the report of the Engineer, as to the great value of the right-of-way claim. If Mr. Murphy is retained upon the Commission, the Government must accept full responsibility for the consequences of his relation to a transaction which is not only utterly indefensible on its merits, but complicated by the suspicion, if not certainty, that the Commission, or a member of it, has betrayed its trust in administering interests of vast importance to the province. Recent developments have demonstrated the immensity and value of our mineral Deposits in Northern Ontario. If, at the very beginning of the administration of this great provincial estate the Government takes or permits a concession which alienates the revenue that should come to the province, and diverts it into private channels by the exercise, through its Commission, of great favouritism, the outlook for the province realizing what it should realize is not hopeful. There seems to be no way for the Government to regain what measure of public confidence it has forfeited, but to cancel the agreement in question, or rather to refuse to ratify it and to reconstruct the Commission which has shown its willingness to use its powers to secretly deal with the provincial domain to the prejudice of the province, and in the interests of private individuals.

LEAVING THE LAND.

Ontario's preeminence as an agricultural country seems to be threatened. Not only are the sons of farmers leaving the farms, and invading the urban centres, in search of occupations which they hope will be more congenial, but the farmers themselves are disposing of their farms, and flocking to the towns and cities. A farmer, well-to-do and possessed of a good farm, told the Examiner that he wished to sell his possessions and retire to Peterborough. One of his objects was to rest, after a life of labour, and, besides, he was compelled to carry on farming under conditions which made the work difficult, arduous, and to a degree, unprofitable. Dependence must be placed upon hired help, which is difficult to obtain, and when obtained, is often unsatisfactory. This is an instance of conditions that are prevailing to what may be called an alarming extent. Farmers who thus retire, for the reasons stated, may be succeeded by others, who will have to wrestle with the same conditions, and the outlook does not seem to be encouraging. But it may not be so much so for them, for there must be a change of methods to meet changed conditions. It is fortunate that Ontario is well adapted to the dairying industry. The withdrawal of so many of the sons of our farmers by the Northwest, has left the fathers unable to farm as formerly, and the latter have to fall back on stock raising and dairying. A run on the railway between Toronto and Guelph revealed thousands of acres of fertile lands, without grain crops, but, in their place, there were large numbers of cattle and horses. If the conditions make grain growing difficult a, perhaps, equally profitable substitute will be found in stock breeding and dairying. Certainly with cheese at the price which at present prevails, there is money in the dairying industry.

A PAVEMENT IS BADLY NEEDED

The old board walk on Simcoe street between Reid and Rubidge, is in a disgraceful condition. I tis really dangerous to walk on it at night, granolithic walk should be substituted for the board one at once.

ASK ASSISTANCE TO FIND MURDERER

The Chief of Police has been asked by the authorities at Winnipeg to assist in the capture of Hugh Wilson, alias J. Disraeli, charged with murdering Miss Georgia Biron who was found dead in Todd's bedroom on July 11th. The letter gives a picture of the murderer and also a minute description of him.

HEADACHES

They indicate more than a trifling stomach disorder, for the liver and kidneys are sure to be affected.

To cure the cause of headaches, and prevent new attacks, use FERROZONE. It aids the stomach, tones the kidneys, sends a stream of red, vitalizing blood to the brain and nerves.

FERROZONE

BRACES, GIVES TONE, ELEVATES YOUR SPIRITS!

No such health-bringer or cure for headaches known as Ferrozone. Nothing so certain and lasting in effect. Don't fail to get Ferrozone. Avoid substitutes!

Price 50c per box, or six boxes for $2.50, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. 28

A New Teacher At Campbellford

Mr. G. H. Reed Goes From Markham to That Town.

The Markham Sun says: The announcement that Mr. G. H. Reed has resigned the headmastership of the Markham high school, to accept a similar position in Campbellford, will not only occasion surprise but the deepest regret in the town and district surrounding Markham. Mr. Reed is not merely a schoolmaster, but is one of that sterling type of citizens that no community can afford to lose. Sixteen years he has been principal of the Markham high school and in that time he has seen it grow until today there is no town in Ontario of the population of Markham that can boast a high school so largely attended or so successful. The lion's share of the credit is due to Mr. Reed.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are limited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—Would it not be a good idea to have lights put on the town clock, so a person who is not lucky enough to have a watch, could see the time after dark, without having to ask the first person they meet, "What is the time?" As it is the clock is on view in use while daylight lasts.

H. J. S.

Editor Post Card Column:

Mr. Editor,—I would like, through the medium of the Post Card Column of your valuable paper, to call attention to a practice which is both dangerous and distressing to drivers. There is in front of the merry-go-round very frequently a crowd gathered, which completely blocks the roadway to vehicles driving around. Last night I witnessed a young man being very severely censured for careless driving, when in reality he had good command of his restive horse, but because there was such a crowd gathered in front of the merry-go-round that you could not pass with a baby carriage—let alone a horse and carriage—and the constable being on the outskirts of the crowd came near being run against by the wheels. He threatened to pull the man out of the carriage. Now, sir, the officer I consider should rather (if he was doing his duty) have censured the crowd and taken a little himself for allowing the obstruction. If the carriages can't have the roadway where are they going to drive?

Yours,
CITIZEN.

HOW'S THIS?

Cheese Prices Higher Again

Goes Up at Montreal, But Trade In Dull.

The Montreal Star of yesterday has the following on the cheese market: The market was stronger this morning, but it was also duller. The fact that there was no business going on was of small importance on Monday, as trade is usually dull at the opening of the week. At the wharf this morning the Quebec cheese sold at 11 1-2c. Quotations here to-day are 11 1-2c to 11 5-8c for Quebecs and 11 7-8 to 12c for Ontarios.

Receipts of cheese reported on the Board of Trade to-day amounted to 14,-235 boxes.

The Ontario Government has guaranteed the principal and interest and interest of the Canadian Northern or James Bay Railway on the company's line between Toronto and Sudbury, a distance of 225 miles, at a rate not exceeding $20,000 per mile. hTe total amount of the guarantee is not to exceed $3,200,000. The debentures are payable July 10, 1936. The interest rate is 3 1-2 per cent.

THE SUNLIGHT WAY

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woolens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

5c. Buy it and follow directions 5c.

YOUR MONEY REFUNDED by the dealer from whom you buy Sunlight Soap if you find any cause for complaint. 165

MR. OZIAL ROUNDS.

A Resident of Welland Finds Relief in Pe-ru-na.

SUFFERED 15 YEARS.

Mr. Ozial Rounds, Welland, Ont., a retired lumberman and a resident of Welland for half a century, writes:

"For fifteen years prior to 1900 I was a sufferer from hay asthma and chronic diarrhea. I grew weak and emaciated and was tortured with insomnia.

"I was treated by eminent physicians but, if anything, was worse than ever. In fact, I was in as miserable a condition as a man could be.

"However, I chanced to try Peruna and noticed an improvement. Thus encouraged, I continued, and after taking several bottles of your precious Peruna, I was entirely well and a wonder to myself and friends.

"If, at my advanced age, 68 years, I have obtained such good results from Peruna, after so many years of needless suffering, there can be no doubt of its efficacy in the treatment of younger persons."

"Silver Plate that Wears"

"1847 Rogers Bros."

The identifying stamp of the genuine "Rogers" Spoons, etc., is "1847"—the year it was first made. Full trade-mark—"*1847 Rogers Bros.*" Others are imitations. The mark insures artistic designs and durability—the original "Rogers" quality.

Sons of England Excursion.

You don't have to persuade the people to go to the Sons of England excursion—all you have to do is to remind them. Thursday afternoon, August 2nd, is the date, Jubilee Point the place. Steamer Water Lily leaves Wolfe street wharf at 1.30 p.m.; street railway wharf at 2 p.m. Adult tickets 40c., Children 20c. Cut this out and get your basket ready.

Bleeding Piles.

"For two years I suffered from bleeding piles and lost each day about half a pint of blood. Last summer I went to the Ottawa General Hospital to be operated on but my old trouble returned and again I lost much blood. My father advised me to try Dr. Chase's Ointment and two boxes cured me. I have every reason to believe that the cure is a permanent one." — Mr. Arthur Lepine, school teacher, Granite Hill, Muskoka, Ont.

Dummer Farmer Met With Serious Accident

James Herr in an Upset at Warsaw on Saturday—Horse Backed Over a Steep Embankment—A Miracle Alone Prevented Serious Injury.

Examiner Special.

Warsaw, Aug. 1.—An accident happened here on Saturday evening, which might have been of a very serious nature. Mr. James Herr, who lives about five miles southeast of Warsaw, started for home about seven o'clock, accompanied by his daughter. He was driving in a buggy and just after crossing the iron bridge over the Indian River he was met by a man in a waggon. Mr. Herr's horse became unmanageable and backed the buggy over the steep embankment into the ditch, which is about ten feet deep at this point. Mr. Herr jumped out of the buggy to take the horse by the head, but he did not reach the animal in time to avert the disaster. Miss Herr was unable to get out of the buggy before it went over, and, although she was not hurt, beyond a few scratches, it was a miracle that she escaped very serious injuries. The horse fell back on top of the buggy, the rig and harness being badly smashed. Men are now at work putting up a railing along the bank where the accident occurred. This is a badly needed improvement to this spot, which has been a source of danger for a considerable length of time.

TWO DELEGATES WILL ATTEND CHEESE MEETING

At the meeting of the Cheese Board, to-day, Mr. John Riddell, who presided in the absence of the President, read a letter which he had received from J. A. Ruddick, Dairy Commissioner in reference to an important meeting which will be held in Brockville on Friday, Aug. 17th, for the purpose of considering the advisability of marking cheese in three grades instead of two for export, and about to discuss the question of the appointment of an inspector of cheese at Montreal. The letter pointed out the importance of this meeting, and asked that at least two delegates be appointed by the Board to attend the meeting. It was decided to appoint Messrs. John Riddell and Ed. Hawthorne, Secretary and Treasurer, respectively, to attend this meeting as representatives of the the Board.

PERSONAL MENTION

Mr. J. Burnett, Cobourg, is in the city to-day.

Mr. Jas. Whitton, Stirling, is in the city to-day.

Mr. Allan H. Willatt, Pittsburg, is at the National.

Miss Bertha Lytle has been visiting in Norwood.

Mrs. Robt. Malloch, and Miss Fannie Malloch, Wabash, Indiana, are the guests of Mrs. Malloch's brother, Mr. W. Henderson, 91 Weller street.

Rev. and Mrs. A. E. Oke, of Winnipeg, who have been visiting at Mr. John Hart's, Bethune street, left for Toronto to-day on a their way home to the west.

Miss Ethel Ames of Toronto and Miss Minnie Pierce of Chemong Park, with Miss Louise Stanley of Rochester, N.Y., are the guests of Miss Margaret Cox, Hillcrest.

Mr. and Mrs. W. H. Meredith, with Miss Lita and Master Elton, have returned home after a visit to Midland and up Georgian Bay to Depot Harbour, where they were for two weeks the guests of Mr. Meredith's brother, Mr. J. K. Meredith.

A Special Train For Lindsay Game

A Good Way to Spend Half-Holiday To-morrow.

The prospects are that to-morrow a large number of citizens will go to Lindsay with the Shamrock lacrosse team and witness the game to break a three-cornered tie in the district. A special train has been arranged for and will be run, leaving here at 2 o'clock from the G.T.R. station, and returning on the regular, which leaves Lindsay at 8.10. The return fare will be 65 cents.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Aug. 1.—The action of the directors of the U. S. Steel in declaring a dividend on the common stock of that company brought about a regular "old-fashioned bull market" to-day. Opening prices were about a point higher, and, after a little hesitation, the advance was resumed. The bulls showed little discrimination and bought everything in sight. Union Pacific and St. Paul were the leaders. After soon some of the lower priced stocks were taken in hand and moved upward. It was the broadest market in months.

Commission houses reported a big increase in outside business and an awakening of speculative activity in general. The market kept strong right up to the close, which was near the best of the day.

School Board Will Not Release Collegiate Site

Final Decision at Joint Meeting With City Council—Options Secured on Available Sites—None Preferable to the Central Park for Institute—The Hilliard Property Will Probably be the One if Central Location is Immaterial.

The second joint meeting of the Committee of the Whole Council and the Board of Education, was held last night in the city clerk's office, to consider the Normal School site question. At the meeting held last Thursday it was decided to obtain options on the different locations suggested for the school, and to find out whether the Board of Education would agree to exchange the Collegiate Institute site, on the Central Park, for one of them.

Mr. H. Rush was selected to obtain the options, but, after submitting them to the Board last night, none were found to be preferable to their own. The location will therefore not be on the Central Park.

The Hilliard property, at the northern terminus of George street, will be the first site shown to the Deputy Minister, on his arrival, and this, the majority of the council thought, would be the best spot, if the school does not have to be centrally located. In case it is rejected, then the others upon which options have been obtained, will be next considered.

The members of the Board of Education present were: Messrs. W. G. Morrow, J. Crane, Dr. Morrison, W. Pringle, D. W. Dumble, Dr. Burnham and R. Fair; and of the City Council, Mayor Best, Ald. Adams, Elliott, McIntyre, Ball, Duncan, Graham, McWilliams, Wilson, Hicks and Johnston.

The Mayor first pointed out the object of the joint meeting and then called upon Mr. Rush, who had been asked to secure options on the sites proposed, to present them to the meeting. Thirteen locations in all have been proposed, but Mr. Rush was unable to get options on them all for different reasons.

List of Options.

The following report on options on the different properties, was read by the clerk:

No. 1—Burnham-Boswell lot, extending from Charlotte to King, between Margaret avenue and Frederick avenue, $7000.

No. 2—G. M. Roger's property. Mr. Roger is out of the city so no option could be obtained.

No. 3—Dumble and Bradburn lot, McDonel street, (one acre in each), $10,000.

No. 4—Mr. Laplante's, Murray street, $4000.

No. 5—Mr. J. J. Lundy, corner of McDonel and George streets, 156 x 114 feet, $6000.

No. 6—Mensies property, George, Water and Dublin streets, $10,000.

No. 7—Fitzgerald lot, Smith street. Mr. Fitzgerald was absent from the city.

No. 8—McAllister lot, $4000.

No. 9—Nicholls homestead, one acre $12,000.

No. 10—Dickson Company's piling grounds, consisting of 1 1-2 acres, $8000.

No. 11—Mrs. Dennistoun's lot, (not for sale.)

No. 12—Dickson Company, Burnham and Hunter streets, East City, 351 x 200 feet, $9000.

No. 13—Mr. Dumble's homestead, between London and McDonel, Reid, and Rubidge, 2 acres: reserving the right to remove buildings, $10,000.

No. 14—Mr. Dumble's property, Aylmer street north of Smith street, 2 acres, $6000.

Hilliard Property Included.

Ald. Elliott included in the list of proposed locations the Hilliard property at the head of George street, provided it was not necessary to have the Normal School centrally located. This property already belongs to the city and, he said, would be an ideal location.

The Mayor agreed that if a centrally located site was not material then the Hilliard property should be the site. But he had been informed by the School Inspectors that it was necessary to have a Normal School located centrally and as near as possible to a public school. He then asked the opinion of the School Board on the question.

School Board's Opinion.

Dr. Burnham said that there were not any of the sites suggested that would be acceptable in exchange for the Collegiate Institute site.

Dr. Morrison also stated that the Central Park location for a Collegiate Institute was not excelled by any of the others and he favoured the retention of it. The other members were of the same opinion.

Mr. Dumble said the first interests the city had to look after were those of the citizens own children. The interests of grown-up persons who want to become teachers could not be compared with these of the city's own. He thought the proper thing to do was to show the available sites to thes deputation, and if they could not agree on any of those on which options were given—if they set their eyes on Central Park for a site—then it was time for the Board to take action.

Mr. Pringle said that if the Board gave up the Institute site they could not obtain, in his opinion, one that was equally as good. There must be a central location for a Collegiate Institute, he said, and as the Board intended to spend as much money, if not more, than the Government, in the erection of the new Collegiate Institute, the present location could not be bettered.

Ald. Adams said he thought the first thing to do was to impress upon the deputation the Hilliard property location, which the city already owned, and if this were not desirable, to point out the other properties large enough to build upon.

Mr. Pringle suggested part of the property upon which the South Ward school is being built. The Board agreed to sell it and it was also placed upon the list.

Ald. McWilliams did not think the Board would be doing right in giving up the Institute location. He suggested to put the school on a property near the Central Park, and asked if the Hilliard property were refused, would the city be willing to pay $10,000 for a site?

Ald. Hicks pointed out that the council might show the Hilliard property to the deputation and then, if it was not suitable, the cheaper properties could be shown. If none of the appealed to the Minister the council would then have to point out the remainder, and suggested that, as no site could be settled upon until the Deputy Minister arrived, that a committee of the council conduct the deputation around to the different sites and have the matter considered at some future meeting.

He moved that a committee, consisting of the Mayor, Ald. McWilliams, Elliott and Adams be appointed to conduct the Deputy Minister around to view the different sites upon which options have been secured.

The motion was seconded by Ald. Ball, and carried.

Crowding The Streets A Menace To The Public

"Civility" Gives His Views on the Question of the Saturday Night Trouble, and Other Things—Lack of Home Training Responsible for Some of the Incivility.

To the Editor of the Examiner,—

Sir, — Being, all observer, at a great distance, last Saturday night, I was not able to determine whether the policeman was to blame or not. But one thing I did notice, that public sentiment ran high in favour of the prisoner. I think what gave this impression was the report among the crowd that the prisoner had no right to be arrested, and that the person who arrested him, struck the man with a baton in the face in an inhuman manner. If this was the case it is no wonder that the sentiment of the people was in opposition to the police.

As to the street car hold up, I think that they did perfectly right in coming to a standstill for a few seconds, allowing the crowd to move over the street. I know that I would rather prefer being run over by a policeman than a street car.

Now, as to the clearing of our streets on Saturday night, something should be done, and the only method is, "Move on, boys," especially when the streets are filled with, pedestrians. I know the policeman is in an awkward position when it comes to a group on the corner of George and Charlotte streets, or a number of persons in front of the Peterborough Hardware Company's store. The business people must show a better example. Then the hoodlum element are not foreigners. It is all the way from the small boy of seven years up to the full-grown man of our own city. This city is rank with residents of this kind. Even a young lady can not walk the streets in broad daylight without being chirped at by some ill-bred child, or some unbecoming remark. It is simply a lack of home training, and I think the bringing up of a few of these boys in the police court would benefit the parents, who have not been able to train their children, or have neglected the same. "Bend the twig when it is young." I also heartily endorse the idea of having a few special constables merely to make arrests in all parts of the city, especially at the time of any large gathering. It would certainly do good.

CIVILITY.

What the "Canada Lancet" says about Abbey's Effervescent Salt.

"Many physicians of Canada are now prescribing ABBEY'S SALT.

It is particularly useful in cases of obstinate Constipation and chronic liver trouble. It is especially effective in kidney trouble.

It corrects acidity of the stomach, making it a specific in certain forms of dyspepsia and in gout and rheumatism.

Abbey's Effer-vescent Salt

We consider Abbey's Salt absolutely the best effervescing salt made in any country."

R. Hicks And Co. Buys Property

A Big Purchase Evidencing Prosperity of Business.

A real estate deal of considerable importance was closed yesterday afternoon. Messrs. R. Hicks & Co. have purchased the property along the G. T. R. tracks, between Murray and McDonel streets. For some years the company has had a lease of this property, but it has now been decided to purchase it, from the former owner, Mr. Wm. Yelland. The business of Messrs. Hicks & Co. has been increasing rapidly under the direction of Ald. Hicks, and the fact that this property has been purchased is further evidence of its prosperity.

Manager Of Box Factory

Mr. Percy Miller of This City Accepts New Position.

Mr. Percy Miller, formerly with the Canadian General Electric Company here, has gone to Norwood, where he has taken a position as manager of the box factory. This is one of the growing industries of that town, and Mr. Miller is to be congratulated on having associated himself with such a promising concern.

$10 For Using Bad Language

Wm. Lahey Was Assessed This Amount at Police Court.

Wm. Lahey was charged with using grossly insulting and abusive language towards an East City resident at the police court this morning. Through his solicitor, Mr. A. P. Poussette, he pleaded guilty. Mr. Poussette informed the court that the person towards whom the language was used was not anxious that the case should be proceeded with, and suggested that it be dropped. His Worship, however, saw the matter in a different light, and as the offence was committed in a public place it was an offence against the public, and he imposed a fine of $10.

The chief then proceeded with another case of a similar nature against Lahey, but as it was committed in a barroom, did not press it. He had understood, he said, that Lahey was guilty of using bad language on the street. Lahey was given 10 days in which to pay the fine, with an option of 10 days in jail.

Mr. H. A. Mulhern Doing Nicely

Prospects for Complete Recovery Are Good.

The last word received from Mr. H. A. Mulhern in Toronto was to the effect that he was doing well and that the chances for his complete recovery were good. To-day his brother-in-law, Mr. Hamilton, of Workworth, came to the city and went to Toronto to spend a day with him.

Deputy Minister Here To-morrow

Will Look Over the Available Sites for Normal School.

The Deputy Minister of Education, Mr. Seath, will be in the city to-morrow, the mayor stated last night at the Committee of the Whole meeting, and it is altogether probable that a Normal School site will be selected then. The Minister will be shown the different available sites upon which options have been secured, by a special committee, and a location will probably be fixed upon to-morrow.

Fell Down Stairs And Injured Neck

Serious Accident Which Befell Mr. Thos. Fowler.

Mr. J. W. Fowler, East City, was called to Lindsay yesterday to see his brother, Mr. Thos. Fowler, who, on Monday last, fell downstairs and injured his neck. He was taken to the Ross Hospital and is there at the present time. It is feared that he may have suffered an injury to the spine, and serious results are not unlikely.

Given Prize For Window Display

A. H. Stratton & Co. Gets $5 From Curtis Publishing Company.

This morning the Peterborough Bookstore received a cheque for $5 as a prize for a window display advertising the Ladies' Home Journal. This display was a representative of a Ferris wheel and attracted considerable attention at the time. A photograph was taken of the window and a copy sent to the Philadelphia office of the Curtis Publishing Company. It was such a good idea, and worked out so cleverly that the prize, as, above, was awarded.

MR. LeBRUN'S RESIDENCE PROPERTY BEAUTIFIED

Peterborough is distinguished for some fine residential properties, whose owners show great enterprise in placing and maintaining them in beautiful condition. In the fine residental west-end of the city among many beautiful properties, that of Mr. H. LeBrun on Simcoe street, between Downie and Park streets, is conspicuous. Beautifully situated, with a fine outlook, on rising ground and with stately trees it is a spot of beauty. The bold terrace that fronts and flanks this property has been made the object of a notable improvement this summer. The boulevard has been provided with a concrete retaining wall, and newly sodded. For each of the fine residences elaborate and ornate concrete flights of steps have been placed. The work is not only substantial but highly ornamental and in its solid character well corresponds to the interests it represents. The terrace has been newly sodded and now the firm, sweeping slope of green, broken by beautiful balustraded flights of steps presed a most attractive appearance.

Mr. LeBrun has spared no expense to secure a most creditable and permanent improvement to a splendid property which is not only a credit to his taste and enterprise, but a credit to the neighbourhood it so conspicuously adorns.

While speaking of this it is to be pointed out that it is a pity that the city authorities permit Park street at the junction of that street with Simcoe, in front of Mr. LeBrun's residence, to be made the dumping ground for all sorts of rubbish—rakings of lawns, old fruit tins, discarded paint pots, etc. When an enterprising citizen goes to large expense to decorate and beautify the street front of his property, it is plainly the duty of the city to bring the streets in the vicinity to a corresponding condition, and to maintain them thus. We can only have completely beautiful streets when city and citizens co-operate.

$51,000 WAS REPRESENTED AT TO-DAY'S CHEESE BOARD

Things are coming the dairy farmer's way these times. Few persons are able to comprehend the immense amount of money received each year by the farmers of this county for cheese and other dairy products. A few facts in connection with the meeting of the Cheese Board to-day may be quoted to show the extent of this industry. 4,760 boxes of cheese were boarded. These boxes will average 85 pounds each, and the total number of pounds sold to-day would be about 404,600. Taking the lowest price at to-day's sale, 11 5-8c., the amount represented by that sale was no less than $50,979. Some of the cheese sold at a 1-16 higher than the price quoted, so that it is safe to say over $51,000 will change hands, and go into the pockets of the dairy farmers of this county as a direct result of to-day sale, which lasted about one hour.

EXPLANATORY.

In reference to a paragraph which appeared in last night's issue, respecting the license for the Southern Hotel, Mr. Samuel Campbell states that Mr. A. P. Poussette did not appear in his interests as an applicant, and that if any application was made, it was without his (Mr. Campbell's) knowledge. It is however stated that Mr. Campbell spoke to the commissioners concerning the license and was told by the chairman and inspector that if he secured the house and placed it in a condition to conform with the regulations of the board a license would be granted him.

A Pretty Cathedral Wedding This Morning

Nuptials of Mr. John Francis Cooney and Miss Helen M. Lane Celebrated at St. Peter's Cathedral.

A wedding of much local interest took place this morning at 8 o'clock, in St. Peter's Cathedral, when, in the presence of the immediate relatives and friends, only, of the contracting parties, Rev. Dr. O'Brien spoke the words which made Miss Helen M., the youngest daughter of Mr. and Mrs. J. Lane, and formerly of the nursing staff of St. Michael's Hospital, Toronto, and Mr. John Francis Cooney, of the staff of the Toronto General Post Office, man and wife.

The bridal party entered the sacred edifice to the strains of Mendelssohn's wedding march played by Miss M. Doherty, the bride leaning on the arm of her brother, Mr. Thos. Lane, who gave her away. In entering the church the bride was preceeded by the page, Master Geo. Bain, of Peterborough, nephew of the bride, and the little flower girl, Miss Kathleen Seager, of Toronto, cousin of the groom, who was dressed in white silk, and carried a basket of sweet peas, and a wreath of the same flowers.

The bride was handsomely gowned in white point d'esprit, mounted on taffeta and trimmed with Valenciennies lace and insertion. She wore a large white picture hat, and carried white bridal roses and lillies of the valley. The bridesmaid, Miss Minnie McCormack, of Peterborough, was bridesmaid, and wore pink flowered organdie over taffeta. She carried pink roses. Mr. John Gorham, of Peterborough supported the groom.

After the ceremony the bridal party drove to the residense of the bride's sister, Mrs. J. M. Bain, 942 Water street, where the wedding breakfast was served, Mr. H. Long being the caterer.

After congratulations had been extended the happy couple they left on the 11.45 G.T.R. train for Port Hope, where they took the steamer for Rochester, and after visiting several American cities they will take up their residence at 89 Oxford street, Toronto, where Mrs. Cooney will be at home after September 4th. The bride's going away gown was of navy blue chewoit cloth, with blouse of all over lace. She wore a navy blue New York sailor hat.

The presents, of which there was a large number were of a character which bore eloquent testimony to the bride's popularity. The gift of the groom to the bride was a Yukon gold locket and chain, and to the bridesmaid a rose gold locket and chain, while to the flower girl he gave a gold ring, and to the page a gold stick pin. The groomsman was made the recipient of a pair of solid gold cuff links.

Mark St. Church Ladies' Aid Outing

An Unalloyed Day of Pleasure and Good Management.

Mere man was taught a lesson yesterday, how to run an excursion without a hitch. The women of the Ladies' Aid Society of Mark street Methodist church, East City, enjoyed their annual outing to Idyl Wyld, and demonstrated again their ability to manage things smoothly and successfully. Just as the six best selling books depend for their popularity almost solely upon feminine favour, so, in the case of a Ladies' Aid event, the feminine appeal for support carries with it the strongest augury for success.

The weather was most propitious, and as the one hundred and fifty and more excursionists started on their trip down the river, everyone caught the contagion of pleasure and enjoyment. No socialistic system will ever set aside the necessity of a commander and a leader. Armies will have generals. The birds of the air have leaders. Women were the leaders yesterday. And although Nature may have provided more leaders yesterday than followers, nevertheless in union there was strength.

The grey-hound Water Lily, which would have been more appropriately named WaterWitch—was in her best form, of course, and flew fleetly over the rippling waters with a steady gait and scarcely any jar, carrying her diving freight into Idyl Wyld at exactly 12.10. Here the picnic tables were besieged and soon filled with the contents of the well-filled baskets, and then a delightful half hour was spent satisfying the cravings of nature. After dinner a programmme of events was successfully run off with the following results:

Boys' Mixed Race—
1, H. Borland; 2, Ross Carruthers; 3, Harry Smith; 4, Roger Matchett; 6 years and under, 5, Burton Lewis.

Girls' Race—
6 to 10 years—1, Edith Wilson; 2, Violet McColl.

Boys' Race—
6 to 10 years—1, Hunter Lewis; 2, Willis Carruthers.

Girls' Race—
10 to 15 years—1, Clara Dodds; 2, Lena Strong.

Boys' Race—
10 to 15 years—1, Ormond Gervin; 2, Frank Londo.

Young Ladies' Race—
1, Miss A. A. Fowler; 2, Miss Hunter.

Married Ladies' Race—
1, Mrs. Smith; 2, Mrs. Coon.

Young—Men's Race—
1, Mr. Freeborn; 2, Mr. W. Hooper

Elderly Men's Race—
1, Mr. T. Hooper; 2, Mr. Tigh. Mr. Hooper won so easily that a tie was in no danger at any stage of the event.

Ladies' Aid Pea-Shelling Contest—
1, Mrs. H. Righteseyer, 2, Mrs. White.

Apple Race, ladies—
1, Mrs. Dodds; 2, Mrs. Coon.

Quilt Auction.—For this novel event much spirited interest was evinced. The quilt was a voluntary contribution by Mrs. Deacon, who presented it to the Ladies' Aid of the church as a donation on behalf of the funds. The amount realized for the quilt was about $11. It still remains the property of the Ladies' Aid, and is evidently a good interest-bearing asset. The men vied with the ladies in their voluntary offerings in this behalf.

The pea-shelling contest was very exciting. About fifteen of the ladies entered for this event and sat around on the ground in a circle, with their aprons spread out in front of them into which a quantity of unshelled green peas were dropped. At a given signal the shelling commenced, and busy fingers worked with dexterity for one minute, after which the ladies having the largest number of shelled pespods in their laps were declared the winners, as above.

The energetic general committee was composed of Mrs. Lewis, Mrs. A. A. Fowler, Mrs. J. H. Smith, and Mrs. S. Taylor.

Although the outing was not intended for a financial gain, it is a pleasure to know that the charter of the boat and all other expenses were fully met, with a nice little nest egg to the good.

It is but fair to the men who were present to state that they lent their muscular and mental support during the day without prejudice, but always under the direction of the ladies. Mr. A. A. Fowler (was "the ladies' man" of the day, and it did not need the use of bifocals to tell that he was a willing helper.

Rev. Mr. Lewis, the pastor, was present. He made his rounds, speaking approving and cheering words, which helped to make all happier, and the sense of fellowship among the party resulted in all feeling as if there were no strangers.

The steamer left Idyl Wyld at 5.30 on her return trip, and called at Gore's Landing, after which the home trip was continued with delightful harmony among the excursionists, reaching the wharf about 9 o'clock.

Remanded Until This Afternoon

Three Young Men to Answer Charge of Assaulting Officer.

Wm. McKnight, was was remanded from Monday on a charge of assaulting P. C.'s Meberry and Newhall, and Ernest Hodgson, who is charged with assaulting P. C. Newball in connection with McKnight's altercation with the above officers, and who was also remanded from Monday, appeared in the police court this morning, and their case was enlarged until 3 o'clock this afternoon. Another young man is also involved in the matter, last says he is in no way connected with it and has witness es to prove it.

What MOTHERS Should Know

Whether a child grows puny or sturdy, depends on how little or how much food is assimilated.
If Mothers only realized howmuch plumpness, and rosiness, and down right sturdy health there is in
ORANGE MEAT
there would be fewer pale, sickly, scrawny children. ORANGE MEAT is the whole wheat, including hulls, wheat germs, gluten—with the starches converted into wheat sugars. It is all wheat and all food—in a form that every child can assimilate.
15c. and 25c. a package. At all grocers. Every 15c. package contains a coupon, good for new premiums. 25c. or "Jumbo" package contains 2½ times the quantity of the 15c. size. Write "Orange Meat, Kingston" for new premium catalogue.

Had Arm Torn Off By Trip Hammer In Jewellery Shop

Terrible Accident to Wm. Lynn, a Young Toronto Man.

LOSES LIFE FOR HIS HAT

Conductor Pease of Toronto Street Railway Dies Without Regaining Consciousness After Fall From Rapidly Moving Car—Hy. Brown's Tragic Death by Falling From Top of 30-Foot Ladder.

His Arm Torn Off.

Toronto, Aug. 1.—William Lynn, 18 years of age, unmarried, 153 Sackville street, while operating a trip-hammer at the plant of P. W. Ellis' Co., manufacturing jewelers, 31 East Wellington street, yesterday, attempted to disentangle a rope connected with a pulley on his machine and caught his arm in a knot on the rope. The winding pulley twisted the young man's arm violently upward. He was unable to disengage the rope, and was swung over the shaft. The rope twisted and tightened, jerking with every revolution, until, in a minute, the arm was literally drawn from the body. It severed just below the shoulder, and Lynn dropped to the flood. Lynn was immediately taken to St. Michael's Hospital and operated upon. Late last night he was reported in as fair condition as could be expected.

His Life For His Hat.

Toronto, Aug. 1.—George Pease, a conductor on the Toronto Street Railway, fell or jumped from a fast moving car on Queen street, near Spadina avenue at 3.50 o'clock yesterday afternoon and sustained injuries from which he died at 10.15 last night. Mr. Pease was 50 years of age, unmarried, and lived at 199 Spadina avenue. At the time of the accident he was off duty. He boarded the car near the centre, and started to walk along the footboard to the rear. The car was moving rapidly, and created a breeze which raised Pease's hat. He made a grab for it, released his grip on the hand rail and lost his balance and fell. He died without recovering consciousness.

Fell 30 Feet to Death.

Toronto, Aug. 1.—Henry Brown, aged 35, fell from the top of a 30-foot ladder while working on the frame of the new producing building of the Consumers' Gas Co., Eastern avenue, early yesterday afternoon. He was killed. His distracted and two young children live at 12 Ivy avenue.

Whether proper safeguards were employed for the workmen or not is a question. Brown was painting on the skeleton of the big building. He reached out for a brace-rod and apparently miscalculating the distance, fell forward, and his head struck an iron beam in the fall. His body turned over and the head again struck, this time on the side of a large concrete vat which covers the area of the whole building. He was almost dead when he was picked up, and expired in two minutes. Coroner McConnell was notified, but will probably not hold an inquest.

Brown was well-known and highly respected. He was organist and tenor soloist in St. Joseph's R. C. Church. He was one of the original members of "H" Co. 48th Highlanders. He was a Scotchman and came here ten years ago.

South Framingham, Mass., July 26.—The search for the bodies of the persons buried in the ruins of the business block which collapsed Monday, is far from being completed. The finding of the body of Henry L. Sawyer, a prominent hardware dealer, who went to the building to inspect the plumbing plans, brought the number of dead up to 11, and it is believed that there are four more to be found.

THE JURY'S VERDICT.

Ernest Lee Responsible For Shooting of J. B. LeRoi.

Huntingdon, Que., Aug. 1.—The inquest on the body on J. B. LeRoi, who was shot by Ernest A. Lee at Caxaville on Saturday evening, was held yesterday.

The witnesses concurred in stating that there was no quarrel between Lee and the deceased, although Lee had had words with Joseph Gaza and others during the evening in Dalorme's Hotel. After this Lee, it appears went out on the verandah of the hotel, where he declared he would shoot any man who stood before him if they did not keep back. He then appears to have drawn the revolver and fired three times, the third bullet striking LeRoi. The bullet entered the left breast and passed through the large artery close to the heart, and then through a part of the right lung, smashed a rib on the right side, went through the muscles, and lodged beneath the skin below the right armpit. The revolver was a 32-calibre weapon, and was produced at the inquest, and three chambers were found empty.

The jury returned the following verdict: "That the said J. B. LeRoi came to his death at Caxaville as the result of a wound from a bullet fired by Ernest Lee. We consider that the shooting was not justifiable."

The coroner issued his warrant committing Lee to stand his trial at Valleyfield.

SONGS FOR VERVILLE, M. P.

Warm Feeling Shown at a Labor Meeting in Quebec.

Quebec, Aug. 1.—With Alphonse Verville, M. P., of Maisonneuve, as their target, the representatives of the Quebec National Council of Labor have shown partly what they think of the Federation of Labor Councils, which is the provincial organization of the Dominion Trades and Labor Congress, of which Alphonse Verville, M. P., is the present president.

Accompanied by N. Arcand, organizer of the Carpenters and Joiners' Union of Montreal, Mr. Verville held a meeting Monday night to convert the labor unions of the city into one way of thinking, but he got a hot reception.

Long before the hour the meeting was to begin the place was packed with adherents of both labor bodies. L. Mersan, president of the Federation of Labor Councils in the city, attempted to preside, but the crowd accepted not his rulings. First Mr. Arcand attempted to speak, but the crowd, divided into two forces, made such an uproar that his words were not heard. When Mr Verville arose so did songs and jeers. The presence of two policemen had no effect, and the meeting had to be adjourned.

COLD KILLS THE MERG

Lieut. Perry Says There Are No Bald Heads in the Arctic Region.

The people who come back from the Klondyke testify to the fact that no native bald heads are there. The evidence is that the cold climate kills the germs that eat the hair off at the roots. Lieut. Perry who went to the Artic regions, gives the same evidence. Newbro's Herpicide has the same effect as the cold climate. It kills the germ that eats the hair off at the roots, and the hair grows again. Herpicide is the first hair remedy built upon the principle of destroying the germs that eat the hair off. Its phenomenal sale demonstrates the correctness of the scalp germ theory.

Sold by leading druggists. Send 10 cents in stamps, for a sample to The Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

DEATH ON THE GALLOWS.

Geo. Stanley, Windsor Murderer, Pays Penalty of Crime.

Halifax, N. S., Aug. 1.—George Stanley (alias Kavanagh, alias John Ryan) was hanged at Windsor at 8.10 o'clock this (Wednesday) morning for the murder of Freeman Harvie, an aged farmer who lived about a mile from Eller's House and several miles from Windsor.

On Feb. 5th last the decapitated body of Freeman Harvie was found in the cellar of his home, and it was supposed that he had been killed a few days previously, as he had not been seen alive since Feb. 2nd. George Stanley (supposed to be an ex-convict, who had recently come from Ireland), who claimed to have purchased the Harvie property and sold out the household effects, was arrested at Harville Mills on Monday, after an all-day chase by the police, and he was held in custody on suspicion of having committed the horrible deed. The evidence proved very strong against him, and on May 3rd Stanley was found guilty at Windsor and sentenced to be hanged. The execution was performed by Radcliffe.

END OF STRIKE NOT YET.

London Railway Employes Claim Accessions to Ranks.

London, Aug. 1.—Maggie Sinclair organizer for the Street Railway Employes' Union, stated yesterday that the strike was not at an end. A meeting of the men was held during the morning, with forty in attendance. It was reported that five more men had deserted the company and joined the strikers, making a total of a dozen during the last two days.

The Provincial Railway Board will be here to-day to investigate the charge that the men were dismissed solely because they belonged to the union.

Reward For Bravery.

Niagara Falls, N. Y., Aug. 1.—Mayor Cutler last night publicly presented Patrolman Harry Batts and Fireman Thomas Conroy gold medals for their bravery in rescuing Amos Schweitzer of Toronto, Ont., from the brink of the American falls on June 5.

Oku Promoted.

Tokio, Aug. 1.—Baron Oku was Monday appointed chief of the general army, in succession to Viscount Kodama, who died on July 21. Gen. Oku took a prominent part in the Manchurian war, leading the army of the centre in all the big battles.

Appointed Commissioner.

Toronto, Aug. 1.—Joseph E. Thompson is commissioner of industries. The City Council yesterday invested him with the office upon whose duties he will enter on Aug. 15, at a stipend of $2,500 per annum.

Latest News Of Various Sports

PORT HOPE BOWLER WAS DAY AHEAD IN RECKONING

The Port Hope Guide says:—During a peaceful slumber this morning a well known bowler, dreamed that the local rink was about to leave for Peterborough to play the English bowlers and he had a great victory mapped out for the Port Hopers. Waking from his pleasant dream the thought struck him that Skip McMillan was to use his bowls and without any hesitancy he donned his clothes and was standing on the Midland platform when the 7.20 train came steaming along. He handed the bowls over to Mr. McMillan, who was on duty in the mail car, at the same time extending his hand to wish "Mac" and his rink all success. With a broad smile McMillan informed him that as usual July had thirty-one days and consequently the game was not due until to-morrow. The bowler took the back street home and we haven't had the pleasure of meeting him since.

The Shamrocks Off To Lindsay

A Big Crowd Should be on Hand to Cheer on the Boys.

From present indications a big crowd is going with the Shamrock lacrosse team to Lindsay on Thursday to give the boys a cheer in the game that breaks the tie that exists among the Peterborough, Oshawa and Port Hope teams.

The train leaves the Grand Trunk station at 3 o'clock and as there is a half-holiday in the city as many as possible should spend it in Lindsay with the future athletes of Peterborough. The excursionists may return on any train they wish.

The following team will represent the Shamrocks in their game with Oshawa at Lindsay to-morrow:

Goal—Gilman.
Point—White.
Cover point—Devlin.
First defence—Doris.
Second defence—Dusty.
Third defence—Feeney.
Centre—Tucker.
Third home—Jim McNicholl.
Second home—Saunders.
First home—Bassett.
Outside home—Dobson.
Inside home—Jack McNicholl.

A large crowd will accompany the boys. The train leaves the station at 2 o'clock sharp and leaving the Lindsay station at 8.10. The exceptionally low rate of 65 cents return offers an excellent opportunity of a good trip and a chance to witness the most important game yet played in the district.

Big Crowd To Witness Game

Special Excursions to Lindsay On Thursday.

The Lindsay Post says: President J. C. Miller, of the C. L. A., has ordered that the semi-finals of the Port Hope, Peterborough and Oshawa, three-cornered tie is to be played off in Lindsay and has made arrangements that Peterborough and Oshawa will play here on Thursday of this week. This game should be fast all the way, and full of ginger. Both teams are running excursions to town and they are out to win.

Final Game For Examiner Cup

Will be Played To-night at the Riverside Park.

The most interesting game in the Guild Baseball League of the whole series will be that to-night when the George and Charlotte Street teams will play the final game for the championship. Both teams are out to win and no doubt both will put up a good fight to capture the Examiner trophy, which has rested for two years with the Charlotte Street team. The game will be called at 7 o'clock and Fred. Whitcraft will umpire.

MILLBROOK BOWLERS HERE FOR THE MEET

The Millbrook Bowling Club is represented, not as players, but as bowling enthusiasts interested in the great-Inter-Imperial bowling game at the Brookside Bowling Green this afternoon, by:—J. C. Kells, A. A. Smith, W. S. Given, John Dawson, J. R. Eakins, R. J. Doak and John Dyell.

MISCELLANEOUS.

$5,000 in money and a house and lot, besides other gifts, is what Shering got out of the Marathon race.

Many Decorations; Old Boys' Re-unions

J. J. Turner & Sons Have Big Contracts.

To-day four men were sent by Messrs. J. J. Turner & Sons to Berlin to decorate for the Old Boys' reunion. Messrs. Reg. and Webber Turner were in charge of the men. Mr. W. E. Wesley and Jas. Campbell also left for Welland to decorate that town and a bridge 1 1-4 miles long for the re-union there. The same firm will decorate Alvinston for a similar celebration.

Committee Met Last Night

For Revision of Prize List and Other Matters in Connection With the Fair.

A meeting of the West Peterborough Agricultural Society was held in Sheriff Hall's office last night, when the revision of the prize list and other matters were considered. Those present were Messrs. H. C. Winch, Alex. Elliott, Wm. Stewart, Geo. Elliott and H. C. Garbutt. Another meeting will be held in the same place on Friday evening next, when final arrangements in connection with the exhibition will be made. It will then probably be definitely decided whether there will be any fair this year or not. The members of the committee had nothing to say as to whether the exhibition would be held this year or not.

PRINCIPAL DYER, D.D.

Largest Cheese Board For The Season To-day

4760 Boxes Boarded and All Sold—Price Ranged From 11 5-8c. to 11 11-16c.—Buyers Anxious to Secure Cheese —Some of the Features of the Sale.

The sale at the meeting of the Peterborough cheese board this morning, was a record, in point of the number of cheese boarded, 4760 being offered for sale, and all were sold. This constitutes a record for this season.

The price, too, was satisfactory to the majority of the salesmen. The bidding took rather an unique form, however. For the first selections the lowest price of the day, 11 5-8c., was obtained, while for later selections the price jumped to 11 11-16 cents. The feature of the board meeting was the fact that Mr. Morton secured over 2400 boxes, more than half the whole number boarded.

The buyers present were: Messrs. Cook, Kerr, Gillespie, Squires, Whitton, Brentnell, Brenton, Grant, Warrington, Wrighton and Morton.

The following factories boarded the number of cheese set opposite:

Keene	160
Warminster	136
Shearer	100
Central Smith	180
Selwyn	192
Villiers	110
Warsaw	125
Westwood	200
Oakdale	120
Melrose Abbey	125
Lakefield	115
Pine Grove	160
Peterborough	71
Maple Leaf	145
Myrtle	260
Ormonde	235
Young's Point	200
Lang	155
Indian River	165
North Dummer	80
East Emily	155
Trewern	160
Bensfort	266
Ceadrdale	56
Cavanville	230
Crown	130
Mount Pleasant	111
Perrytown	135
Fleetwood	200
Norwood	100
Buckhorn	168
South Burleigh	36
Brickley	100
Shamrock	60

The bidding started at 11c., which figure Mr. Whitton offered. The other bids were 11 1-8c., Squires; 11 1-4c, Wrighton; 11 15-16, Whitton; 11 3-8c, Wrighton; 11 1-2c, Squires; 11 9-16c, Wrighton; 11 5-8, Gillespie.

At 11 5-8c Mr. Gillespie called Keene, Central Smith, Villiers, Westwood, Buckhorn, Fleetwood, all accepting.

Mr. Brentnell bid 11 11-16c and called Shearer, Myrtle, Lakefield, Lang, all accepting.

Mr. Morton at the same price, called East Emily, Bensfort, Trewarn, Mount Pleasant, Cavanville, Crown, Brickley, Shamrock, all accepting.

At the same price Mr. Squires took Norwood, Melrose Abbey, Ormonde, Oakdale.

Mr. Morton at 11 5-8c took Warsaw, Warminster, Peterborough, Selwyn, Indian River, Young's Point Maple Leaf, Pine Grove, Cedardale, South Burleigh.

Mr. Cook at 11 5-8c called Perrytown, North Dummer, clearing the board.

Perrytown boarded to-day for the first time this season.

Last Meeting Of The Committee

Grand Lodge Committee to Meet To-night.

The last meeting of the Grand Lodge Committee of the local Oddfellows' Lodges before the meeting opens next week, will be held to-night, when the final arrangements will be made for the gathering of the members of the Order. All the details are practically completed, only a few minor matters remaining to be arranged. The committee arranging for the steamer to take the visitors over the dift lock will probably report to-night that they have completed all arrangements for that part of the entertainment.

BIRTHS.

HALL—In Peterborough, on Tuesday, July 31st, 1906, the wife of Mr. W. T. Hall, of a son.

MARRIED

FAIRWEATHER—KIELY — At Montreal, on Monday, July 30th, 1906, at the residence of her sister, Mrs. Hiram Piper, by the Rev. James Graham Clark, M.A., Mrs. Margaret Carruthers Kiely, to James W. T. Fairweather, of Toronto.

PETERBOROUGH ROYALLY HONOURS BOWLERS

(Continued from 1st Page.)

trips and the wonders of its mechanism were amply displayed.

Dinner hour came only too quickly, but nevertheless it was one of the best enjoyed of the day as all returned from the delightful cruise on one of the most delightful days that could possibly greet such a happy crowd, with the keenest of appetites.

JOHN CRANE,
Chairman of the Reception Committee

About the Personnell.

Of the forty bowlers who are guests in the city to-day, all must bow in honour of Mr. Peter Campbell, J.P., the veteran from old Scotland who is three years past the four score. A very regrettable accident occurred to him in Valleyfield yesterday by which he dislocated his shoulder in a fall. To-day however he accompanied his friends on their trip and was not the least delighted of the genial visitors. Mr. Campbell played on Monday in Montreal and has got a true eye and strong and steady hand in tossing the bowls. His fellow countrymen all look up to him as the Grand Old Man of the British Bowlers. He is the owner of the great dye works in Perth, Scotland, one of the largest works in the world, and which are well known all over the globe.

The youngest member of the team is Mr. Jno. Pillans, of Carluke, Scotland. Fifty years—a broad space of time—stand between him and the veteran. The former represents the Highlands and the latter the Lowlands. Both, to use Mr. Pillan's own expression "are tee totalers and non-smokers." The average age of the team is 55 years.

Mr. Robt. Gall, the man from nearest the North Pole, was probably the most jubilant over the unique experience this morning. The uppermost longing in his mind was that the mercury would fall about 30 degrees, as he had lost three pounds since landing on Canadian soil on Saturday.

A Few Impressions.

The visitors were all loud in their praises of the manner in which they were received in Montreal, Valleyfield and in Peterborough. One of the gentlemen remarked to The Examiner this morning that it seemed to him that Canadians were trying to kill them with kindness so that they couldn't bowl.

The voyage across the Atlantic on the Virginian was a happy one, and especially the charming sail up the Gulf of St. Lawrence, whose waters for three days were smooth as glass. The reception at Montreal was a royal one, and at Valleyfield yesterday they were taken through the Simpson Cotton Manufacturing Company's buildings, the largest on the continent, and presented with samples of the finest of cotton by Mr. Simpson. They left Montreal at 10 o'clock last night, and arrived in the city on the early morning C. P. R. train. The sleeping berths on board the train came in for a large share of praise.

On the Bowling Green.

The Brookside Bowling Green was this afternoon one of the prettiest spots in the city. The grounds and clubhouse were gaily decorated with flags and bunting, and a large refreshment marquee was erected for the occasion. Messrs. J. J. Turner and Sons performed the work of decorating in their usual excellent style.

The games began at 3 o'clock before a large crowd of interested spectators, and an afternoon which will long remain fresh in the memories of the local bowlers was spent at the world-famed game, and incidentally for the purpose of cementing and consolidating the harmonizing relations existing between the old world and the new.

T. F. MATTHEWS,
Member of the Reception Committee.

The personnel of the visitors, whose tour through Canada is yet in its infancy, is as follows:

Addicott, Charles, (Victoria,) Weston-super-Mare.
Brown, Gideon, (Gala,) Galashields.
Campbell, Peter, (Balhousie, Perth) Scone.
Cousin, George (Alloa) Alloa.
Fingland, Samuel, (Broomhill,) Glasgow.
Firth, Thomas, (Victoria Park,) Leicester.

About $90,000 Collected In Taxes Up To Yesterday

This is the Estimated Sum Taken In, But Tax Collector Cannot State Definitely—Much Work Connected With Office.

It will take three months for the Tax Collector's office staff to catch up with the work, as a result of the rush of the last few days to get the taxxes paid up to gain the 2 per cent discount.

There is much more labour connected with the work of the office than the general public has any idea of, and the majority will no doubt be surprised to learn that the act of paying taxes should entail so much labour on the part of the Collector and his staff.

To-day he stated that he had not yet been able to make an estimate of the amount taken in up to last night. In the preparation of last year's roll the amount collected should have been about $90,000, but whether the amount actually taken in will reach that sum or not, the ocul: not say, and would not know until to-night.

The amount taken in by the Collector up to the first of August last year was $84,000, and Mr. Green expects that this year's record will exceed that of 1905, though by how much he cannot say.

Strong Company May Work Cordova Mines

Consolidated Oil Company, of Pittsburg, Has Representatives Here to Secure Property, if Possible—May be Operated Under a Bond—Mr. B. E. Cutler Has Made Assay of Ore—Other Properties Included in Comprehensive Scheme.

Cordova Mines are to be re-opened, and in the near future. This is the information gained by the Examiner, and there seems to be no reason to doubt the authenticity of the settement that before very long these admittedly rich gold mining properties will be working full blast.

It is not at all probable that the present owners will take the matter up, the general impression being that their recent experience with attempting to make money out of their operation proved so disastrous that no attempt, by them, will be made to re-open and operate them again.

In view of this fact no doubt the proposition which it is expected will be made them in the near future will be accepted and gladly.

A Rich Property.

That the property is a rich one, no one who understands mining and has visited the section will deny. The trouble, however, as it has been represented to the Examiner is that under the last management so much money was spent in sinking shafts at various parts of the property that the enormous expense not only ate up the profits made from the operation of the one mine, but was a heavy drain on the reserve resources, until finally the directors decided to close the whole operation down, and the result is that it has been closed ever since.

Pittsburg Interested.

There are prospects—good ones—that a Pittsburg syndicate controlled by Consolidated Oil Company interests, of that city will get control of the Cordova property, and if they succeed there is no doubt that work will be pushed rapidly. Mr. B. E. Cutler, whose presence in the city was recorded in yesterday's Examiner is the representative of this syndicate and he has already spent a week in the vicinity of Cordova, and he has not been there with his eyes closed. He is convinced of the richness of the property, and returned to that place to-day on the noon train. He will, according to his own statements, be in the neighbourhood probably for a month, and at the end of that time he will know more about the Cordova Mines than the majority of men who have spent their lives within a stone's throw of that famous gold field. He has taken ore from that region and has had it assayed in Toronto. He is not stating the result of the assay, but as a consequence of what it revealed to him he has returned and will spend some more time looking over the property.

It is understood that the proposition, in case present arrangements hold good, is to secure the right to operate the mine under what is known as a bond proposal, which means that the purchaser has the right to operate the mine for a certain length of time, putting up sufficient security, of course, and at the expiration of the period agreed upon, pay over the purchase price agreed upon.

Other Properties, Too.

It is understood that the interests represented by Mr. Cutler has practically unlimited capital, and that, believing that there were unworked gold properties in this county they have sent him over to investigate terms. If, as now seems reasonable to suppose will be the case, his syndicate secures control of the Cordova Mines it will prove a big boom for this section of the Province, because if they go into the business at all it will be on an extensive scale, and not only will the Cordova property be worked, but other gold mines, which are known to be rich, but which cannot be operated because of lack of capital, will fall into their hands, and will also be operated.

The Late Major Tassie Was Well Known Here

Deceased Was School-Chum and Personal Friend of Dr. Burnham—A Nephew of Former Collegiate Institute Principal.

Many peragns in this city will regret to learn of the sudden death of Major Tassie, of Dundas. Deceased was a nephew of the late Dr. Tassie, the head of the famous Tassie School, Galt, and at one time principal of the Collegiate Institute here. The late Major Tassie was an old schoolmate and life-long personal friend of Dr. Burnham, of this city, who was advised to-day of his death. The Toronto Globe, reporting his death, says:

A message received in the city yesterday announced the sudden edath at Dundas of Major W. T. Tassie, formerly of Toronto, and for several years past and up to the time of his death editor and proprietor of The Dundas Banner. He was taken ill while at work on Monday, but his condition was not then regarded as serious. Yesterday afternoon, however, hemorrhage of the stomach suddenly developed and caused almost instant death. During his illness and up to the moment of his death the major was quite conscious. He was for a considerable time in the Royal Grenadiers, this city, resigning about six years ago. The major was once connected with several industrial enterprises in Toronto. On the death of the late Alex. Pirie he purchased The Dundas Banner and devoted the greater part of his time to its publication.

Shareholders In Birbeck Loan Co. Get Dividend

Company Went Into Liquidation a Year Ago—London and Western Trusts Company the Liquidators—The First Dividend is 25 Per Cent.—Promise of Another—Many Shareholders in the City.

The many shareholders of the Birkbeck Loan Company, which went into liquidation about a year or more ago, the London and Western Trusts Company, of London, Ont., being the liquidator, will be glad to learn that they will receive a dividend of 25 per cent. of the ledger value. This is the first dividend that has been paid and a promise has been given that another one would be paid later on, the amount of which depends upon the success of the Company in the actions instituted against a number of the directors.

Those who have already received cheques have been assured that every effort is being made to bring about the best possible results. A citizen to-day showed the Examiner a cheque representing the dividend to be paid to him.

As far as is known the following Peterborough people had shares in the Birkbeck Loan Company, and who will receive the dividend providing there exists no liability to the Company for unpaid stock or loans obtained:—Mrs A Bowman, Mrs L Armitage, Howard Cooper, Mrs Carrie Hunt, Fred Garnett, Herbert P Panter, Mrs Katie Darke, Mrs Esther Vass, Miss Ester Vass, Mrs Cecilia Daigneault, Wm J Sherwood, Robt Fanning, Wm Vass, Arthur Vass, Mrs Mary Paquette, Mrs W Pfeifer, Lotta Percival, Mrs Evelyn Gault, Adelaide Dettweiler, Mrs Sidney Shelley, Mrs E Shelley, Mrs Marie Stocker, Walter Stocker, M J Hickey, Frank J Pope, Nellie Strickland, Mrs Annie Woods, Miss Minnie Flaherty, Catherine D Stacey, Wm Chatillon, Mrs Louise J Owens, Mrs Margery Ford, Mrs Geo Minorgan, H Savoie, Albert Young, Mrs Anna Collister, J Wesley Collins, Adam Gillespie, Miss Alice McFarlane, Jno H Britton, John Fagan, Mrs C Mitchell, Mrs Alice Panter, Delima Godwin, Maria L Potvin, Edward Flaherty, Henry H Long.

Applying For An Injunction

Action is Being Heard To-day at Toronto.

To-day at Osgoode Hall, Toronto, the application for an injunction to restrain the Council from putting into effect the cigarette license by-law is being heard, and Mr. D. O'Connell, for the plaintiffs, is in Toronto attending the hearing before the judge.

A Runaway On Weller Street

Harness Were Left Hanging on the Limbs of a Tree.

Weller street residents were given a little extraordinary excitement at noon to-day, when the horse attached to Mr. Hetherington's milk wagon, made a bolt for liberty. The animal climbed a boulevard and left most of the harness hanging on a tree. The driver in taking a short cut across a field to stop his wild career, left part of his trousers on a fence, but finally caught the horse.

A little boy in the wagon, pulling on the reins, irritated the steed, which caused him to run away.

WANTED—A Good Man to drive Delivery Waggn; Good Wages. Apply to E. A. OKE, 376 George St.

Judgment Reserved On The Horse Killing Case

Magistrate Concluded That Reckless Driving Was the Cause of Death of Mr. Biggott's Horse on July 11—Animal Valued at $150—Prosecution and Defendant's Evidence Differ.

The sequel to the death of Mr. Bygott's horse, on Water street, on July 11th, caused by a shaft penetrating its side, occupied the attention of the Magistrate at the police court this morning.

It will be remembered that Ernest Balston was driving from Peterborough to Lakefield on that night, with a young lady, when in a collision with a vehicle driven by Mr. Henry Moher, the horse which he was driving was injured, and as a result died next morning at McCollum's livery.

Negligent Driving.

A charge was therefore laid against Mohar for the killing of the animal, through negligent driving. The defendant's case was looked after by Mr. G. Gordon, while Mr. Dennistoun appeared for Balston.

The case ended in the reserving of judgment for one week.

Balston testified that he was driving on the right hand side of the street, and said that he turned into the ditch as far as possible. He was driving at about eight miles an hour, but stopped up when he saw the other vehicle was crowding him to the side of the road. He said there was plenty of room to drive between him and the street car tracks. When he found that the horse was injured he drove back to McCollum's livery to get another to return to Lakefield. He came back again the next morning to see the injured animal, but it had just died.

The young lady corroborated most of the young man's statements but was so excited she could not remember distinctly many things that occurred.

Valued at $150.00.

Mr. Bygott, the liveryman, said the horse was worth at least $150, and that the driver was a careful man.

"He's a regular customer of yours?" asked Mr. Gordon.

"Yes," was the reply.

"You're after his custom, aren't you?"

"No; I'm not; but he's a careful driver," answered Mr. Bygott.

Dr. Blanchard and a couple of other witnesses were put in the box, but their evidence did not materially bear on the point.

Was in Centre of Road.

Mr. Moher's evidence differed considerably from the others, and stated that both vehicles were near the street railway tracks when the collision happened. The reason he crossed to the right hand side was on account of lanterns hanging up to show sewer pipe openings on the right hand side coming down. When the accident happened he went back and asked if either were hurt; but they replied in the negative. He was going at about six miles an hour, while the others were travelling at the rate of ten or twelve miles.

The magistrate, however, concluded from the evidence, that a negligent act had caused the kiling of the horse, and reserved judgment for a week.

Sons of England To Jubilee Point

Excursion This Afternoon Carried Good Crowd.

This afternoon the excursion under the auspices of Lansdowne Lodge, S.O.E., took place to Jubilee Point, the steamer Water Lily being engaged for the occasion. It left at 1.30 for the trip down the river, carrying a good crowd of excursionists, and the intention was to take a sail as far as Jubilee, where tea would be served, the return trip to be made this evening in the moonlight.

THURSDAY, AUG. 2, 1906.

EDITORIAL NOTES.

Manitoba will not get enough students to harvest its wheat crop — they all know enough of the accidence of grammar to decline the job.

There is no halt in the steady growth of trade in Canada. The customs receipts for last month show an increase of a third of a million over the month of July last year.

The next best thing to having the King visit Canada is to have the King's horses come to see us. Next to man, there is no more noble animal than the horse, no matter what automobile enthusiasts may say.

Cobalt does not figure largely as a health resort. Its sanitary condition is said to be vile. Neither is it a healthy place in other respects. The search for "filthy" lucre, especially in association with mines, is hardly ever a healthy moral pursuit.

It is said that Toronto will have eight members in the next Provincial Legislature. Premier Whitney must recognize the possibility of his big majority waning under his peculiar administration when he thus undertakes to gerrymander the Legislature. Toronto is a Conservative city, and sufficiently flogtown to take all it can get.

The Toronto News is busy, remarks the Brockville Recorder, reorganizing the Liberal party in Ontario and selecting a new leader. It mentions the name of the member for Brockville in the latter connection, which, while being complimentary, no doubt, is still unwarranted. Mr. Graham is not aspiring to the leadership, and has heard nothing of the proposed reorganization.

The Czar seems to have counted unwarrantably upon the loyalty of the army. The revolutionary mine was fired too soon — before other sections were ready — a circumstance that showed there was no lack of willingness on the part of the army to revolt, but a lack of simultaneous co-operation. Unless the Czar mends his manners the trouble will yet come. Russia cannot continue to occupy its unique position as the only despotism in Europe, outside of Turkey.

Edmonton and Calgary, late rivals for the honour of being the capital of Alberta are continuing the rivalry in the matter of growth in population. At present Edmonton is a little behind in the race but is showing the best form. From 1901 to 1906 the population of Calgary increased from 4,091 to 11,937. During the same period Edmonton increased in population from 2,626 to 11,564, and though that is a few hundred short of Calgary's population Edmonton's rate of growth was nearly twice as rapid as that of her rival, and in a few years it can count on a plentiful majority of noses.

Even the Mail and Empire "knocks" the Ottawa mining "graft." It says: "We believe that the lease is perfectly honest, and that there is not a shadow of crookedness in it. There is reason, also, to suppose that the terms are excellent for the Province.

All Women

should assist Nature at those times when the system is upset, the nervous tone low and a feeling of depression or languor exists. An experience of over 50 years warrants the statement that no medicine gives such prompt relief as

Beecham's Pills

SPORT AND BRUTALITY; NO ROOM FOR ROWDYISM

The Globe.

Golf and tennis are games for ladies and gentlemen. Cricket is a game for gentlemen. But it takes all sorts and conditions of games to make up the world of sport. The normal object of a game is enjoyment for those who participate, an enjoyment that may be shared by interested spectators. The slowness of a game of cricket is redeemed by the keen, healthy enjoyment of all the players. It beams from their faces at every turn of the game, and nowhere more than in their eagerness to applaud the good play of an opponent. Every clever cut or draw, every magnificent drive, every well-taken catch or sharp return from the field wins free acknowledgment. The spirit of contagious good-fellowship is in the air, and the game ends with the highest mutual appreciation. How different is a game played with a grim and paramount desire to win! It is not that the cricketer is indifferent to the result of the game, for he literally glories in a victory. But that love of victory is always kept subservient to his spirit of fairness and to his gentlemanly regard for the rights and feelings of his opponents. A true cricketer takes the keenest delight in a victory, but would take no pleasure in winning dishonestly nor by any means that would prevent his opponents from doing their best.

This necessarily imperfect picture of the cricketer is given for contrast with the player who assaults and injures an umpire in the dressing-room, or who intentionally strikes and permanently disfigures an opponent in the field. But it is much easier to sermonize about such things than to effect any practical reform. We must always have all kinds of games for all kinds of people. That inevitable necessity entails much that noncombatants naturally deprecate. Every outbreak of rowdyism is followed by demands for police interference and suggestions that the managers effect reforms. Yet in the wide variety of games there is a means of relief as well as a cause of annoyance. No one is obliged to patronize any game. Those who object to the rowdyism and brutality can attend games where such things do not develop. Nothing will reform such things so quickly as a decrease in the gate money. Games played primarily for gate money are like the chariot races in the circus, and the managers will not keep on a performance that ceases to draw. Patrons have a remedy in their own hands easily applied. Much allowance must be made for such games as lacrosse and rugby, as they necessarily entail close and violent personal contact. But that is no reason for tolerating the rowdy or the bully in these games after his nature has been fully disclosed. No club is dependent on such men. They will be retained as long as the mangers prize victory higher than clean sport, and no longer. A truer estimate of relative values will mean their departure, and the general community will not be inclined to mourn their loss.

At the same time, the rule that is followed in private dealings is not applicable to public matters. The Government would be well advised, therefore, if it were to decline to ratify the contract and were to insist that the amended terms be made the subject of new tenders. Every care ought to be taken to avoid even the suspicion of crookedness."

THE LORD'S DAY ACT.

Ottawa Free Press.

The Mail and Empire still holds the Canadian championship for hair-splitting extraordinary. Rev. Mr. Shearer, secretary of the Lord's Day Alliance, having expressed his confidence that the clause in the Sabbath Observance Act providing that no prosecutions under the Act shall be undertaken without the consent of the Provincial Attorney-Generals will not be abused by the men holding those positions, the chief Conservative organ wails that no Attorney-General will have time, owing to the multiplicity of his other duties, to attend to work of this kind. We had been under the impression that the attorney-generals usually employed a staff to wash the windows, copy the letters, attend to correspondence and other details of the department. If they do not they should, without delay, and at the same time engage a deputy to look after things which they are too busy otherwise to attend to.

The Mail and Empire is also greatly exercised over the following words that were inserted in the Act by the Senate "Except as provided herein, or in any provincial Act or law now or hereafter in force." It says that under this clause any of the legislatures can pass acts annulling the effect of the federal act. They can, but only in so far as they have power to legislate for Sabbath observance under the B.N.A. Act. The Federal Parliament cannot delegate to the provinces powers which they do not possess under the Act of Confederation, and the privy council has given a decision that the provinces under that Act cannot legislate on some phases of the Lord's Day question.

In face of the pronouncements of such men as Rev. Mr. Shearer and Rev. Dr. Johnston of Montreal, the Mail and Empire is hard pressed to make out a case in support of its contention that the Sabbath Observance Act of 1906 is a farce. The Dominion Government and its supporters tried conscientiously to find a mean to the views of the extremists and an Act has been passed which should be given a fair trial before it is condemned.

The Mail and Empire's policy is as invariable as the laws of the Medes and Persians—it is to attack everything its political opponents do and defend everything its own particular friends are responsible for.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature, will be prohibited.

Editor Post Card Column:

Sir,—Isn't it time the Market Committee would "sit up and notice," just a little bit. The Examiner's reference to the unsightly heap of old vehicles and other truck on the market square, has been partially effective as part of the unsightly stuff has been carted away. But it seems as if there was very little live competition among the junk dealers.

Might I ask the chairman of the Market Committee what use the lane is immediately in rear of the town buildings, running west from Water street, beginning at the back door of the police office? Is it a right of way for the use of these buildings, or is it part of the market square, to be used for the accommodation of the public? As it is at present, it looks more like the back yard of a junk shop, with its unseemly litter of things, from dead dogs, etc., to an exhibit of worthless second-hand scrap. Has the Market Committee been oblivious of this eyesore, or are they making it easy for the town tenants to violate the city by-laws?

I know if it was my back yard I would have to "sit up and notice" quick!

Yours,
OBSERVER.

Editor Post Card Column:

I noticed in to-night's paper an item in reference to the sidewalk on Simcoe street. It might apply to that part of Aylmer street opposite the Brookside Bowling rink, and, in fact, on both sides of Aylmer street, between Brock and Hunter streets. The old board walk is disgraceful, and a beautiful (?) advertisement for the beautiful City of Peterborough, for the British bowlers to carry away with them, and also for the coming Odd Fellows' Grand Lodge and the visitors who come here. I would suggest that our progressive City Council suggest to all visitors who come to Peterborough, to avoid Aylmer street (or that part of it) for fear of their pulling up one of the boards to carry away as a souvenir. It would not be a bad idea for the proper authorities to put down some kind of a walk also on the west side of Aylmer street, between Brock and Murray streets.

Yours indignantly,
A CITIZEN.

Staff Captain Enjoys Outing

Local S. A. Officer in Charge at Fenelon Falls.

Ensign Comstock, who is in charge of the local corps of the Salvation Army in the absence of Staff Capt. McAmmond, has received word from the latter from Fenelon Falls, where he with his family is spending a holiday, to the effect that they are enjoying their outing very much and are improving in health. He will be away for about ten days yet.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Happiness in a Grain of Wheat

It Contains Every Food Element Necessary for Man's Sustenance.

All authorities agree that fourteen elements are needed in the human body to sustain perfect health and that these must be supplied in the food taken into the system. Nature has provided us with one single article of food containing all of these fourteen elements in the exact proportions necessary to supply our bodies with vitality, strength and heat. This food, so wonderful in its composition, is wheat, and intelligent men and women are coming to realise more and more that in the whole of the wheat is found the secret of health and happiness. Rich in the nitrates, or muscle-making elements, the carbonates, or heat-producing elements, and the phosphates, or brain and nerve-making elements, the whole grain of wheat supplies every necessity for man's body and mind.

This is how Malta-Vita came to be known as "The Perfect Food," for Malta-Vita is simply the whole of the wheat and a little salt, thoroughly steamed and cooked in absolute cleanliness, then mixed with pure barley malt extract, which converts the starch of the wheat into maltose, or malt sugar, an active digestive agent and very nutritious as well.

All grocers sell Malta-Vita. Large package, now 10 cents.

COOLING —AND— NOURISHING

You will find Coleman's Ice Cream delicious, refreshing, strengthening. Being made from the purest Cream, t is as good as meat and yet it is cooling in its effects on the blood and by invalids is easily digested. Give it to Your Children.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate Easterly winds, fine and warm. Friday—Fine until night, then thunder storms.

St. John's Choir.

—St. John's Choir will meet for full practice to-night at 8 p.m.

Yacht Club.

—An important meeting of the Chemong Yacht Club will be held to-night.

24th Battery Drill.

—The 24th Battery will have gun practice to-night in East City. A large turnout is requested.

Captured at Ottawa.

—The youths who escaped from the Mimico Industrial School the other day were captured at Ottawa.

Choir Picnic.

—This afternoon the members of the choir of All Saints' church are taking an outing to Chemong Park.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonnel street. 'Phone 199.

Madame Frances.

—Consult Madame Francis, Psychic Palmist on all affairs of love, business and marriage. Most skeptical are convinced. She tells just what you want to know, 501 Aylmer street. 3

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

New Edison

—Phonograph records for August just arrived. The finest list ever published. Don't fail to hear them. J. M. Greene Music Company, New Opera House Building. 6d25

Rubbing It In.

—Rather a good joke is told on a well known barber in Belleville. It seems that he went to the G.T.R. picnic and ran in one of the races coming in third. He received the prize which entitled him to six free shaves at a rival barber shop.

Pleasant Entertainment.

—A most enjoyable evening was spent at the home of the Misses Heenan, by a number of their little friends. A very pleasing programme was given and among the numbers was a very sweet-toned solo given by Miss Marguerite Clancy.—Com.

Manufacturers' Committee.

—To-night's meeting of the Manufacturers' Committee will be an important one. It is probable that it will decide whether Peterborough is to secure the new steel industry. A conference with the shareholders of the Steel Rolling Mills Company will be held.

Prentice Boys.

All members of Lodge No. 7 of Prentice Boys are requested to attend a special meeting to be held on Friday, August 3, at 8 p.m. Business important. By order,

F. Turner,
Secretary.

Big Prize List.

—The total amount given in prizes at the Canadian National Exhibition, Toronto, is $45,000, of which $11,428 is devoted to the horses and $8,483 to the cattle, exclusive of cash cups of gold and silver medals, cups, etc.

Horticultural Society Prizes.

—Persons desirous of competing for the society's prizes for best results in lawns, grounds, etc., will oblige by sending their names, addresses, etc., at once to the secretary Test of merit—the best results under existing conditions. H. L. Bexl, secretary. 4d26

No Foot Race.

—Jimmy Reynolds' training during the past week in preparation for his walk to Toronto and return, has been wasted. The parties who bet against Reynolds hooked down last night. A $20 forfeit was deposited and Reynolds claims this bet. As yet he has not received it.—Port Hope Guide.

Kidney Disease Gravel.

"I was afflicted with kidney disease and gravel in its most severe form, having often a stoppage of water accompanied by the most dreadful agony. By using Dr. Chase's Kidney-Liver Pills the disease was eradicated from my system in less than six months. I have gained in weight, sleep well and feel better than I have for twenty years." — Mr. W. Smith, Port Dalhousie, Ont.

Bleeding Piles.

"For two years I suffered from bleeding piles and lost each day about half a pint of blood. Last summer I went to the Ottawa General Hospital to be operated on but my old trouble returned and again I lost much blood. My father advised me to try Dr. Chase's Ointment and two boxes cured me. I have every reason to believe that the cure is a permanent one." — Mr. Arthur Lepine, school teacher, Granite Hill, Muskoka, Ont.

Books for Summer Reading.

—Ham mock books there, or railway train books, or lakeshore books or anything else summery you have a mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low as five cents each, or 3 for 35 cents. Illustrated covers on heavy paper 25 cents. Cloth bound, 75c. and $1.25. A. H. Stratton & Co.

PERSONAL MENTION

Rev. J. G. Potter left this morning for Kingston.

Mr. Wm. Bergow, Walkerville, was in the city yesterday.

for New Ontario, where he will take a position as bookkeeper.

Miss Hazel Craig is at Stony Lake the guest of Miss Lillian Rogers.

Mr. P. M. Fraser, London, was a guest at the National yesterday.

Mr. J. B. Armstrong and his mother have gone to Watertown, N.Y.

Dr. D. J. Bagshaw, dentist, returned this morning from his vacation.

Mr. John Quinlan, son of Mr. Cornelius Quinlan, left this morning

Mr. and Mrs. John Butcher went to Rochester to-day for a two weeks' visit.

Miss Eva Crane, Hunter street, has left on a visit to friends in Campbellford.

Miss L. Howson, Campbellford, is visiting her cousin, Miss Howson, Water street.

Mr. Jos. Carey, of Peterborough, spent the past two weeks in Hastings. —Hastings Star.

Miss Maggie Davidson has returned after a three weeks' holiday at Hamilton and Berlin.

Mr. and Mrs. P. Campbell and two sons have gone to Gananoque to spend a few weeks.

Mr. Cecil Walker, Peterborough, is at Breeze's Island, Stony Lake, for a couple of months.

Miss Gertrude Sheard, of Toronto, who has been the guest of Miss Pearl Carlon, has returned home.

Misses Kennedy, Petertorough, are the guests of Mr. Bert Ketcheson, Henry street.—Belleville Ontario.

Mrs. Geo. Peck and children, who have been visiting friends in the city, have returned to their home in Utica, N. Y.

Mrs. H. Rufry, Guelph, is visiting with her cousin, Mrs. Donald Menzies, corner of Stewart and King streets.

Mrs. Thos. Armstrong, Montreal, and Master Edward, are the guests of Mrs. Armstrong's brother, Mr. D. D. C. Dawe, 31 Gilmour street.

Mr. Merd L. Clysdale, who graduated with honours at the Peterborough Business College a few weeks ago, has accepted a position in Petarborough.

Mrs. Wilson, Miss Wilson and Masters. Wilbur Shiner, Norman Henderson and Chas. Bowen, of Wolfe street, are camping up the lakes for a couple of weeks.

Mr. J. H. Sawers, savings teller of the Ontario Bank, and Mr. A. H. Mulhern, teller of the Bank of Ottawa, left to-day for a two weeks' vacation at McCracken's Landing.

Mr. H. W. Stock left this morning on a business trip to New York, where he will be specially engaged in looking up the new styles for fall. He expects to return in about ten days.

Among the registrations at the Brockville "Old Boys" Re-union appear the names of the following Peterborough people:—Robert Baker, Grace Coolidge, G. A. Gillespie, Louis J. Leclair, M. O'Connor.

Dr. and Mrs. D. E. Bagshaw and Miss Sadie Bagshaw, of Saginaw, Mich., who have accompanied Dr. Bagshaw of this city on a trip to the Thousand Islands, and Montreal, are in the city for a few days' visit.

Rev. H. T. Lewis, B.A., and family, Cobourg, have joined the family of his brother, Rev. J. G. Lewis, pastor of Mark street church, in their cottage on the Otonabee River, where they will spend the month of August.

Edward M. Taylor, a well-known grain commission merchant of St. Louis, Mo., is in the city on his way to Cobalt. Mr. Taylor is a son of the late Rev. R. J. C. Taylor, rector of St. John's church, Peterborough, Ont.—Toronto Globe.

Mr. Oswald Hamilton left yesterday morning on the Saguenay and Lake St. John trip with Mrs. Hughson and Mr. and Mrs. Bradburn, of Peterborough.....Mr. George Southwell, of Peterborough, was in town yesterday on business.....Mr. and Mrs. Williamson and son, Ross, left to-day for Peterborough and eastern points. —Lindsay Post.

"Jungle" Exposes Result In Big Price For Hogs

This is the Opinion of Agricultural Authorities—"An Ill Wind," Etc—Ontario Farmers Reap Benefit.

Authorities at the Ontario Agricultural Department expressed the opinion yesterday that the unprecedentedly high prices at present being paid for hogs throughout the Province, is in a measure due to the recent packing-house exposures in the United States. They point out that the decrease in canned goods exports this year has been about $344,000, and of this amount the decrease in June alone was $336,000. It is claimed that this decrease has necessitated a demand for meat, and particularly pork, from other sources of supply, while the Canadian product has a reputation for cleanliness and freedom from revolting manufacturing conditions. Exporters, it is also said, are now, trying to hold the market, and consequently are willing to pay large prices to obtain hogs.

DEPUTY MINISTER COULD NOT COME TO THE CITY

Mr. Seath, Deputy Minister, of Education, and Mr. Colquhoun, Superintendent of Education, who were to have been in the city to-day for the purpose of conferring with the local authorities in reference to the Normal School site, wired this morning that they could not be here, and that they would come on Tuesday next.

It appears that they have been in North Bay for the last few days on business in connection with the new Normal there, and did not arrive in Toronto in time to make connections with the train for Peterborough to-day. The local authorities are better pleased at the new arrangement, since a number of the members of the Board of Education, including the chairman, are out of the city to-day.

SOME BOUQUETS THROWN AT PETERBORO' STORES

"There's no town in the province with as good stores as Peterborough," said Mr. Wm. Bergow, of Walkerville, who has been in the city for a few days on business. He said that he has travelled all over the province, and the greater part of Canada, and he had never yet seen a city of Peterborough's size, with stores which began to compare with those in this city.

He expressed himself as surprised at the enterprise displayed by the local merchants, both in their window displays and in their interior store decorations and management, and was of the opinion that the Peterborough merchants could show those of any other city he had visited, things about store management.

WATER COMMISSIONERS WILL TAKE TRIP AROUND THE LAKES

The chief clerk of the Ontario Health Department, is expected to arrive in the city to-night. He will have the proclamations issued by the Provincial Board of Health, in reference to the pollution of the waters, in his possession, and to-morrow he will post them around the lakes.

In this connection the Board of Water Commissioners will take a trip with the chief clerk, and will leave the city to-morrow morning on the regular Lakefield train, and at Lakefield will take the steamer "Sovereign," which has been placed at the disposal of the commissioners. This trip will serve the purpose of acquainting the members of the board with the actual conditions, and as a result they will be in a much better position to intelligently cope with the situation.

The Daily Grind Ruins The Nerves

In factories and workshops, offices and stores—yes, and in the homes, too—people are being worn out by the monotonous wear and tear of unceasing toil.

In the hot summer time especially the burden is heavy to bear, and without the opportunity for rest or recreation many a victim falls by the way, overcome by nervous exhaustion, heart failure or physical decline.

The world's work must be done. The toiler must toil on. But there is a method of replacing wasted nerve cells and building up the worn out system, and that is by using Dr. Chase's Nerve Food after each meal.

It gives vigor and tone to the system and prevents exhaustion and prostration. It is the friend of the worker, for it makes him strong and well and fills him with new hope, new confidence and new vigor and energy.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Company, Toronto.

Visiting Ladies Were Entertained

A Delightful Afternoon Spent at Golf Links.

While the British bowlers yesterday afternoon were being entertained by their gentlemen friends, the nine ladies who accompanied them were by no means neglected. The lady members of the Golf Club took them in hand and quite things a delightful afternoon. About 4 o'clock the ladies were taken for a drive around the city, the members of the local club accompanying them being Mrs. Ritchie, Mrs. Matthews, Mrs. R. H. Hall and Mrs. R. E. Wood. After a pleasant drive they were taken to the club house, where they were received by Mrs. (Hon.) Hamilton, and tea was served, Mrs. K. Eardley-Wilmot and Mrs. R. E. Wood presiding at the tables, which, with the club house, were beautifully decorated with flowers for the occasion. Golf and croquet were played for a couple of hours, and a most delightful afternoon and evening spent. The pretty costumes of the ladies and the floral decorations upon the background of the green lawn made a brilliant scene.

The committee in charge of the arrangements, and to whom much credit for the success of the function must be given, was composed of Mrs. Coulthard and Mrs. Sherwood. The visiting ladies were afterwards driven back to the hotel.

Sun-shine Fur-nace

Common Furnace Fire Pot — Sunshine Furnace Fire Pot

The slanting fire-pots in common furnaces provide a rest-place for ashes and clinkers, and these clog the draft, prevent radiation, make the furnace hard to shake, and fill up the fire-pot.

The "Sunshine" pot is straight up and down, which gives an uninterrupted course to the draft, and prevents ashes and clinkers sticking to the sides.

The same skill and thought has been used on every feature of the "Sunshine" furnace—it is Canada's greatest heater.

Sold by all enterprising dealers. Booklet free.

Banquetted Their Friends From Across The Sea

British Bowlers Honoured a Second Time With Delightful Banquet at the Oriental Hotel—Over Eighty Guests Were Present—A Lengthy Toast List With Many Speeches and Replies—Dr. Boucher the Toastmaster.

A more representative company of the loyal subjects of King Edward the Seventh never sat within the dining-room of the Oriental Hotel than that which gathered round the banquet tables last night in honour of the first visit of British bowlers to the Dominion of Canada. The affair which brought to a fitting close a day happily spent intermingling with Britishers from lands across the sea, was one of the most delightful in the annals of the history of Peterborough, and will be an event long to be cherished in the memories of the citizens of Peterborough who attended, as well as the genial Britishers who were, for a few brief hours, guests of the local bowling club.

All conditions united to make the dinner an enjoyable one. Host and guest intermingled with one another around the often-replenished festive board, and the best of good fellowship reigned supreme. Beautiful decorations composed of British flags and bunting hung round the spacious dining hall of the Oriental, which has held so many banquet companies, and which comfortably contained the eighty or more guests. The menu card showed a bill-of-fare quite worthy of the public house which prepared it, and the active services rendered by the hosts' efficient staff of waiters and waitresses was very much in harmony with the character of the great event.

The banquet was interspersed with delightful piano solos rendered by Prof. Milner, whose ability as a pianist is widely known. Frequently a chord was struck which appealed to the songsters of the merry company, and many a stirring song was sung. Scotch solos were the order of the evening, a pretty compliment to the majority of the visiting bowlers.

The Personnell.

Among those who participated in the delightful function were the following: Messrs. Dr. Boucher, Samuel Fingland, A. H. Hamilton, James Russell, Jas. T. Morrison, Dr. Greer, Major G. Brown, T. F. Mathews, Robert Watson, Dr. Gray, E. W. Cox, D. MacLaughlin, Robert Kerr, Chas. Murray, R. M. Waddell, S. L. Goodwill, George Mather, D. H. Moore, J. Crane, Dr. Gowan, Wm. E. McColl, Edward Gibbon, Francis Hay, Hugh Middleton, T. Davidson of Oshawa, W. J. Thompson, S. T. Medd, E. S. Clarry, C. H. Sawle, W. E. Talbot, Thomas Charlton, Thomas Watson, W. S. Davidson, Wm. Lang, Robert Gillies, Ira Trull, J. B. Hay, Edward T. Piper of Toronto, J. J. Jagger of Galaskiy, D. Belleghem, Thos. Jeffery of Edinburgh, Baillie Jounain, J. P. Purdy of Oshawa, Henry Southall of Eastbourne, S. Pickard of Leicester, R. T. Lightbourn, A. S. Wigmore, H. C. Winch, J. H. Eastwood, John McIntyre, B. A. Lillie, W. Miller, Chas. J. Seymour Andrew McGown, Geo. K. Martin, Jas. Telford, Jno. C. Hunter, Peter Campbell, D. Willox, J. C. Barclay, Jno. Hamilton, Jno. Pillans, Matthew Twiss, R. G. Sturgeon, Jno. M. Dwbridge, R. E. Harding, Richard Hall, Dr. Scott, R. P. Coulson, J. P. Smith, C. Addicott, Henry Butt, C. Russell Fitch, J. Firth of Leicester, W. Mellroy, D. Davidson, C. E. Frost, A. L. Talbot, Wm. McLotchie of Belfast, G. H. Giroux, I. B. Mitchell of Oshawa, H. T. Carswell of Oshawa, R. S. McLaughlin of Oshawa, Col. E. B. Edwards, Edmonton.

The Toast List.

After everyone had succeeded in satisfying himself with the dainties from the beautifully-adorned tables, Dr. Boucher, who had the honour of occupying the important position as toast-master, proposed the toast to the King, remarking that the people of Canada were just as loyal to their sovereign, King Edward, if not more so, than their friends of the Motherlands. The toast was heartily drunk and responded to with three rousing cheers.

To the British Bowlers.

In proposing the toast to "The British Bowlers," Dr. Boucher said it afforded him great pleasure to have the honour to do so. It was an unique experience to have friends from across the sea to play a sociable game of bowling. It was a greater experience to know that the minds of Canadians were broadened by the visit, and he thought the visitors also would carry away with them a better knowledge of Great Britain's greatest colony to their several homes. The visit, he said, would have a tendency to bind the colony and Motherland more closely together, and he wished that his British friends could see the great and boundless Northwest, where the wheat lands lie.

Bowling, he said, was a comparatively infantile game in Canada, and it was only during the past few years that it has been taking a deep root in every town and city of importance in the Dominion, and is now advancing in popularity in rapid strides. In conclusion, he hoped that the Old Country bowlers and their friends from beyond the Atlantic would carry away pleasant memories of their visit in Canada among Canadians.

The veteran curler, Mr. Peter Campbell, the man of 83 winters, responded to the toast. He thanked the Peterborough curlers for their utmost cordiality extended to them on their visit here. They had been treated in a most princely manner, which would not soon be forgotten. He paid a pretty compliment to the ladies of the city among whom he had spent the afternoon on the golf links. Their equals, he remarked, could not be found anywhere, and treated as most some of them in company with Peterborough curlers in the Old Land in the near future.

Messrs. D. Willox, and S. Fingland, the British bowlers' captains, also responded to the toast, and were profuse in extending their thanks for the royal reception.

The President's Reply.

The health of the members of the home curlers and those from Stouffville, Oshawa and Port Hope was next drunk, and responded to by the president of the Peterborough club, Mr. D. H. Moore and Mr. Carswell, of Oshawa.

Mr. Moore thought that no more suitable reply could be made, than to read the score list of the games during the afternoon, and jocularly pronounced his own score first. He thanked the visitors on behalf of the club for the great honour the Britishers conferred upon them by making Peterborough one of their objective points—an honour which was denied to many. He assured them that wherever they went they would always have the best wishes of the Peterborough club for their success.

Two delightful songs at this juncture added a pleasing tinge to the happy event. Mr. W. Mellroy sang "Loch Lomond," and Mr. McLotchie also contributed a song, "Mary."

Kindred Sports.

Dr. Greer proposed the "Kindred Sports," and was proud to say that Peterborough stood high on the ladder of amateur sports. Col. Edwards made a stirring reply, recalling to memory the visit of the Scottish curlers nearly four years ago, and mentioning the great advantages derived from such visits.

Mr. G. K. Martin next rendered the beautiful Scotch "Annie Laurie," in his usual excellent voice, and was greeted with warm applause.

The last toast—that to the ladies—was proposed by Mr. W. S. Davidson in a humourous strain, and responded to by the youngest member of the British team, Mr. Jno. Pillans.

The delightful event was brought to a close by the singing of "Auld Lang Syne" and "God Save the King," with cheers for the visitors and the chairman.

Immediate Precautions Absolutely Necessary

Says Dr. Hodgetts, Provincial Health Secretary, in Reference to Sanitary Measures Enacted for the Kawartha Lakes.

Toronto Aug. 1.—"It is an entirely local problem," said Dr. Hodgetts, of the Provincial Health Department, in discussing sanitary conditions as they affected the Kawartha and Muskoka Lakes district.

All that the Department can do, as the law stands at present, is to notify hotel proprietors, householders, owners of boats and steamers and the public generally that the practice of depositing domestic sewage, house waste and excreta of all kinds into the lakes must cease. An officer of the Department will leave to-day to post up notices in the districts affected.

Several municipalities obtain their water supply from the Kawartha and Muskoka lakes, and immediate precautions, from a sanitary point of view, are deemed absolutely necessary.

Bride And Groom Were Past The Allotted Span

An Interesting Wedding Ceremony Which Took Place in Bancroft This Week—Groom Was 73 and Bride 70.

A representative of the Belleville Ontario, who is at present spending a couple of weeks' holidays in Bancroft and vicinity, was present at a very remarkable wedding in Bancroft on Monday night. The groom was a local preacher from the village of Olden, in Frontenac County, and his age was 73. He was a widower. His bride was Mrs. Samantha Patience, Lake, and she had just turned 70 years. Both of them were as happy as two young lovers, and answered the questions put to them as clearly and distinctly as possible. The ceremony took place at 7 o'clock in Knox Presbyterian church and was performed by the Rev. J. A. Petrie, son of ex-Alderman Petrie, of Belleville. The pretty little church was filled, the news of the interesting event having become spread during the day. The "young" couple were unattended.

After the ceremony the newly-wedded pair repaired to the residence of a friend of the bride at the outskirts of the village, and at 9 o'clock about a hundred of the old and young residents, both male and female, charivaried the old couple in grand style. This is the usual custom there, and all married couples expect the ceremony. For about two hours there was a wild time. Guns, horns, various kinds of musical instruments, and about a dozen cowbells rang out on the evening air until the participants become tired out, when they dispersed, leaving the happy pair to themselves.

CHANGING SENTIMENT.

Oliver Goldsmith's "Deserted Village."

Goldsmith in his "Deserted Village," spoke of a certain chapel where those who went to "scoff remained to pray." So in life one often laughs at what he does not understand, and later when he does understand, his laughter turns to praise. There are some who doubted the merits of Newbro's Herpicide, the scalp germicide and hair dressing but since they have tried it they are now among its best friends and very strongest endorsers. Herpicide kills the germ that eats the hair off at the root, and the hair then grows again. As a hair dressing it is incomparable; try it.

Sold by leading druggists. Send 10 cents in stamps, for a sample to The Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

304 GEORGE STREET

Jam Blocked This Steamer

Passengers of Kathleen Had Difficulty in Reaching Lindsay.

The Lindsay Post says:—"A big jam of logs in the river this morning blocked the passage completely, and the Kathleen was compelled to land her passengers at the lower wharf, about three-quarters of a mile from the centre of the town. The things they said about Supt. McClelland, of Peterborough, and his local overseer, Mr. McGill, for permitting such unnecessary delays, would not look well in print. It looks as if the millmen are going to win out in their scheme to claim the Scugog channel within the town for use as a log pond. The logs must be landed at the mill, even if weak women and children are thereby compelled to walk a long distance in the heat."

Fifty Took In Knights Outing

Local Knights of Columbus Go To Kirkfield.

The excursion of the local Council Knights of Columbus to Kirkfield today was well attended, about 50 members of the Order leaving this morning on the G.T.R. flyer for Lindsay, where they were joined by a number of the members of that Council and proceeded to the site of the duplication of the Peterborough lift lock, where they intended to spend the day. They will return by the flyer to-night.

Captain Gower In West Indies

Salvation Army Officer to Address Meeting.

Last night Capt. Annie Gower, who has just returned after spending five years in Salvation Army work in the West Indies, was at the Salvation Army Barracks, and gave an address, the subject of which was "Our Future Home." To-night Capt. Gower, who is an English lady, will give an address in which she will tell of her experiences in the work in the West Indies. The Capt. is a very talented lady, and her address will no doubt be very interesting and instructive.

Lakefield Man Dies In New York

Mr. W. J. Jury, Formerly of This County Dies Suddenly.

Word has been received in the city of the death in New York of Mr. W. J. Jury, formerly of Lakefield, the cause being heart failure. His death was very sudden, coming entirely unexpectedly. The body arrived here yesterday, and was taken to Lakefield, where the funeral is taking place this afternoon. The deceased was married, and is survived by his wife, but had no children.

G. T. R. OFFICIALS WERE IN CITY

W. A. Tiffin, Superintendent of the Northern Division of the G.T.R. and General Roadmaster McNamara, were in the city yesterday on business.

They left the city yesterday afternoon on the 2 o'clock Belleville train.

Weekly Concerts By The S.A. Band

On Thursday Nights at Victoria Park.

To-night, and every Thursday night during the summer months, the Salvation Army Band will give a concert in Victoria Park, an announcement which the citizens who admire the work of this band, will be glad to learn of.

Will There Be Any Fall Fair?

This Much-Discussed Question Will be Decided To-night.

A meeting of the Directors of the West Peterborough Agricultural Society will be held at the Munro House to-night at 8 o'clock, when it will be definitely decided whether any fair will be held or not. The meeting was to have been held to-morrow night, but the date has been changed to to-night.

SHIPPING GREEN CHEESE STRONGLY CONDEMNED

The Canadian Dairyman in its last issue says: In spite of the advances that have been made in other lines, never before have we shipped as much green cheese from Canada as this year. Although the season is not far advanced, complaints are being received already from the British buyers in regard to the quality of this cheese. Every green cheese that leaves Canada is an injury to the industry.

Both buyers and producers know that the exportation of this green cheese is reducing the demand for cheese, and thereby injuring the industry. Both claim they cannot help their share in the transaction. Both claim to be anxious to put a stop to it. Why, then do they not co-operate in having a law passed that will prevent the shipping of cheese that has not been kept in the factories at least ten days. In the case of factories that have not got accommodation for the holding of their cheese, provision might be made for the buyers to keep it on hand for a specified period. The sooner our dairymen realize that something of this kind has got to be done and take steps with that object in view the better it will be for all concerned.

Made Photographs Of Lake Scenes

Mr. R. M. Roy Returns From Delightful Cruise.

Mr. R. M. Roy has just returned from a delightful week's trip around the Kawartha Lakes, with his steamer Rob Roy. The trip was one of pleasure. Mr. Roy could not but enjoy an outing on his trim yacht, but at the same time, he put the outing to good use and as a result he has secured a splendid collection of photographs of picturesque spots around the lakes. These will, no doubt, appear soon on picture post cards and in other forms, and they will give the public a new idea of the beauty of our Kawartha Lakes.

WEDDING BELLS

TOVEY—GOODWIN.

A very pretty wedding took place last night at eight o'clock, at the residence of Mr. Jas. Goodwin, 461 Sherbrooke street, when Miss Hattie, the youngest daughter of Mrs. Jas. Goodwin, sr., Lundy's Lane, was united in marriage to Mr. George H. Tovey, of the drafting department of the General Electric Company, of Schenectady, N. Y., eldest son of Ald. Tovey of this city. The wedding ceremony, which was witnessed by about seventy-five invited guests, was performed by Rev. H. M. Manning, pastor of the Charlotte street Methodist church, the bride being given away by her brother, and the bridal party standing beneath a beautiful arch of smilax and sweet peas, with which the drawing room, in which the ceremony took place, was also decorated for the occasion.

The wedding march was played by Miss Florence Butcher, as the bridal party took their places for the ceremony. The bride was very prettily dressed in cream nun's veiling, Princess gown, with a yoke of all-over lace, and trimmed with lace and insertion. She wore the customary bridal veil, and carried a large bouquet of bride's roses and lilies of the valley. The bridesmaid, Miss Letitia Campbell, of Port Perry, was dressed in a similar costume to that of the bride, and carried pink roses. The groom was supported by his brother, Mr. A. F. Tovey, of Cobourg.

After the wedding a delightful dejeuner was served in the dining room at which the health of the bride was proposed and responded to in the usual manner by the groom. The happy couple left on the midnight C. P. R. train for Montreal, after visiting in which city for a time they will go to Buffalo, and return to Schenectady, where they will make their future home. The bride's going away gown was a grey suit of tweed, with Eton jacket and silk blouse, with trimmings of Valenciennes lace and insertion. Her hat was an unbleached Leghorn, trimmed with white wings and pale blue and white velvet.

Evidence of the popularity of the bride was not lacking, the large number of costly presents bearing eloquent testimony to the fact. The members of the staff of the armature department of the C. G. E. Company, were represented by a handsome marble clock. The groom's gift to the bride was a gold bracelet, set with amethysts. To the bridesmaid he gave a pearl crescent; to the groomsman a pair of gold cuff links set with diamonds; and to the pianist a lady's gold fob. During the evening congratulatory telegrams were received from Mrs. M. Stevens, and Mr. John Goodwin, sister and brother respectively, of the bride, of Los Angeles, Cal.

Mr. and Mrs. Tovey carry away with them the heartiest good wishes of a very large circle of friends, with whom they were both very popular.

All The Preliminary Arrangements Made

For the Entertainment of the Oddfellows Next Week for Grand Lodge—The Details Worked Out at Meeting of Grand Lodge Committee—Programme of Proceedings.

All the preliminary work is arranged for the fifty-second annual communication of the Grand Lodge of Ontario of the Independent Order of Oddfellows, which will be held in Peterborough next week, commencing on Wednesday, Aug. 8.

The Grand Lodge committee met last night. Col. J. W. Miller, presiding. There was a large attendance and all the little details in connection with the big gathering, were completed. It was reported that all provisions for billeting were effected and from present appearances there will be ample accommodation for all. Some 800 delegates can be accommodated outside of the hotels.

The delegates will begin arriving on Monday next, but the great majority will likely come in on Tuesday's trains. Members of the local reception Committee will meet each train and direct the strangers to the local hotels and boarding houses.

Mayor Best will be expected to give three short, civic addresses of welcome—one to the Rebekah Assembly on Tuesday and also another to the Grand Lodge Encampment on that day. On Wednesday he will deliver greetings to the Grand Lodge of Oddfellows, which meets in the Court House.

The steamer Water Lily has been engaged to make six trips over the lift lock on that day, leaving the Wolfe street wharf. The visitors will all be carried free, as the guests of the local Oddfellows. Outsiders will be charged twenty-five cents. The trips will be made at 8.30, 10, and 11.30 in the morning, and at 1.30, 3 and 4.30 o'clock in the afternoon.

The big Oddfellows' parade of Grand Lodge delegates, including the members of the local lodges and those in the district—in fact all Oddfellows—will be held on Wednesday night, Aug. 8th, leaving the Central Park at 7.30 o'clock sharp. It is expected that over 1,000 triple-linked men will take part in the big parade. The marshalls will be Col. J. W. Miller, Harry Morgan, A. Malcolmb, L. S. Jackson, Geo. Jobbitt and W. J. Johnston. There will be three bands in the procession — the 57th Regiment Band, the Regiment Bugle Band and a Fife and Drum Band.

The Proceedings.

The outline of the proceedings for Grand Lodge week, is as follows:—

Monday, Aug. 6.—Arrival of delegates.

Tuesday, Aug. 7.—Rebekah Assembly opens in I.O.O.F. hall at 9 o'clock. Address of welcome by Mayor Best, of Peterborough.

Grand Encampment, I.O.O.F., session opens at 10 o'clock in the Court House. Mayor Best will deliver a civic address of welcome.

In the evening at 8 o'clock, headed by the 57th Regimental Band, Canton, Toronto, Patriarchs Militant, will hold a parade, and afterwards in the market hall will confer the degree of Chivalry upon Mrs. Ryan of Toronto. This is a beautiful and impressive ceremony, and the work is well worth witnessing. The public will be admitted, a small admission fee being charged to cover expenses.

The degree of Chivalry which will be conferred upon Mrs. Ryan, of Toronto, by the Toronto Canton on Tuesday night, is in recognition of Mrs. Ryan's valuable services, who was at the head of a committee of ladies in Toronto, which presented a handsome banner to Canton Toronto in 1887, on the occasion of the last meeting of the Grand Lodge in Peterborough.

All the Grand Lodge I.O.O.F. committees will meet at the Court House on Tuesday at 10 o'clock.

Wednesday, August 8th.—Opening of 52nd annual communication of the Grand Lodge of Ontario, I.O.O.F., at the Court House at 9 o'clock. His Worship Mayor Best will extend greetings on behalf of the city. Grand Master F. R. Blewett, of Listowel will present his annual report and the reports of the other Grand Lodge officers will also be read. The delegates will be taken over the lift lock, the steamer Water Lily making six trips during the day from the Wolfe street wharf.

In the evening at 7.30 o'clock there will be a parade of Oddfellows, all visiting and local brethren being in line. It will start at 7.30 o'clock sharp from Central Park, and the route will be up George street to London to Water, along Water to Charlotte and up Aylmer to Simcoe and along Simcoe to George and up George to the Park, where the procession will disband. It is expected there will be between 1,000 and 1,200 triple-linked brethren in the parade, along with three bands.

The Orientals will join in the general parade, which will doubtless be witnessed by hundreds of citizens.

On the same evening, Wednesday, Aug. 8th, the Degree of Perfection will be bestowed upon a number of brethren under the direction of Tribesman J. A. Macdonald, of Toronto, Supreme Monarchist. This ceremony will take place in the market hall.

There will be a large excursion to Peterborough from Barrie, on Wednesday, Aug. 8th.

Thursday, Aug. 9th will be the closing day of the Grand Lodge meeting. It will be devoted strictly to business and on Thursday evening it is expected that affairs will all be wound up and the delegates leave for home.

There will be a large excursion to Peterborough from Orillia and adjoining points on Thursday, the closing day of the Grand Lodge.

The citizens of Peterborough should join in extending to the visiting Oddfellows a cordial welcome and do all in their power to assist the local I.O.O.F. men in endeavouring to make this session of the Grand Lodge the most successful and enjoyable ever held in the history of the Order.

Photo Business Changes Hands

Mr. David Currie Acquires the Photograph Establishment of Mr. J. MacKnight.

Mr. J. MacKnight, photographer, Hunter street, has disposed of his business to Mr. David M. Currie, of Toronto. The studio will be closed for a few days, but will be opened again for business on the return of Mr. Currie to the city. Both Mr. and Mrs. MacKnight have made numerous friends in Peterborough, not only because of their pleasant social bearing to all, but also on account of the enthusiasm shown by Mr. MacKnight for his profession, and his genial business manner. He leaves the city to-day to attend a meeting of the professional Photographers' Association of America, of which he is a member, to be held at Niagara Falls next week, after which he goes to British Columbia.

Mr. Currie, his successor, is a photographer with a valuable experience in Canada, Buffalo, Chicago and other cities.

THE WEATHER

No excessively high temperatures were reached during the month of July, the highest being 86 degrees, on the 13th, 14th and 22nd. The lowest reading for the month was 48 degrees, on the 5th. Rain fell on seven days. Each occasion was a thunderstorm, of more or less severity. Two especially heavy thunderstorms occurred during the month—one on the 3rd, when 1 inch and .65 of an inch fell; and on the 4th, when .85 of an inch was the amount. The total for the month was 3.57 inches. A hailstorm which occurred on the 22nd, did considerable damage at some points in the district. July of 1905 had one-half the rainfall of this year, but double the number of rainy days.

Citizens' Band With Excursion

Prospects for a Great Crowd From Orillia.

Word has been received in the city from Orillia from the manager of the Opera House, who is running the excursion from that town to Peterborough next Thursday, to the effect that prospects are excellent for a good crowd. He states that the Citizens' Band of forty pieces has been engaged to accompany the excursion.

This will in all probability be the biggest excursion into Peterborough this summer.

Pleasant Evening At Crawford's Grove

An Enjoyable Time Spent in Song and Recital.

Last evening the Crawford grove campers extended their hospitality to about 150 of their friends. Almost all the boats in Rye's boathouse, besides Mr. W. E. Talbot's gasoline launch, and Mr. Allen's steamer, were required to convey the crowd from the end of the street car line.

The grove was beautifully illuminated with Chinese lanterns of variegated colour and grotesque appearance. An immense bon fire was kindled in the centre of a tree-surrounded opening, and judging from the number of stumps which went up in smoke, the farmers in the neighbourhood of the Grove must be very well pleased to have the campers assist them in their logging bees.

About 8.30 Mr. A. W. Patterson, the efficient chairman of the evening, opened up the proceedings with an address of welcome to the visitors. After speaking in a happy strain for a short time he introduced the following programme.

Piano solo, Miss Maggie Doherty.
Song, Mr. D. Campbell.
Recitation, Mr. Rummel.
Flute solo, Mr. Commons.
Song, duet, Messrs. Delaney and Patterson.
Recitation, Miss E. Primeau.
Mouthorgan solo, Mr. F. Andrews.
Recitation, Mr. G. Lynch.
Instrumental solo, Mr. Roskalk.
Song, Miss Mae Clancy.
Song, duet, Mr. and Mrs. George Ball.
Song, Miss N. Fitzgerald.
Step dance, Mr. F. Andrews.
Song, Miss Mona O'Shea.
Song, Mr. F. Pope.
Recitation, Mr. Rummel.
God save the King.

The persons taking part in the above programme rendered the numbers in pleasing style, and the campers wish to thank them for the part they took in making the entertainment a success. Special thanks are due to Mrs. Jas. O'Shea, of "Cuil Bawne," for the loan of the piano which was used throughout the evening, and to Miss M. McCabe, Miss M. Doherty and Mrs. Mowry who acted as accompanists.

About 10.45 the crowd broke up, after giving three hearty cheers for the campers. The return to the street car wharf was made in good time and special cars conveyed the visitors up-town.

Those who are camping at Crawford's Grove and to whom the entertainment is mainly due, are the following: Mr. W. Merrell and family; Mr. A. W. Patterson and family; Mrs. Mowry, Mr. Mackenzie and family, Mr. W. Robinson and family, Mr. W. E. Talbot and family, Mr. Gillespie, Mr. J. Heaslip, Miss Patterson, Mr. D. Campbell and others.

Another House On Small's List

Berlin Opera House Now on That Circuit.

A Galt despatch says:—This morning Manager Eagan of the Galt Opera House, with Messrs. George Nichol and Leon Shupe, lessees, completed arrangements for the lease of the Berlin Opera House. Mr. Eagan will have the management of the house, which will be one of the Small circuit.

Lake Visitors Had Good Luck

Miss Evelyn Carey Secured a Good 'Lunge.

Examiner Special,

Stony Lake, August 1st.—Miss Evelyn Carey was successful in landing an enormous lunge yesterday afternoon. As it was not convenient to weigh the monster the exact weight is not known. A "United States" visitor, who is a guest at Burleigh Falls Hotel, could if so inclined, make a strong bid for the Star trophy. While fishing in the bay yesterday he caught a black bass which weighed five and one-sixteenth pounds. On Saturday Mr. Sherman McCracken brought in an eleven pound lunge, which it is said, he himself caught.

Mr. Hubert McBain came up to Bona Vista yesterday morning.

Miss Violet Roberts of Toronto, who has been spending a few weeks at Pepacton, returned home yesterday.

Miss Pearl Lundy came down the Lakes yesterday and is the guest of Mrs. Bradburn at Minne-wa-wa.

Mr. C. J. Blomfield, Miss K. Blomfield, and Miss Gladys Lewis, who have been at Stony Lake, went down to Lakefield yesterday.

The yacht Rob Roy, with a party of eight persons, who have been touring the lakes, went down to Peterborough yesterday.

The Misses Allen and Miss L. Staples, who have been at the Mt. Mount Julian Hotel, for a couple of weeks, went down yesterday.

Mr. Clayton Chown went down to the city yesterday afternoon.

Mr. D. Sedgwick and Mrs. Sedgwick, Norwood, were visitors at the lake yesterday.

Miss Stratton, of Grand Rapids, Mich., and Miss Stevens of Peterborough, went down on the afternoon boat yesterday.

Mrs. A. L. Smith and party of four persons, of Bobcaygeon, came down on the T. V. N. Co's boats yesterday and went to Lakefield. The intention was to drive from Lakefield to Chemong and from there take the steamer for Bobcaygeon.

Mr. W. McClennan of Peterborough, is a guest at the Victoria.

Dr. Bell of Apsley came up from the city yesterday.

The steamer Beaver took the afternoon up trip yesterday in the absence of the Majestic, which took the morning up trip in the stead of the Stoney Lake, which went to Buckhorn with the Millbrook Methodist church excursion.

Mr. C. B. Routley is having an addition put on his cottage.

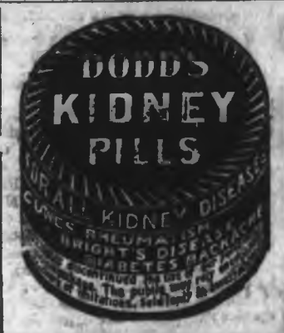
Troubled for over Four Years. Weak Bowels and Diarrhoea.

Dr. Fowler's
Extract of
Wild Strawberry
cured after other remedies had failed.

This wonderful bowel complaint cure will do the same for you as it did for Mr. Chas. Durham, Toronto, Ont. He writes as follows:

"I was troubled for over four years with Weak Bowels and Diarrhoea and could not get any medicine to cure me until I tried Dr. Fowler's Extract of Wild Strawberry. Since taking this medicine I have had none of my former trouble, and can recommend it to any person with the same complaint that I had."

All dealers sell it. Be sure and ask for Dr. Fowler's and accept no substitute.



The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, August 2. — Notwithstanding lower prices from London this morning, our market opened strong. Bullish tactics were in evidence again throughout the day. St. Paul soared up over 3 points right from the opening, U.P. and Southern Pacific made new high records, while N.Y.C. Penna., and L. and N. advanced sharply. Reactions were of little importance and short lived.

The bulls made the market bull in the late afternoon and put stocks up with a rush and a road. St. Paul crossed 180 and Union 157.

The close was furiously active and strong.

PERSIA IN REFORM RANKS.

New Grand Vizier's Program, of Course Includes a Loan.

Teheran, Persia, Aug. 1.—Mushir Ed Dowleh has been appointed Grand Vizier and retains the portfolio of Foreign Affairs, which he held under the retiring Grand Vizier.

The refugees under the protection of the British Legation now number nearly 12,000. They have been orderly heretofore, but they are becoming more excited and continue to insist on their demands for reform.

It is believed that the new Grand Vizier intends to initiate political and financial reforms. His program is said to include the negotiation of a loan, which is considered necessary to restore normal conditions in the country.

Alfonso in England.

Cowes, Isle of Wight, Aug. 2.—King Alfonso and Queen Victoria of Spain arrived here yesterday on the Spanish royal yacht Giralda, escorted by the armored cruiser Prihcesa de Asturias. Salutes were exchanged, and there was a great display of bunting afloat and ashore, as a welcome to their Majesties who will remain here over Cowes yachting week. King Alfonso intends to build a racing yacht to compete here in 1907.

Beits' Will.

London, Aug. 2.—The will of the late Alfred Beit has been admitted to probate. So far as has been ascertained the estate amounts to $15,000,000. He leaves $125,000 to Dr. Leander S. Jameson, the leader of the Jameson raid, and a month's salary for each year's service to all his clerks. The above is only a preliminary valuation.

Ashore in a Fog.

St. John's, Nfld., Aug. 2.—Having lost her position in a dense fog, the freight steamer Cyril, from Miramichi for England, ran ashore yesterday at Portuguese Cove. The crew were rescued but the steamer will probably be a total loss.

Winnipeg Building Boom.

Winnipeg, Aug. 2.—Building permits amounting to $1,700,000 were issued in July.

A White Flag Has Been Raised At Hilsingfars

But It May Not Mean Revolutionaries Have Surrendered.

BOMBARD THE MUTINEERS

Fire of Battleship Slava and Another Warship Thought to Have Some Effect—Thousands View the Heavy Cannonading Which Furnished an Awe-Inspiring Spectacle—Some Particulars of Fight.

Helsingfors, Aug. 2.—(1.30 a. m.)—The white flag has been hoisted on one of the islands, but it is premature to say whether the revolutionaries there have surrendered. In any event, however, the fire from the battleship Slava and another warship undoubtedly had its effect. The mutineers report that the Slava was struck several times by their fire.

During the afternoon a boat put out from Sveaborg and was bombarded. The occupants, who were members of the red guard were arrested.

Commander Stoned to Death.

The mutiny first broke out Monday, among a sapper battalion, which had been disarmed in the fortress. The artillery joined in the revolt and together the mutineers took possession of the soldiers. The commander of the fortress appealed personally to the men, but his words were unheeded. The mutiny speedily assumed an aggressive character. The commander of the sapper battalion was fired upon by his men and wounded. He was then stoned to death and thrown into the sea. A midshipman named Dellvron, attached to one of the torpedo boat destroyers, went out and hauled down the red flag from Skatudden fortress while the mutineers were firing on him. He received four bullets in the breast and died in a hospital during the night.

No Firing For Two Hours.

Helsingfors, Aug. 2, 12.40 a. m.—A rumor of the surrender of the entire mutinous force at Sveaborg was brought over to Helsingfors by the postmaster at Sveaborg. It is impossible to confirm the rumor here.

The fire from the cruisers has seriously damaged the fortifications. There has been no firing for the last two hours. The mutineers have failed in their efforts to secure provisions.

Bombarding the Mutineers.

The Alva, another cruiser, has arrived, and last night was engaged in bombarding the mutinous battery at Sveaborg Island. It is rumored that the revolutionists on the islands have raised the white flag. It is impossible to communicate with the islands. Some excitement has been caused in town by the arrest of several members of the "Red Guard" and other revolutionists.

Awe-Inspiring Spectacle.

The cannonade was heavy, the firing of the guns furnishing an awe-inspiring spectacle to the thousands living the points of vantage on Observatory Hill. The loyal minority seemed to command the forts on Nicholai Island, which was engaged in a duel with Sanhamn's formidable masked batteries. At 10 o'clock yesterday morning they were still exchanging broadsides at ten-minute intervals. The casualties transported to Helsingfors number less than fifty, of whom fifteen are dead. But thus far the number of killed or wounded in the Sveaborg hospitals has not been ascertainable.

Order has been restored at Skatudden Island, where 110 sailors and eleven civilians have been disarmed.

The Diet at a sitting late last night issued an earnest warning to the population to abstain from participation in acts which might possibly gravely affect the whole country.

Sold by leading dealers, cafés and clubs. Brewed by
THE O'KEEFE BREWERY CO. LIMITED, TORONTO

BISON FURNACE

Twice as much heating surface is covered by the fire in a Bison Hot Water Furnace as in any other.

The flames are drawn up through the side flues, then down and to the chimney through the middle flue.

Burns all the gas and traps all the heat against the top section.

In other furnaces the fire travel is practically a direct one to the chimney, and much valuable heat escapes, the important top section getting less than any of the others.

The Bison has more good heating points than all other heaters combined.

Latest News Of Various Sports

Charlotte Street Wins The Examiner Trophy

Have Landed Guild League Championship Three Years in Succession—Won by the Narrowest Possible Margin—Coveted Cup is at Last Possessed by Charlotte Street Nine.

With a lead of two runs to their credit since the first part of the game in the finals the Charlotte Street Guild nine, winners of the Examiner cup for the past two years, met the George Street team in the last half of the Guild League finals at Riverside Park last night. The northern Methodists managed to land one run against the Charlotte Street's nine, but the latter having a lead of two win the game, championship and as a result of three consecutive wins of the latter, the Examiner trophy. The game was an exciting one from the first innings and was certainly in doubt until Roddy beat Curtis out on a throw

THE EXAMINER CUP

Won for the third year in succession and now the established property of the Charlotte Street Baseball Club.

of a grounder to first. Then the Charlotte Street aggregation knew the much-coveted prize was theirs, and they did not hold back in the least in expressing their enthusiasm. A little army of rooters that had gathered near the liners sent up a yell or rather series of yells that would have put Buffalo Bill's Wild West Indians to shame. And they certainly had good reason for the intensity of their happiness. They deserve credit for their success and have played clever ball since the league was organized. With the winning of the City League Hockey championship last winter and the winning of three successive championships in baseball the calibre of the Charlotte Street athletes is beyond question of a high order and both the hockey and ball teams are a credit to themselves and the city.

The losers must not be left out of consideration. Manager Metheral's bunch provided a snappy ball at all

MR. HARRY RODDY

Who for three successive years has captained the champion team in the Guild League. He has pitched the team to three championships.

stages of the game and it was only by the narrowest margin that their opponents defeated them, and as it was a man was on third, but a "miss is as good as a mile," and the miss, and a slim "miss" at that, was chalked up against George Street.

Game by Innings.

Charlotte Street was first to bat. Lang got first on a scratch. Dusty flew to Belleghem, Lang stole second. H. Roddy went over Kendry to Belleghem. A. McWilliams flew to Belleghem.

Belleghem hit safe to centre and was forced to second on Curtis' infield hunt. Curtis stole second and third. Weatherstone fanned. Curtis came home on a very clever steak. It was the only run of the night. Dusty threw wild to catch him at the plate. It looked as if Curtis had the throw beaten out anyway. Kendry flew out to Heaslip.

F. Roddy was out to Pedlar and Belleghem. Heaslip made three wild swings on the horseshide. Ryan was out, Kendry to Belleghem.

Parnell grounded to Squires. McWilliams fanned. Shaw flew out to N. McWilliams.

Pedlar and A. Weatherstone struck out. Belleghem got first on Heaslip's error and stole second and third. Curtis grounded to Reddy and the game was over. He made a bold dash for first, however, and Shaw who ran for Belleghem, tore for home, but the run did not count as Curtis was caught at first. It was one of the most exciting games of the season.

The Teams

Charlotte Street—N. McWilliams, ss; Squires, 2b; Lang, c; Dusty, 3b and cf; H. Roddy, p; A. McWilliams, cf and 3b; F. Roddy, rf; Heaslip, 1b; Ryan, lf.

George Street—Kendry, ss; Parnell, c; McWilliams, 3b; Shaw, lf; Pedlar p; W. Weatherstone, rf; Belleghem, 1b; Curtis, cf; A. Weatherstone, 2b. Fred Whitcroft, umpire.

Quaker Team Given A Raw Deal By Committee

Mr. J. E. Sullivan Writes to Globe and Explains the Situation—The Team Willing to Play Off if Given an Opportunity.

The Toronto Globe has the following letter to-day:

Sporting Editor Globe: For the information for those who may not know why the Peterborough Quaker football team did not play off for the intermediate championship of Ontario, allow me a small space to explain.

The Peterborough Quakers won the championship of the Midland League, and with it carried off the best record of any football team that Peterborough ever turned out. During the season just closed they played and won eleven games, scoring 24 goals to their opponents' 3. The team were then entered in the O. F. A., the admission fee and list of players being sent to J. W. Ward, Secretary. On Friday, July 6th, I was speaking to Mr. Brigden, Chairman of the Match Committee, over the 'phone, and, as I knew that there were only three teams left, namely; Preston, Little Yorks and Peterborough, I urged on him in the interests of football in the Midland League, to secure the bye for the Peterborough team if possible, and if not to let it be drawn for. Mr. Brigden was to advise me on Saturday, the 7th inst., but did not hear from him till the following Tuesday morning, 10th, when I received his telegram, as follows:—"Match Committee have arranged schedule: Peterborough at Little York, July 11th, Little York at Peterborough July 14th." Preston was given the bye; yes, it was handed over to them by the Match Committee; that body consisted of the Toronto and western men, Dr. Devitt, of Bowmanville, was a member of the Match Committee, but was not given a chance to be present at the meeting, or even a chance to express his views on the matter by telephone.

Mr. Harry Brown, of Berlin, I understand, was instrumental in getting the bye for Preston, but judging from the "send off" he got after refereeing the game at Preston, it does not look as if that club was very grateful for his efforts.

Had the Peterborough Quakers been given a square deal by the so-called O. F. A., and thereby given a chance to play off for the intermediate championship of Ontario, it would have been a great boon to football in the Midland League and throughout eastern Ontario. However, it looks as if the westerns were trembling in fear that another championship would come to Peterborough. The Peterborough Rugby team brought east the intermediate championship last year, while the record of the hockey team and their winning of the intermediate championship last season is fresh in the memory of all. Taking this into consideration, the westerners decided to take no risk of a third championship coming to Peterborough in less than a year.

The O. F. A. may have been doing good work for the western teams in the past, and, no doubt, intend to continue it, and it is not at all probable that the Midland League will be again affiliated with that body.

Yours truly,
J. E. SULLIVAN.

Peterborough, Ont., July 31st, 1906.

Good Excursion For Lindsay Game

Special Train This Afternoon Took Good Crowd.

This afternoon the special train to Lindsay, run in connection with the match in that town with the Shamrock and Oshawa teams to break the tie, was fairly well patronized. The special, which left at 2 o'clock, carried a good crowd, the majority of whom would attend the game to help cheer the local boys on to victory.

Visitors Couldn't Stand The Pace

And Bradford Team Won From Newmarket.

Bradford, Ont., Aug. 1.—The Intermediate C. L. A. match played here this afternoon between Newmarket and Bradford, resulted in a victory for the home team by nine goals to two, the latter part of the game being very rough. P. McMillan, of Beaverton, refereed the game. At half time the score was 2—1 in favour of the Newmarket team.

Beaverton Won From Cannington

Defeated Latter Team at Home Yesterday.

Cannington, Aug. 1.—The game here to-day between Beaverton and the home team, district No. 11, resulted in favour of the visitors by a score of 6 to 1. The game was one of the best exhibitions of the national game ever played on the grounds, and the spectators got their money's worth.

BASEBALL

J. Squires leads in the batting off the Charlotte Street team, with Lang Roddy, N. McWilliams and F. Roddy all tied for second place.

• • • •

N. McWilliams, Ryan, Roddy and Squires have been on the champions line up for the past three years.

• • • •

The Examiner trophy, donated three years ago by Hon. J. R. Stratton, to the winners of the Guild League and captured last night by the Charlotte Street nine in their game against George Street, by right of their winning the championship three years in succession, is on exhibition in Clarke's window to-day. The trophy is a very handsome one and the Charlotte Street aggregation naturally feel very much elated over their freehold possession of it. It is literally, to the plucky winners, "the cup that cheers."

Things Shaping For The Regatta

Mr. Johnston Paudash Says Everybody is Assisting.

Mr. Johnston Paudash, who has been working diligently in the interests of the Peterborough Mississaugs Regatta to be held at Drawford's Grove some time this month, reports that everybody is responding with financial assistance. The affair will therefore meet with success when so many are interested in the event.

When the chairman calls the next meeting, a date will probably be fixed on which the first annual regatta on the Otonabee will be held.

PRINCIPAL DYER, D.D.

One Month In Jail For Assaulting An Officer

Wm. McKnight Goes to the Hill for That Period for Assaulting P. C. Meharry—Ernest Hodgson Committed for Trial.

His Worship Police Magistrate Dumble, evidently has no sympathy with those who so flagrantly defy the law as to assault a police officer on duty, and at the police court yesterday afternoon sentenced William McKnight, found guilty of assaulting P. C. Meharry last Saturday evening, to one month in jail, with hard labour.

The details of the mix-up, which took place at the corner of George and Charlotte streets last Saturday night, between Police Officer Meharry and McKnight, are familiar to the majority of the citizens, the affair creating quite a sensation, and having been noted in detail in a recent issue of the Examiner. The crowd that gathered at the scene of the row was immense, traffic of every description being blocked for some time.

Ernest Hodgson, who comes from Philadelphia, and who, it is alleged, kicked P. C. Meharry, was committed for trail. He was ready to furnish bail, but will have to be taken before His Honour Judge Weller, who will fix the amount of bail. In the meantime he will be confined in jail.

Another young man, who was charged with obstructing the policemen in the discharge of their duty, while McKnight was being arrested, was honourably discharged, and exonerated from any illegal connection with the matter whatever.

The cases were of a unique character for this city, and attracted a large crowd of spectators. The case of McKnight was proceeded with first. He pleaded not guilty and elected to be tried summarily.

P. C. Meharry was the first witness examined. Shortly after nine o'clock last Saturday night when on George street, he was accosted by McKnight, while the latter was under the influence of liquor. They walked down the street a short distance. Prisoner advised Meharry what to do "to hold his job," and talked of a horse at the fire hall. Meharry moved on some men who were lounging near Demetrie Bros. restaurant. McKnight called him a bad name for moving the men and said that they were not doing him any harm. Meharry told the prisoner to go home and go to bed or he would have to arrest him. The latter refused to go home and told Meharry that he wasn't able to arrest him. At this the officer grabbed McKnight by the arm to take him to the police station. The latter resisted, and both men commenced to wrestle. During the scuffle Meharry was rather badly scratched in the face. P. C. Newhall came along and McKnight was finally arrested. Newhall was kicked in the face and several times in the body.

P. C. Newhall said he was attracted by the crowd at the corner and went to investigate. He saw Meharry and McKnight struggling and put the nippers on McKnight's left wrist. He heard the latter make threats towards Meharry, and refused to accompany Meharry, but said that he would go with him. McKnight was finally overpowered and taken to the police station. Witness saw Hodgson make several kicks at Meharry, and heard the latter tell him to "Cut that out." Hodgson persisted in coming into the police station and Newhall put him out, advising him to go away, and threatening to proceed against him. He at last arrested him.

To Mr. O'Connell — Witness said he had been at police work for several years and had often arrested drunken men. Some came along quietly; others didn't. Mr. O'Connell cross-examined witness at some length.

The case against Hodgson was then proceeded with.

Hodgson's Case.

P. C. Meharry said that Hodgson kicked him twice in the ribs while he was struggling with McKnight. He also kicked him while coming across the market, and also tried to trip him, and yelled "Mob him! Mob him!" Witness saw McKnight kick P. C. Newhall on the corner of George and Charlotte street. Hodgson was arrested at the police station. Witness had no doubt that Hodgson was the man that kicked him.

P. C. Newhall saw Hodgson kick Meharry several times.

Mr. O'Connell put this officer through a longer cross-examination than when he was in the box previously questioning him on many points.

Thos. Fleming a street railway motorman, saw the row. Asked about the part Hodgson had taken in it he said he was sure that the man who was keeping the crowd back during the scuffle, was the man arrested at the police station.

The point of anyone keeping back the crowd was a new feature that had not been introduced in the evidence before.

Hodgson was committed for trial.

Mr. O'Connell made a strong plea for McKnight, asking that a fine coming within the financial possibilities of the prisoner be imposed. He said that the accused was well-behaved except when under the influence of liquor, and that he was steadily employed, and was the sole means of support of a bed-ridden father, and an aged mother. The prisoner had seen his mistake, he said, and promised that if he was allowed to go with the imposition of a fine (also suggesting some words of advice from the Magistrate) that he would not appear in court on such a charge again.

His Worship took a very grave view of the matter, and characterized the offence as one of a most serious nature. He expressed his determination to blot out such rowdyism, and expressed his surprise that such a crowd would gather and offer no assistance to a policeman discharging his duty. He said an example must be made, and sentenced McKnight to one month in the common jail, with hard labour.

British Bowlers Won From Canadian Friends

Defeated Locals and Rinks From Other Canadian Towns by 82 Up—Were Defeated Only in Two Rinks—Total Score Was 205 to 123—Scotchman's Dialect Predominated—Visitors Were Keenest of Curlers.

The Brookside Bowling green yesterday afternoon was the liviest spot in the city. England, Scotland, Ireland and Canada had representatives there, and a bowling game such as was never before witnessed on the local green was played and won by the Britishers, whose knowledge of the great national game was much superior to that of their Canadian friends.

Only two of the home rinks had the distinction of overcoming their opponents, and the honours go to the rinks skipped by Mr. Giroux, who won by 11 up, and Mr. Carswell, of Oshawa, who emerged victorious by six to the good. But in the others the men who had travelled across the Atlantic were vastly superior, and finished in the round by 82 up.

MR. G. H. GIROUX

Who skipped the only winning Peterborough Rink Yesterday.

The visitors were the very keenest of bowlers, and always played to win, and although they are accustomed to a lawn as smooth as a billiard table, soon adapted themselves to the circumstances and held up the honour of their countries. They are genial fellows, and smiled upon losses as well as gains, and did not forget to compliment their opponents on a good stroke of play.

The Amusing Scottish Dialect.

But what amused the interested spectators the most was the broad Scottish accent which predominated on the bowling grounds, and when the "Coom awa', mun, ye're hit shoot sax," and "Gently, gently, noo, you're gallopin'," was heard, the onlookers could not repress a smile. When a lucky shot was played a familiar ejaculation was "Hoots, mun, ye're a great old hero, ye're gettin' younger ivry day."

An Old Country Green.

The Britishers were not very highly impressed with the Peterborough green, but in some respects it was superior to Westmount's lawn. In conversation with one of the visitors he went on to explain what sort of ground he was accustomed to play upon at home. Their rinks at home are first dug out a couple of feet deep, then filled up with stones and sand, upon which is laid tuft grass brought from the seaside, about six inches in length. This is rolled, when wet, until it is just like velvet, with the blades of grass all pointing one way. Such a green, he said, is always sure in making an intricate shot.

Won on His Merits.

Mr. Wm. McLetchie, the skip of the British rink, from which Mr. Giroux's rink won by so wide a margin, says that Mr. Giroux gave him the worst beating he has received in all his experience as a bowler, the highest score ever put up against him in the many international matches he has figured in being nine, as against the 11 recorded against him yesterday. He admits that he was beaten on his merits, and that the best rink won. The locals expected to be beaten in the aggregate, but the victory of the secretar's rink goes far to redeem the drubbing the Britishers administered to the other rinks.

The Score Card.

The score cards showed the following results when the noise of battle cleared away:

The Excursion. To Be Discussed

Important Meeting of Non-Coms. To-night.

An important meeting of the Non-Commissioned officers will be held to-night in the mess rooms, Simcoe street. This is the regular meeting, but it will be of more than usual importance because of the fact that the question of the annual excursion will be taken up and dealt with. It is very desirable that every member of the mess be present as it is the intention to make arrangements for this outing. It is stated that other important business will also be up for consideration at this meeting.

Two Acres For Normal Site

This is the Area Secured in North Bay.

Hon. Frank Cochrane, Minister of Mines, accompanied Deputy Minister of Education Colquhoun, and Superintendent of Education South, during their recent visit to North Bay, to select a site for the new Normal School. The building will be in the centre of the town, with two acres of ground.—Toronto Globe.

FOR SALE

A number of Lots from $125.00 up, situated in southern part of town; also some new houses in the west of city.

Did Albert Ament Meet With Foul Play In B.C.?

Young Man Who Registered As From Peterborough Disappeared From Fernie, B.C.--Was in Claresholm, Alberta, and Bought Land There--Chief of Police Wants Information.

Hast Albert Ament, who registered in Claresholm, Alta., as from Peterborough, meet with foul play?

The suspision in that town is, that he has, and Messrs. Walker and Hanson, real estate agents, have written to the Chief of Police here to ask him if he can locate any of his relatives.

According to their letter he arrived in that town on May 23rd last, and registered at the hotel there as "Albert Ament, of Peterborough." He was in that town for a short time and bought two nice town lots, for which he paid part in cash and gave drafts for the balance. He afterwards removed to Fernie, B.C., and in a short time wrote from there asking the real estate people to send him the deed of his property, which they did by registered mail, but after lying in the Fernie post office for the regulation time the letter was returned, stamped "uncalled for."

The writers of the letter are afraid that the young man has met with *foul play as nothing* has been heard from him since. They asked the chief to try and locate his friends, if he has any here, and ask them to communicate with the writers.

The name Ament does not appear in the city directory but he may have come from the country.

Superintendent Engaged For Rapid Tool Company

Mr. W. J. Creedon, of Washington, Ohio, Has Been Secured—Will be Here in a Couple of Weeks—Machinery Will Arrive Soon—Ready for Business in Three Months.

The Peterborough Rapid Tool Company will be ready for manufacturing and ready to do business in three months. This was a statement made to The Examiner this morning by one of the directors of the company, which has already engaged a superintendent who will be here about the 25th of August. The superintendent is Mr. W. J. Creedon, of Washington, O., an expert in the business. He has installed two sugar beet plants and has been superintendent of a plant in Washington for nine years, and is one of the best men that could be secured on the continent.

Machinery Here Soon.

A large quantity has been ordered and some will be here inside of three weeks. The manufacturers are rushed at present, and cannot turn out all that is necessary until about the 1st of October.

Ready in Three Months.

The site for the erection of the plant has not yet been definitely decided upon, but in the course of two weeks the directors will know where it will be situated. At first the number of employees will be about 18, which will be increased inside of a year to 25 or more. In three months the plant will be in operation ready to do business.

This company was one of those considered at the meeting of the Manufacturers' Committee last night.

Peterborough May Get Two More Industries

Peterborough Steel Rolling Mills Looking for a Site—Another Manufacturing Concern May Locate Here.

At a meeting of the Manufacturers' Committee last night the matter of the Peterborough Steel Rolling Mills Company locating here was discussed. The concern, it is understood, will probably locate here, and to-day the officials of the company and Ald. McWilliams, chairman of the Manufacturers' Committee, and Ald. Adams are looking over different sites which would be suitable for the concern. The company will be a valuable asset to Peterborough if it locates here, and will, it is understood, employ a high class of labour. Peterborough offers many advantages to a manufacturing institution of this character, and, should it locate here, will be a decided boom to the city's industrial and commercial activity.

Another company, the name of which cannot yet be divulged, with local capitalists at its head, are being negotiated with by the Manufacturers' Committee with the intention of getting the company to locate its plant here. Fuller particulars in connection with the latter concern will be announced at an early date.

Industrial Fair Will Be Confined To Two Days

Better Results are Expected—Committee Appointed to Revise Prize List--Executive Committee to Look After the Work--Premier of Ontario Will be Invited.

Beyond any doubt the Peterborough Industrial Fair will be held this fall, as in other years but instead of it extending over three days, will be confined to two.

These were a couple of the matters discussed at the meeting of those interested last night at the Munro House, and upon which final decisions were reached.

Those who were present at the meeting were Messrs. Robt. Fair, Dawson Kennedy, E. M. Elliott, Ald Elliott, H. C. Winch, H. Nesbitt, R. J. Munro, J. H. Gardner, F. H. Dobbin and F. Hall.

The first question, which has been discussed at many previous meetings, was whether the Fall Fair should be held or not. Ald. Elliott suggested that if it was given up for this year a two years grant might be obtained from the government, when the fair could be easily made a success. This he said had been done once by the township of Harvey successfully.

Mr. Dobbin pointed out that to retain the grant from the Government it was necessary to deposit the membership fee of $80, and get the government grant, as the latter is made to the agricultural society, and not to the exhibition.

The question of a two days' fair, was quickly disposed of, on a motion of Mr. Winch, which met with the approval of all, and an executive committee, consisting of Messrs. H. C. Winch, George E. Elliott, J. H. Garbutt, R. J. Munro and K. Eardley-Wilmot was appointed to look after grounds, and general executive work necessary to the Fair.

A committee to revise the prize list was also appointed and given power to act as they thought best.

A printing committee, consisting of Messrs Dobbin and Larmonth was named to look after the printing and advertising, while Mr. Winch will superintendend the whole work of the various committees, the remainder of which will be appointed by the executive committee.

Another problem which was discussed at length was whether there should be any person invited to open the Fair. Mr. Munro opposed wasting time by having speakers present, who are generally late, and over whom a great deal of valuable time is wasted, especially as a two days' fair is to be held. It was decided, however, to ask Hon. J. P. Whitney, Premier of Ontario, to be present, and ceremoniously open the exhibition.

The dates have not yet been fixed but it is probable these will be arranged at the next meeting on Saturday night at the Munro House.

"FAIRLY RAINED DELIVERY MEN," SAYS ADVERTISER

"For goodness sake, take out that advertisement. It's been fairly raining delivery men since our advertisement appeared in the Examiner, asking for a delivery man." These are the instructions which came over the telephone wire to the business office of the Examiner last night, from a local store, for whom the advertisement in question was inserted. It evidently produced results, the instructions to discontinue it so quickly, is evidence of this fact.

Sad Drowning Near Port Perry

Toronto Boy Met Death at Seagrove.

Word was last night received by the police department of the drowning of Louis Beattie, aged 14 years, the only son of Mrs. Nellie Beattie, 91 Walton street, at Seagrove, near Port Perry. The lad had gone about July 1st to spend his holidays with his aunt, Mrs. C. Frise. His mother who is a widow, remained in the city. The boy had passed the entrance examinations at the McCaul street school, and his mother intended to send him to the High school, having saved all his patrimony for the purpose of giving him a good education. The father had died when the boy was only a few years old. When the mother heard of the fatality she was overwhelmed with grief. The funeral will be held to the Cannington cemetery on Saturday.—Mail and Empire.

To Be Sued For $5,000 Damages

Writ Will be Issued Against a Peterborough Man.

A writ for $5,000 will be issued shortly against a Peterborough man. It is alleged that he had improper relations with the wife of a man who lives on the same premises as he does. A large array of witnesses will be summoned, and the suit promises to be an interesting one. It is impossible to publish full details of the matter at present, but these will be made known at a later date.

Sixty-four New Telephones

Are Installed by Bell Company Since Last March.

In to-day's Examiner a list of the new subscribers to the Bell Telephone Company since the publication of the last directory, in March, is given. At the present time there are 705 subscribers to this 'phone, and sixty-four have been installed during the last four months. The local subscribers are asked to cut out the list in to-day's paper and paste it in their directory, as there will be no new directory published until October. Twice a year is usually frequent enough to issue new directories, but it appears not to be the case in Peterborough, where new 'phones are being installed so rapidly that the directory is a back number after a few months.

Were Struck By Lightning

Two Sons of Mr. G. W. Hatton Have Providential Escape.

During the electric storm last Sunday the two youngest sons of Mr. G. W. Hatton were struck by lightning. One of the boys was injured in the arm and the other in the leg. Dr. Boucher was called and attended to the lads' injuries. No serious results are anticipated. The escape of the boys from death is little short of Providence. A tree was also badly shattered.

Narrow Escape From Drowning

Mr. Charles Benton in Water at Hague's Point.

Mr. Charles Benton had a narrow escape from drowning on Sunday last whilst in bathing at Hague's Point. Being unable to swim he got beyond his depth and was going down for the last time, when Mr. Norman Moore, who was also enjoying a bath, came to his rescue, and, after a hard struggle, managed to get him ashore. Charlie thought he had swallowed half the lake.—Lakefield News.

Granite Block For Cox Tomb

Ten Teams of Horses Required To Haul It.

Eighteen horses this morning failed to get the big 25-ton block of granite which is to be used as part of the roof of the Cox tomb, up Gallows Hill, on Yonge street. Three of these stones are to compose the roof. Britnell, the stone and teaming man, was superintending the operation. He sent for another pair of horses, and with difficulty the great block of stone was pulled to the top of the hill. Senator Cox is building a vault in Mount Pleasant cemetery.—Toronto Telegram.

THE SMART SHIRT STORE

The "Lonely Sale" of Semi-Ready Suits

is making lots of happy friends these days—the price is the wonder—

$12.00 —and— $15.00

The choice of our entire Semi-Ready Wardrobe, worth up to $25.00.

CREIGHTON'S

Almost Reached Century Mark

Mrs. Bradshaw Died in Lindsay at 99 Years of Age.

Word was received in the city today of the death in Lindsay yesterday afternoon of Mary Douglas, relict of the late John Bradshaw, at the remarkably old age of 99 years. The late Mrs. Bradshaw had no particular disease, her death being due to old age. She has lived in Lindsay for a great many years, and was the oldest resident in the town. Mrs. John Brown, 525 George street, who will go to Lindsay to attend the funeral, which will probably take place to-morrow afternoon.

Deceased was the grandmother of Messrs. Robert and James Brown, of this city.

Orillia Citizens' Band Is Coming

Will be Here on Their Civic Holiday, Aug. 9th.

The Citizens Band, forty strong, will accompany the Orillia excursionists here on August 9th, to furnish the music. Mr. T. W. Beblin, who has the excursion in charge, wrote Mr. Walter Stocker yesterday informing him of this, and also that he wished to know the distance the circus grounds were from the centre of the city, evidently forgetting that Peterborough possesses a street railway.

Mr. Stocker wired Mr. Beblin informing him of the latter fact, and it is quite probable a large Orillia contingent will see the Barnum and Bailey circus.

Mechanics

Who appreciate accurate time will profit by having their watch repaired at Frost's Diamond Hall.

Every watch left with Frost for repairs receives the closest attention skilled hands can give, and every watch Frost repairs is fully guaranteed to give a good account of itself.

Another important matter is that, while Frost's work is first class in every particular Frost's prices are always the lowest that good work can be done for.

Frost makes a specialty of small jewellery repairs.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health. —How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness and know that her letter will be seen by a woman only.

Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

FRIDAY, AUG. 3, 1906.

UNFULFILLED PROMISES.

Hamilton Herald.

Of Premier Whitney's pre-election promises, some of the fairest were those having reference to the liquor license law and its administration. He promised that under his Government the licensing boards would be removed from political influences. He promised that the scandal of "tied" houses—that is to say, licensed houses which are controlled by brewing companies and where only the beer made by the company in control is sold—would be removed.

One of these promises has certainly been violated, and probably the other one has been evaded. We all know how the Whitney Government has removed the License Commissioners and Inspectors from partizan influences. It has dismissed the Liberal commissioners and inspectors and appointed Conservatives in their stead. That is a good way to remove commissioners and inspectors from Liberal partizan influences; but it has merely transferred them to the atmosphere of Conservative partizan influences.

In Hamilton, at least, the new administration of the license law is certainly affected by political considerations—it is subject to partizan influences. Those influences have been brought to bear upon the commissioners and they have succumbed to it in more than one case. Licenses which the commissioners cut off last year have been restored. And now we see that licenses which they cut off this year have been restored. The licenses were cut off for good reasons. They have been restored because political pressure was brought to bear on these "non-partizan" commissioners.

In the matter of "tied" houses, there are good reasons for believing that the same old abuses continue. It is true that in the new license law there are clauses which forbid under heavy penalty any contract written or verbal between licensees and brewers or distillers which would have the effect of imposing upon the licensee any restriction with regard to the purchase of his liquors. But these provisions can easily be evaded if the law is not enforced with vigilance and strictness. That the law is evaded there is little doubt. When considerable sums of money are advanced by brewing companies to hotelkeepers and the loans secured by chattel mortgages, the strong probability is that the loans are accompanied by certain agreements not wholly dissociated from the purchase of beer. These chattel mortgages are still common in Hamilton. On one day last week four of them were recorded.

The ideal administration of the license law, which Mr. Whitney promised while he was in opposition has by no means been realized.

EDITORIAL NOTES.

The Northwest farmers want men. The Grand Trunk Pacific wants men, and the women want men—with the chances long in favour of the women.

Timber is timber, and timber is gold. This is paradoxical but it is justified by the fact that the Sarnia Bay Lumber Company has sold to a Byng Inlet firm 180 square miles of timber for $1,500,000.

Gompers wants $5 from every unionist to fight a trades union campaign in U. S. politics. Will the Canadian printers, asks the Hamilton Times, who are now compelled to pay 10 per cent. of their earnings into a Yankee strike fund, shell out for Yankee politics?

The United States exploit "Liberty" on every coin, and every coign of vantage. Recent despatches give us the assurance that within the limits of the great Republic there is peonage, or slavery, as abject, and brutal, as ever obtained before Lincoln freed the black slaves.

Brockville's great Old Boys' Reunion is a great success. The old boys, and girls, are flocking in from all points of the compass, from Porto Rico and Cuba, to the Yukon, in the north. But the fly in the ointment is that Hon. George Graham, who welcomes every comer with soft speeches, can't put their names on the voters' list.

Marie Corelli, the hysterical novelist, has long been a mere novelist. The woman in her has, as it was bound to do, come out at last. Her latest book contains her portrait, with the author's assurance that it is a correct likeness. Miss Corelli establishes a precedent. She is the first woman who admits that the photographer hasn't made her a fright.

It is only recently that Canada entered upon the manufacture of its own steel rails. Now we have begun in earnest to build our own steel steamers. The Collingwood Shipbuilding Company has just closed the contract for the construction of a large steel freight steamer, 405 feet in length, 50 feet beam and 28 feet depth of hold. The machinery consists of 21-inch triple expansion marine engine, 42-inch stroke, with two Scotch marine boilers 14 1-2 feet diameter by 12 feet long, carrying 180 pounds steam, working pressure. This boat will be a splendid addition to the Canadian lake tonnage, and will go into commission June 1, 1907. With the closing of this contract the Shipbuilding Company have their full capacity taken for the next 12 months.

Perhaps the cheapest and most ludicrous effort to meet the well-founded spoils charges against the Whitney Government that has yet been made is that, says the Hamilton Times, anonymous letter purporting to have been written by a Liberal office-holder in defence of Whitney's methods. If such an office-holder exists it is not hard to account for his fervor in Whitney's cause. Certain men are susceptible to certain influences. Dread of losing his office or gratitude for favours given to purchase this particular service, is sufficient to account for the letter. It is a poor, weak, contemptible bit of boot-licking. It does not refute a single one of the charges of spoilsmanship based on the facts of record, but it stamps its author as a sycophant.

"Talk about the strenuous life! Here are three days in Lord Strathcona's, who is six years over 86. He was," says the Globe, "the host of 1,700 guests at Knebworth, near London, on Saturday, July 19th, the garden party being in honour of visiting Canadians. That night he went up to London, and took the night express to Oban, in the West Highlands. At Oban on Sunday morning, his yacht was waiting to take him to his island of Colonsay, out in the Atlantic. He spent Sunday there, sailed back on Monday, took the night express to London, and was at business in the High Commissioner's office on Tuesday. The octogenarian has still much of the strength of the Hudson's Bay factor of fifty years ago." His life in Canada has given him a constitutional resistency which no other climate could have given.

It is stated of the late Mr. Justice Street, who presided at one of the most celebrated criminal trials ever held in Canada—that of the notorious Hyams twins for the murder of Willie Wells, that the judge's charge was against the prisoners, and his astonishment was evident when the jury announced its failure to agree on a verdict. At the second trial the late Judge Ferguson charged in their favour, and they were acquitted. Mr. Justice Street's last appearance at an assize sitting in Peterborough, was on the occasion of the celebrated Gow trial which perhaps attracted more general interest than any trial since that of Reginald Birchall at Woodstock, for the murder of Benwell. It was considered that his Lordship regarded the Gow affair with very merciful leniency, but perhaps the judge's justification comes to him when he finds himself, as we all must do sooner or later, in a position where mercy, not justice, best meets the situation.

Almost Broke Neck By Fall

Mr. Thos. Fowler's Accident Was Serious.

The Lindsay Watchman-Warder gives the following more complete details of the accident already referred to in the Examiner, which Mr. Thos Fowler, met with:—

Mr. Thos. Fowler, who lives on the third flat in the building in which formerly the offices of the Ontario bank were located, fell while coming down the stairs from his apartments one day last week, and ruptured the muscles of his neck, in fact came very near having his neck broken. He was taken to Ross Hospital, and is doing as well as can be expected. The stairway where he fell is not protected by a railing, and it is said that several buildings in town have stairways that are similarly defective, and should be made safe.

Good News For The Shareholders

Of the York County Loan and Savings Company.

"I wouldn't be surprised if the York Loan paid its shareholders one hundred cents on the dollar."

This was the statement made this other morning by a lawyer in Toronto who is well acquainted with the work of the liquidators, and the situation of the estate at present.

Up to date the holders of 155,000 shares have been heard from. The Grand Trunk Railway, which was supposed to have one of the largest lists of shareholders in the world, has one-third less than that number. The work of assorting the York Loan pass books, and proving the ownership of shares will not be completed till after Christmas.

The liquidators anticipate that the new railway line up Roncesvalles avenue will have the effect of materially increasing the value of the property. Already there have been many applications to purchase lots. The houses are nearly all sold.

Jacob Heise Had Close Call

Lightning Struck House in Which He Sat.

Sunday afternoon's storm was unusually severe in this section. The rain fell in torrents, and did further damage to the already seriously damaged crops. A thunderbolt struck the residence of Mr. J. Heise on the 7th concession of Markham, passed through the room in which Mr. Heise was sitting, singed the paper bordering the ceiling, and passed out, shattering a post of the verandah in its course. Although two of the children were playing right near the post they escaped without even a shock. — Markham Sun.

No Smallpox in Cavan Township

It Was a False Report—Only Chickenpox.

The Secretary of the Cavan Board of Health, upon enquiring of the Medical Health Officer, has found out that it is a false rumour respecting smallpox in the township of Cavan; the disease is chickenpox. The health of the township is comparatively good. There was only one death registered during the past month, and none during June.—Millbrook Reporter.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

SURPRISE A PURE HARD SOAP.

HOUSE WORK.

IT is easy to keep a hard-wood floor as clean and shiny as a mirror by using "SURPRISE" Soap.

You can make a suds in a twinkling with half a bucket of hot water and a little "SURPRISE" Soap. Then just go over the floor with a scrubbing-brush, lightly.

Don't dig, or make your back and arms ache by rubbing. "SURPRISE" Soap will do the work quicker and easier and cheaper than you can. It gets between the dirt and the wood fibres and makes them separate. All you have to do is wash up the dirt with water.

"SURPRISE" Soap is just as good for laundry as for house cleaning. It's a pure, hard soap of the highest grade, and costs no more than common kinds.

P. S.—You will find Head-quarters for all Souvenir Goods.

Give Fair Play to Zutoo

A really reliable remedy for headache—Zutoo.

If you have got it into your head that Zutoo Tablets will hurt you, you are mistaken.

It isn't fair to us for you to judge Zutoo by the drug cures.

It isn't fair to yourself to suffer from headache, when this really harmless vegetable headache cure is within your reach.

The fair thing for both of us is—to judge Zutoo on its merits—to test it.

If you find it does not cure your headache, sick, nervous or otherwise, in twenty minutes, and leave you feeling good every time—no bad after effects, then discard it.

But do not condemn it unfairly without a trial, and keep on suffering from headaches. You really do not have to, and one trial of Zutoo will prove it.

All we ask for Zutoo is fair play—that you give it a trial before concluding as to its merits or demerits.

Wont you do this? You'll be glad ever after if you do.

We'll send trial tablets for nothing, or you can buy them at dealers in 10c, and 25c. packages.

B. N. Robinson & Co., Coaticook, Que.

BERLIN, ONTARIO

CENTENNIAL CELEBRATION and

Old Boys and Girls Reunion

August 6, 7, 8, 1906. Made-in-Berlin Exhibition at Auditorium. Big Programme of Events at Park. Come and help us celebrate. Reduced Rates on all Railroads. Good going Aug. 2nd, returning Aug. 11th.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

"In the Dog Days"

one feels the need of a nice cooling glass of Beer such as comes from our Brewery. It quenches the thirst without giving one that sleepy heavy feeling that follows the drinking of some other beers. This brew of ours is clear, cool, sparkling and is made from the three best ingredients possible in brewing—pure water, pure malt and pure hops. Try one bottle of our Beer, and we are certain that you will later order a box.

The Orillia Packet of this week has the following reference to Mrs. (Rev.) E. A. Langfeldt's father: "Mr. J. J. Hatley, who has been suffering severely for some time from sciatica, left on Tuesday morning for Mount Clemens, Mich., where he will take the mineral baths for at least two or three weeks."

NO MORE DANDRUFF

Newbro's Herpicide Destroys the Pestiferous Cause of Annoying Dandruff.

Does your head itch? Is your coat or dress full of white flakes after dressing your hair? That is the surest sign of dandruff. Is your hair coming? Are you beginning to get bald in spots? Are you already, in fact, rapidly becoming bald? If so that is the effect of a measley little parasite that burrows in at the root of the hair, and throws up the scalp in dandruff and eats off the roots of the hair. Science's latest discovery is a destroyer of that pestiferous germ. That destroyer is contained in no other hair preparation on earth but Newbro's Herpicide. Try it and be convinced. A delightful dressing.

Sold by leading druggists. Send 10 cents in stamps, for a sample to The Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

WEDDING BELLS

MAUDE—LEMMON.

A quiet wedding took place on Wednesday morning at the home of Mrs. Ucilles Bowling, 38 Shuttleworth avenue, when her daughter, Miss Edna Lemon, was united in marriage to Mr. James L. Maude, of Peterborough, Rev. G. A. Kitching, of Woodbridge, brother-in-law of the bride, officiating. After the wedding breakfast a reception was held, following which Mr. and Mrs. Maude left on a short trip to adjacent American cities and on their return will reside in Peterborough.—Toronto News.

MOORE—DOWN.

A very pretty wedding was celebrated on Wednesday afternoon at the home of Mr. and Mrs. J. W. Carnish, when Miss Lily, daughter of Mr. and Mrs. G. P. Down, of North Road, Lifton, Devonshire, Eng., was united in the holy bonds of matimony to Mr. J. A. Emmerson Moore. The ceremony, performed by the Rev. John Bedford, in the presence of about fifty guests, took place in the drawing room, which was very tastefully decorated with cut flowers, plants, etc. Blue and white colours predominating. The bride, who was given away by her father, was very handsomely attired in chiffon taffeta silk trimmed with chiffon, valenciennes lace and insertion, and carried a large shower bouquet of bridal roses and lilies of the valley. The bridesmaid, Miss Rose Moore, was attractively attired in a gown of white silk trimmed with valenciennes lace and insertion, and carried a shower bouquet of pink roses. Little Miss Lily Down, niece of the bride, made a charming flower girl, dressed in white Persian lawn and carried a basket of pink and white sweet peas. Mr. Stanley Blewett, of Selby, acted as groomsman. After the ceremony and the congratulations of the assembled guests had been tendered the newly married couple, a sumptuous wedding repast was served, the tables being very prettily decorated in blue and white. The presents received by the bride were from England, United States and different parts of Canada, and were both numerous and costly, testifying to the great respect and esteem in which she is held by her numerous friends. The happy couple drove to Mount Julian, Stony Lake, and will spend the honeymoon at Star Cottage. On their return they will take up their residence in Lakefield. The bride's going away costume was of navy blue broadcloth, trimmed with white military braid, with white hat to match. The many friends of Mr. and Mrs. Moore will join in wishing them every happiness and prosperity.—Lakefield News.

Proclamations Issued To-day

The Provincial Health Officer at Stony Lake for That Purpose.

Mr. G. B. Lindsay, the chief clerk of the Provincial Board of Health, arrived in the city last night, and to-day went round the lakes with the Water Commissioners. His visit to the city and to Stony Lake particularly, was to distribute the notices upon which the proclamations regarding the laws governing the sanitary conditions to be taken in the northern waters, at different points along the route.

Capt. Gower On Missionary Work

Gave An Interesting Address Last Night.

At the Salvation Army Barracks last night Captain Gower gave a very interesting address on her experiences as a Salvation Army missionary in the West Indies. Captain Gower was stationed at various points in the Bermudas, which is a great Salvation Army stronghold, about half the population being members of the army. Captain Gower's address was most interesting, and she gave a very thorough review of the missionary work of the army in the West Indies. She is a Canadian, coming originally from Trenton.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Aug. 2.—Opening prices to-day were unchanged to a fraction higher than last night. There was a disposition to take profits to-day and, although attempts were made to run prices up again, a large amount of stock was met and the rallies did not hold. L. & N. was an exception, advancing nearly 3 points, and copper moved to a higher range on reports of a heavy foreign demand for the raw metal.

It was noticed that the buying was very good on the soft spots and after 1.30 prices gradually grew strong again with quite a spurt in the Paul to feature. Realising in the late late trading turned the market downward again and it closed near the bottom for the day.

Chemong Regatta Date Changed To Aug. 23rd

Meeting Held in Yacht Club House Last Night—Stony Lake Steamers Not Able to Get Away on Saturdays—A New Piano for the Park—Excursions Will be Run to Stony Lake and Sturgeon Point.

Final arrangements were made in connection with the Chemong Lake regatta this year at the meeting of the Chemong Park Yacht Club last night in their club house.

Change of Date.

The regatta this year will be held on August 23rd, instead of the 25th, the date formerly decided upon. This change was found necessary in view of the fact that the Stony Lake steamers could not run an excursion on Saturday on account of the pressing business of the week-end at home.

Will Purchase Piano.

Another important matter decided upon last night was the purchasing of a new piano jointly by the Cottagers Association and Yacht Club, for the pavilion at the park. This will enable the holding of church services regularly, as well as insure some pleasant evenings spent in dancing in the pavilion.

To Run Excursions.

The Stony Lake regatta on Civic Holiday, August 13, will probably be witnessed by the largest crowd of Chemong people who have ever attended that popular annual event. It was finally decided to run an excursion from Chemong to Stony Lake on that day, and everybody seems anxious to attend. An excursion will also be run to Sturgeon Pont on the 16th, and it also promises to be an enthusiastic event. The Steamer Ogemah will carry the excursionists in each case.

Kawartha Cup Race.

As all sailors on the lake recognize, the prominent feature of the Chemong regatta will be the Kawartha Cup race. The contest is open to all dingeys on the Kawartha chain and this year will undoubtedly be the popular event it has always been, only more so. Since last year many more sailing yachts have been added to the Kawartha lakes and representatives will be present from Fenelon Falls, Bobcaygeon, Sturgeon Point, Stony and Chemong lakes, to compete for the coveted prize—the Kawartha Cup.

A large number were present at the meeting last night, at which Commodore Dennistoun presided and all seemed eager to assist in every possible way the regatta of 1906, and to make it the best in the history of the lake.

A Western Man Pleased With Country's Prospects

Mr. G. A. E. Turner, Formerly of This City, Here for a Brief Visit on His Way Back From Montreal—Is Manager of Medicine Hat Trading Company's Store.

Mr. G. A. E. Turner, manager of the Medicine Hat Trading Company, who has been in the city visiting his sister, Mrs. G. W. Mulligan, 804 George street, on his return from a buying trip to Montreal, left yesterday for home. Mr. Turner was some years ago, a resident of this city, and was in the employ of Robt. Fair & Co., and Richard Hall & Son. He later went to Montreal, leaving there two years ago to accept the position which he now occupies. Mr. Turner is, of course, enthusiastic over the West, which he says, is prospering at a most satisfactory rate. He has good reason to be pleased with that country from a personal standpoint, since he has done remarkably well in his capacity as manager of the company mentioned, the largest retail mercantile concern in the city.

Medicine Hat contains a number of former Peterborough men, all of whom are doing well and are closely identified with the progress of the city. The many friends in this city of Mr. Turner will learn with pleasure of his success in the great west.

A Scotch Bowler Took Trip Around The Lakes

Mr. Wm. Kerr, With Three Local Gentlemen, Went to Burleigh Falls—Is Enraptured With the Beauties of Stony Lake.

One of the British Bowlers, Mr. Wm. Kerr, of London, Eng., remained over in Peterborough for a day and, with Messrs. J. E. A. Fitzgerald, R. Otterall and Dr. McKercher, went up to Burleigh Falls, to see the far-famed Kawartha Lakes, and to enjoy a day's fishing. The outing was a delightful one and was thoroughly enjoyed not only by the visitor from abroad, but by the local gentlemen. They had good luck in their piscatorial pursuits, getting their limit of bass and Mr. Kerr was most enthusiastic in his praises of the beauties of Ontario's Lake Region. He expressed himself as greatly pleased with the outing, and, while the game laws prevented him from actively participating in fishing, he took great pleasure in watching the efforts of his companions to land the black beauties. To-day the four gentlemen had their pictures taken, and Mr. Kerr promises that it will be preserved as a souvenir of one of the most pleasant trips he has ever taken. He is a Scotchman, who has drifted down to the English Metropolis to lend stability to that city, but is still a Scotchman at heart.

Many Recent Guests Arrive At The Lakes

The Latest Personal News From the Kawartha Region—A Bridal Couple at the Lakes.

Examiner Special.

Stony Lake, August 2nd. — Thos. P. Whyte, Mrs. Whyte, and Mercer Whyte, Chicago, Ill., are the guests of Mr. Robert Neill, Clear Lake.

SUMMER FAG

Are you listless, fagged and without energy?

Have you headache, back pains, or pains in the chest? Have you that "all-gone" feeling? If so, you need a stomach and liver stimulant, and the best is Bilcans.

Mrs. E. Saville, of Oakwood, Ont., says:—"For "Summer fag," debility, indigestion and biliousness I tried many medicines, but I never met with anything to equal Bilcans. They cured me."

Of all druggists at 50c. per box.

Bilcans FOR Biliousness

Delightful Trip To Jubilee Point

The Sons of England Conduct Successful Excursion.

The excursion to Jubilee Point yesterday afternoon under the auspices of Lansdowne Lodge, No. 25, Sons of England, was one of the most thoroughly enjoyable trips ever taken down the river. In the first place the weather was all that could have been wished for, and every other condition was favourable to the perfect success of the outing. With about 140 persons on board, the steamer Water Lily left her dock at 1.30 and after a delightful three hours' sail down the Otonabee, arrived at the Point, where tea was taken, and after 2 1-2 hours were spent exploring the beauties of this picturesque spot, a start was made for home at 7 o'clock, and another three hours' sail in the moonlight brought the steamer to the landing dock.

The captain and crew of the steamer were very courteous in their attentions to the passengers, and their solicitude for the comfort of those on board, added considerably to the pleasures of the trip. The Committee of Management to the members of which must be given great credit for the entire success of the outing, was composed of Messrs. Wm. Taylor, A. Kingscote and R. Warsam.

They did their utmost to give the patrons of the excursion a good time and succeeded admirably.

Oddfellows Asked To Wear Badges

On Occasion of the Grand Lodge Meeting.

In connection with the big parade of Oddfellows on Wednesday evening, August 8th, it is especially requested that each member taking part should wear his usual parade badge. It is suggested that all local members wear their badges during Grand Lodge week, so that visiting members may readily know where to look for general information.

Grain Cannot Be Bound Up

Cutting Will Have to be Done With Reaper.

The Lindsay Watchman-Warder says:—The rain storm that visited this section of country last Sunday did a great deal of damage to grain. The tall growth was laid flat in many places by the wind and rain of the previous Sunday, and in places where it had raised some the latter storm gave it a twist and left much grain in a bad condition to harvest. A gentleman from Cameron said that in that locality it will be impossible to use a reaper, the crop will have to be cut with a reaper and brought to the barn loose. This will greatly increase the labour and expense of harvesting.

Big Excursion From Barrie

Will Come Here on Wednesday Next.

Next Wednesday the Oddfellows will run an excursion to Peterborough. The rate is unusually low, being only $1.25; children half fare. Special train leaves Allandale at 9 a.m., stopping at Barrie, Gowan, Oro Station, Hawkestone and Orillia. Peterborough is one of the finest towns in Canada, and is well worth seeing.—Barrie Examiner.

Clever Musicians At Conservatory

Those Who Passed in Toronto Conservatory Exam.

The Toronto evening papers have lists of the successful candidates in the Toronto Conservatory of Music examinations from Peterborough. They are:

Piano Department — Intermediate Grade—Pass — Gertrude McCollum, Hazel Sanderson.

Primary Grade — Honours — Mrs. John Shapter, Campbellford. Pass — Maude B. Hodgson, Ethel Hardwick.

Theory Department—Junior Grade —Harmony alone, honours—Leonore Kimhurst, Hastings.

History alone, first-class honours — Bessie L. Elcomo.

Primary Grade—Harmony and rudiments, first-class honours—Adelia C. Blodgett, Roseneath; Alice V. Baker, Warkworth. Honours—Alice M. Larmouth, Hastings. Harmony alone, first-class honours—Fleda Howson, Norwood. Rudiments alone, first-class honours—Katheryn Burnett.

First Concert Was Greatly Enjoyed

Salvation Army Band Rendered Good Programme Last Night.

There was music galore last night. The 57th Band was at Jackson Park, and there was the usual good Thursday night crowd. Then the first weekly concert given by the Salvation Army Band, was given in Victoria Park and, considering the fact that the announcement was only made last night, there was a good crowd on hand, and a splendid concert, with which those listening to it, it showed its appreciation, was rendered.

This band has been steadily improving, and at the present time is the peer of many of the large city military bands. The public will now have an opportunity of enjoying the music given by this organization.

Chemong Junior Regatta A Delightful Event

Children of the Park Display Their Seamanship—Large Crowd of Cottagers Witnessed the Various Sports—List of the Juvenile Winners.

Chemong cottagers turned out en masse yesterday to witness the second annual juvenile regatta, open to all children in the park under the age of 15. The affair was a delightful one in every respect, and as far as the interest taken in the event was concerned it could not have been excelled.

Most of the residents of the park had children taking part in the aquatic sports, and all felt the keenest delight in them, so that up to the present the junior regatta at Chemong Park has been the most popular event. The lake was unmoved by waves during the afternoon, and as there were no sailing races, it, together with the aerial conditions, were perfect for such an affair.

The sports began at 3 o'clock, and in two hours afterwards every race had been finished and the prizes awarded. The committee in charge of the regatta consisted of Mr. R. M. Dennistoun, Mr. W. H. Hill and Mr. G. H. Bull, and these gentlemen had everything in readiness when the first race was called.

The starting point was the point off Mr. L. M. Hayes' cottage, and the races finished off the yacht club's boathouse. Mr. W. R. Hartshorn, of Fairfield, Conn., looked after the starting, the judges being Messrs. W. H. Hill, G. H. Bull, of New York, and W. S. Davidson. "Doc" Shaw was clerk of the course.

The following were the various sports run off and the winners:—

Boys' Canoe Tandem, 12 and under—1, Jack Dennistoun and Howard Matthews; 2, Gordon Matthews, Hugh Burritt.

Girls' Canoe Tandem, 14 and under—1, Mildred Bull and Joan Hill; 2, Phyllis Deane and Amy Hill.

Boys' Canoe Tandem, 14 and under—1, Kenneth and Graham Halpine; 2, Roy Hutchinson and Lorne Fitzgerald.

Boys' Single Skiff—1, Stuart Hayes; 2, Harry Munro.

Junior Championship Single Paddle Canoe, boys 15 and under—1, Gordon Cummings; 2, Harold Matthews.

Junior Championship Single Paddle Canoe, for girls—1, Marion Deane; 2, Amy Hill.

Boys' Double Skiff—1, Munro and Hutchinson; 2, Hayes and Langford.

Crab Race, open to the park—1, Mildred Bull; 2, Graham Halpine.

Tub Race, open to park—1, Jack Dennistoun; 2, Phyllis Deane.

Girls' Double Skiff—1, Mildred Bull and Joan Hill; 2, Phyllis Deane and Rubina Cummings.

War Canoe Race, teams of eight paddled in pants—Won by canoe captained by Capt. Roy Hutchinson.

Boys' Swimming, 15 and under—1, Harry Munroe; 2, Kenneth Halpine.

Boys' Swimming, 13 and under—1, Graham Halpine; 2, Harold Matthews.

Boys' Swimming, 11 and under—1, Jack Dennistoun; 2, William Matthews.

Girls' Swimming, 14 and under—1, Mildred Bull; 2, Phyllis Deane.

Prizes were also given to the boy and girl who had won the most events. These were captured by Jack Dennistoun and Mildred Bull.

REMAINS TAKEN BACK TO MINDEN

The body of John A. Steinkrauss, the young river driver, who was drowned in the Otonabee river, near the water works dam on Tuesday, was recovered yesterday shortly after dinner. Some boys were paddling around in the river about a half mile from where the drowning occurred, and discovered it floating among some weeds. It was taken to Comstock's undertaking establishment and this morning the remains were conveyed by G.T.R. to Gelert station, and from there will be driven the twelve miles to Minden, the home of the Steinkrauss family, where interment will take place.

Will Peterborough Have Another Large Hotel?

Mr. J. M. Brooks Has Option on Piece of Property and is Thinking of Erecting One—Cost, Devoid of Fixtures, to be $20,000--Increasing Population of This City the Reason for its Construction.

Mr. J. M. Brooks, late proprietor of the Palace, has an option on a piece of land in the city and is thinking of purchasing it and erecting a $20,000 hotel on it.

There is no doubt that Peterborough is growing rapidly in population and it is only a matter of time when another large hotel will be required to meet the demands of the public. It is with this in view that Mr. Brooks is thinking of erecting the hotel building referred to. The above mentioned cost of the building does not include the furnishings, so it will be seen that the structure will be a splendid one.

The rooms in the proposed hotel, will number about one hundred and the fixtures will be in keeping with a house catering to the best class of trade. The bar will be a feature of the house and will be fitted in splendid style. There is no doubt if the house is constructed it will be thoroughly modern and well appointed.

Judgment Reserved On Famous Cigarette Case

Motion to Quash the By-law Was Heard Yesterday at Osgoode Hall—Mr. D. O'Connell Represented W. E. Talbott and T. W. McDonough.

An interesting case was that which came up at Osgoode Hall, Toronto, yesterday, when the motion to quash the cigarette bylaw was heard. The judge reserved his decision. The Toronto Globe, reporting the case, says:

Re Talbot and City of Peterborough.—D. O'Connell (Peterborough), for William E. Talbot and Thomas W. McDonough, moved to quash a bylaw of the City of Peterborough, No. 1213, passed on May 8, 1906, entitled "A bylaw to license and regulate the sale of cigarettes," on the ground that the license fee is excessive and prohibitive, and was intended to be prohibitive; that the bylaw is ultra vires of the corporation, as it assumes to prohibit the sale of cigarettes on Sunday, and because it provides that the dealer shall not keep or suffer to be kept any gambling device on the premises, and makes provision for imprisonment in default of payment of fines, and on the ground that it is in restraint of trade, and on other grounds. E. H. Hall (Peterborough) for the corporation, contra. Reserved.

Masquerade Ball At Viamede Great Success

A Delightful Social Function at This Popular Resort Last Night—Many Guests Were in Attendance—The List of Guests in Costume—Other Late Stony Lake News.

Examiner Special.

Stony Lake, Aug. 3.—The first masquerade ball of the season took place at Viamede pavilion last evening, and was, as is characteristic of this popular "House of Mirth," a delightful event. The magnificent results attending the efforts of the committee which consisted of Messrs. W. C. Rogers, J. Ross Stewart, W. C. Gall and R. J. Augers, all of Toronto, surpassed even their greatest expectations.

The patronesses were, Mrs. Sims, Mrs. Trebiscock, Mrs. Husband, Mrs. Rogers, Toronto; Mrs. Oldham, Brantford; Mrs. McGlacklin, Rochester, and Mrs. Graham.

General admiration was evoked by the charming nature of the costumes, many of which were most elaborate and beautiful creations; many were also unique in design, and evidenced a wealth of originality in conception, lending for this reason, an added charm. A number of those present kindly lent their assistance with the essential part of the evening's pleasure, among whom were Mrs. Long, Miss Wagner, Rochester; Miss Husband and Mr. A. Cox, Toronto.

Mr. Speers, Toronto, officiated in the capacity of Master of Ceremonies.

Among those in costume were:—Mr. A H Cox, Toronto,—Baby Boy.

Mrs. A O McGlacklin, Rochester—La belle Chocolatiere.

Miss Clara Foley, Toronto — Dame Fashion.

Miss Florence Foley, Toronto—Lady Betty.

Mr. Maurice Weller, Toronto—Gaston.

Mr. Gordon Simpson, Toronto—Alfonse.

Master Rupert Speers, Toronto — Gentleman.

Miss Edna Sorley, Toronto — Fautana.

Mrs. J. Foley, Toronto—Yum Yum.

Mr. J. Foley, Toronto—Yen How.

Mr. Frank Cox, Aylmer—Lang Hia.

Mrs. P. H. Sims, Toronto—Red Cross Nurse.

Miss Sims, Toronto—Dolly Varden.

Miss Edity Campbell, Toronto—Bo-Peep.

Miss Blanche Graham — Mrs. Wiggs.

Miss Trebiscock, Toronto— Martha Washington.

Miss Rossie Campbell, Toronto — Dolly Varden.

Mr. Robt. J. Augus, Toronto — Glory Quayle.

Mr. Gall, Toronto—Morning Girl.

Mr. C. E. Speers, Toronto—Japanese Iris.

Mr. Oxley and Master W. Leach, Toronto—Nurse and Baby.

Mr. John Green, Peterborough — King's Butler.

Mrs. Robt. Augus, Toronto—Marie Antionette.

Mrs. Chas. Simpson, Toronto—Red Cross Nurse.

Mr. Chas. Simpson, Toronto—Waiter.

Miss Gladys Simpson, Toronto — Flower Girl.

Mr. W. C. Rogers, Toronto—Water Lily.

Mrs. Roger, Toronto—Sister of Mercy.

About one hundred Kawarthaites were in attendance at the Juniper island pavilion last evening.

Miss Grace Lee, Montreal is a guest at Home Visits.

Mr. J. McGeanan, Ottawa, who has been spending a few days at the Victoria House, returned home yesterday.

Mr. J. Sawers, Peterborough, is camping near McCracken's Landing.

$70,000 WORTH OF LOCAL DEBENTURES BRING PAR

Peterborough municipal debentures do not have to go begging for buyers. This week $70,000 of debentures have been disposed of by the chairman of the Finance Committee, the whole block being purchased by local capitalists, and while some municipalities have to accept less than par for their debentures, Peterborough generally manages to sell them at par. This was the case with the $70,000 worth sold this week.

The fact that local capitalists have faith enough in the stability of the city to invest money in the debentures issued by their own city, is an encouraging sign. It is to be hoped that the financial position of the city will always be as good as it is at present.

Took A Trip To Coboconk

Annual Excursion of the Knights of Columbus.

The annual excursion of the Knights of Columbus was run to Coboconk yesterday. The 7.20 train was taken to Lindsay in the morning, and from there the excursionists took the steamer Manita to Fenelon Falls, where dinner was served, and then to Coboconk, returning to Lindsay at 6 o'clock and arriving at the Peterborough station at 10 o'clock last night. On account of the trip being so long no games or sports were held. The outing was thoroughly enjoyed by the hundred or more who took it in.

The committee in charge consisted of Mr. Geo. Giroux, secretary-treasurer of the Knights of Columbus, and Messrs. T. P. O'Connor and M. O'Brien.

WE CAN GIVE YOU CORRECT VISION IN BOTH EYES

The majority of people find that one eye is worse than the other. We can bring the vision of the poor eye up to the standard of the good one; or, if the good eye ought to be better we can improve that and thus give you perfect vision in both eyes, providing always that anything in glasses will do it. Fifteen years' experience in optical work, a thorough knowledge of opthalmometry and using the best and most scientific instruments in examinations.

Tennis Club At Chemong Park

Delightful Outing Spent Yesterday Afternoon and Evening.

The Nicholls Oval Tennis Club held a delightful picnic party at Chemong Park yesterday afternoon in which a large number of the members participated.

The picnicers reached the park by bus, and after spending a couple of hours around the park, partook of a dainty spread on the shores of the lake.

In the evening the party embarked in skiffs and the moonlight cruise across the smooth waters of the lake was another enjoyable part of the afternoon's outing.

Altogether the little picnic was a charming event and one long to be remembered by those fortunate enough to be present.

Good Programme At Victoria Park

57th Band Will Render One To-night.

Lieut.-Col. Miller and officers of the 57th Regiment, the band of that regiment will render the following programme at Victoria Park:

(By request.)
March... ... ..."Philharmonic"
Descriptive...Nautical phantasia... ... ..."Voyage on a Troopship"
Selection from the comic opera..."The ... ...Yankee Consul"
March... ... ..."American Republic"

An Enterprising Tobacco Dealer

M. Pappas Imports Tobacco Direct from Manufacturers.

M. Pappas, 337 and 339 George street, has arranged to purchase his tobaccos in future direct from the factories. This arrangement will save the wholesale profit and every brand of tobacco, including smoking and chewing, will be sold cheaper than heretofore in Peterborough. M. Pappas is the only licensed cigarette vendor in the city. Mr. Jas. Dolan is with Mr. Pappas and will be pleased to welcome all his old customers.

Cases Of Interest In Civil Court

Lakefield Portland Cement Company Given Judgment.

Judge Wellington made two orders in chambers last Friday in cases of local interest. Mrs. Cox was granted an order for possession with costs, under the Overholding Tenants Act, against William Mollwain. Mr. Langley appeared for the landlord. The Lakefield Portland Cement Co. were given judgment against the Bryan Co. for $116.51 and costs. Mr. Langley, for plaintiff, Mr. Peck for defendant.—Lakefield News.

Kidney Disease—Gravel.

"I was afflicted with kidney disease and gravel in its most severe form, having often a stoppage of water accompanied by the most dreadful agony. By using Dr. Chase's Kidney-Liver Pills the disease was eradicated from my system in less than six months. I have gained in weight, sleep well and feel better than I have for twenty years." — Mr. W. Smith, Port Dalhousie, Ont.

Some Decisions In The Strikes On Railways

Ontario Board Sustains the London Company.

AWARD FOR TORONTO CO.

London Company Had the Right to Dismiss Its Employes, But the Men Had the Right to Join the Union—Toronto Men Should Be Reinstated Say the Arbitrators—The Finding Was Unanimous.

London, Aug. 3.—The Ontario Railway Commission concluded its investigation into the street car strike yesterday and found the the company was justified in its course.

Chairman Leitch, after a few moments' conference with his colleagues, delivered the finding, in part as follows:

"It is clear that the real difficulty and cause of the strike was the dismissal of three men, Stewart Buchanan and Aitchison.

"Both the company and the men have rights which have to be respected. The men have a perfect right to form a union, and Mr. King had no right to terrorize the men, which will not be tolerated in any civilized country. We don't think the company had any cause for alarm in the formation of a union.

"As to the dismissal of the three employes, on the evidence before as we certainly cannot ask for their reinstatement. It would indeed be a serious matter for a board to interfere with a company's right to dismiss or employ men. Anyone would have been justified in discharging men for less cause than these three men gave.

"Were these men discharged for no other reason than that of belonging to a labor union we would make a recommendation, but we cannot find that.

"The company has a right to treat with the men as a union or not as they see fit, but the fact that the men go on a sympathetic strike, as this seems to be, should of course not be a black mark against them.

"We urge upon the company to use tact and judgment, and upon the men to join with the company in doing the best they can for the public service.

"The mayor asked the board to mediate and we think the men might have waited until we could arrive.

"We hope it will be a long time before we are called upon again to deal with such a case."

The Strikers Accept.

The strikers held a meeting last night to consider the advisability of keeping up the strike. After much discussion the men decided to call off the strike and abide by the finding of the Ontario Railway Board, provided the company will take back all the men except three, who were discharged.

Victory For Toronto Railway.

Toronto, Aug. 3.—The arbitrators to whom was referred the dispute between the Toronto Railway Co. and the men following the employment on the Toronto Railway system of alleged strike-breakers from Winnipeg gave out their decision yesterday, as follows:

The company has the inherent right of engaging and removing employes in its own discretion.

The Railway Co. was justified in refusing to either dismiss or remove to some other other work the three employes who were alleged to have taken part in the Winnipeg strike.

The company should re-instate to their former position all the men dismissed for alleged interference with the above alleged strike-breakers.

The question of paying the wages of these men since their dismissal to the time of their reinstatement is left to the company to determine.

Each side of the arbitration must pay its own costs.

People's Railway Earnings.

Port Arthur, Aug. 3.—The earnings of the municipal street railway for the last month were $8,000.

DOCTORS MAY BE DROWNED.

Their Upturned Canoe Found On the Upper Canada.

Ottawa, Aug. 3.—It is believed that Dr. Scott of Philadelphia and his nephew, Dr. Cram of Montreal have been drowned at Deux Rivieres. They went on a trip to Cobalt and were canoeing on the Upper Ottawa. The finding of their upturned canoe has given rise to the belief that they have met death in the river.

Had Arm Torn Out.

North Toronto, Aug. 3.—Wm. Smith, a well-known market gardener of the 2nd concession of East York, while coming home from the city tried to shut his gate while on the wagon and was jammed between the gatepost and the wagon, receiving severe injuries. The left arm was torn out of the shoulder and the bone of the upper arm nearly snapped in two.

Poisoned Child Dies in Agony.

Montreal, Aug. 3.—A little girl named Ellen O'Brien, whose parents reside at 1,480 St. Hubert street, was poisoned here yesterday either through error of a doctor or drug clerk. The child died in great agony shortly after taking powders. Her body is now at the morgue in possession of a medical examiner. An inquest will be opened this morning.

Held Up and Robbed.

Montreal, Aug. 3.—William Boissenau, a fireman on a barge lying in the canal, was held up by five men and relieved of $35 and a gold watch worth $35, in the fashionable quarter Wednesday night. It is thought the men followed him from the wharf.

Boy Drowns in Toronto.

Toronto, Aug. 3.—Walter John Pike, son of William Pike, 14 Napier street, aged 8 years, lost his balance off the piles on the Don River north of Queen street bridge, and falling into the water was drowned last night.

U. S.-Spain Treaty Signed.

San Sebastian, Aug. 3.—The treaty of commerce between the United States and Spain, the protocol of which was recently signed, was finally executed Wednesday night.

More Trouble Follows Hard On Heels Of Mutiny

Czar Refuses to Abide By Stolypin's Agreement.

CRUSH SVEABORG REVOLT

Fact That Cronstadt Did Not Rise With Them Drove Hope From the Mutineers and They Turned Their Guns on One Another in Desperation —Practically End of the Revolt Came Through the Warships.

St. Petersburg, Aug. 3.—(2.35 a. m.)—On the heels of the other news comes the startling statement that the Emperor has flatly refused to accept the conditions to which Premier Stolypin agreed in his negotiations with Count Heyden, Alexander Guchkoff, Prince Nicholas Lvoff, Paul Vinogradoff and Senator Koni, for the reorganization of the Cabinet.

There is increasing apprehension that the Emperor proposes to take the final step of turning the country over to the military dictatorship of Grand Duke Nicholas.

The streets of St. Petersburg again are filled with patrols.

The crew of the Russian cruiser Asia, which was sent to Abo, has hoisted the red flag. The vessel has left in the direction of Sviborg.

REVOLT CRUSHED.

Sveaborg Forts Again In the Hands of the Authorities.

St. Petersburg, Aug. 3.—The collapse of the mutiny at Sveaborg, coupled with the breakdown of the plans of the revolutionists to secure possession of the Baltic squadron and provoke an immediate uprising at Cronstadt, greatly changes the situation. The spirits of the Government officials have risen and those of the revolutionists are correspondingly depressed, and the arrangements for ordering a general strike on Saturday may be countermanded. The strike in Finland is already a failure, owing to the fact that the more intelligent of the Finns did not support it.

Fire on Each Other.

The latest reports show that all the rumors to the effect that the Baltic squadron was in the hands of the mutineers, were untrue. When the mutineers, who were led by agitators from the shore and who believed that the squadron was coming to their rescue, found that hope in that direction was crushed, dissensions broke out among them and they turned their guns upon each other, those who had determined to die rather than surrender shooting into the ranks of their more faint-hearted comrades, who hoisted the white flag, the remainder escaping in boats.

Warships Ended It.

The mutiny practically ended when the warships Slava and Czarevitch appeared in the offing at 6 o'clock Wednesday night, and after an exchange of signals with Gen. Laiming, commander of the loyal troops on Commander Island, opened fire upon the mutineers. Although the shots went wild, they weakened the spirit of the mutineers, who evidently accepted this display of the ships as sealing their fate.

Two hours later a white flag was run up at one end of the Emperor's battery, but from the other end a red flag immediately appeared, followed by the sound of a fusilade of rifles behind the parapet, showing that the mutineers were divided into two camps, and were fighting among themselves.

Selling Lives Dearly.

Soon after a motor boat, believed to contain the civilian leaders of the mutiny, tried to escape to the mainland, but a battery of rapid-fire guns on Nicholai Island riddled the boat and killed two of its occupants. The others jumped overboard and swam ashore. Of three rowboats which followed the motor boat, one was captured and one was sunk and the third escaped.

Occasional shots were heard from the Emperor's battery, until the traveler who furnished the above information left Helsingfors at midnight, indicating that the boldest of the mutineers were determined to die rather than surrender, and that they were selling their lives dearly.

Six Officers Killed.

According to the afternoon papers six officers were killed during the suppression of the mutiny at Cronstadt, including Col. Alexandroff, and nine were wounded. The casualties among the rank and file on both sides were much lighter than reported.

Before seizing the Fort Constantine boat train, the sailors broke into the houses of the officers, killing some of them and arresting the others.

The majority of the artillerymen of Fort Constantine refused to join the mutineers, thus preventing the latter from getting control of the forts, with the exception of one gun.

Loyal and Disloyal Forces.

The number of mutineers is given at 2,000, of whom 1,200 were sailors.

In the Sveaborg mutiny seven companies of artillery were concerned. Of the fortress steamers, the Vistrell, Puskar, Rabotashi, Ingenier, and Mars were in the hands of the mutineers, while the Bomba, Opit and Sveaborg remained loyal. The mutineers furiously bombarded the Opit Wednesday, and threatened to sink the Bomba at the first opportunity even if she hoisted the red flag.

During the Skatudden Island mutiny only one, the Finn, of six vessels sanctioned in the north harbor fired on the main barracks occupied by mutineers, the others remaining passive.

Serious Conflicts.

London, Aug. 3.—A despatch to Reuter's Telegram Co. from Helsingfors yesterday afternoon says that serious conflicts between the communal police and Socialist red guards occurred there yesterday.

The regular police, as well as the communal guards, were called out during the afternoon. Among the casualties were the chief of police, who was wounded, and his assistant, who was killed.

Troops now are engaged in quelling the disorders.

General Killed.

Warsaw, Aug. 3.—Gen. Markgraffsky chief of the gendarmerie, was shot and killed by revolutionists yesterday at Otwock, a summer resort, about 20 miles distant, and much frequented by people from Warsaw.

Frustrated.

Moscow, Aug. 3.—An unsuccessful attempt was made yesterday afternoon to blow up the headquarters building of the police.

It was frustrated by the discovery of the infernal machine, which had been hidden in a laundry basket, because of the clicking sound of its mechanism.

Assassin Arrested.

Terioki, Finland, Aug. 3.—The Finnish authorities have arrested the railroad gendarme, who is suspected of the murder of M. Herzenstein, the member of the outlawed Parliament, who was assassinated at his country home, near here, July 31.

Mutineers Sent Ashore.

Reval, Aug. 3.—The cruiser Pamyat Azova arrived in the roadstead here in possession of the loyal portion of her crew. One hundred and fifty of the mutineers have been sent ashore and imprisoned.

Eight Large Forest Fires Are Reported

Temiskaming, Algoma and Michigan Towns in Danger

THREATENS GARDEN RIVER

Country Is Dry as Tinder and An Easy Prey to the Flames—Wellsburg and Eckerman, Michigan, Half Destroyed — Prospectors Are Fighting Fierce Fires Around Gillies Depot—Cobalt Considered Safe.

Sault Ste. Marie, Aug. 3.—Dense clouds of smoke are arising from forest fires on both sides of the river. The sun was almost totally obscured during the latter part of Thursday by smoke on the Michigan side. Heavy smoke hangs over the Algoma district on this side of the river, where many camps are located. Lumbermen fear the loss will be heavy.

Algoma Town Threatened.

The forest fires, after destroying half of Wellsburg and the business portion of Eckerman, Mich., for about two blocks, and many residences, is now under control.

A fire is raging along the Canadian Pacific Railroad, nine miles out, which may destroy the Town of Garden River, Ont., if the wind changes.

The continued absence of rain makes the country easy prey to the flames, and the fires are burning in all directions.

In the Temiskaming, Too.

Cobalt, Aug. 3.—Forest fires are raging throughout the Temiskaming country from Temagami to Englehart. The country is dry as tinder. A protracted drought has prevailed and thousands of prospectors are in the woods, many of whom are careless. Further north settlers are making clearings and they, too, are frequently indifferent to fire possibilities.

Down at Gillies Depot the men have been fighting to save the buildings. It was reported there Wednesday night that two men had been burned in the woods, but this has not been confirmed. For several days, in fact for weeks, bush fires have been raging up the Montreal River.

Rainfall has been sufficient to prevent smouldering. High winds prevail and carry sparks. Around all the towns there are plenty of clearings that will prevent the fire reaching any houses.

No alarm is felt in Cobalt and the fire engine is kept in readiness day and night, affording citizens every confidence.

Latest News Of Various Sports

Shamrocks Broke Loose At Lindsay Yesterday

Defeated Oshawa by the Big Score of 12-2—After the First Quarter the Visitors Didn't Have a Chance—Big Bunch of Local Rooters Went up on Special.

The Young Shamrocks showed up in their true form in Lindsay yesterday when they defeated the husky bunch from Oshawa by a score of 12—2. Outside of the first quarter, when the game was in doubt, the Shamrocks had the game well in hand, and as it progressed made a runaway match of it. The winners were in good form, but unquestionably played much more loosely than they would have done had they been pressed. In the matter of shooting they have improved very much of late, and in speed and stick handling are getting better every game. They had it on the Oshawa aggregation in every respect and should trim Port Hope for the district championship when they meet the twely from the Lake Ontario town.

As the game was the first one to play off the three-cornered tie existing in the district between Shamrocks, Port Hope and Oshawa, there was much interest in it and about one hundred and thirty accompanied the boys to Lindsay on the special, which was run from the G. R. R. station yesterday afternoon at 2 o'clock, returning about 9.15 in the evening. The receipts at the gate amounted to $70, so the trip will put a nice little amount into the Shamrock's treasury.

When the team arrived at the grounds it was found there were no goal nets so a long delay had to be endured before impromptu nets were erected. These were made of regulation netting and sticks somewhat heavier than the usual goal posts, but they served the purpose well.

At four o'clock Referee Waghorn faced the ball, the teams lining up before him as follows:

Shamrocks.		Oshawa.
Gilman	Goal.	Thomas
White	Point	Guenett
Devlin	Cover Point	Swanson
Dusty	First Defence	Harding
Dorris	Second Defence	G. McCollough
Feeney	Third Defence	Robinson
Tucker	Centre	W. McCollough
Jim McNicholl	Third Home	Kemp
Saunders	Second Home	Canning
Bassett	First Home	Haverson
Dobson	Outside Home	Luke
J. McNicholl	Inside Home	Park

Timers—Dr. Armstrong, Oshawa; W. Crowley, Peterborough.

Penalty driver—W. J. Westwood, Brantford.

Goal umpires—Dr. Collison, Peterborough; Dr. Walters, Oshawa.

The Game.

Shortly after the face off Feeney carried the ball for a good distance. There was a hot fusillade around the Oshawa goal. Tucker and Park were given three minutes each for roughing it. Bassett scored the first for the Shamrocks on a pass from Dobson, amid a loud and long yell from the Peterborough delegation. Time 3 minutes, 1—0. Canning did the trick for Oshawa two minutes later, tieing the score, 1—1.

"Jimmy" McNicholl and Park forgot lacrosse for a little while and proceeded to mix it up a little. Waghorne was right after them and banished them both for ten minutes. No more scoring was done in the first quarter and at its conclusion it looked just like a tossup as to which team would win.

The Second Quarter.

Thomas, the Oshawa net guardian, was pretty busy in this quarter and certainly distinguished himself. He stopped one from Dobson that looked like a certain tally, a couple of minutes after the face off. The play was all around the Oshawa nets, and Thomas and Guenett certainly put up a magnificent defence. Swanson was hurt and Feeney went off to even up. Tucker scored on a pass from Doris. Time 3 minutes, 2—1. Just one minute later he added another, 3—1. Doris was roughing and was chased for a minute. Dobson did the necessary on a neat pass from Saunders, 4—1. Time 3 minutes. It looked like Peterborough all the way now and all the supporters of the home team were confident of victory. Canning put in Oshawa's next and last goal. A minute after Dobson notched the Shamrock's point. 4—2. From this point on it was simply a case of keeping track of Shamrock's goals, for while Gilman had many to stop, and he did it, too in very clever fashion, the locals swarmed around the Oshawa nets for the remainder of the game, like blue flies round a leg of mutton. Jack McNicholl notched the next in two minutes.

Bassett scored in 1 minute on a pass from behind the goal from Jimmy McNicholl, 6—2. Doris was penalized five minutes for tripping. Feeney followed with a like period for slugging. Kemp took a notion to hammer Saunders, by way of variation, and allowed to step out of the strife for three minutes. When half-time was called the score card read: Shamrocks 6, Oshawa 2.

Second Half.

Peterborough commenced the second half playing up hill, but this did not seem to bother them. Saunders passed to Bassett, who scored on a neat pivotal shot. 7—2. Four minutes. Bassett beat out Thomas three minutes later. 8—2. Dobson secured another in three minutes. 9—2.

Saunders tallied on a pretty individual run in five minutes, 10—2. Jack McNicholl registered the next on a pass from Jimmy. 11—2. Three minutes.

Just before time was called for this quarter Jimmy McNicholl received a rather nasty crack on the nose, but it was not serious enough to keep him out of the game. Three-quarter score 11—2.

In the fourth quarter the only tally secured was made by Bassett on a pass from Jim McNicholl, and when time was called the result was Shamrocks 12, Oshawa 2.

Notes.

Waghorne made an 18-carat official.

The grounds are a little rough and slope considerably. A change of goals gives the uphill team considerable advantage.

Manager "Bill" O'Brien accompanied the team and was an enthusiastic spectator.

Neither Dr. Armstrong nor Ernie Ford had certificates and "Wag" refused to allow them to act as field captains. Ford did some valuable coaching from the lines, however.

Great enthusiasm prevailed among spectators in the first quarter, when the score was very even, but interest lagged a little when the locals commenced to pull away from the Oshawa twelve.

The day was a good one for the game, although a trifle hot.

The boys were well pleased with their treatment in Lindsay. They conducted themselves well.

Port Hope next. If the boys practice hard and keep in good condition they should take the Indians from the Port into camp.

Game Had To Be Stopped For Referee's Cramps

Mr. Herb. King Gained Considerable Notoriety in the Calumet-Chicago Game—An Unique Experience in Lacrosse Contest.

The Canadian game of lacrosse seems to be taking hold of the American people. The Chicago Tribune in its report of the last game played in that city between the Calumets and Chicagos, says:—

"Before the largest crowd of the season the Calumet lacrosse team yesterday drew even with the Chicago club in the series for the Comiskey Cup, winning the fourth game played at the west side ball park, 6 goals to 4. This leaves the disposition of the trophy dependent upon the outcome of the fifth and last game at the south side ball park on August 19th.

The heavy rain of Saturday improved, rather than damaged, the field, and the temperature was just right both for players and spectators."

Percy Rubidge was unable to play in this game because of an injury which he received in the previous game, but another Peterborough boy distinguished himself. He was not a player, but he was in the game—as referee—and he attracted to himself rather more attention than that official usually does, though it must be said that Mr. Herb King, for that was the name of the official, did not look for the additional attention which he was given, both by the spectators and players. The fact of the matter was that the game had to be stopped temporarily on account of cramps in Mr. King's limbs. It was an unique experience for a lacrosse game to be stopped on account of injuries to the referee. The crowd took the matter good naturedly, as did the unfortunate official, and the game soon proceeded as if nothing had happened. These are the two teams which the Peterborough bunch will go up against when they take their jaunt to the Windy City.

PETERBORO' LACROSSE TEAM TO CHICAGO FOR LABOUR DAY

The Peterborough lacrosse team will in all probability go to Chicago to play a double header with the Calumets and Chicagos, the two teams at present in a neck and neck race for the Comiskey Cup, representing the city championship, each team having two wins and two losses to its credit; about Labour Day, Sept. 3rd. A letter was received in the city to-day from Percy Rubidge, captain of the Calumets, stating that arrangements are at present in progress for the series of games with the Peterborough team, and that there is every probability that they will be satisfactorily concluded. The Peterborough team should attract a great crowd of lovers of the Canadian national game in the windy city.

Second Game In City League

The Shamrocks Will Play the Athletics.

To-morrow the second game in the City League will be played, when the Athletics will go up against the Shamrock bunch. The Athletics will line up as follows: Pilling, p; Lang, c; Heaslip, 1b; Whitcroft, 2b; Waram, ss; Sheridan, 3b; F. Roddy, lf; Crowe, cf; E. Reddy, rf. This game will be played at Riverside Park, and should be an interesting contest.

BASEBALL THURSDAY.

Dan McCabe Gave Boys a Practice

Is Getting Dufferin Baseball Team in Good Shape.

The Brantford Courier says: Both Cockshutt's and the Duffs were out for a practice yesterday afternoon, and had a fine work out in preparation for the big game at Mohawk park on Saturday afternoon.

The Duffs started early in the afternoon and had about three hours hard practice. All the different departments of the game were given a certain amount of time and attention.

Mr. Dan McCabe had charge of the team and the old Peterborough veteran put the soldiers through the drill. All the pitchers were warmed up and Burke says that they are ready now for the fray.

BOWLING

The following game was played at the Brookside lawn last night:

R. Davidson		P. Pratt	
J. W. O'Brien		W. Johnston	
W. Aitchison		Dr. Marshall	
A. E. Runnels...	24	D. Belleghem...	16

PILES

RICE LAKE AND PETERBOROUGH ROUTE

ST POPULAR EXCURSION STEAMER

"Water Lily"

During the season of 1906 the "Water Lily" will be open for charter for excursions at moderate rates.

Saturday Market Trips

FRIDAY EVENINGS the steamer leaves her Wolfe street wharf at 5.15 for Rice Lake, for the purpose of making an early Saturday morning trip from lake and river points to Peterborough.

SATURDAY MORNING she leaves Harwood at 6.30, calling at Gore's Landing, Jubilee and river points, arriving in Peterborough at 10 o'clock. Returning will leave Wolfe street, Peterborough, at 3.30 p. m., and street car wharf foot of George street at 4.00 p. m. Return tickets 75 cents; single fare, 50 cents; Saturday Market Ticket good for ten round trips, $5.00.

Saturday Afternoon Trips

The popular Saturday afternoon trips afford an opportunity for a delightful sail to Rice Lake and return. Steamer leaves at 3.30 p. m., and returns same evening; leaving Harwood at 4.30; arriving in Peterborough at 10.30. Return fare only 50c.

For particulars apply to Capt. W. H. White, 110 Simcoe street, Peterborough, telephone 314A or to W. Bunton, G.T.R. Uptown Ticket Office.

632, X L Tailors, R O Mills, propr, 445 George.

Chemong Park Summer Resort Has Many Visitors

A Delightful Spot to Spend an Outing—Boating is Enjoyment in Vogue—Many Register at the Park Hotel—Fishing is Fair—An Attractive Sport for Picnic Parties.

The summer resort season is now in full swing at Chemong Park. There are more guests and cottagers there at present than at any time during the season, and the merriment is at its height. All the cottages are filled and the hotel is crowded with guests, many of whom are Americans. Still it is not hard to understand why Chemong has such a large summer population. The lake, the location of the hotel and cottages, the stately woods, the shaded walks winding through the trees, the atmosphere, are all beautiful, and make Chemong an ideal place for spending the hot weather months.

Boating is one of the favourite pleasures of the Chemong Park cottagers. The fleet of canoes, skiffs, dinghies and other sailing craft has been greatly increased this year. Several new boathouses have also been built.

The weather during the past few days has been splendid. There have been no rainy days to keep the summer resorters indoors — but they would not mind a shower of rain, as vegetation is suffering from lack of moisture.

The junior regatta yesterday afternoon was the stellar attraction of the week and caused considerable excitement.

The Nicholls Oval Tennis Club of Peterborough held a picnic here yesterday afternoon.

A number of young people from St. John's church, Peterborough, had a pleasant little outing here yesterday.

There have been several parties held at different cottages during the week, all of which were highly enjoyable.

Recent guests at the hotel include the following: T J Weir and Miss Weir, Toronto; Geo. Denham and wife, J E Staunton and Ozias De Laplante and wife, Peterborough; Madame G E Duffield, Toronto; C V Allan, Montreal; A M Lockington, Peterborough; J P Cookson, Peterborough; Miss M O'Neil, Moredin; Miss A Murphy, Hamilton; E H Mowry, Peterborough; Miss Gray, Miss A A Gray, Toronto; Miss Ebie, Miss Stella Ebie, Rochester; A L Allison, D. Denham, Peterborough; W S Shaw, Baltimore, R A McKee, M D Lowry, Peterborough; Mrs. H W Johnson, Toronto; Mrs. H W Gray, and friends, Peterborough, and Allan H. Willet, Pittsburg.

A most enjoyable afternoon tea was held by Mrs. Heywood at her residence on Wednesday last. The house was prettily decorated and tea was served by a committee of ladies. Most of the residents of the park attended, and the proceeds amounted to over $10. This will be devoted to the piano fund.

OBITUARY.

MRS. BRIDGET HERBERT.

The death of Mrs. Bridget Herbert, aged 65, occurred yesterday morning at the House of Providence, East City. Deceased has been in feeble health for some years past. She is survived by one daughter. The funeral took place this morning to St. Peter's cemetery at 9.30.

Corrected List Of Regatta Races

Sailing Dinghy Races Will be Feature of the Programme.

It appears that an error has been made in the announcement of the events of the Stony Lake Regatta for 1906, which appeared in these columns recently.

The Regatta Committee, the members of which are Messrs. R. B. Rogers, J. S. Knapman, S. Henderson and F. H. Collins, have prepared the following programme of events:—

1. Sailing race, Dinghy, 14ft.— 1st prize, silk flag. 2nd prize, Kawartha Lakes Flag.
2. Open sailing race—Special silk flag to be competed for yearly at the regatta.
3. Canoe sailing race—1st prize, Stony Lake pennant.
4. Boys' tandem canoe—15 years and under.
5. Ladies' single skiff.
6. Tilting tournament, three or more to enter.
7. Men's swimming race.
8. Upset race.
9. Duck race.
10. Ladies' swimming race.
11. Men's single canoe, championship of Stony Lake.
12. Punt race.
13. Ladies' tandem canoe.
14. Boys' tandem canoe.
15. Men's fours, canoe.
16. Ladies' single canoe.
17. Men's tandem canoe.
18. Indian canoe race.
19. Men's double skiff.

Entries must be entered not later than Aug. 11th, with the Secretary, Mr. J. S. Knapman.

Judges—S. Henderson, A. L. Davis, J. S. Knapman.

Starters—R. B. Rogers, Hon. L. H. Graham.

The prizes will be presented in the pavilion at eight o'clock by Hon. J. R. Stratton and Mrs. Stratton. After the presentation of the prizes a dance under the auspices of the Cottagers' Association will be given for which the services of a first-class orchestra has been procured. It will be necessary for those who wish to attend, to first obtain a badge which may be had for 25c. from members of the committee or at the Juniper Island store.

All Saint's Choir Enjoys Outing

A Pleasant Afternoon Spent at Chemong Park.

The members of All Saints' choir yesterday afternoon were given a delightful outing at Chemong Park, as the guests of the rector, Rev. W. Major and Mrs. Major.

Two bus loads left the city during the afternoon, and drove to the park, where they spent the afternoon, and took tea, after which a few pleasant hours were spent in boating, bathing and other diversions, which that beautiful spot afforded.

The drive home in the moonlight was not the least enjoyable feature of the evening. A hearty vote of thanks was passed to the rector and his wife for the pleasant outing they had given them.

The Daylight Store

HURRY!

You'll have to hurry if you get in before the curtain falls on our Great Sale. The good things are not all gone yet, but it is always wise to hurry and make your selections early before the best patterns are all gone.

We have some extra special offerings in Men's Suits and Odd Pants, and in our Boys' Department we have put some Odd Suits down to prices regardless of cost in order to clear them out entirely before our fall stock arrives.

Come Here and See what We Can Do for You

SOME PRICES JUST AS SAMPLES:

Men's Suits		Men's Pants		Boys' Suits	
$15 Suits for	$11.00	$5.00 Pants for	$3.00	$3.00 Suits for	$5.00
$12 and $13	9.00	$4.00 Pants for	2.50	$5.00 Suits for	3.00
$10 Suits for	7.00	$3.00 Pants for	2.00	$4.00 Suits for	2.00
$8.50 Suits for	6.00	$2.50 Pants for	1.50	$3.00 Suits for	2.00

When you can make your money pay twenty to twenty-five per cent., it is a wise thing to do, especially if you can buy Clothing that is made right up-to-date and not got up for a cheap sale. Bargains in Nightshirts, Fancy Shirts, Braces and Neckwear. The more you buy the more you'll save.

LANG & MAHER

Clothiers and Furnishers to Men Who Know

409-411 GEORGE STREET, - - PETERBOROUGH

A False Alarm Was This Call

P. C. Meharry Makes a Trip for Nothing.

Between 12 and 1 o'clock to-day, P. C. Meharry received word from a Crescent street lady that a suspicious character was loitering on her lawn and refused to go away. The officer promptly made a call, and on arriving at the place saw two fellows on the lawn, one being considerably younger than the other. He asked the lady who had sent for him which was the troublesome character.

"That one with the black hat," she said.

The officer took hold of him, and the complainant coming closer, said, "Why, that's my boy."

P. C. Meharry then came back to the station minus the "suspicious character." He said little, but thought hard. What he said later

Had Another Good Drill

The 24th Battery Getting Into Shape for Petawawa.

The 24th Battery held a gun laying drill last night in East City. There was a good turn out and a marked improvement in the proficiency of the members of the battery.

The next drill will be held on Tuesday evening next at 7.30 o'clock. The names of those who will go to camp at Petawawa on the 11th, will be made known at a later date.

WAS ASSESSED TWO DOLLARS

Arthur Green was the only representative in the prisoners' box at the police court this morning. He was charged with being drunk and disorderly yesterday and was assessed the usual $2 or 10 days in jail.

ADVANCE GUARD OF THE GRAND LODGE ARRIVES

Grand Secretary King of the I. O. O. F., Smiling and Happy, Tells of the Great Progress of the Order for Past Year—Is in the City to Complete Details Before Grand Lodge Meeting.

"The best and most prosperous year in the history of the Oddfellows' Order," said Mr. J. B. King, the Grand Secretary of the I.O.O.F. today, on his arrival in the city to attend the sessions of the Grand Lodge, when asked as to what he had to say about the progress of the Order during the past year.

Mr. King is a pretty busy man, making arrangements for the annual meeting of the Grand Lodge, but had a few minutes to spare to give the representative of the press the glad hand, and to express his pleasure at being back in Peterborough again to meet the friends he made when the meeting was held here nineteen years ago. He was delighted with the material progress which Peterborough had made since that time, and expressed his gratification at learning that the Order here had kept pace with the progress of the city. He looked forward to a most successful Grand Lodge meeting in the Electric City. He was pleased with the arrangements made by the local committee for the meeting. So far as he could see they had left nothing undone to insure the success of the gathering.

The programme, he said, as announced by the local committee in the press, will be carried out.

This afternoon the Committee on Election Returns, will meet to commence counting the ballots for the office of Grand Warden for which Col. J. W. Miller is a candidate. It is expected that it will take until to-morrow night to complete this work.

To-morrow morning the Encampment annual meeting and the Rebekah Assembly will open at 9 o'clock the former in the Court House and the latter in the Oddfellows' Hall.

The Grand Lodge of Oddfellows will open on Wednesday morning, tomorrow being taken up fully with committee meetings.

The Order during 1906, has made great progress, the Grand Secretary stating that for the past six months the increase in membership had been nearly 2,000, a splendid showing.

Machine Telephone Co. Increases Capital Stock

And Changes Name to Canadian Independent Telephone Company—New Capital Stock is $5,000,000—An Item of News of Interest to Peterborough People.

The current copy of the Canada Gazette contains a notice which will be of special interest to Peterborough. The notice in its entirety is as follows:

"Public notice is hereby given that under The Companies Act, 1902, supplementary letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 3rd day of August, 1906, whereby the total capital stock of "American Machine Telephone Company" (Limited) is increased from the sum of four hundred and fifty thousand dollars to the sum of five million dollars, and changing the corporate name of the said company from that of "American Machine Telephone Company" (Limited) to that of "Canadian Independent Telephone Company" (Limited)."

To those who are not familiar with the operation of this company, it may be stated that the "American Machine Telephone Company" is the American "edition" of the Canadian Machine Telephone Company. Its head office is at Piqua, Ohio, and Mr. N. D. Neil, brother of Mr. R. Neil, of this city, is the manager, and Mr. E. S. Lorimer's brother has charge of the technical end of the business.

The Lorimer telephone is used by this company, and the application for increase of the capital stock and the change in name is taken by some to indicate that the new company will take over the business of the Canadian Machine Telephone Company, though no confirmation of this could be obtained at the office of the company here, in the absence of Mr. Lorimer.

REMOVING BUILDINGS FOR NEW C.G.E. EXTENSIONS

It begins to look now as if the Canadian General Electric Company intended to commence work at once on the erection of their new buildings. This morning, A McCarthy, who was awarded the contract for the removal of a number of frame buildings from the ground upon which it is proposed to erect the new buildings, commenced work, and expects to proceed rapidly with the work in order to allow the construction work to be commenced. A number of labourers have been advertised for to clear the ground preparatory to making the excavations for the foundations, and as soon as the plans are completed the building operations will be commenced.

Hopeless Case.
Montreal Herald.
"HERE'S a letter from a woman," said the answers-to-correspondents' editor, "who want's to know how to make a lemon tart."
"That's just like a woman," rejoined the snake editor. "Tell her if the lemon isn't tart to begin with she'd better consign it to the dump and let it go at that."

Mr. and Mrs Charles Back From a Trip

Return After Month Spent In Northwest.

Mr. and Mrs. D. Hughes Charles returned to-day from Saskatoon, where they have spent the last month. Mr. Charles looks the picture of health and reports having spent a most delightful time in the West. Saskatoon is one of the best cities in Saskatchewan, and is growing rapidly. On their way home, Mr. and Mrs. Charles spent a few days at Regina, the new capital.

OBITUARY.

W. H. JORY.
The death of W. J. Jory, brother-in-law, of Mr. Joseph Lemay, Lakefield, occurred last Monday at his home in Detroit. The body arrived in Peterborough on Wednesday, accompanied by the late Mr. Jory's wife and son and was taken to Lakefield, where interment took place from Mr Lemay's residence on Thursday, at 2.30. Deceased's death was due to heart failure. Besides his father, he leaves a widow and one son, and five brothers and three sisters.

HENRY STEINER.
The many friends of Mrs. James Booth, Chamberlen street, will sympathize with her in the death of her father, Mr. Henry Steiner, formely of this city. Mr. and Mrs. Steiner went on a visit to Uxbridge in June, and the former has been ill since July 1. His death came as a great shock to all his friends in this city Mr. and Mrs. Booth and Miss Eva Booth leave on the 5.30 G. T. R. train this evening for Uxbridge, to attend the funeral to-morrow at 2 p.m. The late Mr. Steiner was 74 years of age, and had been a staunch Orangeman for the past 53 years.

JOSEPH O'GORMAN.
A recent copy of an Omaha, Neb., paper, tells of the death of Mr. Joe O'Gorman, a son of the late David O'Gorman, of this city. The late Mr. O'Gorman, was a man whom all who knew respected. He had many warm friends here, who will learn with regret of his death, the report of which follows:

"Joseph R. O'Gorman, died on Thursday morning at 2525 South 12th street, at the age of 42. He was a resident of Mobile, Ala., for the past twelve years, where he had charge o fthe Catholic cemetery. Previous to that time he was a resident of Omaha, and served five years on the police force, and was a very efficient and capable officer. He leaves a widow, who was at his bedside when he died. He was a member of the Catholic Knights of Columbus, Modern Woodmen of America, Ancient Order of United Workmen, Ancient Order of Hibernians, and Woodmen of the World. Funeral service will be held at St. Patrick's church, at 8.30 a.m., Saturday, and burial at Holy Sepulchre cemetery.

"Mr. O'Gorman is well remembered by all the older members of the police force. When he was a member he took great interest in athletic sports, and was the fastest sprinter among the officers, always taking first prize in any running events."

His sister, in the Monastery, of St. Clare, Omaha, was at his bedside when he died.

HARVEY THOMPSON.
Word was received in thee city on Saturday to the effect that Mr. Harvey Thompson, the proprietor of the Rockland House, Bobcaygeon, had passed away.

The late Mr. Thompson, who was about 58 years of age, was one of the best known hotel men in this district. He was known well and favourably among fishermen, not only of Canada, but of the United States, many of whom annually stopped with Mr. Thompson during the season.

He had been ill for a few days only and on Friday night his condition became critical, and he passed away.

Several Peterborough gentlemen drove to Bobcaygeon to attend the funeral which was held yesterday.

Mr. Thompson leaves to mourn his loss a wife and two daughters, the eldest of whom is Mrs. W. Routley, Toronto, a daughter-in-law of Mr. C. B. Routley of this city, and the younger, Miss Cora, at home.

Ladder Fell On Young Man's Head

John Harris is Now Suffering From Concussion of The Brain.

John Harris, Park street, was the victim of a very painful accident this morning about 10 o'clock, at the Shovel Company's factory. He was working away at his bench, when without a moment's warning, he was struck violently on the head by a falling ladder, and severely injured. The ladder was being manipulated by another employee, who accidentally allowed it to drop. In attempting to protect Mr. Harris, another young man had his fingers split open, which necessitated a number of stitches.

Mr. Harris was taken to his home in the Dan Spence ambulance and attended to by Dr. Young, who found he was sufering from concussion of the brain.

Mr. Preen, Sr., Here From England

Director of Brinton Carpet Company Visits City.

Mr. Preen, sr., father of Mr. P. G. Preen, a director of the Brinton Carpet Company, Limited, of Kidderminster, England, arrived in the city to-day on a visit to his son, the manager of the local factory of the company. Mr. Preen is closely associated with the parent company in England, and takes a deep interest in the operation of the Canadian branch located here. He is satisfied with the progress made by the company heree in the completion of the forthcoming buildings, and is confident that the company will have a brilliant future.

Horse Fell On The Pavement

Mr. Scott, the Driver Was Injured On the Head.

The plate glass window on the Hunter street side of the Toronto Bank, had a close call this morning to being a thing of the past.

Mr. Scott, of the firm of Scott & Hogg, was driving down street, when his horse became suddenly frightened at something unknown, and made a dash for liberty. His wild career towards the Bank of Toronto window, was timely frustrated by the pavement upon which the animal fell and upon which he left the imprint of his shoe caulks.

Mr. Scott was absent when the horse arrived at the corner, but soon appeared with sore knees and with blood streaming down his face, he remarked that he was uninjured.

After the horse had quieted down Mr. Scott drove him back to East City.

An Application For C.P.R. License

Mrs. Bowman Has Purchased This Hotel.

The C.P.R Hotel has changed hands, Mrs. Bowman, late of the Oxford Hotel is the new landlady, and an application has been made to the License Commissioners for the transfer of the license to her name. A meeting of the Board will be held to-night to consider the application. The Secretary of the Board to-day could not say whether that body would be inclined to favourably consider the application or not.

MONDAY, AUGUST 6, 1906.

FISH AND GAME.

The Ontario Fish and Game Association is capable of doing great good in the interests of the protection of game and fish. But it will only serve this object by "sticking to its last," by propagating literature and information beaming upon the subject. But it will have to refrain from circulating partisan literature as it did recently. As an independent body it can do much to influence legislation and regulation for the benefit of the interests it purports to represent. The Central Association has issued a pamphlet containing subjects for discussion by local branches with a view of presenting matured conclusions to be submitted by delegates at the convention to be held in Toronto during the Exposition. These subjects cover every department and details of department, coming under the protective province of the Association, and with proper discussion, locally, will result in an expression of opinion as to ways and means which should prove of large advantage to the interests at stake.

TOO DIAPHANOUS.

The Mail and Empire says:—

"It was not a Tory campaign for office that led to the vacating of the Fishery Commissionership. On the contrary, it was the evil policy of the late Liberal Administration that brought about that situation. When the truth came out it was "up to" the Government to approve of the partisan manipulation of the public service, or to pronounce for an impartial management of provincial affairs. It could not protect Mr. Bastedo without declaring that it approved of the policy he had pursued. It had to reject that policy, and in order to do so the official who had directed it had to be removed."

If the alleged evil policy of the late Liberal Administration is being pursued with increased zeal by the present Conservative Government, then why was Mr. Bastedo, an admittedly most capable official, dismissed, if not to make way for a Conservative official? If the present Government persists in making every department of the Government, including the fisheries, subservient to partisan ends, why should not one official as well as another provided he were sufficiently pliable, serve the purpose of partizanship? With all that the public know of the spoils policy of the Government it is simple effrontery for the Mail and Empire claim that the Bastedo dismissal was not procured in the interests of some party friend of the Government. It is too disaphonous, too gauzy, too thin.

EDITORIAL NOTES.

The United States Congress is considering a bill to appropriate fifty million dollars to be distributed to the several States to provide good roads. If these county authorities do not take to the idea more kindly than some of the counties in Ontario, the money will long await claimants.

The Conservative journals are apparently suffering from Dog Star rabies. They have no sooner found a new leader for the Liberal party in Ontario than they get at work reconstructing the Laurier Cabinet. The retirement of Hon. Mr. Oliver is authoritatively announced by the Toronto World, its confidence in the correctness of its information being based on the fact that all the Ministers are out of the capital.

ANOTHER MINING DEAL.

Public opinion reflected or, rather, created, by the press, has led the Government, so it is said, to decide to cancel the deal by which the Railway Commission privately granted a valuable right of way mining lease to a syndicate, two of whose members were closely related by blood and business ties to a member of the Commission. But it seems that this is not all the commission has been doing, contrary to the public interests. There is the selling of some forty lots in the town site of Cobalt to a syndicate by private sale, and out of which has grown the Townsite Mining Company, now being under process of flotation in the London money market. A correspondent of the Toronto Star thus details the transaction:

In April and in early May the Railway Commissioners advertised that they would sell by public auction the lots above mentioned on the 17th of May and on the day after that they would sell the town site of Englehart that projected divisional point of the T. & N.O. Railway, whose being can only be explained in that it would never do to make a divisional point out of a Grit town, New Liskeard.

On May 17, per schedule, the "Vice-Regal" party arrived, and an auction was held in Cobalt.

The lots they were to sell were known to have a value for their mineral possibilities, collectively, but, taken separately, as they must be purchased under auction, this was much lessened. One lot only was sold, and this was, I understand, because the purchaser had a house thereon.

Next day an excursion was held to Englehart. The terms of purchase only were announced as the train pulled out of Liskeard.

The day was beautiful, and men's spirits rose by reason of the beauty around them. The site of the new metropolis was reached, and, with a great blare of trumpets, the way was led to the office of the engineer in charge of the section.

On the wall of this building were nailed drawings of the proposed station for the town, and the plan of the site, which showed three parks and a whole block of lots set apart for Government buildings. A reserve bid of $100 per lot was announced, and the bidding commenced, and such crazy bidding has only been duplicated in the boom days of Winnipeg, which city is only now, it may be said, making good on the prices set for it in the days of '82. One lot sold as high as $625. Men who knew the divisional points of the West, and Englehart can be nothing more for years to come, unless its growth is enhanced by a mining development, looked on and wondered, but the crowd continued to buy. Ultimately the sale was closed with a number of purchasers agreeing to pay in the future.

Some twenty-five thousand dollars for about 100 town lots of soil so poor that hardly scrub spruce and pine would grow thereon. A rare condition, but the soil at Englehart is sand.

This sale of land in Englehart is dwelt upon to afford a contrast to the sale of Cobalt lots which carried valuable mineral rights. On the whole the method was that of the real estate fakir. But what a lack of such as regards the Cobalt sale! The Government or, rather, the Railway Commission, did not advertise that there had been a party of prospectors on these lots last fall prospecting under a mining engineer. Mr. Parlee; they did not advertise that these men had found veins; they did not advertise that these veins carried silver nor that the Hudson Bay and Temiscamingue Mining Company had made a valuable discovery and had been refused a title for this ground by the Government.

No; they were undoubtedly afraid they might induce people to invest foolishly. They saw no loss for Englehart lot investors, among whom there is not one in ten to-day who would not be glad to get his money back.

The sequel to all this is that we hear of the Townsite Mining Company being formed, being a merger of the mine discoverers, those who had staked and applied for this ground, and the deal of the company with the Commission for these 40 lots for the sum of $40,000 — in fact it was only $35,000. The startling sequel to this deal is that they have nine veins upon the property and that the Hudson Bay Company have sold their ninth interest which cost approximately $4000, for $15,000, that is a clear advance of $10,000 on one-ninth interest, or $90,000 on the whole. This is all within a couple of weeks. It may be said that the personnel of the Townsite Mining Co. is replete with the names of Tory politicians.

This then is the way the people's trust is being handled by the Railway Commission. But your correspondent went to one of the directors of the Hudson Bay Company to ask if all this were true.

"Yes," was the answer.

"The nine who made discoveries were given interests by reason of their discoveries?"

"Yes."

"Well! You made the first discovery and spent some $600, and when you applied for the land you were told the mining rights were withheld from location! Surely you should be entitled to the whole of this land by reason of priority of discovery. Why did you not kick!"

"Well," said the director with a little twinkle, "you know the Hudson Bay cannot quarrel with the Government. We did not care to kick, we did not think it wise."

It will be remarked in this account there was no readertising, and the sale of one ninth interest by the Hudson Bay at a rise of over 200 per cent. indicates that the Government should have got 200 per cent. more for the property, while the only sound claim to the mineral rights under discovery was that of the Hudson Bay.

PROHIBITION IN MAINE.

They are having rather hot politics in the state of Maine just now, and prohibition is the principal issue. The state elections take place next September, and the Democrats are advocating a re-submission to the people of Prohibition, favouring themselves a repeal of the present law, and the substitution therefor of high license and local option. The Republicans still stand for Prohibition, but the Prohibitionists are not satisfied with Republican performances, and contemplate putting a ticket of their own in the field. It is generally admitted however that the law is being more rigidly enforced at present than it has been for years past. Three years ago finding that the sheriffs, who are charged with the enforcement of the law in the different municipalities were enforcing it in a manner to harmonize with local sentiment, and that great laxity had resulted, the Legislature appointed a commission of three members, with officers to work under their direction, to be responsible for its enforcement. The result has been a decided tightening up, and intoxicants can now be had only with the greatest difficulty, and in hundreds of places throughout the state where it was formerly kept on sale, it can no longer be found.

Naturally, the liquor interest has become more aggressive, and the cry is heard from many hotelmen, more particularly from those carrying on business at summer resorts, that their business is suffering, and that tourists and summer visitors are avoiding the state. Those who are directly interested in the traffic are likely in consequence to support the Democratic ticket, regardless of their party predilections, while the Prohibition forces are at present badly divided. There is consquently promise of a strenuous fight in September such as this staunch Republican state does not often see, but that the law which has been in operation for many years will on that occasion receive its death blow, is scarcely probably. — Exchange.

A Busy Season At Jubilee Point

Mr. J. J. Gilman Reports a Large Number of Guests.

Mr. J. J. Gilman, of Jubilee Point Hotel, was in town on Saturday, buying supplies for his summer hotel. He has had a lively season so far, although the net receipts, without the bar, have fallen short of previous years.

The number of excursions to the Point has averaged over one a day during the past month. There were two on Thursday last — the Sons of England on the Water Lily, and a private picnic brought up by the Rainbow.

A party of sixteen from Rochester are due at the Point on the 13th, and private enquiries are continually being received for rooms, etc.

August will be a busy month. The bass and maskinonge fishing during the past week has been the best of the season, and continues good.

As it has been rumoured that the price of meals at the Jubilee House is 50 cents, Mr. Gilman wishes to contradict this statement. His regular price has always been 25 cents for a meal, and this price will continue all this season.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube, when this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Must Surely Have Been Oshawa Man

Who "Sponged" His Supper, But Lindsay Post Says Not.

The Lindsay Post has the following: There is nothing that attracts a crowd quicker than a fight or a "scrap." Last night some hungry "Willie" from Peterborough was caught in the act of quitting the Pym hotel and boarding the bus for the G. T. R. depot without paying for a good big supper. Proprietor Pym got after him, and on demanding payment he was given something else besides. In a second or two there was a heap of struggling humanity on the sidewalk, surrounded by over one hundred onlookers. The performance ended with the production of the money by the Peterborough sport's friends.

Three thousand dollars a foot, or an aggregate of $150,000, is the price paid by the Royal Bank of Canada for property with a frontage of fifty feet on the north side of King street east, near Yonge, Toronto.

YOU ARE SICK!

You're uneasy, restless, without appetite. Still worse, you are thin and fagged out. Work must be done, but where is the strength coming from? Make your blood nutritious and you'll have lots of strength.

Your only hope is Ferrozone, the great food tonic.

FERROZONE

It's a blood maker, blood purifier, blood enricher. It brings sharp appetite, digests and converts all you eat into nourishment.

Ferrozone makes muscle, tissue, nerve. It strengthens in a week, builds up anyone in a month. Think of it. You'll live longer and feel better by using Ferrozone. Avoid substitutes.

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co. Kingston, Ont., and Hartford, Conn., U.S.A.

Miss Williamson Goes to Moose Jaw

Has Been Appointed Kindergarten Director in That City.

Miss Agnes Williamson, who has for some years most acceptably filled the position of Directress of the Kindergarten, in the East City school, has been offered and has accepted the position of directress of the Kindergarten department in the Moose Jaw, Sask., school, and will commence her duties after the summer vacation.

Miss Williamson's services were in demand in the west, for she was also appointed to the same position in the Regina school, but was later offered the Moose Jaw position, the conditions surrounding which were more congenial. In writing to a friend in the city, Miss Williamson tells of the circumstances under which she received the appointment. She went to Moose Jaw to visit friends, and when the Board of Education learned that she was in the city they met her, and in 20 minutes she was engaged. She states that there is a splendid new school in the city, and that everything will be the most modern. She is greatly pleased with the city, which is a very pretty place. The streets are wide and clean, and everyone is busy.

BIRTH.

Excursion to Cobourg.

The second annual excursion under the auspices of the Iron Moulders' Union, to be held on Civic Holiday, Monday, August 13th, gives promise of being the most enjoyable excursion out of town that day. Cobourg is one of the prettiest of the lake front towns, and in summer is exceptionally lively and attractive. It is a regular mecca for excursionists. The Moulders have arranged a good list of games to entertain the party after their arrival. A special train leaves the Grand Trunk station at 8.30, returning leaving Cobourg at 7.30 .Fare, Adults 85c., children 45c. 2d30

EXAMINATIONS IN MUSIC; PETERBOROUGH PUPILS

The examination results of the Toronto College of Music (in affiliation with the University of Toronto) have been made public, and the names of the following Peterborough pupils appear in the list:

Third year examination, honours—Bessie Lynch, St. Mary's Convent.

Piano, second examination—Gladys Seward and Edith Connor, St. Mary's Convent. Honours—Agnes Hall, Conservatory of Music; Lillian Fife, St. Mary's Convent, and Emily Walker.

Piano, first examination, first-class honours — Ruby Fitzgerald, Helen Howson, Marion Gorman, May Grady, Miss Walters, Aileen Sullivan and Bernice Giroux, St. Mary's Convent, and Margaret Edwards and Miria Branch, Conservatory of Music. Pass—Winnifred Lewis and Lillian Packert, Conservatory of Music.

Primary Piano, first-class honours—Pearl McDonald, Ella Darinell and Irene Clancy, Conservatory of Music. Evelina Fernier, May Grady, Olga Johnston and Hazel Moffat. Honours—Annie Hogan, Florence Reid, Conservatory of Music; Madeleine Rutherford, St. Mary's Convent; and Grace Naylor, Senior rudiments — Julia Cloute, Mary Meldrum and Gladys Seward. Honours—Edith Aylmer and Agnes Hall.

These pupils came into competition with pupils from all parts of the Dominion, and the results are creditable alike to the musical talent of the competitors, and to the quality of the instruction imparted.

Miss Williamson Goes to Moose Jaw

Has Been Appointed Kindergarten Director in That City.

Miss Agnes Williamson, who has for some years most acceptably filled the position of Directress of the Kindergarten, in the East City school, has been offered and has accepted the position of directress of the Kindergarten department in the Moose Jaw, Sask., school, and will commence her duties after the summer vacation.

Miss Williamson's services were in demand in the west, for she was also appointed to the same position in the Regina school, but was later offered the Moose Jaw position, the conditions surrounding which were more congenial. In writing to a friend in the city, Miss Williamson tells of the circumstances under which she received the appointment. She went to Moose Jaw to visit friends, and when the Board of Education learned that she was in the city they met her, and in 20 minutes she was engaged. She states that there is a splendid new school in the city, and that everything will be the most modern. She is greatly pleased with the city, which is a very pretty place. The streets are wide and clean, and everyone is busy.

BIRTH.

FLETCHER.—At 73 Smith street, on Saturday, August 4th, to Mr. and Mrs. A. M. Fletcher, a daughter.

Important Gathering In Interests Of Fish And Game

First Annual Convention of Ontario Fish and Game Association Will be Held in Toronto on August 31st and September 1st—Local Representatives Will Attend.

A convention of the Ontario Fish and Game Protective Association will be held in Toronto on Friday, August 31. Those eligible to attend this convention are the officers and executive of headquarters, and the officers and executive of each branch, or any substitutes of equal number they may appoint. In connection with this convention, the secretary-treasurer of the association has sent out circular letters to the officers of each branch, also a list of questions which it is proposed to deal with at the convention, and which the branches are asked to instruct their delegates upon.

Some of these questions relate to black bass and maskinonge, and in reference to the former the following questions are asked:

1. Are you statisfied with the present regulations prohibiting the sale or export of these fish?
2. Is the present regulation, limiting the number of fish to be taken in one day, viz. eight, and the legal size, viz. 10 inches long, satisfactory to you?
3. Is the present close season satisfactory to you?
4. Have you any recommendations to make as to the Government establishing hatcheries, or attempting to gather up the fry on the spawning beds before the female leaves them and placing the same in protected waters, as has been suggested?

The questions which the branch are asked to consider with respect to dunge are?

1. Are you satisfied with the present regulations prohibiting the sale or export of these fish?
2. Is the present regulation limiting the number of fish to be taken in one day, viz. four, and the legal size, viz. 21 inches long, satisfactory to you?
3. Is the present close season satisfactory?
4. Would you recommend any steps being taken by Government fish hatcheries to propagate these fish artificially?

The letter which the secretary has sent out is, in part, as follows:

Place of Meeting.

Of the place of meeting, hours of sessions, etc., etc., you will be advised later; but ample space will be provided, both for committee rooms and convention hall.

A Striking Committee.

The secretaries of all the branches will be a striking committee to arrange the different committees and the personnel of each, and this striking committee will meet on the evening of Thursday, August 30.

Opening of the Convention.

At 9.30 a.m., Friday, August 31, the delegates will meet in the convention hall. Chief Justice Falconbridge, the president, will give a short address after which the secretary will read out the report of the Striking Committee, and each delegate will know on which committee he has been nominated.

Each committee will then assemble in its room, provided, and proceed to elect a chairman and secretary, and consider the resolutions it will present to the convention.

Number of Committees.

In order to transact the business of the convention in an expeditious manner, there will be a large number of committees, some of which will be as follows:

Committee on Maskinonge and Bass.
Committee on Speckled Trout.
Committee on Coarse Fish.
Committee on Destructive Fish.
Committee on Food Fish, (white fish, salmon trout, herring, sturgeon, etc.)
Committee on Big Game.
Committee on Water-fowl.
Committee on other feathered game.
Committee on fur-bearing animals.
Committee on system of Fishery Overseers and Game Wardens.
Legal Committee—Intra-Provincial and other legislation.
Committee on the carriage of fish and game by common carriers.
And other committees.

After luncheon on Friday some of the committees will be ready to report their resolutions, and the convention will meet at 2.30 p.m. The resolutions will then be open for discussion and adoption, and there will be a short time limit for any delegate to speak to any one resolution.

The convention will remain open until the resolutions presented are disposed of, after which the remaining committees not yet reported will continue their work.

Evening Session.

There will be an evening session of the convention, at which committees not yet reported will bring in their resolutions for discussion and adoption.

Saturday September 1st.

The resolutions adopted will then be handed to the headquarters branch to have printed in due course, and presented to the Government and the Departments interested and otherwise circulated where advisable.

Saturday Evening.

It has been suggested that we have a banquet, and this will be the subject of a subsequent letter to your branch.

A banquet could be arranged for about $1.50 per head, exclusive of wines, and if the majority of the delegates so desire I will arrange the details.

If a banquet were decided upon, there would, of course, be some official invitations sent out, such as to the Honourable the Minister of Marine and Fisheries, Ottawa; the honourable the Minister of Public Works, and Honourable the Minister of Lands, Mines and Fisheries of the Province of Quebec; the President and Secretary of the Quebec Fish and Game Protective Association, and a few other like officers.

A Most Interesting Series of Meetings

Was Closed in the S.A. Barracks Last Night.

Capt. Harry Hurd, last night closed a series of most successful meetings at the Salvation Army Barracks. On Saturday night he gave his limelight lecture "The Way to Heaven" and it was most effective, the speaker giving many touching incidents in the life of the boy who was the subject of the lecture. It was the story of the rise of a boy from street urchin to missionary of the Gospel.

Yesterday all the services were conducted by Capt. Hurd, his morning subject being "Servants". In the afternoon he told the story of his life in a most interesting manner. The Barracks last night was crowded and good results were seen in the fact that six converts were reported. Capt. Hurd spoke on the subject of "Fools", the text being "Be not deceived". He left the city this morning after a most successful series of meetings.

A Cruel Case Of Wife Desertion Is Reported

Wife and Two Children Left Penniless and Husband Married a Young Woman at Madoc—His Wife Applied to Police for Help.

The Belleville Intelligencer of Saturday said:—

At a few minutes to eight o'clock last evening a middle-aged woman, rather prepossessing in appearance, having a babe in her arms and another child, between three and four years of age, by her side, applied at the police station for a night's lodging.

Sergeant Hayes, who at the time was in charge at the station, did not fancy the idea of having the woman and little ones sheltered in such a place and he took them to a nearby restaurant, where they were taken in and cared for.

The woman in question, who gave her name as Mrs. Jennie Sinnett, detailed to the officer a story which, if true and no doubt it is, showed that she had been cruelly deserted by her husband. She stated that she resided in the States, and that a few days ago her husband left for the Thousand Islands, where she was to meet him according to arrangements.

Upon arrival there Mrs. Sinnot found that her husband was gone, he having left for this district, She came here and went to Coe Hill, where she found some trace of Mr. Sinnott. There she learned that he was at, or near, Madoc village. She went to the latter place and was surprised to learn that a man by the name of Sinnott, and answering the description of her husband, had, a few days ago, been married to a young lady.

Mrs. Sinnott was unable, however, to find out where the couple had gone to.

Not having any means the woman came to this city, arriving here yesterday afternoon, penniless and without friends.

The Funeral Was Largely Attended

Many Paid Last Respects to Late Mrs. Bradshaw.

The funeral of the late Mrs. John Bradshaw took place this afternoon from the William street residence. The deceased, who had almost reached the century mark was the mother of Fishery Inspector Bradshaw, and Lindsay friends will sympathize with the inspector, this being the second bereavement inside of a few months. Two daughters are left to mourn the loss of a loving parent. —Lindsay Post.

Are You Looking for Souvenirs?

Views of the most prominent city buildings, streets, churches, parks, lakes, etc., depicted in many different styles. Photogravures of the hydraulic lift lock in numerous views. See our Souvenir display in north window. A. R. Stratton & Co.

Month Of August At Stony Lake Promises To Be A Banner One

About 350 Visitors Arrived There on Saturday--Big Regatta at Viamede on Saturday---Some Sorting Races--Peculiar Sea Monster Seen--Where Church Was Held Yesterday--Personal Items.

Special Staff Correspondence.

Stony Lake, Aug. 6. — Everything portends to make the month of August at Stony Lake the banner month in its history. During the week which has just vanished into the past, the Kawartha resort has welcomed more visitors [illegible] similar number of days this season, and the influx has by no means discontinued. Many of the boarding-houses are now harbouring their capacity, and with the arrival of those who are booked to appear this week, most of them will be congested, while others have had to find accommodation elsewhere.

On Saturday evening the Empress left the Lakefield dock with 150 passengers on board, who spent at least one day among the beautiful islands, which lend to the lake its charms. The steamer Majestic in the afternoon sailed through with over a hundred persons, and was kept busy disposing of them at their temporary homes until late in the afternoon.

Another indication of the truth of the prediction was the immense crowd which assembled at Juniper Island on Saturday night to join in the festivities of the dance. Except on special occasions, the pavilion scarcely ever accommodated a larger number who participated in this social event which has of later years risen to such great prominence. The music accompanying the dances during the past week has been particularly charming, Mr. Harvey Sheppard, a Kilkenny guest from the Queen City, has risen to great favour among the dancers by the brilliancy he displays in presiding at the piano. Those who enjoyed the "hops" at the pavilion last season will recollect Mr. Sheppard's generosity in assisting with the music, and his re-appearance again this year was very acceptable. Those who assisted besides Mr. Sheppard on Saturday evening were the Misses Gwen. and Helen Hall, Mrs. H. Thompson and Miss Carswell, of Oshawa, all of whom were instrumental in making the event an enjoyable one.

The Viamede Regatta.

A number of aquatic contests have been held at the lake this summer, and not among the least of these was the Viamede regatta on Saturday afternoon, off the shore from Viamede hamlet. The event was an impromptu one, gotten up in a hurry by some of the Viamede guests who have the reputation of enjoying a day's sport at any time, and considering the above conditions the directors cannot be given too much praise. The committee who put their heads together in arranging the sports was composed of Messrs. Gall, Oxley, Cox, Angus, Rogers and Weller. The starter was Mr. L. M. Weller, Toronto, and the judges were Messrs. R. Angus and Spiers, also of Toronto.

The following were successful in winning prizes:

Men's single canoe—Keith Lech.

Ladies' single canoe — Mrs. Simpson.

Ladies' tandem canoe—Mrs. Simpson and Miss Edith Campbell.

Ladies' double skiff—Miss C. Foley and Miss Sorley.

Boys' double skiff—Simpson and Weller.

Men's single skiff — Jack Henderson.

Boys' tandem canoe—Simpson and Lech.

Ladies' single skiff—Miss E Campbell.

Swimming race, open—Cyril Lech

The prizes, which consisted of appropriate souvenirs of the lake, were presented in the evening to the winners in the Viamede music and dancing pavilion. The event proved to be a very popular one, and will probably be repeated before the season is concluded.

Saturday's Sailing Races.

Training for the big regatta, one week in the future, the lake is alive with both sexes and all sizes of people in various crafts, who are intent upon gaining fame in aquatic pursuits. Sailing races frequently occur around the triangular course marked out for this event on regatta day. The course is a triangular one, twice around three buoys, each a mile apart. On Saturday Mr. J. B. Knapman's yacht, the 23, was the winner of a quartette. The others who started were Hamilton Hall, Ross Cameron with the 23, and Harry Sutherland in the Zipalon.

A Deep Sea Visitor.

It isn't much of a summer resort that can't boast of having a green-eyed monster of some description. Some years ago a serpent was believed to be lurking about Boschink narrows without a bell attached, yet this has not been seen for a considerable time, and has probably gone to some lake farther back. There now appears to be a creature in the lake which, if not destroyed, may cause a great deal of trouble and perhaps drowning accidents. This is a fish of the variety known to seamen as the sword fish. On Thursday evening last as Mr. H. M. East, of Indian Lake, was rowing past Eagle Mount, the boat was struck a terrific blow which nearly capsized it. Although the scaly monster could not be distinctly seen, yet Mr. East believes it to belong to the species which frequently attack fishermen's boats on the coast.

Stony Lake Churches.

The attendance at the several services held yesterday was large, perhaps the largest of the season. In the morning church-goers crowded the Juniper Island pavilion where Rev. J. McIntosh preached an able sermon. A short service was held at Victoria House at which Mr. J. B. Clarke officiated. Rev. C. C. James, rector of the Church of the Redeemer, Toronto, was the minister at the service at Viamede pavilion where a large congregation was present. Rev. H. F. Battersby was heard at Burleigh Falls where service was held in Burley Cottage. A number of cottagers also attended Divine service at St. George's church.

Personal Mention.

Mr. L. M. Watson, was a visitor at Wenonah on Sunday.

Mr. Ed. Roe, Peterborough, spent the week end, the guest of Mr. C. B. Routley at Rockport.

Mr. C. H. Currier was a week end visitor at Minne-Wa-Wa.

Mr. Bazil Hall spent Sunday on the lake.

Miss Simon, Cleveland, Ohio, is a guest at Ivanhoe.

Recent arrivals at Mount Julian Hotel are:—Geo H Carley, Hamilton; F G Tully, H W Robinson, Baltimore; H Acton, Langslow; Miss Kate Josephi, Cecile Cohen, Mr and Mrs J S Cohen, Toronto; Miss Kathryn Isaacs, Chicago.

Mr. W. S. Batten, Toronto, joined his family at Britannia on Saturday, and will remain during August.

A jolly party of Victoria House guests took the round trip on the steamer on Saturday. At Burleigh a shore dinner was held. Those of the party were, Mr. H T Carswell, Mrs. Carswell, Misses B. and E. Carswell, Oshawa; Mrs. C Frost, and Mr. J Sawers, Peterborough.

Mrs. W B Lee and Miss Elizabeth Lee, Rochester, N.Y., are guests at the Shanty.

Miss Olive Maguire and Miss Lettie Lumsden are spending a week at Pompadour.

Dr. and Mrs. H H Sargent, Pittsburg, Pa., are guests at Forest Nook.

Mr. Fred Cone, New York City, arrived at Boscobel, where he will spend the remainder of the season, on Saturday.

Mr. Jones and party among whom are Mr. Fred Maddox, Mrs. Maddox, Mr. J. J. Downard, Mrs. Downard, Miss Lillie Downard, Mrs. Geo. Vaughan and son, Miss B Vaughan, Miss May Jones, Mr. W. Stuffings, all of Toronto, are at the cottage Eagle Mount, for a few days.

Mr. Fred G. Roe, Montego Bay, Jamaica, spent Sunday at the Victoria House.

Miss Stella Gray, Toronto, who has been at Britannia for a couple of weeks returned home Saturday.

Mr. H. Koch, went down to Lakefield on Saturday.

Mrs. (Canon) Dixon, Toronto, is a guest at the Victoria.

Mr. J. D. Craig, spent Sunday at Upsidon.

Among those from Toronto, who spent Sunday on the lake was Miss Lyda Crowe.

Mr. T. Barrie was at Ishpeming for the week end.

The Black Bass Fishing Club, consisting of members from different parts of the Pennsylvania State are registered at the Burleigh House, and as the name implies they are well skilled in angling tactics. The Club consists of A. M. Andenck, Geo. Hamor, New Kensington, Pa.; N Gueslin, Arnold, Pa.; J D Bensinger, S Shaver, H A Klingensmith, New Kensington, Pa.; Geo. Dice, Pittsburg; R. Healey, New Kensington; R. M Sleppy, Pittsburg; R E Sleppy, H H Smith, New Kensington; J S Murray, Parnassus, Pa.

Mr. George Morrow and Miss Morrow were at Oakdene Cottage yesterday.

Miss Helen Hall spent Sunday at Wenonah Cottage.

Miss Acton left the lakes on Saturday for her home in Toronto.

Mr. John Nugent spent Sunday at his cottage, Medawanbeck.

Mr. W. G. Ferguson came up to his cottage at Boschink on Saturday night.

Mr. Acton of Toronto, came up to his cottage, Tawasentha, on Saturday.

Messrs. L. Potvin and W. O'Brien came up to Kilkenny cottage on Saturday evening. The former will remain two weeks and the latter one.

Mr. Horace Walker was a Sunday visitor at the lake.

Mr. Charles Tanner of Lakefield, came up to the lake on Saturday night.

Mr. and Mrs. Irvine Ardagh, of Toronto, came up on Saturday evening and are guests at Glenoak, Mr. A. L. Davis' cottage.

Hon. J. R. Stratton came up to his cottage, Strathormon - on - the-lake, on Saturday evening.

Miss Alice Donnel of Kilkenny, went donw to Peterborough Saturday morning and returned in the evening.

Mr. J. E. Sullivan is spending a two weeks vacation at the Lakeview House, Young's Point.

Mr. E. S. Clarry, was a guest at Strathormond-on-the-lake over Sunday.

Mr. T. E. Bradburn, M.P.P., came up to his cottage, Minnewawa, on Saturday night.

Mr. Jas. Connal was a visitor to the lakes over Sunday.

Miss May Donnel of Toronto, came up to the lake on Saturday evening and will spend a couple of weeks at Kilkenny, Boschink.

Mr. Frank Bradburn of Toronto, came up to Minnewawa cottage, on Saturday evening.

Mr. B. Shortley spent Sunday at his cottage, Stonyleigh.

Miss Mamie Lightfoot is a guest at Idleside cottage.

Mr. Weir's cottage, Fairview, contains one of the jolliest parties on the lake. It consists of the following: Misses Blythe Buller, Janet Gray, Oshawa; Lena Alfords, Mabel Gilbert, Mae Laing, Marion Howson, Marion L. Elliott; Messrs. Fred Howson, Harry Latimer, Ernest G.Poole, George Armstrong, Ralph Quinn, Frank Dawson, Hamilton. Mrs. A. Gilbert is chaperoning the party.

Mr. and Mrs. D. T. McCabe of Pittsburg, are guests at the Roger cottage.

Miss Mrtel Howson of Peterborough is a visitor at Belle Grove cottage.

Mr. W. Fortye is a guest at Kathalhu cottage.

Mr. Fred Tully is spending a couple of weeks at Mont Julian.

Miss Ruby J. Adamson is a guest at Idleside.

Mrs. H. H. Gray and son of Indianapolis, are visitors at the Roger's cottage.

Mr. and Mrs. Edward Van Wyck, of Cincinnati, are at Mount Julian.

Misses Gertrude and Allie Robertson of Cleveland, O., are guests at Cedar Brae cottage.

Mr. J. Barr Haines of Pittsburg, is summering at the lake.

Mr. G. B. VanStaricoom spent Saturday at the lake.

Miss Gena Wickens, Miss Polle Rose and Miss Fanny Hales of Toronto, are guests at Grassy Island.

Mrs. W. A. Richardson, Norwood, is a guest at Oak Crest cottage.

Mr. A. S. Rogers, Toronto Junction, is at the Hermitage.

Mr. E. C. Howson of Peterborough is a visitor at the lakes.

Mr. and Mrs. D. H. Horton of Buffalo, are guests at Raybourne.

The forerunners of the Eko Camp are expected here next Saturday afternoon on their yacht, the Kanatha. They will prepare the way for the others who will be up on the night boat and in the following week. Their camp will be pitched as in former years, at McCracken's Point, near McCracken's Landing.

Mr. W. P. Reynolds, of the Bank of Commerce, Toronto, is a guest at Wenonah.

Mr. Claude Rogers spent yesterday at the lake.

Mr. George D. Miller is a guest at The Shanty, Mr. Buell's cottage.

Messrs. F. W. Gifford, Winnipeg, Clarke Bennet and J. Hellyar, Bowmanville, are among the Julee Domum guests.

Mr. and Mrs. O. G. Williamson of Omemee, are guests at Raybourne cottage.

Miss Katie Blomfield, was among the Lakefield people who came up on the Saturday night boat and spent the evening at the pavilion.

Miss Ola Cavanah was a Sunday visitor at the lake.

Mr. P. Strickland of Lakefield, came up to his cottage on Saturd evening.

Miss Bertha Stadtlander, Elwood, Ont., is a guest at the lakes.

Mr. D. W. Dumble came up to his cottage, Ballyragit, on Saturday evening.

Mrs. Jeffreys of Cincinnati, O., was the guest of her father, Mr. W. G. Ferguson, yesterday at Boschink.

Mr. Harry White left Kilkenny on Saturday for his home in Toronto.

Mrs. (Hon.) Lawrence Grahame, Kiluna cottage, went down to Peterborough on Saturday.

Mr. Moffat of Toronto, came up to Glenwood on Saturday evening.

Mr. and Mrs. Robert Hall and Miss Lilian, were at their cottage at Boschink yesterday.

Entertaining The Peterboro' Party

Mr. W. Lytle's Camping Party at Rosedale.

The Rosedale correspondent to the Lindsay Post says:—The Peterborough party from Cobconk will be the guests of Camp Togo Saturday for dinner. Commodore Percy will "put-put-up" for them in the morning, and they will return to Cobo on the Kawartha. They will be as welcome as the flowers in May, and the letch hangs on the outside for any one at Camp Togo.

H. C. STARLER,

Awful Deed Of Peter Wylie Who Murdered Girl

Immigrant Boy of 15 Kills Bright Girl of 13 Years.

LIKELY IN A FIT OF TEMPER

Lad Told the Girl's Father, T. A. Swackhammer of Erin Township, That He Had Killed the Daughter —Boy's Career of Two Years in Canada—Immediate Incidents Before the Awful Tragedy.

Guelph, Aug. 6.—Little Mary A. Berdina Swackhammer, the 13-year-old daughter of Thomas A. Swackhammer of the fourth line of Erin, was shot and killed by a young Scotch lad named Peter Wylie. The tragedy occurred at the father's home, about six o'clock on Saturday evening, and Wylie was was arrested shortly afterwards at Acton, just as he was about to board a train for the east to make his escape.

The motive for the terrible deed cannot be ascertained, though it is known that Wylie was in a fit of temper at the time. The young prisoner takes the matter most unconcernedly and apparently does not realize the seriousness of his crime. He maintains that the discharge of the gun was purely accidental.

Only 15 Years Old.

Wylie, who is only 16 years of age, was brought out to Canada from Scotland two years ago by Rev. Peter Wilson of Toronto, and after a short time hired out to William Bingham of Erin for one year. The term of contract has not expired, but Wylie became dissatisfied and left Bingham last Saturday. He came back to Darius Kennedy's, where he was first taken by Mr. Wilson. Kennedy's farm is only a short distance from the Swackhammer homestead, and occasionally the two men assist each other with work. On Thursday last Kennedy was to have helped Swackhammer with his turnips, but was taken ill. He sent Wylie up to tell Swackhammer of his illness, but Wylie said he had been sent up to help with the work in Mr. Kenpedy's place.

Wylie's services were accepted, but Mr. Swackhammer got little work out of him, and regarded him as a useless one. On Saturday the work was finished and Mr. Swackhammer intended to take Wylie back to Kennedy's that evening.

First Gun Play Harmless.

Late Saturday afternoon Wylie and Mr. Swackhammer's youngest son, Frank, went bathing, and on their return Mr. Swackhammer asked Wylie to assist Frank with the chores. This he did not do, but on the contrary went into the woodshed and from an old chest secured the stock of an old gun. He pointed it at Stanley, Mr. Swackhammers' other son, who was hitching up a horse to go to Acton, and threatened to shoot him. Then he pointed it at the horse, and then Swackhammer told him to put it back. This he did and returned.

In the meantime the rig was ready to go to Acton, and Berdina, the dead girl, had got into the rig to go as far as the end of the line with her brother. Wylie also said he would go, and got into the buggy. At the gate Wylie insisted on going to Acton, but Swackhammer refused to take him, saying he was not in presentable shape and that he was to go with his father to Kennedy's. Wylie was insistent, however, and the two had hot words. His wish, however, was not gratified, and in a rather enraged state, Wylie returned to the house, closely followed by little Berdina.

Procures Gun.

When he reached the woodshed Wylie, with the assistance of a chair, took down a loaded gun, which Mr. Swackhammer had ready to shoot a fox which had been causing him trouble, and as Berdina stepped into the woodshed he fired. The girl's left arm was almost completely torn off, and the contents of the cartridge were lodged in her lungs.

Mr. and Mrs. Swackhammer, who were picking berries in the rear of the house, upon hearing the report of the gun, rushed in and were met by Wylie, who said, "I have shot Berdina." The gun was lying across the chair and the girl was found on the floor in a pool of blood. She was carried into the house, but lived only 15 minutes.

In the meantime Wylie had escaped to Acton, where he was later captured and locked up in jail. Coroner Dr. Savage has empannelled a jury and an inquest has been opened.

Sympathy For Bereaved.

The case has aroused the deepest of sympathy for the bereaved parents, who are most highly esteemed in the neighborhood. The little girl was very bright, well liked by her playmates, her father's constant companion, and a general favorite with older people, and her taking off in such a tragic manner is deeply deplore. Reeve Hiram Swackhammer of Acton is an uncle of the dead girl.

JUDGE SEDGWICK IS DEAD.

Member of Supreme Court Passes Away At Chester, N. S.

Chester, N. S., Aug. 6.—Hon. Robert Sedgwick, puisne judge of the supreme court of Canada since 1893, died at 5 o'clock Saturday morning. He has been in failing health for some time and his death was not unexpected. His immediate family and his brother, Rev. Thomas Sedgwick, were in constant attendance upon him during the past two weeks and were present when he died. His lordship was in the prime of life, having been born in 1848.

Duke of Rutland is Dead.

London, Aug. 6.—The Duke of Rutland (John James Robert Manners) died Saturday. The seventh Duke of Rutland was born at Belvoir Castle in 1818. In 1841 he entered Parliament from Newark. He was afterwards Postmaster-General and Chancellor of the Duchy of Lancaster, continuing as the latter until he succeeded, in 1892, the late Earl Stanhope as chairman of the Copyright Commission. The Duke of Rutland published several volumes. The duke is succeeded by his eldest son, the Marquis of Granby, for many years secretary to the late Lord Salisbury.

Immigrant Ship Is Wrecked Off Cape Palos

Italian Vessel Goes Down Off Hormigas Island, Spain.

THREE HUNDRED LIVES LOST

Suicide of the Captain—Bishop of Sao Pedro, Brazil, Among the Victims—Captain Took Dangerous Course In Order to Save Time and Ran Vessel on the Rocks—Brutal Panic Stricken Passengers Fight.

Cartagena, Spain, Aug. 6.—A terrible marine disaster occurred Saturday evening off Cape Palos. The Italian steamship Sirio, from Genoa for Barcelona, Cadiz, Montevideo and Buenos Ayres, with about 500 persons on board, was wrecked off Hormigas Island.

Three hundred emigrants, most of them Italians and Spaniards, were drowned.

The captain of the steamer committed suicide.

The Bishop of Sao Pedro, Brazil, also was lost.

The remainder of the passengers and the officers and crew got away in the ship's boats or were rescued by means of boats sent to them from shore.

A number of fishermen who made attempts at rescue were drowned. Those rescued from the vessel are now at Cape Palos in pitiable condition, being without food or clothing.

Strikes Reef.

The Sirio struck a rocky reef known as Bajos Hormigas, and sank soon after, stern first. Hormigas Island lies about 2 1-2 miles to the eastward of Cape Palos.

Before he committed suicide the captain declared the steamer had 646 passengers on board, and that her crew numbered 127 men. The Sirio had 570 passengers when leaving Genoa, but additional Spanish passengers were taken on board at Barcelona, where the vessel touched a few hours before the disaster.

The disaster occurred at 6 o'clock Saturday afternoon. The steamer was threading a difficult passage through the Hormigas' group where the Bajos Hormigas reef is a continual menace to navigation. The vessel began to settle rapidly immediately she had struck, and a terrible scene of confusion and panic ensued on board.

Fishermen Rescue Survivors.

The fishermen along the coast sought to render every assistance in their power and sent out boats which brought many survivors ashore. Most of the officers and crew of the Sirio are among the saved.

The survivors have gone into camp on the main square of the town of Cape Palos. Harrowing scenes are enacted as the stricken families anxiously seek beloved members among the rescued. A mother who lost her three children went insane. The doctor of the Sirio gave up his wife and child as lost, but they were finally brought in by one of the rescuing boats, and the scene as this family was reunited was most affecting. One of the boats sent out by the fishermen brought in 24 passengers.

Captain Takes Blame.

The captain of the Sirio, before he killed himself, attributed the wreck to his own imprudence.

The Sirio left Genoa Aug. 2. All the ship's books were lost. It is impossible at present to ascertain the full extent of the disaster. Nine-tenths of the passengers were Italians, and the remainder Spaniards. The survivors have been landed at Cape Palos. The inhabitants at once provided them with clothing and nourishment.

From narratives of the terror-stricken survivors it would appear that it was the intention of the captain of the Sirio after leaving Barcelona to call at Cadiz before proceeding to Brazil.

The captain in order to shorten the route and gain time, purposed to pass as close as possible to the dangerous rocky ledges, surrounding the Hormigas Islands. Without any warning and while running at full speed, the Sirio crashed upon the rocks with terrible force. A few minutes later the stern of the vessel sank beneath the waves.

Horror and Panic Reign.

The passengers were in a state of horror and panic. Crowds rushed forward, grabbing each other and fighting for places in the bow of the boat. Many fell and were trampled to death. Dozens of men and women threw themselves into the sea. A young mother who was carrying her baby was advised to abandon the child and try to save herself alone. This she refused to do declaring she preferred that they die together. Both were eventually picked up alive from the water.

In the midst of this panic the captain and officers of the Sirio endeavored coolly, but in vain to restrain the people, restore a semblance of order and organize a system of life-saving. This was not accomplished for the vessel, suddenly, either broke in half or glided off the rocks and foundered in deep water. The captain purposely sank with his ship. Archbishop of Sao Pedro went down with the vessel while blessing the drowning passengers.

The Austrian consul at Rio de Janeiro was saved, but lost a large amount of money when the vessel went down.

Fought With Knives.

London, Aug. 6.—The Madrid correspondent of The Daily Telegraph describes the Sirio disaster as one of the worst on record. The Italian emigrants, with knives in their hands and without regard for the women or children, fought with the greatest brutality for the possession of lifebuoys and boats.

Many were killed or wounded, including several members of the crew, who were attacked by emigrants.

Captain Suicides.

When the captain saw the vessel was lost, and that the emigrants had captured the boats, he committed suicide by shooting with a revolver. The other officers then lost their heads and there was nobody to direct the work of rescue.

Eye-witnesses give awful pictures of te brutal panic on board. For half an hour the emigrants were masters of the situation. They completely overcame the crew by sheer force of numbers, and this, in spite of the efforts of the officers, who tried to save the women and children first.

Fierce Fight For Lifeboat.

One report even states the correspondent continues, that a group of emigrants approached one of the ship's boats, which either was full or was about to be launched, and dislodged the people, killing several with their knives. Just as they were about to occupy the boat themselves another body of armed emigrants came up and a fierce fight for possession of the lifeboat followed. Many of the survivors brought ashore were seriously wounded, and a number had sustained fractured limbs. Some of the injured subsequently died.

BRITISH PARLIAMENT.

Passed Much Legislation During Session Just Adjourned.

London, Aug. 6.—The new Liberal Parliament, which adjourned Saturday, distinguished itself as a working Parliament.

Besides passing the principal measures promised in the King's opening speech, others were passed or reached an advanced stage in committee, which will allow of their being finished at the autumn session.

The Irish laborers' cottages bill, the colonial marriages bill, T. P. O'Connor's musical copyright bill, the workmen's compensation bill, and the merchants' shipping bill are all in an advanced condition.

The Scotch crofters' bill, which, with the Irish laborers' cottages bill, probably will form the basis for eventually dealing with the land question in England also, was only introduced at the close of the session.

It goes to greater lengths in the reform of land legislation than even the Irish bills, and will be keenly contested by the Unionists.

The feature of the autumn session will be the struggle just opened between the two Houses over the education bill.

FOREST FIRES IN B. C.

Forty Square Miles Burned Over, Causing Thousands of Dollars Loss.

Victoria, B. C., Aug. 6.—Upwards of forty square miles of forest reserves of the Columbia and western railway belt, between Cascade and Bull Dog Tunnel, are on fire, and, it is estimated, that hundreds of thousands dollars' worth of timber has been destroyed.

At Farron Station the buildings, round houses and water tanks of the company, boarding houses, etc., burned Saturday with a loss of $10,000. The entire available railway force from Cascade to Robson are working night and day to save trestles.

Chamberlain Ill.

London, Aug. 6.—A rumor is current that Joseph Chamberlain's health is in a most precarious condition.

It has been openly said that after the fatigues of the Birmingham birthday celebration he had a fit, and for some days before his son Austen's marriage he was very ill.

While he is ostensibly confined to his bed with an attack of gout, it is known that Mrs. Chamberlain (whose mother Mrs. Endicott, is with her) scarcely leaves him. Th hour's drive a da which the doctor prescribes is the sol relaxation she permits herself.

Latest News Of Various Sports

Shamrocks Outclassed Oshawa Team---The Post

What the Lindsay Post Has to Say in Reference to the Lacrosse Game in That Town Thursday.

The Lindsay Post reporting the lacrosse game in that town on Thursday, has the following, among other things to say:—

Lindsay lacrosse enthusiasts witnessed the first game of the season yesterday afternoon when the junior Peterborough Shamrocks met the juveniles of Oshawa on neutral grounds to play off a tie. Peterborough won by the dopy score of 13 to 2 and are thus a fixture to play another sudden death game against the Port Hope junior Ontarios. The game with Port Hope will likely be played at Millbrook, and judging from observations made yesterday, the Peterboroughs should land the championship honours all right.

The Shamrocks brought the best team they owned, determined to win if possible, while the Oshawa bunch were not as confident, having been beaten in Peterborough by 11 to 2 and pulling out a tie on home grounds. The play was by no means such as would create deep enthusiasm, as Petenborough played the best game at all stages and but for the strong defence of the Oshawa bunch, who broke up several rushes the game would have been even more one-sided.

The Shamrocks deserved the victory and won on their merits, playing better lacrosse than their opponents at all stages. Their home men were strong, the ringer being Bassett, who is the king-pin of the dozen. He plays neatly and is cool, as well as being a dangerous man. "Jimmie" McNicholl was also much in evidence, keeping his check well covered. Tucker, at centre, played a hard game, always after the ball, while Davis on first defence was always in the way. Gilman in the nets relieved quite frequently in an easy manner. Dobson at outside home was also there at the right moment.

The game itself was free from intended roughness and "rag" was seldom indulged in. After the conclusion of the first three quarters, when it was seen that the Oshawa bunch were all in and were unable to secure scores enough to make the game more exciting the game dwindled away and the last quarter was cut short by about ten minutes.

Shamrocks Won The First League Game

Defeated Athletics in a Close Score in City League—Score Was 9-8—Winners Landed on Pilling Hard at Opportune Times.

The Shamrocks celebrated their opening game in the city league by defeating the fast Athletic team by 9 runs to 8 in an exciting contest.

The match was a good exhibition of ball but it proved to be a very tiresome one, there being many delays caused by the balls being batted over the fence which necessitated numerous stops until they were found. Although there were three balls put into the game there was always one shy.

Wm. Shaw, of the Strathcona's aine handled the indicator, and by his good work certainly made a "rep." for himself. He had many close decisions to render, and in nearly every case gave general satisfaction. He made the teams play ball all the time and would not tolerate for a minute any back talk or chewing the rag. He is one of the best "umps" seen here for some time.

Following were the teams:—

SHAMROCKS.	R.	H.	E.
Callaghan, 3b.	1	0	2
Fitzpatrick, 1b.	1	2	0
Treanor, c.	2	3	1
Derocher, l.f.	1	2	0
Pedlar, 3b.	1	0	1
Gillespie, c.f.	1	0	0
Quinlan, p.	0	0	1
Cahill, p.	1	1	5
Green, s.s.	0	1	0
Doherty, r.f.	1	1	0
	9	10	10

ATHLETICS.	R.	H.	E.
Sheridan, 3b.	1	1	0
Lang, c.	2	1	1
Whitcroft, 2b.	0	1	1
F. Roddy, l.f.	1	1	3
Wearn, s.s.	1	1	2
Pilling, p.	0	0	1
Heaslip, 1b.	1	1	0
Crowe, c.f.	1	0	0
E. Roddy, r.f.	1	0	0
	8	6	10

Score by innings:—

	R.	H.	E.
Shamrocks ... ...01040040x—9	10	10	
Athletics ... ...12000220l—8	6	10	

Summary.—Two base hits, Sheridan, Doherty; innings pitched by Quinlan, 11-3; by Cahill, 71-3. Base on balls—Off Quinlan, 1; off Cahill, 3; Off Pilling, 2. Struck out—By Quinlan, 1; Cahill, 3; Pilling, 10. Wild pitch—Cahill, 2. Passed balls—Treanor, 2; Double play—Cahill to Fitzpatrick. Left on bases—Shamrocks, 7; Athletics, 6. Umpire—Wm. Shaw.

Lakeviews Again Defeated Lillies

Score on Saturday in Good Game Was 11-1.

The Lakeviews and Lillies again played a game of baseball on Saturday and the former was victorious, the score being 11-1. The teams lined up as follows:—

Lillies.		Lakeviews.
Ryan	Pitcher	Mahoney
Hillier	Catcher	Menzies
Adamson	First Base	Wilson
Price	Second Base	Letellier
Archambeault	Third Base	Theobald
L. Campbell	Short stop	Foley
Dunsford	right field	Carson
Moore	left field	Houston
Grose	centre field.	McGill

Although strengthened by Adamson, and Ryan, the latter of Charlotte Street Guild team, and Lorne Campbell, of Jimmy Pilling's once famous Night Owls, the Lillies could only score 1 run.

Ryan pitched good ball, but was not steadily supported, while Mahoney was well assisted by the rest of the players. Menzies received for him in splendid style. Carson had the batting honours, securing four runs out of four times at bat.

In the field Mordie McGill's playing was a la Chicago spuds, while Shambo for the Lillies is a scorcher.

Charlie Martin as umpire, did his best to satisfy all and accomplished it.

WELLINGTONS EASY FOR NIGHT OWLS

The Night Owls defeated the Wellingtons Saturday afternoon at the Charlotte Street grounds by the score of 25-7, the Night Owls heavy batting being a feature. Two three-base hits being made and eleven two-baggers, Pilling pitched good ball, striking out 7. The only big hit made by the Wellington's being a two-bagger by Johnson.

LACROSSE

The Lindsay Post says that there is a possibility of Port Hope and Peterborough juniors playing a sudden death game in Lindsay next week.

Vonda Yacht Won Chemong Race

Mr. A. A. Hollingshead Possesses the Flag This Week.

The race for the Chemong flag on Saturday was won by Mr. A. A. Hollingshead, whose trim little dinghy, the Vonda, succeeded in gaining the flag for him this week. Five sails started, Hamilton's and Merritt's getting second and third places respectively.

Sunday Swelters In Hadesan Heat

91 Degrees Was What the Thermometer Registered.

Yesterday was a very warm day, in fact the city dweller found the weather oppressively hot. The official figures were 91 degrees in the shade, but one degree off the highest temperature this summer. Saturday's highest was 87 degrees.

Elks' Club Rooms Open to Oddfellows

Visiting Members of the Order At Liberty to Use Them.

Mr. W. Mellroy, Exalted Ruler of the Peterborough Lodge of Elks, on behalf of that lodge has extended to the visiting Oddfellows in the city city the freedom of the Club rooms in Brandburn's Opera House Block, George street. Any visiting Oddfellow will be made welcome at the club rooms and are at liberty to make use of them for reading or writing, or for playing billiards and pool, while in the city. This act of generosity and evidence of fraternalism on the part of the Elks, will, no doubt be appreciated by the members of the Oddfellow Order.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Aug. 6.—The bulls took hold of the market again to-day and brought prices back to the high of last week with a rush. Opening prices were about a point above Saturday's close and in the next few minutes were put another point higher, many issues jumping a point or more between sales. Outside orders which had come in over Sunday and an anxious short interest were the big factors in the advance. Southern Pac. was again the feature making a new high record on this move, while U.P., St. Paul and Reading were not far behind. Toward noon the market got dull but held its gain. B.R.T. and the Steels were slowly worked upward.

Prices kept strong throughout the afternoon, very large buying orders appearing in S. P. and Steel common. The close was firm.

	Opening	Closing

Under Load Of Burning Hay

Cobourg, August 4.—John McGinnis is in a serious condition as the result of an accident. He was employed at Balmoral Hotel and went out into the country for a load of hay. When returning he lighted a pipe and thought he thre the match clear of the load, but it caught and ignited one side of it.

McGinnis undertook to put it out when the horses became frightened and he was thrown off in the ditch under the burning hay, and was terribly burned about the head and shoulders. It is thought that he will recover.

GOT HIS HAIR BACK

Was Perfectly Bald When He Started To Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Mont., bought a bottle of Newbro's Herpicide, on April 6, '98, and began to use it for entire baldness. The hair follicles in his scalp were not dead, and in twenty days he had hair all over his head. On July 2nd he writes, "and to-day my hair is as thick and as luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery — destroy the cause and you remove the effect. Herpicide destroys the germ that is the cause of dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond and Walsh are special agents.

A Disastrous Collision On Pere Marquette

Two Firemen Killed and Two Engineers Badly Hurt.

PERE MARQUETTE AND M.C.R.

Dead Are Arthur Goodhue of Port Stanley and George Hemphill of St. Thomas—Passengers Were Badly Shaken But Not Injured—Express Messenger If He Recovers Will Be Scarred For Life.

St. Thomas, Aug. 6.—A frightful head-on collision took place at 3.18 Saturday morning, when the northbound Pere Marquette passenger train, which was a little late, crashed into a Michigan Central passenger, also behind time, just at the semaphore north of the city on the Pere Marquette track, which is leased and used by the M.C.R. The dead.

Arthur Goodhue of Port Stanley, lately of Waterford, the Perre Marquette fireman.

George Hemphill of this city, M.C.R. fireman.

Engineer Jones of the M.C.R. and Engineer Robinson of the Pere Marquette jumped and are seriously injured. Jones will likely recover. Express Messenger Watkins was seriously injured.

The tender of the Pere Marquette engine telescoped the coach, which was directly behind the engine on the M.C.R. train.

Passengers Badly Shaken.

The passengers were badly shaken up, but no one seriously injured. Both of the dead men were married and leave families.

In an interview, J. Gilhula, train master of the Pere Marquette Railway, made the statement that the accident was due to the carelessness of the engineer, William Robinson, and the conductor, E. N. Drake, in overlooking their orders. Both men were trusted employes. Engineer Robinson has been on the P.M.R. for 17 years, and Conductor Drake for 11 years.

"I ordered the empty coaches to be put on the train at St. Thomas. Without these great loss of life would have been the result."

The wreck was cleared by 3 o'clock and trains running. The engines were so interlocked that they could not be parted, and had to be put on the tracks and taken to the yards together.

The condition of Express Messenger Watkins of Detroit, who is 60 years of age, was favorable yesterday. If he survives he will be scarred for life. A large hole was driven in his cheek, fracturing the bones.

Freights Telescope.

Montreal, Aug. 6.—As a Grand Trunk freight train was coming past Vaudreuil yesterday morning at 6 o'clock, it was telescoped by a second freight, throwing the cars off the track. No lives were lost, and the damage is estimated at $2,000.

Wife of Dr. Bradley Killed.

Montreal Aug. 6.—While the outward Vancouver express was passing Dorval Saturday evening, it ran over Mrs. (Dr.) C. W. Bradley of Belleville and her aunt, Mrs. Stewart of 765 Wellington street, killing the former and seriously injuring Mrs. Stewart, who, however, will recover. The ladies were watching a motor car come into the station and failed to see the express. Mrs. Bradley had only been married a year, and was down here visiting her relatives.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.

PRINCIPAL DYER, D.D.

Young Men In Demand By The Church To-day

Rev. H. M. Manning, at Charlotte Street Church, Preaches Interesting Song Sermon on "The Church's Duty to the Young Man"—Musical Features of the Service.

"The Church's Duty to the Young Man" was the subject of a "song-sermon" delivered in Charlotte street Methodist church last night by the pastor, Rev. H. M. Manning, before a church, crowded in spite of the oppressively hot night. The text upon which the sermon was based was "Run, speak to the young man," the injunction represented by these words being applied to modern conditions and to the church to-day. The sermon was directed mainly to the members of the church, and the speaker sought to advise as to the duty of that body with respect to the young men of to-day. He pointed out that the young men to-day were in demand—in commercial pursuits, in the professions, and in the church—but the speaker expressed the opinion that the world was wiser in pursuit of the young man than was the church. Some advice as to the best methods of winning the young man for the church was given.

At intervals during the sermon, appropriate solos were sung, Miss Manning singing "The Pilot Song," Mr. Freund, "Sometime," and Miss Belleghem, "Ashamed of Jesus." At the offertory, Miss Belleghem and Mrs. James Browne sang the duet, "Come Unto Me and Rest," by Campana, in a most effective manner, their voices blending perfectly. The anthem was "Lo, 'Tis Night," by Beethoven, a duet being taken by Miss Belleghem and Miss Coe.

The morning anthem was "God Is Love," with soprano solo, which Miss Belleghem took. Miss Stewart, in her rendering of "Face to Face," by Johnston, which was sung during the offertory, gave evidence of considerable musical ability.

Dredge "Israel Tarte" To Be Raised From Lake

Was Sunk in Sixty Feet of Water Near Port Hope—Coal Dealer Discovered Sunken Dredge by Accident—Polson Company to Raise Her.

The Toronto Star, of Saturday, said:—

The dredge J. Israel Tarte, which sank in Lake Ontario, just a few miles from Port Hope, about two years ago, is to be raised to the surface, and put into service by the Polson Iron Works, Limited, in the near future.

The dredge was held until lately by the insurance company, with which the Government had put the risk, and the Polson Company, for a reasonable consideration, became the possessors of it. It is in excellent condition and easy of access. The only damage that has been done to the dredge is that consequent upon its long abode at the bottom of the lake.

It is said that there will be small difficulty in raising the J. Israel Tarte, though she is sixty feet beneath the water and about two miles out from shore. The contract for the raising will be let shortly by the Polson firm. It is not yet made known what service the boat will be put to.

The dredge sank on account of the water that she shipped while the crew had left the wire rope, attaching her to the tug, quite slack. The frequent jerking of the dredge caused her to swamp.

The discovery of the whereabouts of the J. Israel Tarte was made in a rather peculiar manner. A Port Hope coal dealer sailing along in his schooner a few miles out from the shore, while there was a big swell on the lake, felt the keel of his boat strike something. He marked the spot and prepared for exploration when the lake was clearer. Then he took two boats and a rope half a mile long and weighted the latter with a liberal allowance of lead. With the rope stretched between the boats he dragged the water and found the J. Israel Tarte sitting tight, keel down at the bottom of the lake. It was the spuds of the dredge that his schooner had struck.

New Work For Epworth League

Will be Discussed To-night at Charlotte Street.

An important meeting of the Epworth League of Charlotte street church will be held to-night. It will be the monthly consecration meeting, but will be of special interest, in view of the fact that the reports of the officers for the last three months will be presented, and in addition to this new work for the coming month will be under discussion. It understood that the League is planning some new phases of work in the near future.

HOW IT SPREADS

The first package of Dr. Leonhardt's Hem-Roid, the infallible pile cure, that was put out, went to a small town in Nebraska.

It cured a case of piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonhardt, of Lincoln, Nebraska, the discover, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of piles. There is a month's treatment in each box. Sold for $1 with an absolute guarantee.

It is for sale by druggists or by The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

MUSIC AND DRAMA

Lulu Glaser's greatest comic opera success, "Dolly Varden," has been purchased intact by Milton and Sargent Aborn, to be used as a starring vehicle for the clever little prima donna comedienne, Lillian Spencer. The company surrounding her is said to be one of the strongest singing organizations of the season, and is beautified by the magnificent setting of scenery and costumes used by Lulu Glaser. Miss Lillian Spencer and the excellent cast and chorus presenting "Dolly Varden," will come to this city early in the theatrical season.

Fast Train to Montreal Aug. 7th Knight Templars.

The Toronto Knight Templars have completed arrangements with the Canadian Pacific Railway for a special fast train from Toronto to Montreal, Tuesday, August 7, for the accommodation of themselves and their friends. The train will consist of high back, first-class, wide vestibule coaches, parlour car and dining-car. Toronto will be left at 11 a.m., arriving in Peterborough at 12.45 p.m., and Montreal at 6 p.m., in good time for dinner and attendance at meetings same night. 2d29

Rev. McCamus To Supply Pulpit

At Charlotte Street During the Absence of Pastor.

Rev. H. M. Manning, pastor of Charlotte street Methodist church, will take a four weeks' vacation commencing this week, and during his absence from the city the pulpit will be supplied by Rev. D. N. McCamus, of Listowel, in the London Conference, a former member of this conference. He is coming to this section to spend a vacation visiting friends, and his colleague, Rev. Mr. Manning, has taken advantage of his presence here to secure him to supply the pulpit. Rev. Mr. McCamus is not a stranger in this city, and is looked upon as one of the best pulpit speakers in the connection.

The congregation is to be congratulated upon the good fortune in store for it during the next four weeks, in the absence of the pastor.

Kidney Disease—Gravel.

"I was afflicted with kidney disease and gravel in its most severe form, having often a stoppage of water accompanied by the most dreadful agony. By using Dr. Chase's Kidney-Liver Pills the disease was eradicated from my system in less than six months. I have gained in weight, sleep well and feel better than I have for twenty years." — Mr. W. Smith, Port Dalhousie, Ont.

Important to Builders and Contractors

The Peterborough Sandstone Brick Company, Limited, is prepared to deliver **BRICK** on short notice at any place in the City of Peterborough or at any of the stations on the lines of Grand Trunk and Canadian Pacific Railways. Prices and other information on application.

Defects of Vision

Defects of vision, though they may be slight, may cause much annoyance, which usually is in the form of a dull headache, which the physician has tried in vain to relieve, or there may be a feeling of ache in the eyes. Now, if the trouble is due to strained vision, our scientific test may discover a possible reason, and a pair of rightly-fitted glasses brings comfort when drugs have failed to do any good. And if you are particular as to how your eye glasses look our new light-weight models of frames will suit you.

Fire, Water And Light Committee Inspect Lamps

To Find Those Best Suited for Street Lighting Purposes —Communication Against Blowing of Whistles at Night--Petitions for Sewers--Engineer Will Follow up Companies Opening Streets--Must be Left in as Good Shape as Found.

The City Council sat in regular session last night expecting to clear the board in an hour and a half, but discovered business more pressing than anticipated and eleven o'clock passed before adjourning.

The reports of the committees were read and adopted with the exception of one clause of the Fire, Water and Light report. An interesting discussion took place about the purchase of the fire hall horse which some of the members of the Fire, Water and Light Committee had nothing to say about. Ald. Duncan, Graham and Adams exchanged some hot shots for a few minutes which were the source of no little interest. A number of communications were also received, some of which will prove important when taken up in Committee.

Those present at the meeting were Mayor Best, Ald. Johnston, Hicks, McWilliams, Mason, Elliott, Graham, Duncan, Wilson, McIntyre, Adams.

The minutes of the last meeting were taken as read and the following communications read:—

Communications.

From the Central Milling Company, stating that their taxes had been made out on an assessment basis of $21,140, instead of $12,000, as fixed by the City Council, and asking to have the correction made before Aug. 1st. This was referred to the Court of Revision.

From R. H. Bradburn, calling attention to the unsatisfactory condition of the Water street sewer which caused the furnace room and dressing room under the stage of the Grand Opera House to be flooded with water after heavy rains.

A communication was also received from John Crane, calling attention to a similar trouble at the Ontario Bank.—Board of Works.

From a number of residents on Reid street, asking for a sewer pipe to be laid between King and Sherbrooke.

From residents on Hilliard street, asking for a sewer from Water street west 100 feet.—Board of Works.

A letter was received from R. T. McIlwraith, Mayor of Halifax, N.S., extending an invitation to the Mayor and members of the Council to attend the 5th annual convention of the Union of Canadian Municipalities, to be held at Halifax on August 14th, 15th and 16th. At this convention there will be assembled prominent gentlemen in civic affairs from all over the Dominion to give their opinions on the important subjects considered. The communication was received.

From W. G. Morrow, Secretary of the Board of Education, asking that the sewer be extended to connect the new South Ward school.—Board of Works.

From Mrs. T. W. Sullivan, claiming damages to the amount of $20 for the injury to her property on Murray street, caused by the flooding of the creek.—Board of Works.

A petition was received from a number of citizens protesting against the frequent blowing of whistles of Railway trains while passing through the city at night. This, the letter pointed out, was a menace to sleepers and bells should be rung instead when crossings were being approached. They asked that steps be taken to prevent the unnecessary blowing of whistles. The Manufacturers' Committee will deal with the matter.

Deputation Heard.

A deputation consisting of a number of residents from Sherbrooke street, waited on the Council asking for a sewer on that street from Park street to the boundary. Mr. Andrews, Webb, the spokesman, said that since the property owners on that street were changing, he thought that the majority of them now would like to have the sewer built. He explained that the cellars in that vicinity also contained enough water to swim in after every rain, and he asked the Council to give notice of the laying of the sewer pipe and suggested that the work be done by day labour, as he thought it could be accomplished cheaper.

Ald. Hicks asked Mr. Webb if he thought a petition for a sewer would be sufficiently signed by the ratepayers, because if it were, the project could be accomplished more quickly.

Mr. Webb was of the opinion that it would, but wanted notice to be given, nevertheless.

The Mayor promised that the request would be attended to and said that the notice would be given. The matter was referred to the Board of Works.

Reports of Committees.

Chairman Hicks read the report of the Board of Works Committee. Ald. Johnston asked to have a clause inserted, that the question of erecting crossings on Belmont and Homewood avenues, and fixing up the street, be referred to the engineer. The original report, however, was confirmed.

Ald. Johnston then moved that the matter of fixing those streets be referred to the engineer, and pointed out that the cause of the trouble was due to the way the streets were left after the gas company was through with them.

Ald. McWilliams said that the Gas Company should leave the streets in at least as good shape as they were found, and thought that the engineer should follow up the Gas Company and others to see that this is done.

Ald. Hicks agreed that the work should be made general, and thought that no motion was necessary, because the engineer had the power already.

After considerable discussion to arrive at a motion covering the question, Ald. McWilliams and Elliott moved that the chairman of the Board of Works and the engineer be instructed to see that the companies digging up the streets leave them in as good condition as found.—Carried.

Street Lamps.

The reports of Finance, Fire, Water and Light, and Committee of the Whole, were read and adopted, with the exception of clause three of the second, which says:

3. That the Committee approve of the substitution of the new enclosed alternating arc lamp for the present system, and would recommend the General Electric lamp. All lamps to be placed in such positions on the streets and in such a manner as this Committee or some person appointed by the Committee or Council may decide on.

The question of whether the present lamps were or were not superior to the Westinghouse or C. G. E. lamps arose, and also whether they should be placed in the centre of the streets or not.

Mr. Lamarsh was present, and answered a number of questions as to the working of the three systems, and suggested that a committee of the Council visit some nearby place where either of the new systems were used. This suggestion met with approval, and a motion by Ald. Hicks and McWilliams that the matter be referred back to the Fire, Water and Light Committee, and that it be given authority to look into the different systems, was carried.

By-Laws.

By-laws were passed as follows:—

By-law No. 1244 was a by-law to purchase that part of Hunter street leading to the lift lock.

By-law No. 1245 was a by-law confirming the opening of George and Aylmer streets south.

By-law No. 1246 was a by-law to authorize the construction of sewers on Reid and Hilliard streets as local improvements.

By-law No. 1247, a by-law to authorize the execution of an agreement with the Grand Trunk Railway.

By-law No. 1248, a by-law to authorize the opening up of part of Dalhousie and Water streets.

A Glimpse Into Life In Stony Lake Hotels And Boarding Cottages

Month of August Promises to be Unrivalled—Visitors at Some of the Popular Stony Lake Points—How the Tourists Pass Away the Pleasant Hours.

Stony Lake, August 6.—It would be safe to assert that the hotels and boarding houses on the Lake have never contained so many Kawartha visitors. Almost every available corner is being utilized and many have to be turned away. From the following partial list Examiner readers will be able to form some idea of the number who are making Stony Lake their temporary home.

Glimpses of Kilkenny.

Kilkenny's population has wonderfully increased since the last census was taken a week ago and the beautiful sitting out places among the oaks are quite frequently populous. Apparently other seasons as well as the poetic springtime lightly turns the young men's fancies to thoughts of love on Kilkenny Island and many are the fond welcomes and farewells as the arrivals come and go.

The finny tribe around the island seems to grow out of all proportions after bidding farewell to their native element.

Nevertheless a few facts have been gleaned which are known to be authentic. Miss Hastings, an angler with a reputation, recently hooked a nice black bass weighing in the neighbourhood of 5 lbs the other morning, while Mrs. H. Sheppard is credited with two of the same species and Mr. Fred. Mayo with three that were no spring chickens either. The most extraordinary catch, however, was a three-pound bass hauled in off the wharf by a lady who used a bended pin. The conjecture is that a hat pin was used.

Those who are at Kilkenny now are the following:—Mrs. J. D. Lea, Misses Edna and Hazel Lea, Toronto; Miss Durkin, Miss Jones, Miss Hastings Toronto; Miss Patterson, Hamilton; Mr. and Mrs. Harvey Sheppard and Mr. E. E. Sheppard, Toronto; Miss Wade, Rochester; Miss Elms, Hamilton; Messrs. L. Potvin, and W. O'Brien, Peterborough; Messrs. F. and W. Mayo Toronto, and "The Bunch" consisting of Chas. Starr, Gus Pugs, Arthur Gallow, and Richard Meredith, of Toronto.

Life at McCrackens

The population of the Victoria House was increased on Saturday by seventeen tourists and the proprietors are in a quandary to know where they will place this week's expected arrivals. Life at this shady spot has been particularly lively during the past week and all around the landing are assuming an air of activity to keep pace with the briskness which is pervading Kawarthadom. Within the last few days the following have registered at the Victoria House:—J. C. Ostway, Frank Hensel, J. H. Parsons, Rochester, N. Y.; H. T. Carswell, Mrs. Carswell, Misses Baud, E. Carswell, Oshawa; Mrs. C. Frost, Peterborough; J. H. Sawers, D. P. Denham, A. H. Mulhern, Peterborough; W. E. Tighe, J. T. Swift, Toronto; Miss Maude Applegath, Mrs. J. H. Applegath, Hamilton; Mrs. John Rankin, Toronto; Mrs. Wm. Harper, Lakefield; Fred. G. G. Roe, Peterborough; Mr. and Mrs. Jas. J. Speirs, Master Rupert Speir, C. S. Speir W. C. Speir, Toronto; Mrs. D. Knox, Misses C. and E. Knox, Peterborough; Mr. and Mrs. N. F. Kennedy, Mr. and Mrs. H. C. Kennedy and son, Cleveland, Ohio.

At the Cataract Hotel.

The Burleigh Falls hotel is at present one of the liveliest spots on Stony Lake and the month of August promises to eclipse all past records at this popular summer hotel. There are now almost a hundred guests whose aspirations in piscatorial excursions are meeting with success. Among those registered at the Burleigh House are the following:—Mr. and Mrs. B. C. Heyt, Rochester; Mr. and Mrs. W. A. Hewitt, Mrs. R. M. Foster, Mr. and Mrs. J. W. Walter, Mr. and Mrs. G. R. Buckham, Toronto; Dr. L. Rogers, Scott Rogers, Mr. and Mrs. E. D. Rogers Cleveland; Wm. Peacock, Chicago, Ill.; A. P. Morse, New York, N. Y.; S. J. Gibson, Miss B. Young, Lakefield; E. H. Earle, Mrs. Earle, Rochester N. Y.; J. S. Hunton, Mrs. Hunton, Lindsay; Mr. and Mrs. C. L. Marshall, Toronto; Mr. and Mrs. Albert Cooke, Fenelon Falls; H. B. Dumont, New York, N. Y.; Thos. Robson, D. E. Merrium, Fenelon Falls; J. F. Lillicrap, Lakefield; Mr. and Mrs. W. S. Maxey, Toronto; Mr. and Mrs. Geo. R. Benard, Beaver, Pa.; J. B. Fitzsimmons and wife, Misses Olive and Laura Fitzsimmons, Toronto; Nelson G. Gosiln, Arnold, U.S.A.; Mr. M. McHugh, T. C. O'Gorman, W. H. Greydon, London, Ont.; F. M. Bailey, Rochester, N. Y.; J. Stewart Murray, Pittsburg, Pa.; Fred. Krebs Walter Krebs, Misses Matilda and Margaret Krebs, Johnston, Pa.; Mr. and Mrs. S. R. Snook, Rochester, J. W. Freeman, R. W. Freeman, Burlington H. M. Pollock and C. O. Black, Cincinnati; Mr. and Mrs. Kirkpatrick, Buffalo; Mrs. and Miss Mallock, Wabash, Ind.; Miss Henderson, Peterborough; H. W. McClennan, Peterborough; Mr. and Mrs. J. Vodden, Miss L. M. Bainard, Niagara Falls.

Variations at Viamede.

The variety of life which the residents of Viamede hamlet most makes life there enjoyable. The ingenious minds among the many guests are continually inventing schemes by which all may enjoy an hour of pleasure when life time for fun. The Regatta on Saturday, which is mentioned elsewhere, was a delightful event long to be cherished in the minds of those who were fortunate enough to be present.

On Friday night a moonlight excursion on the Steamer Majestic from the Beschink narrows came down and after first visiting Juniper Island spent a pleasant evening mingling with their tourist friends at Viamede in the pavilion where they tipped the light fantastic. The musicians who presided at the piano were Mr. Chamberlain, Miss Husband and Mr. Harvey Sheppard.

Boating and bathing are other pastimes which the guests indulge in to a great extent and the wharf there is usually a busy scene.

Recent arrivals are:—Robt. N. Stuart, wife and family, South Beach; Margaret E. Sparling, Norfolk, Eng.; Miss Mary Perrett, North Wales; Miss Doughty, A. B. Stewart and wife, Mr. and Mrs. Robt. Angus, Master Willie Angus, Toronto; Christopher Lord, Apsley; Miss Edith Campbell, Miss Rossie Campbell, Toronto; C. E. Oldham, Miss M. Forde, Brantford; G. G. Chisholm, R. G. Moore, London; W. Richardson, R. L. Dobbin, Peterborough; Mrs. A. E. Trebilcock, Miss Edith Trebilcock, Mr. Roy Trebilcock, Toronto; Miss Parkinson, Whitehall, Cricknowell, S. Wales; Alf. H. Cox, Toronto; W. Kingsley, Mt. Vernon, N. Y.; C. M. West, New York; Frank W. Cox, Cleveland; A. G. Husband, Toronto; C. Simpson and wife, Master Gordon Simpson, Miss Gladys Simpson, J. Foley and wife, Miss Nana Foley, Toronto; Caroline Wagner, Mrs. K. Long, and son, Rochester; Miss Lillian L. Cox, Peterborough; Mr. and Mrs. A. H. Beddy, Louise Stanley, Rochester, N. Y.; T. G. Higbee, Iowa City; Howard B. Wright, Cleveland; Mrs. C. W. Campbell, Toronto; J. F. Campbell, Chicago, Ill.; Harriet C. Deemer, Grace M. Hutton, Florence N. Lay, Rochester; Miss F. E. Waresle, Ottawa; A. W. Johnson, Brantford; Dr. Colin Campbell, G. W. Hendry, J. A. Gibbons, Miss Edith Gibbons, Toronto; R. S. Paddock, Jas. McAuliffe, Rochester.

In Young's Point.

The Lakeview House at Young's Point contains another large party, mostly fishermen from across the line. Their sport with the rod and reel is ideal and they claim the bass and lunge make their homes at the Point. The guests for the past week were:—Mr. and Mrs. J. S. Hunton, Lindsay, Ont.; Mrs. J. Fred. Pearce, Norwood, Ont.; Mrs. Marian Hall, Norwood, Ont.; T. F. Matthews, Peterborough, Ont.; D. B. Lindsay, Peterborough, Ont.; Meyer Best, Peterborough; H. Radley-Wilmot, Peterborough; C. Gordon, Peterborough; W. H. Moore, Peterborough; P. R. Yokome, Peterborough; C. H. Hall, Peterborough; John J. Lundy, D. J. Lundy, Geo. B. Lundy, Peterborough; G. R. Beckham and wife, Toronto; J. B. Sullivan, Peterborough; Miss Mary L. Roman and Miss Lavitte Maranhan and Miss Gertrude Maranhan, of Buffalo, N. Y.; Miss Kathryn Brown and Miss Florence Lathrop, of Rochester, N.Y.; Mr. G. A. Claus and Mr. A. E. Claus, of Buffalo, N. Y.; Mr. and Mrs. A. S. Colebrook, M. W. Colebrook, of Rochester, N. Y.; W. L. Patterson and H. B. McKay and wife, of Rochester, N. Y.; Miss L. C. Howe, of Rochester; Mr. S. C. Brazier, of New York; C. A. Hunter, Alex. Watt and George H. Carley, of Hamilton; Miss May McPherson, of Peterborough; Mr. B. Morrow, D. O'Connel, F. Fairland, S. Peck, of Peterborough; Mr. W. C. Pickles, and J. E. McLaughlin, of Toronto; J. McPherson, Peterborough; Katie McPherson, Peterborough; Jack Buchanan, Peterborough; Bob Sheehy, Peterborough; Wm. Kelly, Chicago; James Lynch, Peterborough; George H. Smith, New York; Bruce Lee and wife, Peterborough.

Mr. H. B. McKay and party, of Rochester, N.Y., who are at present registered at the Lakeview, are having excellent luck at fishing. Mr. McKay is one of Rochester's enthusiastic disciples of the rod and reel and while out fishing one morning last week landed an 18-lb. lunge with a Phantom on a light rod, which caused great excitement to the party when they saw his guide tow him ashore in order to land Mr. Fish.

At Glenwood Cottage.

Saturday last saw a big influx of tourists to Glenwood Cottage, Beschink and the merriment there just now is unlimited. Fishing, bathing and boating are in vogue and many rapturous stories are floating about telling of the biggest ones and the jolly excursions.

Mr. Holmes Maddick, Mr. Nellis Pine, Mr. T. McKeown, Mr. Willie McKeown, Mr. Charlie Jackson, Toronto; Mr. E. Doherty, Peterborough; Mr. P. Manley, Toronto; Mr. C. Dixon, Toronto; Mr. McFarlett, Toronto; Mr. Wilson, Toronto; Mr. Stenson, Rochester; Mr. Smith, Rochester; Mr. Sowers, Deer Park; Mr. Groff, Cleveland (a la party); Mrs. H. Gray, Peterborough; Miss Sirls, New York; Miss G. Philips, Toronto; Laura Gelray, Mr. L. Miller, Mr. McGrath, Mr. and Mrs. Frank, Miss Howe, Miss Balliste, Miss Rust, Mr. and Mrs. Massie, Miss Scrymiger, Toronto; Miss Scringer, Rochester; Miss R. Barnard, Miss Preham, Miss Kelly, Mr. Herb Baggs, Toronto; Mr. and Mrs. Jackson, Buffalo, N. Y.; Misses Lietman, Miss Miller, Pittsburg; Mr. and Mrs. Beggy, Mr. Frank Goodwin, Toronto; Miss L. Bolecket, Miss M. Crandall, Miss H. Smith, Miss Powles, Rochester.

MRS. MARY GREGOVICH

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovitch, of Philipsburg, of Montana, under date of November 28, 1905, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled badly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide, sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Osmond A. Walsh, Special Agent.

THREE FACTS

For Sick Women To Consider.

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

A Most Famous Miser Leaves Large Fortune

CANADA LOST HIM WITH PASSING OF "JOHN" MORRISON.

Montreal's Financial Meeting Heckler Left a Fortune of $300,000—Began to Save When He Was Getting Only $8 a Week—His Favorite Pastime Brought Him Into the Limelight—Young Widow Gets $60,000.

"John" Morrison, the well-known Montreal miser, will no longer "heckle" the presidents of the Canadian Pacific Railway, the Bank of Montreal, the Merchants' Bank, and the heads of other public institutions, says The Montreal Standard. He is dead, and the manner of his death was tragical enough, being killed by a street car operated by a company in which he was financially interested. His case shows how much may be accomplished in a lifetime if one have the saving instinct developed. He began to save on $8 a week, when he was a junior clerk in the customs department at Montreal. He never, long as he worked here, earned more than $16 a week. He denied himself every comfort. He lived in one room. He weighed his coal and his milk, and his bread. He bought no clothes. He had no vices. In time he earned compound interest. He bought little bits of stocks—bank stocks, by preference. He made a few lucky purchases. He went on and on, the little growing into a heap with time. By and by, he had amassed a fortune. In his old age, he married a young woman of twenty.

Took Delight in Heckling.

Morrison was known at every public board in Montreal. Fearless, whimsical, possessing a caustic humor, he took a delight in heckling the presidents and managers of the various corporations, of which he was a stockholder. For the annual meeting he prepared in advance. He came fortified with figures. To some of the directors he was a nuisance; to others, a source of amusement. There was a brassiness in his criticisms, an edge, a persistency, and, withal, a command over the fact which gave a zest to the dull meeting. He has often told Sir William Van Horne to his face that he was not a railway manager as good as he for $3,000 per annum. He insisted that the dividends which ought to go to the men who had put their money and their faith into public corporations were wasted in salaries and palatial office buildings.

Wore Wisps of Hay Around Ankles.

His appearance since his marriage was a little more presentable than in former years; but when he was most characteristic, he wore wisps of hay around his ankles in the winter time, a thin undercoat — of course, distaining gloves, which he held prevented free circulation of the blood. In this guise he would confront Sir William Van Horne or Sir George Drummond, the then vice-president of the Bank of Montreal, and lecture them upon the extravagance which marked their management — generally ending, however, by moving a vote of confidence in them. He has confronted the baker before now with the evidence of light weight in a four-cent loaf. He cooked his food with a Wanzer oil lamp, and slept on the floor in an empty house which he had bought many years ago on Cadieux street. He considered that the curse of this age was extravagance, and especially the extravagance of young men.

The Old Man Married.

He had always been regarded as a misogynist, and it was therefore with astonishment that his friends learned of his marriage to a pretty young girl, who lived with her widowed mother a few doors from him. It was at first said that he proposed to the mother, who declined the honor. He then transferred his affections to the daughter, who accepted him after having secured, as was stated at that time, the bulk of his fortune by special agreement. He was a singular character — a mixture of shrewdness and simplicity, humorous, strong of brain, especially in regard to all financial matters, willing to deny himself everything in order to amass money, and yet not ungenerous when appealed to on behalf of worthy objects.

Tests Clerks' Politeness.

He used to take a delight in testing the politeness of the subordinates in the C. P. R. and the Bank of Montreal, by sauntering into their offices in an idle sort of way, and asking questions with an air of confidence. The dainty creatures, who are generally so much more fastidious than their employers, not knowing the man, would answer the capitalist flippantly.

"Young man," "John" would say, transfixing the clerk with outstretched index finger, "young man, if I were vindictive I would have you dismissed on the instant. Tell the president that John Morrison wants to see him." Many a superlative young creature has been obliged to apologize to Mr. Morrison for his impudence, and it is related of Sir William Van Horne that the latter threatened dismissal to a rather important official for the latter's flippant treatment of the old man.

Shake Hands With the Nabobs.

When he entered the board room "John" would deposit his hat under the table, and then go forward, and with the greatest confidence, shake hands with all the great nabobs—Sir William Van Horne, Sir Thomas Shaughnessy, Sir George Drummond, and so forth. He never feared the face of mortal. What might have been deemed impertinence in him was cured measurably by his pawky Scotch humor; and in time it was understood that no board meeting in Montreal was complete without John Morrison. He and the late Mr. John Crawford, of Verdun, were generally the two critics. It was curious to find them in company, for whereas Mr. Morrison was as has been described, Mr. Crawford was a stately old gentleman of the old school, with a bow and an accent, and the most delightful grooming. But they stood for quarterly dividends, for economical management, and for the discouragement of the multiplication of branch offices, and the lavish decoration of the head offices.

Used to Fall Asleep.

In the customs, the old man used to fall asleep, and the juniors would wake him up by the summary process of hitting him on the head with wet pellets directed with great energy. He never bore them ill-will, however. Indeed he was a bit of a philosopher, and loved the high argument. He was widely read, and could repeat most of the Bible by heart. He did not go to church for many years, claiming that the simplicity of the gospel had been lost sight of in fashionable churches, but he was a reverent man. His supreme passion was money, and it was his pride that he had amassed so much from so little. His advice to young men was, "Save, save. Save from your smallest salary. Cut off your vices. Put your savings in the bank and watch them grow." That one so cautious should have met his death by crossing in front of a swiftly moving car is a curious commentary on the ironies of life.

One of His Last Visits.

One of his last acts was to call upon the president of the Montreal Light, Heat & Power Co. Mr. Holt listened to him for some time, and then, important business pressing, passed him on to Mr. McLea Walbank. Mr. Walbank politely listened to his elaborate suggestions as to how the business of the company should be administered, and presently the telephone bell ringing, passed him back to Mr. Holt. The old man became somewhat indignant under this procedure, and finally loudly denounced both the culprits.

"You may be the boss of the company," said he, wagging his wise old head, and transfixing them both on the point of a long bony finger, "but when I walk in here, I'm the boss of you all!"

His young widow, under the provisions of the marriage contract, is entitled to $60,000, and it is stated she has no claim to the balance of the estate, which is estimated at $300,000.

A Needless Leap.

The ferry dock was crowded with weary home-goers when through the crowd rushed a man—hot, excited, laden to the chin with bundles of every shape and size. He sprinted down the pier, his eyes fixed on a ferry boat only two or three feet out from the pier. He paused but an instant on the string-piece, and then, cheered on by the amused crowd, he made a flying leap across the intervening stretch of water, and landed safely on the deck. A fat man happened to be standing on the exact spot on which he struck, and they both went down with a resounding crash. When the arriving man had somewhat recovered his breath he apologized to the fat man. "I hope I didn't hurt you," he said. "I am sorry. But, anyway, I caught the boat!" "But, you idiot," said the fat man, "the boat was coming in!"—*Calgary Herald.*

Our Grandmothers

were noted for their well preserved complexions—and they used

Baby's Own Soap

It was then, as it is now, the best soap for toilet and nursery. The delicate fragrance of its creamy lather is most refreshing.

MFRS., MONTREAL. 2-146

Every Shade Of Church Represented

REPORT OF ROYAL COMMISSION CONDEMNS RITUALISM.

Members Represented Every Shade of Church Opinion, But Every One of Them Concurred in the Report — A Most Unusual Thing in Church Concessions—Large Spirit Runs Through Its Every Tissue.

Upwards of two years ago the Balfour Government, taking cognisance of the outcry against ritualism, appointed the Royal Commission on Ecclesiastical Discipline, "to enquire into the alleged prevalence of breaches or neglect of the law relating to the conduct of Divine service in the Church of England, and to consider the existing powers and procedure applicable to such irregularities, and to make such recommendations as may be deemed requisite for dealing with the aforesaid matters." Sir Michael Hicks-Beach, now Viscount St. Aldwyn, was chairman. The other members were the Archbishop of Canterbury, the Marquis of Northampton, the Bishop of Oxford, Sir Francis Jeune, Sir John Kennaway, Right Hon. John G. Talbot, M. P., Sir Samuel Hoare, M. P., Sir Edward Clarke, Sir L. T. Dibdin, judge of the Provincial Court of Canterbury and York; the present Bishop of Gloucester; Rev. T. W. Drury, principal of Ridley Hall, Cambridge; G. W. Prothero, editor of the Quarterly Review, and George Harwood. The death of Sir Francis Jeune (Lord St. Helier) was followed by the appointment of Lord Alverstone. The report of the commission, after being awaited with much impatience, has at last been issued, and a most able state document it is. Those to whom its conclusions are least acceptable must be won by its large spirit, exhaustive research, historical perspective, clear reasoning, and literary form. It is the work of great churchmen, statesmen, jurists and historians. Though every shade of Church opinion was represented on the commission, all its members concurred in the report, a thing unusual in Church commissions.

Against Ritualism.

For most of the practices usually described as ritualistic the report shows that there is no authority. Such of the unwarranted practices as are of no doctrinal significance or symbolico teaching legally declared not to be repugnant to the Articles or formularies of the Church of England, the commission would tolerate, though only under conditions of efficient regulation and with careful regard for the opinions and feelings of congregations. The report—apart from the evidence and appendices, which have yet to be published — is a very large one, a close digest of it covering a page and a half of The London Times. The recommendations would take up more than a solid column of this paper.

Illegal Practices.

It is advised that 34 practices which the commission find to be illegal be prohibited by authority. These are: In the matter of vestments, Confiteor and last Gospel, ceremonial mixing of the chalice, use of wafers, Lavabo, hiding of the manual acts, sign of the cross, Sanctus bell, incense, portable lights, altar lights, holy water, blessing of palms, Tenebræ, washing of altars, Paschal candle, stations of the cross, observance of days not appointed by the Prayer Book to be observed, celebrations without communicants, children's eucharists, use of the canon of the mass, altar cards, omission of the Invitation, omission of the Creed and Gloria in Excelsis, elevation, genuflexion, "Ecce Agnus Dei," reservation, mass of the præ-sanctified, benediction with and without sacrament, the observance of days either included from the calendar in the Prayer Book or introduced since the Reformation into the calendar of the Roman Church, hymns to the Blessed Virgin, intercession of saints, veneration of images, veneration of roods.

Stoles, Confessions, Etc.

The most common deviations from the standard (the Advertisements of 1566) in the matter of vestments are the following: The use of the stole, which is nowhere sanctioned by the Ornaments Rubric; the disregard of the direction for the regular use of the cope in cathedrals; the use of eucharistic vestments or the alb, amice, chasuble, girdle, maniple and stole. The commissioners find that neither confession nor prayers for the dead are illegal, but they uphold the declaration in the encyclical letter issued by the Lambeth Conference of 1878 that "No minister of the Church is authorized to require private confession from those who may resort to him," and they point out that, while "prayers for the rest and refreshment of the souls of the departed are older than the most ancient liturgies," the strictly Roman doctrine of a material purgatory and of the efficacy of masses has altered the character of these prayers, and that, as used in public worship, they are contrary to the Book of Common Prayer.

A New Ornaments Rubric.

It is recommended that letters of business be issued to the Convocations to prepare a new rubric regulating the ornaments, and to frame amendments to make more elastic the law relating to Divine service. An amendment is advised for the giving of wider scope for the exercise of regulative authority in the matter of additional and special services, collects and hymns. The commissioners would have bishops invested with power to refuse presentees whose willingness to obey the law is a matter of doubt. The recommendation of the Ecclesiastical Courts Commission of 1883 as to a final court is adopted. If this were acted on, the highest tribunal for the trying of charges of heresy, of breaches of ritual, etc., would be, not, as now, the Judicial Committee of the Privy Council, but a permanent body of lay judges, to whom final appeals shall be referable. These members of the Crown Court of Final Appeal should all be members of the Church of England. The court would decide, ultimately, all questions of fact, but, to decide whether the facts ascertained establish an offence against the doctrine or discipline of the Church, the court should act on the advice of the bishops, unless there is clear Parliamentary authority for acting without such advice. It is further recommended that an ecclesiastical court be empowered to punish disobedience of its orders on the part of an incumbent by vacating his benefice, and rendering him ineligible for further ecclesiastical service until he has satisfied the archbishop of the province that he will afterwards abide by the law.

More Bishops.

The commissioners consider that one cause for the general laxity in the observance of the law is the inadequacy of the present supervision. They find that there is great room for improvement in the matter of visitations by bishops and archdeacons, and of inspections by rural deans. These visits are the regular and official means for keeping the bishops informed as to the conduct of Divine service, and as to the ornaments, objects of decoration, and fittings of the churches. Episcopal directions, in accordance with law, should be made enforceable against incumbents and churchwardens by means of summary application to the consistory court of the diocese. Any order thus made should be subject to appeal to the provincial court. But visitation cannot be sufficiently effective in many of the present dioceses because of their great extent. Hence, the commissioners advise the sub-division of many dioceses and the passing of a general act providing for the creation of new dioceses by order-in-Council.

Dysentery

IS a form of diarrhœa, and consists of copious and frequent liquid discharges from the bowels, accompanied by painful straining sensations. Dr. Fowler's Extract of Wild Strawberry is a specific for diarrhœa, dysentery, and all summer complaints, and has been a well-known remedy for 60 years. You are not taking a new and untried remedy when you use Dr. Fowler's Extract of Wild Strawberry.

MRS. M. A. SUMMERFIELD, Canboro, Ont., writes: "I have used Dr. Fowler's Extract of Wild Strawberry in my family for years, and have always found it a wonderful remedy for Diarrhœa and Dysentery. I know of a great many others who have used it with the most satisfactory results."

REFUSE ALL SUBSTITUTES.
THEY'RE DANGEROUS.

A TERRIBLE EXPERIENCE.

Dock Laborer Buried Sixty Hours In a Ship's Cargo.

An astounding discovery was made on the steamer Perth when she arrived at Dundee recently from London.

A dock laborer named James Stewart, of Limehouse, was found to have been buried in the hold of the vessel, among the cargo. He had been imprisoned for sixty hours, and during that time had neither food nor light.

Stewart was engaged in loading the steamer at Limehouse wharf, when he was buried among the cargo, which consisted mainly of jute, and was taken to Dundee, which, owing to fog, was not reached until sixty hours later, or double the normal time.

As the vessel was being unloaded at Dundee, Stewart was found half-doubled up among the bales. He was in a very exhausted condition and was at once given some food and drink.

He gave an account of his extraordinary experiences.

"I am a seagoing fireman," he said, "and when I found I was imprisoned in the hold I realized it was no use exhausting myself shouting or even knocking, even if I had been able.

"Knowing the vessel would reach the Tay in thirty hours, I prepared to wait, but in my cramped position I suffered considerable torture.

"I spent the time trying to sleep, and when feelings pangs of hunger, nibbled at ends of jute.

"I reckoned we were about due by the time we had taken, and by the engines slowing down; but when I heard the fog-horns going for all they were worth I began to fear, and as the time lengthened out I thought all would be over with me.

"I must have lain back exhausted, for I remembered no more till I heard the cranes working, showing that the vessel had reached port."

After a short rest Stewart started to assist in the discharging operations of the vessel.

A Will in Three Words.

In the probate division of the London County Court Sir Gorell Barnes was asked to admit to probate the will of Frederick Thorn, of Amesbury avenue, Streatham, who died, leaving property valued at $4,000. A day or so before he died, counsel stated, Mr. Thorn had a paralytic stroke. He asked for a piece of paper, and they gave an envelope to him. He wrote on the back of it, in the presence of his wife and two of his children, "All to mother. F. T." This was witnessed by Arthur Thorn and Percy Thorn. The will was handed up to his lordship, who remarked that it was probably the shortest on record. It was duly executed and witnessed, and he therefore pronounced for it.

CAT SUCKLES RAT.

Little Toronto Rodent Was Given Her to Eat, But She Adopted and Nourished It Instead.

When a cat and a rat lie down together, their relative positions are ordinarily those of the lion and the lamb — the rat, in other words, is inside the feline. That pre-occupied look of happiness, supplemented by an occasional purr, which is so often observed in the case of somnolently lazy pussies, is often the result, naturalists say, of a juicy rat in kitty's digestive apparatus.

Most Toronto cats love rats in just that way—for the sake of the loaves and the fishes, as it were. There is one at Michie and Co.'s on King street which enjoys the distinction of being different, says The Toronto Star. It is suckling a young rat, and whether it is raising it for benevolent purposes remains to be seen. Perhaps it is merely an unusually wise cat, and is raising the little rodent simply with an eye to a future repast. This theory must give place, for the present, to some warping of the mother instinct, so strong in all animals, which has included a very lively little rat in the comradeship of five very black and, as yet, helpless kittens.

When a policeman at the corner of King and Yonge streets handed a young rat to Mr. Joe Wilson, of Michie's, a few days ago, he did not know that he was starting a romance in animal life, which may end in a tragedy soon. Mr. Wilson, mindful of a cat at the store which had become the mother of five kittens, as black as herself, took the gift in good part. He duly presented the rat to Mrs. Tabby.

There are no records extant relating to the siege of Paris which give the opinion of the rat-eaters of that period as to the comparative juicyness of young and old rats. It would naturally be thought that a rat so young and tender as the one which Mr. Wilson handed to the cat would be a morsel particularly tempting to anything with an appetite for Mus Decumanus, which is what the scientists say.

The cat received the rat without the usual licking of lips, in fact it slobbered the youngster over, as if it was its own offspring, which found no trouble in making room for their much smaller comrade. The rat, for its part, not having learned the A B C of life from its people at home, snuggled down comfortably in its new nest, and partook of the same refreshment as was afforded the little black kittens.

It has been widely said that parental favoritism is the ruination of many a home. Among animals, though, the mother is often observed to deal most kindly with her weakest offspring, and to take especial precautions to guard it from danger. This may explain why the tabby at Michie's apparently regards the rat as the darling of her heart. Cats do not approve of the too frequent visits of blundering humans to their homes, and Mrs. Tabby has shown her disapproval of this by moving her family three times. Her favoritism towards the rat, which she evidently thinks her smallest and weakest charge, was noticed the first time she moved. She was noticed by Mr. Wilson running off to the coal bin with the rat in her mouth. "Now," said he, "it's all up with the rat." He was wrong. She was merely moving it before she moved the other occupants of her first home. She followed with them, one by one, and set up housekeeping in the coal bin.

It must have been a veritable feline San Francisco, and the cat soon moved —this time to a box.

Men prominent in the study of animal life say that there is no other case on record of the kind. Some of them, in fact, laughed incredulously when the incident was mentioned to them.

It will be interesting to learn what happens to the little fellow. If it is wise, it will hie away to other haunts as soon as nature will permit. If it elects to remain with its foster family there is likely to be a catastrophe soon. The kittens will be weaned, and it is a good guess that some day they too will assume that look of utter happiness which comes to their kind after a good and juicy meal. When that happens, Mr. Rat will have mysteriously vanished—into thin air, it might be said; but, better, into thin cat.

Mr. Colin Forbes in London.

Undismayed by the hostile criticisms to which his pictures of the King and Queen (painted for the House of Commons at Ottawa) have been subjected, Mr. J. Colin Forbes, R. C. A., is busily engaged upon a portrait of Sir Henry Campbell-Bannerman, the British Premier. This picture is destined to be a companion on the walls of the National Liberal Club in London to Mr. Forbes' portrait of Mr. Gladstone, which has been described as "the Grand Old Man Eloquent," so lifelike is the presentation of the great Liberal leader of later Victorian days. Mr. Forbes recalls his visits to Hawarden, while painting the Gladstone portrait, as among the happiest experiences of his life; but, if stories which come from London are true, his recollections of the present Premier will be equally happy. "C. B." is geniality itself," says Mr. Forbes, and as close rapprochement between an artist and his subject is one of the first conditions towards the creation of a successful picture, it is likely that Mr. Forbes' portrait of Sir Henry will rank with his presentment of Gladstone.

What is the "Church Side" of a lady's hat? If you are a mere man, you will probably give it up as a poser, besides which "How old is Ann?" will be child's play. If you are a lady you may guess; but in any event this story told by The Mitchell Advocate is good enough to reproduce:

"As the milliners have now left town after a very busy season, we must relate an experience as told by one of them. A lady walked into her department and wanted the trimming on her hat changed, saying that it had been put on the wrong side. The decorations being on the left, she was told they were in their proper place. The customer grew haughty and said it didn't make any difference as to the proper place, whether it be the back or front or on the right or left; she wanted hers on the church side. This position being a new one to the milliner, the lady was asked to explain, when she said her seat in church was next the wall on the left-hand side and that she wasn't going to pay for expensive trimming and have it where the congregation couldn't see it. Of course the change was made, and no doubt the young lady has attended church regularly ever since."

The Home Beer

A beer may taste all right—and yet not BE all right.

Beer, not properly aged—"green"—will make you bilious.

Beer, not pure or improperly brewed, will upset the stomach and be absolutely unhealthful.

O'KEEFE'S "Pilsener" Lager is brewed with filtered water, choicest hops and pure barley malt. It is always fully aged, filtered again before bottling and pasteurized.

It is the Ideal Beer for the Home.
As famous for purity, as for its delightful flavor.

Insist that your dealer always send O'KEEFE'S "PILSENER."

ARE YOU A PRISONER?

THOUSANDS of men are prisoners of disease as securely as though they were confined behind the bars. Many have forged their own chains by the vices of early youth, exposure to contagious disease, or the excesses of manhood. They feel they are not the men they ought to be or used to be. The vim, vigor, and vitality of manhood are lacking. Are you nervous and despondent? tired in the morning? have you to force yourself through the day's work? have you little ambition and energy? are you irritable and excitable? eyes dull, depressed and haggard looking? memory poor and brain fagged? have you weak back with dreams and losses at night? deposit in urine? weak sexually?—you have

Nervous Debility and Sexual Weakness.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Cracker Charm

There is all the difference in the world between eating biscuits and biscuit eating. One may eat a biscuit and waste it, but when you think of biscuit eating you think instantly of

Mooney's Perfection Cream Sodas

Crisp, delicious and tasty. Absolutely and distinctly superior to any other make. Say "Mooney's" to your grocer.

THREE SEA-SONGS.

The very sails are singing
A song not of the wind;
A fire-dance is dreaming
Our wake that runs behind.

In all the shining splendid
White moonflower of the sea,
There's not a rameil sleeping
For ecstasy of thee.

Under the greening willow
Wanders a golden cry:
Oriole April up in the world
With morning day goes by.

Out of the virgin quiet
Like an awakening sigh,
With the wild, wild heart forever
A journeyer am I.

We are the winds' own brothers,
Sorrow and joy and we;
But these are the hopes of morrows
That shall be by and by.

All the zest of all the ages
Shimmers in rainbow-bird's wing
Flickering above the surges
Of the sea.

All the quiet of the skies
Slumbers in sea-gull's wing;
Where it settles down the verges
Of the sea.

All the questing soul's unresting
Past and freed in one white wing,
Joying there above the flirges
Of the sea.

—Bliss Carman.

PUT ON A MORTGAGE.

Toronto Man's Method of Preventing the Roof Leaking.

The Toronto City Architect has received the following interesting specifications for four dwellings to be erected on Jerome street:

Basement — Basement walls to be brick, fourteen inches wide on footings. Mortar suppose to be one part fresh burned lime and two parts clean sharp, sand, but will really be according to secret formula, possessed by the mason, which allows him to use immense quantities of yellow sand from cellar without materially improving the quality of the mortar.

Walls—Will be of brick, nine inches thick, the same high-class mortar being used, fortified and strengthened by some black coloring matter.

Chimneys—Chimneys will be built of brick, it being necessary to use this material in order to get a satisfactory draw, otherwise I should have used a silk hat I used to wear on the 12th of July.

Plumbing—The plumbing contract will be given to a man, who in the halcyon days of the trade, made the mistake of overcharging all round, so that when trouble came, he elicited the public sympathy that all bandits receive who have sense enough to discriminate between the rich and the poor. (He won't get a cent of my money till the job has been properly inspected.)

Roof—The roof will be made of rafters, and boards in the usual manner, asbestos paper being superimposed and any quality of shingles used that it can get trusted for.

Mortgage—The houses will be covered with as big a mortgage as it is possible to get. This, it is expected, will prevent the roof leaking.

Plastering—Mr. Kee has asked for the job of plastering, and has shown me several houses he expects to do.

P.S.—Since writing the above I have decided it would be wise to have the houses plastered.

Glazing—Glass will be used on this job.

Painting—Paint, ditto.

This is affirmed to be a true copy of the specifications.

An Old Bible.

One of the oldest Bibles in Connecticut is in possession of Thomas P. Aitkin of Manchester. It has been in the Aitkin family for centuries and according to the title page it "was imprinted by the deputie of Christopher Barker, printer to the quenes most excellent majestie, 1599. Englished by L. Tomeon."

Elephant Is The Most Willing Slave To Man

Will Crush or Tusk a Convict at a Nod, Yet, Left Alone This Most Powerful of All Animals Will Tenderly Fondly a Babe---Stories Sent From India by a Correspondent.

Lucknow, Ind., July 23.—It makes one marvel to see the things a wild elephant can be trained to do in from three to six months, and how tractable the monster becomes.

I have seen a little European child, apparently four years old, go up confidingly to one, which saw what she wanted and, lifting her up with its trunk, placed her gently on its neck.

Under the old Hindoo Rajas, when elephants were made to put criminals to death, an elephant would be standing still among a number of people, when a criminal would be brought up and the order given. In a moment, without hesitation, the elephant would, threw him up into the air or rend him in pieces or tread him under foot or thrust its tusk through him, according to the order given.

Yet these tremendously powerful creatures will take punishment from their keepers as patiently as a dog will from its master. Every driver carries a heavy, pointed iron hook, with which he will strike his elephant on the head until the thick hide breaks if it is disobedient. When an elephant is utterly refractory a spear is thrust into tender parts of its skin.

Has an Accurate Mechanical Eye.

But one of the most common, most advantageous uses of the giant animals is to get them to stacking heavy timber. They not only go to and fro carrying logs to the pile, but push each log up and down until it lies even with the rest. A wag, noticing how perfectly straight log was laid on log, declared that he saw the elephant close one eye and look along the line.

The obedience of elephants to spoken orders is instantaneous. I have been on the back of an elephant going through a jungle when a small horn which some deer had shed lay on the path. The native driver, who, as usual, sat on the elephant's neck, without making any sign, simply said: "Give me that!" The elephant heard him, saw the unwieldy object and, without stopping, picked it up and threw it over its head into my hands.

Elephants have been employed for war, for labour, for ceremony, for hunting and for show. The first use passed away with the introduction of firearms; and the improvement of roads in India is doing away with the use of elephants for labour. When roads were bad, as they always were under former governments, heavy baggage could not be carried nor heavy guns dragged without elephants.

Tiger shooting will always be safer with elephants; and in some places could not well be done except on an elephant, which enables the hunter to see over the tall bushes and rank grass that densely cover the ground.

Most native chiefs and nobles still consider it necessary for their dignity to keep one or more elephants, but they do not use them habitually, as they did; for ancient customs and fashions are fast dying out in India, and those of Europe are being adopted instead. Elephants are still ridden in procession on great occasions, however, and are often obligingly lent to foreign tourists who want the novelty of an elephant ride.

Elephants used to be common in all the wild forests of India, but the spread of cultivation has caused them to disappear from all parts except Nepal, Assam, Bengal and certain forests of the south.

I predict a day when tourist agencies will keep an elephant or two for the gratification of their patrons, as an elephant ride will not be otherwise obtainable. In the places I have mentioned their destruction is strictly forbidden, and their capture is a Government monopoly—of the British Government in British India and the native Government in independent states.

Wild Herds Easily Frightened.

Although elephants would soon be exterminated but for this law, their freedom is occasionally a sore vexation to farmers, planters and cultivators, and even the owners of flower gardens. The proprietor is awakened from sleep by the crashing of branches, and though he may scare the depredators off (which is easily done) by shouting, waving a light or firing a gun, he finds in the morning that his crops have been wasted, his fruit trees broken, his garden trampled down and, perhaps his outhouses wrecked.

A tea planter once said to me that he just clapped his hands at a herd of twenty and they hurried away, leaving him the best piece of ploughed land in the district, for such huge beasts with five hoofs on each foot, cannot move quickly over soft ground without turning over the soil.

Elephants breed in captivity, and wherever they are kept a baby elephant may occasionally be seen. But the number produced in this way is not sufficient for the demands; so wild ones are caught and trained. And as the price of an ordinary elephant is, sometimes $3,000 a good catch pays.

The old-fashioned method of catching elephants was to dig pitfalls in their way, the top being loosely covered with bamboos and grass or leaves. When an elephant fell into one of these it was left without food for two or three days. Loops of stout rope were then put around its neck and feet from above, and the other ends of the ropes were fastened to trees. Wood and stones were next thrown into the pit, the elephant rising as the bottom was raised and the ropes being drawn tighter, until the pit was full enough to permit the elephant to step out.

This method with pitfalls was very cruel, and sometimes resulted in the death of one elephant out of two. Even if the bottom of the pit were covered with a deep layer of brushwood to break the fall, the losses amounted to one-third of all the animals taken.

An animal weighing several tons cannot fall ten feet without suffering injury. Bones were broken and joints dislocated; a fall on a tusk would split the upper jaw. Worst of all were internal injuries.

So when India came into the possession of the English the use of pitfalls was given up.

RED ROSE TEA

New, Startling Theory About Appendicitis

Mr. Blanchard Says It Is Caused by Intestinal Worms —Three Varieties—Operations Unnecessary.

M. Blanchard, a shining light in the French medical world, now comes forward with the startling new theory regarding appendicitis which entirely upsets all preconceived notions. He asserts—and says his assertion is backed by Prof. Metchnikoff, of the Pasteur Institute—that appendicitis is undoubtedly caused by intestinal worms. There are of three kinds, and the most dangerous is that known as the tryocephal, which causes the sharp pains and symptoms which indicate appendicitis.

Microscopic examination in every case of appendicitis that has come under the observation of Prof. Blanchard and Prof. Metchnikoff has revealed the presence of these parasites in the appendix. "Appendicitis," says Prof. Blanchard, "most especially occurs during the hot weather, and although not contagious or infectious, it frequently assumes the character of an epidemic in certain districts.

Now, according to the professor, market gardens in the neighbourhood of great cities, such as Paris and London, are frequently manured and fertilized by the deodorized and chemically treated product of the city sewers. In these market gardens the vegetables are forced, and examination shows that they contain numerous intestinal parasites, and especially the eggs of the dreaded tryocephal.

The professor says that a surgical operation for appendicitis is absolutely unnecessary, and that it should never be performed unless some hard substance, such as a cherry stone, has been accidentally swallowed by the patient. He urges legislation to forbid the use of deodorized and chemically treated sewage as manure, and advises that thymol should be extensively used against intestinal worms.

"Appendicitis," adds Prof. Blanchard, "when not the consequence of the accidental swallowing of some hard substance, is undoubtedly caused by the parasite to be found in cabbage, turnips, carrots and cauliflower. The danger lies in eating vegetables that have been forced by manures or watered by contaminated well and spring water."

Poison Lurks In The Postage Stamp

The London Lancet is responsible for the following attack upon the habit of licking postage stamps:

"It is an obvious counsel of perfection to advise the public to relinquish the very common and dirty practice of licking postage stamps, and it can not be denied that such an objectionable habit may have dangerous consequences. Hitherto, however, we had not been able to obtain direct satisfactory evidence of the presence of chemical poisons in the postage stamp or in its colouring matter, the cases of poisoning, which are on record, having been traced to bacterial rather than to chemical agencies. This week, however, on the occasion of sending to the churches advance proofs of our Special Hospital Sunday Supplement in parcels requiring a three-penny postage stamp, we were struck with the brilliancy of the yellow colouring used in this stamp, and we were somewhat startled to find on analysis that this colouring was due to a poisonous salt, chromate of lead (chrome yellow). Nor is the amount negligible, as will appear from the following figures obtained on a quantitative analysis. Each three-penny stamp weighs rather more than half a grain, and the quantity of chromate of lead present was found to be 2.33 per cent. On the basis, 70 stamps would contain one grain of poisonous lead salt. Cases of fatal poisoning by chromate of lead are on record, which illustrate the powerful poisonous effects of this salt. As little as one-fifth of a grain proved fatal to two children who had sucked the colouring from some pastry adorned with ornaments containing chromate of lead. The ornaments were imitations of bees, or perhaps wasps, and each contained about one-sixteenth of a grain of chromate of lead. According to an analysis, therefore, of the three-penny postage stamp, a fatal dose (one-fifth of a grain) of chromate of lead would be contained in 14 stamps. It may be pointed out also that the three-penny postage stamp is in considerable use owing to the fact that it represents the minimum fee for posting through the parcels post."

The Squawman's Diamonds.

A decade of years or so ago, Dr. Henry M. Ami, of the Geological Survey, startled Canada by a declaration of his belief that Canada possessed in Northern Ontario a vast deposit of diamonds which would put Johannesburg in the dark. He was laughed at then, but time has proved his vindicator. Fort Frances sends this story as proof thereof:

One day a thirsty French-Canadian squaw man name La Febre, came to Rainy Lake from the Seine district. On his gaudy brass watch chain hung a sparkling stone which he had made into a charm by twisting some wire around it. He ran into a prospector named Ropes in the bar room of the hotel of the camp, and with ugly demeanor demanded that Ropes buy him a drink.

The old prospector's eyes had caught sight of the stone dangling from the squaw man's chain and another glance was sufficient.

"That's a pretty piece of quartz you've got there," remarked Ropes quietly. "If you'll give it to me I'll buy you all the drinks you want."

The man glowered at the prospector for an instant, undecided whether he was being guyed, but Ropes' countenance was serious. La Febre tore the stone from its setting and snapped it over to his companion with a loud guffaw.

"By gar, I guess you no want it worse dan I do," he remarked. "Now, let's get these drinks pretty quick."

In two hours La Febre was snoring in drunken stupor on the floor of the shack, while old Ropes, with his purchase, was paddling to Fort Frances, thence to make his way back, the worse for wear and poor whisky, but carrying in his pocket a part of the $1,500 for which he had sold the diamond that had cost him a fair bit of eighty-five cents.

To Collect Indian Lore.

Mrs. Fred Paget of Ottawa has gone to the Northwest, where she will undertake the task of collecting and recording the folk lore of the Indians, and describing in book form the tribal customs of the aboriginal inhabitants of the great West. She is accompanied by Miss Mabel Ferguson. Mrs. Paget and Miss Ferguson go to Winnipeg by the lake route and Mrs. Paget's work will be begun at Qu'Appelle.

The Minister of the Interior, Hon. Frank Oliver, realizing that the record of the Western Indians, if this is to be preserved at all, must be gathered before the last of the Indians with personal memory of the tribal customs shall have passed away, took the matter up immediately after his appointment to office and an appropriation for the purpose was made during the session just closed. His Excellency the Governor-General is understood to have taken a much personal interest in the project.

At a Temperance Gathering.

The son of a well-known church dignitary is an earnest lecturer, unlike his father, who still sticks to his bottle of port. On each obtaining the young fellow endeavored to persuade his father to accompany him to a blue ribbon lecture he intended giving that evening. After some demur the cleric consented, and patiently endured his son's platitudes, until, in the course of an impassioned oration, the speaker stated that in not one instance did the Holy Scriptures recommend the use of strong drink to a man in preference to cold water. Whereupon the reverend gentleman rose, and said in a loud voice: "The Book saith, 'Wine maketh glad the heart of man,' but 'with water do the wild asses quench their thirst.'" The meeting then, says Thos. Chatsworth Barnes, dispersed.

Reckers.

As far back as the seventh century the venerable Bede wrote: "The women now are so luxurious that they do have chairs with wooden circles on the legs and which sway back and forth in such sort that it maketh one sick to behold them."

A Monster Emperor.

Maximin, the Roman emperor, was over eight feet high and could wear his wife's bracelet as a thumb ring. Once, when serving as a gigantic soldier in the Roman army, he, as a waiter, killed an ox with his fist, and ate one of the hind quarters for a single meal.

Combined specifications and form of tender can be obtained on application at this office.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. of amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

FRANK. ...

Secretary.

Department of Public Works, Ottawa, July 5, 1906.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

Two Indians in Canoe Shot by Men in Mistake

Taken By Mining Men For a Bear In the Water.

INDIAN PETER SKYE KILLED

Bullet From Paul Lapierre's Rifle Went Through His Body and He Died of Wound—Indian Was Only 21 Years of Age—Lapierre and Boyington Were in Canoe Bound For Their Mining Location.

Mine Centre, Ont., Aug. 7.—Sunday night while D. C. Boyington and Paul Lapierre were en route to a canoe from their mining location to Mine Centre, they saw what they took to be a bear in the water.

Lapierre fired at the object, which turned out to be two Indians in a canoe.

The canoe capsized, one of the shots taking effect, going through one of the Indian's body. The Indian's name is Peter Skye, aged 21. He died yesterday morning from result of wound.

SAVED BY HER CORSETS.

Mrs. Russell's Clothes Burned Off, But She Will Recover.

Brockville, Aug. 7.—A New York lady named Mrs. Russell, camping at Butterfield Lake, near Alexandria Bay, can attribute the saving of her life to her corsets. Her clothing caught fire from an alcohol lamp which was being used to heat curling tongs, and in an instant she was ablaze.

The terrified woman ran screaming out of the house towards the lake, a short distance away, with a view to jumping in, but those attracted by the noise started in pursuit, and overtaking her managed to extinguish the blaze with a blanket.

Every bit of clothing was burned from Mrs. Russell's body with the exception of the corsets, which prevented the fire from reaching the vital parts. The injuries inflicted were of a most painful and serious nature. Hopes are entertained of her recovery.

Child Burns to Death.

Calgary, Alta., Aug. 7.—The four-year-old daughter of W. S. Clarke of Innisfail, died yesterday morning from burns. She was left in the house while her parents were at work.

Two Killed in Wreck.

Pittsburg, Aug. 7.—The Cincinnati and New York limited, on the Pittsburg, Cincinnati, Chicago and St. Louis Railroad, was wrecked while entering this city late last night. Two persons were killed.

Little Boy Drowned.

Toronto, Aug. 7.—Nine-year old Ronald Morrison of Hayden street went for a swim at Fishermen's Island yesterday morning. He did not come home last night and a policeman after search handed his father his clothes. It is surmised he was drowned and a search is proceeding for the body.

Impaled On a Fence.

North Battleford, N. W. T., Aug. 7.—T. Batchett, homesteader, who located near here with his family last spring was fatally injured in a runaway Saturday. Batchett was pinned to a fence on a lonely trail, where he hung all afternoon in the sun. He died shortly after being discovered.

Drowns in Slough.

Virden, Man., Aug. 7.—Ernest Newborn, a young Englishman, was drowned Sunday while swimming in a slough near here. It is supposed that he took a cramp.

Seventeen Hurt in Collision.

Worcester, Mass., Aug. 7.—Seventeen persons were injured by a collision between two crowded trolley cars on the Worcester & Holden Line, five miles from here, Sunday. Miss Campbell, Presto of Boston and Roland Johnson of Worcester sustained probably fatal injuries.

Drops Dead in Barroom.

Toronto, Aug 7.—John Corcoran, alias Tom Jackson, alias Tilley Olson, a tinker, who lived at 752 West King street, dropped dead in the bar of the Hotel Majestic, corner of Hackney and Queen streets, about 4.30 yesterday afternoon. He had been in the bar for fully an hour. Corcoran came from England about five years ago, his father being a wealthy nursery man in Southport. Through some estrangement, when he came to Toronto he went under the business name of Thos. Jackson. He was a man who never drank more than a glass of beer, and was as steady as the clock, and capable in his business.

Minneapolis	71⅝	73⅝	77⅞
Toledo	73¾	76⅝	80⅛
Duluth	73	73¼	77⅝

NEW YORK DAIRY MARKET.

New York, Aug. 6.—Butter—Firmer; receipts, 8640. Street price: Extra creamery, 22c. Official prices: Creamery, common to extra, 17c to 22c; renovated, common to extra, 18½c to 19½c; western factory, common to extra, 18c to 19c; western imitation creamery, extras, 19c; firsts, 17c to 17½c.

Cheese—Steady; receipts, 7158; state, full cream, large, fancy, 11¼c; do., fair to good, 11c to 11¼c; do., small, fancy, 11¼c; do., fair to good, 10¾c to 11c; do., inferior, 9c to 10c; do., skims, 1c to 9c.

Eggs—Steady; receipts, 7,629; state, Pennsylvania and nearby, fancy, selected, white, 23c to ...; do., choice, 22c to 23c; do., mixed extra, 22c to 23c; western firsts, 18c to 18½c; do., seconds, 16½c to 17½c.

CATTLE MARKETS.

Cables Unchanged—Hogs Firmer at Buffalo, Easier at Chicago.

London, Aug. 6.—Cattle are quoted at 11¼c to 12c per lb.; refrigerator beef, 9¼c per lb.; sheep, dressed, 14c to 16c per lb.

TORONTO JUNCTION LIVE STOCK.

Toronto, Aug. 6.—Receipts of live stock at the Union Stock Yards were 130 carloads, composed of 2416 cattle, 6 hogs, 186 sheep and lambs, 24 calves and 20 horses.

Exporters.

Prices ranged at, from $4.25 to $4.87½, the bulk going at $4.60 to $4.75. Export bulls ranged at from $3.50 to $4.25 per cwt.

Butchers.

There was not a big supply of butchers' cattle and prices for the best lots fairly held their own. Best butchers sold at $4.35 to $4.40; medium at $3.40 to $4; young, fleshy cows sold at $3.50 to $3.75; common cows, $2.50 to $3 per cwt.

Milch Cows.

There were nine milch cows of good to choice quality, which sold at $53 to $66 each.

Veal Calves.

Prices for veal calves were easy at $5 to $6 per cwt.

Sheep and Lambs.

Export sheep sold at $4.50 cwt. for ewes and $3.50 to $3.75 for bucks; lambs sold at $6 to $6.25 per cwt.

Hogs.

The few hogs that were offered sold at $7.45 per cwt.

MONTREAL LIVE STOCK.

Montreal, Aug. 6.—(Special.)—Cables from Liverpool of Canadian cattle were steady at 11¾c, while ranchers were lower at 9¾c to 10¾c. Choice steers were easier and 100 lambs, at 8½c, but to some cases they were quoted at 8¾c. Demand for ocean freight for this week's shipment has been good, but there is no space to be had on account of three large carrying vessels having met with accidents; therefore they will not sail on their advertised dates. Exports last week were 3259 cattle. Receipts to-day were 1500 cattle, 50 milch cows, 800 sheep and lambs, 150 calves, 1000 hogs. The market for hogs was weaker, owing to increased supplies, and weak cable advices on Canadian bacon. Prices declined 15c to 25c, with sales of selected lots at $7.75 to $8.10, and lower grades at $7.25 per 100 lbs., weighed off cars. The excessive supply of cattle in such hot weather, and while so many people are absent from the city, had a ... effect on prices, which declined ... per lb, all round. Nearly half of the cattle were not sold. Prime beeves sold at 4¾c to 5c per lb.; pretty good cattle, 3¾c to 4¼c, and the common stock, 2¼c to 3¼c. Milch cows sold at $25 to $48 each. Calves sold at $2.50 to $10 each. Sheep sold at 3¾c to 4½c per lb.; lambs at $3.75 to $5.25 each.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Aug. 6.—Cattle—Receipts, 6300 head; fairly active and steady to 10c higher; prime steers, $5.60 to $5; shipping, $4.85 to $5.50; butchers, $4.25 to $5.40; bulls, $2.25 to $4.10; cows, $3 to $4.50; bulls, $2.75 to $4.25; stockers and feeders, $2.50 to $4; stock heifers, $2.25 to $3.85; fresh cows and springers steady on good; slow and easy on common; $18 to $50.

Hogs—Receipts, 8000 head; fairly active; 5c to 10c higher; heavy, $6.15 to $6.25; mixed, $6.10 to $6.15; yorkers and light yorkers, $6 to $6.10; pigs, $5.75 to $5.80; stags, $4.50 to $5; roughs, $5.50 to $5.80.

Sheep and Lambs—Receipts, ... head; active; wethers 25c higher, others steady; lambs, $5.50 to $6; yearlings, $5 to $5.50; wethers, $4.75 to $5; ewes, $4.25 to $5.25; sheep, mixed, $3.50 to $5.25.

NEW YORK LIVE STOCK.

New York, Aug. 6.—Beeves—Receipts, 4223; steers steady; common grades slow; bulls and cows dull and 10c lower; common to choice steers sold at $4 to $5; bulls, $2.50 to $3.70; cows, $1.25 to $4; dressed beef dull at 6½c to 8c per lb.; common western beef at 5½c to 6½c.

Calves—Receipts, 2200 head; veals in fair demand and steady; buttermilks and bitter; milks 25c lower; all sold; veals sold at $5 to $7.50; grassers, $3 to $4; buttermilks, $3 to $3.50; choice veals, about 8c to 8¼c; country dressed, about nominal at 5c to 10c.

Sheep and Lambs—Receipts, 10,800; sheep steady; common and medium lambs steady; prime fast choice 10c to 15c higher; sheep sold at $3.40 to $4, lambs at $6 to $6.25; one car at $6.87½.

Hogs—Receipts, 6668; market firm to 10c higher; state and Pennsylvania hogs sold at $7.20 to $7.25.

CHICAGO LIVE STOCK.

Chicago, Aug. 6.—Cattle—Receipts, 23,000; best 10c to 15c higher; others steady; common to prime steers, $3.40 to $6.20; cows, $2.75 to $4.50; heifers, $2.20 to $5.25; bulls, $2 to $4.25; calves, $3 to $6.75; stockers and feeders, $3 to $4.50.

Hogs—Receipts, 30,000; left-tight, steady; 5c lower; choice to prime, heavy, $6.40 to $6.65; medium to good, heavy, $6.10 to $6.35; butchers' weights, $6.45 to $6.70; good to choice, heavy, mixed, $6.10 to $6.35; packing, $5.30 to $6.25.

Sheep and Lambs—Receipts, 20,000; strong; sheep, $4.25 to $5.60; yearlings, $5 to $6.25; lambs, $5.75 to $7.85.

CHEESE MARKETS.

Lindsay, Aug. 6.—The Victoria Cheese Board met here to-day; 1700 boxes were boarded, half of which went to Mr. Gilespie at 11 11-16c; the balance was divided between Mr. Brown and Flavelles, Ltd., at 11¾c. The bidding commenced at 12c. The board adjourned for two weeks.

Standard Oil Investigation

Chicago, Aug. 7.—Investigation of the Standard Oil Co.'s Railroad methods by the United States Government begun in Cleveland several weeks ago was resumed here yesterday. A special grand jury, called to report before Judge Bethea, is to ... a ... commissioner, charged ... rebates and secret railroad agreements, by which, it has been declared, the ... company has been forcing competitors ... out of business.

STRIKE OF LITHOGRAPHERS.

Two-Thirds of the Men Out—Open Or Closed Shop is Issue.

New York, Aug. 7.—Lithograph work and printing, representing thousands of dollars, is tied up in this city as a consequence of the strike of lithographers and assistants. The employers do not conceal the fact that the strike is likely to cost them an immense amount of money, but they insist that the fight is to a finish, and say preparations for such a contingency were made weeks ago when the Employers' Association met in Pittsburg and raised a strike fund.

The estimated number of strikers in this city is 8,000, and the total throughout the country at 20,000, or about two-thirds of the whole number of men engaged.

The week opens with little prospects of an early settlement of the trouble. The strikers insist that they seek only a shorter work-day and conditions consistent with the class of skilled work in which they are engaged. On the other hand, a representative employer said last night:

"The length of the work-day is not involved in this dispute. That could easily be adjusted. The real point at issue is the substitution of the open for the closed shop."

Oldest Orangeman Dead.

Belleville, Aug. 7.—The oldest native Canadian Orangemen in this county, Daniel Gerow, died Sunday. He was born in Ameliasburg, P. E. County, 92 years ago, and joined Benjamin Lodge of this city over 60 years ago, keeping his connection with the order till his death.

Three Negroes Lynched.

Charlotte, N. C., Aug. 7.—A mob of 2,000 determined men shortly before 11 o'clock last night forcibly entered Rowan County Jail at Salisbury, removed therefrom the three negroes charged with the murder of the Lyerly family at Barber Junction July 13 and lynched them.

THE WATER WAY BETWEEN Buffalo and Detroit

The D. & B. Line Steamers leave Buffalo daily at 5:30 p.m. (eastern time) and Detroit week days at 5:00 p.m., Sundays at 4:00 p.m. (central time) reaching their destination the next morning. Direct connections with early morning trains. Lowest rates and superior service to all points west.

Rail Tickets Available on Steamers

An Effort Is Being Made To Crush Leaders

Russia Captures and Imprisons Social Democrats.

HOPE CENTRES IN MOSCOW

But It Seems to Be of the Slimmest Order, For Not Only Is the Government Active In Striking Leaders But Rank and File Are Not Enthusiastically Following Where They Lead—Destroy Railways.

St. Petersburg, Aug. 7.—Late yesterday afternoon it was evident that the Government had practically succeeded in crushing the organization of the strike leaders here. The central committee of the Social Democrats was captured and imprisoned in the early hours, and the greatest confusion now prevails in the revolutionary camp. The hope of the revolutionists is now centred in Moscow as the St. Petersburg railroad committee has decided to await the result of the strike there before attempting to order out the men. Wednesday is now the day on which they says the railroad strike will begin, although the employes of several of the street railroad lines who struck Saturday have resumed work.

Work of Expulsion.

The prefect of police of Cronstadt has notified the striking longshoremen there that unless they return to work to-day they will be expelled from the island.

A private despatch from the Westinghouse branch at Moscow received late yesterday said that the men were at work, and that the manager had been assured by the prefect of police that a general strike in Moscow was impossible.

Unless despatches from the interior within a few hours entirely change the situation the general strike promises to prove a complete failure. Although the Liberals are strongly opposed to the course of the Government they shrink from precipitating a revolution and the horrors of a civil war, in which the country would be plunged if the plans of the proletariat leaders were successful.

Labor Men Lukewarm.

Not only is the sympathy of the intelligent public lacking, but in St. Petersburg the leaders of the various labor organizations find many of the followers lukewarm and even in open rebellion against their orders. When the central committee of the printers' union adjourned last night many of the men returned to their cases, with the result that four newspapers appeared yesterday. The central committee of the railroad men's unions finds so many of the positions, with imprisonment into the bargain, that it has not yet, so far as known, issued a formal order to strike. If the train service is not brought to a standstill the collapse of the strike movement is inevitable.

Will Destroy Railways.

The Council of Workmen's Deputies, which met secretly at Terioki, Finland, were so incensed at the timidity displayed by the railroad men that they decided to resort, if necessary, to the blowing up of bridges and the destruction of the roadbeds to bring the transportation service to a standstill. Representatives of all the revolutionary parties and emissaries from Moscow, Kieff, Riga, Odessa and other cities were present at the meeting. The telegraphers thus far have been appealed to in vain.

A Poltava despatch says that the torch has been applied to the stables, granaries and other buildings on the estate of Princess Chaplitsky. A flour mill also was destroyed. The incendiaries are not known.

At a congress of Baltic landowners held in Riga yesterday a resolution was passed in favor of the sale of crown and church lands, and the gradual expropriation of estates in excess of the establishment maximum. No peasant family owning more than fifty acres may obtain land under this system. The Baltic nobility have up to the present time been opposed to the expropriation of land.

Moscow Foresees Failure.

Moscow, Aug. 7.—Yesterday's developments presage a failure of the strike. The leaders are divided as to its opportuneness and their irresolution is affecting the spirits of the men. The railroad men who hold the key to the situation have thus far refused to join in the strike.

12,000 Miners Quit.

Lugansk, Province of Yekaterinoslav, Aug. 7.—A general strike has been proclaimed here. Twelve thousand miners have stopped work. Fifty thousand men are now out in the Donets Basin minings region.

Cossacks Whip Miners to Death.

Usovka, Aug. 7.—Workmen in the Monagova pits, to the number of twenty-five hundred, went on strike Sunday after Cossacks had broken up their meeting and whipped three of the resisting miners to death. Soldiers have been detailed to pump out the flooded mines.

Race War in Shusha.

Yelisavetpol, Aug. 7.—The race war between Tartars and Armenians at Shusha recommenced Sunday with greater force, and the fighting and massacres continue.

Skyrdieff's Dilemma.

London, Aug. 7.—According to an Odessa despatch to a local news agency, steamer advices from Sevastopol say that fully 20,000 persons have left that city, and that the exodus is still in progress.

Admiral Skyrdioff, commander of the Black Sea fleet there, advices add, is in an awkward dilemma. He is afraid to

A Sweet Breath

is what all should have, and it can be ensured by the judicious use of Beecham's Pills. A sweet breath denotes that everything is well, so at the slightest indication of the digestive organs not working properly, do not forget to take

Beecham's Pills

Sold Everywhere. In boxes 25 cents.

removes the breech locks from the fortress guns in case the crews of the warships mutiny, and at the same time he distrusts the fortress artillerymen.

At the fortress and on the warships double staffs of officers keep watch with cocked revolvers in their hands.

PERPLEXED THE POLICE.

Young Wylie Maintains He Did Not Know Gun Was Loaded.

Guelph, Aug. 7.—Peter Wylie, the farm hand who shot little Mary A. Berdina Swackhammer of Erin Township, is now in Guelph jail, having been brought from Acton yesterday by High Constable Merriweather.

An inquest was opened yesterday and adjourned till Wednesday. The funeral of the victim was held yesterday afternoon, and was attended by practically the whole countryside.

Wylie maintains that the shooting was accidental, and seems to realise the gravity of the situation in which he is placed. He says he was not aware that the gun was loaded, but Frank Swackhammer, brother of the dead girl, states he told Wylie on Thursday that it was.

Some of the circumstances appear to favor the boy. He did not leave the scene of the shooting until the girl was dead, and he told her father what he had done. On the way to Acton he told the driver who took him over that he had shot the Swackhammer girl, and that he had a postcard from his father asking him to meet him at Acton.

The case is perplexing the police. It is stated that malice can scarcely be established.

DEATH OF LT.-COL. BAKER.

Former Representative of East Kootenay in B. C. Legislature.

Victoria, B. C., Aug. 7.—Word has been received here of the death at Parkstown, Dorsetshire, Eng., of heart failure, of Lieut.-Col. James Baker, for many years representative of East Kootenay, in the British Columbia Legislature.

Col. Baker was an Indian army and Crimean veteran, a brother of Col Valentine Baker and of Baker Pasha. He was Provincial Secretary in the Davis, Robson and Turner Government.

Col. Baker was one of the first to realise the possibilities of the Crow's Nest coal fields, and staked every dollar of which he was possessed upon their prospective value. His judgment proved sound, and, selling his interest for more than a million and a half, he returned to England to spend the remainder of his days in the home of his childhood.

WORTH A MILLION ONCE.

Edgar Brown Dies Penniless After Old Friends Refuse Help.

Sault Ste. Marie, Ont., Aug. 7.—Edgar Brown of this place, who died in a hospital at the Michigan Soo yesterday, was once a millionaire, but was "trimmed" by the steel crowd and died penniless.

Brown located the famous Mesaba and Vermillion ranges and developed them until they were worth $13,000,000. He became entangled financially and was frozen out by John D. Rockefeller.

In his last hours local physicians learned the story and notified a millionaire member of the steel group, whom Brown once nursed through an almost fatal illness years ago. The millionaire wrote back that he had made large investments and was sorry he could not help his old friend. Local friends contributed enough for the funeral expenses.

ARBITRATION IS GOOD.

Pan-American Republican Conference Takes Advanced Ground.

Rio de Janeiro, Aug. 7.—The international American conference at yesterday's session unanimously agreed upon a project providing for the arbitration of disputes between the countries represented.

It ratifies the adherence of the American republics to the principle of arbitration, and recommends that the Pan-American delegates to the peace conference to be convened at The Hague be instructed to support a general arbitration convention.

The vote on the project will be taken to-day.

Cowie Not to Blame.

Detroit, Aug. 7.—The United States inspectors of steam vessels find that no blame attaches to the steamer John B. Cowie, which sank the Canadian steamer Erin, with a loss of five lives, in the St. Clair River last spring. A light fog and the fact that another steamer crowded up alongside the Erin forced the Cowie to the choice of a collision with one of the two upbound boats, and that it was believed to be a case of self-preservation was considered a vindication of the Cowie's crew.

Dropped Dead at Work.

Toronto Junction, Aug. 7.—At 8.40 o'clock yesterday morning Wm. H. Davidge dropped dead while in the act of moving a barrow of brick on Queen street at a house that he was building. The deceased was born at Hounslow, Middlesex, England; was 64 years and 8 months old. He leaves a widow and four children.

Hit By Pitched Ball.

St. Thomas, Aug. 7.—In a game of ball at Pinafore Park between Centennant and St. Thomas, James Graney of this city was struck by a pitched ball near the right temple and knocked unconscious. At a late hour last night he had not regained consciousness.

Fine Swimming.

Toronto, Aug. 7.—Out of 11 members of the Toronto Swimming Club annually in 12 entries nine are entitled to the club medal for swimming across the bay, 1 1-2 miles, on Saturday, in less than one hour.

Steamer Sirio A Total Loss So It Is Stated

Further Reports of Terrible Scenes Attending Wreck.

THREE CHILDREN ON A PLANK

Captain Was Rescued, Despite His Determination to Make Away With Himself—Survivors Says the Sirio Sank With Extreme Rapidity—Boats Were Overcrowded and Capsizing Threw Occupants.

Carthagena, Spain, Aug. 7.—Reports continue to arrive here of the terrible scenes attending the wreck on Saturday evening off Hermigas Island, not far from Cape Palos, of the Italian steamer Sirio, resulting in the loss of over 300 lives. The drowning of the Bishop of San Pedro, Brasil, is now attributed to the action of an Argentine passenger, who forcibly took from the bishop a life-belt with which the latter had provided himself.

One Italian woman kept her three children afloat on a plank until they were all picked up.

Bridegroom Lost Bride.

A bridegroom who was on his honeymoon lost his bride and sister, and an old man who was saved lost three children.

Capt. Giuseppe Farodi, commander of the Sirio, was 62 years old and had 45 years' experience in navigation.

The Sirio is considered to be a total loss. A number of bodies of drowned were buried yesterday. Ten passengers died after being brought ashore.

The survivors say that the Sirio sank with extreme rapidity. The boats were so overcrowded that a number of them immediately capsized, throwing their occupants into the water.

Quantities of food and clothing for the survivors are arriving here from all parts of the country.

Captain Was Rescued.

It is learned that the captain of the Sirio was on board the steamer when she sank, and expressed the determination to go down with his vessel. He was afterwards rescued in spite of his refusal to be saved.

Intense Excitement at Genoa.

Genoa, Italy, Aug. 7.—The wreck of the Italian steamer Sirio Saturday, off Hormigas Island, near Carthagena, Spain, causes intense excitement among relatives and friends of the Italian passengers and crew, most of whom lived here or in this vicinity. The office of the captain of the port and of the Italian General Navigation Co., to which the Sirio belonged, were so besieged yesterday by agonized throngs seeking information that the police were compelled to establish barriers to hold back the crowds, some of whom assumed a threatening aspect, declaring that facts were being withheld.

The Sirio had been 19 years of service, but she was considered to be seaworthy. Her captain, Giuseppe Parodi, was a native of Genoa and a veteran seaman.

Naples Is Anxious.

Naples, Aug. 7.—Many of the emigrants who sailed for South America on the Italian steamer Sirio, wrecked Saturday near Carthagena, Spain, were from Southern Italy, and accordingly great anxiety is manifested here. Crowds of people are seeking details of the disaster and the names of passengers for the purpose of identifying the lost and saved.

PULAJANES ON THE RAMPAGE.

Burned Municipal Buildings of Abuyon, and Kill Six Persons.

New York, Aug. 7.—A special from Manila says:

"One hundred and fifty Pulajanes pierced the military cordon, burned the municipal buildings, killed the ex-president of town, two former members of the constabulary and three policemen at Abuyon, Island of Leyte, twenty miles from the scene of the recent fight. One hundred soldiers and constabulary are in pursuit of the raiders.

"Major Crawford and Capt. Knauber, with a lieutenant and eight constabulary men, were ambushed by Ignorrotes while shooting the rapids of the Abulung River, in Northern Luzon, on a bamboo raft. Major Crawford and Capt. Knauber and five men were wounded with arrows. They were unable to return the fire because the enemy were hidden on the wooded banks of the river. This outbreak is inexplicable, as hitherto the Ignorrotes have been peaceable."

Gunners Make New Records.

London, Aug. 7.—Some remarkable scoring has been made in this year's firing exercises in the Mediterranean fleet. The destroyer Bruiser, from her 6-pounder guns, made 46 hits out of 47 rounds, and from her 12-pounder guns 6 hits out of 10 rounds. The average for the 6-pounder guns is 16.36 hits a gun.

The cruiser Barham, in the heavy gun-layers' test, made 43 hits out of 58 rounds, the best gun's scores being 11 rounds and 11 hits from a 4.7 inch gun. The next best score was 10 rounds and 10 hits.

Leaves Thirty Millions.

Springfield, Mass., Aug. 7.—Financial men are of the opinion that the inventory of the estate of Daniel E. Wesson, who died Sunday, after having been hounded almost to his grave by "Black Hand" threats, will show that the wealth of the famous revolver manufacturer exceeded $30,000,000. With one or two exceptions, it is asserted, he was the wealthiest individual in New England.

Mrs. Armstrong's Suicide.

Hamilton, Aug. 7.—Further enquiries into the case of Mrs. J. J. Armstrong, Toronto, who committed suicide at Kirk's Hotel, Waterdown, show that she was demented. She left a letter for her husband, who keeps the English shop house in Toronto.

Lord Haddo Marries Widow.

London, Aug. 7.—Lord Haddo, eldest son of the Earl of Aberdeen, Lord-Lieutenant of Ireland and former Governor-General of Canada, was married to Mrs. Cooksayne, a widow, at St. Columbas Church here yesterday afternoon, in the presence of a large and fashionable congregation.

MR. JOHN A. MacDONALD,
P. G. P. Secretary of Entertainment Committee, Sovereign Grand Lodge.

F E Aldrich, Tilsonburg.
C Robinson.
T J Potter.
W Saur.
J S Burford.

Shortly before ten o'clock, Canton Toronto, No. 7, Patriarchs Militant, escorted the officers of the Grand Encampment, from the Oriental Hotel to the Court House, where the first session opened.

The Canton was in charge of Departmental Commander W. S. Johnston, and the rich uniforms and brilliant headgear made a most imposing spectacle. There were over twenty in line, and following immediately were Grand Patriarchs, Geo. C. Mortimore; Grand High Priest, J. Pawley, P. G. Patriarch J. Donogh, P. G. P. Macdonald, D.D.G.P., S. S. Crooker, and Grand Secretary J. B. King.

Upon arrival at the court house the Grand Officers were joined by a large number of Patriarchs, and they went directly to the court room where the opening proceedings took place.

The Mayor's Welcome.

Shortly after ten o'clock Grand Patriarch George C. Mortimore called the meeting to order. His Worship Mayor Best, and Ald. E. F. Mason, chairman of the reception committee, took places beside the Grand Patriarch, and His Worship read the following address of welcome on behalf of the city council, and the corporation of the city of Peterborough:

Grand Patriarch, Officers and Members of the Grand Encampment of Ontario, I.O.O.F.:

It gives me a great deal of pleasure to bid you welcome to Peterborough. Oddfellowship is strong here for there are two Subordinate Lodges and two Encampments, each with a good membership. From the members of the Order here you will of course, receive a hearty welcome, but not from them alone, for all the citizens unite in bidding you welcome, and in hoping that your meeting will be pleasant and successful.

We think that you have chosen "no mean city" for your thirty-seventh annual meeting, and we hope that you will take time while you are here to become better acquainted with the city. We have some of the most important industries of their kind in the Dominion, and they are all prosperous, so much so, that enlargements have been, and are being made to them; while new industries of an important character are being established. I have no doubt that each of you believe that you come from the most important place in Ontario, for loyalty to the home city or town, is characteristic of Canadians, and we do not wish to

(Continued from page 7.)

A PROSPEROUS ORDER VISITS A THRIVING CITY.

For the first time in 19 years, Peterborough is the scene of the Annual Meeting of the Grand Lodge of Oddfellows, of Ontario, and the citizens of Peterborough extend a cordial invitation to the members of what is perhaps the most popular Fraternal Order in the province—Oddfellows, the world over, are looked up and recognized as the best of citizens and for a man to be a member of this Order, is to stamp him as qualified to take his place among the world's best men—in the truest sense of the term—The fact that every year since its institution, the Oddfellows Order has reported an increased membership, and that as the years go by, and it still progresses, is an evidence of its stable character and of the soundness of its principles.

19 years ago, when the last Annual Meeting was held here, the Order was much smaller than it is to-day. At that time there were in Ontario 254 lodges, as compared with 307 at close of 1905. The increase in membership has been run greatly in proportion. 19 years ago it stood at 15,353, while the number reported on Dec. 31st, 1905, was 32,272, or more than 100% of an increase. In the revenue of the Grand Lodge there has also been a gratifying increase, the figures being $137,981.19 in 1887, but $343,739.18 in 1905, a most substantial increase. In the amount of benefits paid over, there is the same story of progress. 19 years ago the Grand Lodge paid under this head $52,232.68, and last year $106,718.17. The average lodge membership has grown from 71.41 to 105.12.

It will thus be seen that the Order, which is honouring Peterborough with its presence here this week, is a progressive and prosperous one and that the members have chosen to have this Annual Meeting in a city where the spirit of progress and enterprise predominate as they do here, is a matter for mutual congratulations.

Peterborough welcomes the brethren of the Three Links and the hope is universally expressed that the meeting here may be successful and pleasant.

The Court House Where the Sessions of the Grand Encampment and Grand Lodge are Being Held, Showing a View of the Main Walk in Victoria Park.

ODDFELLOWS, THE CITY'S YOURS; IF YOU DON'T SEE WHAT YOU WANT, ASK

Programme of the Three Days' Gathering of Ontario Oddfellows—Two Branches of the Grand Lodge Open for Business To-day

This morning two branches of the Grand Oddfellows Lodges, open their annual sessions in this city. At nine o'clock, the Rebekah Assembly opened its meeting in the Oddfellows Hall, George street, with a large attendance of the lady members of that branch, while at the same hour in the Court House, the thirty-seventh annual session of the Grand Encampment, opened at the Court House.

At this meeting there was a large attendance, and the members expressed themselves as greatly pleased with the progress which this branch of the Order had made during the past year.

This week the city will be in the hands of the Oddfellows — the citizens are united in their desire to do everything in their power to make the visitors welcome — and if there's anything and Oddfellow wants and doesn't get, it's his own fault.

The business men have spent considerable time and money in decorating their stores, and other places of business, in honour of the visitors, and the city to-day presents a gala appearance.

The bulk of the Oddfellows came in last night on the late trains, which were all crowded. To-day each train landed its quota, and by to-night the whole delegation to this Grand Lodge session will be in the city.

Last night Canton Toronto, No. 7, arrived on the C. P. R. local, and in their resplendent uniforms presented a smart appearance. They escorted the Grand Patriarch to the Court House this morning to open the Grand Encampment.

At the Oddfellows Hall last night there was an interesting gathering. A joint meeting of Hiawatha and Mt. Hebron Encampments was held, and the three degrees was conferred upon eight candidates. At the close of this function Canton Toronto, No. 7, Patriarchs Militant, met and conferred degrees upon three candidates, the gathering breaking up at an early hour this morning.

The programme for the three days, commencing to-day, is as follows:

Tuesday.

At eight o'clock p. m., headed by the 57th Regiment band, Canton Toronto, Patriarchs Militant, will hold a parade, and afterwards in the Market Hall will confer the Degree of Chivalry upon Mrs. Ryan, of Toronto. This is a beautiful and impressive ceremony, and the work is well worth witnessing. The public will be admitted, a small admission fee being charged to cover expenses.

Wednesday.

Opening of the fifty-second annual communication of the Grand Lodge of Ontario, I.O.O.F., at the court house at nine o'clock. His Worship Mayor Best, will extend greetings on behalf of the city. Grand Master F. R. Blewett of Listowel, will present his annual report, and the reports of the other Grand Lodge Officers will also be read. The delegates will be taken over the lift lock, the steamer Water Lily making six trips during the day from the Wolfe street wharf.

In the evening at 7.30 o'clock there will be a parade of Oddfellows, all visiting and local brethren being in line. It will start at 7.30 o'clock sharp from the Central Park, and the route will be up George street to London, to Water, along Water to Charlotte and up Aylmer to Simcoe, along Simcoe to George, and up George to the park, where the procession will disband. It is expected that there will be between 1,000 and 1,200 triple-linked brethren in the parade along with three bands.

The Orientals will join in the general parade which will doubtless be witnessed by hundreds of citizens.

On the same evening the degree of Perfection will be conferred upon a number of brethren, under the direction of Tribesman J. A. Macdonald, of Toronto, Supreme Monarchist. This ceremony will take place in the market hall.

Thursday.

Thursday will be the closing day of the Grand Lodge meeting. It will be devoted strictly to business, and on Thursday evening it is expected that affairs will all be wound up and the delegates leave for home.

The weather, so far, has been ideal, and the prospects are good.

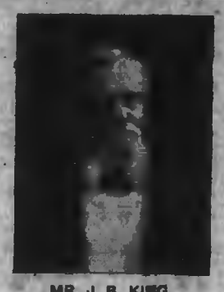
DR. Ol. T. CAMPBELL,
Of London P. G. Sire Chairman Oddfellow's Home Board.

HON. F. R. BLEWETT,
Of Listowel Grand Master of the Grand Lodge of Ontario.

REBEKAH ASSEMBLY

—LADIE'S BRANCH OF ODDFELLOWS—

NOW IN FULL SWING



MR. J. B. KING,
Grand Secretary of the Grand Lodge.

The Examiner will contain the most complete reports of the Sessions of the Grand Oddfellows Lodge. The Grand Encampment and the Rebekah Assembly and delegates who wish copies of the papers containing the reports should leave their orders at the office. The papers will be mailed to any address. Every delegate should have a set of papers.

This Department of Grand Lodge Meets at I. O. O. F. Hall and Reports Prosperous Year.

Address of Welcome Was Given by Mayor Best at The Opening Session—The Reply.

The Rebekah Assembly opened in the I.O.O.F. Hall this morning at 9 o'clock, with the president, Mrs. Moore, in the chair, and a large attendance of lady delegates from all parts of Ontario was present. The morning session was opened by an address of welcome by His Worship Mayor Best. Ald. Mason, chairman of the Reception Committee, and His Worship the Mayor, when introduced, were warmly welcomed. The following address was then read by Mayor Best:

The Mayor's Address.

"The very pleasing duty has devolved upon me of giving you a welcome to Peterborough on behalf of its Council and citizens. This is the first time that this Assembly has met here, and we desire you to know that the citizens all unite in giving you a hearty welcome and in hoping that your session will be as profitable and as pleasant as you could desire.

We hope you will be able to find time while you are here to visit some of the places of interest in our city. It is not always considered good taste to speak of age in a company of ladies, but I will venture to tell you that, as a city, this place is just a little over a year old, and you will find that it is a very vigorous infant. It is considerably larger, has more industries, and does more business than some Ontario cities that are a quarter of a century older. We have several places that we would like you to see, as well as public buildings, and among the institutions you will find one excellent one managed by women for the benefit of women—I refer to the large and progressive Young Women's Christian Association, which owns a building which would be a credit to any city. The lift lock on the Trent waterway, which is within the city, and for visiting which conveniently, arrangements have been made by the local Oddfellows, will well repay a visit, as it is a wonderful engineering work.

We are always pleased to receive visitors, and it is an especial pleasure to welcome representatives of an order such as yours, in which ladies are united for the purpose of carrying on a work of benevolence. The branch of the order which you represent must be of great benefit to the order as a whole, for in the work of aiding the sick and relieving the distressed, the brethren must find the assistance of an organized band of sisters invaluable. Much of this work is, of course, not seen by the public, but one prominent evidence of the largeness of heart and enterprise of the Rebekahs is the institution for the care of the helpless at Oakville, which is the outcome of your initiative.

We hope that your deliberations at this session will result in the further advancement of your order, and that your stay in Peterborough will be most pleasant.

The President's Reply.

Mrs. Moore, the president, in her reply, expressed the thanks of the Rebekahs for the kind words of welcome to Peterborough and their pleasure at having an opportunity of visiting the Electric City, whose prosperity and advancement they had heard so much of in the past. Reference was also made to the fine lock and the beautiful parks, which the ladies looked forward to seeing before leaving Peterborough.

At this morning's session a most favourable report was received from the representatives of the Oddfellows' Home Board, showing that body to be in a most flourishing condition.

The past year has been a most successful year with the Rebekahs. During the year one new lodge has been instituted and the other lodges have reported a steadily increasing membership. This state of affairs is affording lively satisfaction to the members of the Order.

The assembly adjourned for luncheon at 12 o'clock, and resumed again this afternoon at one. This afternoon reports were received from the President, Mrs. Moore, and the secretary, Mrs. Young.

The T.W.C.A. is practically the headquarters of the Rebekahs. A large number of the delegates put up at the [illegible] and [illegible] there. The delegates are delighted with the building.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

HELP WANTED—MALE.

WANTED — AT ONCE — A YOUNG man for office; one who has had some experience preferred. Apply Box 617 Peterborough. 3d31-617.

TUESDAY, AUG. 7th, 1906.

WELCOME.

The Examiner wishes to join with the citizens of Peterborough in tendering a most cordial welcome to the Oddfellow delegates who are visiting Peterborough to assemble and take counsel in the Fifty Second Grand Lodge. We welcome them, both for the cause they represent and for themselves personally. For they are logically worthy. Men who were not worthy would not be found espousing principles which at once stand for and exemplify the most sacred sentiment that can animate the human heart—charity—love for our fellow man wrought into practical acts of true brotherhood. Oddfellowship in Canada constitutes an army, numerically large—$2,000 — but a very host in the multiplicity and wide range of its benefactions. Of this number there are six hundred in Peterborough. The number throughout the province is rapidly growing and the Order was never in a more flourishing condition than at the present time. Its membership has increased nearly 2,000 in the first six months of the present year, a larger increase than for the whole twelve months of 1905, or for that matter larger than for the whole twelve months of any year since 1850, when the Grand Lodge was composed of only twelve busordinate lodges with a total membership of 605. In other words half a century ago the total number of Oddfellows within the provincial jurisdiction, was just identical with the number in the city of Peterborough at the present time. Thus Oddfellowship has stood the supreme test, the test of time. Founded upon the central idea of the Christian religion, it logically follows that it should, like its prototype, be as permanent and enduring as the basic principles of the religion whose corner stone, be it reverently said, is the same. Oddfellowship in its constitution, ordinances and ritual is human with a divine purpose. It is a benevolent organization and more; it is a beneficient organization. It does not merely say "be ye warmed and filled," but warms and fills. It not only provides social solace of a fraternal kind, speaks words of kindness and encouragement, but it helps the weak brother with a tangible help, befriends the unfortunate and relieves the needy and afflicted, and also it extends its guardianship and comforting offices to the widow and orphan. In this work means are needed and the revenue of the Oddfellowship Order last year amounted to nearly $1,000 per day—$343,739.16. Of this large sum nearly $300 per day or $107,718.17 was devoted to the relief of brethren and their dependents. Such an organization commends itself to the approval of all men of good mind, and justifies the extension of a cordial welcome to its official representatives on the occasion of their sorcuring us with their presense to take counsel in extending its beneficient work. We welcome them for other reasons. We know that Oddfellowship in Peterborough embraces in its membership the strongest, most respected and most desirable elements of our population, and it is fair to assume that it does the same in respect of the places sending delegates. We are proud of our city, of its progress, of its enterprises and of its beauty, and we are glad to welcome a body, which, on its return home, will constitute an embassy of publicity—will carry the knowledge of our city and its advantages to widely-spread and important centres and strengthen the bonds of business, and of the sentiment of national fraternity in a way to confirm the national homogeneity. We are proud of our hospitality and hail with pleasure an opportunity of giving it expression. The Examiner, on behalf of the citizens of Peterborough warmly welcomes the Oddfellows, and trusts that their stay in our city will be pleasant and that their deliberations may be profitable and answerve the purpose of advancing all the interests of the principles Oddfellowship represents.

OTTAWA DISTRICT.

The city of Ottawa, the Federal Capital, is beginning to feel its importance and secession from the rest of the Dominion is spoken of. Not disgruntled secession of the vulgar national variety, but a little exclusive withdrawal to differentiate it from the commonplace elements of Confederation. The matter of erecting Ottawa into a national district, similar to that at Washington, is under consideration, and was discussed, informally by the Senate towards the end of the session. The Ottawa Free Press has opened a journalistic discussion of the subject and proposes to print a series of articles on the question, with a view to assembling as much information as possible to enable an intelligent decision as to the merits of the scheme. One of the features of the proposed change will cost Ottawa its electoral franchise and deprive it of its representation in both Federal and Provincial Parliaments—the district in the event of its formation, will be governed by a Commission.

Canada Flakes For Pacific Coast

The Second Car Load for British Columbia Goes Forward To-day.

The Peterborough Cereal Company is spanning the cotninent and covering the land with a heavy fall of Canada Flakes. This afternoon the company shipped its second car of Canada Flakes to Vancouver, B. C. It was consigned to their resident agents, Messrs. Galloway and Parnell, and consisted of 600 cases. While Peterborough people are taking their mid-day meal, our British Columbia cousins are making their breakfast of Canada Flakes, which are thus a factor in cementing the ties of Canadian citizenship.

Apsley Preacher Bids Farewell

Mr. McAndrews Left Monday for New Fields.

Examiner Special.

Apsley, Aug. 5th. — The people of Apsley learned with deep regret on Sunday of the removal of Mr. McAndrew, a Trinity College student, who has been helping Rev. C. Lord, during the summer months. He goes to take Mr. Kirkpatrick's place, near his own home. In the removal of Mr. McAndrews the Church of England in Apsley, will lose a faithful and an earnest worker. During the short time he has been with us he has won the respect and the friendship of the community in his earnest desire to do his duty. He was also the leader of the choir, where he will be greatly missed.

Mr. McAndrews left on Monday morning, carrying with him the best wishes of the people for his success in his new field of labour.

4 1-2 Pound 'Lunge His First Catch

Master Jennings, 3 1-2 Years Old, a Good Fisherman.

With the fishing season at its highest the usual string of fish stories is being received. Of all the reported piscatorial triumphs, however, perhaps, in some respects, that which is reported from Chemong, and which come under the notice of a member of the Examiner staff, is the most worthy of recognition. On Saturday afternoon Master William Allison Jennings, of Chicago, three and a half years old, who with his mother and grandmother, is a guest at the Chemong Park Hotel, with his uncle and another friend were fishing in the lake, when the lad felt the welcome tightening on the line, which began to play out rapidly. It was his first experience at fishing, but he had the sportsman instinct and was in high glee, when he learned that he had actually hooked a 'lunge, which, when hauled in and despatched in the usual way, weighed over four and one half pounds.

There is no more enthusiastic fisherman on the lake now than the lucky boy referred to.

Indications of Kidney Trouble

Among the early indications of kidney disease may be mentioned:

Backache.
Fickle appetite.
Deposits in the urine.
Frequent desire to urinate, especially at night.
Rheumatism and sciatic pains, constipation and diarrhoea alternating.
Dropsical swelling.
Scanty, dark-coloured urine.
Persistent loss of flesh and weight.

Prompt relief is obtained by the use of Dr. Chase's Kidney-Liver Pills, and by persistent treatment the kidneys are restored to health and activity.

No medicine which acts on the kidneys alone can possibly prove effective, because in the great majority of cases the liver and bowels are also deranged. Because Dr. Chase's Kidney-Liver Pills have a direct and combined action on the liver, kidneys and bowels they bring about satisfactory results in the most complicated cases.

Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.—6.

Grocery Business Changes Hands

Mr. A. J. Warne Retires From His Business To-day.

Mr. A. J. Warne, who has for a good many years conducted a grocery business at the corner of George and Dublin streets, has disposed of his establishment to Mr. D. J. Smith, of Port Hope, who took charge of the business to-day. Mr. Warne is contemplating a trip to the North West in the near future. The new proprietor should do a flourishing business on the stand, which is one of the best in the northern end of the city.

Excursion Of Knight Templars

Passed Through City To-day for Montreal.

Six coaches on the Canadian Pacific Railway carried the Knight Templars of Toronto through the city shortly after noon to-day en route for Montreal, the destination of the excursion. The train made a record trip from Toronto, arriving in Peterborough after an hour and a half run. The excursionists expect to travel the full distance in seven hours.

Visitors Charmed With Stony Lake

Party of Peterboro' People and Visitors Had an Outing.

A party composed of Rev. Father McCoil, Rev. Father Smith, of the Carmelite Order, Niagara Falls, Ont.; Mr. and Mrs. Ed. Ball, Brooklyn, N. Y.; Miss N. McFadden, Chicago; Mr. J. Irwin, Chicago; Mr. and Mrs. Geo. Ball, Mr. and Mrs. Chris. Rutherford, Mr. and Mrs. Thos. McQuinlan, Mrs. (Dr.) Coughlin, Mrs. J. Lynch, Mrs. M. McFadden, Miss Mary McCarthy, Miss Agnes McFadden, Mr. V. G. McFadden and Mr. Frank Lynch, Peterborough, took the trip around Stony Lake yesterday on the Empress and spent a most enjoyable day. The trip was new to most of the visitors, and was a revelation to them. Rev. Father Smith stated that he had seen the summer resorts of New York State, and they were eclipsed by Stony Lake. The Chicago visitors were also delighted and expressed the opinion that the Kawartha Lakes scenery was superior to the far-famed Wisconsin Lakes.

The West Supports Sport At Fairs

Lethbridge Contributes $1500 Towards Sport.

In view of the difficulty experienced in getting the Peterborough Industrial Fair under way this year, the following from the Lethbridge, (Alta.), Herald, will be interesting:—

The West is one hundred per cent. more generous than the East. A dollar out here is valued about as much as five cents in the East. No better evidence of the liberality of Western people can be given than the response the committee met with in raising funds for the sports here at the time of the fair. In two days nearly $1,500 was collected. I'll bet an Ontario city of 10,000 wouldn't do as well in a whole year.

Colebrook Party Leaves For Home

Rochester Party Which Has Been at Young's Point.

Examiner Special.

Young's Point, Aug. 6.—Though hundreds of young ladies have spent a pleasant vacation on the Kawartha Lakes this season, perhaps none have been so fortunate in fishing as Miss Ronau of Buffalo, who is registered at the Lakeview. This morning she and Miss G. Hanrahan decided they would try their luck in trawling and were in their canoe at six o'clock. They paddled about a mile down the river and had just started back when Miss Ronan said she believed her hook had caught in a root, but in a few minutes she was pleasantly surprised when she discovered that it was a fine lunge. It was with considerable difficulty that she was able to land her prize, but with the assistance of Miss Hanrahan, she did so and they arrived at the Hotel a few minutes later. Mr. Harry Kearney did the weighing and it tipped the scales at 14 lbs., 6 oz. Naturally the young ladies feel much elated over their catch.

The Colebrook party, consisting of Mr. M. W. Colebrook, Miss L. C. Howe, Mr. A. S. Colebrook, and Mrs. A. S. Colebrook, left for their home in Rochester this morning after spending two weeks at the Lakeview.

They say they have enjoyed their outing very much and have been very successful in fishing. Yesterday accompanied by Mr. and Mrs. McKay, of Rochester, and Mr. Carley, of Hamilton they were successful in landing twenty-three bass and two maskinonge.

During the boring of the Simplon Tunnel operations were seriously impeded by the unexpected opening of hot-water springs. The flow from these on the Swiss side was at the rate of four hundred and eighty-nine gallons per minute, and on the Italian side nine hundred and sixty gallons per minute was recorded.

Col. Edwards' Departure Keenly Felt By Cottagers

Bid Farewell at Juniper Island Pavilion Last Night—Address Was Presented—Delightful Programme Followed—The Stony Lake Regatta—Two Silver Cups for Competition—Personal Items.

Examiner Special.

Stony Lake, Aug. 7.—The purpose for which the large assemblage was present at the pavilion last evening was one rather out of the ordinary. The object of the gathering was to spend a social evening with Mr. E. B. Edwards who is soon to leave to reside in Edmonton and to present to him a farewell address.

Mr. Edwards was among the early settlers at Kawarthadom, his cottage having been erected in the year 1896. Year by year he has seen the Lake increase in popularity and population and has always taken a deep interest in matters pertaining to aquatic sports and life at the lake generally. The hostesses last evening were Mrs. (Hon.) J. R. Stratton, Strathmarrid-on-the-lake, and Mrs. T. Knox, Toronto. During the evening a number of excellent selections were given on the piano by Miss Knox, of Toronto. Mr. H. Sutherland, of Ingleatane, occupied the chair and gave an introductory address after which Mr. Jas. Acton, of Tawasentha, read and presented the address to Mr. Edwards. In reply Mr. Edwards related to the many years of pleasure he has experienced on the lake and expressed his regret at having to leave and while he will soon be many miles away, yet his memory will often return with him to his cottage on Juniper Island, Stony Lake. Mrs. (Hon.) Lawrence Grahame and Mr. Harris, of Kiluna, were called upon for a selection to which they responded with a well rendered vocal duett. Mr. J. Doherty, gave a vocal selection and encore which were much enjoyed. Several others were called upon to assist but did not respond. At the conclusion of the programme all present joined in singing "Auld Lang Syne" and "For He's a jolly good fellow" and several other songs. Refreshments consisting of ice cream, lemonade, etc. were served after which the seats were removed and dancing indulged in. Mr. Edwards was accompanied to his cottage by a large flotilla.

Regatta Notes.

Everything points to a most interesting programme of races at Monday's annual regatta. The entry list will be large, and will include some of the best aquatic sportsmen in the province. The prizes this year will be much superior to those of other years as the committee in charge have already a large sum collected with which to purchase suitable rewards. There will be two silver cups to be competed for, one presented by Senator G. A. Cox for the winner of the 14 foot and under Dinghy race, and the other by Hon. J. R. Stratton for the open sailing race. The cups will become the property of the winner of the races for three consecutive years.

Mr. Robt. Blackburn, of the Toronto Canoe Club came to the lakes yesterday and is a guest at Glenwood. Mr. Blackburn paddled in the men's single canoe race at St. Catharines on Saturday and gave Harry Simpson a close run for third place. He is getting in shape for the regatta to be held on Monday and will try for the championship of Stony Lake.

Messrs. Harold Meldrum and Clarke Acton had an upset from a sailing canoe near Ingleneing yesterday afternoon. The yacht Aroca ran out and took them aboard.

Mr. John Colville, Toronto, has returned to Beverley Cottage.

Miss Gladys Robertson, Mrs. J. Robertson, and Mr. H. Tuckett Saury, of Toronto, are guests at Forest Nook.

Mr. E. Carrol Tuckett and Miss Kathleen Coggs, Toronto are guests at Oakleigh.

Mr. W. W. Lancaster, New York City, is a guest at The Shanty.

Messrs. W. R. Martin, Peterborough, and Geo. L. Edwards, Port Hope, pitched their tent at McCracken's Landing yesterday.

Mr. Harry T. MacDonald, Toronto, and Mr. Percy Pascoe, Woodstock, arrived at the lake yesterday and are camped at McCracken's.

Mr. F. E. Barnardo and Mrs. Barnardo, Honeoye Falls, N. Y., are among yesterday's arrivals at the Victoria.

Mr. Clarence Bell, went down to Lakefield yesterday.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Last night a number of rowdy fellows congregated on the bridge near Mr. O'Brien's residence on Concession street, making the night hideous with screeching obscene language and pounding on tin cans, so that it was necessary for respectable citizens living in the neighbourhood to go into their houses and close their doors. This spot seems to be a favourite resort for this gang. The name "Murphy" was frequently mentioned among them. We hope the police will see that this rowdyism is stopped.

RATEPAYER.

Having saved a substantial sum from their earnings, two young men who were sent to Canada by the Church Army about two years ago, have sent the money home for the erection of cubicles at the Army Labour home.

IT'S UP TO YOU

To save your earnings and become rich. The man who spends his money recklessly can never hope to attain riches, neither can the man who puts his money into the pocket of his landlord rather than into his own ever hope to earn a home. It all lies in making the start and that's up to you. Come to our office and we will assist you in making that start. We have choice houses for sale, both great and small; fine Building Lots, Business Places and Garden Lots. Tell us what you want; we are apt to supply it. First come gets first choice, therefore it's up to you.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate variable winds. Wednesday—Warm and showery.

Plain Sewing Done.

—All kinds of plain and fancy sewing done in a satisfactory manner. Apply at 21 Elm street.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. V. Hoover, 222 McDonnel street, 'Phone 199.

Sheet Music.

—The very latest song hits and up-to-the-minute instrumentals, at popular prices. J. M. Greene Music Company. 6d31

Cold Springs.

—The Cold Springs Union Sunday School of Otonabee will hold its annual excursion on August 29 to Jubilee Point.

Off to the Woods.

—Mr. Giles Stone will leave tonight for North Bay with 15 men, whom he has engaged for Holland and Graves' lumber woods.

Special Train for Campbellford.

—On circus day, August 9, the Grand Trunk will run a special train, leaving Peterborough at 7 p.m. for Campbellford and intermediate stations.

New Edison

—Phonograph records for August just arrived. The finest list ever published. Don't fail to hear them. J. M. Greene Music Company, New Opera House Building. 6d26

Harwood Excursion.

—The steamer Water Lily will run an excursion from Harwood and other points on Rice Lake to the city on Thursday. Their object is, of course, the big circus.

Not His Children.

—Later information concerning Ernest Lefley states that the children found in Buffalo did not belong to him, although they answered the description given to the police by Lefley.

A Good Perch.

—Mr. S. Mitchell, who is camping down the river, reports a good catch of perch the other day. He landed a fish of that species which weighed 1 1-4 lbs. and measured 18 1-2 inches long.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Bridge Repaired.

—The trestle bridge on the Midland branch of the G.T.R., below the Hamilton Foundry, is being put in good shape by a section gang of 16 men. New top pieces are being put in, and the bridge will be in a substantial and satisfactory condition.

Festival Preacher.

—Rev. Mr. Armstrong, who was to have been the special preacher at St. Luke's Harvest Festival, finds it impossible to come, on account of his absence in the Northwest, and Rev. Prof. Cody, of Toronto, has been engaged as the preacher for Sept. 20th.

Palmistry.

—Madame Francis, combined with her superior knowledge of occult forces, enables her to read human life from infancy to old age. Her advice is reliable in business troubles or love and marriage. Don't fail to see her at once. 501 Aylmer street. 3d30

Photos for the Bowlers.

—Mr. Lendrum, the Charlotte street photographer, has completed the lift look pictures of the British bowlers, and Ald. Mason will to-day forward a photo to each of the visitors as a memento to their trip over the big lift lock. The pictures are very handsome, and undoubtedly will be appreciated.

St. John's Church.

—At Evensong on Sunday, the offertory solo, "Fear Not Ye, O Israel," was finely rendered by Mrs. J. Duncan MacGregor, who is possessed of a clear soprano voice of great range and beauty. Batiste's "Andante in G," varied, and "Fling Wide the Gates," chorus, from "Crucifixion," were rendered on the organ by Mr. R. J. Devey.

Books for Summer Reading.

—Hammock books these, or railway train books, or lakeshore books or anything else customary you have a mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low as five cents each, or 8 for 35 cents. Illustrated cover on heavy paper 25 cents. Cloth bound, 75c. and $1.25. A. H. Stratton & Co.

Excursion to Cobourg.

The second annual excursion under the auspices of the Post Masters' Union, to be held on Civic Holiday, Monday, August 13th, gives promise of being the most enjoyable excursion out of town that day. Cobourg is one of the prettiest of the lake front towns, and in summer is exceptionally lively and attractive. It is a regular mecca for excursionists. The Moulders have arranged a good list of games to entertain the party after their arrival. A special train leaves the Grand Trunk station at 8.30, returning leaving Cobourg at 7.30. Fare, Adults 85c., children 45c. 2d30

Good Attendance At Stewart's Hall

Rev. E. A. Langfeldt Conducted Service There Sunday.

In point of attendance and heartiness, the Church of England service at Stewart's, Otonabee, on Sunday, was the best yet. Mr. J. L. Armstrong, organist at St. Luke's, presided at the organ, and Miss Ruth Dawson sang "The Plains of Peace." Rev. E. A. Langfeldt preached on "Adult Regeneration," from St. John iii, 4: "How can a man be born when he is old?"

READ THIS FOR WHAT YOU WANT

Children's Print Dresses, very cheap, to clear.

R. Y. MOYES,

408 George Street.

CRICKET

The Lethbridge Herald, of a recent date gives an account of a cricket match between Lethbridge and Pincher Creek in which an old Peterborough boy Geo. W. Johnston, brother of Mr. A. J. Johnston, figured prominently, making the second highest score for the Lethbridge eleven which won easily.

Princess Von Bulow, wife of the German chancellor, remarked to the kaiser recently that her mansion needed cleaning, and he asked her if he might help her. She assented. Next day she received several large crates and an autograph letter from the kaiser saying that he was doing his share in the cleaning by sending a ton of soap.

Mechanics, Farmers, Sportsmen . . . The quiet kind within the reach of all . . . [illegible] . . . Mechanics' Tar Soap. Albert Toilet Soap Company, Manufacturers.

IN MEMORIAM.

Lines written on the death of George Westlake, who died July 5th, 1905, aged 40 years.

'Tis Jesus that calls thee, the summons obey,
I would not withhold thee, so hasten away,
Thy trials are o'er, thy work is done,
Behold, there awaits thee the crown thou hast won.

'Tis Jesus that calls thee, His banner is love,
Its folds are around thee though planted above,
A harp is prepared where praises are sung,
Its sweet cords are for thee eternally strung.

'Tis Jesus that calls thee
Swift angels of light
Have hurried from heaven
With vestments of white
Oh, haste to enrobe thee
Awake for the sky
The voice of the ransomed
Will greet thee on high.

'Tis Jesus that calls thee
And still let me weep
Though sweetly the Saviour
His chosen will keep—
For fond ties are breaking
Long cherished within
While earth is renewing
The burden of sin.

'Tis Jesus that calls thee
Oh, let me prepare
His long to meet thee
By faith and by prayer
There with thee, oh, Father,
Thy Spirit and Son
The fold and its Shepherd forever are one.

By a Friend.

YOUNG'S POINT.

Young's Point, August 6.—Rev. Father Scanlin, of Grafton, paid Rev. Father Phelan here a visit last week.

Revd Father Phelan intends spending the latter part of the week in Chandos, attending to that part of his parish.

Miss May McPherson has returned home after spending a week with her aunt here Mrs. Carl.

Kidney Disease—Gravel.

"I was afflicted with kidney disease and gravel in its most severe form, having often a stoppage of water accompanied by the most dreadful agony. By using Dr. Chase's Kidney-Liver Pills the disease was eradicated from my system in less than six months. I have gained in weight, sleep well and feel better than I have for twenty years." — Mr. W. Smith, Port Dalhousie, Ont.

Longevity among the Zulus is not uncommon. The oldest inhabitant is named Sturmman. He is a bushman, said to be more than one hundred and forty-six years old. His second wife is over one hundred, and he has a son over ninety. He lives in a primitive shelter composed of rushes and rags. His faculties are still sound, and he eats one witness a week of meat.

PERSONAL MENTION

Taylor and wife, Toronto, left for their respective homes last night after a month's enjoyable visit in the city with their relatives and friends. Before leaving, an excellent group photograph of the families was taken by Roy.

BIRTHS.

MERRELL — On Sunday, August 5th, 1906, at 41 Worchester street, Toronto to Mr. and Mrs. R. S. Merrell, a son.

GRAHAM.—In Peterborough, on Monday, August 6, 1906, the wife of Mr. Noble Graham, 78 Harvey street, of a son.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Aug. 7.—London sent higher prices this morning and our market opened strong. The Penna. group was the feature advancing to new high figures on this movement. Owing to the scorching heat wave the activity was much restricted and confined to the specialties. London reported a much better feeling over the Russian situation and arbitrage houses were large buyers of Penna. for foreign account. Bullish manipulation against the shorts in MOP, advanced that issue and it was said would likely be carried further. C. P.R. made a new high on small sales.

Dullness characterized the afternoon market which was inclined to drag, brokers seeming to think more about keeping cool than making a market. C.P.R. grew strong in the late trading, but the general market continued heavy and closed dull.

Sixty Million Barrels Apples.

Niagara Falls, N. Y., Aug. 4.—The International Apple Shippers' Association has concluded its session, and adjourned to meet next year at Atlantic City. The executive committee made the following announcement on the prospects for the coming apple crop: "The coming crop of apples in the United States, Nova Scotia and Canada, taken as a whole, as compared with last year, is double the quantity, and in quality far exceeds any crop of recent years. Barrelling, therefore, more No. 1 apples in proportion to the crop than in any previous year is our guarantee."

The committee's best information is that the yield will be 60,000,000 barrels. Not only will the crop be a large one this year, but the quality of the apples will be very good.

The Alaska-Siberia Railway.

Paris, Aug. 4.—In accordance with an order issued by the Emperor of Russia, the American syndicate, represented by Baron Loicq de Loisi, is authorized to begin work on the Trans-Siberian-Alaska railroad project. The project referred to is to build a railroad from Siberia to Alaska by bridging and tunneling under Behring Strait.

Kidnapped By Gypsies.

Ottawa, Aug. 4.—Ernest Cahill, the 20-months-old son of John Cahill of Calumet, Que., has been missing since July 11, and the local police so far have failed to obtain any clue as to his whereabouts. A party of Bohemians passed through the village about the time, and it is suspected that the child was kidnapped by them.

Prof. Lieshti Retires.

Halifax, N. S., Aug. 4.—Prof. James Liechti, after nearly forty years' services at Dalhousie College, has retired from the chair of modern languages, and Dr. H. F. Jones has been appointed to succeed him. Prof. Liechti retires on a pension provided by the Carnegie foundation for the benefit of veteran college professors.

Novelist Suicides at Sea.

London, Aug. 4.—News was received here yesterday of the death of Herbert Hastwick Compton, the novelist, biographer and writer on historical and other subjects, who committed suicide at sea, while on his way to the Island of Madeira. He was born in 1851.

70,000 ARE OUT.

Russian General Strike Not Entered Upon Enthusiastically — Bombs Kill 25—1,000 Armed Miners Out.

St. Petersburg, Aug. 6.—With a general strike officially declared and the country apparently on the threshold of a gigantic struggle, minor issues fade into the background. If the strike inaugurated Saturday gathers sufficient headway to endanger the life of the state, it has virtually been decided that Grand Duke Nicholas Nicholaivitch will be named commander of all the troops in the empire "where martial law exists," which would be tantamount to the decreasing of a military dictatorship.

It is possible, however, that the Government will not be driven to this extremity, as the showing made by the St. Petersburg proletariat was not impressive. Although nearly 70,000 workmen were reported to be out at nightfall Saturday, many of the men appear to be entering the struggle with heavy hearts.

Moscow and St. Petersburg are expected to decide the issue.

While the authorities undoubtedly are anxious, they manifest equal confidence that the army will not fail the Emperor, and that the strike will fail.

The weakest point in the revolutionary armor is believed to be lack of competent leaders.

The cabman will strike Monday.

Two Killed by Bomb.

Moscow, Aug. 6.—A bomb was exploded Saturday afternoon in a room in the Kazan-Moscow railway station occupied by the trail superintendent. Two employes were killed.

25,000 Miners Strike, 1,000 Armed.

Usovka, Russia, Aug. 6.—More than 25,000 miners are now on strike, and 1,000 of them have organized themselves into a military body. They are armed with rifles.

Blows 30 Workmen to Pieces.

London, Aug. 6.—A despatch to The Evening Standard from Moscow says that a number of workmen there Saturday had prepared to receive with bombs a detachment of troops sent against them, when one of the bombs was prematurely exploded by accident and exploded other bombs, blowing 30 workmen to pieces and wounging many others. The soldiers were uninjured.

Poles Counsel Order.

Minsk, Aug. 6.—The Polish deputies who represented Lithuania and white Russia in the late Parliament, have returned from Wiborg and created a sensation by issuing a statement to their constituents which criticises Parliament for its agrarian program, and justifies its dissolution as constitutional. The deputies say they are opposed to measures of violence or revolution, and appeal to the voters to peacefully and quietly prepare for the new elections.

Had a Sad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore."—Mr. Alex. McDougall, Postmaster, Broad Cove, Marah, N.S.

The acrobatic profession is threatened with extinction by the Dangerous Performances bill, which is before the English House of Commons. If this measure becomes law circus performances will be illegal in England as no girl under 18 and no boy under 16 will be allowed to take part in any performance incurring danger to life or limb. It will put out of business 10,000 persons.

Municipality of Dover Voters' List, '06

Notice is hereby given that I have transmitted or delivered to the persons mentioned in Sections 8 and 9 of the Ontario Voters' List Act, the copies required by said sections to be so transmitted or delivered of the said list, made pursuant to the said act, of all persons appearing by the last revised Assessment Roll of the said municipality, to be entitled to vote at said municipality at elections for members of the Legislative Assembly, and at Municipal Elections; and that said list was first posted up at my office at Dover, on the 1st day of August, 1906, and remains there for inspection.

Electors are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

Henry Henkell, Who Claims This City As His Home, Is Convicted Of Stealing

Says He is a Jeweller of Peterborough—Caught in the Toils at Montreal—Took Rings Valued at $125.

Examiner Special.

Montreal, Q., Aug. 7. — Henry Henkell, who alleged in court that he was a jeweller in business in Peterborough, was sentenced to three months at hard labour by Judge Chouquet this morning. The prisoner was arrested some days ago on a charge of stealing four gold rings, valued at $125, from William Branley, manufacturing jeweller, Craig street. Henkell visited the store and after stating that he wished to leave an order for jewelry, was shown samples by a clerk. He took advantage of this opportunity to secure the rings. He pleaded not guilty at the enquete, but sufficient proof to convict him has since been forthcoming.

New York Experiences Most Deadly Heat Wave

Twenty Deaths and Seventy Prostrations Reported From That City Yesterday---Temperature Was 103 at 11 O'clock To-day--Will Go Higher Than That.

Special to J. E. Hoints & Co.

New York, August 7.—New York is experiencing one of the most deadly heat waves that it has ever known. Men, women and children are falling before the sun's rays, and all the hospitals were kept busy looking after the suffering ones.

The pavements are as hot as furnace lids.

The asphalt pavements are soft.

It is now 100 in the shade. The tin roofs of dwellings are scorching, and even in the parks, where hundreds of thousands are seeking relief and shelter under trees, there is little or no respite from the deadly oppressive hot humidity.

At 11 o'clock it was 103, and will beat that. There were 70 prostrations yesterday and 20 deaths.

Objects To Methods Of Purchasing A Horse

Ald. Duncan Brings Matter Before the Council--Hot Debate Ensues--Ald. Adams Always Ready to Give Information--Will Come Up In Fire, Water and Light Committee Again.

The method of purchase of the new fire horse, a few weeks ago, aroused considerable heated arguments at the council meeting last night. Ald. Duncan, as a member of the Fire, Water and Light Committee, wished to know why he was never informed of the purchase of the horse and also why he was not notified when it was brought to the city. Ald. Graham also remarked that he had not received any information on the subject either.

The Chairman, Ald. Adams, remarked that the latter could not very well know anything about the work of the Committee because he never attended. Ald Graham said that the reason he did not attend was that he was of the opinion that the chairman was running the committee and did not need anybody else to assist.

Ald. Adams replied that he did not pretend to run any committee and explained that the chairman had been authorized to buy the horse which cost $200, and Chief Rutherford made the purchase.

Ald. Duncan said that the check for the purchase of the horse had been made out in the Chief's name and that the Mayor had signed the check.

"There was nothing wrong about the transaction, and if the committee is not satisfied the horse can be returned to the Chief to-morrow and the money refunded," was Ald. Adams' retort.

It was not the purchase of the horse which caused Ald. Duncan to object, but that he and other members of the committee had not been consulted nor asked to see the animal when it came to the city and he also thought the cheque should have been made to the man from whom the horse was bought.

Ald. Adams—"Why don't the members attend the Fire, Water and Light Committee regularly?"

Ald. Duncan—"I have attended all the meetings."

Ald. Adams—"Then why don't you ask for information?"

Ald. Duncan—"I have been waiting for the report to be submitted."

After some general discussion by different members as to the value of the horse, it was thought best to refer the matter back to the Fire, Water and Light Committee, and a motion to this effect by Ald. Johnston and Graham carried.

Rolling Mills Manager Arrives In Peterborough

Mr. Fred. Mauss Will Take Charge of New Mills to be Located Here if Council Offers Satisfactory inducements—Was Manager of Indiana Rolling Mills.

Mr. Fred P. Mauss, the manager of the new steel rolling mills, which will locate here in case the Council offers satisfactory inducements, is in the city from Newcastle, Ind. He arrived to-day, and as soon as the company decides where the plant will be located, will start at work making preparation for the establishment of the works. The Newcastle Courier, referring to his departure from that city, says:

Fred P. Mauss, the well-known superintendent of the Indiana rolling mill, has tendered his resignation to the company to take effect next week, for the reason that he has accepted the general managership for a new company recently organized with a capital stock of $300,000, near Toronto, Canada. He will leave next week for his new home and place of business, and at once assume full charge of the construction of a big steel mill in which eastern capitalists are interested.

Mr. Mauss has been engaged in the steel mill industry all of his life and is a recognized authority on all questions pertaining to any branch of the business. Mr. Mauss has been the superintendent of the local mills ever since they were put into operation, and his ability is well known to every one. Henry Mauss will join his father in about three weeks, and Frank will go in about two months. George and John Mauss will remain here. The entire male side of the Mauss family is made up altogether of rolling mill experts. They all like the business and will stick to it for all time to come.

There will be regret, both on the part of Mr. Mauss and on the part of Newcastle citizens generally over the departure which will take place next week. Mr. Mauss is well-known, popular among the rolling mill employees, his neighbours and acquaintances, and has the esteem of a great many warm friends in all walks of Newcastle society, and for that reason everyone will express regret when it comes time to leave. Mrs. Mauss, as her husband, is well known and highly regarded, and she, too, will be missed.

Application Was Not Considered

License Commissioners Meeting Postponed Last Night.

The License Commissioners of West Peterborough were to have met last night to consider the application of Mrs. Bowman, asking that she be granted a license for the C. P. R. Hotel. Owing to the absence from the city of Mr. H. LeBrun, the other Commissioners, Dr. Morrison and Jas. Kendry, decided to leave the matter until his return.

There was an informal meeting of the Commissioners to-night as Mr. LeBrun has returned to the city since last night.

Railway Officials To Visit Here

Passenger Agents of G. T. R. to be Mr. Bunton's Guests.

To-night two prominent G. T. R. officials will be in the city as the guests of Mr. W. Bunton. Messrs. G. T. Bell, Montreal, general passenger agent, and J. D. McDonald, Toronto, passenger agent, are expected in the city this evening.

Dangers Of Insect Stings

Peterborough Lady's Experience

The dangers of insect stings is illustrated by a recent report of the case of a woman who died within a short time of having been stung on the cheek by some poisonous insect. Mrs. M. A. Boorman, of Peterborough, says: "I happened to get badly bitten by an insect on the back of the neck. The part became swollen and very much inflamed. I applied Zam-Buk, and in three days not only was the inflamation and the swelling removed, but all signs of the wound were gone, and the place was quite healed. I think Zam-Buk an excellent remedy. I also found it useful for sore and painful feet."

For insect stings, sore feet, blistered hands, chafing sores, sunburn, freckles, etc., Zam-Buk is unequalled. It also cures cuts, bruises, eczema, ulcers, poisoned sores, and all injuries and diseases of the skin. Of all druggists, at 50 cents a box.

Edmonton Likes Mr. Jas. McCaig

Lethbridge Herald Pays Him a Compliment.

The Lethbridge, (Alta.) Herald says: Jas. McCaig likes Edmonton, and Edmonton likes Jas. McCaig, so it is no surprise to hear of McCaig and Edmonton locking arms again. His appointment as superintendent of schools in the Albertan capital is a tribute to his ability as an educationalist. McCaig is a buoyant westerner. He is brimming over with faith in this country. More men like McCaig are needed at the head of our schools to stimulate the youth of this land with love for the west and optimistic views about the future.

Terrific Storm Swept North End Of County

Galway Suffers From Lightning, Hail and Wind--Five Barns Destroyed--Worst Storm Experienced in Years Reported to Have Passed Over North End of County on Sunday.

The usual Sunday storm, which, it seems, has come to be recognized as a fixture, in at least, some parts of the country, selected as the scene of its operations this week, the township of Galway and the vicinity of Kinmount. It appears from reports which have been received in the city from that section that the storm wrought fearful havoc there. About four o'clock a gale of wind which came up with frightful suddenness, and severity, was experienced, and in its path practically everything was laid low.

It was a triple-edged sword of destruction, wind, hail and lightning, laying waste a section of the best farming country in that part of the township of Galway and the adjoining township in Haliburton.

A gentleman from that region today stated that the crops had been laid flat on the ground, and that five barns had been destroyed by the wind and lightning, some of them being levelled to the ground with the cyclonic force of the wind, which was the most destructive ever experienced in this region.

In the vicinity of Gannon's Narrows the storm was at its worst and a number of yachts had narrow escapes from destruction. They were torn from their anchorages, and were rescued with the utmost difficulty.

No storm that has visited this county in recent years was as severe or wrought as much destruction as that of Sunday, which, strange enough was not experienced in Peterborough city at all.

City May Have A Free Delivery

One of the Questions at Council Meeting Last Night.

Some three years ago a petition was circulated in this city requesting the Postmaster-General to give Peterborough a free delivery of mails. The citizens know, of course, that the request was not then granted, but the prospects of a free delivery here in the near future are promising if it is the desire of the people.

The question was brought up last night at the meeting of the City Council and introduced by Ald. McWilliams. He thought that if any place was ready for a free delivery Peterborough was at the present time. Since the town amalgamated with Ashburnham and became a city larger even than Brantford was when it secured a free service he thought Peterborough should also. The petition, if one was sent to Ottawa, should be signed by as many citizens as possible to lend it force. This city in latter years had been one of the banner places for its size, contributing to the interests of the Dominion Post Office. He thought the matter should be left in the hands of a special committee, and moved that the Manufacturers' Committee look after it and see that a petition be presented to the Postmaster-General. The motion carried.

Hurled Stones At Street Car

Hoodlums Made an Attack on a Crowded Car.

The hoodlum element in Peterborough is apparently gaining strength daily judging by the cases which are constantly coming forward. The latest incident is an attack on a Jackson Park car last night. The car was homeward bound, and, as usual, there was a crowd of boys ranging in age from fourteen to eighteen years, trying to steal a ride. Conductor Bradburn put some of them off the car, which aroused their wrath so effectually that when the car reached the McDonel street switch the gang were waiting and one of them wanted to fight the conconductor. As the car moved on several large stones were thrown, two of them striking in the midst of the crowd. One of them struck a lady in the forehead and another hit a little girl on the head. Fortunately the force of both missiles was deadened by grazing the uprights of the car or serious injuries might have been the result of the reckless act of the young hoodlums.

People Of East End Will Form An Association

Stony Lake Cottagers in the East Want Better Steamer Accommodation—Pavilion at Crowe's Landing a Probability—Fishing Was Never Better.

Special Staff Correspondence.

Stony Lake, Aug. 6.—The east end of Stony Lake is beginning to take on the lively gayety that distinguishes the lower section and great things are apparently in store. An East End Cottagers' Association is the latest thing on the tapis and after Saturday night will probably be a fixture. A meeting of all the cottagers above Boschink is called for that night for the purpose of forming such an association, the primary objects of which will be to provide for the comfort and amusement of the people of the eastern end.

One of the first things that will be taken up is the improvement of the steamboat service to that part of the lake. At present while the steamers are doing their best to accommodate the cottagers in the east yet the service is far from being a convenient one. The train time-table is responsible in a great measure and the steamers are not to blame. Still their best is far from meeting the needs of the situation and the cottagers feel that something should be done to bring about a better state of affairs. A Norwood gentleman has signified his intention of placing a steamer on the lake to attend to the eastern traffic provided the cottagers from Boschink up promise to patronize his boat. This will be discussed at Saturday night's meeting.

Another question that will come up is the erection of a pavilion at Crowe's Landing, a project that has been discussed and has met with the enthusiastic approval of the cottagers.

Fishing was never better in the east end than at present. Bass are being caught everywhere and are biting eagerly. "You can go out and catch bass anywhere" said an angler yesterday and his statement is being borne out by the catches being made on all sides.

Ald. Ball Took Party To Lake

Were His Guests for the Day at Stony.

Yesterday Ald. Ball and a party, including his brother and wife from New York and nephew, from Chicago, where he is employed in the General Post Office, went to Stony Lake, where they spent the day. Mr. Irwin, Ald. Ball's nephew, left for home at noon to-day.

Rolling Stones On City Streets

A Menace to Vehicles and an Obstruction to Traffic.

The action of the Chemong Auto-Car Company in having the road between the city and Chemong Park raked clear of stones, is one that might well be initiated in Peterborough. Though the work was done, primarily, in the interests of the Auto-Car, the public, who use the road for ordinary vehicles, get the benefit. Thus the automobile is to be credited with one important item to balance the list of charges made against it on other scores. Very many of our city streets, in addition to their dilapidated condition generally, are covered with loose stones, which are a nuisance to drivers of vehicles. This should not be permitted any longer. With the prevalence of pneumatic tires on vehicles, the danger to them is especially great. There seems to be no reason why these rolling stones are allowed to remain. They serve no good purpose, and are a decided disadvantage. These stones could be put to good use if they were raked together, for they could be used to good advantage in the filling of pavement foundations. It is safe to say that there are enough loose stones lying around the streets of Peterborough, burning horses and injuring vehicles, to make a mile of average pavement filling. We often see a wagon load of gravel dumped down to fill a hole, which might have been done by a barrowful, if taken in in time, and the large stones are left to encumber the streets and obstruct vehicular traffic. By all means rake the stones off the streets, if some malefactor were to place such stones on the streets, with evil intention, he should be jailed. That would be a crime of commission; but the street authorities are guilty of an equally bad crime, of omission, in neglecting to remove such obstructions.

You have read the Sailor Boy's Plea buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods, do you get Sailor Boy or Substitutes?

Non-Coms. To Have Annual Outing

Will Go Down the River on Last Thursday of the Month.

The Non-Coms. of the 57th Regiment at a meeting held on Saturday night decided to hold an excursion down the river on the last Thursday in August. The steamer Water Lily has been chartered and will call at Jubilee, Gore's Landing and Idyl Wyld. A programme of sports will be held and a most enjoyable time is expected. Another meeting will be held on Saturday night when arrangements will be completed for the excursion.

Sending Men To Gravenhurst

Mickle & Dyment Taking on Large Gangs for Woods.

Last night Mr. T. Cavanagh sent a gang of men to Gravenhurst, for the Mickle and Ayment Lumber Company. They will be employed in the woods operations of this company, which has secured a large number of men from this city and vicinity.

WE CAN GIVE YOU CORRECT VISION IN BOTH EYES

The majority of people find that one eye is worse than the other. We can bring the vision of the poor eye up to the standard of the good one, or, if the good eye ought to be better we can improve that and thus give you perfect vision in both eyes, providing always that anything in glasses will do it. Fifteen years experience in optical work, a thorough knowledge of opthalmology and using the best and most scientific instruments is our qualifications.

OBITUARY.

WM. HALES.

It is with regret that the death is chronicled of Wm. Hales, of Burleigh Township, on July 27 at his home near Apsley. The late Mr. Hales was born in Hungerford, Hastings County, in 1830, and in 1855 was married to Mary Jane Kearns, who survives him. During his life, Mr. Hales resided at Colbourne, Gore's Landing and Otonabee, removing to Burleigh in the year 1867. The life of Mr. Hales was one of the most exemplary character, which won him the love and respect of the whole community, and deep sympathy is felt for the mourning family, consisting of his aged wife, his sons, John Waldon, of Peterborough, and William Watson, of Assiniboia; his two daughtesr, Mrs. A. Brown, of New Ontario, and Miss Mary Ann, at home, and his daughter-in-law, Mrs. Richard Hales, besides numerous grand-children.

Deceased was a lifelong member of the Methodist church and a loyal member of L. O. L. No. 1072. Rev. Mr. Bedford, pastor of Lakefield Methodist church, conducted the funeral service at the church on Sunday, July 29, in the presence of an exceptionally large congregation. The body was borne to the grave by the brother Orangemen, where the service was conducted by Rev. Lord, Chaplain of the Orange Lodge. That the late Mr. Hales was held in high esteem was clearly evidenced by the large number attending the funeral, many driving over 20 miles to pay last respects to one who had acted as friend and counsellor to the whole neighbourhood.

Educational Men Are Here To-day

Are Looking Over the Available Sites for Normal School.

Dr. John Seath, Superintendent of Education, and A. H. U. Colquhoun, Deputy Minister of Education, arrived in the city this morning and after dinner were driven in company with the Mayor and members of the Council to the various sites proposed for the Normal School.

The first site visited was the Hillard property on the northern terminus of George street, the location most favoured by the Council. At the time of going to press the party had not returned so that a full report will not appear till to-morrow's issue.

Many Harvesters From This County

Prospects are for Large Number of Excursionists to West.

The prospects, according to Mr. W. Mellroy, City Agent of the C.P.R. are that the harvest excursion to the Northwest this year will, in point of numbers far surpass those of all previous years. Although the excursion from this section does not leave until Aug. 22nd, already there have been a large number of inquiries and the prospects are that the county of Peterborough will contribute materially to the 25,000 men who are said to be required to harvest the crop in the Northwest this year.

Will Interview Superintendent

Regarding Placing Bell Company's Wires Underground.

Will the Bell Telephone Company yet have their wires underground in Peterborough? This was a question which was referred to at the Council meeting last night, by Ald. Hicks. He said that he had been speaking to Mr. Doane, the local manager, recently who had stated that the general superintendent would meet the Council with regard to the underground wiring question again and probably come to some agreement.

Ald. Hicks moved that the City Clerk be instructed to write the superintendent regarding an interview between him and the council. The motion passed the council.

GRAND ENCAMPMENT OPENING SESSION

(Continued on 12th page.)

depreate that loyalty; but we expect that after you have seen more of Peterborough, you will have some doubts of the supremacy of your home town. You will find our parks well worth a visit, and if you have not seen the lift lock, the only one in America, be sure and visit this great work before you leave.

The work in which you are engaged as Oddfellows needs no commendation for the principles of your Order are well known, and their value generally recognized. To visit the sick, to relieve the distressed, and to care for widows and orphans, is as great a work as any organization can undertake, and the success that has attended the Independent Order of Oddfellows in this great work is shown by the growth of the Order and the hold that it has taken on the minds of the people; and in this work, and this growth, we are pleased to know that your particular branch of the Order has had its share.

Make yourself at home while you are in Peterborough, for we not only wish this session to be remembered as one of the most helpful, but also as one of the most pleasant in your history.

Grand Patriarch.

In reply to the Mayor's address, the Grand Patriarch on behalf of himself, and the Grand Encampment extended his hearty thanks to the city for its kind reception, and the great courtesy of extending to the Order the freedom of the city during their three days' stay. When meeting in a city, continued the Grand Patriarch, the Order expects a kind reception but judging from the kindness extended them by this city it was quite evident that they had made no mistake in selecting Peterborough as their place of meeting this year. He felt confident that all the delegates would have such an enjoyable visit that they would be glad to come again. Mr. Mortimore then referred to the great growth of the city's industries. Peterborough has gained a reputation as a manufacturing city all over the Dominion. Its products will be found everywhere from Cape Breton to the Pacific Coast. This city has also a wide reputation as a place of beauty and a most desirable place in which to reside. Already the Patriarchs had seen much of the attractiveness of Peterborough and before they go home he hoped that all would have an opportunity of seeing and taking a trip over the Lift Lock, the great engineering accomplishment, which has been such a big advertisement to this city. Mr. Mortimore again thanked His Worship and the city for the courtesy shown the Grand Encampment.

This closed the opening exercises of the first session. The city's representatives retired and the Grand Patriarchs got down to business, so as to adjourn at an early hour.

Morning Session.

The morning session was opened in due form, Grand Patriarch Geo. C. Mortimer, of Toronto, presiding. The officers' roll call was first, followed by the delegates' roll call.

Address of Welcome.

After the roll call, an address of welcome was read on behalf of the local camp, by P. G. P., and P.G.R. D. H. Moore, as follows:—

Grand Patriarch and Representatives:

On behalf of the local Patriarchs, I have much pleasure in welcoming you back to Peterborough after an absence of 19 years. Many changes have taken place during that period. The town of Peterborough has developed into the prosperous and promising young city of Peterborough, and the Grand bodies of our Orders hope to see grown that the Peterborough of 19 years ago could hardly hope to entertain such a large number as are now with us. I look around me and miss many of the familiar faces of the leaders of our Order that used to attend these annual gatherings. Some of these have removed to other fields of labour. Some have retired from active life and others have gone to their last home. Yet our Order goes on in the even tenor of its way to fulfil its mission to man. The leader of but yesterday has passed away and his place has been filled with another equally as well, if not more qualified, as those who preceded him. Can there be any better testimony of the stability of our Order and the soundness of its principles?

At the last meeting of the Grand Encampment here the charter for Hiawatha was granted and Canton Peterborough, No. 10 was born. The former of these has prospered and is within two years of its majority. The latter flourished for a few years, but owing to removals to other places and the limited field from which to draw new blood, died for lack of support. We will not be surprised if one of the results of this meeting will be the resurrection of Canton Peterborough, No. 10. There is no good reason why a city with so many Oddfellows should not support a first-class Canton.

The local brethren have provided a free trip over the lift lock, which none of you should miss. A steamer will be provided for that purpose and you are cordially invited to avail yourselves of this opportunity to go over and inspect this massive engineering work.

As president of the Peterborough Lawn Bowling Club, I am authorized to extend a hearty invitation to any who indulge in that game to visit our lawn on the corner of Aylmer and Brock streets, where you will be welcome to join in a game of bowls.

Again we welcome you and trust your visit will be pleasant, harmonious and productive of legislation in the best interests of our branch of the Order and that each one will be the better for having met the other and return home with increased conceptions of the possibilities of good Oddfellowship and with even a better opinion of Peterborough.

Grand Patriarch's Report.

The report of Grand Patriarch, George C. Mortimore, was in part, as follows:

Permit me to extend a cordial and fraternal greeting upon this, the inauguration of our thirty-seventh annual session in this far-famed inland city, celebrated for its business enterprise, and as being the location of the largest lift lock in the world; a feat of engineering skill, the admiration of all beholders.

In accordance with ancient usage and in conformity to the regulations governing our Order, it is expedient that I should render unto you an account of my stewardship for the year now terminating.

State of the Order.

1. Shortly after assuming office, we were advised that the Sovereign Grand Lodge had decided to hold its next session in Canada. This decision having been unsolicited, it was felt that it was "up to us," to use a trite phrase, to show in some signal manner our appreciation of the distinction thus conferred on "The Land of the Maple." I therefore issued a circular to all the encampments in this jurisdiction, asking them to commemorate this event by doubling our membership.

While our aspirations have not been fully realized, I am proud to inform you that Toronto has nobly responded to our appeal, having largely exceeded their proportion of the required increase. Brantford and Hamilton also deserve special mention for large accessions to their membership. I am also pleased to state that in nearly every Encampment the additions have been largely in excess of previous years.

Sovereign Grand Lodge.

2. Pursuant to a request made by the Executive Committee for the Reception of the Sovereign Grand Lodge, asking the Grand Encampment to provide five hundred dollars as our share of the expenses, I issued a circular requesting a subscription of twenty cents per member. The appeal was not in vain, as the Grand Scribe states that our full complement of five hundred dollars is now in his hands.

New Encampments.

The new Encampments during the year were Sovereign Encampment, No. 86, Toronto; Lucan Encampment, No. 87, Tilsonburg; and Excelsior Encampment, No. 88, East Toronto. An application has been received for the resuscitation of Superior Encampment, No. 78, Fort William; and another that the charter of this Encampment be transferred to Port Arthur.

Official visits were made to the Encampments at Forest, Quebec, Montreal, Listowel, Belleville, Bowmanville, Essex, Brantford and Newmarket.

Recommendations Made.

The report recommended that a special committee be appointed to revise the constitution for Subordinate Encampment, and that the date for the Grand Encampment be changed from before the annual session of the Grand Lodge, to after the meeting of that body.

In conclusion the report stated:

Independent Odd Fellow.

40. One of the greatest aids in the promotion of the best interests of any society is publicity in the press.

While this is true, it is a notorious fact that our fraternal papers do not receive sufficient support to enable us to utilise their services to the best advantage. We would therefore bespeak a more generous support of our organ in future. The "Independent Odd Fellow" deserves special mention for the able manner in which it has chronicled the passing events of our Order. Our thanks are hereby tendered to Col. W. S. Johnston, editor, for many courtesies received.

Grand Scribe.

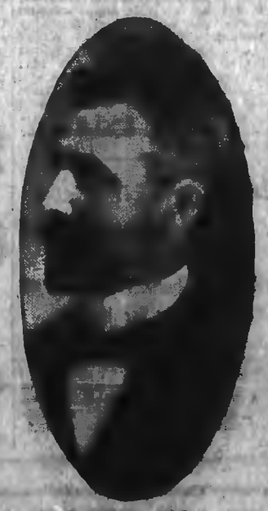
The report of the Grand Scribe, Mr. D. Dawson, of London, was a very interesting document and indicated the existence of a most satisfactory state of affairs in that branch of the Order. In his report the Grand Scribe says:—

Another year has come and gone. Its joys, blessings, troubles, and sorrows have been meted out with unfailing regularity. Who is there who does not feel thankful for the blessings we all enjoy? We have had a year of unexampled prosperity, and it is a joy to meet once more in annual convention and give the glad hand. Our great country is going ahead by leaps and bounds, and Oddfellowship has taken a deep hold of the people. Prosperity is the watchword, and our officers appear to be alive to the opportunity. It is a good many years since we were enabled to make so good a showing as we have this year.

Some Prominent Members of the Order Who are Taking a Leading Part in the Entertainment Committee of the Grand Lodge Which Meets in Toronto Next Month.

MR. JOHN DONAGH,

Of Toronto Past Grand Master and Chairman of Committee on the State of the Order.



MR. D. H. MOORE,

Peterborough, P. G. P. Grand Encampment.

Invested funds, of subordinates $1,497 39
Total amount of annual revenue 11,622 23

Finances.

In speaking of the financial standing of the Order, the report says:—

In this respect we have had a very successful year. The prosperity throughout the land has left its impress on Oddfellowship. The Encampment Branch has advanced in proportion as the Subordinate Lodges have increased. We have had very energetic officers, and they have taken advantage of the taking of improvement [illegible]

Recommendations Made.

The report recommended that a special committee be appointed to revise the constitution for Subordinate Encampment, and that the date for the Grand Encampment be changed from before the annual session of the Grand Lodge, to after the meeting of that body.

In conclusion the report stated:

Independent Odd Fellow.

It is a good many years since we were enabled to make so good a showing as we have this year.

Increased Membership.

The following figures will give the progress of the Encampment Branch for the six months ending June 30th, 1906:—

Initiated	549
Admitted by card	25
Reinstated	18
Total	592
From which deduct:—	
Withdrawn by card	21
Suspended for N. P. D.	67
Suspended for Cause	09
Expelled	10
Deceased	22
Total	104
Net increase for six months	488

Summary.

The following summary from the returns will give the membership and standing December 31st, 1905:—

No. of members as per last report	4,267
Admitted by card	13
Initiated during the year ending December 31st, 1905	386
Reinstated	33
Total	4,613
From which deduct:—	
Withdrawn by card	46
Suspended for non-payment of dues	178
Deceased	27
	251
In membership December 31st, 1905	4,362
No. of Patriarchs relieved	302
No. of weeks for which Benefits were paid	3,050
Amount paid for burying the dead	$ 319 00
Amount of special relief	57 27
Amount of relief to widowed families	
Amount paid for the relief of Patriarchs	2,747 27
Total amount of relief paid	$4,124 24

Some Interesting Bits Of Encampment History

First Branch Was Instituted in 1861 in St. Catharines—The Highest Stage in Subordinate Lodges—Grand Scribe Dawson Many Years in Office.

The Grand Encampment, the annual meeting of which is being held here to-day, is the stage in Oddfellowship through which all must go who would pass beyond the subordinate lodge.

The desire so inherent in man to surpass others and reach a higher pinnacle than that attained by the mass of his fellowmen has, to some extent, found vent in the Encampment branch of Oddfellowship. In the early days of the Order the lodge was the only form of organization, but, as time passed, and the Order developed, the Encampment, Patriarchs Militant, and other degrees were added. Be that what it may, you cannot attain to a higher summit in Oddfellowship than that of the subordinate lodge until you have become an Encampment member and learned the lessons taught in the Patriarchal, Golden Rule and Royal Purple degrees.

Mention has previously been made of the introduction of this branch of the Order into Canada soon after that of the Order, and of the institution of encampments in Quebec and the Lower Provinces under the old regime. In Ontario, the first encampment, Union No. 1, was instituted at St. Catharines on the 26th of April, 1861. This was followed by the institution of Frontier Encampment No. 2, at Windsor, and Harmony Encampment No. 3, at London, in 1866; Brant Encampment No. 4, at Brantford; Charity Encampment No. 5, at Stratford, and Beaver Encampment No. 6, at St. Mary's, in 1868, and on the petition of these six encampments, the Grand Encampment of Ontario was instituted at Hamilton on the 6th of August, 1869, that indefatigable Oddfellow, James Woodyatt, P.G.M., being made the first Grand Patriarch. Earnest and faithful brothers followed Brother Woodyatt in that high office, many of whom are to-day as active and zealous in the cause as when they occupied the chair of G.P., while the Grand Scribe, M. D. Dawson, has held that office since the organization of the Grand Encampment, and has been ever faithful in the discharge of his duty.

Half Century's Sites Of Grand Lodge Meetings

Where the Grand Oddfellows Lodges Have Met During the Past Fifty Years—The P. G. M's. For That Period—Peterborough Contributed One.

In view of the fact that the Oddfellows Grand Lodge opens here to-morrow morning, it may be of interest to read the list of places in which that body has held annual meetings since the institution of the Order:—

1856—St. Catharines, Thos. Reynolds, G. M.
1857—London, Thos. Reynolds, G. M.
1858—Brantford, Chauncey Vale, G.M.
1859—Cobourg, Chauncey Vale, G. M.
1860—St. Catharines, S. G. Dobson, G. M.
1861—St. Thomas, Wm. Bissell, G. M.
1862—Chatham, H. C. Bingham, G.M.
1863—St. Mary's, James Woodyatt, G. M.
1864—London, Jas. Smith, G. M.
1865—Hamilton, Jas. D. Tait, G. M.
1866—Brantford, Richard Wigmore, G. M.
1867—St. Catharines, Henry McAfee, G. M.
1868—Ingersoll, John Barr, G. M.
1869—Hamilton, Thos. Partridge, G.M.
1870—Brockville, W. N. Ford, G. M.
1871—Toronto, John Gibson, G. M.
1872—Windsor, John Muzzy, G. M.
1873—Stratford, George Wright, G. M.
1874—Kingston, Wm. Fitzsimmons, Brockville, G.M.
1875—London, H. C. Buttery, G. M.
1876—St. Catharines, J. Ham Perry, G. M.
1877—Belleville, A. T. Campbell, G.M.
1878—Toronto, J. T. Hornibrook, G.M.
1879—Hamilton, Fife Fowler, G. M.
1880—Guelph, Lt.-Col. W. H. Cole-Brockville, G. M.
1881—Brantford, J. B. McIntyre, G.M.
1882—Toronto, Henry Robertson, G.M.
1883—Ottawa, Wm. Macdiarmid, G. M.
1884—St. Thomas, A. L. Morden, G.M.
1885—Hamilton, Rev. M. H. Martin, G. M.
1886—London, John Donogh, G. M.
1887—Peterborough, John R. Reid, Brockville, G. M.
1888—Barrie, E. R. Robinson, G. M.
1889—St. Catharines, R. W. Bell, G.M.
1890—Toronto, John Ormiston, G. M.
1891—Stratford, P. E. Fitzpatrick, G. M.
1892—Windsor, Rev. T. W. Jolliffe, G. M.
1893—Niagara Falls, Joseph Oliver, G. M.
1894—Kingston, W. H. Hoyle, G. M.
1895—Hamilton, Thos. Woodyatt, G.M.
1896—Sarnia, Henry White, G. M.
1897—Belleville, J. A. Young, G. M.
1898—Oak, J. W. Farewell, G. M.
1899—Toronto, Jas. M'Lurg, G. M.
1900—Hamilton, C. L. Lewis, G. M.
1901—Guelph, C. C. Lyman, Brockville, G. M.
1902—Toronto, R. K. Cowan, G. M.
1903—Hamilton, J. B. Turner, G. M.
1904—Toronto, E. B. Butterworth.
1905—Brockville, F. Blewett, G. M.

Three new Encampments have been instituted, and some that were dormant have again taken on new life.

Treasurer's Report.

The Report of the Grand Treasurer, Edmund Betty, of London, shows receipts of $21,[illegible]44 and an expenditure of $1845.31, leaving a balance on hand of $230.46.

A number of committees were appointed to take up different branches of the work and instructed to report at two o'clock.

NOTES.

Mr. W. S. Robinson was in charge of the registration and information bureau in the Oddfellows Hall to-day, and had plenty of callers, including many of the members of the Rebekah Assembly.

On a shilling bet about a score of the Canton Toronto, No. 7, visited the Court House this afternoon on a hay rack. They left the Oriental hotel and steered their course to the Court House hill. The shilling was forthcoming on their return. The sensational ride was one of the features of the day.

Souvenir postal cards of city sites were eagerly sought after by the visitors to-day. The Lift Lock was the card which sold particularly fast. Before ten o'clock this morning one gentleman had disposed of three dollars worth of the pictures.

The visitors were very eager to see Peterborough to-day and nearly all the available cabs and vehicles in the city were utilized.

The 57th bugle band will take part in the big parade to-morrow night.

The only Grand Master furnished from Peterborough was Dr. R. W. Bell in 1890.

The visiting delegates are being furnished with round trip tickets over the lift lock to-morrow. The steamer Water Lily leaves the Wolfe street wharf at 8.30, 10 and 11.30 a.m., and at 1.30, 3 and 4.30 p.m.

The full band of the 57th Regiment will be present at the conferring of the Decoration of Chivalry on Mrs. Ryan of Toronto, by Canton Toronto, No. 7. This interesting ceremony will no doubt be witnessed by many citizens. A short promenade band concert will follow the degree.

Great interest is being taken in the big parade which will take place to-morrow evening. Twelve hundred Oddfellows and three bands will be in line.

Most of the business places have shown proper spirit in handsomely decorating their premises for the occasion. The three links are being largely used for this purpose.

Orillia is making a strong bid for the Grand Lodge meeting for 1907. Red tickets, bearing the legend, "Vote for Orillia," are everywhere in evidence.

Many of the visitors were seen buying tin horns this afternoon. There surely is going to be something doing soon.

The degree of humility will be got on by the Oriental Order of Humility and Perfection in the market hall to-night, immediately after the ceremony of conferring the degree of chivalry.

How Ross Payne Saved Two Boys From Starvation

Driver for Jno. Mervin Found Two Young Men Locked in C. P. R. Car.

Two youths had an experience which they will not care to repeat, and had it not been for the providential appearance of Mr. Ross Payne, a driver for Mr. John Mervin, the probabilities are that there would have been a double funeral to record. As Mr. Payne was driving to the stables this morning, and passing the C.P.R. crossing on Park street, he heard groanings, the sound apparently coming from a car on the siding. He went over to the car, and located the place from whence the noise was coming. He found it was from a car locked on the outside and called in to find what the trouble was. The answer to his inquiry was, "For God's sake open the door, we're almost starved." He did as he was bid, and found two young men, who said they had been locked in the car for two days, and had gone without anything to eat or drink for that time. He took them in hand and satisfied their cravings for creature comforts. They would not state where they came from or were they wanted to go.

Battery Drill Held To-night

Another and the Last on Friday Night.

There will be a drill of the 24th Battery to-night at the East City drill hall, and another will be held on Friday night instead of Thursday. This will be the last drill before the battery goes to camp on Saturday.

The names of those who have been chosen to go to Petawawa will be announced probably, to-morrow.

"Mac" Is The New Presser and Cleaner

Has Purchased X. L. Tailoring Business.

Mr. N. B. McLean, formerly of the Canadian Soo, has purchased the business of the X. L. Tailoring Establishment, and will conduct a cleaning and pressing business in the same stand in future.

Mac is an up-to-date practical man in his business and clothes entrusted to him for cleaning, repairing and pressing will be turned out first-class.

The address is 445 George street. All work entrusted to him will be carefully attended to.

Defects of Vision

Defects of vision, though they may be slight, may cause much annoyance, which usually is in the form of a dull headache, which the physician has tried in vain to relieve, or there may be a feeling of ache in the eyes. Now, if the trouble is due to strained vision, our scientific test may discover a possible reason, and a pair of rightly-fitted glasses brings comfort when drugs have failed to do any good. And if you are particular as to how your eyeglasses look our new light-weight models of frames will suit you.

The Relief Association An Important Auxiliary

To the Work of the Oddfellows Order—Ontario Grand Lodge First to Recognize Its Good Work—Revenue Has Increased From $952 to $256,543.97—20,142 Members Now.

The Oddfellows' Relief Association is almost important auxiliary of the Independent Order of Oddfellows. It is doing a work outside of the Order which is very highly valued by those who are familiar with it. It is growing in favour with the members from year to year, and is gaining in power and in usefulness.

It took its origin in a talk which was had at a funeral in Kingston thirty odd years ago. This talk was as to what could be done to extend relief to the widows, children and dependents of deceased Oddfellows, outside of the lodge. A meeting followed at which the initial steps were taken towards the organization of the association.

At the outset it was most modest in its pretensions. It was local in its membership, its plans and its purposes. Its projectors did not dream of the widening influence which it commanded. In time the lodges outside of the city asked that their members be admitted to the association and its privileges, and this request was granted. So the good work went on.

The association for many years maintained an independent existence. It was an auxiliary of the Order, but it did not have the recognition which came to it later. The first to applaud its work was the Grand Lodge of Ontario. Then the other Grand Lodges followed, and their repeated endorsement is the best evidence as to the efficiency with which it has served the Order.

The association in 1875 had 364 members. On June 30, 1906, it had 20,142. In the first year of its existence its revenue was $952.10. In the last financial year its revenue was $256,543.97. In the thirty years there have been paid out in death benefits, $1,629,041.34.

The death rate has been below the normal. Last year it was 6.46 per 1000. Since the institution of the association, 1328 deaths have occurred, and the benefits have been paid more promptly than in any similar institution in Canada.

The most active workers of the order are members of the association, and they all speak well of its work and benefits.

The association has been especially favoured in the way of management. For thirty years it had the same president, Dr. Fowler, a Past Grand Master of the Order, and one who was called to his reward only two years ago. R. F. Elliott, the president since 1903, has been a director for many years.

Its secretary, R. Meek, has held office since 1880, and the superintendent of agencies, A. H. Blakeby, since 1890.

The best tribute to the association was paid by the Finance Committee, which reported at the annual meeting on July 19 of this year, and said: "No insurance society on the continent can show as careful and economical management, or as good results, from the efforts put forth to obtain business. It is safe to estimate that fully 60 per cent. of the new members added to the Order in the Dominion have taken certificates in the association during the last year."

Barnum and Bailey's Great Shows To Arrive

The Circus Will be Here To-morrow—No Parade But Two Free Exhibitions Instead—Five Train Loads of Circus Paraphernialia—The Marvelous "Dip of Death."

The much-exploited Barnum & Bailey Greatest Show on Earth exhibits here to-morrow, and that means a lively day, not only for the army of circus men, but also for the curious thousands who always find enjoyment in watching the interesting sights incident to the arrival of the big show. Even the small boy, who couldn't be hired to remain away from the performance, realizes that there are a thousand and one things of interest to be seen on the show grounds during the early hours of preparation, and he will undoubtedly be out in force to do honour to the occasion. The show comes from Belleville and will reach Peterborough at an early hour. There will be no delay in unloading the five long trains of cars used for transporting the paraphernalia, and as rapidly as possible the impedimenta will be conveyed to the Exhibition grounds, the tents erected and the circus city placed in readiness for the inaugural free show and the performances that are to follow. This outside show will be given in front of the main exhibition tent between 10.30 and 11 o'clock in the morning and 5 and 6 o'clock in the evening. It will be entirely free to the public, and will be so low and novel as to constitute one of the most pleasing features of circus day. Instead of waiting on the streets for the conventional and usually long-delayed parade, the public will be entertained, without charge, on the show grounds.

The two performances which are to be given in this city will be complete in every way. The first is at 2 o'clock in the afternoon and the final one at 8 p.m. The programme is an exceptionally varied one. Particular attention has been given to aerial displays. The Imperial Viennese Troupe of high-air gymnasts numbers ten exceptionally clever men and women from the Austrian capital. The Siegrist-Silbon troupe of aerialists is an English importation. Both these companies of aerialists created a sensation at Madison Square Garden, New York, by their remarkable double and twisting somersaults in mid-air, and they are among the greatest artists that Europe has ever sent to this country. Europe also sends a long list of other talented performers, including the Floreas and Grunatho troupes of acrobats, who perform almost incredible feats of acrobatism with a grace and skill that instantly win recognition; the Vorlop Wairwright cannon; the Nuller Brothers, who turn aerial somersaults on bicycles; the new automobile sensation, the "Dip of Death" and many other great acts.

The display of high-school horses is also exceptional this year. This department of the big show presents in addition to the Ray Thompson troupe of high-school horses an entire company of clever horsewomen from the notable circuses and riding schools of Europe. Among the principal riders of international reputation are Josie Dermott, the somersault equestrienne, Ella Bradna and Fred Derrick, Dallie Julian and Fred Ledgett, the famous Meers Sisters, the Riding Rooneys, Wm. Malcose, and many others. The exhibition of high-jumping horses and leaping polos given in the hippodrome also serves to display the admirable stock presented by this great show.

The comedy part of the performances is given under the direction of the famous clowns, Spader Johnson, Steve Mack, the Brothers Kennard, Kennedy and Quatrelli, the Lutifers and Dan Mauvais, and these Merry Andrews, with thirty-five other funmakers, keep the rings and hippodrome track very much alive during the time they are "on." These funny fellows are of the class known as "mechanical clowns," and they utilize a great deal of ingenious and interesting paraphernalia in their acts.

The hippodrome races are rendered particularly exciting and realistic by the use of genuine racing stock, and in the chariot races some of the most daring and dashing driving is personified by fearless and wonderfully-skilled women.

The menagerie is notable this year from the fact that it presents three herds of big and little elephants, four towering, giant giraffes, a recently-acquired specimen of the rare bi-horned rhinoceros, twenty camels and dromedaries, and fifty aleas of rare caged animals.

The arenic performance is preceded by a splendidly-costumed spectacle based on the Russo-Japanese war. This gorgeous display is entitled "Peace," and it serves to introduce hundreds of soldiers of all nations and mythological characters, and scores of horses, elephants, dromedaries and other animals in one of the most picturesque pageants of modern times.

Owing to the great amount of paraphernalia required for the big sensational acts they will be given early in the programme at the night show. Reserved and box seats will be on sale on the exhibition grounds at the opening hours, and down town, on the show day, without any advance in prices, at Madaill's Oak Hall drug store. The show will pitch its tents on the Exhibition Grounds.

Fined For Quarreling In Local Hotel Yard

McManus, of Bridgenorth, Assessed $15.35 for Being Agressor in Fight—Charge Against Wm. Coones Was Dismissed—Fight Occurred on July 30th in Peterborough House Yard.

The only case at the police court this morning was the sequel to a row in the yard of the Peterborough House, on Monday, July 30, between B. McManus, of Bridgenorth, and Wm. Coones, of Harvey township. McManus did not appear, but pleaded guilty to the disorderly charge. Coones pleaded not guilty to the same charge and Mr. Barnes, the bartender at the Peterborough House, went into the box. He saw the quarrel from the window, but did not know the cause. Coones had told him that McManus wanted to fight, but he, the former tried to get out of the way.

Wm. Coones.

From Coones' story it appeared that his adversary was bent on giving him a trimming. He had known him for a long time, but never had a quarrel before with him. McManus charged him and his wife with circulating that he was not fit company for any girl, but Coones stated he had never mentioned it. McManus, he said, was the agressor and had torn his shirt before the fight occurred. He got away from him, but on coming into the yard again McManus came out of the stable "like a lion" and was settled upon having a scrap.

Mr. Head was present and stated that the fault did not lie with Coones. There was generally a row, he said, when McManus came to the hotel. He heard the latter state he could lick Coones or any other man like him, and he did not think Coones was to blame.

The magistrate dismissed the charge against Coones, but fined McManus $10 and costs, amounting to $15.35, to be paid in ten days or fifteen days in jail, and he added, "Let people learn to be civil and mind their own business."

Children's Aid Sustains Loss

Rev. Jas. Lediard Died at Owen Sound.

One of the agents of the Children's Aid Society, and a great friend of the little folks of Ontario, died at his home at Owen Sound last week in the person of Rev. James Lediard. He was for many years very active in the work for children, and was well and favourably known throughout the northern and eastern sections of the Province, being a really able and effective passenger agent. His addresses and work on behalf of children were greatly appreciated.

CREIGHTON'S

Took Wrong Train And Trip Was Off

Party for Stony Lake Took Train For Lindsay.

A well known local business man who has some friends from a distance visiting him, determined to take them for a trip up the lakes. It was arranged that his wife and the visitors should take the train at the city station, while Mr. Business Man was to get on board at Auburn. He carried out his part of the arrangements to the letter, but when the train arrived at Lakefield, there were no wife or visitors in sight. He returned to the city on the next train and found that the remainder of his party had got on the wrong train and were in Lindsay instead of on their way up the lakes.

Mr. Gillespie Gets Victoria Cheese

Is Shipping That Bought at Peterborough To-day.

Mr. G. A. Gillespie was at Lindsay attending the last sale of the Victoria Cheese Board. 1,660 boxes were boarded, and of these Mr. Gillespie, on first selection took 500 boxes at 11 11-16c., the price later going up to 11 3-4. The price has taken a jump of 1-1d since the meeting of the Peterborough Board. Mr. Gillespie, at both Board meetings, got first selection and secured his cheese at the lowest figures, an occurrence which very seldom happens, the price usually dropping after the first selection has been made.

He is shipping his Peterborough Board cheese to-day.

Oddfellows take Notice

You will want to take home to your friends some little remembrance of the Electric City.

We are headquarters for Souvenirs of all kinds.

A Key-Lock scene in the bowl of a sterling spoon, with the handle in enamel makes the daintiest of remembrances.

75c to $3.00.

FROST'S

LACES AND DELICATE FABRICS are so pretty and expensive that it seems a shame to have them eaten up and rubbed to pieces by using harsh soaps.

"SURPRISE" Soap is so pure that it can't hurt the most flimsy lace. Then it cleanses without boiling or rubbing, so there is no wear at all.

The best way to wash is to make a suds with "SURPRISE" Soap—and then let the soap loosen up the dirt.

After that simply move the fabric around and let the water circulate through it, and the dirt will drop out.

"SURPRISE" is the highest grade soap made. It costs the same as common kinds.

Surely it means much to know that the Lager you drink is brewed with filtered water, choicest hops and pure barley malt, is mellowed by age—is filtered before bottling and pasteurized—is a wholesome, healthful beverage.

You can't be too careful about the beer you drink. Green beer is bilious. Impure and unfiltered beer unhealthful. O'KEEFE'S "PILSENER" is pure, healthful and thirst quenching.

Every dealer knows it.

StopsHeadache

Zutoo, the Japanese headache cure, is a friend in need.

Don't without a trial, condemn it as something that will hurt you.

Taken when you suspect a headache, it will ward it off. Taken later it will cure the headache in twenty minutes. In every case it will leave you feeling good. It is harmless as the soda which is one of its ingredients.

If it does not do all that is claimed for it, then discard it. But don't confound it with the drug cures and condemn it without a trial. That isn't fair to

Zutoo

SELECTIONS

LOWER NEW YORK'S ROAR.

To Be Silenced by the Use of Wooden Pavements.

Work has been completed at the lower end of Broadway for the removing of the former Belgian block pavement and the substitution of the new wood block surface, which is laid from the Battery to Vesey street.

The increasing popularity of this pavement is due largely to the fact that it is noiseless under traffic. In this respect it outdoes asphalt, which has been considered for many years ideal for use around hospitals and schools and other places where a quiet pavement was essential. In the case of the wood block pavement the noise of horses' hoofs, which make considerable clatter on asphalt, is almost done away with and the soft, hollow thuds which are all that can be heard on the wood are rather pleasant to the ear than otherwise.

In making use of this pavement under conditions of heavy traffic such as exist on Broadway New York is following in the footsteps of the European capitals, which have resorted to this expedient to a great extent during the last twenty years. All the principal avenues and boulevards of Paris, without exception, are paved with wood. The same is true, to a slightly less extent, in London, and in hundreds of smaller cities wood pavement is also a favorite.

Not only Broadway, but practically the entire lower end of Manhattan Island, will eventually be paved with wood blocks. The blocks are treated throughout to the heart with a mixture of creosote and rosin.

The grain of the wood affords an excellent foothold for horses under every other condition, and it has been found by trucking companies that drivers of heavy loads prefer the wood paved streets to those paved with stone or asphalt, as furnishing easier traction.

Another advantage of the wood pavement which will be appreciated in the windy canyons of the office building district is the fact that, unlike asphalt, this pavement does not breed dust.

When the work now under contemplation in lower New York is completed this city will become one of the best paved municipalities in the world.—New York Mail.

Asbestus.

Asbestus ropes for fire departments are made entirely of the mineral or of asbestus with a core of steel. Firemen employ asbestus in a score of ways, and its use for gloves, stove mats, lamp wicks, theater curtains, cloth, in the construction of iron safes, etc., are well known, but a new method of utilising it has just developed. It appears that socks made of asbestus are of advantage to soldiers. An army physician declares that the marching ability of the troops, which is the most important requirement for a regiment in the field, is less endangered by fatigue than through the sensitiveness of the skin of the feet against leather. This sensitiveness, which has always been recognized, the doctor thinks can be avoided through providing socks or lining the soles of the shoes with asbestus. It is said that the war department of Austria is considering the adoption of this innovation and that a test of it will be made at the next maneuvers.—Manufacturer, Philadelphia.

Selling a Glacier.

The great glacier on Mont Blanc is being used for other purposes than furnishing an occupation to guides and an attraction for tourists. An ice trust has gone into the business on an extensive scale of quarrying the clear, hard ice at an altitude of 4,000 feet. The ice is blown out in great blocks by means of dynamite, after which it is sawed into regular sizes and sent down the mountain sides on a narrow gauge railway. Down in the valley it is loaded into freight cars and distributed through southern France. A warm winter has no terrors for the Mont Blanc iceman; he invests no money in icehouses, and the supply is inexhaustible.

Cancer.

Melancholy as it truly is, the real origin of cancer is as yet unknown. No parasite has been discovered to explain its invasion, and no treatment short of the earliest possible use of the knife has given any hope. Even with the best surgical skill the growth is very apt to recur, and in the great majority of patients afflicted with the disease it proves fatal within three to five years. The one promising feature for treatment is that the ailment is at first always local and should thus be amenable to early and thorough eradication.—New York Herald.

Treasure Island.

Treasure island is still a mystery. The steam yacht Rose Marine, which left England in October, 1905, to search for the treasure which, tradition says, pirates concealed on Cocos island, in the Pacific, has returned to Southampton. Captain Mathews, the skipper, is reticent as to the results of the voyage and only says that his belief in the project has been strengthened. The work of searching the island is very difficult.

Scotch Law.

By the law of Scotland the bushes or shrubs planted in the garden belong to the landlord, and the tenant cannot remove them at the end of his tenancy. The English law is the same on this point.

Origin of Great Cities.

A halo of romance encircles the location and beginning of most of the great cities of the world. Rome owes its origin to the flight of vultures over Palatine hill, and Athens rose over the summit of the Acropolis because an olive tree had been planted at its base by the goddess hand of Minerva.

HUMOR

A SETTLEMENT LIBRARY.

What Some of the Cards of the Children Contained.

The door of the Settlement library opened and in rushed the children, all ages and sizes, from the kindergarten to the highest grade of three of the large public schools.

The librarian examined the cards which had been filled out at home with the signature of the child and that of the father.

"Alfretta, you have forgotten to put down what your father does," said Miss Jones as she took the card from a little colored girl.

"My name is Miss Alfretta," replied the child, "and my father is a traveling man."

"He's not, Miss Jones," interrupted Tom Brown. "He's just a common porter on the train."

"Well," said Miss Alfretta, "doesn't he travel, and if he travels isn't he a traveling man, I'd like to know?"

"John, you have not told what your father does." Miss Jones turned to the child next in line.

"I don't want to tell, and he said I wasn't to tell, neither," replied John, looking half scared.

"But I must know what your father does before you can take any books."

"Well,"—poor little John caught his breath—"I do so want to take books, but if he knows I told he'll lick me. I'll just whisper it to you, and no one else need hear." So he went close to Miss Jones and, putting his arm around her neck, whispered, "He's the bearded lady at the dime museum."

"Next!" Miss Jones wrote something hurriedly on the card.

"I want to explain about mine." A little girl stepped forward eagerly. "I wrote my own name myself, but my father, being dead, was unable to write his, so I wrote it for him, but my mother wrote hers herself."

"Annie, you haven't told us what your father does."

"Please, he works hard. He says he does," said Annie.

"Well, what does he work hard at?"

"He works at being an invalid."

"My father is a miller," said the next.

"My mother is a housekeeper."

"My father is a carpenter."

"Mine is a peddler, for he peddles."

"I don't know what to do about my card," said Julia Trusky, pushing her way toward the desk. "You see, it's this way. My mother has divorced my father, and I don't know if I ought to send the card to him or wait until next week, for then I am to have a new father."—Lippincott's Magazine.

Chopping Him Off.

Mr. Coopah (passionately)—Miss Smoot, when I am in yo' hilarious vicinity I feels so influential and delusive dat I can't explain de altitude of muh cohesiveness! Miss Smoot—Gladys—I—I—

Miss Smoot (coldly)—Dat's all right, Mistah Coopah! O' cou'se I likes a gen'leman to be cawdial and all dat, but don't jump up in muh lap, sah; dess please don't jump up in muh lap.—Woman's Home Companion.

Relieved.

"You seem to be in a particularly happy frame of mind this morning, Mr. Wadsworth."

"I am. For several months past I have had a suspicion that my private secretary and my stenographer were in love with each other."

"And have you found that you were mistaken?"

"Yes. He came to me last night and asked for my daughter."—Judge.

The Jealous Wife.

"I don't see why she isn't happy with him. He's certainly very attentive to her."

"That's just it. She argues that he couldn't be so attentive to her if he hadn't had a lot of experience with some one else."—Catholic Standard and Times.

Unexpected Death.

Mrs. Murphy—Oi hear your son Denny died very suddenly, Mrs. Flynn. Was his dith unexpicted?

Mrs. Flynn—It was, Mrs. Murphy. We expicted a pardon from th' guv'nor to th' very lasht minute.—New York Press.

Little Reason to Be.

"There's one fellow, at least, who is not spoiled by success."

"Who is he?"

"The weather man."—Philadelphia Press.

Pins.

The first statutory mention of pins is to be found in an English law passed in the year 1483. The first patent pin machine was one of American make, Wright's machine of 1824.

Ancient Grecian Acoustics.

The ancient Greeks, to secure resonance without the use of woodwork, placed under the seats of their theaters earthen pots with the mouth turned toward the stage, the vibrating mass of air in these serving to re-enforce the

THE FATAL SPANISH OPAL.

One Jewel Princess Ena Did Not Get as a Present.

In reading over the list of the young king of Spain's handsome gifts of jewels to his bride, Princess Ena of Battenberg, said to exceed $1,000,000 in value, it will be noticed that among all the precious stones—diamonds, pearls, brilliants, sapphires, etc.—no mention is made of an opal. The opal has always been considered an unlucky stone, and many instances have been given of the ill luck attending its acceptance, but the noted Spanish opal has brought so many terrible catastrophes in its wake that it is dreaded by the Spaniards above all symbols of ill luck.

This opal was originally possessed by Alfonso XII. of Spain, and was highly valued by the king. Accordingly, on his wedding day he presented it, among other gifts, to his bride, who was Mercedes, the daughter of the Duke of Montpensier. She died, however, shortly afterward, and the king, not liking to see any of her jewels to remind him of his loss, gave it among others to his sister, Maria del Pilar, just before the funeral of his wife. The king's sister died a few days after receiving the opal, and the king then gave it to his sister-in-law, the Princess Christina, the youngest daughter of the Duke of Montpensier, and, to the horror of all, she also died before three months had passed.

The king was so horror stricken and grieved at these strange occurrences that he resolved not to give it to any one else, but to wear it himself. He also died soon afterward. The queen regent, broken hearted and afraid of the fatal stone, resolved that no other human being should be influenced by its ill luck, and, obtaining a solid gold chain, she fastened the opal ring to it and hung it around the neck of the Virgin of Almudena of Madrid. Since that time none of the royalties can be persuaded to accept the opal, and naturally the people, always superstitious, have been afraid even to look at one.—New York Times.

Postmen Collect Debts.

A debt collecting agency which is run as a part of the regular public postal system is the newest "improvement" of the postoffices of Austria. Despite the novelty of the enterprise, the plan has worked admirably, so that many thousands are collected annually by the postmen throughout the Austrian empire. The system is very simple. Suppose a tradesman in Vienna has an account due from a customer in, say, such a distant town as Budapest, which he wishes to collect. Distance does not matter in the least. He merely sends the bill to the postoffice in the capital, whence it is at once transmitted to the postoffice at Budapest. There the postman presents it to the debtor, collects the cash and remits it to the Vienna postoffice, whence it is delivered to the tradesman by postman. In the event of payment being refused, which, of course, sometimes happens, the creditor is promptly apprised of the fact, and valuable time is thus frequently saved.—Chicago Journal.

Silver Bathtubs.

At the czar's palace of Tsarskoe-Selo the nurseries provided for the care of children consist of eleven rooms. One feature is described by Miss Egar, the children's governess, as follows: "In the bathroom is a stationary bath of solid silver, used for the bigger children. There is a small silver bath for the use of whatever baby reigns. Each child's name is engraved upon it, so it forms a historical record. It was apparently bought for Nicholas I. and bears his name and those of his family. We also find the names of Alexander II. and of Marie, afterward Duchess of Edinburgh. The last name added was that of Alexis, the little baby who was born in August, 1904."

The Drama in Iceland.

In its march to the pole the drama has reached Iceland. It is a recent graft upon the intellectual life of the island, according to the London Globe. The first theater was founded so recently as 1897, and there is only one in the island—at Reikjavik—but it has taken firm root. The dramatic season opens in October and closes at the end of April, when the good folk go fishing, and the theater is open about three evenings a week. Bjornson and Ibsen are mostly drawn upon, but during the last season one or two native poets have recited their own compositions, which promise well. The municipality and the diet each subsidise the theater to the extent of 500 crowns.

The Dreadnought.

It is said that that wonderful fighting machine, the British battleship Dreadnought, will carry fuel, both coal and oil, sufficient to take her from England to Quebec and back without filling bunkers or tanks. Inasmuch as there will be no water tight doors below the armored deck, there will be an arrangement of "lifts," by which officers and men may be conveyed over the impassable bulkheads. The ship is roughly described as consisting of five circular forts set in the hull, or, rather, with the hull built around them, each fort being heavily armored to its base and surmounted by a revolving turret mounting two twelve-inch guns.

Lines.

The different sized lines frequently observed in houses are not, as commonly supposed, the younger or more fully grown members of the same family. All lines of the same species are of the same size.

The Heliotrope.

The heliotrope is an emblem of devotion. This idea was probably suggested by the curious habit presented by this flower of turning its face toward the sun. Moore's poetical lines about the sunflower turning on her god where he sets the same look that she turned when he rose is not founded on fact. The sunflower is not a heliotrope and does not turn to face the

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

Physicians prescribe it.

Abbey's Salt is regularly ordered by physicians in place of Citrate of Magnesia, Seidlitz Powders, Epsom Salts, Liver Pills and Mineral Waters.

The medical profession at large recognizes the fact that Abbey's Salt is not only the ideal laxative and cure for Constipation, but is also a perfect tonic to purify the blood—correct stomach, liver and kidney troubles—and invigorate the whole system.

Abbey's Effer-vescent Salt

25c. and 60c. a bottle.

THE READY REMEDY.

When trouble after you doth chase,
Why, turn and stare her in the face
And smile.
And she will hurry from your sight;
A smile will fill her full of fright,
So smile.

When worry hustles after you
And dyes the world a sombre hue,
Just smile;
A grin will drive her far away.
So let your laughter muscles play
And smile.

INSATIABLE PLAYGOERS.

Curious Patrons of Theatres in "Dear Old London."

The managers and box-office keepers of London theatres tell strange stories of the eccentricities of their patrons.

A certain gentleman, for instance, has never missed a single performance at the Vaudeville theatre since the first day of "The Belle of Mayfair." The curious point about him is that he always takes two stalls, reserving one of them for his hat and coat. At Daly's theatre there is also a patron who for many weeks has never missed a performance, and has intimated that he wants the seat—in the dress circle—reserved until his leave of absence from his regiment in India expires.

At the Gaiety theatre there is a pit customer who, ever since the theatre was built, occupies the same corner each Friday night, and for some years before did the same thing at the old Gaiety. When the old Gaiety was in existence a man used to sit in the gallery every night until a certain lady in the company left to go on tour, when she, too, left to follow her silently round the country. Recently when she appeared at another London theatre for a short engagement this distant and devoted admirer appeared in the gallery.

Another well-known patron of the play-houses is a middle-aged man who goes to every matinee of the newest musical comedy. He arrives without fail, and punctually at half-past four leaves the theatre and drives away in his carriage. This continues every week until another musical piece is produced, when at once he transfers his custom.

Last year during the Covent Garden opera season a colonial ex-Premier arrived one evening, in ordinary walking costume, and when he found that evening dress was indispensable he borrowed a white tie from the management, and keeping on his overcoat took his seat. He went to the opera many times afterwards, and always insisted on borrowing the white tie.

Mr. Lewis Waller at the Imperial theatre had a misadventure that left his theatre half empty one Saturday night. Through carelessness the "House Full" boards were not taken away after the matinee, with the result that people arriving in the evening turned away and went elsewhere in search of amusement.

Australia Has Deepest Gold Mine.

Australia now possesses the deepest gold mine in the world. Within the last few weeks the shafts at the New Chum Railway at Bendigo, Victoria, have been sunk to a depth of over 4,300 feet, and the quartz there topped has been sampled and crushed, with the result that a yield of gold equal to an ounce per ton has been obtained.

The operations in the mine have been tested by Government officials, in view of the fact that never before in the world's history has gold been obtained from so low a depth as three-quarters of a mile.

The Victorian Director of Geology, E. J. Dunn, in the course of an official report upon a sample from the 4,300-foot shaft of the New Chum, writes:

"This remarkable specimen of auriferous quartz is evidence of the vast stores of wealth in gold possessed by the State. It is a guarantee of the stability and progressive prosperity of Bendigo that such rich ore exists at such great depths. The winning of such ore from a vertical depth of over three-quarters of a mile from the surface is an achievement of which Bendigo miners may justly feel proud."

A Pulpit on Rails.

There has been completed recently a very handsome pulpit for use in St. Cuthbert's Church, Carlisle, and the peculiarity about it is that it runs on wheels. The structure is made entirely of mahogany, and measures 9 feet over all in height, nearly 9 feet in width, with a depth of 5 feet. There are seven steps up each side at the back. It is worked on a trolley by an endless rope, the wheels, which are covered with rubber, running in iron grooves let in the stage floor. The system works very smoothly, and the pulpit is wound in and out before and after the sermon by turning a wheel about twenty times. The total cost was £700. The pulpit was consecrated by the Bishop of Carlisle. It is to be in perfect working order for Sunday next, and was used for the first time yesterday. It is the only pulpit on rails consecrated by a bishop.

Death of a Noted Divine.

Prof. Thomas Smith, an eminent Indian missionary, and the father of the United Free Church of Scotland, died in Edinburgh the other day at the age of eighty-nine. Dr. Smith was for a short time chaplain to the Black Watch during the Indian Mutiny, and was invalided home in consequence of an attack of cholera. For some years he edited religious papers in Calcutta, and he originated the scheme of Zenana missions. From 1890 to 1893 he was professor of Evangelistic Theology in New College, Edinburgh, and he was moderator of the General Assembly in 1891.

Fortune For Laborer's Wife.

Mrs. Maclise, of Harrington, near Workington, Cumberland, whose husband earns $5.75 a week as a laborer, has come into a fortune of $35,000. It is her share of $240,000 left by a bachelor uncle in Australia.

Maclise was earning only $4.75 a week a few months ago, when he obtained his present employment at the Moss Bay Steel Works.

The couple have had nineteen children, most of whom are now grown up. Some of the daughters are in domestic service.

The members of the family take their good fortune very calmly.

Leighton's Peerage.

Frederic Leighton's peerage was the shortest lived in the history of England. He died on the day following that upon which the patent of nobility was issued, and as he left no heir the title died with him.

The Avenger.

Alfonso I. of Castile was surnamed the Avenger. He was never known to forget or forgive an injury.

Great Irrigation Scheme.

The New South Wales Government has entered upon a spirited policy of water conservation and irrigation. It has been decided to construct a large dam on the Murrumbidgee river at a place called Barren Jack, and from here water will be carried in irrigation canals over an area of 358,000 acres. The work will involve the expenditure of about $7,500,000, and will represent the first part of a great national scheme.

The dam is to be built three miles below the confluence of the Murrumbidgee and Goodradigbee rivers, and when completed will be 200 feet in height and 900 feet in length.

A Courageous Civil Servant.

Sir Charles A. Cookson, K.C.M.G., B.C., who died at his residence, Cheyne-walk, Chelsea, had an interesting career in the public service. Once, during a riot in Alexandria, deeming it his duty to try to quell a disturbance by the authority of his presence, he courageously drove in an open carriage to the head office of the police. On the way he was attacked by the mob, felled to the ground by a mabout, and barely escaped with his life. For several years Sir Charles used in his house no bituminous coal, but only coke, which he ignited by pipes under the grate connected with the ordinary gas supply.

His Lordship Has A Sense Of Humor

LORD MOUNT-STEPHEN, FORMER CANADIAN, CHARMING.

Delighted in Recalling Pleasures Stolen, But As President of the C.P.R. Has Pained Many a Serious Situation With Both Calmness and Acidity—His Lordship Never Forgets Friends—Celebrates 70th Birthday.

LORD MOUNT-STEPHEN.

His Lordship never lost his native simplicity. Fresh of color, springy of step, clear of eye, he walks briskly, stopping to talk to this or that friend or acquaintance.

His Lordship dearly loved a joke, and his laughter was infectious. He had, of course, good reason to be an optimist, but temperamentally he was very buoyant and light of heart. He could be tremendously serious, too, and as president of the C.P.R., he has faced many a serious situation with calmness, but also with anxiety.

He had, however, the pawky Scottish humor, and he loved to spring a joke or a story upon his friends. He would button-hole an old friend on the street, and say to him—"Come into my office. I have something important to tell you." And then, with great solemnity, he would tell his story, which was enhanced in value by the evidence sincerity with which the narration was made.

When His Lordship was president of the C. P. R. he liked, in the relaxed moment, to get off little jokes upon the officers.

In this position he won respect and admiration. The system was nothing like what it is to-day, but the duties were exceedingly onerous for all that, while the fact that the system was just getting on its feet, so to say, made the position of president anything but a sinecure.

His Lordship rarely forgot a face. He could instantly recall the name or face of any person whom he had seen in the past.

And there was this fine thing about His Lordship—he never forgot his friends. All the people with whom he was intimate, who were of a hearty handshake, while those indeed were suppressed in the most delicate manner. His Lordship, indeed, delighted to do good by way of surprise. He loved to be the unknown benefactor. It could be said of His Lordship with perfect truth, that he "did good by stealth and blushed to find it fame."

He used to wear a tweed suit, which he did not change too often; but after his elevation to the peerage he became a little more particular, and invariably wore a silk hat, gaiters over his patent leathers, and kid gloves. Not that there was any change in his manner to old Canadians. Indeed, he always insisted, when among his intimates, upon being called by his Christian name. He was exceedingly thoughtful of the comfort of all who were in any way dependent on him, and in his business career he was always willing that the "other fellow" should have a chance. He would put a good thing in the way of a friend. He had the art of turning what he touched into gold, but he did not want all the gold for himself.

The Royal Victoria Hospital, Montreal will constitute an imperishable monument to his generosity.

For many years past, Lord Mount-Stephen has made his home in England. He represented there, and has several country seats in addition to a fine London residence. He declined, some years ago, raising his retainers, a large sum of something like five millions, in order that he might see the effect of the endowment while still in life.

Scotland's National Drink.

One of the greatest misconceptions from which Scotland suffers in the south is that her national drink is and always has been, whisky. But this is just as untrue—neither more or less—as that the national garb of Scotland is the kilt. Whisky, like the kilt, is a purely Celtic or Highland product, and up to the middle of the eighteenth century it was just as unfamiliar in the Lowlands as the clan tartans. It was only after the '45 that the Highlanders began to settle in the Lowlands, and bring their whisky with them, but before that the national drink of the Lowlanders, who constitute the bulk and backbone of the nation, had been ale. Tam o' Shanter and Souter Johnny got "roarin' fou"—not on whisky, but on strong beer.

ter,
And by the ale was growing better.

TOO TIRED TO STIR!

ARE YOU ONE OF THE

WEAK WOMEN

To Become Bright, Happy and Healthy?—Use Ferrozone.

Modern life makes demands on every woman's strength that seem impossible to meet. Only the robust and strong can stand the strain. The weak, with their delicately balanced organisms, must fail. Blood gets thin, it's innutritious. Nerves go to smash, vitality declines, and then follows misery and suffering caused by interference with certain functions upon which the very existence of every female depends.

Don't let your condition grow worse. Check the decline of vital force before it is too late! The one sure remedy is Ferrozone—not a temporary stimulant—but an uplifting nutritive tonic that contains the kind of building material a weak body requires.

FERROZONE revitalizes the system by putting new life into the blood. Not only does it nourish the ordinary blood supply—it does more, it makes new blood, the rich, red kind that denotes health.

Energy is reinforced, strength is steadily and surely rebuilt. Keen appetite, strong nerves, more restful sleep, buoyant feelings, all tell of the enormous good Ferrozone invariably accomplishes. For restoring the weak, the pale, the despondent, there is no treatment so instant and permanent in effect as Ferrozone. A trial proves this. Won't you use Ferrozone yourself? It will surely make you well—its effect is instant.

BUILT UP HER STRENGTH

Mrs. M. E. Etherington, a well known merchant's wife, of Troy, writes: "I am quite willing to give a public testimonial for Ferrozone, believing it to be a tonic of superior excellence, and one that will rapidly build up strength and supply new energy to anyone not feeling well. Last Spring I was in a very poor condition of health. I was nervous, felt tired and completely worn out. No doubt it is quite a common complaint with ladies of my age, but I placed great reliance in Ferrozone, and took it for several weeks. It made me quite strong, and, in fact, I have been in better health ever since. I can heartily recommend Ferrozone."

Ferrozone Assures Good Health!

WARNING! Beware of the substitutor who urges you to accept something "just as good." Only FERROZONE can cure satisfactorily—see you get it, and nothing else. Price 50c per box or six boxes for $2.50 at all reliable dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Canada.

A Modest Philanthropist.

Booker T. Washington tells of a Wall street philanthropist whose benefactions are so carefully hidden that no one outside of a very small circle suspects him. This is said to be the unknown who sent $25,000 to Mayor McClellan of New York for the San Francisco relief fund. Mr. Washington says this man's wealth will be a great surprise when his death reveals it, his possessions being vastly larger than they are generally supposed to be.

WORTHY SONS OF SEA DOGS

Warspite Boys, in Face of Danger, Manifest Courage Like the Men of the Birkenhead.

The stirring incidents which attended the loss of the Birkenhead many years ago are recalled in a striking manner by the splendid discipline recently shown by a hundred Warspite boys in the face of danger of the gravest character.

The training-ship lads were on the four-masted vessel Port Jackson, and were being taken on a cruise to Australia, with a view to giving them a practical training for the mercantile marine. The Port Jackson had been towed round from London to the Channel, and cast off the tug after passing through the Straits of Dover. When near Beachy Head, a sudden fog developed, and the sailing ship proceeded with great caution down channel.

Presently a big steamer, which afterwards proved to be the Hamburg steamer Fyrbos, of the German Levant Line, loomed up right in front of the Port Jackson. The fog had prevented the steamer being seen until she was practically in touch with the training ship. Every effort was made to avoid a collision, but the steamer crashed into the Port Jackson's starboard bow. The impact was terrific, shaking the ship from end to end, while the iron plates were ripped through as though they were cardboard.

The captain, with great coolness, gave orders for the Warspite boys to be mustered on deck in case of disaster, whilst the crew were told off to make arrangements for lowering the boats and getting out life-saving appliances, etc. The hundred young lads were very promptly mustered, and were formed up on the officers' instructions, and stood to attention awaiting the next orders of the captain. Happily, disaster was averted, and the sailing vessel was towed round to Dover in safety.

The chaplain and doctor of the Port Jackson said it was a wonderful sight to see the lads coolly parading in the face of possible disaster, as no one knew until an examination had been made what was the extent of the damage that had been sustained in the collision. Mr. West, of Our Navy, who was on board, remarked that it vividly recalled to his mind the famous story of the sinking of the Birkenhead.

Folk Lore Told In Tableaux.

All the residents of the little village of Britleigh, in Somerset, and hundreds of visitors from Glastonbury and the surrounding towns and villages trooped into the grounds of Butleigh Court, the home of Robert Henry Greville, recently to witness the first performance of the Folk play, "The Revel," in which the romantic and fascinating history of the "peaceful vale of Avalon" was illustrated in a series of scenes and tableaux.

First there was the prologue, spoken by Avalon (Miss Somerville), who, like the chorus in Shakespeare's "King Henry V." introduced each scene in its order.

The first scene was a group of Phoenician traders, who, in very early days, landed in the West with merchandise. This was followed by "The coming of St. Joseph of Arimathea" and his twelve brethren.

The other scenes included the "Passing of Arthur" to his grave at Glaston; "King Alfred in Hiding," "The Peace of Wedmore," "St. Dunstan and King Edmund Ironsides," "The Tributes of Wolves to King Edgar" and "King Henry I. Granting the Charter for Tor Fair."

Next the episode of the dissolution of Glastonbury Abbey was portrayed, followed by a scene from the short reign of the so-called King Monmouth and the "Change of Style," the whole concluding with a grand procession.

At Sir Wilfrid's Suggestion.

In the course of many anecdotes concerning the late Premier Seddon, of New Zealand, The London Daily Chronicle says: Among Mr. Seddon's other records is the loudest shout heard in the streets of London in our time. It was during the Coronation festivities when the Colonial military contingents were marching along the Mall. A stand had been erected for the distinguished representatives of Greater Britain. Sir Wilfrid Laurier, the Prime Minister of Canada, was astonished at the apathy of the crowd, and said: "These people want waking up. I say, Seddon, you have a good voice. Raise a cheer." The New Zealand Premier took off his hat, waved it on high, and emitted a yell that echoed from Buckingham Palace to St. Paul's. And the Londoners woke up.

Mexican Police.

The Mexican police attend closely to their duties and are very polite. At night each policeman carries a lantern, and this lantern is set out on the sidewalk opposite wherever he may be; so it is possible to look down a street and see a whole row of these twinkling lanterns.

QUIKE SICK HEADACHE.

MAN'S WEAKER HALF.

One Side of the Body Generally Not Wholly Developed—How to Discover Which Side It Is.

The popular belief is that the left side is weaker than the right, and, as in all popular beliefs, there is much truth in this. In most cases the right arm is decidedly stronger than the left, the bones are larger and the muscles more vigorous.

When we come to consider the lower limbs, however, we find a precisely opposite state of affairs. The left leg is stronger than the right in the great majority of cases. This want of symmetry is noticeable all through the body. Nine times out of ten we see better with one eye than with the other and hear better with the left than with the right ear or vice versa.

Not only so, an injury to the body, a burn or a cut, for instance, causes more pain on one side than it would were it inflicted on the other. Even diseases attack one side on their first onset in preference to the other. Eczema, varicose veins, sciatica and even tuberculosis begin invariably to manifest themselves on our weaker side. A blistering plaster, too, will provoke an eruption only if applied to the right side in certain individuals; in others only if applied to the left side.

The simplest way apparently of discovering which is our weaker side is to observe which side we lie upon by preference in bed, as it is certain that we will instinctively adopt the attitude which is most agreeable or, rather, which causes the least inconvenience. In other words, we will lie upon the side the muscles of which, being more vigorous, are less sensible to the pressure upon them of the weight of the body.

Statistics and observation go to prove that in about three cases out of four it is the left side which is the weaker, thus giving reason to the popular dictum. Curiously enough, however, pneumonia, it had been noticed, unlike most diseases, usually attacks at first the right—that is to say, the stronger side of the body.

The Trials of a Librarian.

Dr. James Bain, the genial gentleman who presides over the destinies of Toronto's Public Library, has been telling Montrealers of some of the troubles of a librarian. In an address before the McGill Library School, he illustrated the public idea that a librarian is an "Enquire Within on Every Subject," by reading a list of questions actually asked at the Toronto Library during the last two months.

Among them were: What distance is Venus from the earth? What is the basis of the issue of gold by the Canadian Government? Who and what control the issue? Who was the hero of Mme. de Staël's "Corinne"? What was the cause of the Russo-Japanese War? A description of the funeral and burying-place of Prof. Schliemann, also the text of his will? What was the date of the abandonment of Fort Rouille? Can you tell me if any of my friends are still living at Bradford-on-Avon, or where to address my inquiries? How many Canadians were engaged in the Battle of Paardeberg? How many British, how many Boers, how many guns? When was Mrs. Maybrick released from prison? What is the King's salary (Relate to Republicanism vs. Monarchy). Can you give me a book that will tell me all about my "back" ancestors? What were the terms of Napoleon's will and who are the present owners of his effects?

Mr. Asquith's Date Noir.

Miss Teresa Billington, the Woman's Suffragist was arrested outside Mr. Asquith's residence in Cavendish square. She was fined £10, or two months' imprisonment. At the instigation of Mr. Asquith the sentence was reduced to a fine of £5 or one month. Some sturdier with what Miss Billington stigmatises as "gross impertinence" paid the fine and costs, and, says the indignant suffragette, "I was bundled forcibly out of the prison."

MISS TERESA BILLINGTON.

Cocaine Evil in India.

The cocaine habit is assuming alarming proportions at Delhi, says the Paisa Akhbar, Lahore. The evil has spread to rich and poor, to Hindoos and Mohammedans, and even to women and children. Between 500 and 1,000 vials of poison are sold daily in the city; not a few young men and even lads belonging to well-to-do families consume from four to six vials a day each. Coolies and persons engaged in menial professions also have not escaped contagion. Even beggars seem to prefer cocaine to food.

A Possible At Bisley.

Staff-Sergt. Bayles of the 16th Royal Grenadiers, Toronto, at Bisley the other day at 440 yards, ten shots,

A "POSSIBLE" TARGET.

scored bullseye every time, and won the Governor-General's Prize for War prize of £20 with his score of 50. The above cut shows his target on the conclusion of his shooting.

FARM LABORERS

To Manitoba and Saskatchewan

1906 **$12** for the going trip **$18** additional for the return ticket, under conditions as below.

—GOING DATES—

AUG. 14 Stations south of, but not including main line, Toronto to Sarnia, including Toronto.

AUG. 17 Main line Toronto to Sarnia and stations north, except north of Cardwell Junction and Toronto on North Bay Section.

The Seddon Spirit.

An anecdote is told of Richard Seddon, the late Premier of New Zealand. He was very active in sending troops to the assistance of Great Britain in the South African War. On one occasion he was taunted by an Opposition member with his readiness to sacrifice the lives of the colony's manhood. "You are ready enough to send our sons and brothers to be shot at, but"—was the opening of a taunt by his opponent, when the Premier broke in: "Sir, this morning I signed a commission for my own son. He will be shot at, too, and I have dared him to come back without a wound."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube, when this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Girl Courts Funeral Pyre.

An extraordinary story of suicide by fire comes from Codsall, a pretty rural village near Wolverhampton.

Mr. and Mrs. Archibald Walker, of Woodfield Oaken, in Codsall, were awakened at an early hour one morning recently by a smell of smoke. They saw fierce flames in the yard, which Mr. Walker extinguished with a garden hose. The fire appeared to be in a heap of wood and shavings that had been saturated with paraffin.

The village policeman was called, and Mr. Walker's household mustered, when it was discovered that the cook, Eliza Davies, was missing. An examination of the remnants of the fire disclosed charred human remains, which were identified as those of the missing cook.

It appeared that the young woman found paraffin in the kitchen, and made her exit by a window to the yard, where she built and ignited her funeral pyre. The reason for her act is a mystery. She had been in Mrs. Walker's service two years, and was well conducted.

THE STEAMER

"MONARCH"

Will begin her regular trips on MONDAY, JULY 23rd, as follows:

ARRIVE

AT PETERBOROUGH—Mondays at 9.30 a. m., (Street Car Wharf) and 7.45 p. m. Tuesdays and Wednesdays, 7.45 p. m. Thursdays 10 p. m. Fridays, 6.45 p.m Saturdays, 10.15 a. m.

AT GORE'S LANDING—Mondays at 1.15 p. m. Tuesdays, Wednesdays and Fridays, 12.15 p.m. Saturdays, 7.00 p.m.

DEPART

FROM PETERBOROUGH—Mondays at 10 a. m., Tuesdays and Wednesdays, 2 a. m. Thursdays, 2 p.m. Fridays, 9 a. m. and 7.00 p.m. (on arrival of C.P.R. Local). Saturdays, 4 p.m.

A NATION'S HONOR FIRST.

United States Cauterized For Violation of Treaty With Canada.

New York, Aug. 8.—That the honor of the United States is of more importance than the punishment of a million criminals, was the statement made by Judge Hough in the United States Circuit Court here yesterday in the habeas corpus proceedings instituted on behalf of Charles C. Browne.

Browne was formerly employed in the customs service in this city, and was extradited in Canada and taken to Sing Sing prison to begin a two years' term of conspiracy to defraud the Government. W. M. K. Olcott of counsel for Browne denounced the action of the federal authorities in extraditing Browne for one offence and incarcerating him in prison for another as a "cheap-John trick," beneath the dignity of the Government of this country and in violation of the treaty made with Canada.

Special Assistant United States Attorney-General W. Wickham Smith, arguing against the writ, said that "Treaties were not made for the benefit of criminals," and insisted that no violation of the treaty occurred.

Judge Hough reserved his decision. Browne was taken back to Sing Sing prison.

BRITISHER PRAYS ON LEAVING.

While Emigrants From the Continent Celebrate in Drunken Orgy.

London, Aug. 8.—(C. A. P.)—The Globe, referring to the emigrants to Canada, says that the Continental emigrant celebrates his departure by an orgy with friends, while the Britisher leaves his native land to the accompaniment of prayer.

Rainmakers Fail in Klondike.

Victoria, B. C., Aug. 8.—Hatfield, so called rainmaker of Los Angeles, Cal., has returned by the Princess Beatrice from Dawson, where he had been retained to cajole sufficient water from the clouds to accommodate the hydraulic interests of the upper Yukon. If successful he was to receive a bonus of $10,000 from the mine owners and the territorial Government. He failed, but the Government paid all expenses of himself and his brother from the time they left Los Angeles until they returned.

Prepared For Long Fight.

New York, Aug. 8.—President Stecher of the Employing Lithographers' Association has issued a statement that the employers are prepared to fight against the strike for six months. President Hamilton of the Lithographers' International Protective Association, says the unions have funds to fight eight months.

Bloodless Duel.

Paris, Aug. 8.—Generals Andre and Negrier fought a duel with pistols at 4.15 p. m. yesterday, in the park surrounding the residence of Prince Joachim Murat. Gen. Andre fired without hitting his opponent, and Gen. Negrier declined to fire. The principals left the field unreconciled.

Jumps Into Sea.

Halifax, Aug. 8.—As the steamer from Boston was entering Yarmouth harbor yesterday morning Henry C. Mildram of Boston, in charge of a trained nurse jumped into the sea and was drowned. His body was not recovered. Mildram, it is said, was a millionaire.

Mail Service Slow.

Ottawa, Aug. 8.—It is understood that the facilities for handling the mails at Rimouski are to be improved. A more powerful tender will be secured to take off the mails, and more men will be used in getting the mails from the tender to the train.

Connaught's Auto Wrecked.

Brecon, Wales, Aug. 8.—An automobile in which the Duke of Connaught and members of his staff were riding from Monmouth to Rhayader yesterday collided with another car and both were wrecked. The occupants escaped with a severe shaking-up.

Picton Steamer Disabled.

Ogdensburg, N. Y., Aug. 8.—The steamer Alexandria of Picton, Ont., bound down the St. Lawrence, broke an engine shaft yesterday while passing here. She was caught and towed into Prescott for repairs. Ten minutes later the steamer would have been in the rapids.

Zion's Debts.

Chicago, Aug. 8.—The indebtedness of Zion City amounts to $5,000,000, and it is proposed to fund for eighteen years, and to issue bonds at 6 per cent. interest.

Dies From Injuries.

Quebec, Aug 8.—Geo. Richards, engineer in Turgeon's tannery, who was so badly injured Monday, died the same night.

Had a Bad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore."—Mr. Alex. McDougall, Postmaster, Broad Cove, Marsh. 26.8.

Copenhagen, Denmark, Aug. 8.—The third annual conference of the International League of Women Suffragists opened here yesterday under the chairmanship of Mrs. Carrie Chapman Catt of New York, president of the league.

Crushed in Elevator.

Montreal, Aug. 8.—Henry McLaren of H. McLaren & Co., local agents for Taylor, Forbes & Co., of Guelph, was very severely crushed in an elevator here yesterday and is in a very dangerous condition.

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, Aug. 7.—Wheat—Spot nominal; futures dull; Sept., 6s 3½d; Dec., 6s 4½d; March nominal.

Corn—Spot quiet; American mixed, old, 4s 8½d; futures quiet; Sept., 4s 6¾d; Dec., 4s 7½d.

Lard—Prime western in tierces steady, 45s 6d; American refined in pails, 45s 6d, steady.

Turpentine—Spirits steady, 42s 9d.

Stirling, Aug. 7.—There were 725 boxes of cheese offered; all sold to Hodgson Bros. at 11 13-16c.

Campbellford Aug. 7.—There were 1075 offered. All sold to Lovell & Christmas at 11⅝c.

NEW YORK DAIRY MARKET.

New York, Aug. 7.—Butter—Firm; street price extra creamery, 25c to 25½c; receipts, 10,206.

Cheese—Steady, unchanged; receipts, 11,265.

Eggs—Dull and unsettled; no change in prices; receipts, 23,025.

CATTLE MARKETS.

Cables Steady—Light Weight Hogs Lower at Buffalo.

London, Aug. 7.—Cattle are quoted at 12¼c to 12c per lb.; refrigerator beef, 9½c per lb.; sheep, dressed, 11c to 12c per lb.

TORONTO LIVE STOCK.

Toronto, Aug. 7.—Receipts of live stock at the city markets since last Friday as reported by the railways amounted to 50 car loads, composed of 699 cattle, 310 hogs, 799 sheep and lambs, with 75 calves.

Exporters.

None were on sale and none wanted.

Butchers.

Only a limited number was offered. Trade was slow and prices about the same as at the Junction on Monday. Prices ranged from $4.25 to $4.40 for the best butchers; medium mixed sold at $3.75 to $4; cows at $2.50 to $3.50 per cwt.

Feeders and Stockers.

There was little doing in stockers and feeders, dealers reporting little or no demand. Prices nominal as follows: Best feeders, 900 to 1050 lbs., $3.90 to $4 per cwt.; best feeders, 800 to 900 lbs., at $3.60 to $3.85; best feeders, 650 to 800 lbs., at $3.25 to $3.60; common stockers, $2.25 to $2.75.

Milch Cows.

About 15 milch cows were offered and sold at $39 to $55 each.

Veal Calves.

Deliveries light, but prices firm at $5 to $8 per cwt. for the bulk; common, inferior calves sold as low as $3.50 to $4 per cwt. and prime new milk-fed veals as high as $8.50 per cwt.

Sheep and Lambs.

Sheep are firm at $4.50 per cwt. for export ewes and $3.50 to $3.75 for bucks.

Lambs sold at $6 to $6.25 and one picked lot was reported at $6.50, but the bulk sold at $6 per cwt.

The quality of the bulk of the lambs was not good, too many skinny, lightweights, that ought to be on the grass for weeks to come.

Hogs.

Deliveries light and prices steady at unchanged quotations. Mr. Harris quotes selects $7.65 and light fats at $7.40 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Aug. 7.—Cattle—Receipts, 180 head; slow and easier; prices unchanged.

Veals—Receipts, 125 head; slow and 25c lower; $4 to $7.25.

Hogs—Receipts, 2160 head; active; light weights, 5c to 10c lower; others steady; heavy, $6.75 to $6.90; mixed and Yorkers, $6.80 to $6.85; pigs and light Yorkers, $6.95 to $7; roughs, $5.75 to $6.90; dairies, $6.50 to $6.75.

Sheep and Lambs—Receipts, 1000 head; sheep active and steady; lambs slow and unchanged.

NEW YORK LIVE STOCK.

New York, Aug. 7.—Beeves—Receipts 269; no trading; feeling weak for common cattle; dressed beef slow and unchanged; exports, 940 cattle and 3880 quarters of beef.

Calves—Receipts, 160 head, 25 on sale; feeling steady; no veals offered; Kentucky and Virginia calves sold at $4.50 to $6.50 per 100 lbs.; state yearlings and grassers (mixed) at 35c; city dressed veals in fair demand at 9c to 12c per lb.; country dressed at 8c to 10c.

Sheep and Lambs—Receipts, 4165; market rather slow, but steady; several cars unsold; common to prime sheep, $3 to $5; few choice at $5.25; common to prime lambs, $5 to $8.25.

Hogs—Receipts, 1288; feeling steady.

CHICAGO LIVE STOCK.

Chicago, Aug. 7.—Cattle—Receipts, 4500; steady; common to prime steers, $3.80 to $6.60; cows, $2.85 to $4.70; heifers, $2.80 to $5.25; bulls, $3 to $4.85; calves, $3 to $6.75; stockers and feeders, $2.60 to $4.25.

Hogs—Receipts, 13,000; steady; choice to prime, heavy, $6.40 to $6.80; medium to good heavy, $6.10 to $6.35; butcher weights, $6.45 to $6.60; good to choice, heavy, mixed, $6.10 to $6.35; packing, $5.75 to $6.25.

Sheep and Lambs—Receipts, 14,000; market steady to strong; sheep, $4.25 to $5.60; yearlings, $5 to $6.25; lambs, $5 to $8.

Big Crop of Wheat.

Lethbridge, Alta., Aug. 8.—P. N. Snowdon yesterday put on the market 2,200 bushels of Alberta red wheat from 160 acres near this city. He simply disharrowed the land last summer, sown and put in the seed without ploughing. It would have been a heavier crop, but was thinned by a local shower of hail. The heads are very long this year, with three to five rows across the heads.

THE TORRID WAVE.

Four Deaths in New York and Many Prostrations.

New York, Aug. 8.—Two persons who were sleeping on fire escapes Monday night fell to the street and were killed.

At noon yesterday four deaths, due to the heat, and many prostrations had been reported.

Crazed, it is believed, by the heat, James Dupo, 38 years old, a tailor living in East 12th street, yesterday shot and killed his wife, Agurora, aged 30 years, and then sent a bullet through his own brain.

Too Hot to Work.

Paterson, N. J., Aug. 8.—Owing to the hot weather, a number of factories here have been forced to shut down, and other mills are running on half time. There have been several deaths and many prostrations due to the heat.

Forty-Eight Prostrated.

Philadelphia, Aug. 8.—Two deaths from heat occurred yesterday before 8 o'clock, making a total of nine fatalities since the beginning of the present hot and humid wave. At the various hospitals a total of forty-eight cases of heat prostration were reported.

120 Degrees at Washington.

Washington, Aug. 8.—In some parts of this city yesterday, thermometers registered 120 degrees. There were many prostrations.

STATIONARY ENGINEERS.

Fifty Are in Attendance at the Annual Meeting at Galt.

Galt, Aug. 8.—Mayor Thomson welcomed the members of the Canadian Stationary Engineers' Association yesterday. Fifty are in attendance at the 12th annual meeting.

President Sweet's annual address spoke of legislation to compel the holding of licenses, passed at the last session of the Ontario Legislature, and said the Dominion Parliament was now looked to for a similar act.

The treasury has a balance of $175. The secretary reported a gratifying increase in the number of subordinate lodges of the union. The members were treated to a trolley ride and dined at the Del Monte.

Toronto Carpenters Strike.

Toronto, Aug. 8.—At a mass meeting of the city carpenters at Victoria Hall last night, it was unanimously decided to strike. The men will quit work at 5 o'clock to-day. They want an agreement with the Builders' Exchange.

Close upon $8,000,000 worth of building permits have been issued here this year, and the strike means a nasty mess unless a settlement is soon reached.

Will Carry the Mails.

Montreal, Aug. 8.—An agreement has been arrived at between the Dominion Government and the Dominion Line, whereby mail will be carried between Canada and Great Britain by the vessels of this company. The first vessel to proceed with the mails from Canada will be the Ottawa, sailing from Montreal on Saturday morning next.

Dunsmuir v. Hopper Dismissed.

London, Aug. 8.—The judicial committee of the Privy Council yesterday recommended the dismissal of the appeal of Dunsmuir v. Dunsmuir and Hopper v. Dunsmuir. This appeal resulted from the suit of Edna Wallace Hopper to break the will of the late Alexander Dunsmuir, former Premier of British Columbia.

Victim of Lightning.

Montreal, Aug. 8.—A Sherbrooke special says: Word was received in the city yesterday morning from Mr. A. S. Hurd, K. C., who, with his wife and only daughter, were spending their vacation at Agunquit, on the Maine coast, that the latter had been killed by lightning Monday afternoon.

Nine Miners Killed.

Charleroi, Belgium, Aug. 8.—An elevator in which [illegible] were going down to the Marchinnenne coal mine here yesterday morning dropped 900 yards, smashing the car to atoms, and instantly killing all its occupants.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

READ THIS ALOUD

It's wear stock-taking time again and we are going to make a strenuous effort to convert everything in summer wear into cash before inventory.

THE REASON we want to convert the remainder into cash is we don't want this season's goods left over to be offered for sale next season. It's good level-headed business to do so, even though it means a loss to us.

THE PROOF—Seeing is believing, therefore the only thing to do is to come and if we don't make good our claims say "Good Day" and walk out. We mean business—put us to the test.

The Strike In Russia Falls To The Ground

Time Was Ill-Chosen and Workmen's Council Calls It Off.

GOVERNMENT IS PLEASED

So Also Are the Non-Revolutionary Parties as Government Will Now Have No Excuse For Not Assembling Parliament—Railroad Men Would Not Give the Signal and Unions Refuse to Participate.

St. Petersburg, Aug. 8.—The Workmen's Council has decided to call off the strike in St. Petersburg. The announcement will be issued to-day. This action does not apply to the provinces, but there is little doubt that the workmen there will follow St. Petersburg's example.

Many Factories in Operation.

More than half of the factories here resumed work yesterday, and while the employes of some of the establishments at Moscow are still out, none of the predictions of the strike organizers are fulfilled. Many of the trades unions refused to join in the movement. The railroad men, whose co-operation was vital, could not be induced to give the signal for a strike, and there was no sign of a serious peasant movement.

Time Badly Chosen.

While the repressions and arrests of the leaders undoubtedly, were a great factor in bringing about the present situation, it is apparent that the moment was ill chosen for a strike. The people were not in the temper to support it. As a consequence the revolutionary leaders, who inspired it, with the intention of transforming the movement into an armed uprising, have suffered a severe loss of prestige.

The Government Rejoices.

The Government, which had prepared for the worst, holding military trains in readiness at all the centres, and had even made arrangements to send out the foreign mails by torpedo boats from St. Petersburg, naturally is greatly rejoiced at its victory. The leaders of the non-revolutionary parties do not conceal their satisfaction at the defeat of their old allies of the Extreme Left, as they feared that a great strike, with widespread disorders entailing repressions, ought be used as justification by the Government to postpone the elections and the assembling of a new Parliament. With comparative tranquility

continued

restored only can need the Government to its promises.

A Revolutionary Manifesto.

The former Deputies composing the Social Democratic and Labor parties, Polish and Jewish committees, and various revolutionary bodies, have issued a joint manifesto, which, after reciting the events of the past few weeks, says:

"The army and the navy have raised the standard of insurrection against the oppressors of the people. The roar of guns at Sveaborg and Cronstadt has given the signal for a new pan-Russian attack on the autocracy.

"The people see now they can hope and expect nothing so long as the State power is in the hands of its enemies. Parliament, but a constitutional assembly, with full powers, elected by universal, equal, direct, and secret suffrage. The people must apply themselves. Citizens all, to whom freedom is dear, we call upon you for a decisive struggle against the Government of the Emperor, for a national Government and for land and liberty.

"Long live the general strike and the decisive struggle for national power."

Pitched Battle With Tartars.

Tiflis, Aug. 8.—Tartars fought a pitched battle with Russian troops Monday night. The combat lasted until Tuesday afternoon. Tartars were 2,000 strong, and occupied favorable positions.

Russians Shell Bandits.

Harbin, Manchuria, Aug. 8.—A band of Chinese bandits, engaged in pillaging along the Sungari River, was shelled by a Russian gunboat Monday. A large number of the bandits were killed.

REV. F. C. PIPER INJURED.

Canadian Badly Hurt in Long Island Railway Collision.

New York, Aug. 8.—The Patchogue Express of the Long Island Railroad, leaving Long Island City yesterday afternoon at 1.54 o'clock, ran into a freight train standing on the main track at Bay Shore shortly after 3 o'clock. Both engines were wrecked and seven passengers were hurt. Most of those injured were in the parlor car of the express train, which was next to the engine. Rev. F. C. Piper of Niagara Falls, Ont., suffered concussion of the brain and was removed later to Bellport.

Two Brakemen Are Dead.

St. Thomas, Aug. 8.—A Michigan Central brakeman, Fred J. Hand, 27 years of age, of this city, was so seriously injured yesterday morning at Waterford that he died a few hours after being found. He was found crushed beneath the cars. The unfortunate young man leaves a widow and one child in this city. His mother and brother are on a visit in England.

Peter F. Crowley, formerly of the Township of Dunwich, and lately a brakeman in Bay City, had both legs cut off Monday while alighting from his train, and died in a few hours. The body was brought to his home in Dunwich yesterday for burial.

Killed Brother by Kick.

Montreal, Aug. 8.—The three sons of farmer Custeau were working in the hay field a week ago last Saturday. The second eldest, whose name is Eddie Custeau, was engaged in fixing the pole with which the hay is held down on the cart. It slipped and struck the elder one on the head. He got into a passion and kicked his brother in the abdomen. The lad immediately complained of being sick and returned to the house. The boy lingered on in intense agony until last Saturday, when he passed away.

Kenneth Campbell's Death.

Toronto, Aug. 8.—The coroner's inquest into the death of Kenneth Campbell, the locomotive fireman, who was killed in the collision of Grand Trunk express train No. 49 at Missisco on July 28, was opened last night by Coroner J. W. McConnell at Nurse's Hotel. Eight witnesses were examined, details of the yard work at Missisco were into, and adjournment made until Friday night, when the nine remaining witnesses will be examined.

Disclosures Hyla Australia.

Ottawa, Aug. 8.—Canadian Agent Ross reports from Melbourne that the Chicago packing house disclosures caused an increase in the demand for Australian canned meats. These are prepared under state inspection.

The rabbits, which have been regarded as a pest, are being turned to a profit. Mr. Larke reports that in the first six months of this year 5,000,000 frozen rabbits have been exported.

Freight Tie-Up.

New Haven, Conn., Aug. 8.—Alleging that several of their number have been discharged without just cause by the New York, New Haven and Hartford Railroad, about 300 switchmen in the freight yards here, and in Cedar Hill, went out on strike yesterday, and, as a consequence, there is more or less of a tie-up in the freight business of the

Awful Scenes At The Wreck Of The "Sirio"

Frantic Men Felled Women and Took Life Belts From Them.

STARTLING CAUSE OF WRECK

Italian Steamer Engaged in the Illegal Work of Clandestinely Shipping Emigrants Along the Spanish Coast—Eight Monks Among the Drowned —"Everyone For Himself"— Captain First in the Lifeboat.

Madrid, Aug. 8.—According to the statements of some of the survivors of the wrecked Italian steamer, Sirio, the captain of the vessel came from his cabin immediately following the first shock, hesitated whether to go to the bow or stern, or mount the bridge, and then turned and jumped into a lifeboat, crying "Everyone for himself!"

Thereupon began a terrible struggle among the passengers for possession of the boats and lifebelts. The crew, with knives between their teeth, and officers, with revolvers in their hands, saved themselves.

Engaged in Illegal Work.

The Espana Nueva yesterday morning publishes a despatch from Barcelona containing a startling statement to account for the wreck of the Sirio. In this communication it is asserted that the Italian steamer was engaged in the clandestine disembarkation of Spanish emigrants along the coast, and that large sums of money were paid for this work. This is said to explain why the vessel followed a course never taken by ships of equal draught.

Took Life-Belts From Women.

Cartagena, Aug. 8.—One of the survivors of the wrecked steamer Sirio, who is said to be a godson of Queen Maugherita of Italy, says, "An enormous crowd of women rushed forward and struggled fiercely and desperately to obtain possession of life-belts. Frantic men approached and felled the women with repeated and violent blows. They then seized the life-belts, leaving the women senseless on deck, where they were drowned. On the other hand, one man refused to be saved until all the women had been rescued. His refusal cost him his life, for he went down with the ship. The horrible confusion and the fierce fighting of those few moments almost beggar description.

Wild Shrieks of Despair.

The passengers dashed hither and thither, uttering wild shrieks of despair and even destroying the life-belts in their mads and hopeless frenzy. The only boat launched from the Sirio had scarcely touched the water before it was overcrowded and swamped. It was later found on shore, bottom up."

Survivors assert that passing vessels paid no attention to the Sirio's signals of distress. Several vessels, they declare, even put on full steam and rapidly drew away. No fewer than eight monks were among the drowned.

The baby which was discovered alive floating by itself has found new parents by adoption.

THE LABOR PARTY WHIP.

British Labor Leader to Establish Harmony With Canadian Brethren.

London, Aug. 8.—(C. A. P.)—Commencing a tour of the Colonies, J. R. MacDonald, whip of the Labor party, leaves for Canada to-day. The object of his trip is to establish harmony and co-operation between the Labor party here and in the Colonies.

In Canada he will confer with trade unionists of Quebec, Montreal, Ottawa, Toronto, Winnipeg and Vancouver, and he hopes to discuss matters with Sir Wilfrid Laurier and other public men, to whom he has letters of introduction. He will likely deliver a few addresses. He leaves Vancouver Sept. 14 for Australia and New Zealand.

Japs Raise the Siltzas.

Tokio, Aug. 8.—It is reported from Sasebo that, after repeated failures, the battleship Mikasa, which sank last September after an explosion had occurred on board, was successfully floated yesterday. The Mikasa was the flagship of Admiral Togo at the battle of the Sea of Japan. She sank after an explosion at Sasebo, Sept. 11 last.

More Rifle Ranges.

Ottawa, Aug. 8.—The militia authorities are increasing the rifle range facilities of Canada this year by building new ranges at Sydney and at New Westminster. Sites for ranges have been secured at Hamilton and Charlottetown. It has been about decided to establish ranges at Aultsville and Wingville, N.S.

An Enormous Thieft Reported; Thief Caught

Pittsburg Man Arrested In Toronto For Embezzlement.

$125,000 THE SUM STOLEN

C. B. Wray Charged With Years of Systematic Stealing From Union Trust Co., of Pittsburg — Miss Loughrey, the Woman In the Case Also Arrested—Will Go Back Home to Trial and Disgrace.

Toronto, Aug. 8.—Clinton B. Wray, charged with embezzling $125,000 from the Union Trust Co. of Pittsburg was arrested at the general postoffice yesterday by two Perkins detectives. He had 65 cents on him when examined at No. 1 station, and admitted that his peculations were exactly the above sum. Nothing was left of the money but a few pawn tickets. The man he had gambled away in stocks and horse-racing. He will be taken to Pittsburg to-day or to-morrow.

Await Official Papers.

The local police are waiting on the official papers. For six years he was confidential bookkeeper, when he was raised to the managership. John F. Hixon shoceeded him as cashier. Together they embezzled large sums. Last April things were not going right and Wray was discharged. In the meantime startling discoveries showed the books to be about $200,000 to the bad. Hixon was arrested and told the whole story. He and Wray had manipulated the funds of the company for some time, and when he left he showed Hixon how to play the game, and Hixon gave him a rake-off.

Chasing Their Man.

Since that time, Edgar R. Ray, chief of the Perkins' Detective Agency and Assistant M. C. Dooley have been chasing their man up and down the country.

The prisoner, a dapper little man, was arrested by Sergt. Geddes. He came here last week with a woman named Grace Loughrey and registered at the Tremont House as Mr. and Mrs. Wright. They went to live on Victoria street, where she was found by Detective Tying. She had $72, which she said was given her by Wray. Since he left the Union Trust Co. they had been living together as man and wife. Wray will go back voluntarily, back to home, to disgrace, and punishment.

Heading For Canada.

Chicago, Aug. 8.—It is thought that Cashier Henry W. Mering of the defunct Milwaukee avenue State Bank is heading for Canada.

To Face Murder Charge.

Toronto, Aug. 8.—Mrs. Carey, the woman charged with having murdered her infant at Port Credit in May last, concealing the remains in a woodpile, will have to answer to the charge of murder. The investigation into the matter, conducted at Port Credit yesterday afternoon resulted in the accused woman being committed for trial at the Brampton Assizes, which open Dec. 14. In all, there were about a dozen witnesses examined.

MAY BE A LYNCHING.

Kincardine Citizens Scour Woods For Trio Who Assault Girl.

Kincardine, Aug. 8.—County Constable Hodgins of this town is at present in pursuit of Neil McLeod, Murdick McLeod and Samuel Thompson through the rough country of the Bruce peninsula, with a warrant for their arrest on the charge of criminal assault on Elizabeth Bradley, the 15-year-old daughter of Joseph Bradley, a deaf-and-dumb farmer, of Kincardine Township.

The alleged criminals are thoroughly acquainted with the country and no doubt will lead the constables a lively chase.

These three men are said to have been connected with some very shady happenings previous to this, and do not bear any too good a character.

The girl is one of the most popular and well-thought-of maidens in the township, and comes of a highly respected family. Public excitement runs high on the matter, and a reception that might be the forerunner of either trial, or the rope, if it is said, awaits the scoundrels should they be captured.

The young woman is seriously ill as a result of the attack.

N LYNCHER ARRESTED.

Governor Sends Troops to Prevent Possible Assault.

Raleigh, N. C., Aug. 8.—Yesterday afternoon Gov. Glenn received a telegram from Judge R. F. Lyon, of Salisbury,

Important to Builders and Contractors

The Peterborough Sandstone Brick Company, Limited, is prepared to deliver BRICK on short notice at any place in the City of Peterborough or at any of the stations on the lines of Grand Trunk and Canadian Pacific Railways. Prices and other information on application.

sparing after one person had been identified as a member of the mob that lynched the alleged murderers of the Lyseby family Monday night, and that he had been placed in jail; that evidence was in hand against others, and that the investigation is being pushed as rapidly and thoroughly as possible. The Governor received this message from Sheriff Julian of Roman County:

"Send one hundred armed men here at once to assist me in maintaining order."

The Governor wired the militia companies at Charlotte and Statesville to proceed at once to Salisbury by special train and guard the jail to prevent the liberation of any alleged lynchers arrested.

Judge Sedgwick Buried.

Halifax, N. S., Aug. 8.—The funeral of the late Mr. Justice Sedgwick took place yesterday afternoon from the residence of his brother-in-law, J. J. Stewart, and was one of the largest seen here for some time. The judges of the Supreme Court of Nova Scotia and members of the Nova Scotia Barristers' Society walked in a body. Sir Henri Elzear Taschereau, who arrived from Ottawa Monday night, also walked in the procession.

Bad News From Cobalt.

Toronto, Aug. 8.—Word has been received by the Department of Crown Lands that a serious fire has broken out in the Gillies timber limit. A telegram from Fire-ranger J. P. McDougall states that the blaze is partially under control.

Baron Komura in Montreal.

Montreal, Aug. 8.—Baron Komura, Japanese ambassador to the Court of James, reached here yesterday and is the guest of Sir William Van Horne. The party will leave this afternoon for Quebec and will sail on Thursday on the Empress of Ireland.

Behind Closed Doors.

London, Aug. 8.—The striking street car employes held a meeting here last night behind closed doors with the mayor and aldermen. All interested parties refused to give out any information whatever.

Unanimous For Arbitration.

Rio de Janeiro, Aug. 8.—The International American conference, at its session yesterday, unanimously adopted the arbitration treaties.

PETERBOROUGH WEDNESDAY AUGUST 8 1906

Grand Lodge Of Ontario

---OPENED THIS MORNING ITS---

52nd Annual Meeting

Addresses of Welcome Were Given by His Worship Mayor Best and Colonel Miller, D.D.G.M.

Reports From Grand Officers Were Received At This Morning's Busy Session Of The Lodge.

THE 52nd annual meeting of the Grand Lodge of Oddfellows opened in the Opera House shortly after nine o'clock this morning, with five hundred delegates present, representing Lodges in all parts of the Province. A more representative body of Ontario citizens could not be found than the triple-linked brethren who crowded the ground floor of the Opera House to-day and Peterborough should be proud to welcome the Oddfellows to the city.

The opening of the session was marked by addresses of welcome from His Worship Mayor Best on behalf of the city, and Col. J. W. Miller, D. D.G.M., on behalf of the local brethren.

Address of Welcome.

When the lodge came to order His Worship the Mayor, accompanied by Ald. E. F. Mason and R. Hicks, were introduced by Col. J. W. Miller and was warmly received. His Worship then read the following address of welcome:—

Grand Master, Officers and Members of the Grand Lodge of Ontario of the Independent Order of Oddfellows:

I desire to delay your proceedings for a few minutes to give you, on behalf of the Municipal Council and citizens, a hearty welcome to Peterborough. You cannot fail, I feel sure, to feel at home here, for there are about five hundred resident Oddfellows in Peterborough, and all who are not members of your Order unite with them in welcoming you to our city to hold the fifty-second session of your Grand Lodge.

It is nineteen years since we had the pleasure of greeting this Grand Lodge. During that time, as you will have seen, Peterborough has not stood still, and while Canada generally has progressed we believe that if we have not led the procession, we have been well up in the van. Ours is not by any means the smallest, for of the fourteen cities in the province, in point of population it stands seventh in the list. A good surrounding farming district and large and prosperous manufacturing industries have been the cause of the growth of the city, in which perhaps the Council has been able to aid a little. We hope you will find time to see some of our industries. In number and importance we believe they are very creditable to the city and their prosperity is shown by the fact that every one of them, even the latest established, has been compelled to enlarge, some of them time and again, in order to meet the increasing demands upon them by the expansion of their trade. We hope, also, that you will be able to see our parks and public buildings, and we are pleased to know that arrangements have been made for you to view the lift lock on the Trent Waterway—the only work of the kind in America and the highest in the world.

Permit me again to bid you welcome. The Order which you represent is held in the highest esteem. An organization which has expended over $60,000,000 in assisting the sick and distressed, and nearly $2,000,000 in this way in Ontario alone, is one which deserves to be esteemed by all who regard benevolence and brotherly love as virtues to be practiced and cultivated. We have learned of the progress of your Order with pleasure, and we hope that your deliberations and every step taken at this session will tend to further advance the work in which you are engaged.

We hope that this meeting will not only be one of the most successful, but also one of the most pleasant that you have ever held.

Grand Master's Reply.

Mr. F. R. Blewett of Listowel, Grand Master of the Grand Lodge, in reply heartily thanked the Mayor and Aldermen for their address. The members of Grand Lodge, he stated, had all heard many good things of the city which they were now seeing for themselves. The members were enjoying the city, especially the beautiful parks which were a credit to Peterborough or any other city. The speaker also referred to the lift lock, known as the largest in the world and the only one in this country. He rejoiced in the growth which had taken place in the city since Grand Lodge met here nineteen years ago. The new-comers would enjoy the beautiful city with its fine main street, and splendid stores. They were all well pleased with the hospitality of the citizens. Peterborough, he said, had the distinction of furnishing a fine Grand Master in Dr. R. W. Bell, who held that office in 1880.

The Grand Master referred to the manufactures of Peterborough, which were also well known throughout Canada. He had found the people of the city always ready to sound its praises, and they had a city of which they had a right to be proud.

Speaking of Oddfellowship, the speaker said that the Order was one of the greatest fraternal and benevolent associations in the world to-day. The growth had been almost phenomenal. In the 82 years of its existence $105,000,000 had been sent out for the care of the sick and the relief of the widows and orphans. The Order had a great effect for good and was on the increase and rapidly going ahead.

Welcome of Local Brethren.

Col. J. W. Miller, D.D.G.M., on behalf of the local brethren, gave the Grand Lodge a hearty welcome to the city. They were proud to welcome such a body not only of representative Oddfellows but of representative citizens of Ontario. The speaker referred to the discovery of Peterborough about 1822, when the first settlers travelling up the Otonabee, saw the goodly land and turned aside. Immigrants from Scotland, England and Ireland had come and with their spirit of progress and aggression, had opened up the country and disclosed to the commercial world a wealth of waving pines and lakes of pure water connected like a silver chain. Peterborough was situated, he said, near the Kawartha Lakes in the centre of a lovely country. Speaking of the city's manufacturers, Col. Miller said that Peterborough could clothe every man in Ontario with the Auburn Woollen Company's products, and could give each one good breakfast of Quaker Oats. The Canadian General Electric Company could supply enough machinery, the Shovel Factory could furnish enough shovels to dig every man's grave and the Cordage Works could provide sufficient rope to hang them all, if that were necessary. Col. Miller wanted to assure the Grand Lodge that the freedom of the city was theirs, everything in the place was theirs, but he asked them not to carry it away when they were going.

Growth of Oddfellowship.

Grand Master Blewett in his reply after thanking the local brethren for their most hearty welcome, promised to leave the city in as good condition as they found it. Speaking of the progress made in Oddfellowship, he said that during the past year there had been a net increase in membership of 1,630 with 10 lodges to hear from, and the total would be over 2,000. They had reason to be proud of this state of affairs as the institution never held a higher position. Men of every trade and calling were found in the Order, they were workers not only in the lodge

(Continued on 12th page.)

LOCAL WORKERS.

MR. WM. HILL,
The Newly Elected D.D.G.M. for Peterborough District, Who Has Been an Active Worker on the Local Committe.

Circus Unloads At King St. Crossing

And Will Go to Grounds by King and George Streets.

The Barnum and Bailey Shows will arrive in the city from Belleville early to-morrow a.m. six trains. They will unload at the corner of Bethune and King streets, and will go to the Exhibition Grounds by way of King and George streets. It will be a big time for the small boy who, on one day of the year, gets up before the sun.

Mrs. Bowman Gets The C.P.R. Hotel

Transfer of License Was Granted Last Night.

The Board of License Commissioners for West Peterborough met last night to consider the application of Mrs. Bowman, for a transfer of license for the C.P.R. Hotel. The Commissioners decided to grant the transfer providing the disagreement between the present license holder Waters, and Mr. Jas. Allen, is arranged. It is understood that Mr. Waters refused to relinquish his claim upon the license unless he is remunerated, and if this matter is satisfactorily arranged Mrs. Bowman will be given the legal authority to take over the management of the house.

It is expected that this matter will be arranged in the course of a short time. It would be well for the Commissioners to see that all these transfers are genuine and not done with a view to covering up.

Only Original Member Of Old Otonabee Lodge

Mr. James Stevenson of This City Holds That Unique Distinction.

The one man in Peterborough this meeting of the Grand Lodge of Ontario Oddfellows has a significance which makes it a special occasion, for he occupies a position which is unique. That gentleman is Mr. Jas. Stevenson, and the reason that he is taking an especial interest in this session of the Grand Lodge is the fact that he is the only one of the members of the original Otonabee Lodge, No. 13 still living. To those familiar with the history of Oddfellowship, in Peterborough it is unnecessary to state that Otonabee Lodge was instituted in the early days of the Order in the province, and for a number of years it flourished. Later, however, it became dormant and after a lapse of years was resuitated, and has flourished ever since.

To-day, however, of all those who

MR. JAS. STEVENSON,
Only Original Member of Old Otonabee Lodge.

became members of the Order in Peterborough upon the institution of the Otonabee Lodge there remains only one man, and that man is Mr. James Stevenson, who portrait is published herewith.

Quaker Excursion To Gore's Landing

Will be Held on September 3rd, Labour Day.

The Peterborough Quaker football team have made arrangements to run an excursion to Gore's Landing on Labour Day, September 3. The steamer Water Lily and barge have been chartered for the day, and a good time is in store for those who attend. A football game between the locals and an all-star team from the shores of Rice Lake will be played on the Gore's Landing athletic grounds.

The Normal School Site

---SO SAYS DEPUTY EDUCATION MINISTER---

Must Be In City's Centre

LOCAL WORKERS.

MR. M. W. MATCHETT,
The Secretary of the Local Committee of Arrangements, Upon Whom Has Devolved Considerable of the Preliminary Work.

Officials of Department of Education Visit City to Look Over Sites For The New Institution.

Dr. Seath and A. H. U. Colquhoun Will Report Officially to City Council In a Few Days.

Amid the activity occasioned by the convention of the Oddfellows yesterday was an inspecting party looking over sites for a building, the erection of which will mean more to Peterborough than the visit of the hundreds of the fraternalists.

The party consisted of Dr. John Seath, Superintendent of Education, Dr. A. H. U. Colquhoun, Deputy Minister of Education, Mayor Best, T. E. Bradburn, M.P.P., Ald Adams, McWilliams, Elliott and Mason, and the following members of the Board of Education:—W. G. Ferguson, chairman; W. H. Hill, R. Fair, Wm. Pringle, D. W. Dumble and Dr. Burnham. Their object was to inspect the sites for the new Normal School in Peterborough upon which options had been obtained and which are available for the location of the building.

After their return from the tour the official gentlemen were interviewed by an Examiner representative, but were non-committal on the matter and declined to make a statement regarding any of the sites until it twas made officially. Mr. Colquhoun said that this statement would be in the hands of the Mayor within a few days and it could then be made public. It is understood, however, that a centrally located site irrespective of appearance will be chosen as the new school must be near a public school.

There is no doubt that the official gentlemen have a location fixed in their minds which will be presented to the Mayor shortly. A special meeting of the Council will be immediately called to consider the report and the Deputy Minister will then be informed of the Council's answer.

Sites Visited.

Shortly after two o'clock the party left the National Hotel in cabs and drove directly to the Hilliard property. The Dumble property on Aylmer street, was next visited and then in succession the Dumble-Bradburn lots, Laplante & Crough property, Menzies property, the new South Ward school grounds, the piling grounds of the Dickson Company's property, and the Nicholls Homestead property on Reid street.

Whatever may be the decision of the educational officials, it is to be assumed that the site will be the most advantageous to the interests of the Normal School as they understand the requirements which are necessary.

Lock Doors To-day And To-morrow

Chief of Police Issues a Warning To Citizens.

The Chief of Police to-day issued a warning to all householders to keep their premises locked up securely during the next day or two. The Chief is not afraid that the Oddfellows' presence in the city will be responsible for anything that may be missed, but there are always characters following the circus who have none to particular a regard for the proprietary rights of others, and if houses are left unlocked there may be something missing.

Necessity For Prompt Action

If Peterborough is to Get Steel Rolling Mills Company.

The visit of Mr. Fred Mauss, manager of the Steel Rolling Mills Co., to Peterborough, emphasizes the necessity of prompt and liberal action on the part of the city authorities if this important industry is to be secured for Peterborough. Yesterday, Mr. Mauss visited Toronto in the interests of the location of the industry, and to-day he is in Campbellford on a similar mission. It is probable that the new industry will select the place for location which, other things being equal, offers the most advantageous terms. It seems to be important that Peterborough should make an earnest effort to secure this industry for the city, and be prepared to submit the best terms it is wise to give in the interests of the city.

Fair Directors Select Dates, Sept. 25th and 26th

On These Days Peterborough Industrial Fair Will be Held This Year—Prize Lists are Revised and will be Placed in Printers' Hands at Once.

The dates for the Peterborough Industrial Fair have been selected. They are September 25th and 26th. This was decided at the meeting of the directors held last night, when the revision of the prize list was completed. Some few changes are made in the list but it is understood that there will be very few reductions in the amounts to be paid in prizes this year.

A committee was appointed to confer with the president, Mr. D. Hughes Charles, and this committee will have power to act on all the matters referred to them to deal with.

The prize lists will be printed at once, and will be placed in circulation as soon as possible.

Nothing in reference to the management of the Fair was decided last night, this matter being one of those referred to the committee to deal with.

It is possible that there may be some little friction with the Lakefield Fair directors, since they have already selected the same dates for their Fair, but it is hoped that they will change their dates and that the friction will be avoided.

Another Daring Burglary Commited In The City

Mr. J. McIntyre Relieved of $24 From Pocket of His Trousers—Were Lying at His Bedside—Chamber Door Was Opened—Empty Purse Left Lying in the Hall—No Clue to the Perpetrators.

Oblivious to the happenings around him, Mr. J. McIntyre, an employee at Richard Hall & Sons' store, was robbed last night of $24, which was taken from his trousers pockets at his bedside. As an example of nerve the perpetrator of the burglary has most of the past city robberies of this year badly beaten.

Mr. McIntyre at present is rooming at Mr. J. B. Doupe's residence, 332 Rubidge street, with a couple of other gentlemen, the others being at Stony Lake. Last night he retired about midnight, after having a conversation with Mr. Lillie, the gentleman who rooms next to him. He closed his room door, but left a light burning in the hallway as is usually done. His trousers were lying on a chair not two feet from him, and a pocketbook with the $ in one of the pockets.

The light-footed arrival in the stillness of the night must have been an expert at the trade, for neither Mr. McIntyre nor Mr. Lillie heard a suspicious sound. The stairs were carpeted, so that it would be no trouble for a person to walk up them noiselessly, but how the daring thief could have opened the door and rifled Mr. McIntyre's pocket at his bedside without him discovering his unwelcome midnight visitor is beyond the comprehension.

This morning the pocketbook was found on the floor under the electric light in the hall, emptied of its contents, which were one $10 bill, two fives and four ones. Nothing else was tampered with or stolen which might in any way lead to the capture of the savvy robber. Even had the pocketbook been taken a clue would have been had to work upon—but the light-footed visitor evidently was no stranger to his business.

It is supposed that he made his entry into the house by a cellar window which had been opened recently to throw in some coal. The front door was locked, and unless the combination was understood, an entrance could not be effected there.

The police were notified this morning of the affair, but having no clue, it is a difficult matter to investigate.

Tornado Wipes Out Whole Town Of Canyon City

Damage Will Reach to Hundreds of Thousands.

Examiner Special.

Amarillo, Aug. 8.—(In the Panhandle,) reports a severe electrical storm and has news that Canyon City, a small town was wiped out by a tornado that killed several persons. At Amarillo three [illegible] of the family of a farmer named Hogan, were killed by lightning. The crop damage, it is believed, will reach hundreds of thousands of dollars.

Lift Lock Excursions Were Much Enjoyed

Trips on "Water Lily" To-day Were Participated in by Many Visitors—Popular Feature of the Entertainment.

The Lift Lock employees spent a very busy forenoon to-day, and this afternoon was practically a repetition. The steamer Water Lily had been engaged by the local Oddfellows Lodges for the purpose of giving [illegible] the lock, which to the great majority of them, was a great treat, as few, if any, of them had ever been over the lock before.

Three trips were made this morning and the same number this afternoon, and on each trip the steamer carried a good crowd. The visitors expressed themselves as greatly delighted with the trip, the smooth, perfect-working of the lock, being viewed with wonder by those who were privileged with a trip over it.

[illegible] entertainment proved the most thoroughly enjoyed of all those provided, and the visitors were loud in their praises of the thoughtfulness of the local Oddfellows who planned this series of trips.

OFFICERS OF THE GRAND ENCAMPMENT OF ONTARIO

MUST SOME OF THE CITY TEACHERS GO?

A special meeting of the Board of Education will be held on Friday night to consider the agreement between the Government and Board of Education with regard to public schools in a city where normal schools are situated. This agreement was handed to the chairman of the Board yesterday by Mr. Colquhoun, Deputy Minister of Education, who said it might be published. Mr. Ferguson, however, was of a different opinion, and thought that it would be better to have the Board consider it before allowing it to become public property.

The drift of the agreement is along the line of efficiency in the public school teaching staff and is it quite probable some changes will have to be made, as Mr. Ferguson says the Board intends to live up to the regulations.

There is nothing whatever in the agreement regarding the Normal School site, as this is a matter wholely dealt with by the Council.

Bowel Troubles of Childhood

It is impossible to exaggerate the value of FRUIT-A-TIVES as a medicine for children. They contain no alcohol — no morphine or cocaine—no dangerous drugs of any kind.

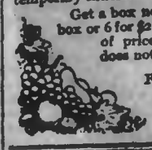
Fruit-a-tives are fruit juices—concentrated and combined with the most valuable tonics and internal antiseptics known to medicine.

Fruit-a-tives are free of calomel, cascara, senna and the host of violent purgatives that simply act by irritating the bowels. Fruit-a-tives are made from fruit and tonics and are pleasant to take, and so mild in their action that they never gripe or pain.

During the summer, when children are so apt to eat improperly, mothers should have a box of Fruit-a-tives always handy.

At the first sign of Diarrhoea, Indigestion, Headaches, Biliousness, Peevishness, Vomiting—give Fruit-a-tives according to directions. These splendid fruit liver tablets will instantly correct faulty digestion—clean and sweeten the stomach—regulate the bowels, kidneys and skin — and so invigorate and strengthen the whole system, that the little ones can quickly throw off the temporary illness.

Get a box now—to-day. 50c. a box or 6 for $2.50 Sent on receipt of price, if your druggist does not handle them.



FRUIT-A-TIVES LIMITED, OTTAWA.
